Speaker at Education Society Gives View on Loyalty Oaths

By Molly Roland

In a follow-up of Dean Egbert M. Turner's (Education) speech two weeks ago on loyalty oaths, the Education Society presented Thursday, March 12, a forum on "The Qualifying Examination for Teachers." Mrs. Turner is an assistant in the Social Studies branch to a member of the Board of Examiners.

Every prospective teacher who hopes to get a teaching license in New York City must be passed by the Board of Examiners. Besides the obviously necessary scholastic requirements, Mrs. Turner tried to explain that aside from the Board wants and the screening process by which it sets its standards, the teacher must embody the qualities of mind and character she demands in the students. These qualities must include a "deep, personal devotion to American democracy and American institutions" which, according to the speaker, must permeate the teacher's thinking.

To pass the Board of Examiners which is under oath to adhere to the qualifications set up by the Board of Education, the student must take an oral and written exam as well as an intelligence test. The officials of the College say that the applicant caps are asked for endorsement of the candidate. The official may en masse our boy, girl, or else may mark the application "approved with hesitation or reservations."

The speech was inspired upon the right of the College to check on the loyalty of any student. In reference to the recent example of a student not being certified as a civil rights advocate by the College, Mrs. Davis said that Dean Turner had the right not to certify the student and that to do so is the privilege to do what his conscience says.

Dean Turner was asked by OP to give his opinion of the Student Council resolution condemning the Schine Plot. He made no comment on this matter. As well as on any other they said that the student denied state certification.

SC Considers Resolution Opposing dean for Pres.

By Fred Borela

Student Council, Friday night, sent to a special committee consisting of Executive Committee, a resolution expressing dissatisfaction with Mr. Gottschall (Liberal Arts) as a possible successor to President Harry N. W. (1962-1967).

The committee will report to Council with their recommendations at this week's meeting.

The resolution was proposed by Arnold Walpinn, last term's SC president, contracted damage with President Gottschall's final program.

And whereas Dean Gottschall, in his present term of office, has demonstrated a lack of qualities necessary for a good leader, and the lack of reciprocal respect between him and the students of the College Community.

Now whereas Dean Gottschall has done this in his present term of office, as an administrator, has proved, in any way, prove him the following qualifications:

1. That of being able to work with students.
2. That of having the respect of the body and the rest of the students.
3. The College Community.

Irvin Schiffer, SC President, speaking as chair of the referring committee, assured the Council that the resolution was based on fact and the Council should wait a week before taking action. He said that, "the Student Council go on record as opposing any appointment of Dean Gottschall as President or temporary President."

The motion also provided for IRSC to send a three man delegation to appear before the Board of Higher Education Committee to obtain the SC. Later in the evening the Council elected Ernest Hauser and Jack Fischer to the Judiciary Committee. Mark Margul was elected chairman of the Judiciary Committee. Other committee chairmen are: Bruce (Facilities), Herb Viterbuck (Societies), and Irv Halsh and Dicks Medeline (Board Ref).

Letters...

Dear Editor:

In your first issue you spoke of possible candidates for the presidency of the College. You included

the name of Dean James Peace, and I was disconcerted to be elimi-

ated for the office because of his "caliber," "knowledge of the

work of the College," and his interest in student

activities. The V.P. feels that Dean Peace has demonstrated none of the aforementioned quali-

ties. If he is the most regrettable choice for the presidency,

Dean Peace has consistently shown a contempt for students

rights and struggles. Last term he began to show a dislike for Paul Robeson, a 40 year old Negro

student who became chairman of the NAACP. Dean Peace has demonstrated none of the aforementioned quali-
ties. In treating a person who became chairman of a student organization, Peace censored club leaflets and

Invitations have been sent
to the men's parents, and a late

turnout is expected. In addition, the equipment and instru-

ments which will be on display,

The event has attracted

attention of the New York pa-

pers, a number of which are ex-

pected to publicize it. This leads
to mind last year's review which was performed by virtually every New York pa-

per, and was sent throughout the country via INS and AP. From all indications, this year's even-

will be even better than last year's and will be a major event of the Spring Term.

By Lee Darrell

Thanks to their superiority in height, experience, and bench depth, Fordham handed the hoopsters their tenth loss of the season Saturday night, 55-52, but not before the Beavers threw quite a scare into the Rose Hill camp. The Lavender quintet capitalized on a zone defense and were in front nearly twenty-seven of the forty minutes, in a game witnessed by approximately 1800 persons. The Beavers broke even with an early 6-3 lead, which wasn't relinquished until late in the third period when Ram Captains Domershick, who, with 9 field goals and 2 fouls, totaled 20 points. Fordham's big gun of the evening was Ed Parchinski, who scored the winning points. Fordham entered the game. Fordham continued her stalling tactics, waiving foul shots in order to retain possession of the ball until the final buzzer sounded. Final score 55-52. In the preliminary encounter, the Fordham J.V.'s romped to a 64-35 triumph over the Beaver freshmen.

The biggest surprise of the day was John Tiernan's double victory over Howard Schloemer in the 220 and the 440. Schloemer had previously been undefeated in league competition. Both Schloemer and Tiernan hit their best times to date. The latter in winning the 440-yard free style established a new Brooklyn College record. Schloemer will get another crack at Tiernan this Friday in the Metropolitan Preliminary.

It was the second consecutive year that Charlie has scored for the Lavender. James Webb (La Salle) and Nelson Shinger of Dartmouth tied for first place with jumps of 6-41/2. Frank Gaffney tied Fields for first in the prelims.

Campus Interviews on Cigarette Tests

No. 35.

The Large Mouth Bass

I'm a sucker for a left hook!

Always a sucker for attractive bait, our aquatic brother went off the deep end and got caught on the quick-trick cigarette hook! But he warned his way out when he suddenly realized that cigarette mildness can't be tossed off readily.

Millions of smokers have found, too, there's only one true test of cigarette mildness.

It's the sensible test—the 30-Day Camel Mildness Test, which simply asks you to try Camel as your steady smoke on a day-after-day, pack-after-pack basis. No snap judgments!

Once you've tried Camel for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...

Camel leads all other brands by Mildness.
