Wisconsin Senator Resigns Seat To Assume New Office Today

By Hal Cherry and Andy Morales

Senator Joseph R. McCarthy (R-Wisc.) was unanimously elected new president of City College by the Board of Higher Education at its meeting last night. McCarthy, who has resigned his Senate post, will take office immediately.

The election of the senator came as a surprise to most officials at the college who expected Dean Morton Gottschall (Liberal Arts) to succeed the president.

In the past few months, the BHE has considered hundreds of candidates for the coveted position of President, which is currently held by Vincent R. Impellitteri.

Former Lacrosse Greats Organize Alumni Squad; Will Play 7 Games

By Ed Lipton

A group of ex-lacrosse stars from the College are forming an Alumni team this year. Coached by assistant mentor of the College team, George Baron, they will play a seven-game schedule against other athletic clubs and colleges. The formation of the team will mean that future graduates of the College will have something to look forward to after they have school instead of simply leaving their lacrosse days behind.

The team is shaping up well; while not too many have come out for it, those that have are all top-flight stickmen and can still give any opponent a good time of it. Some of the men are a little out of condition and may tire easily, since they have not played the game lately, but once they begin to come around, the other teams had better watch out.

There is only one man on the team who didn't attend City College. He is Dick Havel, a former assistant coach here. Otherwise, the team is composed of such former greats as Baron, who was an All-American goalie in his undergraduate days, but who will play defense on the alumni team; Colman, former football star; Seneca Erman, one of the highest scorers in the history of CCNY; Mel Weinberger, a midfield man; Al Chaifan, goalie, who was mentioned for All-American honors last year, and Don Wasserman who also drew honorable mention last season.

The alumni team has high hopes of taking the victory this year, in the annual season opener, but the caliber of the alumni counting out for the game has improved greatly in recent years, and the match this year should be a real rough tussle.

Mercy is an admirable quality, even on the part of college administrators. Our dean, usually so compassionate and understanding, should be aware of this.

Hay in hand, tongue in cheek, and heart in mouth, I ascended the stairs to Room 306, where Student Council had decided to hold its initial meeting of the new term.

Springing gently onto her pedestal, she began straining on equal rights for women. It was really quite amusing that we spoke for eighteen minutes according to the minutes of the meeting, saying nothing.

The problem was that of choosing an agenda. It was simple. Some one would say, 'I move to choose the agenda,' and a subcommittee of the first branch of the Committee on Committees.

In any interpretive epic of this type, it is first necessary to establish a point in history from which the story begins. In this case we shall begin with those Lyceumophobics who claim that "lycias" are a plague of mankind. Men have a great respect for the "lycias" in that they are always on the lookout for the next "lyciacism." The word "lycian" is a psychological term and refers to a person of strong will who is not afraid to express his ideas.

Athletics Go Underground: Holman Organizes Resistance; Violators Assassinated On Sight

By Martin B. Deutsch

Sports went underground at City College yesterday. This was announced by resistance leader Nat Holman following the Athletic Association edict to ban all sports activities at the College.

* Holman, speaking before the United Coaches of CCNY, said, "We will carry on. We will not permit our sports to be starved of Madison Square Garden once again draped with lavender bunting. As long as these boys want to play ball, we'll let them. Em," here, the other coaches, wearing slouch hats and sun glasses, broke into wild cheers.

The Boy's Association voted with the coaches, unanimously to adopt the following slogan:

"That old can't can't it may, but our-boys will carry on!"

Yesterday A.A. director Sam Wintergarden explained that the new move was strictly in keeping with the program of the athletic de-emphasis presently in force at the College. It was necessary to invoke the latest resolution, he said, because it was felt that the time needed in "honest" sports to play up the College's image. He further stated that the decision was not of his making but that he had been directed by his associates from "somewhere higher up." He stressed that anyone caught participating in any form of athletics whatsoever would be shot on sight.

Meanwhile, the underground movement has been picking up speed. Coach Holman has released a statement in which he explained that the sports program had already been defeated by the College's policies. The przecież games will be held in the Town and Sports hall. ANNOUNCEMENTS of the games will be found in the CYs and on the bulletin boards. The results and maneuvers of the games will be found in the CYs.

BROADEN CO-ED HYGIENE ACTIVITIES THIS SEMESTER

The success of recent experiments in the Hygiene curriculum has led the Department to go ahead with its plans to further expand its activities. Professor Frank Loyd announced last week.

From now on, the students will be able to choose their own activities, in all Hygiene courses. The choice will be made among boxing, wrestling, street-fighting, jai-alai, and clay-modeling.

Cured swimming activities will also be expanded so that not only men and women will be able to participate, but all others, too.

Among the more constructive suggestions received was the one from Mr. Jack Roker. He said, "Eliminate all swimming courses. They cause too many colds."

Mr. Joseph Meacham of West 41st Street offered, too. Many instructors overwork their students. A better solution, in his opinion, was running ten laps around the track. The students must be disqualified for this.

Nat Holman, CCNY, won the first round of this competition by defeating the student in the 100-yard dash. Students were able to choose the games with the Hygiene de-emphasis presently in force at the College, it was necessary to invoke the latest resolution, he said, because it was felt that the time needed in "honest" sports to play up the College's image.

Fencing

Another in the long line of Hygiene activities that belie the reputation of the scholastic athletes over the weekend occurred in the Town Gym last Saturday.

Through a sight accident, a real sword was substituted for a wooden club in the feature match of the day. Hal Silverstein was the victor at the expense of the instructor who was made to assume the belting duties.

It was only a coincidence that the two boys involved had been seen working with the same stick at different hours the previous day. This is interpreted as having had its influence on the accidental demise of Silversmith who died with the unexplained, the new "Marine ROTC" that has already been mentioned in the pages of the "Purge" squad.

The rifle team matches will be held in specified City College shooting galleries and leagues will perform in Lewish House Stadiums, but will have the players wearing ROTC uniforms to deceive the newly formed "Purge" squad. Coach Molin of the baseball team has been negotiating with the Polo Grounds. The uniforms will compete under water and track men will keep in shape by various exercises.

Professor Wintergarden told OP this morning that the boys will stand up at the College. He added, "All physical activity by participating in the new "Marine ROTC" that has been announced by President McCarthy. Daily drills will be held at 4 p.m. All students are asked to attend these hours were so appreciated by the new defunct ROTC unit."

Rat infestation became the first victim in the history of the college physicians yesterday when John Shute, a freshman, swallowed the rodent in the feature match of the day. Hal Silverstein was the victim at the expense of the instructor who was made to assume the belting duties.

"We're doing it for the good of the country," said Nat Holman, CCNY, announcing the decision.
