Budget Grant | To Drop Army Hall Rentals

By Milton E. Gilber-

Completing almost one year of effort on the part of the Veterans! Association, the City College AVC and the Columbia AVC, an annual appropriation by the Board of Estimate of \$50,500 for the Army Hall educational facilities was made on Thursday March 13.

The Board voted to incorporate. the appropriation and the administration of the Army Hall educational facilities into the operational budget of the Board of Higher Education. The appropriation is earmarked by the Board of Higher Education for City College. This move is destined to result in a lowering of present rentals at Army Hall, den of supporting the classroom facilities.

Cash Appropriation

Because the current fiscal year ends on June 30, 1947, the actual cash appropriated for the remainder of the year was only 5/12 of the \$56,000 or \$23,600. This appropriation is retroactive to cover the semester beginning this past

Several months previous to this move. Mr. Davis, director of Army Hall, had assured representatives of the Veterans Association Housing Committee that if and when (Continued on Page 3)

By DON COHEN

The Centennial Beavers hit their second bump on the tournament trail when a steady Texas quintet hung on to game-opening lead to tag the Hol-men with a 54-50 defeat in the consolation round of the NCAA finals last evening before a full-house Garden crowd.

Holy Cross romped to its 23rd consecutive victory and

TOURNEY STANDOUT

One of the brightest stars on the Beaver horizon, Freshman Irwin Dambrot, sparkplugged the Hol-men tourney entry.

MISC Group Joins Investigation List

The Metropolitan Inter-collegiaate Student Council, at its meeting last Wednesday night, joined the growing list of organizations demanding a re-investigation of the anti-semit: ccharges made against Professor William E. Knickerbocker. In a letter sent to the New York City Council, the M.I.S.C. urged that body "to carry on an impartial, official and thorough investigation" and that it be followed up by appropriate action, if wa"ranted.

Other Groups Protest

Other groups who have recently demanded similar action include the CCNY Scudent Council, the Church League for Industrial Democracy, Friends of Democracy Inc. and Teachers Union (CIO).

This is the latest development in the three year old case of the charges of anti-Semitism in the Romance Language Department. On March 13. the Hillel Community Actions Committee released a rethe retirement of Professor Knick-Maxime L. Bergeron.

Othird straight tourney success with a 58-47 win over Oklahoma to capture the NCAA championship in the featured game of the twin-bill. George Kaftan, the Crusaders' center received the most valuable player award.

Hargis, Top Scorer

John Hargis, 6-4 Longhorn left forward, proved to be the chief varmint by registering 17 points and policing the backboards beautifully for the second place Western Regionalists. Floating free under his own basket, Hargis hit for six easy nangars, which deflated the spasmodic Lavender scoring thrusts.

Beaver All-American to be, Irwin Dambrot, contin**ued his st**ellar tourney play with 13 points, for his third straight post-season double-figured game. Ex-Army medic, Evvie Finestone netted 14 markers for the St. Nick's top

Early Texas Lead

Following Dambrot's successful push-shot after the tap-off, the Westerners cashed in on four fastbreaking layups featuring Slater Martin, Al Madsen, and Hargis for an 8-3 advantage. Finestone's foul throw accounted for the Iloimen's third point.

The Texan's scoring drive gained momentum when a successful series of drive-in shots and one-handers boosted the margir. to a 25-11 count.

At the halfway mark.

It's Your Fault

It's your own fault! You who complain bitterly of injustices and wrongs in the system should know that the colege today is in reality American society in minature. It reflects all the superb features and regrettable characteristics: of the nation. Why the destructive cynicism and the sarcastic then watching the VA Bulletin -miles whenever the word democracy is used? Hecause the Board opposite the Lounge have Lecome the "Waiting Wall of C.C.N.Y., Room 20B, where the Lost and people of the nation, as well as the student body of the college been enjoying inexpensive Friday have, with few exceptions, made a mockery of the word by failing to use the rights they have to make it work. Not using a right is the surest way to lose it.

Everyone here is quick to point out the cases where the tickets disappear rapidly. This congress hands down a law in the name of the people that does not represent the will of the people. But do YOU know what is issued from the college in your name? Do you know LEGE CO-EDS have invited Vetwhat your student government is doing? Aren't you even interested to see if their decisions as your representatives reflect your will? This is not a slur against Student Council. Much of its work is highly commendable. But the students are not taking any interest in it. If we can't make democracy work in school because of student inertia, apathy, and lethargy, how can we expect it to work outside where citizens said. are more occupied with economic burdens and supposedly less informed.

Do your share. .. We have made gains, but we can do so has been accomplishing a great much more with your support. Your activity will not only benefit you but the entire student body. Make the student organizations represent you. Make the college publications represent your opinion. We'll print your comments, but please don't send us Daily News type letters; be concise, straightforward, and above all, constructive.

OPINION Letter to the Readers

We feel this issue must be presented to the student budy. This is one point of view. If you disagree, write your view down, send it to liox 207, and we will print it.

1941.

Bonus Bill? Bogus

By JACK MONDERER

If someone offered you a \$250 gift, would you take it? Probably you would be a bit suspicious, and would look for the inevitable angle involved. Well, that's exactly the issue of the N .Y. State Bonus Bill. This bill is, in reality, an amendment to the State Constitution,

and as such, calls for a referendum vote in the coming elections. This

For Tech School

Dean Albert J. Newman, head of the School of Technology, stated in an interview, that the problem of excess enrollment in the Tech school may be solved by competitive examinations to be given at the close of the sophomore year.

When asked if any special consideration or preference would be given to veterans, the Dean said that, while that phase of the problem had not yet been discussed, they would probably not. However, consideration would be given to those vets who would suffer hardships under the plan.

Plans For '48

Plans for the completitive examinations, which include comprehensive and achievement tests, are still in the evolutionary stage. In selecting students, weight would be given to relative standings on the tests and the student's previous scholastic record. If approved by the Board of Higher Education. the program will probably go into effet for the Spring term of 1948.

Jack Chonoles, AVC head, and Paul Brown, VA head, stated that: "the Veterans Association and the AVC will investigate the situation and endeavour to protect the rights of veterans who have been away."

In the Logislative Session just concluded, a bill was passed imposing a tax on cigarettes and a straight 10% income tax increase to provide the revenue for the payment of the bonus debt, if the bonus bill is

The Legislative Committee of the Vets Assn. has gone on record # : approving of the bonus - as a bonus. It does not approve, however, of the methods decided upon to raise the money. It seemed to the Committee that due to the unfair taxation measures, the veterur. te a great extent, would be paying for his own bonus.

NEVERTHBLESS, realizing the controversial aspects of this bill. we decided to present an unbiased accounting of the pros and cons

Pro-(1) G.I. discharge allotment was insufficient for clothing and other readjustment expenses. (2) There now exists a higher cost of living. (3) Vets need money now to cover their expenses. (4) Bonus would not interfere with housing or increased subsistence programs.

('on-(1) Bonus doesn't solve the Vets' problems. (2) Ronus money could be utilized for more important projects (housing, hospitals, schools, increased subsistence). (3) Tax measures unfair-bonus paid for by vets. (4) Bonus might come in handier a few years from now. (5) Vets don't want handouts.

IF YOU HAVE any questions or comments on this or any other current legislation, join in at the Legislative Committee meetings held every Wednesday at 4 P.M. in Room 16A.
