President Buell G. Gallagher will speak in the Great Hall tomorrow at 8:30 PM. After his talk, he will answer questions by members of the student body on topics concerning the College.

Observation Post, The Campus and Student Council are co-sponsoring his appearance. Dr. Gallagher last spoke to the students in this way in October, 1952.

Discriminatory Charters To Be Reviewed by SC

A motion recommending the suspension of fraternities and sororities which refuse to disaffiliate themselves from national organizations with discriminatory clauses, is under study by the Student Council-Civil Liberties Committee. It was brought up before Council two weeks ago by SC President Manny Halper.

Supplementing a warning issued by Council three years ago, the motion orders the local branches of such fraternities and sororities either to reform the national charters or to disaffiliate. Refusal would mean “virtual suspension,” defined by Halper as the cutting off of publicity rights and of all services of Council. An organization can be suspended only by the Student-Faculty Committee on Student Affairs, SC, however, may recommend suspension.

In a previous interview, Halper declared, “If this motion passes, I’ll examine the charters of every fraternity and sorority at the College. He added that these organizations had not said they didn’t have their national charters on hand would be anybody. ‘Because they should have them.’

Spokesmen for Theta Kappa Phi, an all-Catholic fraternity, said no religious differences exist in their activities. Asked whether religious differences bars ‘closeness,’ he replied, ‘Maybe not between individuals.’

1st Men’s Business

The soap will be sold between the hours of 10 AM and 4 PM. The soap will be sold by the sheet or in a package of 6.

Purim Festival, Folk Concert Planned This Week by Hillel

The annual Purim Carnival, sponsored by the Hillel Foundation, will take place Saturday night, in the City College. The fee, scheduled to begin at 6 PM will continue to 1 AM and will feature two hours of both amateur and professional entertainment. This will be followed by social and square dancing as well as Israeli folk dancing. Co-sponsoring the event are the Israeli Students’ League and the New York Region of the Intercollegiate Zionist Federation of America.

Purim booths will occupy all of Driff Hall and all those attending will be invited. Prizes will be distributed.

Scoreboard

- Elapsed time since President Gallagher received the report of the GFCSA attacking the President’s Committee on Student-Faculty Relations report—48 days.

Elapsed time since Presidential Committee report was submitted to Dr. Gallagher. 48 days.

Purim will also sponsor a performance of "Followings in Many Lands," tomorrow at noon in the Tompkins Hall Auditorium. Featured will be Martha Schlemme, a native of Vienna, Austria, and an internationally famous folk singer who has performed concerts throughout Europe and North America.

Promising to be something very special for the Hillel members is an appearance by Oscar Buck. His parents did not have an organization it sure him.

Zeta Beta Tau, all of whose members are Jewish, said that its policy is to accept pledges without regard to religion.

Rabbi Arthur Zuckerman

Hillel Director
The Liberal Tradition

We are very pleased at the improvement in Professor Oscar L. Buckvar's health, which has permitted him to return home from the hospital. We would be much pleased if this improvement continues, and he is able to return to teaching at the College shortly.

Ah, Wilderness! - II

Ave, the mills of the gods do grind exceedingly slow. The plea to throw open the lush fields of Manhattanville to the sunny summer gambols of the students remains unanswered.

And it is already spring! In the glorious time when nature's green coat is being put on, a threatening gray cloud must tread rough concrete and dull asphalt. The very gorgoys seem to mock at this.

Men's rest cannot be complete without Nature. Would not Rousseau agree?
Little Old New York Shown
In Lincoln Corridor Exhibit

By MIRIAM TEITELBAUM

High button shoes, a brass fire trumpet, and a flintlock musket over four feet long, are objects on display in Lincoln Corridor.

Presenting entertaining enlightenment seems to be the aim of the Committee on Cultural Relations, for this group is responsible for the displays in the Lincoln Corridor case. Headed by Professor Simon Lisin of the Art Department, the CCR plans and supervises the filing of the Corridor cabinets with matters designed to interest the student.

The current exhibit is made up of material on loan from the New York Historical Society and is now celebrating its 150th anniversary. Subject of the display: New York City in 1854.

Five of the cases abound with photographs and prints of the city, dating from the reign of the one-eyed Governor Peter Stuyvesant, to present times. Another cabinet contains maps, circa 1642, that chart the course of the city.

Last year the OOR was served in an effort (Student Life), the new program has been conducted as in the past with a small group, of some twenty to thirty present. In contrast, the two assemblies meeting on Thursday have been split into two assemblies of previous terms. The experiment was started in an effort to eliminate the overcrowding and impersonal nature of the assemblies.

This program, initiated by the department of Student Life is expected to replace the freshman orientation assemblies. Due to the unusually small freshman class this term, an experiment was started in an effort to eliminate the overwhelming and impersonal nature of the assemblies of previous terms. The two assemblies meeting on Thursday have both been split into small groups, of some twenty-five students each, meeting separately with a member of the Department of Student Life. At these “discussion groups”, topics of interest to the students present are considered. In contrast, the two scheduled assemblies on Tuesday are always conducted as in the past with a large number of students in each section.

According to Mr. Stamos Zades (Student Life), the new program has been instituted in an effort to make the freshman more able to cope with many new problems encountered in adjusting to College life. The program will be continued next term as far as possible in the face of unusual large entering freshman class in September.

**IT'S ALL A MATTER OF TASTE**

When you come right down to it, you smoke for one simple reason... enjoyment. And smoking enjoyment is all matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L. S. M. P. T.—light, mild, good-tasting tobacco. Second, Luckies are actually made to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happily-Go-Lucky. Get a pack or a carton of better-tasting Luckies today.

*Eye's all a matter of taste*

**Hamilton’s House Looted; Firearms Leave Grange**

“The two revolvers were stolen during the broad-open day,” sir, the guard said, “they were that used at the last duel of Alexander Hamilton.”

Three weeks ago, at the Hamilton Grange, 276 Convent Ave., while another guard was on duty, one of the 32 to 40 daily visitors who was very interested in the guns forced the glass case open and took them home with him. Nothing has been heard of him since. The police do not know the motive.

The Grange is a block and a half north of the Main Campus. It hasn’t always been located there, however. It was moved from 143rd Street, between Convent and Amsterdam Avenues, to its present site in 1859 and crashed on railers for 500 feet after leaving the city for the operation. The showcase abounds with thousands of objects such as books, letters, maps, engravings of Washington’s battles with the English and other memorabilia of the Hamiltonian period. These articles were given to the American Scene and Historic Preservation Society which assembled them at the Grange.

The house was built by Hamilton in 1812. He did not, however, long enjoy the beautiful view and fresh air. In 1844 he was challenged to a duel by Aaron Burr. Pistols were chosen. On July 11, an old dueling ground at 600 AM, in Weehawken, N.J., Hamilton was mortally shot. He died twelve hours later. He had been the first Secretary of the Treasury of the United States.
Lacrosse Prepping For Season's Opener
The lacrosse team opens the campaign on Saturday afternoon against the Alumni of Lewishaw Stadium and Coach Leon Miller is optimistic about the team's chances of bettering last season's 3-6-6 record.

Hit hard by graduation the squad is minus eighteen experienced players, including ten of last year's starting array. Leo Gottlieb, the team's leading scorer, and standouts John Mahon, have graduated, and All-American goalie Harry Friedland has not reported and is not expected to see any action during the opening season.

Rough Job For Miller
As a result, Chief Miller will have to develop an entirely new team. Veterans Ronald Riefler and Stuart Nann are fighting for the vacant goalie position. A large part of the burden will fall on the returnees Milt Perlow, Bob Brendel, Pitcher: Pitching, returning veteran. They have graduated, and All-Ameri-

Chief Miller

question: What are the chances of this year's baseball team repeating last year's championship?

OP Win... "They got us sure," commented "Butch" Lippton, after a hunting OP team had proved themselves superior basketball players by humbling an inept Campus four (six at times) by a score of 50-40, in the Main Gym, last Friday afternoon.

Dave Palusky could not be reached for comment on the rumors that as a result of last Friday's debacle the entire OP squad will be promoted to the varsity next season.

By PROFESSOR HARRY KARLIN
The tennis team is preparing for the opening match of the season against Hofstra College on April 3. I am confident that the team will have a very fine year. They should take at least four-out-of-nine matches. Right now it looks as though the squad of Cliff Huffman, Jay Bohrer, Allan Jong, Warren Burr, Larry Ginsberg, Harvey Rubinstein, Steve Hresh and Eddie Trunk is shaping up very well.

L&M FILTERS ARE JUST WHAT THE DOCTOR ORDERED
I've been waiting for a filter cigarette that really gave me the feeling that I was smoking. I knew that L&M Filters were what I had been looking for with the very first package I tried. They have a fine filter and they taste good. The facts below make sense to me.

THIS IS IT!

1. Effective Filtration, from the Miracle Product—Alpha Cellulose—the purest material for filtering cigarette smoke and exclusive to L&M Filters.

2. Selective Filtration—the L&M Filter selects and removes the heavy particles, leaving you a light and mild smoke.

3. Much Less Nicotine—the L&M Filter removes one-third of the smoke, leaves you all the satisfaction.

4. Much More Flavor and Aroma—the right length—the right filter—the right blend of premium quality tobaccos to give you plenty of good taste.

*U.S. Patent Pending
