**City College Fund Sets Drive Goal at 200 G's**

By JACK LEVINE

The City College Fund, the official alumni fund raising group, has set its goal for the year at $200,000, according to its newly appointed director, Mr. Norton Belth. Last year $150,000 was raised.

Formerly known as the Central Fund, the group helps support the student bursaries and the Placement Bureau through its alumni fund drive. In addition, the fund has contributed $300,000 to the Student Union Center and has declared its support to aid the center's yearly operations.

"Our goal is not overambitious," Mr. Belth said yesterday, "but it would be a fine accomplishment." He predicted that the "goal will be achieved". Last year the fund received $34,000 from contributors who were not alumni. Further support is hoped from that quarter, Mr. Belth said.

The new director, who succeeds Mr. Nathan Kohnlin, has had over twenty years experience in community work. Among the posts he has held are Research Director of the American Jewish Congress and Assistant Director of the Jewish Education Committee.

The group also has a new campaign chairman, Mr. Harold A. Linford '18. Mr. Linford has been an active alumnus for many years having served as vice president of the Alumni Association and treasurer of the student houses.
Police Protection

Police Commissioner Francis P. Adams is a very busy man; no one would be surprised by the undersized staff, running bingo cruises and detonating for helping a friend on a wet night keep a man busy. With all of these major problems to face, we realize that trying to keep law order on a limited budget is no easy task.

Here at the College there are a lot of problems that could use police assistance: to protect the student body from the buses and cars traveling at something more than the legal speed limit on Avenue A and Convent Avenue would help, and the parking situation sorely needs to be untagged by experts. But a much more dangerous situation which already has shown some ugly manifestations is here. We are talking, of course, of the drug problem. We realize that trying to keep law order on a limited budget is no easy task.

New Honors

A small news item recently gave us a great deal of satisfaction. The item was the announcement that Dr. Kenneth Clark (Psychology) had been made a member of the Board of Directors of the Northside Children's Center. His work as founder and co-director of the Center is well-known. And his contribution to the field of psychology is recognized his basic integrity and earnestness. The vast body of work done by Dr. Clark, his former capacity as chairman of the Student-Faculty Service and the Student Government, and his work here at the College since 1865 is now dispursing $10,000 a year to students in need.

The Student Aid Association, which has been quietly aiding students at the College since 1865 is now dispensing $10,000 a year to students in need. This is the largest award ever made by the College to students. The Association has been in existence since 1865 and has been helping students at the College ever since.

This is the largest award ever made by the College to students. The Association has been in existence since 1865 and has been helping students at the College ever since.

Mr. Maisels (right) Listening to an interpreter explaining one of the finer points of the Communist system. The scene is Leningrad's great war memorial to the Soviet Union. It is to remind us what was here before the revolution. It is important to remember what was here before the revolution. "Yes," I agreed, it was important, and in my four weeks I think I got a little bit of an idea of what the life was like under the revolution. It often gave me cause for wonder.

Next week:
The Individual and the State.
New Monnikers Planned For Almost All Buildings

The results are finally being tabulated for the school-wide game "Name the Building." Since the solicitation of names from students and alumni began a year ago, a College committee headed by Dean Morton Gottschall (Liberal Arts) has worked and come up with a tentative list of names. Townsend Harris Hall, one of the first buildings to lose its present, simple name, will become the Edward M. Shepard Building, honoring a former chairman of the Board of Trustees. Other prosaic names for buildings have been proposed.

Cancer...

The inside story of smoking and lung cancer is told in the new issue of the Baskerville Chemical Journal which comes out tomorrow. Alvin Knoak, 43, of the Institute of Industrial Medicine of the Bellevue Medical Center gives the entire story in non-technical language.

Soccer Grads Vie With Varsity Sat.

By HERSCHEL NISSENSON

City College's soccer heroes of the past, the players who have contributed so much to the glorious history of the sport at the school, will return to Lewishaw Stadium on Saturday to do battle with their 1954 counterparts.

Game time is 1:30 PM.

The Alumni will be led by Werner Rothschild, former soccer great and also a coach at the College. Rothschild scored ten goals in two seasons of competition and also was at the helm of the varsity team for five years.

The Alumni will be Wally Meisen, with Novak Massanovich and Vahle Jordan in front of them at the full-back slots.

The probable lineups:

The probable starters at the goal will be Hal "Punchy" Friedland, the brilliant Koutsantanou, outstanding sophomore Wolfgang "Wolf" Wustl, and co-captain Gus Nater. Two juniors, Bob Lemenfore and Aliva Ekstrims, are also expected to see great service of goal.

The halfbacks will be Bob Hayam, all-Conference last year, co-captain Eddie Trunk, also all-Conference, and newcomer Rudy Goldhirsch, who should prove to be one of the most exciting players on the field.

The probable forwards will be Joe "Poli" Policandritis, co-captain of the Manhattan College soccer team in 1947, and Alvis Eikstrems, a possibility as a forward. The probable starting lineup will be Hal "Punchy" Friedland, with Morris "Crunch" Hocherman, the brilliant Koutsantanou, outstanding sophomore Wolfgang "Wolf" Wustl, and co-captain Gus Nater.

Top Scorer Back

Heading the forwards line will be Rothschild and Fred Goldhirsh. Goldhirsh, in 1944, scored 9 goals, a mark which still stands for most goals scored in one year. Also on the front line will be Irv "Botts" Schwartz, perhaps the finest competitor ever to play for the College. Rocky Amorese and Jeff Freema.

The College's all-time high scorer is now considered a top player in the tough German-American League, whose select teams have consistently defeated top pros.

Eddie is optimistic about the team's chances this season. "In my two years on the team we have won two championships," he said, "and I have every intention of helping to win another.

You'll always be glad you bought a Chevrolet (and now's a great time to buy one!)

You'll stay proud of Chevrolet's lasting good looks You won't find another low-priced car with the look of quality you see on a Chevrolet. And if you like Chevrolet's looks now, you'll like its looks always.

You'll enjoy exclusive features for finer motoring Body by Fisher—the highest-compression power of any leading low-priced car—the biggest brakes, the only full-length box-girdle frame and the only Uniteded Knee-Action ride in the low-price field. They're all yours for the asking.

You save when you buy and when you trade

Eaded so. Chevrolet is priced below all three leading cars. And at trade-in time, you'll be ahead again from Chevrolet's traditionally higher resale value.

You'll get a special deal right now

Right now, we're in a position to give you the deal of the year on a new Chevrolet. Come in and let us show you how much you'll gain by buying now.

Now's the time to buy! Get our big deal! Enjoy a new . . .

Chevrolet

YEAR AFTER YEAR, MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!
