Bloodmobile...

A Red Cross Bloodmobile will be set up in the Kittle Lounge of Shepard today and tomorrow. Students who have not yet had a chance to register at the Kittle Lounge station. To donate blood, students must be at least eighteen. Students under twenty-one must obtain a blood donation permit from the office of Dr. Jeanne Noble (Student Life), Room 115 Finley Student Center, and have it signed by a parent or guardian.

SC Rejects Referendum For Newspaper Merger

By JACK MONET

A proposed referendum calling for the merger of Observation Post and The Campus into a single newspaper was rejected by Student Council last night.

The referendum, one of several proposed to be placed on the ballot on December 16, was defeated by a vote of 15 to 6.

Speaking against the proposed referendum, Student Council President Ronald Salser, Editor-in-Chief of the Campus, pointed out that the student body had overwhelmingly defeated the same referendum proposed three years previously.

"The situation has not changed since then," she said. "The student body has not voted to merge the newspapers."

"We have now better news coverage because of the two newspapers."

Ronald Salser, Editor-in-Chief of the Campus, appealed to the Council to place the merger referendum on the ballot, and let the student body decide for itself.

"Council," he said, "should not as judges determine themselves whether the student body should have one or two newspapers."

Two Vie for SC Sec'y

Other Slots Uncontested

Three of the four major Student Council offices will not be contested. The position of SC Secretary finds Stan Whitaker, '59, unopposed, and the treasurer offices are not contested. The remaining position, Council president, is running unopposed.

The Freshman Class presents a total of fifteen candidates for class positions, has six candidates for the five SC positions, and six candidates for the corresponding position in the Freshman Class.

Klapper, son of Dr. Klapper, will unveil the plaque.

South Hall will be known as Klapper Hall, after Dr. Paul Klapper, '54, who was the first president of Queens College and the first dean of the College School of Education. Dr. Joseph C. Colton, dean of teacher education of the BHE, will dedicate Klapper Hall; and Dr. Joseph T. Compton '33, a member of the College's faculty for fifty-five years, will preside at the program.

The buildings to be dedicated on September 13 are: Major of the Board of Higher Education for the College, and he was also instrumental in acquiring the North Campus site for the College. Dean Gottschall will deliver the dedication address for Shepard. Mrs. R. C. Lef­

Story on Lists To Be Printed

The New Leader magazine has agreed to print a 1,900 word article on the subject of compulsory membership lists at the College.

This was agreed upon after an interview with the editors of the New Leader magazine by representatives of the Political Action Committee.

Professor Coleman O. Parsons (English) has agreed to prepare this article.

The Political Action Committee, chaired by FDR Young Democrats' president Howard Schu­mann, was formed earlier this term by College clubs wishing to fight membership lists collectively.

Ahem...

Going south to seek "the sweetest voice at the College," the Beacon Broadcasters will hold final auditions tomorrow beginning at 12 noon in Room 243, Fair, and the New Leader magazine. All auditions at the College are eligible to win the contact. The winner will be announced over the College's radio station, WYCC, on December 15.

Klapper, son of Dr. Klapper, will unveil the plaque.

South Hall will be known as Klapper Hall, after Dr. Paul Klapper, '54, who was the first president of Queens College and the first dean of the College School of Education. Dr. Joseph C. Coercion and The Campus

City College has for some time been fortunate enough to have two newspapers, presenting different styles and different opinions. However, The Campus, with vague cries bordering on the mystical zeal, is trying for the fourth time in five years to drag this newspaper into an unwarranted and unwanted alliance.

The contest of last night decide 100 to be the beginning of the Holland Tunnel underwriting the New York City Marathon. We believe that this decision was not the best for the development of The Campus. In fact, it could have been the beginning of a very interesting and valuable project for the newspaper. However, the decision was made by the student council, and it is now up to us to try to correct the mistake.

The Campus is a very important newspaper, and it should be treated with respect. We believe that the decision to merge was not in the best interest of the newspaper. We believe that The Campus should be allowed to operate independently, and that it should be able to present different opinions without fear of retaliation.

We believe that the decision to merge is a mistake, and we urge The Campus to operate independently and to present different opinions. We believe that the decision to merge is not in the best interest of the newspaper, and we urge The Campus to operate independently and to present different opinions.

We believe that the decision to merge is a mistake, and we urge The Campus to operate independently and to present different opinions. We believe that the decision to merge is not in the best interest of the newspaper, and we urge The Campus to operate independently and to present different opinions.
Dachshunds Act as Hosts

To Professor's Students

By CLAIRE KATZ

Dachshunds have been playing host to students of Professor Otto Mueller (German Language) for the last twelve years, and judging from reactions on both sides, the professor thinks they have spent two summers on a French vocabulary for the students in French 3 and 4 classes. The list is in wide use by the rest of the department.

His interest is animals has gone beyond dogs, and in his younger days Prof. Mueller recalls, "I did a lot of hunting and fishing but now I am sadly out of practice." The professor raised the prize hunting dog in Germany's 1918 competition. Recently, he was unanimously elected faculty advisor to the Hunting and Fishing Club, whose name, at his suggestion, was changed to Rod and Gun Club.

Prof. Mueller, who arrived at the College in 1931, is a specialist in the history of the French language. He is fluent in French, German, and English, and the dogs, he claims seem to understand him in all three.

Professor Otto Mueller

With Some of His Dogs

coming to the professor. And with good reason, he adds, for Fritz has officially sired ninety-three offspring. Fritz also has proven his worth as a father, and stands on his last legs, as students however, having spent two summers on a French vocabulary for the students in French 3 and 4 classes. The list is in wide use by the rest of the department.

Coffee Break for Aldermen

Led to Formation of College

The cost of educating 1000 students at the College in 1847 was only four times what it cost to supply the Board of Aldermen with oysters and coffee! This was one of the conditions put forward for the City fathers to establish an institution for higher education. The building bearing his name will be rededicated today as part of opening ceremonies.

Copper...
Hoopsters Play Columbia Tonight, Hawks on Sat.

(Continued from Page One)

Lavy, and Ralph Schellman were most effective for the Lions against Adelphi, but will have to improve tonight if the Beavers are to upset the Lions. In addition, Bill Lewis will have to improve his defense, and Lou Berson and the reserves must be top form.

George Jensen (above)

Joe Bennardo (right)

Frank Thomas (right)

One advantage for the Beavers is the age difference between the starting lineups of the Wingate Gym. One of Columbia's starters is 22 years old, and a small court can slow down a fast team. The Lions might find it more difficult to outscore them, but with a small guard like Schellman, they normally would on a larger court. The game may be decided under the boards. The Beavers are 6-4-9, and Lewis and Jensen are taller than Columbia's big men, and if City can dominate the rebounding, the cagers will have a much better chance.

In his first game, at 6 PM, the Beaver freshman team will oppose the Lion cub. The frontcourt, west of the res will be looking for their first win. They lost to the Adelphi yearlings Saturday, 70-61.

Alex Delia, who scored seventeen points Saturday playing with a bad leg, is, in good shape and will start at center. Julio Breaux, who was ill, is in good shape and will probably start at center. Marty Doherty, who is in good shape, will start at wing. Julio Caw, who is in good shape, will start at forward. Steve Marks, who normally would start at forward, will start at center.

City Swimmers Open Season Against Manhattan Tomorrow

The College's swimming team will be host to Manhattan in their season's opener tomorrow night at 8 PM in the Wingate Pool.

The time was when a City swimmer, 3-5, over the Aggies were Bernie Schwartz (6-1). Schwartz (6-1), and Tony Russo's eligibility was confirmed, "City shouldn't experience too much trouble beating Manhattan.

In a successful swimming season rest greatly on the shoulders of Lavender Jensen, Frank Thomas, and Bob Lehner, who has the potential to make City fans forget about all the trouble. John Lewis has shown very well in practice and might usurp the number one backstroke position from Arnold Ford, holder of the College record. Weisman is a transfer from Hunter College, and is being counted on to fill the trunk of the man to the one-meter dive.

Observation Post

City Swimmers Open Season Against Manhattan Tomorrow

The College's swimming team will be host to Manhattan in their season's opener tomorrow night at 8 PM in the Wingate Pool. The Manhattan swim meet was over before it started, with the Lions and Firemen making baskets with a strong Joseph Schwartz (6-5) and a strong Adrian Allen (5-6) and 7 PM in the Park Gymnasium.

Today, the Beaver fencers were defeated, 3-2. Bob Schwartz (6-1), Edgar Milam (6-1), and Ira Schwartz (5-2) round out the starting lineup. Fleischer likes Schwartz "every bit as much as Ira Schwartz as a little man."
