'Snake Pit," a motion picture which portrays conditions prevalent in many moutal institutions, will be presented next Wednesday, March lain, in Room 315 Main. This picture will inaugurate a series of weekly films to be presented by the Student Council Social Functions Committee. Admission is free and all are wel-

The documentary film, "Boundry Lines," will also be shown as part of the program. The latter film is put out by the National Conference of Christians and Jews.

Steinberg Asks **For An Increase College Fees**

Ed Steinberg, Student Council Treasurer, has come out in favor of increasing the Student Activities Fee from the current amount of \$1.50 to \$2.00.

Last year, in a referendum, those students voting favored this increase. However, the number of votes cast was judged to be insufficient.

Ed stated in an interview toat College organizations now request more money than can be appropriated. With decreased enrollment expected in the Fall, the amount of money available through Fee Plan will be re-

Helpful Attitude Toward Four Asked by Buckvar In Young Liberal Debate

By MAL LONDON

"I for one could not say that they should be readmitted; I haven't spoken to the boys and don't know the extenuating circumstances. Our attitude now should be one of helpful-

ness." These statements were partof a speech by Professor Buckvar of the Government Department preceeding a debate on the topic of reinstatement of the four players, sponsored by Young Liberals and presented last Wednesday.

Although the attendance was small, a lively general debate ensued following the four speakers. Ed Cohen, President of the Athletic Association and Mark Maged, former Editor-in-Chief of Campus, spoke in favor or reinstatement, while Larry Gralla, former Sports Editor of Campus. supported the negative view. Taking a different stand, Sy Fichman. Chairman of the College NSA Delegation, declared that the four should be allowed to return, if they so desire, with the understanding that they eventually attempt transfer to another college.

Ed Cohen's speech stressed the idea of fulfilling the college's responsibility and obligation to these feilows." Expressing the belief that the four have suffered punishment enough, Mark Maged asked that they not be punished once more by barring their re-

fee Interviews .

In a letter to President Wright, Professor Gerald Erlich and a number of his colleagues have urged reinstatement of Ed Warner. Ed Roman, Al Roth and Floyd Layne.

Doctor Erlich, in an interview, expressed the view that the boys have been punished enough. "If there is any human understanding left, we at the college should lend them a hand." Towards this goal, many telegrams have been received from alumni.

"Doc" Erlich said, however, that the boys were mature enough to know what they were doing, and a penalty must be at-

HAZARDS IN GYM

By NORM VERKMAN

This is the first of a series dealing with Hygiena Department problems.

The Hygiene Department is not meant to be the scapegoat of this series, but we will try to depict all existing conditions detrimental to the Departwill be outlined as well as Administration, Maintenance, etc.

The more obvious deficiencies of the Department will not be investigated. The lack of benches for some locker rooms, the intolerable amount of dust, the lack of clothing lockers in the basement of the Tech building: these faults will not be treated in this first series of three articles dealing with the Hygiene Department proper. A separate article will discuss related Departments.

Students' Health (?) Guidance The College doesn't even own an X-Ray machine. So outside-owned ones must be brought in for the freshmen examinations, and those injured in collegiate activity cannot be treated, save for makeshift first-aid, by the College

physicians. The Evening Session has a Health Guidance Program in which students interested in "their personal hygions and physical activity" can schedule interviews with the Counselers, but there is nothing of the sort in the Day Session, probably because of the size of the envolle

Some 2% of the Hygiene class students are Federal State, and inaugurated in the near future, recommended and placed in special facilities at -ROCHIMOV South Hall, in lieu of regular class at the Main or extra-curricular activities after class.

Tech Gym. Yet, quoting official sources, it is a fact, that another 8% of the students could be placed in the Special Hygiene classes, and be greatly benefited. This glaring fault is also officially attributed to the usual "lack of funds and

City Father Economy

So many tenants use the Stadium, like the track and the football team, that service is necessarily impaired; this is a fair picture of what strain the other College facilities of similar nature have to undergo. The funds and facilities of the Hygiene Department are taxed by the 1100 individual participants in intercollegiate sports, and therein is given another reason for the limitations put upon the amount of available equipment for intra-mural and Hygiene class sports.

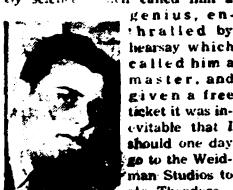

Only 50% of last year's turnouts have been present at the bashethall games this year; the College student has other levelties then there due the College, and especially true in this case where the city is so leege in which the College is located. So over funds suffer a lack from this factor of year game attendance, as well as from "City Father Economy!"

Poor athletic facilities have thus contributed to the current attitude of the College being a "degree lactory"; whereupon the average student goes home to study, rather than participate in

Ugly Theo

City Late Finisher in Birth Stakes-Low Kid Output

By BOB SALGADO

Whatever the students learn at City College, it is not conducive to raising large families. In a recent survey, made by the Population Reference Bureau, City College ranks 170th out of 171 Colleges in the production of offspring. The

class of 1940 has three children for every four graduates.

From what is observed about master, and the campus, it is hard to believe these facts. A college magazine, which shall remain anonymous, pays semi-annual tribute to the fair sex in picture, fact and fiction. It is hard to find a College with so many campus queens. This term a new one has been added to the list. The couples in the caleteria are prime examples of love in full bloom. Moreover. many students are already married, including some of the College's best athletes.

This may be an example of all talk and no action, but it is unlikely. The choice of the class of 1940 is unfortunate, since it was a class that was destined for war and not for marriage. Most of He hates us because he is not these men did not come back un-

read that Rackets Prosecutor Thomas E. Dewey was looking for assistants. Hogan sent in a letter of application. Then on July 25, 1935 Dewey named Hogan and four other young lawyers to his staff. Among the others named was Paul Lockwood, who became a close friend of Hogan. When, un November, 1936. Hogan married Mary Egan of Brooklyn, it was Lockwood who lent Hogan a top hat to wear at the wedding.

As Deputy Assistant Chief District Attorney Frank Hogan did much of the spade work for his chief, Tom Dewey. He was Chief of Staff of the prosecution forces that sent Jimmy Hines, Tammany district leader and powerful political figure, to prison for fraud. Hogan collaborated with Jacob Grumet on the Lepke Case that sent the mobster to Sing Sing for extortion in the trucking business. Oddly enough, Grumet is now attorney for the three City Colloge stars now awaiting trial on bribery charges. Lepke's lawyer is counsel for Salvatore Sollarzo, the alleged fixer.

In 1937 Dewey was elected DA of New York County and Hogan became one of 75 assistants. After is is a wholesome thing because it is the closest we will ever get being defeated for Governor of New York in 1938 and the Republican nomination for President in 1940, Dewey decided not to run for reelection as DA in 1941. He submitted publicly a list of four of his assistants who he thought would serve well in the job. The list included three Republicans. Frank Hogan, an independent cles about him. SC-people adore. Making them Democrat.

This is Miss Hillel. Take our it. She's walking us this very e, probably bounded by men with the exection. All you have to do is pop the question: "Are you blies Hillel, buth?" A bes of gold—well, not enectly ed the lady if she says yes.

'Nine' Hurling Corps Hurt By Loss of Floyd Layne

By WALTER PORGES

"Yes, we'll miss Floyd Layne," said baseball mentor Sol Mishkin in response to this reporter's query, "I figured him to be one of our regular starters this season." Coach Mishkin indicated that this year the Beaver Baseballers would have no regular relief pitcher, but rather "each boy will pitch in turn and will have to do relief pitching when the occasion demands it."

The team has been working out in Lewisohn Stadium for a few days, but has been hampered by both the wooden track and ROTC classes which also have gone outdoors this term. The squad is slowly rounding into shape and the "skip" is pleased with the results this far. After almost a month of working out, several members of the squad are assured of starting berths.

Madelena-Returns

Definitely assured of being a member of the varsity nine is third baseman captain Jerry Madelena. In his sophomore year, Jerry was chosen all-league center-fielder, and has a good chance of repeating this year at the hot corner. The hard hitting senior will again bat in the third slot in the lineup.

Harry Lund and Al Ritucci will bear the brunt of the receiving chores, and will also alternate in right field. In any case, the Lavender cause will be greatly helped by their fine stickwork. Stan Rosenthal is slated to occupy the second-string catching berth.

The keystone combination may be brought up intact from last year's freshman team. Larry Cutler, flashy scoopshovel who cavorts at second base, will definitely be the team's regular second-sacker. The other half of last season's yearling keystone combiviation, Dick Dickstein, is at presthe shortstop berth.

First Base Open

Lavender Blues

By Hank Wexler =

I once knew a fellow who had gone to Notre Dame. He hadn't been graduated from the South Bend mecca of football and he didn't play football. But that didn't matter. Wherever he went he was expected to throw victous downfield blocks and punt fifty yards He was as I remember, constructed in no spectacular way and couldn't mousetrap a sixty-year-old lady with the aid of Mandrake the Magician. But that didn't matter. He hall once gone to Notre Dame and Notre Dame was football and why the hell shouldn't he be one fine pigskin player?

That, in a sense, is City College's problem today. It is as tragic as it is heart warming. It can make you cheer like a lung. tic or cry like a baby and it has been this way for many years and especially for the past year. Notre Dame may be a fine educational institution, but football gave it its name, got jobs for its graduates and made more students want to go to South Bend than ever before.

City College has been a going concern for more than a hundred years. Its graduates range from the builder of the Panama Canai to this country's most distinguished elder statesman to the world's best harmonica player. It has a tradition of scholarship unmatched by any undergraduate institution in the nation. It stands as the first of the great free municipal institutions of higher learning in the

But it took a round leather-and-rubber ball and a fairly complicated game built around it to gain respect for City College. Mind you, just gain respect! Basketball did what the brilliant minds of Park and Goldberger and Cohen and Frankfurter and Sinclair and Patri failed to do. It made America City College-conscious and made New York sing "I Wanna Go to City College!" It made 34.000 students and 100,000 alumni walk with a strut and feel damn good to be alive. It made us belong-and we belonged pretty near the top.

That is basketball's relation to CCNY. We're not a basketball factory, but it's more than a game here. Our students don't scream themselves sick in childish identification with a group of hired Hessians. Basketball is their way of showing the world. It's like the kid from the other side of the tracks being able to whip the rich kid in marbles. Social position and reputation have no priority on skill. Give the dirty kid in tattered jeans a fistful of glass marbles and he's king. They all have to look up to him. As long as this particular skill is the key to gaining respect that kid will play marbles.

Now that the College is out of the Garden the question, of course, is whether or not we will be back there next year. While College officials have expressed a desire to continue, the members of the Board of Higher Education can, and may, put us out of Ned Irish's palace for good. I hope they ask the students first. It would be one bad break the kids at City College don't deserve.

Varsity Club Promotes Relations Among Athletes

One of the most important forces for promoting friendly relations among the many athletes who compete for City College is the Varsity Club. Unheralded and unknown to the vast majority of the
