Board of Estimate OK Manhattanville Plans

Plans were approved yesterday by the Board of Estimate for the reconversion of 19 buildings on the South campus. The plans, which alone cost the city nearly $110,000 in architects' fees, call for alterations and additions to the present buildings so that all will conform to the new plan. Approval was granted in principle to ten of the present buildings for the addition of stage raises in the Town Hall. The school will immediately start work on these buildings.

Delay in BHE
Trial May be Asked: Holman

A temporary postponement of the Departmental Trial of former basketball coach, barber, and assistant Holman and assistant Harold (Booby) Hand was scheduled to resume today. They will be represented by Mr. Joseph V. Hayes, attorney for Holman. The Board of Control will schedule the trial to recover some $485,613 for the work that has not been done. The trial will be concluded after the long summer recess, which has been put off until October 15. When asked by OP to whom he would recommend the services of another counsel, Mr. Hayes said he would not return until October 15.

SC President Gerry Smetana
Honorees

It is hoped that the plan for the Student Union Ball will meet with as much success as a similar function, the Inaugural Hall, in honor of President Buell G. Gallagher last semester. The event, which was also sponsored by OP and SC, was held outside the Hall. The event was a success and SC President Gerry Smetana was pleased.

SC Proxy, Lowe Differ on Senate Ruling

The controversy between the student government and SFCSA, which was approved yesterday, is being followed with interest by students. Prof. K. Lowe, the SFCSA appointed member of the student-faculty committee, is said to have been unable to reach a compromise with the student government.

SC President Gallagher
Amplifies Statement

President Gallagher, who was present at the meeting, explained that the compromise is only temporary. "There seems to be a difference of opinion on whether the proposals of SC are the best means to achieve their ends. My feeling is that the proposals of SC are the best means to achieve their ends. My feeling is that..."

Tom O'Brien
Sparks CCNY Distance Team

Tom O'Brien, captain of this year's cross-country team is one of the busiest men around the campus. The twenty-two-year-old student, with a fine average somehow finds time despite his heavy schedule to practice three hours daily because as he said, "I just like to run."

O'Brien, who had little high school track experience, started running at CCNY as a freshman. In the two years he has been on the varsity there has been a tremendous improvement in his performance which he attributes to the efforts of Coach Harold A. Bruce. When he entered the college, his time for the five miles was over thirty minutes. Now his best time is 28.5 minutes, a mark which he hopes to surpass by mid-season.

Help Wanted

All students interested in trying out for the City College soccer team must contact Coach George "Red" Wolfe immediately. Mr. Wolfe can be reached in Lewisohn Stadium after two o'clock every day.

Coach Leon Miller is looking for prospects for next year's edition of the Beaver lacrosse squad.

The lacrosse team is in desperate need of a new manager. All students who think they can qualify.

Richards Plans Schedule For Intra-Mural Activity

The Hygiene Department is working out a full time recreation schedule for the male students. Dr. Richards has been assigned to head this program. As in the past several years, a program of competitive intramurals is being planned for this semester and next.

Last year the Hygiene Department was able to sponsor a basketball tournament and several other sport activities.

Renamed Downtown Center to Honor Baruch; Sloan, GM Head, Keynoter

The College's Commerce Center was officially renamed the Bernard M. Baruch School of Business and Civic Administration yesterday at a ceremony at the 25 B St. branch. The change was made to honor one of the City's most illustrious alumni, who has served as an adviser to six presidents of the United States.

At the corner of Lexington Avenue and 23rd Street, after the unveiling of a bronze plaque bearing the School's new name, President Gallagher exclaimed, “It's been a great day in the history of a great college that will become even greater.

Thundersome applause from the downtown students greeted Mr. Baruch as he addressed the con-vocation. After his speech, a spontaneous "Allaganzo" broke from over fifteen hundred students, who filled the auditorium to overflowing to hear him. Baruch was visibly moved by the demonstration. The principal address was delivered by Alfred P. Sloan, Jr., Mr. Sloan is chairman of the board of General Motors. He spoke on "The Importance of Knowledge" and

Delay in BHE Trial May be Asked: Holman

A temporary postponement of the Departmental Trial of former head basketball coach Harold Haynes and assistant Harold (Bobby) Sand which is scheduled to resume this Tuesday, may be requested by Mr. Joseph V. Hayes, attorney for Mr. Holman.

The Trial which is scheduled to re-open after a long summer recess, may be halted because Mr. Hayes is recently out of town, and according to his secretary will not return until October 18. When queried by OP as to whether he believes a delay is in the best interest of his on-ther counsel until Mr. Hayes’ return, Mr. Holman replied "I have no intentions of taking any such action and I presume that Mr. Hayes will contact the Board of Higher Education and ask for a

OP, Council Plan Dance

Student Council and OP will co-sponsor a Student Union Dance with profits to go to Student Union Fund, on November 2 in the Great Hall.

The Dance will feature professional entertainment by a Waldorf Astoria Orchestra. Refreshments will be free. Jerry Shatz and Joyce Levy are co-chairmen of the Committee planning the event. The price will be 3 dollars per couple. "Since the alumni are putting up most of the money for the Student Union and it is the idea of the students helping to furnish the Union would be impressive," said SC President Jerry Smetana yesterday.

It is hoped that the plan for the Student Union Fund will not be as much success as a similar function, the Inaugural Ball, in honor of the new G. G. Student Union which did last semester. The event which was also co-sponsored by OP and SC was held in the Great Hall with over 1000 students and faculty.

All organizations interested in helping out are asked to contact the co-chairmen or Smetana.

Congratulations...

10 Downing Street, Whitehall
18 September, 1953

I am much interested to hear of the exercises to be performed, on the morning of October 8 honouring Mr. Baruch as a graduate of the College, Class of 1889. His long life has proved him one of the greatest citizens of the United States in these tumultuous years.

WINSTON S. CHURCHILL

State of New York
EXECUTIVE MANSION
Albany
September 23, 1953

Dear Dr. Gallagher:

I am delighted to send hearty congratulations to the faculty and members of the City College of the City of New York, upon the dedication of the Bernard M. Baruch School of Business and Public Administration.

There could be no more appropriate title for such a school than the name which has become proverbial throughout our country for practical knowledge, integrity and wisdom. The School, in turn, will stand the decades as a fitting memorial to the great qualities which have made the name of Bernard M. Baruch an American institution.

With warmest greetings to your friend, your guest of honor, I am

Sincerely,

THOMAS E. DEWEY

The White House, October 5, 1953

Dear Dr. Gallagher:

I am delighted to learn of the honor which The City College of New York is Bestowing on my good friend, Bernard M. Baruch.

So many are the honors regularly bestowed upon Mr. Baruch and we are justifiably proud of the personal concurrence with such honors, that I experience considerable difficulty in adequately expressing my deep regard for this great American. I can say only, on this occasion, that any institution which bears his name deserves the greatest success.

Yours very truly,

Dwight D. Eisenhower

SC Prexy, Lowe' Differ On Club Senate Ruling

The controversy between the student government and SFCSA, was continued yesterday, in statements by Prof. Kurt Lowe (Geology) newly appointed member of the student faculty and SC Prexy, Jerry Smetana.

Differences centered over the SC charter change which was proposed by referendum and is awaiting SFCSA ruling.

SFCSA's decision Tuesday to set up a 'compromise' system of representation of House Plan and TIC, but no other clubs, on SC until the new charter is finally disposed of, was also assailed and defended.

Prof. Lowe who stressed the fact that the compromise is only temporary "there seems to be a difference of opinion whether the proposals of SC are the best means to achieve their ends. My feeling (Continued on P. 2)
Mr. Wagner said that he would be in favor of putting the Avenue to traffic. Referring to the fact that the street is not a major artery, Mr. Wagner said it seems to me that there is not too much traffic there, and I know that there are people who feel just that way. I am generally in favor of the project. While explaining his views on the subject of closing the thoroughfare, Wagner said that he had been instrumental in getting Manhattanville for the College.

If he is elected mayor and carries out the program of closing the avenue, it would be the culmination of a long effort on the part of student and administrative groups. Since Marion Weinberg, a student attending City College, was hit and killed by a motor automobile, a movement has been made to have action taken, but little has happened to ease the situation.

Mr. Wagner also stated that he is in favor of firing Communists from the City's schools and administration. "Since I have been City College, since November 1940, when a student was a member of the Downtown branch of the College, I have considered it to be political and educational. The reason is that they have no place in politics. However, he added, "people must have a fair trial."

Mr. Burton also lashed out at what he called "political appointments" to the Board of Higher Education. He stated that he feared, before making any appointments to the Board he would consult people in educational circles in order to get the best type of members. Asked to name any present members of the Board who he considered to be political appointees he declined to comment. When questioned about the Transit Authority, Mr. Wagner said that he wanted to return to a non-content fare, and that he was not in favor of the Authority. The mayorally candidate considers it the fault of Mayor Vincent Impellitteri that we have the higher fare now, claiming that if he had offered more opposition to the plan it never would have gone through.

Returning to the topic of education, Wagner said that he wants to put through a five hundred million dollar bond issue to finance education in New York. He is also in favor of streamlining the city government, wants to strengthen the mayor's powers, and approves of the mayor's committees on Management and Operation, which are established to increase the efficiency of the departments in the city.

Benjamin B. Barker

The majors race: III — Robert F. Wagner Jr.

At an interview with OP, Robert F. Wagner Jr., the Democratic candidate for mayor commented on the situation in which he would find himself if he were elected to the office he would consider to be political appointees he declined to comment. When questioned about the Transit Authority, Mr. Wagner said that he wanted to return to a non-content fare, and that he was not in favor of the Authority. The mayorally candidate considers it the fault of Mayor Vincent Impellitteri that we have the higher fare now, claiming that if he had offered more opposition to the plan it never would have gone through.

Returning to the topic of education, Wagner said that he wants to put through a five hundred million dollar bond issue to finance education in New York. He is also in favor of streamlining the city government, wants to strengthen the mayor's powers, and approves of the mayor's committees on Management and Operation, which are established to increase the efficiency of the departments in the city.

Sports DEPT.: Steve Marburg, Lester Hole.

Placing as many instances as possible on the public record, Mayor Wagner commented on the fact that he considers the Transit Authority to be political. He explained that it is now October. "The new plan, he said, "is one of sympathy toward the students, added, SFCSA will work on the problem until it is settled. All we ask is that SC publishes itself too valuable a social tool to justify being discarded before it was proven.

The Senate Internal Security Subcommittee, under the leadership of Senator William J. Brennan, announced yesterday that it is has high praise for BHE inquirers in the New York City Colleges. The Senate Internal Security Subcommittee, under the leadership of Senator William J. Brennan, announced yesterday that it is has high praise for BHE inquirers in the New York City Colleges.

Mr. SLOAN

Modern business demands a much higher level of competence from business people than ever existed before. Therefore, may I say to you—those who are the young men and women of New York City—do not treat lightly the opportunity that is made possible by the facilities of New York and its School of Business and Public Administration.

The support of our public institutions falls on all—business because of the impact of taxes. But it is my conviction that something must be done. The time has come for a broader responsibility in the specific support of our private institutions of higher learning upon whom economic progress is vitally dependent.

Jenner Group Has High Praise for BHE Inquiry

The Senate Internal Security Subcommittee, under the leadership of Senator William J. Brennan, announces yesterday it is has high praise for a Senate investigation.

Ursula to Furnish Test for Brucemen

Ursula has always had a fine team and Coach Bruce feels that the Brucemen will have a tough job winning. The Brucemen aren’t in the best physical shape and Coach Bruce is doubtful that they will be able to finish strongly.

The main core of the Ursula squad is built around four returning veterans: Bill Everett, Bill Beckman, John Weller and Hank Bucherman, all of whom have looked very good in practice this year. Other starters for Ursula will be Tim Byrne, Doug Erickson and Paul Dewey. The remainder of the squad hasn’t been selected, but there is a possibility that the other starting berths will be filled by Jerry Ball, Jerry Burke and Carl Strand.

Dr. Bruce has announced his probable starting team for the Ursula meet. Paul Pavlides, who has looked very good in practice, will be one of the top five performers. Coach Bruce feels that Paul should hit his peak form in about three weeks. Captain Tom O’Brien, who’s time of 28.30 for the five mile course is tops for the Lavender runners, should lead the Brucemen across the finish line for the first time in his career.

Bob Armstrong, who is noted for his very strong finish, is counted on to take third place in the competition, while Gene Forsythe, who doubles as the team manager, will compete as the number four man for the Lavender Hill and Dales. Two sophomores, Joe Brogan and James Boyd, will be the fifth and sixth men, respectively, on the Brucemen’s squad. Other performers will be Herb Verter, Abe Bloom, Hayward Bloom and Dave Noveck.

Anyagbunanum Star Kicker With Booters

By JOE MARCUS

"Although I think that the United States is the greatest country in the world, I feel that it is my duty to return to my native land," stated Nigerian Exchange Student Okagbue Anyagbunanum, a member of this season’s CCNY Soccer team.

Okagbue, a senior, is majoring in psychology, and expects to take ship. I believe that the game as played in Nigeria is much faster than the States is the greatest country in the world. But as much as athletics are a part of school life, students should find time, at least once in a while, to see games at the college. People who have never watched a game especially should go. If they don’t, they will miss a lot of the school life."

Concerning the opposition in the Metropolitan Conference, Tomm said, "Kings Point is supposed to be strong. They beat Stevens Tech who defeated us last year. The time we play them on their field"

Tommy Holm Soccer Ace

Holm Predicts Successful Season for CCNY Booters

Versatile Tommy Holm, co-captain of the City College soccer team, is very optimistic about the current season as the booters prepare to inaugurate the regular schedule against Brandeis University, Saturday at Lewisohn Stadium.

"If there are no injuries," he stated, "and if there is no dissension, and if the fellows have a good time while playing, there is no reason why we can’t have a good year. We should win our share of games."

Holm is not a believer in avid school spirit, but commented, "There seems to be little student interest in the teams here. But as much as athletics are a part of school life, students should find time, at least once in a while, to see games at the college. People who have never watched a game especially should go. If they don’t, they will miss a lot of the school life."
