DEMONSTRATE
against NYA cuts
for American Youth Act

NATIONAL YOUTH ADMINISTRATION FUNDS HAVE BEEN CUT FORTY PERCENT.

Instead of the 75 million dollars appropriated by Congress, the administration saw fit to allot only 40 million dollars to the youth of the country, in line with the President's "understanding of the needs of youth."

It means that hundreds of students, deprived of Federal aid will be forced to leave school.

The NYA at best is inadequate to meet the needs of American Youth. Out of seven million young people who are in need of funds, only 523,000 are given aid. The allotments given to each individual student are hardly more than pin money.

Meanwhile Roosevelt goes ahead with his billion dollar war budget— at a time when the youth of this country are in dire need.

AMERICAN YOUTH ACT

The YOUNG PEOPLE'S SOCIALIST LEAGUE heartily supports the American Youth Act, a bill written by the young people of the country themselves, and introduced into Congress by Representative Amlie and Senator Benson.

It would provide a minimum of 15 dollars a month for high school students and 25 dollars a month for college students and would be administered by youth organizations and trade unions.

Only if the youth of America are roused to action by picket lines, mass demonstrations, and protest meetings, will the NYA cuts be recinded, and mass support gained for the American Youth Act.

DEMONSTRATE TODAY AT 4:30

At NYA Offices 80 Eighth Ave. (Cor. 12 Street)
