OBSERVATION POST

summed by the CCNY Veterans' Association and the CCNY Chapter of American Veterans Committee

Vol. II No. 1-September 5, 1947

Schultz Amendment **Action This Month**

The controversial Schultz amendment proposed last May Henry B. Schultz, an official of Queens College, is up for masion and action by the Board of Higher Education that group meets on Septem-@

br 22. The proposal made after AYD as hanned from the Queens' Coligs is to amend the section of is Board's by-laws dealing with archertering and faculty supertim of extra-curricular activin a the campus.

1947

the section the amendment mail add the following words: ... no group with any program i mivert by force or fraud the Government or the Constitution of the State or of the United States. e is propagate government by editorship in any form, or dishaity to the Constitution of this ine or of the United States shall a permitted to organize."

Rection to this proposal has in videspread and vigorous. Apminimism has been expressed in any quarters that the amend-ant makes possible interpretains that might well lead to cortriment of civil liberties and acanic freedom.

At City College the Veterans ngation, in conjunction with MCA AVC and AYD stated that: This smendment will open the dow of our city colleges to hysterial witch hunts by groups disarming with the program or principles of any of the student or mintions on the campus."

Is an interview with a repremative of OP, Stanley M. Isaacs, City Councilman from Manhattan, meted: "My own feeling has always been that the proposed (Continued on Page 4)

Vets Can Cash

Terminal Bond

Larger Allowance **Delayed by House**

Where was subsistence when the lights went out on Capitol Hill and the Congressmen left for vacation? The Senate passed S. 1394, a bill to increase monthly allow ances for single veterans to \$75. for married veterans to \$105, and for married veterans with children to \$120.

In the House, Republican leadership issued a "no action" decision on the bill, preventing its passage this year. Responsibility for this decision and for future action on the bill lies with the Republican Steering Committee.

Surveys Show Hardships

Among the excellent surveys taken to clearly present the difficulties of the student-veteran is the one released by the Social Research Laboratory of the Sociology Department at the College which showed that "the average married veteran attending college is forced to spend \$181.92 monthly and the average single ex-GI, \$84.95, in order to live with a minimum of comfort." Copies were sent out by the Public Relations Bureau and were forwarded to key people in subsistence in Washington.

The work of convincing Congress that present allowances are insufficient has been going on for months. and the prevalent feeling is that the inrcease will go through next year.

OP Wants You!

Talent wanted! There are many positions to be filled on OP's News, Editorial, and Business staffs. If you are interested in Journalism; if you have a rose for news, a bont for writing, or a way with potential advertisers, OP would like to hear from you. Come down to Room 16A, Main Building, Thursday, 12 PM, September 25, for further information and a schedule of staff meetings. For quicker results, apply at the OP booth in the Great Hall now!

Reps of 1,000,000 At Student Confab; **City Group Active**

By Eugene G. Schwartz, NSA Delegate

MADISON. Wis.-With over a million students from 350 colleges represented at the Constitutional Convention of the National Students Association gathered on the University of Wisconsin campus, observers estimate that this assembly is the greatest student assembly ever convened in the United States.

The thirteen City College delegates to the convention Phave been successful in their cam-

City Gives College Half Million To Expand, Improve Facilities

College by the City Council or @ August 26, President Harry N. Record Enrollment Wright announced yesterday.

School of Technology, since plans have aiready been completed for the erection of two small buildings to be used to provide for sorely needed laboratory space. Construction work is scheduled to begin during the latter part of this month, Pres. Wright said. The entire project is expected to be completed September of next year.

Constributing to the successful demand for additional funds were the efforts of the Student Council. Facilities Committee headed by Gene Schwartz '49, as well as those of a committee composed of members of the Tech School faculty, who submitted a report and recommendations to Pres. Wright for the alleviation of the congested conditions here. In addition, stu-

(Continued on Page 2)

An allocation of \$500,000 for the expansion and improvement of facilities, for which student and faculty groups vigorously fought during the past year, was granted the nation.

Profiting immediately is the Expected for Fall An expected total of 33,000 stu-

dents began to register on Sep-tember 2 for the fall semester at the college. This figure represents a five percent, increase over enrollment totals for last spring, according to registrar Robert L. Taylor.

The expected increase is much less than the "drastic" ten to twenty-five percent enrollment rises encountered during the past two years and indicates a "leveling off" process, stated Mr. Taylor. He predicted that the college's peak would be reached next spring, after which there probably would be no further enrollment increases.

The school's evening session is expected to register 18,300, Mr. Taylor said. An expected total of 12.600 will enroll in the day session. An entering freshman class of 1,500 is expected.

paign to obtain recogniton for separate student governing bodies, whether day, evening, or otherwise, which are under the same college administration. Their efforts were backed by delegates from metropolitan colleges throughout the

On other issues, as well, City delegates have assumed active leadership in bringing forth-carefully prepared proposals for activities and organization of the NSA:

They distributed 1000 copies of the N.Y. City Council Hart Committee Report on Discrimination in educational institutions. Proposals were also submitted for the investigation of discriminatory pratices in education.

The problem of discrimination is an explosive one. A conflict over this issue has arisen between white and Negro students from the South. The white students are

FACULTY ADVISOR, PROF. PURCELL

A Threat to Free Thought

Historically, a free and unfettered student body has been in the vanguard of progress throughout the world, and also historically, one of the first targets of the forces of reaction and fastism has been this sume student body. Just as it is essential to the growth of fascista that the jabor movement be destroyed, so is it essential that the educational institutions, whose function it is to inform their students, be brought under the control of reactionary forces.

Such an attempt to control and limit the thinking of the students of the four city colleges is being made now. An amendment is being offered to the by-hiws of the Board of Higher Education which would permit the school authorities to bar from the campus a " . . . group with any program to subvert by force or fraud the Government or constitution of this State or the United States "

This is Not The First Try

Nor is this the first attempt to abridge academic freedom. Those of us who were around the schools in the 1930s still remember the Rapp-Coudert Committee and some of the real ancients among us can even recall the Lusk Committee. It is not a new thing, this attempt to control the thoughts o fthe rising generation, and the fight to protect their right to think has been going on for many years.

This fight for the right to call ourselves thinking individuals continues today. Take for example the affair of the Queens College AYD. We are not going to argue that issue here, but we would like to call to your attention the action of the Hearst press, and J. Parnell Thomas of the Un-American Activities Committee in demanding the names of and subsequent investigation of the 40-odd faculty members of the Queens College who voted against the revocation of the Queens AYD charter.

Can education be free if the instructors must labor constantly in fear of their jobs? We think not!

Student Should Not Be Pressured

Can the student consider himself a first class citizen if the existence of his organizations on campus is subject to the whim of the college administration, which is in turn subject to pressure from the Hearsts and the Thomases? We think not!

general attack on the rights and civil liberties of the people of this country, behind the smoke screen of hysterical anticommunism, the Schultz Amendment and other measures of its type have their place. It is our considered opinion that this is the most serious threat facing us today, and that it is essential if free education as we know it is to continue, that the Schultz Amendment be defeated.

College Gets Grant From City To Build Facilities and Expand

(Continued from Page 1)

of working space at the College culminating in a March on City Hall last fall, helped focus the attention of City officials on the critical conditions at the College.

Professor John J. Theobald, Dean of Administration, said that although the \$500,000 appropriation is not sufficient to "bring to City College facilities in consonance with that in other colleges in the country," it does represent "a considerab's step forward." Sixty per cent of the appropria- used for storage and for mecha tion will be spent for new labora-lical engineering laboratories.

Largest Football Squad At Bear Mt. Training Camp

Optimism is the word for the City football team this season. Take the largest group a candidates ever assembled up at Bear Mountain; add quite a few big men to the squad nix well with increased morale due to the scheduling of home games at Ebbets Field. And there you have possibilities.

Crose to 60 candidates left for Bear Mountain on September 2 to take part in pre-seaan training. During the twelve day session, coach Harold J. Parker expects to look over the Beaver hopefuls carefully to find the select 35 who will carry the Lavender aspirations during the '47 season. Although there are fifteen lettermen back from last year's mend, most positions are still wide open.

Big Men on Squad

For a change there are a number a hig fellows on the team. There is six foot two, 190 pounder. Italo Fabro, bucking for one of the end maitions. Coach Parker says. "Fabre is one of the best looking properts at end the college has ever had."

Heb Ratner, another six footer, has had a lot of experience with a incheil. At center, Sam Welcome. the big 240 pounder and former allelty high school star, is back. Also returning are many players a last year's line including cocaptain Harry Weber, Lenny Teiwhen, Stan Granewetter, Fred Present Marty Schwartz and "Pinky" Goldner. "Pinky," who like his leg early last season, is arrises to get in there this year.

In the backfield, co-captain Murmy Berkowitz is back for his third year along with Frank Moran, an ex-GI who played on the '44 team: Tommy Annas, a fast man with great promise; Tony Zangara, who turned in some fine performances last year; and Lee Wagner, last season's triple threat freshman and high scorer.

Six on Coaching Staff

staff includes Frank Tubridy as line coach; Irving Mondshein in the backfield; Lester Barkman handling the kickers; Ben Vitale as JV coach; and Harold Smith, assistant JV coach.

AA Adopts New Books

A new Athletic Association Book sales policy has been adopted for this semester. There will be two series of books, a series "A" and a series "B." Each matriculated student will be entitled to purchase one of these series which will entitle him to full A.A. Book benefits and reductions in ticket purchases to athletic events.

Ticket Demand Heavy

Because of the heavy demand for tickets to basketball games in the fully reported in the next issue. past, the schedule has been divided into two equal sections to correspond with the A.A. Book series. Thus, students holding series "A" books will get first chance at buying tickets to a series "A" game. "B" book holders will have the opportunity to buy leftovers. The reverse would be true for "B" scheduled games.

Series schedulcs will be available during registration and the early part of the semester so that students will be able to choose the series they want. The price of A.A. books remains at one dollar, and Headed by Parker, the coaching are being sold in the Great Hall during Registration Week. After registration, books may be bought in the Athletic Assn. office in the N.W. corner of Lewisohn Stadium.

Army Hall, CLC To Provide Basis For Next Issue

Watch the coming issues of OP for news and discussion of such important matters as Lunch Room, Price Policy, Charges of Discrimination at Army Hall, and the Formation of the Civil Liberties Committee.

The Studeni-Faculty Lunch Room Committee meeting on September 15 to determine Lunch Room policy for the coming term will be

A special committee appointed by Pres. Harry N. Wright to investigate charges rising out of the dismissal of two Negroe employees at Army Hall, will also meet early in September. OP will report these hearings and discuss them editorially.

OP To Watch CLC

Representatives of AVC, VA, AYD, and YPCA formed a Civil Liberties Committee during the summer. OP will watch this organization, now seeking a charter with interest and will bring news of its activities.

Veterans will want to know about the negotiations between VA and the Board of Higher Education for a new contract regarding benefits for veterans attending the college under the G.I. bill. These talks are scheduled for October.

13 City Delegates Fight Against Bias (Continued from Page

opposed to using the words "discrimination" or "segregation" in sections of the constitutional calling for free educational opportunities regardless of race, color, or creed. Negro students favor putting these words in the constitution. However, it is expected that the disputants will arrive at a compromise on this issue in the near future.

Favor Affiliation With IUS

It is also expected that addition with the International Union of Students, which has been criticized as being Communist-dominated, will be approved. The Catholic students favor affiliation, stipulating, however, broad provisions for preserving American autonomy on political questions as a condtion for approval.

All existing national groups of students such as the National Federation of Catholic Students, Unitarian Youth, AYD and others have been barred from advisory or voting membership in NSA according to an article incorporated into the constitution.

Vet Affairs . ••• **Congress Fouls Vets On Raised Subsistence**

By Sy Brown

Looking back during the summer session we found the college vet plagued by the two hardships of the previous term. He saw Conguses by-pass him on subsistence in order to alleviate the pressing conditions of a rising cost of living. He also saw the checks for July and August delayed by the Veterans Administration from four to siz weeks.

Por the first condition we have no excuse but to say "it was a Republican year". In spite of a concerted drive by the AVC in Washington and the independent group which formed under the name of "Operation Subulstence," the House Republican Steering Committee decided not to consider the pending legislation which the Senate had passed. The second condition is explained in a story on page one.

We would like to remind all the men in school to reinstate their insurance. The deadline has been extended to Jan. 1, 1948.

You can still apply for terminal leave. The date has been extended to Sept. 1948. You can cash your terminal leave bonds at any bank or loan association. Do not use them at your retail stores and do not pay for the service of cashing them. The former procedure will void the bond. We urge vets to hold their bonds until they mature. Addisional information in terminal bonds can be found on this page.

GI Schooling Good Until 1956

The "end of the war," as far as veterans benefits are concerned, was determined when President Truman signed the Wiley resolution "terminating" the war as of July 25, 1947. Deadlines established by setting this date are as follows: up to July 25, 1957, to apply for G.I. home and business loans; up to July 25, 1962, to collect 52-20 unemployment pay; up to July 25, 1956, to complete education and training under the G.I. Bill of Rights. This resolution also makes persons enlisting in the armed forces now ineligible for any benefits under the G.L. Bill.

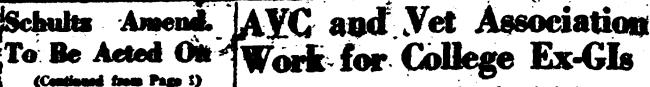

Vets Make Out Well

Student-veterans, comprising approximately forty-eight percent of the total City College enrollment of 10,801 attending the college summer session, have established impressive scholarship records for the second year in a row, it was announced on August 28 by Director Frederick C, Shipley, following compilation of student records at the close of the session.

One reason given for the high level of attainment, both by veterans and non-veterans during the summer session, was the large supply of available summer jobs. Prof. Shipley asserted that since temporary jobs have been easy to obtain during the past two summers, "no student attends summer session just as a means of passing time as was the case with many students before the war who were unable to find summer jobs."

15 Days Leave Granted

Veterans will be entitled to 15 days leave per semester which will be deducted from the veteran's period of entitlement as of the Fall term, according to Mr. Stuart Clarkson, Veterans Counselor. Vets will not be entitled to receive readjustment allowance while collecting leave pay. Anyone not wishing to obtain leave must submit in writing to the VA a statement to that effect at least 30 days before the end of the term.

AVC, by its past and present ad-Schultz amondment was quite unvecacy of heasing and full employnecessary . . . Your College Chapter was organised to fight for you; to secure those benefits you need-increased subsistence, adequate school supplies, and lower rentals at Army Hall, A Vet Affairs Committee has been set up in Room 16A to help you get your checks, to assist you in renewing your insurance, and to break other administrative red tape, AVC is your oasis when vou're in trouble.

Join AVC! Join Now-in Room 16A.

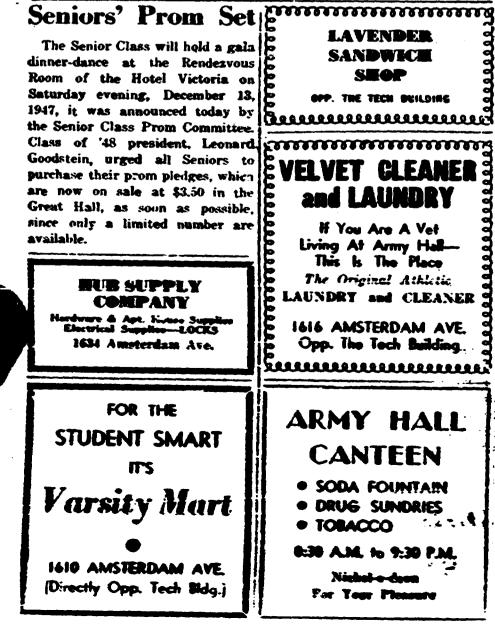

Organized since 1946, the Velerans' Association has consistently fought for the College Vet and for veterans everywhere. It has grown to 1000 strong, the largest vet group on the campus.

The Vet Association has worked with its ear to the College ground. for increased subsistence (the nam tion-wide subsistence drive was injo tiated by the Vets Ass'n), for lower Army Hall rentals, for the news paper Observation Post for increased school supplies, for elima ination of competitive tests for Tech students. It bis campaigned for GI Insurance and against the Schultz Amendment.

Last fall a dance was held af Webb Hall by the Vets Ass'n and scores of invitations for dances and parties were received from groups off the campus. This term a gala affair has been planned in conjunction with several organizations. (

Come to Room 16A and meet us, then join us. Our meetings will be announced in future issues of OP.
