AID ETHIOPIA! HELP DEFEAT ITALIAN FASCISM! SUPPORT THE NOVEMBER 3 MOBILIZATION! STRIKE A BLOW FOR PEACE!

To the Students and Teachers of CCNY:

The Student Council appeals to enemies of Fascism and lovers of peace to give financial and medical aid to Ethiopia through the Defense Booth set up by the Student Council in the Main Building alcoves.

In line with the best traditions of the City College students, the Mobilization for Peace conference representing twenty seven organizations, went on record unanimously for the Independence of Ethiopia. It recognized the Ethiopian struggle for Independence as progressive as was the American people's War of Revolution against England in 1776.

Help for Ethiopia means the weakening of Italian Fascism the prime menace to world peace today. Further, if Mussolini's war is checked, it will force a halt to the war plans of German Fascism in Austria and the Japanese aggression in North China and Eastern Siberia.

Resolutions are not enough. War is already a concrete reality. If we desire peace we must actively work for the defeat of Italian Fascism. The November 3 Mobilization for Peace must be concretized through actual financial and medical aid to the Ethiopian people. Not only can we raise a considerable sum, but our action will spur on other colleges throughout the country, thereby increasing the effectiveness of the general Mobilization for Peace.

CONTRIBUTE AID NOW. ALL CLUBS SHOULD VOTE DONATIONS. A STUDENT WILL MAN THE BOOTH EVERY HOUR THIS WEEK.
