VINDICATED

The president of the Board of Higher Education has seen fit to reinstate 13 of the ousted anti-fascists. These students demonstrated in the great hall last year against an official welcome to 16 emmissaries of Mussolini.

No one can doubt that this significant victory is a result of concentrated student action. Rallies and protests, student petitions election of a council pledged to work for reinstatement—all these could not help but be effective.

Our vindication rests with the student body.

The entire movement culminated in the magnificent meeting of Nov. 8 which symbolized the growing unity and anti-war sentiment of the student body.

A year ago the President saw fit to oust summarily students who were determined to oppose war and reaction. Today he cannot oppose the united will of the students, as expressed in the Great Hall.

It is no secret that the National Student League has been one of the most active and persistent forces in bringing about these two victories of united student action.

There is no better guarantee of a strong effective student movement in the near future than a large National Student League.

Christmas week the final merger of the National Student League and the Student League for Industrial Democracy and the formation of the American Student Union, will be decided upon. All our efforts must be pointed in the direction of a huge successful Student Union, which will embrace more than the combined membership of both organizations.

Join the NATIONAL STUDENT LEAGUE now, and insure the overwhelming success of the AMERICAN STUDENT UNION.

National Student League.

SERIAL GERBER WILL ADDRESS THE NATIONAL STUDENT LEAGUE ON THE FUTURE OF THE N.S.L. AT ST. JAMES CHURCH 141st St. & St. Nicholas Avenue 3:00 p.m.
