**TWO AIR RAMS**

By Art Rabin

Under attack by various decoys and unable to get any sleep, "Laughing" Milton Luchan continues his vigil the third day on the grass adjacent to Convent Avenue. The Allegarooters, who originated the entire idea, have arranged with Pete's Lavender Food Shop to supply Luchan with two meals a day. He promises to remain in his tent until the Beavers come up with their first football victory.

The City graduate student, whose last term became famous as head of the Laughing Society, was asked by Dean Sobel yesterday, "Do you have any complaints about your present route?"

The tent was put up Tuesday morning, and the Allegarooters were sources of the whole idea. The custodial staff that the whole deal would be terminated unless the crowds were kept at a distance. In the afternoon, the deans ruled that Milton had his point, but as OP went to press last night, Luchan and tent were still intact.

Luchan describes his first night in the tent as a series of interruptions. At one point, he was rudely awakened by the chimes from the City Church, and he was visited by a few friends whom he hadn't seen for a year and a half. He managed to get rid of them by 1:30, when he was rudely awakened again by a pajama-clad Army Hall resident's bearing a letter. It read, "We, of the Army Hall Residents, want you to back your stand." His attempts at outfoxing them were successful, because he refused to carry out their point of view.

There are 240 students enrolled in the City College. About 75 students are expected to elect Dean Sobel for the fifth time on the last day of the voting period. The President of the Student Senate, Marvin Rosenthal, has been chosen by the students for the fifth term.

Student divided opinions of the Secretary of State, James Byrnes, who has been chosen by the students for the fifth term.

Leaflets and Censorship...

On November 1, 1949, Observation Post took the following editorial stand on the issue of the Student Life Department's action in leafletting.

"About censorship!

Dangerous possibilities are inherent in the present setup requiring all organizations to submit leaflets to the Department of Student Life for approval before distribution.

Prima facie, among those dangers is prejudiced action, conscious action or otherwise, on the part of individuals who pass on leaflets.

We do not charge the Department of Student Life with malicious prejudice.

We do not contend that a degree of prejudice is unavoidable whenever one individual or a group of individuals passes on the opinions of other groups.

Observation Post urges that the present regulations governing leaflets be removed at once.

We offer the following plan as an alternative:

Organizations wishing to put out leaflets would do so without prior restriction.

In the event that an individual or group feels that it has been libel in some leaflets it could bring its complaint to the newly-created Student Council Judiciary Committee which would determine the validity of the claim.

If a libelous statement has been made, the Judiciary Committee would be empowered to force the organization to withdraw the libelous statement from circulation.

Observation Post's faith in the maturity of College students and student organizations tells us that the plan would work.

Libelous statements would be curbed.

Political opinion would be unrestricted.

We call upon the administration and Student Council to sponsor and adopt this plan...."

We believe that our position of a year ago has not been weakened but strengthened. The happenings of the last week in YPA and the Department of Student Life.

By exhibiting, in this vital matter, confidence in the Student Body of the college, the Student Council could go a long way toward restoring the student's confidence in it as a governing body. The Administration, in the long run by fighting such a proposal, would have nothing to gain and everything to lose. It would, by granting this proposal have gone a long way toward the establishment of a sound and healthy student-faculty relationship—based on respect and confidence for all concerned.

Fullbright Scholarship

During the coming year, 600 American college graduates will study or do research abroad. Each will be sent to a foreign country by the National Board for the Commonwealth. Among the 600 students who will be selected are 100 American citizens and 200 of each of the following: 100 French citizens, 100 Chinese citizens, and 100 Portuguese citizens. Students will study in the countries of their choice under the approval of the Department of State.

The money for the program comes from the sale of surplus property in the countries, and is under the supervision of the Department of State. Some of the countries include England, France, Italy, and Turkey.

Interested students can secure information and necessary applications from the Director of the Fullbright Program, room 120, Thorne Hall.

OP Carnival Cutie

Bitter Rice, or a Kinsey Report on racy paddies, was set without its compensations. This little bit of life in the raw is currently showing at the World Theater, 99th and Broadway. With all Italian dialect the plot of Bitter Rice is somehow oversimplified. The characteristics are somewhat stilted, and the photography in spots is rather poor. The main compensating factor is the form of Sylvia Mangano, and believe me she is in form through-out the entire picture. Miss Mangano, an Italian version of Joan Russell, cannot be accused of not being all there. Her very prominent features dominate the entire film.

Although most of the choice moments of dialogue remain unranslated for obvious reasons, the gist of the picture is not concerned with communal party's not cooperating with the McCarran Act, entirely out of the context, which was that Mr. Fast had stated that the bill would augment the facilities and the TVA.

In your editorial you call Mr. Fast "condemned Communist." Perhaps we must wait for the report when different meetings but we understand Mr. Fast to say that attacks his TVA and McCarran Act et al., are attacking the roots of Democracy for trying to legalize a political organization and second because this suppres-sion is nothing more than an attack on other political organizations and our country's minority groups.

If a libelous statement has been made, the Judiciary Committee would be empowered to force the organization to withdraw the libelous statement from circulation. Observation Post urges that the present regulations on the printing of leaflets be removed at once. We agree with Mr. Fast on some points. I believe that while he may not know it all he knows enough to be right whenever he says something. Sincerely yours,

Joan Anderson Jack Rubinstein.

Let's Go Sophs! Let's Go Straight! That's the battle cry of the Class of '50. The Socials are coming, the Savoy Plaza Hotel, on Friday at 8:30, and the YPA crew is looking forward to it with great anticipation. It is a fitting end to the year and a welcome break from the academic grind. The Socials provide an opportunity for the students to relax and enjoy the company of their friends. As a result, the Socials are always well-attended and are a highlight of the year.

The money for the program comes from the sale of surplus property in the countries, and is under the supervision of the Department of State. Some of the countries include England, France, Italy, and Turkey.

Letters

Dear Sirs,

In your editorial entitled "The Truth," you advised your readers to pride yourself in your impartial "Third Way" policy. At the same time, both in your "news" story and editorial, you condemned the Fullbright Act passed by the 73th Congress, the government, the administration, and the Department of Student Life. There was a standing audience of 110 people at the meeting in the Center last night, that there were over 400 people present.

You state that "there can be no doubt as to the authenticity of Miss Mangano's lines, and believe me she is in form through-out the entire picture. Miss Mangano, an Italian version of Joan Russell, cannot be accused of not being all there. Her very prominent features dominate the entire film.

Although most of the choice moments of dialogue remain unranslated for obvious reasons, the gist of the picture is not concerned with communal party's not cooperating with the McCarran Act, entirely out of the context, which was that Mr. Fast had stated that the bill would augment the facilities and the TVA.

**LILLY CHRISTINE**

By Sandy Ellis and Paul Kbeschauer

If any of you buggers have been trying unsuccessfully to scrape up the seventy-twenty you need to get a good peek at Lilly Christine, the "Cat-Girl" in Mike Todd's Peep Show, at the Winter Garden, your worries are over. Miss Christine will put in a personal appearance here at 12 o'clock today, touring the campus, then repairing to Room 306 to answer any questions the student body may have.

Miss Christine had composed her emotions for her appointment with me, and in fact remained quite calm throughout the interview. To my first request, for a brief dossier on her physique, she replied she was 5 feet 7 inches tall, weighed 130 pounds, and had a 36-inch bust, 24-inch waist and 36-inch hips. She is twenty-two.

"Tell me, Cookie," I interposed, "could you cotton to a college boy like me?"

"Why, I just love college boys," she replied.

The "Cat-Girl," I subsequently ascertained, is a study in muscular construction. "I consider myself a dancer, not a strip-teaser."

And furthermore," Lilly concludes, "I consider myself a dancer, not a strip-teaser."

Vive la danse!

8:00 A.M. to 10:00 P.M.
Ground Floor, A.H.
Chances Good Sat. For '11 and Lynch
Will Milt Luchan have to sleep in his Lavendar under­wear for another week? The students want to know. Miltie himself wants to know and above all, Irv Mondschein, Beaver football coach, wants to know. But it seems that Luchan can only keep this up so long.

Chances are, however, that the Milt Luchan story will be continued on Page 2 and that there will be a defc-at Jac Saturday, as is the custom. The Lavender, back from the dead, will be back into a Beaver victory will be de­clared back into a Beaver victory will be de­clared back into a Beaver victory.

According to the Shephard sports bureau, it's going to be a Beaver victory on Saturday. Another day under the Lavender last year. 28-17. We played them on a dirt floor. It was tough dribbling and, boy, how he can pass. The Lavender showed excellently with the Maccabiah team, and beat the Beavers. It was a pretty quick ride. We even met some City fellows in addition to the first five. Ronnie Nadel, Arnie Smith, El Tudukey. Octobar if.

Air France flew us over. I don't like airplanes too much, but I had a pretty strict rule. We landed at Lydda airport, just outside of Tel-Aviv, and they put us up for a few days. The place was a former tennis court set-up which had been turned into a giant mud pool, and we played on the dirt floor. All the games were there. There is 3,000 for every game. The Levitc, a Duquesne trumpeter, showed excellently with the Maccabiah team, and I beat the Beavers.

Getting back to last week. We pressed out the Sheepshead to the hilt. Al Tosi and Don Illy played on the team. Also Abe Goldberg all scored well, with all the dirt. All the games were played on the team. Also Abe Goldberg.

The Lavender had a key man this year in Sal Miti, who, on the basis of his record so far, certainly does deserve to be boomed for a Little All America. He can kick his butt into gear, get up twelve or sixteen out of twenty-one completed passes against Hofstra. Two of those were against Knowles. If Schek, will be Miti's passing mate. Of course, they both look like Hofstra and the Beaver se­condary will be chasing Miti's record play but for the Beaver line.

As for the Lavender hopes, they can be summarized by saying that the Beaver line, Ed Roman, streamlined to perfect basketball shape by an intensive off-season schedule, is one of the few who'd rather have you. A large schedule. 'I just like to play more basketball,' is his answer to questions which indicates that the current edition of the court Beavers won't be fooling around.

Booters Risk Winning Skein Against Pratt
The soccer team having completed four games of an elevator match schedule without a defeat, will play the Inaugural Match at Saw Mill River Park in Long Island this Saturday to meet Pratt Institute at 2:00.

Pratt Improved
This tilt, second in the Beaver's quest for the Metropolitan League Championship, will be a pushover for the Lavender. Pre-season reports stated the Beaver club improved over Pratt half ball club over last year. We have never run into their re­ports by beating Queens College, another of the strong metropol­itan teams. Their only loss this season came at the feet of Brooklyn last Sat­urday, 3-0.

Unbeatend
With two victories and two ties this season, the booters are going to have a straight game without a defeat. In the final game of last year they triumphed over Pratt, 9-2. This season, vic­tories have come at the expense of New York State. St. John's, Columbia, and Columbia. Their ties were against the Merchant Marine Academy, 4-4, and Gemmac College University last Saturday, 1-1.

Aivrich Stars
This last Saturday with only complete result is that the al­ley way up to Connecticut, where the huskies were not a match for the Lavender.

Naivch continued his scor­ing spree by booting one in on pass from Gil Chevralet at the fif­teen minute mark. Two minutes later. Tom Merta, Captain of the Purple Knights, tied the count with a point from a penalty kick. This ended the scoring for the day.

Exclusive
ROMAN ON ISRAEL GAMES
By Ed Roman
Well, you know, we went down South America to play ball for the Lavender in Israel. The players, as a whole was sponsored by the Jewish Agency, and they took us down to Brazil, Uruguay, and Argentina, and most in Rio de Janeiro, and Sao Paulo. We won them 17 to 0 and 18 to 0.

Ed Roman
Olympic Games Thrower.

In addition to the first five, Ronnie Nadel, Arnie Smith, El Tudukey. Octobar if. We used to call him the worst I ever saw. Let the opposition worry.

In the semi-finals we ran up two points for the United States. We didn't try too hard and we were able to win it. We won against Turkey.

We fell to the British, but we won against Japan. We got 3 points. We had a bad first half but we won 42-21. I scored 24 in that last game.

Mom' Mondschein, who is rationally, and the people have coach of the U.S. track team, a tough time. They don't count a lot of easy points on the track meet. They scored 15 points.

A great nationalism is associated with track and field events, so after basketball and soccer, there is 3,000 for every game. They take our nation to the world, with the hammer. The night before and the you can feel it. They are very right they showed me how to do. This is a sport and a thing, to those people. They know what they're doing.

Our trackmen are doing well and there is a lot of excitement in the air. We are doing very well and we are doing it.
