Delegates Visit Amvets, Legion

National Legislative Director
AMVETS, Joseph McLaughlin, endorsed the Rogers Bill and the 'Operation Subsistence' delegates be convinced as to the inadequacy of the Amvets for the conduct of the AMVETS National Convention.

The American Legion Visiting Department took no position on the bill but the chair, saying much of the national convention, which was shared by 11 of the Legion's delegates, was held in the House of Representatives.

The VFW had previously testified against the bill and reaffirmed its position on the Rogers Bill. The VFW was looking to see the complete unsatisfactory nature of the bill, which advocated only a 25% increase in the allowance. The VFW was looking to see the complete unsatisfactoriness of the bill, which advocated only a 25% increase in the allowance. The VFW was looking to see the complete unsatisfactoriness of the bill, which advocated only a 25% increase in the allowance. The VFW was looking to see the complete unsatisfactoriness of the bill, which advocated only a 25% increase in the allowance.

Delegate Wright's Discrimination

“With dismay and alarm” the Student Council views the state of affairs made by the President to the Department of Education in opposition to the American History Bill to go on the ballot.

A letter to be presented personally to the City Council President by Student Council President is being written. The letter to the council president has already prepared an independent post-hearing of a piece of legislation done in the interest of the City Council. The letter to President Wright is being written.

Pres. Wright told OP that: “I agree with the purpose of the bill. I regret that from an educational standpoint it is very unsatisfactory.”

NATIONAL STUDENT CONFERENCE PLANS CONVENTION IN SEPTEMBER

Plans for a convention of colleges and universities at which the draft for a constitutional convention for the State of New York, was revealed last week by Walter Wallace, chairman of the Metropolitan Committee of the Chicago Student Conference, was to be held at the University of Wisconsin where delegates representing two million students are expected to be in attendance.

Conference Aim

This year’s convention, which is an outgrowth of the Chicago Student Conference, has the following resolutions:

1. Equal rights and opportunities for elementary and higher education regardless of sex.
2. Extension of government as well as private and for all students in obtaining scholarships, family allowances, etc.
3. Greater student-faculty cooperation and the elimination of democratic student governments.
4. Independence and freedom from commercialism, the student, and all organized student activities and publications.
5. The encouragement of university and college student cooperative organizations.

Many of the delegates have already indicated the strong support for the work of the new organization. Here, in New York, representatives of private, public, and secular college and university students have met to exchange ideas and discuss new plans. The new organization, the Student Co-operative Union of America, is holding educational meetings in the fall of several States.

HUNTER INVITATION

Huntsier's Lower Seniors are asking Vet Assoc. members to subscribe to their May 3rd, Friday, March 21st. For free tickets. VA members should either see Harry Goldstein, Ed. 4-0500, or send a request on a slip. Thank you. Harry Goldstein.

A BOREN, YIA OR NAY?

should we have a buttons or bobby sox? The votes of the questions facing the Vet Assoc.

The Vet Assoc. Legislative Committee after a great deal of discussion recommended a bonus but always the question of business meeting for the button by luxury taxes was rejected by the committee. The Vet Assoc. Legislative Committee after a great deal of discussion recommended a bonus but always the question of business meeting for the button by luxury taxes was rejected by the committee.

IF YOUR two cents in THIS IS ORGANIZATION. Step in at Room 164 this afternoon any time before 3:00 P.M. when a Legislative Committee meeting will be held, and give us your opinion. If you have some extra time, drop in some other day and sound off.

I WANT YOU! The March 20th subsistence rally will be one of many similar rallies on the national level. You and I make it a success as well as the veterans. The Placement Bureau is always ready to take care of all veteran organizations.

Volunteer Publicity Workers and students should ask for tickets in Room 164.

Placements Bureau in Second Year

The new City College Employment Placements Bureau is in its second year at City. Since its reorganization under the energetic management of Mr. Shotter, and the recent appointment of Placement Officer, Mr. Shotter, the Bureau has been more successful than in any previous year. This report can hardly give due credit to these men and women. It does give a concrete example of what unified action can accomplish something that must be present in all of our work and planning.

We take this opportunity to thank the sincere, capable workers for their wonderful hospitality. We are certain that everyone who took part in the action at Washington understood the value of the work accomplished in this first step and we believe that to them goes our respect and congratulations on a good job well done.

BILMAULDIN'S CARTOON
Liberal Supply Policy Asked

At a conference held last Fri-
daay, March 7, Dean Tho-
beh and representatives of the AVG and the Veteran's Adminis-
tration agreed that a liberal supply policy should be established in issuing supplies to veterans under the GI Bill.

It was decided that a meeting be held sometime this week at which time veteran representatives of large administration and representative organizations of the Veterans' Adminis-
tration, the V.A. and the Veteran's Association and the TII will be present.

At this meeting an effort will be made to arrive at an agreement within the existing framework of the inter-
pretation of the contract between the college and the Veterans' Administration. In connection with this, the school administration has requested from the National Office of the V.A. in Washington an inter-
pretation of what the veteran student is actually entitled to under the GI Bill.

'Subscription'

(Copied from Page 1)

In order to provide for students of the college who are not participating in Operation Subsistence through our local offices, we are offering a subscription plan for those who wish to contribute to the cause. Each subscription will be sold at $535 per year.

The subscription plan will be used to support Operation Subsistence. There are over 2000 veterans at City College who benefit from this program.

If you wish to volunteer, please contact the Mike office at 280 Convent Avenue or write to the Mike office at 280 Convent Avenue, New York, New York, 10017. We will be happy to provide you with more information.

'Op. Subs.'

(Copied from Page 1)

The operation of the veterans' food cooperative is carried on by 180 members of the college. Each member is required to volunteer 15 hours per week to operate the cooperative.

On Subsistence

(Copied from Page 1)

veterans have been subjected to a minimum standard of existance.

The committee heard ten student veterans representatives testi-

fiy to the pre-existence subsistence problem. They stated that in the course of a year, veterans have received a minimum of $1000 in temporary subsistence benefits.

The veterans brought surveys and data from the field, showing that the veteran in college is trying to live on $40 to $60 less than the minimum amount required for basic necessities. Students have cached their bonds and withdrawals have been made to meet the subsistence problem.

The group emphasized that the federal government should be held accountable for the amount of the present subsistence rate.

Bradley Visited

Late in the day, the delegation was surprised to meet General Omar Bradley, Veterans Administration head, who estimated that of the 6000 veter-

ans who received the veterans' benefits, only 2000 of them have had to do because of financial diffi-

culties. He explained that one of the major reasons was that the V.A. did not have enough money to pay the veterans.

In cooperation with the Regional, Committee's public relations, the three city College units, with the help of Asher Katz '18, and Abe Bargman '19, are preparing to launch a campaign for a veterans' cooperative. It will be coordinated mainly through Student Council's Committee on Intercollegiate Affairs.

Legislation

YOUR CONGRESS, desirable and neces-
sary, is making laws affecting

your status as a veteran and a stu-
dent. To acquaint you with pro-
tected laws that will directly affect

you the Legislative Committee will

summarize these laws every four

weeks. This week's law is the 

Veterans' Administration and V.A.

Legislation.

**Veterans Affairs**

You have not as yet reverted your State National Service Life Insurance, this is for you. In addition to the ordinary life, 30-year life and 20-payment life policies, you can now convert to endorsement at age of 60, endowment policies, and whole life policies. Restrictions on beneficiaries have been amended permitting anyone to name anyone as beneficiary.

Another important change concerns the non-service-connected money is paid at maturity. The veteran may elect option V, under which the non-service-connected money in a lump sum. Write to the Veterans Administration for conversion.

**Army Hall Tenants Want More Funds**

The residents of Army Hall met on Monday, February 24, and unanimously passed a resolution that will pass in its entirety the request for supplemental funds to maintain the classrooms in Army Hall. They elected as their representatives to the Residents Advisory Council the men who will work in their behalf.

The hardship cases resulting from the high rents should be brought to the attention of the members of the Board of Estimate by residents of Army Hall. It is suggested that each resident write a hardship letter immediately to the comptroller, Mr. Rogoff, at 25-27 St. John, to pas the report on Monday, February 24, and unanimously passed a resolution that will pass in its entirety the request for supplemental funds to maintain the classrooms in Army Hall. They elected as their representatives to the Residents Advisory Council the men who will work in their behalf.

**AVC Delegates Visit Capitol**

"Veterans must put pressure on Congress if they wish to increase their subsistence through the Rogers Hill," said Jack Chudnow, 48, chairman of AVC's uptown, his home, with the Rogers Hill, March 3.

The metropolitan vets saw other matters, zoning, Reapportionment and veterans, Ohio, subcommittee head. The Congressmen felt that the bill, or a modified form, had a good chance to pass, although an "economic minded" Congress would not be too receptive to such legislation.

The trek up the Hill produced two facts: 1—The Rogers Bill stands a fair chance to pass. 2—Practical pressure other than interviews with the legislators should take the form of personal letters to Congressmen, particularly letters of hardship.

**Freedom Attacked Says Student Conf.**

The Metropolitan New York Regional Committee of the Chicago Student Conference released two letters protesting recent actions taken against the AYD. The committee, representing 24 New York City colleges and universities, urged the Board of Estimate to investigate before taking their action. In a letter to the Queens College Student Council they stated, "we believe the procedure used and the measure itself (the revocation of the AYD charter) was a breach of Academic freedom and a suppression of legitimate student activity." They also termed the indefinite probation of 6 AYD members at Michigan State College as an example of the limitation of the right of free assembly.

**United World Federalist Group Draft Atomic Control Formula**

A report on atomic control was featured at a meeting of the City College chapter of the United World Federalist Group. Theodore Harris Hall on Friday evening, February 28. The report was presented by the Policy Committee of the organization, formerly the Student Federalists, and will be released all New York newspapers upon completion.

The report dealt in detail with six questions:

1. Should an international agency be established to control atomic energy, or should such control be exercised by the individual nations?

2. If an international agency is considered to be more desirable than national agencies, what should be the nature of such an international body?

3. To whom should the agency be responsible, and what should be the nature of that responsibility?

4. What method should be used to set up the atomic control agency?

5. How should violation of whatever agreement is finally reached be treated? How should punishment be meted out?

6. What should be the policy of the United States prior to the creation of any atomic agency?

After the reading of the report, there was a general open discussion, during which Miss Helen E. National Chairman of the Student Division of U.W.F. congratulated the college chapter on its excellent work. She felt, however, that the report did not go far enough in respect to the establishment of a "limited world government."
