Senior Hold Talks Today In the Aud.

"It is very important that all students who expect to graduate in June attend today's class meeting in Townsend Harris Auditorium," according to Alan Marks, '55, vice-president. The meeting will begin at 12:30 P.M. In addition to the announcement of commencement, an explanation of how graduation tickets will be assigned, a discussion of future class activities, there will be four speakers on the contest that seniors may encounter upon graduation.

According to Taft, the College's Advisor to Veterans, will speak, "The Draft Status of the Student." Mr. Saul Brenner of the Placement Office will discuss the situation and Mr. Victor Axelsson of the Alumni Association will talk to the seniors about Alumni relations. Mr. Irving Brandman of the Speech Department, Class of 1935, will also deliver a brief talk.

After the assembly, which will be short, seniors will be able to discuss problems they have with members of the Alumni Association, all present will talk in their rooms. Thirty alumni will be in rooms in Townsend Harris Hall, and the seniors will be able to use their own experience, questions that seniors may have," Marks explained.

Included among alumni, who will be present are engineers, scientists, business owners, politicians, journalists, social workers business teachers, and representatives of the College Graduate Studies Program.

Buildings Supt Leaves Soon

Mr. Robert Petross, Superintendent of Buildings and Grounds at City College since 1942, retired on Monday. He will remain at the College, however, until the end of March, acting as an advisor to Mr. Kenneth C. Snow. Petross recalls all of his experiences here as having been pleasant. He can remember the particular outstanding incidents that he has enjoyed, but he admits that things were "pretty hectic" between 1942 and 1945, when the United States troops were stationed at the College. They were housed and housed at Army Hall, and there were classes every day, including weekends and holidays. The main effort was made to keep all buildings in operation. Now that Mr. Petross is retired, he has no definite plans. He remarks that he never had too much in life to do the things that he wanted to do. He hopes that retirement will make two more things possible.

Still Time...

Although spring training has just begun in the south, it has been underway for several weeks now at the training camp of Observation Post. Senior Shorr of the Baseball Club, required to make the grade at 06-just a willingness to work. There is nothing available in all departments — News, Features, Sports, Business and Art and Photo. Just come to 06's informal debates in contemplate. Time for a new train in Room 13 Main and get into the swing.

Doctors Approve Shorr For Action in NYU Game

Merv Shorr, Hooper's high scorer and captain, may start tonight at forward against NYU. The forward is physically fit by both a Hygienic physician Dr. N. Horovitz, and the mentor cautiously added, "I will take him right out of the game if it, it is obvious that he favors the foot and has trouble running." If a telephone conversation early yesterday afternoon Shorr had informed his coach that he was not in condition to perform against the Violets. Approximately one hour later, Holman surprisingly encountered Mervyn at a downtown rally, where the again seemed to favor the foot. "He could not play. It wasn't until later in the afternoon, after being examined by a Hygiene physician, that Merv was found fit to play.

Bklyn. College Debaters Club Change Asked

Changes in the Brooklyn College Debate Council's constitution, which may transfer the group from the realm of student activities to regular courses in the Speech Department, will be proposed in the near future Professor Orson Larson, chairman of the Department, announced last week.

Any change, according to Prof. Larson, there will be a definite reorganization of the present program into a more diversified program including a greater number of intercollegiate and intramural debate competition, under Prof. Larson's plan will, however, be de-emphasized.

The proposed change in constitution is being introduced to make it "more compatible with the educational interests of the Speech Department and definitely not as a punitive measure for the Speech Council's position on the duties of a faculty advisor, Prof. Larson emphasized.

Last week, in an attempt to clarify the club's supposed misconceptions of the duties of an advisor, he presented in part "The Debate Council is not a breed of student organization (and ...) the advisor should supervise and control the Council much as he would a class." The Council then decided, by a 4-4 tie, not to accept the interpretation of the advisor's role, and 17-2 to lodge a formal protest about Prof. Larson's statement.

Rabbi Ben Schultz Discusses Communism in the U. S. Today

Rabbi Benjamin Schultz, controversial National Executive Director of the American Jewish League Against Communism, will speak at the College today at 12:15 PM "Communism's Faize Face in America" under the auspices of the Robert A. Taft Young Republicans and Students For Americanism.

The 48-year-old rabbi was the recipient of the 1948 Westchester American Legion Award for his anti-Communist efforts. He also received the 1949 Americanism Award of the New York American Legion. This award had previously been conferred only upon Bishop Fulton J. Sheen and Mr. Bernard Baruch.

Rabbi Schultz has been accused of associating with anti-Semitic groups. He has characterized these attacks as untrue smears created because of his position as a rabbi.

The rabbi is the author of articles on "Communism in the Churches," which were published in the Scripps-Howard Corporation newspapers in 1947. Until 1948 Rabbi Schultz had served for twelve years as rabbi of Temple Emanuel of Yonkers, NY.

SC Committee Asks $8,000 In Club Funds

Appropriations to student organizations totaling almost $8,000 have been asked for in the budget of the Student Council Fee Committee Monday.

The budget, headed by Student Treasurer Jared Volsem, was passed by a 10-2-1 vote. Both newspapers, The Observer and New View, have asked for a $90 cut from last term's monies. Student Council charged the allocation of five students and five faculty members, will appropriately fund the remanier, according to Mr. Philip Brunstatter (Student Life), the College's drama group. Final approval for the allocation must be made by the Student Faculty Fee Committee (SFFC), the Thursday. Both newspapers have been asked to take a $90 cut from last term's monies. SDA Reverses List Stand; Will Comply Under Protest

By JAY CARR

Students for Democratic Action, reversing their previous stand, yesterday that they have decided to comply with the compulsory membership list rules of the Student Council, Young Progressives of America, FDR Young Democrats, Marxist Discussion Club and the Young Liberals, still have given no indication that they will comply.

The decision to comply with the ruling came after the Monday night meeting of the Student Faculty Committee on Student Affairs (SFCSA), at which a proposal by Student Council Vice President Martin Gruberg to reverse the ruling, was overwhelm-

formal inquiry as to the reasons for the regulation with open hearings at which student representatives would have to explain their objections to the ruling and SFCSA, on the other hand, would have to explain the reasons for it.

The controversial membership list ruling was originally passed last term by SFCSA. The rest of the membership would have to submit individual signatures and the identification "member of political party" or "member of religious club."

Rabbi Schultz on Americanism

The rabbi is the author of articles on "Communism in the Churches," which were published in the Scripps-Howard Corporation newspapers in 1947. Until 1948 Rabbi Schultz had served for twelve years as rabbi of Temple Emanuel of Yonkers, NY. The rabbi is the author of articles on "Communism in the Churches," which were published in the Scripps-Howard Corporation newspapers in 1947. Until 1948 Rabbi Schultz had served for twelve years as rabbi of Temple Emanuel of Yonkers, NY.
Students May Skip Courses

A plan to excuse students from part of the normal day may be presented in the near future. This plan has been passed by the Faculty Council of the College of Liberal Arts and Science.

According to this plan, a student may take an examination prepared by the department, which offers the course in which the student feels he is proficient. If the student passes this examination he may receive credit for the course taken, and thereby skip the examination.

Applications for this examination will be made available by the Office of Curricular Guidance and will be available May 15. These applications, which will enable applicants to take examinations for the number of credits the course normally earns and such credits may count toward the graduation requirement. More than nine applications of this nature may be used.

Tempus Fugit

Clocks Blamed

Time literally flew by last Thursday, even in lecture rooms. For the first time in a long time, college clocks went haywire. Their hands careened wildly around the clock faces, only to come to a standstill in minutes and even seconds.

According to George Horr, the College Quartermaster, the clocks have been erratic in performance because the octopus' tentacles, which synchronize and correct themselves every hour, were not functioning correctly. When the College Master Clock stopped, all the clocks in Main, Harris, Hygiene, Tech, Chem and the Stadium, were affected. The master clock was the head of the subsidiary clocks started revolving at their record-breaking speed.

Under Protest

Since its unfortunate inception last term, the compulsory membership ruling has been both unrealistic and an ill-devised measure. We fear that its only result in the long run will be the complete stifling of the already diminishing student political activity at the College.

The Student-Faculty Committee on Student Affairs, which passed the regulation, has clearly indicated that it will not consider any major revision that would satisfy most of the students who oppose the ruling.

Students for Democratic Action, one of the six organizations which refused to comply with the ruling has now decided to submit a full membership list "accompanied with the strongest protest.

SDA has taken the only alternative, since non-compliance with the ruling would terminate its charter and preclude it from vigorously opposing the edict.

The group has been made up by the General Faculty Committee on Student Affairs to conduct an inquiry-into the reasons behind the ruling and has urged the group to hold open hearings at which both sides of the question could be heard (See Page Three).

We believe their request should be acted upon immediately because of the extreme importance of the ruling to the entire student body.

Such protection of the ruling contend that it will not deter students from participating in organizations we are afraid of the outcome if they are wrong. We hope that the General Faculty Committee on Student Affairs will respond in favor of "An ounce of prevention is worth a pound of cure." In this case the maxim certainly applies.

Meeting in Room...

It isn't like it used to be. Clubs at the College are formed by a nucleus of interested students and are kept alive by student

siderably interested. There is no recruiting or pressure by the administration or phone interest instilled for the benefit of public relations purposes.

Clubs at the College are real clubs: talking about what they like to talk about and doing what they really like to do.

The real clubs catering to virtually every interest from light opera to jazz; from cricket to hiking. All the organizations who oppose the ruling should not be overlooked an opportunity to mix affability with contemporaries for social, physical or intellectual activity.

Every club listed in the next column (and these are less than half the number we have at the College) is extending an personal invitation to you. Look them over and take your pick. You have only to invest a little time—the profits can be immeasurable.

Classifieds

OP will accept Classifieds. Ads at the rate of $5 cents per word. Inquire Room 232.

Italian Club

Will hold a dance for new members at 12:30 PM in Room 213 Main. All students interested in the production of 'Ulysses' are encouraged to attend.

NAACP

The CUYT chapter will present a symposium today on the nature of the Negro in the South. The meeting is at 12:30 PM in Room 306 Main. All students interested in the symposium are invited.

Philosophy Society

Will hold a meeting of the Kewitt Lounge Tea at 10:30 PM in Room 107. All students interested in the topic "The Integration of the Sciences" are invited.

Physics Society

Will present a film today entitled "Genet, Prince of Egypt" at 12:30 PM in Room 210 Main. All students interested in the film are invited.

SAE - ASTE - ASME

Will present a film today on "The Development of the Automobile" at 12:30 PM in Room 210.

Six Parks '58

Will welcome new members to an Open House tomorrow at 4 PM in the PDS. All new members are welcome.

Wabbl Service Society

Meeting today in Room 13 Main.

Divers Cleave Pool's Depths: Seek 2 Feet

A new aquatic sport originated in the swimming pool last week when Coach Jack E. Rieder had his swimming class dive for "Treasures." The idea was born when Martin Adler, a member of the class of '56, decided to submit a full membership list "accompanied with the strongest protest."

AICSE

Pioneers of the development of the entire PSO curriculum at CCNY, the AICSE has been an active organization for over 50 years. The AICSE has always been a big supporter of the "One Ounce of Prevention" rule. The AICSE has always been an active supporter of the "One Ounce of Prevention" rule.

AICSE-IRE

Will present "Recent Advances in Chemical Engineering" at 12:30 PM in Room 206 Main. All students interested in the topic "The Integration of the Sciences" are invited.

Art Society

Will meet today at 12 noon in Room 416.

Bacteriological Society

Will present "The Bacteriology of Human Beings" on April 30th at 12:30 PM in Room 213 Main. All students interested in the "The Integration of the Sciences" are invited.

Basketball Chemical Society

The President of the Basket Ball Chemical Society will deliver Film "Ordered Black" at 12:30 PM in Room 213 Main. All students interested in the "The Integration of the Sciences" are invited.

FACULTY ADVISORS

Professor J. D. VanValkenburgh,

Sports Editor

Will welcome new members to an Open House tomorrow at 4 PM in the PDS. All new members are welcome.

Soccer Committee

The St. John's College Soccer Committee will hold a meeting today at 12 noon in Room 17 Main. The methods and immediacy of the ruling are urged to join.

Dr. S. Udenfriend of the National Heart Institute will address the members of the Junior College Association at 12 noon in Room 104 Hygiene.

Mr. Berger of the School of Education will address the members of the Junior College Association at 12 noon in Room 104 Hygiene.

Mr. M. Andrews of the Department of Developmental tennis will speak about his experiences in the Metrontan Tennis Association at 10:00 AM in Room 318 Main.

Mr. R. I. McCauley of Diemont Labs of the Johns-Manville Products Corp. will address the members of the Junior College Association at 12 noon in Room 308 Main.

Mr. Max Andrews of the Regional Planning Board will address the members of the Junior College Association at 12 noon in Room 103 Harris.

Mermen Aim for Second Straight Met Championship at NYU on Sat.

By BERT ROSENTHAL

Winner of the 1954-55 Metropolitan Intercollegiate Dual Meet laurels with an 8-0 mark, the City mermen will seek their second straight Metropolitan crown this Friday and Saturday.

The preliminaries will be held on Friday night at 7 PM. The finals will start at 8 PM Saturday.

Tickets are good for both events and may be purchased at the Pool or at the Athletic Association Office.

The General Faculty Committee on Student Affairs will fully acquit itself with the reasons for the protest of SDA and other clubs, and after due consideration will overrule the decision of its subordinate body, the SFCSA, and work out a solution which will take care of the administrative legitimate needs while preserving the full rights of students to engage in the freest discussion of all issues.

Our system is proud of the toadstool of all clubs officially chartered on the campus, Students for Democratic Action is submitting a complete membership application in a responsible and legal protest against the regulation.

What young people are doing at General Electric

Young specialist in community relations makes friends in 101 plant cities

General Electric now has 131 plants in 101 cities, and one problem is common to all: How can the company show people in every community that it is a good neighbor?

This responsibility is shared by many and stimulated by 32-year-old John T. McCarty. His job: Consultant, Program Services in Plant Community Relations.

McCarty's assignment is to help each of the 23,000 college-graduate specialists in the General Electric plants tell its neighbors what they annexed for the first time last year. The United States Merchant Marine Academy is the only outfit expected to present any serious threat to the Laven-
CCNY Faces NYU Tonight; Injured Shorr May Start

By HERSCHEL NISSENSON

The City College NYU game, will be played tonight for the fortieth time and there may be two notable absences. The first, and by far the most important, will be CCNY Captain Merv Shorr. Shorr suffered a ruptured blood vessel in his right foot in the Brandeis game, last Saturday and until game time it won't be known whether he can start.

The second will be the traditional coffin carried by CCNY students. The appearance of the coffin has startled several alterations between students of the two schools in the past few years and a detachment of special police will be on hand tonight to keep the coffin out.

Fresh Play at 6

The contest will be played in the Fordham University Gym with NYU acting as the home team. Starting time is 8:30 PM, with the freshman teams crashing at 6 o'clock. The varsity game will be televised over WATV (Ch. 13) at 8:30.

The Violets will have an extra added incentive tonight, as if any were needed when these two teams get together. The Bronxites have fallen seven straight times in their bid to notch Coach Howard and Cana's four-hundredth victory.

The Violets have compiled a poor 6-13 record this season, and have one of the weakest teams in the history of the school. They have beaten Port Schuyler, Boston College, American University, Miami (Fla.), West Virginia and Bucknell, while losing to Pittsburgh, Furman, Rollins, Notre Dame, Georgetown, Army, St. Louis, Holy Cross, Manhattan, Lafayette, Kings Point, St. John's and Fordham.

The Hall of Famers are led in scoring by their two forwards—Co-Captain Joe Scarpinato, a 6-foot 1-inch senior, and Art Tiedeman, a 6-foot 3-inch sophomore. Tiedeman is averaging 13.6 points per game and Scarpinato is right behind him with 12.5.

The big man is 6-foot 4-inch Irwin Lowenthal, a rugged junior. Lowenthal is averaging 8.5 points.

At the guards will be Jimmy Nidds, 6-5, one of the outstanding sophomores in the city, and Co-Captain Dom Delbonis, a 6-foot senior. Nidds is the only other Violet in double figures with an 11.2 average, while Delbonis is averaging 8.4.

NYU leads in the series, 21-18. On Saturday night the hooper's will end the season against Brooklyn College in Flatbush.

But you're the guy she steps out to have a cigarette with...

For more pure pleasure... SMOKE CAMELS!

No other cigarette is so rich-tasting, yet so mild!

P.S. No other brand has ever been able to match the pure pleasure in Camel's exclusive blend of costly tobaccos! That's why Camels are America's most popular cigarette!

OBSERVATION POST

Sports at the College

End of An Era

By Stan Wecker

Those of us who entered City College in the Spring of 1951, little reason to believe that we were rapidly approaching the end of an era. Big time basketball had put the College on the map, but the summit seemed to have been reached. Our team had achieved an unprecedented Grand Slam. Everyone was on the bandwagon.

Then came the scandal and disillusionment. And with the grace, the shock the fall of prestige came another serious problem, loss of a lucrative source of income. Unfortunately for those who would have maintained an amateur athletic program in a professional world, faith and good intentions could not substitute for cash. In the four years since the scandals, fifteen inter-collegiate squads at CCNY have been discontinued due to a lack of funds.

The second phase of de-emphasis began early last Fall when President Gallagher set up a committee to make a comprehensive study of teaching loads and pay scales in the Hygiene Department. After the group submitted its report, Dr. Gallagher informed the Department that henceforth three teaching hours on the gym floor would be to equivalent to two hours in other courses.

Since September four men have not been rehired. The coaching staff was hardest hit. Three members have already been given notice and a fourth has submitted his resignation. Effective next September, it is fine to demand that the city supply money to support athletics and purchase equipment, but without coaches there will be no teams.

On what did the President base his decision? How was the 2-2 two hours ratio arrived at? The "comprehensive study" of teaching loads only covered the Hygiene Department. Moreover areas of even this limited field were ignored—among them were School Gymnastics, Special Hygiene sections and the entire Athletic Division.

In his biannual report Dr. Gallagher makes it a point to say, "We ask our coaching staff to carry normal academic loads, same as other teachers." It is hard to reconcile this statement with the facts. No College-wide study was conducted in other departments, who is to say how much outside preparation is involved in being the head of a laboratory instructor or a professor who has been teaching the same subject for many years? And yet, it is this same side preparation which is used as a basis for evaluating the Hygiene teaching load.

The President maintains that it is the Hygiene Department which is responsible for failing to rehire the coaches. But he must realize that under the present tenure system, his edicts leave no choice.

Professionalism is still not the answer, but lose have amateur athletics on a one hour basis.

It is now 1955. We who came into the College at the end of other years seemed destined to graduate at the finish of another—the death of inter-collegiate athletics at CCNY.

We cannot all back and allow this to happen. We owe it to ourselves, to future students, and to our College.

Thursday, March 3, 1955
