AN UNDERGRADUATE NEWSPAPER OF CONY

TUESDAY, DECEMBER 13, 1949

Judiciary Committee Disqualifies 3

Ten City Students Study Abroad As Fulbright Scholars

fen City College students are studying abroad under the subright Act. They won the merds for the academic year 1950.

The winners are Harold Orlanty '41 and Rosalynde Singerwho are studying in the Beited Kingdom; Whitman Basw '41 and Norman Rudich '45 sho are studying in France; Herlert Gershman '49 who is studyin Belgium; and Nicholas Ca-142, Andrea O. Marchi '47, Issephine McGurk (M.S. in Ed. M), Marie P. Ruggeri '48 and Salvatore Saladino '47 who are stadying in Italy.

To be eligible, a student must hive a bachelor's degree. A long application is then filled out which asks, among many things, nour purpose for applying. The applications are sent to the colby Dr. M. Levy, who then sends he remaining applications to a tale screening committee which akes the final choice.

Applications for next year are eing processed at present, and mouncement of the awards will he made in the spring of 1950.

More Young Adults . . .

Tubercluosis takes the lives of ther disease.

Why Tuesday?

Because of the elections to be held this Friday, December 16, Observation Post will only appear twice this week.

Student Council regulations prohibit the publication of newspapers or other organs supporting candidates on election day. OP's Managing Board. therefore, voted to cancel temporarity its three-times-a-week schedule, and appear instead on Tuesday and Thursday.

Browder Will Speak Thurs.

Earl Browder, former chairman of the American Communist Party, will be one of three speakers at a debate on the topic, 'Which Way America?" which will take place on Thursday, Dec. 15, at 12:15 in room 105 Main.

Harry Fleischman, national secbge screening committee, headed retary of the Socialist Party, USA, and an as yet unnamed, representative of the New York State Chamber of Commerce will be the other speakers. The three debaters will uphold the philosophies of Communism, Socialism, and Capitalism respectively.

The debate will have Prof. Oscar Buckvar, Government, as moderater. It is being sponsored by the Student League for Indusmore young adults than any trial Democracy (S.L.I.D.) CCNY

Andrews, Goodstein, Klein Implicated In Disappearance of Program Cards

After a heated four-hour meeting last night, the Student Council Judiciary Committee voted to disqualify Flo Goodstein and Tom Andrews from this Friday's Student Council election. The Committee also voted to disqualify Martin Klein, who previously had withdrawn from participation in the elections. Also implicated was Leonard Dauer.

Let There Be More Light!

Lighting will be only one of the things improved at the College under the new two-year, \$2,000,000, improvement project. External and internal lighting, beginning with the library building and Townsend Harris Hall, will be enlarged and modernized. Other projects include a renovation of the pool and a new ventilating system for the Chem Building.

Cross Blasts BHE's Brief on Knickerbocker

By Henry Krisch

Professor Ephraim Cross (Romance Languages) yesterday blasted the brief issued on the Knickerbocker case by the the BHE's Corporation Counsel.

Characterizing the brief as "frequently inaccurate and fantastic," Prof. Cross charged that it achally added strength to the com-Naintants' charges by its weak-

He further maintained that brief denied many of the mi - Knickerbocker assertions dimitted in eaclier BHE reperis. The character witnesses r Prof. Knickerbocker cited by the report are characterized by Prof. Cross as either known enti-Semites or else actually Mi-Knickerbocker.

As an example of the brief's inaccuracies, Prof. Cross cites the mention-of a "Mr. Tavery" and a "Mr. Lagrew" who he claims do not exist; the brief charges that the complainants withheld ceriain affidavits from the BHE in

Prof. Cross calls for a public trial for Prof. Knickerbocker to arrive at the truth, in spite of the brief's contention that fur-

ther hearings would u the BHE's authority.

"The Board's defense of Knick- with entertainment and refresh-1965, but Prof. Cross insists they erbocker adds great strength to ments, will be held in the ROTC were shown to Board members, the complainants' suit for a trial Drill Hall on Friday, Dec. 23. of Prof. Knickerbocker," he said. Tickets are 75c each.

PCS to Give Cash Discounts

chest X-ray.

The three people disqualified were running respectively for the offices of Secretary, Vice-President and Treasurer.

The decision of the Judiciary Committee reads as follows: Based upon testimony and evidence received, we find the following individuals, Florence Goodstein, Len Dauer, Thomas Andrews and Martin Klein implicated and involved in the disappearance of the program cards and find them ineligible 🗤 run for office this semester.

To Continue Probe

"We will continue in the investigation and consider further disciplinary action." The case of the disappearance of the file cards was brought to the Judiciary Committee as a result of a motion passed last Friday night at Student Council itself. The motion referred to the four names mentioned and ordered the Committee to conduct a full investigation, stipulating that if found guilty, the four should be disbarred from election.

Leonard Dauer is President of the Guardians of Our Tomorrow. The disappearance of the cards arose when the G.O.T. decided to distribute a leaflet to all students via a mailing list arrangement in an attempt to inform the students of their choices in Friday's elec-

Found Guilty

At 10:45 last night, Chief Justice Irving Epstein called the court into chamber and fifteen minutes later rendered a verdict pronouncing the four individuals guilty of the theft.

During the hearings, all four were visibly frightened and vehemently denied any participation in the file cards' disappearance. Each candidate stoutly declared himself innocent, and did not hesitate to cast aspersions One of the insidious aspects of upon the other three. However, tuberculosis is that it has no; from the circumstantial evidence symptoms at first. Thus, people presented, the Judiciary Commitmay have the disease without | tee had no alternative but to deknowing it. But TB can be dis- clare the defendants guilty and covered early by means of a to disqualify them from their candidacies.

CARE Campaign Continues All Week

If you really care about the health and morale of Europe's children, bring in two Swan wrappers tomerspw and speed one her of soop to a needy child oversees. Collection booths will be opon in Lincoln Corridor.

Ali opinions expressed in the Editorial columns of The Observation Pos are determined by majority vote of the Board of Directors.

For a Better College

THIS FRIDAY the College's student body will select by ballot its Student Council officers for the coming semester.

Before QP makes public its endorsements in Thursday's issue, we think it in order to deal editorially with the general qualities which we feel are necessary for Student Council officers.

Furthermore, we will state what we feel that Council, as a collective body, should accomplish next semester if it is to fulfill the promise and possibilities of student government.

A major officer of Student Council must be willing to forego grinding his pet political axe if he is to avoid making Council nothing but a sounding board for the doctrines of local or national political parties.

A major officer of Council must have the integrity, the drive, and the intelligence to earn the respect of the class and club representatives on Council.

A major officer of Council must be fair when he is "chairing" a meeting and must avoid personality clashes which can only fetter Council in its attempt to accomplish the constructive work it must undertake next semester.

As for SC representatives from the classes, it is of primary importance that they be individuals who understand the many socially-significant problems confronting the student member of the College community. They must, furthermore, be individuals of high enough caliber to squelch desires for personal aggrandizement when they interfere with the achievement of a student benefit program.

And when we have members of Student Council such as the ones described above, they must, in our opinion, work for the creation of a social "welfare community" at the College.

This miniature "welfare State" would work for the alleviation of the various pressures which force students to distrust themselves, their faculty and their administration.

A few of the purposes of this social "welfare" program would be:

To increase the student's intellectual and emotional maturity as it expresses itself in his readiness to exercise the right of responsible citizenship in the College community and in the larger community.

To solidify and increase the feelings of pride and respect of students in their association with the College.

To increase the spirit of warmth and friendliness in the relationships among students, faculty and administration as necessary steps toward a satisfying education experience in a free society.

These are but a few general goals for which we feel the the Camp Marion Fund. trans-Student Council we elect on Friday must strive.

In order to achieve and enlarge these goals Student Council will have to find and "push" specific programs in the Dramsoc put on a skit which was fields of human relations, curriculum planning and public an attempted combination of relations.

OP will, on Thursday, recommend its choices, among the ! show. Their individual talented candidates running, in light of their ability and attitude toward carrying out such a program.

You will decide ultimately.

Not in a decade has one man at City College been the subject of so relentless and vigorous a public campaign seeking his dismissal as has Professor William E. Knickerbocker, chairman of the Romance Languages Depart-

Few students not in his classes have-ever met the man, yet his name is known by all. Neuring sixty, balding and of medium height, the sprightly 1904 CCNY graduate disclaims that nearly five years of controversy centering about his allegedly anti-semitic attitudes has seriously disrupted his private life.

Meeting him for the first time in the departmental office, Room 205 Main, the professor displayed a natural reluctance to be communicative, recounting the bitterness of the attacks against him by some members of the student body, it was only with the most explicit of assurances that he would even consent to reveal his membership in the faculty bowling team and his favorite form of relaxation, a good game of bridge. With understandable caution, having been stung by stipulated that the interview be New York. The former two had conducted without direct quota-

Knickerbocker can look back are founded on fact; whether the

upon a full career in a field with acts alleged render him untit to which he fell in love early in his youth. A member of the last five-year graduate class of the college, he received his diploma when not yet 19 years old. Entering the teaching profession immediately, he taught languages for a year in the city's grammar schools. During that time he spent a summer at the Alliance Français, studying French abroad.

When he returned to the States the professor entered Columbia University where he received his Ph.D. in 1911. From that year until 1941 he taught languages in the Evening Session and, at various times, instructed in Townsend Harris High School, was supervisor of Brooklyn Annex (in 1926), and wrote a number of textbooks and articles on French and Spanish.

Known as a strict marker, he considers students at City to take to their languages at least a; well as those at other colleges, and he has always enjoyed his teaching here immensely.

At various times the veteran professor has been investigated by committees of the faculty, Board of Higher Education, Stumany a misquote in the past, he dent Council and City Council of exonerated him, while the latter two accused him of prejudice. Born in up-state New York, Whether the charges against him

teach still remain most questions. No matter what the final outcome, Knickerbocker staunchly maintains his innocence Of course, he acknowledges, the experience has been an unpleasant one. However, he feels, when one is confident that the charges against him are false, and that those making them should I now they are talse, he can remain undisturbed. In this manner Professor Knickerbocker faces fature attacks against him without

Carnival Queen Walking on Air

"Everything is so thrilling I hencet!y don't know what to say," sighed Kita Oksman, new campus queen, in an exclusive impromptu interview directly after her

Flashing a very becoming smile and displaying an unbelievable amount of calm, she informed us that she is eighteen years old, a graduate of Columbus High weighs 115 pounds and stands 5-6. Her 34, 23 and 33 inch proportions fill out a heavenly shape in almost Hellenic fashion.

Miss Oksman is attending the evening session as an accounting major, and at present is unempłoyed.

She advises us not to print her phone number since she already has a "beau" in Hal Bardin whose 1950 Buick doesn't detract from their romance one bit.

Beauty contests are nothing new to our newly crowned queen who in 1946 and '47 was chosen Waldemere and Miss Stev-

Carnival Queen

mmmmmm By Fred Streit mmmmmmmm

Rita Oksman, amid the cheers of tumultously responsive Great Hall crowd, was crowned Campus Queen for 19-150. by Coralye Isaacs last year's queen.

Rita, a sultry soph from the Bronx studying accounting in the Evening Session of uptown City, emerged victorious over four other contestants.

The crowning drew to a close an evening full of star-studded entertainment.

The two thousand students and guests were thrilled during the evening by the charms of lovely Sandra Deel, soprano understudy of Mary Martin in "South Pacific." who was called back for two

Adding to the evening's entertainment was Arnold Stang, who, as the famous comic Gerard, told of his recent trip to California. Howard Kane, the emcee, acting as the straight man for Gerard. was having difficulty keeping pace with the fast-moving comic.; This added to the delight of the now sadistic audience.

Musa Williams kept the flavor of the play "South Pacific." by singing "Bali-Hai," which she sings as the understudy of Juanita Hall.

Other screen and radio present were Jack Gifford and our own Carol

Previous to the "After Mid-nite Show," the Main Building which was filled with the usual array of kissing booths, marriage and divorce agencies and Gay Ninety Revues, was the scene of the selection of John Walsh as campus

Mei Stuart and his band, who donated their evening's wages to formed Lincoln Corridor into a magnificent ballroom.

Concluding the entertainment slapstick comedy and a variety artists, such as Bill Summers, Larry Stevens and Eve Rabin provided a fitting close to an ex-

COME TO THE FIESTA! Spend next Saturday night celebrating in the South American way! Enjoy the famous Latin American entertainers, eat the fiery south-of-the-border delicacies, and dance in the scintillatinating music. All this madness for a dollar per "hillete," which you may purchase in 112 Army Hall from 10 till 1. Hosting will be the Ibero-American Club, supervised by Senor B. Hasta la vista....

The reason for the coffee sign in our mess hall? Well, it seems that we are very lucky to be drinking eight full ounces of stimulating coffee for only five cents.

Fact finding committees are flourishing in these trying times, and the Bureau of Labor Statistics is no exception. Hear all about it Thursday in 202 Main when Mr. Herbert Bienstock will address the Statistical Society.

Pre-marital situations will be explored today at noon. Dr. Gerald Ehrlich will present recordings of interviews with collem students. This should be better than Candid Microphone. Remember-Hillel at noon.

Let's have a large turnout for Alpha Phi Omega's "Holiday Sing" which is the first in our school's history. It will consist of Chanukah as well as Christmas songs presented by a chorus of A.P.O. brothers.

Since December 22 is the seventh day of Chanukah, a candle lighting ceremony will be held prior to the singing of the songs. This will take place at noon in the Lincoln Corridor.

What's this? Monkey Business meeting of the Education Society this Thursday at 12:30 in 313 Main. Memo to Ed. Society-You let yourself in for it.

The Bi-annual Bio Society dinner will be held at the Barbison Hotel. Saturday night. December 17. Menu probably will include frog's legs, mud puppies, dog fish, and protosoa a la mode. After dinner entertainment will be provided.

Impoverished families in Harlem may have a slighly merrier Christmas if you cooperate with the Newman Club Christmas Basket Drive. On December 15 and 16 the Club will collect clothing and canned food in Lincoln Corridor and Army Hall Lounge from 9 till 4. Perhaps you'll have a merrier Christmas too.

-:- Backstage? -:-WITH PAUL LEAF

An old skeleton popped out of the Dramsoc closet recently; one that comes, causes a few shudders, and leaves at the end of the semester's productions. He, or maybe she (nobody can accuse me of male supremacy), rattles its weary bones every time the president or anyone on the Dramsoc executive committee takes part in a production, Dramsoc or otherwise, as a leading character. The question then arises as to whether or not an executive can perform his duties in a competent manner and still play a leading role, or take part in any activity which will detract from his responsibility as an executive.

The membership has been discussing an amendment to the constitution which would prohibit an executive from taking part in an activity which would hamper him in his main duty. All well and good. But beyond this direct route of action lies a booby trap. For it is the most active members in the society, the ones who stay up all night rehearsing and building the set while others have gone home to warm beds, who are elected to positions of responsibility. The people who are since ely interested in the theatre both as a bobby and as a future vocation make up the core of the organization. From these ranks are the executives chosen.

Most of these individuals would be reluctant to give up the right to appear in the show as actor or actress. The danger that becomes manifest in this resolution is that the huge machinery involved in a theatrical production will be turned out by mediocre hands. What it all boils down to is whether a group whose duties are purely executive, but whose theatrical knowledge and experience is limited can be more effective than the more experienced people devoting less time to it.

I believe that some individuals are capable of handling two jobs at once, others are not. One who accepts a certain position without having the time to properly attend to his duties is doing the organization a great deal of harm, to say nothing of himself.

Pharmacy Offers You A Future BROOKLYN COLLEGE of PHARMACY

Music Department Presents Concerts:

Dept. presented the fourth free ency of the players (Fritz Jahoda, concert of the current semester in the T. H. H. Auditorium.

Characteristic of all three compositions performed, was a gradual increase in the quality of technique and musical expression, which, at the conclusion of each selection, gave the audience the feeling of "a job well done." This was especially evident in the Chapin Rando for two pianas.

The opening work of the concert, the Suite for Violin, Clarinet and Piano, by Milhaud, was performed in a tense atmosphere which the players themselves created and seemed rejuctant to give up. A tight feeling was especially noticeable in the Clari-

Piano; Robert Kurka, Violin, and Jeff Lerner, Clarinet) outweighed the unfavorable stmosphere,

Beavers Submerge Merchant Mariners, 82-28

Lavender Sinks Kings Point; Roman, Dambrot, Warner Star

By Herman Cohen

The Lavender quintet romped over the Kings Point Merchant Marine Academy, 82-28, last Saturday evening at the Main Gym. The Beavers faced a game but weed a

inferior squad, and Nat Holman sent every one of his 15 players into the fray, reverting, after a one-game lapse, to the entire platoon substitution system.

Although hopelessly outclassed, the Mariners reluctance to shoot from the outside and their unwillingness to drive caused the first-period pace to be a slow one. The St. Nicks managed but four fast breaks during this time, and only a driving lay-up by Warner on a pretty pass from Dambrot at the nine-minute mark was noteworthy.

Beaver Scoring Spree

Kings Point left the driving lanes wide open, and the starting five of Al Roth, Irwin Dambrot, Eddie Warner, Mike Wittlin and Ed Roman took quick advantage. City took a 6-2 lead and then proceeded to embark on a 12-point spree which was interrupted only by a foul shot by Mariner Don Hirshberg. Roman garnered 7 of the 12 markers, while Roth and Warner made 3 and 2 respectively. With the Lavender leading, 24-5, Holman sent in Platoon No. 2, consisting of Joe Galiber, Floyd Layne, Norm Mager, Herb Cohen and Ronnie Nadell. The second Beaver five wasted four minutes warming up to the situation at hand. While they blew several scoring attempts, the Mariners hought the count to 25-10 on I uls by Wolfe and Fitzpatrick and a set from the side by Hirshberg. But the men from Kings Point were never that close again for the rest of the night. The Lavender found the scoring range at the 14-minute mark, as Herbie Cohen made 3 quick field goals Norm Mager rebounded success fully for a two-pointer, and Gali ber and Arnie Smith made three free throws between them. City' halftime lead was 35-15.

Wittlin Paces Attack

Things came to life in the sec ond half as the first platoon came back and forced the play all the way. Mike Wittlin led this com bination with his beautiful feed ing and the pace became furious City displayed the class that has already won it considerable acclaim from the radio, press and competent observers for the first time in the evening at the fiveminute mark. Leading 49-20, the a tap, a one-hander, and a hook, from the torrid pace which they

and left the crowd gasping. Mike Wittlin came out at this point and received the biggest, and mostdeserved, hand of the evening.

The Beavers looked more at Beavers went on a 14-point binge ease in this game than in any that saw two Wittlin - Dambrot; previous contest, but their shootbreaks of unsurpassed excellence, ing percentage of .321 was a drop

through many a year before a mark of .321 is found to be a falloff from the season average! City made 37 out of 114 attempts from the field, but their total of 8 out of 17 from the foul line showed the old Lavender weakness in this department.

Beavers Drown

By Stanley "Nipper" Naparst

Showing surprising strength after their loss to-Seton Hall last week, the Beaver swimmers soundly thrashed Brooklyn Polytech last Saturday afternoon, in the City College pool, 45-30. The junior Beavers added insult to injury by outswimming their freshman rivals. 28-27.

Not for a moment was the outcome in doubt as the Lavender splashers took an early lead by ! the 300-yard medley. The team of Howard. Gudz and Walker won easily in 3:26.4. The 200-vard free style was handily taken by Browdy and Goldstone in 2:32.3 with Larson of Polytech a close third. Traiteler of Polytech was declared the winner of the 50yard free style when Herman of City College was disqualified for being out of his lane and interference. Halloway and Sellinger took second and third places respectively.

Singer, displaying excellent and the 440-yard free style were

SPORTS

By Phil Goldstein

The basketball rulemakers have finally given the paying cus. tomer a break. It has taken a long time indeed, but those learned men, who study the effect of the steel hoop upon the leather spheroid, have at long last decided to throw variable John Q. Fan into their equation. The result has been a happy one—an infinitely safer and more practical spectator game.

The baskethall governing officials are to be congratulated for their display of rare statesmanship in adopting the rule which awards possession of the ball to the feam which has attempted a foul shot in the final two minutessof play. Their action doubtlessly was prompted by the recognition that college basketball is perhaps the most dangerous of all sports for the fan. The man who faithfully plunks his money down at the basketball ticket window is subject to all sorts of spectator

For instance, many cases of high blood pressure have been the ect result of a tying basket villainously tossed through the hoop ing the waning moments of play. There is good reason to believe : ulcers, chronic insomnia, and a wide variety of other nervous orders have been induced by errant passes hurled in overtime periods. One case has been reported in which a fan-an innocent systander, he—had the rather disturbing experience of being kicked in the back of the head by an overwrought Beaverette as he stooped to retrieve his pipe and two teeth which had been dislodged previously by a remarkably accurate elbow, hurled in the heat of spectatorship.

The suffering of the spectator is due, in a large part, to the nature of the game. Basketball has shown an increasing tendency in late years to overexcite the fans to an alarming degree. Mass hysteria has been prevalent during many court contests, and we'll-defined symptoms such as the organized raucous shouting of barbaric slegans at the instigation of mischievous cheerleaders, the wild, hysterical screaming and stamping of feet, and the delirious leaping in the general direction of the ionsphere, reveal an ominous trend.

Now, with the advent of the new two-minute rule, it is expected that this trend will be checked. The rule will see to it that close. excitement-provoking games are minimized. The adjective "spinetingling" will become obsolete in basketball terminology in a very short time. The fans will now be permitted to view contests in an atmosphere of calm—devoid of all forms of boorish distraction.

Moreover, the new rule will permit the spectator to slip home early since it shortens most basketball contests to 38 minutes. However, if he chooses to stay a bit later, he will be treated to a stirring exhibition in the art of the undisturbed freeze by the "winning" team. This fine drill in passing dexterity should prove quite educational. If the other team, however, chooses to interrupt the exhibition it will suffer the penalty of having the scoring gap widened as the victors convert the ensuing fouris.

The rulemakers have indeed done a superlative job. The longsuffering fan has been taken care of. I would advise the basketball leaders, however, to go one step further. They should direct that the lights in the seating galleries be turned on during basketball games in order to permit spectators to read during the course of play if they are so inclined.

Beaver Frosh Trims St. Peter's

and excellent teamwork, the Freshmen Basketball team literally ran off the St. Peter's Frosh, outdistancing their opporters in 71-53. Saturday night in the Main Gvm.

> The Baby Beavers of Coach Bobby Sand were not hampered by a lack of rebound strength—a perceptively all season long. Big Cohen.

By dint of tremendous speed Artie Dlott, Teddy Levine and Alian Cohen were outstanding in this department as they dominated both the offensive and the defensive backboards. This factor, plus the speed displayed by Moe Bragin and Dave Simmons enabled the Lavender to triumph 50 strikingly.

Alien Cohen led the Lavender handicap that has plagued them scorers with 14 points.-Herman
