Alumni and Jobs

As a result of the twin basketball tournament victories and the manpower shortage caused by the Korean war, it has been noted that job opportunities for graduates and alumni of the College have improved considerably. It can safely be said that anyone who graduates this June will have little difficulty securing satisfactory employment provided that they can escape the clutches of the Selective Service. This is the year when the Selective Service College today, does not mean that it will always be so. Once the critical manpower situation levels off as it must eventually, barring a war; and the years diminish the memory of the wonderful opportunities available the College in the past. Thisipa body, unfortunately, remains as an untapped source of aid.

Can't the College administration, or faculty or student council or some other responsible agency sponsor such an alumni job opportunities committee? This alumni-student-faculty committee that would seek not only jobs but good for College graduates with the best men being channelled into the best positions.

The merits of this plan are indisputable. The only thing that need be done is for some one to sponsor such a plan. In the formulation of such a plan, the seniors of the College would have their future made less uncertain. The faculty of the College would be given a sound, constructive framework in which to form better relations with the alumni which would perhaps for the first time in the history of the College become reunited with the student body again.

Good Luck, Impy

We wish at this time to extend our sincerest congratulations to the new Mayor of New York City. Vincent R. Impellitter. We hope that he will conduct his office in the high spirit of independence with which he won the support of the people.

This we've got to see)

Big Brother Activities

In most large universities in the nation, freshman orientation programs take precedence over every other student activity. Hazing, fresh-soph, tug-of-wars, freshman-faculty parties, curriculum guidance and extra-curriculum encouragement for the freshman are the activities which secure the freshman to campus life. That is everything we had at City College.

Aside from the excellent freshman assemblies conducted by the Department of Guidance, and the fairly competent freshman activities committee we have an inferior to know which freshman orientation activities exist at the College. We haven't even any.

Dances Trade HS Innocence For Collegiate Sophistication

There is nothing more annoying to the dapper, dance-goging Collegen than the fresh-soph who is too young for the Friday Night Hygiene Dance department. The gals in their first year have such young lasses at their disposal that they feel no remorse if they were run out of the city and allowed to stew in the pastures and small-town drug stores they yearn to escape. Young ladies in our college are not so sensuous that they have developed tremendous inhibitions to all things collegiate. They have become the ruling body and they are watchful to see that gals as well as boys be well-behaved within the bounds of our college. The truth of the matter is that the only people who enjoy the goings-on from various seats of learning are the big-town is a joyous event to the bored collegian chained to his precarious existence.

As Mayor, by taking as prompt an action in insuring "The truth of the matter is that the only people who enjoy the goings-on from various seats of learning are the big-town is a joyous event to the bored collegian chained to his precarious existence."

The campus is kept at a minimum. They sneer at the occasional outburst of extra-curriculum encourage.ment provided that they can escape the clutches of the Selective Service. This is the year when the Selective Service College today, does not mean that it will always be so. Once the critical manpower situation levels off as it must eventually, barring a war; and the years diminish the memory of the wonderful opportunities available the College in the past. Thisipa body, unfortunately, remains as an untapped source of aid.

Emlyn Willams' Thriller at Pauline Edwards Playhouse

The Sociology Society presents "The Loved One" starring W. C. Fields in one of his best roles.

This presentation combines comedy, tragedy, suspense, plus a dash of music and a tinge of sex. Edon "Dinky" Dumler is starred as Dan, who kills to the strains of "Mighty Like a Rose." The author made the roll of Dan himself by his performance in the original Broadway production. Acting from a wheelchair, Florence Otchansky portrays the feminine lead, Mrs. Bramson. Julie Bovason portrays Olivia, Mrs. Bramson's niece, who falls madly in love with Dan. Other actors in the production are Dan Castello, Eleanor Klein, Rodney Metzger, Zelda Bennett and Joan Olmer. The production is under the direction of Mr. Wilson Lehr Public Speaking.

The scenery is quite extensive, including two rooms furnished in Victorian style and a garden. The sets were designed by Eldon El der of the Public Speaking Department, who was mentioned in Glamour magazine as "one of the most promising young men in the theatre."

Tickets
Tickets can be obtained in the back of the cafeteria, at the Beaver Bookshop and at the box-office. The price is fifty cents for the Thursday and Sunday night performances and one dollar for the performances of Friday and Saturday nights. Students are urged to buy their tickets in advance as the supply is rapidly dwindling.

Music Department Concercts Held At Harris Auditorium

The Music Department will initiate its sixth concert series on Wednesday, November 15, at 8:00 P.M., in the Townsend Harris Auditorium. The program will consist of Prokofieff's Symphony No. 5, a Schubert Serenade for four hands at the piano, and Copeland's Variations, also based on Jewish themes. For convenience of the listeners, the program will be completed within the hour.

The concerts are under the direction of Professor Fritz Jahoda and will take place every Wednesday at 8:00 P.M. in the Faculty Room until December 22. Faculty members, students and performers from outside the college will render little heard works of composers such as Schubert, Mozart, Beethoven, Czeck, Hindemith, Bartok, and Janacek. The newly organized Pro Music Society is collaborating in these programs thanks to Otto Deri, 'cellist, who teaches Music 1 at the College. The concerts will show slides and discuss the composers, problems, and conclusions of their two-month research. The informative meetings will take place on Thursday, Nov. 16, from 11:30 to 2:00 in Room 206 Main.

ATTENTION!!!

All clubs and organizations who desire to have their activities publicized in "Club Notes" will please note that the deadline for copy is the Thursday before. No late copy can be accepted.

Be Happy-Go Lucky!

Enjoy your cigarette! Enjoy truly fine tobacco that combines both perfect mildness and rich taste in one great cigarette - Lucky Strike!

Perfect mildness? Yes! Bet. Scientific tests, conducted by three independent consulting laboratories, prove that Lucky Strike is milder than any other principal brand. Rich taste? Yes, the rich taste of truly fine tobacco.

Only fine tobacco gives you both real mildness and rich taste. And Lucky Strike means fine tobacco. So enjoy the happy blending that combines perfect mildness with a rich, true tobacco taste. Be Happy-Go Lucky!

Campus Interviews on Cigarette Tests

Number 5...THE GNU

"I gnaw the answers... but I wasn't talking!"

The debating team couldn't make much use of this non-talking baby... but one look at his "literary leanings" tells you that tests don't buffalo him. "Specially those tricky cigarette tests! As a smoker, you probably know, too, that one puff or one sniff can't prove very much about a cigarette!"

Why not make the sensible test—the 30-Day Camel Mildness Test. You judge Camel mildness and flavor in your own "T-Zone" (T for Throat, T for Taste)... for 30 days. Yes, test Camels as a steady smoke and you'll see why...

More People Smoke Camels than any other cigarette!
