

Seniors Take On Workings Of College

The Senior Class will take over the administration of the College tomorrow with Harry Pollak, the class president, assuming President Buell Gallagher's role and seniors taking over classes. Highlighting the day will be a student-faculty basketball game in the main gym at 2:00 pm with Dave Polansky, the varsity coach, serving as referee.

At 9:00 am the Senior regime takes office and holds it until 4:30

Harry Pollak
Buell Gallagher?

When the day will end with a class tea. The other important event of the day is a luncheon of the old and new faculties in the faculty cafeteria.

Other students who will take office are Herbert Viebrock, treasurer of Student Council, replacing Dean of Administration Leslie W. Engler; Howard Brown, vice president of the Senior class, taking over for Dean of Students Daniel F. Brophy; and Chancellor of Lock and Key, assuming Associate Dean of Student Life James S. Peace's place. —Lorge

New Faculty Members Chosen

President Buell Gallagher has announced the appointment of several new members to the City College faculty this semester.

Dr. Dorothy McClure Fraser, writer and authority on the role of social studies in school curricula, was named Assistant Professor of Education. She was formerly a member of the Board of Directors of the National Council for the Social Studies and president of the Illinois Council for the Social Studies.

Dr. John A. Davis, was appointed Associate Professor of Government. He is a consultant to the Office of Personnel of the United States State Department and Director of Non-Legal Research for the Legal Defense and Education Fund of the National Association for the Advancement of Colored People.

John H. Nixon, consultant economist at the Center for International Studies at Massachusetts Institute of Technology, was appointed Assistant Professor of Economics.

Letters...

OP welcomes all letters to the editor and will print as many as space permits. All letters should be submitted to Jerry Rosen, Features Editor. They should not exceed 150 words in length and are to be typed on double spaced paper. Your name, class, and any organizations you represent in the letter must be included.

Holman, Sand BHE Inquiry Postponed Until October 20

By SELWYN RAAB

The departmental trial of former basketball coach Nat Holman and former assistant coach Harold (Bobby) Sand, scheduled to resume today has been postponed until October 20.

The trial committee of The Board of Higher Education granted the postponement at the request of Mr. Joseph V. Hayes, attorney for Mr. Holman who would have been unable to attend today's session.

Mr. Hayes has also notified The trial committee that he will again demand an immediate dismissal of all charges preferred against his client last Spring by The Board of Higher Education's Committee on Intercollegiate Basketball.

Commenting on the numerous delays in the proceedings of the trial, Mr. Bernard Fliegel, Council for Mr. Sand, said that "he opposed any further postponement but out of courtesy to Mr. Holman's lawyer he would adhere to any ruling by the committee."

The trial, an aftermath of the much publicized basketball "scandal" two years ago, will determine the future status of Professor Holman and Mr. Sand. Both are currently suspended from the Hygiene Department.

The Board of Higher Education

had charged Holman, Sand and Frank Lloyd, former chairman of the Hygiene Department with "neglect of duty and conduct unbecoming a teacher."

On the first day of the trial, May 27, Dr. Lloyd submitted his

Nat Holman
Trial Postponed

resignation to the BHE and the prosecutor immediately recommended the charges against him be dropped.

Stand on Civil Liberties Taken at Meeting of SC

By HANK STERN

Student Council went on record at last Wednesday's meeting as opposing "any investigations of college teachers, except with regard to their competence."

In accepting a report of its Civil Liberties Committee, SC called for "support of faculty members who are brought before a committee whose purpose is to inquire into their personal, political activities, affiliations or beliefs."

Council defended "the right to learn" and said it "should not be taken from a student or teacher, nor disciplinary action taken against him, because he is involved in governmental investigations of his political activities, associations or beliefs."

"A teacher should attempt to present all points of view fairly and competently; and should have the freedom to express his own viewpoint, allowing for full expression of contrary views;" the resolution continued.

The report was, in substance, taken from the Intercollegiate Conference on Academic Freedom report which was approved last term.

"Decisions concerning an individual's academic fitness should be made by the faculty," the SC statement reads. It continued "... every decision to dismiss as well as to appoint, whether in respect to persons with or without permanent tenure, should be adopted only upon the recommendations of competent representatives of the teaching and research staffs."

The report was approved by a 14-2-3 roll call vote.

The roll call:

Yes: Allen Bard (VP), Alan Flink '55, Mike Glazer '56, Rudy Gabel

(HP), Larry Gorkin '54, Martin Gruberg '56, Marilyn Lion '54, Elaine Mandell '56, Dudley McConnell '57, Elizabeth Ronis (Secretary), John D. Shea, Jr. '54, Ger-

Gerard Smetana
Approves Resolution

ard Smetana (President), Arnold Weingold '54, Howard Willens '54. No: Seymour Copperman '56, Manny Soion '55.

Abstain: Herb Robbins '54, Stanley Sokol '55, Herbert Viebrock (Treasurer).

Sam Landau '55, Ginny Abrams '56 and Gerald Cohen '56, and Walter Feller '55 were absent at the time of the vote.

Six Student Union Committees Named; Bard, Wolk Chairmen

Initiation of plans of Student Union committees took place last Friday at a special meeting at House Plan.

Dr. Alton Lewis, Director of the Student Union, and a core committee composed of students from the Student Government and House Plan met and set up six committees to study the various problems of the project. The governmental and administrative committees, headed by Herb Viebrock, SC Treasurer, and Manny Solon, '55, will study problems of policy, administration, and allocations. Other groups established are the service, finance, social functions, and public relations committees.

"I was very much pleased with the constructive attitude of the students towards problems con-

fronting the college community," commented Dr. Lewis.

Named as co-chairmen of the project were Allen Bard, Student Government Vice President, and Norma Wolk, Vice President of House Plan. Simultaneous with the work of the student groups, faculty and administration are expected to work on SU problems, and later, working together, are expected to set up the final structure of the slated project.

The chairmen of the committees all expressed an urgent need for volunteers who would be interested in working on the project, and those desiring to work should leave name, class, and telephone number either at Room 20M, the Student Government office, or at House Plan.

Halley Found Students' Choice in OP Survey

Rudolph Halley, Liberal Party candidate for Mayor of the City of New York, emerged the choice of the City College students as a result of a random sampling of the student body polled by the Observation Post.

Robert F. Wagner, Jr., Democratic candidate, came in second. Mayor Vincent R. Impellitteri, who was defeated by Mr. Wagner in the Democratic primary and who is running as an Independent, was third, followed by Clifford McAvoy, A.L.P. candidate, and Har-

to name their preference for Mayor.

Mr. Wagner, in placing second, finished 49 votes behind the former Kefauver Crime Committee counselor.

Vincent R. Impellitteri, who is seeking reelection on the Experience Party ticket, polled 33 votes and was followed by Clifford McAvoy, American Labor Party candidate who accumulated 20 votes,

Republican candidate Harold Riegelman finished a poor fifth.

Bernarr McFadden, of the Honesty in Government Party, David Weiss of the Socialist Workers' Party and Billy Martin of the New York Yankees, received one vote each. Martin's backer said he felt that the second baseman of the World Champions would be "an inspiration to the American people."

One hundred twenty nine students reported that they were undecided about whom to vote for in the election. This group pointed to the lack of information in the election, and the conviction that "all the candidates are crooks."

Twice as many males as females were polled by the OP. The men went for Halley, 135-78, while the co-eds backed Wagner by a 65-57 count. The supporters of Halley said that they voted for him because of his promise to clean the city, his independence of the party machine and party hacks, and his fair and liberal record.

Only 175 of the students polled are eligible to vote in this year's election because of age.

Rudolph Halley
Wins OP Poll

old Riegelman, candidate on the Republican ticket.

Mr. Halley, present City Council President, polled 192 votes, or 34.9% of the 550 students asked

Subversion or Opinion?

Dr. Joseph B. Cavallaro, new chairman of the BHE, went down to Washington recently to discuss communism on the campuses with the Jenner Committee. In defining his concept of academic freedom, Dr. Cavallaro upheld the court decision which, in 1940, denied Bertrand Russell the right to teach mathematics at City College.

As Dr. Cavallaro knows, it was not any kind of a "communist" label which prevented Bertrand Russell from teaching here; it was rather a criticism of his ideas concerning "free love." The point is that Mr. Russell was not invited here to teach a course in "free love," nor was there any reason to believe that he would. Mr. Russell was to teach a class in mathematics, a course concerning the kind of figures you find in even the best of textbooks.

Dr. Cavallaro, in upholding the decision which barred Russell, one of the outstanding philosophers of the twentieth century, from the College campus, has blurred the picture of his present day activities. Is he on the look-out for subversives who present a decided menace to this nation, or is he merely against any individual who holds opinions which run contrary to his own? Bertrand Russell, the mathematics instructor, was certainly no menace.

Up to now, we have refrained from going on record one way or the other concerning Dr. Cavallaro and his newly formed special Committee to investigate subversion in the colleges. But if this is a hint as to the kind of "investigations" Dr. Cavallaro intends to conduct, we don't like it. Barring a man because he is a subversive is one thing; denying him the right to teach because his personal ideas on an extraneous subject do not agree with everyone else's is an irresponsible breach of academic freedom.

We hope Dr. Cavallaro and his committee will remain aware of this difference. Otherwise, the only way a man will be certain of obtaining a position on a College faculty is if he is a definite believer in the dogma of the blank mind.

Attendance Going Up

In the first soccer game of the year only three people showed up. Last week 107 students watched the Beavers open their Intercollegiate season. Although this is a great improvement the players have expressed hope that the stands will be filled for the annual Brooklyn College game next Wednesday. The players are trying their best. Let's give them our support.

Films Classes (Grind) Watch Fein Features

By BRUNO WASSERTHEIL

This semester it was back to the old grind for Audio-Visual's film projectionists.

"Grind, grind, grind," ground the projectors. "Grind, grind, grind." Perhaps it is maddening to the uninitiated, but to Bill Fein '55, a Bio major, it is as a gurgling stream is to the rustic.

Fein had several good reasons for taking the post, the duties of which include showing movies to the classes in the Films Institute. "It's a very interesting job," he says, "and it pays a dollar an hour." (75c for beginners). Other dividends of the job were enumerated: Enlightenment on a score

Prof. Hans Richter
Heads Film Institute

of subjects that he, as a Bio-major, would probably never have otherwise obtained; a realization of the effectiveness of the cinema as a medium of education, etc.

"Grind, grind."

An unexpected profit from his post is a more intimate knowledge of New York gained while acting as films messenger. Bringing or returning films, his sojourns through our labyrinth city familiarized him to little known sections of the metropolis. The inner sanctum of many a museum now opens to admit him.

As there is no dearth of diversity outside the projection room, so is variety a feature within it. The films shown embrace many subjects: engineering, hygiene, education and old classics. These latter are for the benefit of Prof. Hans Richter's Films Institute classes.

The whole setup seems to be too perfect. Mr. Fein was asked, "Isn't there anything about the job that you dislike?" "No," said Fein. "Grind!"

The Mayoralty Race:

Meet the Candidates

IV—Clifford T. McAvoy

In an exclusive interview with the Observation Post, Clifford McAvoy, American Labor Party mayoralty candidate, called for increased appropriations for the college. In addition, McAvoy declared his support for City financing of student activities and sports at the metropolitan colleges.

The ALP aspirant declared that peace would be an important issue in the campaign. "While it is true that the Mayor cannot do anything about the international situation, I think that it is evident that if we are to spend money on military preparations we can't spend as much on schools, hospitals, and other essential services," he said.

"I am opposed to spending all of this money on Civilian Defense. There is no defense against an H-Bomb except peace between the United States and the Soviet Union through the United Nations," he continued.

On the issue of the investigation of subversives, McAvoy gave a big "no" to answer the question of whether he approved of or would continue the activities of the Cavallero Committee. "The duty of the Board of Higher Education is to defend academic freedom regardless of public opinion," he emphasized.

McAvoy also stated his opposition to keeping what he termed "anti-semitic" instructors on the faculty. "I was a member of the Romance Languages Department at City College and saw Anti-Semitism being practiced there," he said.

Although he opposes the tax now being proposed, McAvoy said that he wouldn't be opposed to a City income tax, providing that there was an exemption of everything less than five thousand dollars. His basic plan to finance City improvements is to increase the assessment of wealthy real estate owners. He claimed that the assessment of several department stores is about the same as it was during the depression.

McAvoy said that he was in favor of the repeal of the Transit Authority and a rollback of the fare. He said that he is in favor of the five cent fare, but couldn't see a practical means of attaining it in the near future.

He also seconded the proposal to close Convent Avenue between 138-140th Streets.

Referring to his Republican and Liberal opponents, McAvoy said, "I don't see how they can claim to represent the true LaGuardia tra-

dition. It is a fact that LaGuardia argued bitterly with both Dewey and Dubinsky (Republican Governor Thomas E. Dewey and LaGuardia Leader David D. Dubinsky, Vice Chairman of the Liberal Party.)

OPortraits

Professor Joseph P. Wisan, Chairman of the History Department, was at one time coach of City College tennis team.

"While I'm proud of the record my teams made, I'm prouder of the success that my athletes made in life," he stated.

Commenting on his professional duties at the college he said, "The college is a pretty wonderful place. I enjoy my work very much. I try to do a job and I expect students to do a job."

Born in New York fifty-two years ago, Prof. Wisan graduated from Townsend Harris High School and began teaching at CCNY in 1919. He has served in every teaching capacity from lecturer to professor and has served on many committees at the college.

He has worked with various institutions outside the college. He was an advisor to Graduate Records Examinations, supervisor of all non-credit courses and the Civil Defense program during

Prof. Joseph P. Wisan
'... try to do job'

World War Two, and was one of the authors of a handbook on civilian protection.

He received his Doctorate from Columbia University. Prof. Wisan is the author of "The Cuban Crisis," published in 1934, which deals with the causal role of the American press in the Spanish American War.

"I am proud of the History Department and of the fine young teachers that have been added to our staff," he stated.

Regarding his present athletic activities, Prof. Wisan commented, "I gave up tennis, and now I play only golf."

Club Notes...

Christian Association

On Thursday the Christian Association will present Dr. Arnold Cooper, psychiatrist, who will speak on "Money as a Meaning of Life." Lunch will be served and all are invited.

Baskerville Society

Prof. Kurt Mislow of N.Y.U. will lecture to the Baskerville Society Thursday on the topic, "Optical Activity and Conformational Isomerism." The meeting will be in Doremus Hall at 12:30.

Baskerville will hold a "mixer" on Friday evening at 8:30 in the Faculty Lounge. New and old members are invited.

Statistical Society

The Statistical Society meets this Thursday in Room 225 at 12:30 to begin a survey in behalf of Student Council.

Chi Lambda

Chi Lambda Service Sorority is holding a Tea Wednesday from 2:30 to 5 P.M. in the Faculty Lounge for all women students, with the exception of lower freshmen, who wish to pledge to the sorority.

Modern Dance

The Modern Dance Club will meet in the lobby of the Hygiene Building this Thursday at 12. Attendance is requested of all members.

Scabbard and Blade

Scabbard and Blade will hold a meeting on Tuesday at 1700 hours in the Frat Room. All members must attend.

Freshman Fair

The Freshman Activities Fair will begin to organize this Thursday at 12:30 in Room 108. All organizations wishing to be represented at the Fair must send a representative.

AIEE and IRE

AIEE and IRE will present Mr. Max Slate of Allen B. Dumont Laboratories who will speak on "Printed Circuits" Thursday at 12:15 in Room 125.

Music Club

The Music Club will attend the String Quartet's performance in Room 310 of Harris at 12:30 on Thursday. Afterwards Prof. Brunwick will speak on "The Changing Attitudes toward Mozart."

Camera Club

The City College Day Session Camera Club, affiliated with House Plan, will meet this Thursday afternoon at 12:30 in the FDR Lounge at House Plan. Will all those interested please attend.

Beaver Trackmen Overpower Upsala

By BERND LORGE

The City College cross-country team opened its season at Van Cortland Park on Saturday and defeated Upsala, 24-35. The Beavers captured first, second, 5th, 6th and 7th places in the four mile race out of a field of 33.

Despite the easy victory, the team showed signs of needing much improvement. This fact is born out by the positions held by the "winning triumvirate," O'Brien,

Tom O'Brien
Team Star

Armstrong and Pavlides, who were second, seventh and ninth respectively.

Coach Harold A. Bruce was pleased with the performance of his men who have only been practicing regularly for two weeks. He showed no surprise that Gene Forsyth came in first despite the fact that he hadn't as much experience as any one of the triumvirate.

Veteran Star Views Soccer In America

One of the mildest mannered fellows on the City College Soccer team this season is Nigerian Exchange Student, Madegbuna Unobagha. Madegbuna, who is majoring in Civil Engineering, has performed capably for the Beaver booters in the past three years.

Coach George "Red" Wolfe is depending on Madegbuna to fill the gap left by the graduation of several star performers from last year's squad. Madegbuna, who was born in Ogidi, has had a varied career in sports. As a Freshman in CCNY he competed as a member of the track team and he entered competition as a high jumper.

According to Madegbuna, the American soccer game compared to the way soccer is played in Nigeria is much easier to play because of the rules that apply to substitutions. He feels players are in better condition in Nigeria, due to the fact that they play the full game because the teams over there are not allowed to substitute.

In his opinion, the greatest games that he has played for the Beavers have been the two involving Brooklyn College. In 1951, the Beavers defeated Brooklyn 2-1 to capture the Metropolitan Inter-collegiate Championship, and in 1952 the two squads played a scoreless tie.

Unobagha hopes to work as a Civil Engineer when he returns to his native land. He feels that the country is rapidly developing and the need for engineers is great.

Sports Star

Tommy Holm is co-captain of this season's City College soccer team. An Engineering student, he has participated on both the soccer and basketball teams. He led the booters in scoring last season and was an All-Met selection. With the hoopsters he scored the record breaking ninety-sixth point against MIT last season.

BETTER MEASURE WITH LUFKIN

The thousands upon thousands of men who use precision tools will tell you that there are none better than Lufkin. All Lufkin precision tools are the product of years of fine tool-making experience combined with the very latest design features. Brand-new national survey shows college students prefer Luckies

Last year a survey was made in leading colleges throughout the country which showed that smokers in those colleges preferred Luckies to any other cigarette. This year another nation-wide survey was made—a representative survey of *all* students in regular colleges coast to coast. Based on thousands of actual student interviews—this survey shows that, as last year, Luckies lead again—lead over all other brands, regular or king-size—and by a wide margin! The reason: Luckies taste better.

P. S. Once again we're buying student jingles! \$25.00 goes to every student whose Lucky Strike jingle is accepted for our advertising. So hurry! Send yours in right away to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.

He received his Doctorate from Columbia University. Prof. Wisan is the author of "The Cuban Crisis," published in 1934, which deals with the causal role of the American press in the Spanish American War.

"I am proud of the History Department and of the fine young teachers that have been added to our staff," he stated.

Regarding his present athletic activities, Prof. Wisan commented, "I gave up tennis, and now I play only golf." —Yudo

Club Notes . . .

Christian Association
On Thursday the Christian Association will present Dr. Arnold Cooper, psychiatrist, who will speak on "Money as a Meaning of Life". Lunch will be served and all are invited.

Baskerville Society
Prof. Kurt Mislow of N.Y.U. will lecture to the Baskerville Society Thursday on the topic, "Optical Activity and Conformational Isomerism." The meeting will be in Doremus Hall at 12:30.

Baskerville will hold a "mixer" on Friday evening at 8:30 in the Faculty Lounge. New and old members are invited.

Statistical Society
The Statistical Society meets this Thursday in Room 225 at 12:30 to begin a survey in behalf of Student Council.

Chi Lambda
Chi Lambda Service Sorority is holding a Tea Wednesday from 2:30 to 5 P.M. in the Faculty Lounge for all women students, with the exception of lower freshmen, who wish to pledge to the sorority.

Modern Dance
The Modern Dance Club will meet in the lobby of the Hygiene Building this Thursday at 12. Attendance is requested of all members.

Scabbard and Blade
Scabbard and Blade will hold a meeting on Tuesday at 1700 hours in the Frat Room. All members must attend.

Freshman Fair
The Freshman Activities Fair will begin to organize this Thursday at 12:30 in Room 108. All organizations wishing to be represented at the Fair must send a representative.

AIEE and IRE
AIEE and IRE will present Mr. Max Slate of Allen B. Dumont Laboratories who will speak on "Printed Circuits" Thursday at 12:15 in Room 126.

Music Club
The Music Club will attend the String Quartet's performance in Room 310 of Harris at 12:30 on Thursday. Afterwards Prof. Brunswick will speak on "The Changing Attitudes toward Mozart."

Camera Club
The City College Day Session Camera Club, affiliated with House Plan, will meet this Thursday afternoon at 12:30 in the FDR Lounge at House Plan. Will all those interested please attend.

Beaver Trackmen Overpower Upsala

By BERND LORGE

The City College cross-country team opened its season at Van Cortland Park on Saturday and defeated Upsala, 24-35. The Beavers captured first, second, 5th, 6th and 7th places in the four mile race out of a field of 33.

Despite the easy victory, the team showed signs of needing much improvement. This fact is born out by the positions held by the "winning triumvirate," O'Brien,

Tom O'Brien
Team Star

Armstrong and Pavlides, who were second, seventh and ninth respectively.

Coach Harold A. Bruce was pleased with the performance of his men who have only been practicing regularly for two weeks. He showed no surprise that Gene Forsyth came in first despite the fact that he hadn't as much experience as any one of the triumvirate.

Veteran Star Views Soccer In America

One of the mildest mannered fellows on the City College Soccer team this season is Nigerian Exchange Student, Madegbuna Unobagha. Madegbuna, who is majoring in Civil Engineering, has performed capably for the Beaver booters in the past three years.

Coach George "Red" Wolfe is depending on Madegbuna to fill the gap left by the graduation of several star performers from last year's squad. Madegbuna, who was born in Ogidi, has had a varied career in sports. As a Freshman in CCNY he competed as a member of the track team and he entered competition as a high jumper.

According to Madegbuna, the American soccer game compared to the way soccer is played in Nigeria is much easier to play because of the rules that apply to substitutions. He feels players are in better condition in Nigeria, due to the fact that they play the full game because the teams over there are not allowed to substitute.

In his opinion, the greatest games that he has played for the Beavers have been the two involving Brooklyn College. In 1951, the Beavers defeated Brooklyn 2-1 to capture the Metropolitan Inter-collegiate Championship, and in 1952 the two squads played a scoreless tie.

Unobagha hopes to work as a Civil Engineer when he returns to his native land. He feels that the country is rapidly developing and the need for engineers is great.

Sports Star

Tommy Holm is co-captain of this season's City College soccer team. An Engineering student, he has participated on both the soccer and basketball teams. He led the booters in scoring last season and was an All-Met selection. With the hoopsters he scored the record breaking ninety-sixth point against MIT last season.

BETTER MEASURE WITH LUFKIN

The thousands upon thousands of men who use precision tools will tell you that there are none better than Lufkin. All Lufkin precision tools are the product of years of fine tool-making experience combined with the very latest design features. Experienced engineers know Lufkin tools are the most accurate they can buy. See the complete line of Lufkin tapes, rules, and precision tools at your hardware or tool store.

Brand-new national survey shows college students prefer Luckies

Last year a survey was made in leading colleges throughout the country which showed that smokers in those colleges preferred Luckies to any other cigarette. This year another nation-wide survey was made—a representative survey of *all* students in regular colleges coast to coast. Based on thousands of actual student interviews—this survey shows that, as last year, Luckies lead again—lead over all other brands, regular or king-size—and by a wide margin! The reason: Luckies taste better.

P. S. Once again we're buying student jingles! \$25.00 goes to every student whose Lucky Strike jingle is accepted for our advertising. So hurry! Send yours in right away to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.

Lavender Booters Rip Brandeis, 6-2

By JOE MARCUS

Sparked by Johnny Koutsantanou and Gus Naclerio, who scored three and two goals, respectively, the City College Soccer team opened its season by defeating a strong Brandeis squad, 6-2 last Saturday. The Beaver Booters will open their Metropolitan Intercollegiate League schedule this Saturday when they face a powerful Kings Point team.

The Lavender Kickers dominated the play throughout the first period due to superior team work and passing, but were unable to score

Ed Trunk Improving Rapidly

until seventeen minutes had elapsed due to the great goal-tending of Dave Weisgal. With five minutes gone by, Koutsantanou sent a bullet-like shot at the cage, but the ball hit the cross bar and bounded away. However, the Beavers tallied at the seventeen minute mark when Alvis Eikstrem took the ball down the right wing

and passed to Koutsantanou who sent the ball into the upper right hand corner.

The Beaver attack continued to press the Brandeis goal and at the 21:19 mark John Koutsantanou passed to Eikstrem who headed the ball into the net. This was the first goal of his varsity career for Alvis. With a half minute left in the quarter the Brandeis team cut the lead to one goal as Pelham Douglas faked Hal Friedland out of the nets and tallied on a hard shot.

Good Defense

The fine City defense of Unobagha, Anyaegbunam, Bob Hayum, Lucien Daouphars and Ed Trunk stymied the Brandeis attack while the Beavers were scoring twice more in the second period to take a halftime lead of three goals. After eight minutes of the second period had elapsed Gus Naclerio scored on a long shot from his outside left position. The ball evaded the outstretched hands of goal-tender Weisgal.

Harvey Fields booted in a loose ball in front of the Beaver cage to cut the City lead to 4-2. Halfway through the third stanza Naclerio took a pass from Tommy Holm and tallied as Brandeis goalie Weisgal left the net wide open.

Coach George Wolfe substituted freely in the final quarter. Koutsantanou tallied the last Beaver goal of the game at the 18:32 mark.

Stein Fund

Members of the Varsity Club and the Student Athletic Association are now soliciting ads for the annual Stein Fund Basketball Journal.

The Stein Fund basketball game, for the benefit of injured City College athletes, will be played on November 28, at the Main Gym against Hunter College.

Last season the Beavers defeated Hunter College, 77-55, in the Stein Fund game.

Fencing Team Starts Practice

"They are weak and they will need a great deal of practice to come up to the par of several teams on our schedule", stated Head Fencing Coach Ed Lucia as he watched his team begin practicing last week. Mr. Lucia added that he expects them to hit their peak by the middle of the campaign.

The Beavers are expected to be stronger this year than last, because of the return of eight veterans. The foil division will be represented by Aubrey Seeman, Jonas Weiss and Borys Patchowsky, all of whom saw action last year and should be greatly improved this season. The sabre squad may be the strongest array on the team. Dick Susco and Lenny Sugin are counted on by Coach Lucia to be the leading men in their class. The third man will be Algis Ratkeleis.

In the epee division the Beavers are strengthened by the return of three veterans from last year's team. Harvy Miller is expected to be the high point getter for the Lavender Lancers along with Larry Lazovick and Ancile Malden.

Daouphars Sparks Booters' Defense

By JERRY STREAR

Despite the glaring weakness of being shorthanded as far as bench strength is concerned, the City College soccer team is still regarded as the most powerful in the Metropolitan Conference. The prime reason for this is that its core is made up of experienced players who have proven themselves against league competition in the past.

Among these veterans is co-captain Lucien Daouphars. A product of France, Lucien is a firm believer in physical fitness. "We on the soccer team," he stated, "can all use a little body conditioning. In fact, everyone can. We'll always have a chance to kick the ball around once we are out in the stadium, but some added physical conditioning wouldn't hurt any of us. It gives you that extra something when you need it. That added push can be a great help in rough situations."

Daouphars predicted that "if the team keeps building up the way it has so far, we should have an undefeated season." Kings Point, who the booters meet on Saturday, is his choice for the Beavers' top opposition. "They're good. What makes it all the more harder for us to stop them are those grounds. It will be a very rough game."

Scanning the rest of the schedule, he said that "Brooklyn College doesn't figure to have a good team because they lost six men from last season's championship

Lucien Daouphars Defensive Star

squad. They'll have to fill those spots and it won't be easy. The other teams won't be too tough except Lafayette and Stevens who can put up a pretty good game. We should have a very good year."

Daouphars came to the United States when he was fifteen and entered Textile High School. He began his soccer career in France and continued it in high school in this country and also ran on the cross-country team, which he said "kept me in condition for soccer."
