Queens Group Spurns Action On Ad Curbs

A resolution prohibiting any student publication from printing advertisements sponsored by organizations on the Attorney General's "Subversive List" was upheld Tuesday by the Queens College Student Faculty Committee.

Board Accepts Committee Decision On Sand; He Returns Today

Special to the Observation Post

By SELWYN RAAB and RAY HAMILTON

Nat Holman has been dismissed from City College.

He was found guilty of neglect of duty and conduct unbecoming a teacher by the Board of Higher Education early this morning. In making the decision to fire Holman, the Board reversed the ruling of its Trial Committee, which after seven months of hearings, acquitted the coach of all charges against him last Wednesday.

After thirty-four years as a teacher and coach, Holman gained national renown as "Mr. Basketball," but the double-championship team he built was shattered in Spring 1951, when eight of his basketball stars confessed to taking bribes and "shaving" points.

Waiting in an anteroom, Holman looked downcast and discouraged after he learned of the Board's decision. He is a man who hates to lose, and the reporters present respected his silence. "Mr. Basketball" was given thirty days to apply for a pension.

Bobby Sand, Holman's assistant coach, was restored to immediate duty at the College, but he lost all back pay for the time he was suspended. From November 18, 1952 to last night, Sand will return to the College in whatever capacity President Gallagher wants to place him.

The attorney for Sand, Bernard Fliegel, said "We wish to express our appreciation for Dr. Gallagher's sympathetic understanding of the situation throughout." Sand's light punishment was attributed by the BHE to his "frank admission of guilt" in sending the Warner letter, his "expression of repentance" and his "co-operation with the Trial Committee."

Parker R. Chandler, the man who filed the minority report on the Trial Committee demanding a guilty verdict for Holman, refused to comment as he left the BHE meeting room at Hunter College.

Harry N. Wright, the president of City College at the time of Holman's greatest glory, was present at the BHE meeting. His successor, President Buell G. Gallagher, commented: "The Board decided after careful consideration on the basis of facts and evidence."

Fifteen of the twenty-one members of the BHE were present at the meeting. The vote was not disclosed.

BHE Finds Nat Holman Guilty! Reverses Trial Committee Decision

Ordeal... Throughout the almost five dragging and weary hours, Nat Holman's wife, Ruth, patiently sat at the side of her husband, as the BHE pondered his fate.

When the decision was finally announced Mrs. Holman appeared shocked and incredulous. In subdued tone she spoke to friends who had waited with her throughout the entire ordeal.

Finally, she and her friends gathered their clothing and quietly departed. It was a night they will not soon forget.

Student Activities. In refusing to exclude the Queens Student Union from a list compiled after the Attorney General's "Subversive List" was announced that it could only be a specific case to which an advertisement applied rather than a general resolution, the Student Activities Committee ruled two weeks ago calls for a specific case to which the Student Union Finance Committee was to have to decide on an imposed fee while only twenty-four disserted.

The poll also revealed that eight of twenty-one students would be willing to pay some kind of fee to support the Union while only 150 students objected to paying any kind of increment. Commenting on the results of the poll, Ira Kiosk, co-chairman of the committee said that the poll overwhelmingly shows that the student body is in complete accord with the recommendations of the Student Union Finance Committee, namely, that the student body must decide by referendum if there is to be a Student Union fee."

A tropical beauty who seems to need no training in technique is enhancing the College's Institute of Film Techniques. Already a film star (of the Philippine Islands) Erlinda Cortes is an actress turned producer and director—at least, potentially.

A brief vacation in the United States has stretched into a study of movies and television methods. At the College, one of her class- mates in film production is a compatriot: he's a signal officer on leave from the Philippine Army.

Erlinda, who originally had sought admission to the Institute as part of a drive to raise the level of films in the Islands.

Back home, Erlinda relates, there is only the trial and error method of learning about television and films. The vivacious Brunette learned her acting tricks by watching Hollywood produc-

ings constantly, studying set designs she chose as models. The method paid off. Erlinda has starred in 24 Filipino and 4 American films.

But, although "Puerto Ricans are "good citizens" who have adjusted to American society as a whole, they are not 'the responsible citizenry of our country.' Yet they are exiled from membership in the Pacific area. The removal of the ban on Filipino names will make it possible for them to work in that, she declares—her interest being Hollywood ways, not Mr. Power.

In another film, she blossomed in soap opera roles against a hash background. However, she demonstrated that she is a well-rounded actress in every produc- tion, being able to sing, dance, play drama, and even take to the water a la Esther Williams. She's even attained the traditional Bacardi drink against a hash background. However, she demonstrated that she is a well-rounded actress in every production, being able to sing, dance, play drama, and even take to the water a la Esther Williams. She's even attained the traditional Bacardi drink. Admiration for both the film and Miss Cortes stems from her ability to respond to the sometimes reprehensible elements in society, as Miss Cortes has done. She is convinced that "freedom for life, a love for life, and an enjoyment of life to its fullest extent always ends in success, as the part of Shakespeare's Juliet."

Erlinda's popularity is high in the Islands. In 1947, she received the National Women's Clubs award for best菲律宾 actress of the year. The next highest choice in the Philippines was the Pope of the Philippines. Miss Cortes was recently paid a "Open House" to the College. The event was held in the group's dormitory. Miss Cortes was also paid a visit by a film critic, who praised her for her acting ability.

In the Philippines, where the film industry is still in its infancy, Miss Cortes has become a household name. She has starred in numerous films, and her popularity has only increased with time. Her work has been recognized with numerous awards, including the National Women's Clubs award.

In 1947, she received the highest choice in the Philippines for best actress of the year. In the Philippines, she is known as "a great actress" and "a worthy addition to the film industry."

Miss Cortes is currently working on a new film, "The Caribbean Sea," which is expected to be released soon. She is also planning to produce and direct the film, which will be set in the islands of the Caribbean Sea. The film will be shot in color and will feature a cast of local actors.

In conclusion, Erlinda Cortes is a talented and popular film star who has made significant contributions to the film industry in the Philippines. Her work has been recognized with numerous awards, and she continues to be an inspiration to aspiring actresses in the country.

Text of BHE Decision

The Board heard counsel for Professor Holman and Mr. Sand and also Mr. Mollen, Assistant Corporation Counsel. The Board then went into Executive Session, and immediately adopted unanimously a resolution expressing gratitude to the Trial Committee for its devoted, painstaking and long service.

The Board then proceeded to discuss at great length the Committee's report and ultimately, with one revision, the Board adopted the recommendations of the Trial Committee with respect to Prof. Holman and found Prof. Holman guilty of neglect of duty and conduct unbecoming a teacher on specification number one, neglect of duty on specification number two, and false statements on specification number four that dealt with his failure to report the illness of his daughter. This was the case of Dr. Harry Sand, the Board approved the recommendation of the Trial Committee finding Mr. Sand guilty of specifications one and two.

With respect to Professor Holman the Board voted that Holman be dismissed as of the date of his suspension without pay until June 30. Within thirty days he files an application for service retirement.

With respect to Mr. Sand the Board voted in view of Sand's cooperation with the investigating committee, his frank admission of guilt, and his expression of repentance, that his suspension without pay be continued until March 3, 1954, and that he be restored with a reprimand, to such terms as the President of City College may deems most advisable.
**Student AA Views Key Athletic Plans**

The Student Athletic Association is an organisation which has jurisdiction over all phases of City College's athletics policy, large or small, ranging from scheduling area and athletic budget to changing the requirements for varsity letters. The SAA is composed of thirteen students from both Uptown and Downtown, day and evening sessions. The president is Stuart Greenberg, an Upper Senior, with three years of varsity experience, one year of freshman football, and two years on the Athletic Association board, and three years in the Varsity Club.

"Our function," said Greenberg, "is to initiate athletic policy which we feel is needed. In doing so, we make recommendations to SFCIA (Student Faculty Committee on Intercollegiate Athletics) and they discuss it and vote with SFPCIA on policy.

The Student Athletic Association is in the process of considering plans for a Metropolitan Student Athlete Association. The idea is to form a conference along the lines of the Ivy League (Eastern Intercollegiate League) comprising schools in and around the metropolitan area. In this set-up will be for athletics; not just for basketball, but for all sports, major and minor. The league would also comprise both large and small colleges," stated Greenberg.

"If arenas or other athletic areas are to be rented out for these events, such rental would be subject to and under the strict supervision of educational authorities. If a league is ever initiated we intend to comply with all codes of amateurism to the fullest extent. This healthy atmosphere will also enable the league members to conduct a full variety athletic program."

The SAA is currently concerned with finding managers for the varsity baseball, football, tennis, and basketball teams. Greenberg has made an all-out appeal for managers for the aforementioned teams. Those interested should apply in the Athletic Office, Lewishohn Stadium.

**Swimmers To Try For Initial CROWN**

The swimmers will be out to capture their first Metropolitan Conference title in seven years on Saturday at the NYU pool. The Beavers, having, taken the Met Dual Meet laurels, are strong contenders for top honors.

**Medley Relay Important**

Coach Jack Rider feels that a Beaver victory depends primarily on the combined efforts of free-siders Steve Keaten and Ben Trasen, and backstroker Tony Trasen. Trasen and Souza are entered in the Medley relay and this event may prove to be the deciding factor.

Howie Scholmer is favored to retain his title in the 220 and 440-yard freestyle events. The battle for second place in these events will probably be between Keaten and Brooklyn College's Perry Tienman.

**King Points Rate High**

Roger Ryan of Kings Point is the standout in the 100-yard freestyle events. Walt Leffler and Bob Tannert, both of NYU, and Trasen will battle for the other positions. Dan Matella and Bob Hynes of Kings Point will vie for the 200-yard backstroke crown with Souza, Bill Cawley of NYU, and Freddie Bedell of NYU furnishing the chief competition.
