Peace Grants Center Board New Powers

By DAVE GROSS

For the first time since its inception, the Board of Student Managers of the Finley Student Center has been delegated specifically defined powers. Dean James S. Peace, Director of the Student Center, granted "certain specific areas of responsibility" to the Board on Tuesday, September 18.

It is the role of the Student Managers to advise and consult with Dean Peace on all matters concerning the welfare of the student body and its organization in the use of the Finley Center.

Within the discretion of the Center's Director, and on his delegation, the Board of Student Managers may undertake operating responsibility. The Board is composed of the Day Session Finley Center Managers Agency and the Evening Session Finley Center Management Committee.

Consultation Needed

The Board of Student Managers will now be the only student group which can initiate rules and regulations for the use of facilities by students in the Center. Such rules shall go into effect only after consultation with the Director, and any regulations initiated by the Director shall go into effect only after consultation with the Board of Student Managers.

After the Board and the Director have discussed proposed rules and regulations, the Board of Student Managers may promulgate, in the name of the Board, such rules as have not been specifically disapproved by Dean Peace.

"This is the first actual responsibility," said Stan Wissner, chairman of the Finley Center Board of Managers, "delegated to the student managers." Previously, he said, they had the meaningless powers of the "day-to-day operation of the Center."

He expressed the hope that in the future the Board of Student Managers may obtain the sole responsibility for the operation of the Center.

Nominees For SFCSA Hold Forum Thurs.

A Speakers' Forum for the nominees to the Student Faculty Committee on Student Activities (SFCSA) was established by the Executive Committee of Student Council last night. The forum will be held Thursday between 12 Noon and 2 PM.

The ten candidates for SFCSA are Murray Beja, Joe DeMaio, Arthur Diamond, Robert Ellson, Henry Grossman, Lawrence Loeb, Joel Resnick, Michael Rizzo, Charles Waldauer, and Louise Shacknow. The election is scheduled for Friday.

In another action last night, the Executive Committee granted a temporary charter to the Campus Democrats, a new political organization on campus. A temporary charter is granted for a probational period.

The organization was formed, according to the group's president, Patrick Guarino, to stimulate political activity on campus. Guarino charged that the Students for Democratic Action had deprived the college community of such activity by walking off campus last semester.

Executive Committee also voted to recommend to Student Council that Charles Waldauer be elected Chief Justice of the Student Court.

Council VP Urges Brophy To Forfeit Vote on 'Lists'

By RALPH DANNHEISSER

Dean Daniel F. Brophy (Student Life) has been urged to disqualify himself from voting on the question of membership lists when the issue again comes before the General Faculty Committee on Student Activities (GFCSA). The appeal to Dean Brophy came today in a letter from Howard Schumann, Vice-President of Student Government, and former President of the Political Action Committee (PAC). The PAC was an organization formed last year for the purpose of fighting compulsory club membership lists on the campus.

Dean Brophy, Schumann asserted, "ought to state now that he is an improper judge in the matter," because of his "high executive position in the department of membership lists is expected to come up again at the GFCSA's next meeting, to be held within a week.

Schumann characterized the GFCSA as "essentially an impartial appeals body." He charged that the casting of a vote by Dean Brophy would be contrary to this purpose, and that it would be "inconsistent with usual City College procedures of fairness and justice."

His appeal, Schumann said, the matter will be brought up at tomorrow's Student Council meeting.

He explained that he had actually expected Dean Brophy to waive his vote last term, when GFCSA originally discussed PAC's appeal on the lists problem.

At that time, with Brophy casting his vote, the Committee decided to remove the then-existing safeguards on the lists' use. Previously, political and religious clubs had been permitted to submit their lists in sealed envelopes, which were to be kept in a locked strongbox under the jurisdiction of a special student-faculty committee.

Under the present set-up, both membership cards and any letters of resignation from organizations are included in the students' permanent record folder.

Howard Schumann
Dean's Right to Vote Questioned

Dean Daniel F. Brophy

ment (Student Life) which has taken a definite partisan stand in the matter."

Therefore, he suggested, Dean Brophy should disqualify himself "on ethical grounds" from casting his vote on the question at future GFCSA meetings. The is-

"I do not question the Dean's right to hold an opinion on this subject, or to freely state his position at the meeting," Schumann explained, "it is only his right to vote at this meeting that I sincerely question."

If no action is forthcoming on

Drive To Send Coach Lucia To Olympic Games Collapses

The fund-raising campaign to send fencing coach Edward F. Lucia to attend the Olympic Games in Melbourne, Australia, has failed. The decision to end the fund drive was made when it became apparent that the \$2,000 goal would not be reached before the deadline for making the necessary travel and living arrangements.

Approximately \$500 had been collected in the drive. Funds received in donations from sources outside of the school will be returned to the donors.

The money collected on the campus will be donated to the Stein Fund, which pays the medical expenses of CCNY athletes who sustain injuries while competing for the College.

Lucia was selected by the Olympic Fencing Committee to serve as alternate coach of the United States team. He cannot be part of the official squad, however, due to a regulation limiting the number of non-playing members that may accompany the team.

Upon hearing of the decision, Lucia said: "I would like to

Coach Edward Lucia
Grateful

thank those who supported me. By so doing, they supported CCNY athletics. I am extremely grateful."

Soph Prom To Be Held Nov. 3 In Finley Center

Soft candlelight and romantic music will transform the Grand Ballroom into a night club for "Cabaret '59", Saturday night, November 3. The first prom to be held in the Grand Ballroom, "Cabaret '59" will also offer a midnight

show and a six-piece band. After in the evening a dance contest will be held. Loving cups will be presented to the winners. Refreshments will be served. Optional photographs may be taken for an extra charge at the informal affair. Beginning October 8, 300 tickets at three dollars per couple, will be placed on sale at the Finley Student Center Ticket Bureau, Room 132A.

Reservations for one to four couples," Sophomore President Arthur Genen emphasizes, should be made now in the Sophomore Office, Room 347 Finley. For an event like this," Genen said, "I expect a complete sellout."
—Fishman

Interviews . . .

Observation Post will interview candidates for the Student Faculty Committee on Student Activities this afternoon from 2 to 5 PM, in the OP Office Room 326, Finley Student Center. Statements of no more than 100 words may also be handed in by 5 PM today.

Physics Dept. Chairman Set

Professor Mark W. Zemansky has been elected to succeed Professor Charles A. Corcoran as the chairman of the Physics Department. Prof. Corcoran retired at the end of last semester after fifty-two years as a faculty member.

Dr. Zemansky joined the faculty in 1920, while still an undergraduate, and received a full professorship in 1949. He graduated from the College in 1921.

An authority in the field of thermodynamics, Prof. Zemansky is presently an associate editor of the American Journal of Physics and a staff member of Columbia University's low temperature laboratory.

During the Second World War, Dr. Zemansky served on the Manhattan Project which developed the atomic bomb. Prof. Zemansky, a former president of the American Association of Physics Teachers and a fellow of the American Physical Society, is the author of numerous physics textbooks and articles in scientific journals.

Ahoy . . .

A fishing trip will be held on October 12, Columbus Day, by the Rod and Gun Club. There will be deep-sea fishing for flounder, with bait, tackle, beer and soda provided for a \$5 charge. The anglers will meet in front of Shepard Hall at 7 AM, with transportation provided to the boat. Tickets may be bought through Pete Carli, in the Games Room (333 Shepard). All welcome, beginners as well as seasoned salts.

Alumni Association Conducts Survey On Post-Graduate Activities of Grads

The accomplishments of a Jonas Salk or a Bernard Baruch are familiar, but what are the achievements of the great mass of the College's Alumni?

In an attempt to determine this, the Alumni Association is conducting a survey of the activities since graduation of 55,000 alumni. The survey is being conducted by mail in the form of a two-page questionnaire.

The emphasis of the survey, according to the Association's Secretary, Seymour Weisman, is not on how much money the alumnus has earned, but what has he done in terms of community service since he received a free education at CCNY?

The research on alumni achievement was initiated during the summer. Up to now, 10,000 sets of the 31 question inquiry have been sent out, and 2,500 have been returned.

Approximately thirty-five types of data will be compiled on each alumnus when the study is completed. Once all the replies are received—by December the Alumni hope—they will be screened and tabulated by an IBM machine. The survey, which will cost between \$2,500-\$3,000, is under the supervision of Professor Lawrence Podell (Sociology).

The idea for the survey grew out of a comment made by Mayor Robert F. Wagner in his Homecoming Day address at the College last May. He pointed out that only a handful in each generation of students are destined for greatness, and it is therefore the post-graduate accomplishments of the great mass of alumni "which deserve special attention."

Several advantages are expected from the compilation of the data.

The Alumni believe the data will indicate to what extent these people are paying back the city, state and nation for the free education they have received.

Seymour Weisman
Spokesman for Survey

("How valuable is the investment?")

It is also hoped the survey will help the College interpret to the City budget planners the value of the City College program. "The survey may show," Mr. Weisman said, "that maybe the criticism of the Middle Atlantic States Report is academic and

not real."

Closer liaison between the Association and the Department of Student Life is also expected to result from the survey. The Association plans to act as a source of speakers for clubs on the campus. It will also supply the Job Placement Bureau with the names of alumni who desire to hire CCNY graduates.

The survey may also indicate whether a further development of the College's graduate schools—either on its present self-supporting basis or on a subsidized basis—is desirable. One series of the questions asks alumni if they have taken post-graduate education, and if so, would they have taken it at CCNY, if possible.

Another group of queries seeks to determine what kind of service and what honors the alumnus has received, if he has been in the armed forces. "Many of us felt this kind of information would have been valuable in the days when Senator McCarthy was attacking the College," Mr. Weisman explains.

The complete results of the survey are expected to be ready next spring. They will probably be published on Homecoming Day in May.

Full Time Help in Snack Bar Replacing Student Personnel

Three full time employees have been hired to replace several of the student help in the snack bar. This was done, according to Mr. David Newton (Student Life), to facilitate the operations of the snack bar.

"The snack bar serves the student body," Mr. Newton said, "and if it is to do an efficient job, it needs men who know the business. It is not a training ground for students."

Although the attempt has been "to create as many jobs as possible for students from 9 AM to 9 PM," Mr. Newton explained that experience has shown that full time workers are needed if the snack bar is to operate effectively.

A full time snack bar manager has been hired along with two other people, one of whom will work from 9 AM to 5 PM, and the other from 12 PM to 8 PM. There is still one student working in the evening as well as other students who fill in when necessary.

Mr. Newton added that it would not be feasible to hire students for occasional free hours. Besides being awkward and unwieldy, he said, it would mean that more money would have to be spent for such things as uniforms and aprons.

Mr. Newton does not believe that full time personnel are "crowding out" the student help, which is paid on an hourly basis. Out of forty-two jobs in the Center, he explained, only six are filled by full time workers. The rest of the jobs are filled by students.

PUBLISHED SEMI-WEEKLY

Opinion

QUESTION: What was your first impression of City College?

Shirley Tugentman, LF 1:

I heard that City was a "factory." I beg to differ with this. Somehow I don't feel as if I am in a City college at all. There is a warm and intimate atmosphere here. What especially impressed me here, was the way that so many things are run by students.

Harvey Werstein, LF 5:

This is a wonderful deal! I'm not paying tuition, and have more facilities than many of the expensive colleges. Imagine ping-pong between classes!

Marilyn Simon, LF 1:

The South Campus is very beautiful. Sometimes I pause a moment and look out the window in Finley, and it seems as if I were in the middle of a country place—not school.

Lenny Liebson, LF 3:

I'm majoring in pool here, and the facilities are excellent. In fact, the only complaint I have with the place is that the loud-speaker in the lunchroom is most detrimental to my digestive system.

Gail Boland, LF 1:

The place is full of loungers who are constantly lounging in the lounging lounges. Doesn't anyone ever attend class?

Licola Bitetto, LF 3:

It's huge and bewildering and a very satisfying change from high school. The profs. here are excellent, and the freedom is wonderful. Nobody orders you around.

Norman Friedman, LF 5:

Although the people are friendly enough, the feeling is not a close one. The classrooms are overcrowded, and as a result the teacher can never get to know his students and vice versa.

Robert Hill, LF 3:

It's a big and lonely place and I just can't seem to make any friends. Maybe, when House Plan opens this week, things will be better for me.

Fay Silvermetz, LF 1:

It's a great life. The male students seem to be extremely helpful to the females, and I must say, I enjoy having a "Big Brother watching me." I just hope that I can keep up with my work

since I've joined nearly everything that there is on Campus

Ronald Terceira, LF3:

At first I thought that I was entering a Cathedral, but I soon came to know City as a home pipe-smoking upper-classmen.

Marvin Sussman, LF 1:

I was totally unsure of myself and found that the immensity of the school added to my fright. There was a marked difference in the teaching. The teaching didn't seem to care.

Sheila Bunis, LF 1:

I was awed by the amount of confusion. However, I didn't find much difference in the teaching and was glad to see that faculty found us to be adults, children.

Sue Ovryn, LF 1:

I was impressed by the campus with its various lounges and cafeterias which were devoted chiefly for the student's pleasure.

Irene Auerbach, LF 1:

The first thing I can remember was the feeling of hostility I had toward the builder of the school. I disliked walking from one end of the campus to the other within the allotted time. However, I'm now used to it and I take my rests in the wonderful lounges.

Letters

Wants Assiduousness

I have just read your article and editorial on the suspension of one Arthur Steier of Brooklyn College as printed in the September 27 issue of *Observation Post*. While I feel that perhaps the school officials were a little harsh, there were certain circumstances which your writers were unaware of, or were aware of and chose to ignore; such as the fact that Mr. Steier's grandfather fell considerably as a result of his political activities, and repeated warnings on that score have had no effect upon him. I would suggest that in the future, your staff be as assiduous seeking out the correct facts they are in blasting officials at an educational institution such as Brooklyn College; and that they be in less of a hurry to wish disassociate themselves with school.

Finley Center To Be Scene of Regional NSA Conference

By KEN FOEGE

The Metropolitan New York Region of the United States National Students Association will hold its first regional assembly of the term at City College. The assembly, which is to plan a regional program, will meet at 1:30 PM Sunday in the Finley Student Center Main Lounge.

The assembly will be divided into four committees, concerned respectively with international affairs, education affairs, student affairs and student government. The function of the International Committee will be to promote a basic NSA policy on international students affairs. The Educational Committee will plan programs concerning academic freedom, desegregation, and international student affairs. The Student Affairs Committee will handle the provision of information and services to students in areas including economic welfare, student unions, intercollegiate athletics, and discount services.

The promotion, stimulation, improvement, and evaluation of aspects of student government will be made by the Student Government Committee. Four CCNY students hold offices in the NSA. They are: Robert Scheer, Vice Chairman, Joseph DeMaio, Vice President of International Affairs, Louise Shacknow, Corresponding Secretary, and Robert Mayo, Regional Delegate-at-Large.

USNSA is a confederation of student governments, divided into fifteen regions, of which the Metropolitan New York region is the largest. Its aims are to maintain academic freedom and students rights, stimulate and improve democratic student governments, develop better educational standards, facilities, and teaching methods, improve student cultural, social and physical welfare, and to promote international fellowship and standing. Presidents from 28 regional colleges will also meet at the assembly to discuss the problems of

Carmen Jones' Tragic End Gives Coed Chance To Begin

Luck was not in the cards for "Carmen Jones," but she brought good luck to a City College coed last April.

Luck came to the junior, pretty Carol Joy Dawkins, in the

form of a passing comment by a friend that the City Center was auditioning for Oscar Hammerstein II's modern adaptation of

"Carmen." With a "What can I lose?" air, Carol, who has played the lead in the last three productions of the College's Gilbert and Sullivan Society, went to the auditions.

Her voice impressed the director and she got the part of Miss Higgins, the daughter of the cafe owner. As a result, she was playing Mabel in G & S's "Pirates of Penzance," in May, while rehearsing for Miss Higgins in "Carmen Jones."

After a two week stint in the New York production at the City Center, she continued in the part when the production went to Washington D.C. for three weeks.

A new phase in the career of Carol, who describes her voice as lyric coloratura, began last Saturday. She left then on a coast to coast tour with the American Concert Ensemble. As a soloist for the group, she will sing popular and religious songs, folk and classic selections. —Halpern

Finley Center To Be Scene of Regional NSA Conference

By KEN FOEGE

The Metropolitan New York Region of the United States National Students Association will hold its first regional assembly of term at City College. The assembly, which is to plan a regional program, will meet at 1:30 PM

Sunday in the Finley Student Center Main Lounge.

The assembly will be divided into four committees, concerned respectively with international affairs, education affairs, student affairs and student government. The function of the International Committee will be to propose a basic NSA policy on international students affairs.

The Educational Committee plan programs concerning academic freedom, desegregation, international student affairs. The Student Affairs Committee handle the provision of information and services to students in areas including economic aid, student unions, intercollegiate athletics, and discount prices.

The promotion, stimulation, improvement, and evaluation of aspects of student government will be made by the Student Government Committee.

Our CCNY students hold office in the NSA. They are: Robert Scheer, Vice Chairman, Joseph DeMaio, Vice President of International Affairs, Louise Shacknow, Corresponding Secretary and Robert Mayo, Regional Delegate-at-Large.

NSA is a confederation of student governments, divided into sixteen regions, of which the Metropolitan New York region is largest. Its aims are to maintain academic freedom and student rights, stimulate and improve democratic student governments, develop better educational standards, facilities, and teaching methods, improve student cultural, social and physical well-being and to promote international fellowship and standing.

Representatives from 28 regional colleges will also meet at the assembly to discuss the problems of

Louise Shacknow
NSA Officer

student government in the area. All members of the college student body and faculty who are interested in the assembly are invited to attend.

HP...

House Plans who have not yet registered with the Central organization, may pick up the necessary forms and meeting room assignments in Room 331 Finley.

Workshop Set By Promethean

Promethean will follow its practice, inaugurated last term, of holding Workshop meetings for aspiring writers. The meetings will be held every Friday at 3 PM in Room 434 Finley Student Center.

Mr. Irwin Clark (English) and Professor Marvin Magalane (English) will chair Workshop meetings in the next few weeks.

The deadline for submission of material to this term's issue of Promethean will be on October 19.

All writers at the College interested in having work discussed may come up to the Workshop and join in.

Manuscripts should be left in Box 90 of the Student Center.

Carmen Jones' Tragic End Gives Coed Chance To Begin

Luck was not in the cards for "Carmen Jones," but she brought good luck to a City College coed last April.

Luck came to the junior, pretty Carol Joy Dawkins, in the form of a passing comment by a friend that the City Center was auditioning for Oscar Hammerstein II's modern adaptation of "Carmen." With a "What can I lose?" air, Carol, who has played the lead in the last three productions of the College's Gilbert and Sullivan Society, went to the auditions.

Carol Joy Dawkins
Carmen Brings Luck

Her voice impressed the director and she got the part of Miss Higgins, the daughter of the cafe owner. As a result, she was playing Mabel in G & S's "Pirates of Penzance," in May, while rehearsing for Miss Higgins in "Carmen Jones."

After a two week stint in the New York production at the City Center, she continued in the part when the production went to Washington D.C. for three weeks.

A new phase in the career of Carol, who describes her voice as lyric coloratura, began last Saturday. She left then on a coast to coast tour with the American Concert Ensemble. As a soloist for the group, she will sing popular and religious songs, folk and classic selections. —Halpern

HAPPY-JOE-LUCKY presents STICKLERS!

STUCK FOR MONEY? DO A

Stickler!

STICKLERS ARE TICKLERS and a mighty soft way to make money! Just write down a simple riddle and a two-word rhyming answer. For example: What's a ball player who gets a raise? (Answer: richer pitcher.) Note: both words must have the same number of syllables —bleak freak, jolly dolly, vinery finery. Send your Sticklers, with your name, address, college, and class, to Happy-Joe-Lucky, Box 67A, Mt. Vernon, N. Y. Don't do drawings! We'll pay \$25 for every Stickler we use in our advertising—and for hundreds that never see print. And remember—you're bound to Stickle better when you're enjoying a Lucky, because Luckies *taste* better. Luckies' mild, good-tasting tobacco is **TOASTED** to taste even better. Fact is, you'll say Luckies are the best-tasting cigarette you ever smoked!

SEND IT IN AND

Soccermen Rout King's Point, 6-1, In Metropolitan Conference Opener

By BOB MAYER

The Beaver booters got off to a quick start Saturday in their quest for a fourth straight Metropolitan Conference championship. The soccermen defeated King's Point, 6-1, in a rugged but one-sided contest at Lewisohn Stadium.

A scattering of about one hundred spectators saw the Beavers tally in every period while extending their unbeaten streak to ten. The booters have not lost since a 3-1 defeat at the hands of Army in a non-league match on November 12, 1954. Their last conference defeat was a 1-0 loss to Brooklyn College on October 22, 1953. Since then they have won twenty-one league games.

Novak Masanovich, defenseman turned center forward, and co-captain Wolf Wostl, inside left, paced the Lavender attack Saturday with two goals apiece. Sop'omores Billy Sund and Eric Bienstock each scored one.

The Beavers started even faster than had been anticipated, scoring their first goal of the '56 season just thirty-five seconds after the opening whistle. After several erratic passes, Masanovich gained control of the ball near midfield, sprinted toward the goalmouth, and booted it past the helpless goalie before the Mariner defense had a chance to set.

The game settled down after that abrupt start, however, and the remainder of the first quarter and most of the second was played near midfield. Lavender goalie Charlie Thorne did not make the first of his nine saves until midway in the second quarter.

Exhibiting a flair for the dramatic, Masanovich scored his second goal with only fifteen seconds remaining in the half. He took a pass from Sund and booted the ball on a line into the upper right corner of the

Only seven returnees from last year's undefeated soccer team (above) were on hand for the season's opener Saturday as City beat King's Point, 6-1, in a game at Lewisohn Stadium.

net, giving the Lavender a 2-0 lead at half-time.

The two City co-captains collaborated for the Beavers' third goal at 4:12 of the third quarter. Robert LeMestre booted the ball from midfield deep into Mariner territory, where Wostl got control and slammed it past goalie Tom Edwards.

Wostl Tallies

Wostl tallied again at 8:30 of the same period, when he deflected Fred Bonnet's corner kick with his head. Goalie Edwards

leaped high in the air, but the ball glanced off his fingertips and caromed into the net.

Sund gave the Mariner goalie a workout in the final period, taking three successive shots within two minutes. Edwards leaped high in the air to snare one, and dove headlong to stop another. But the third shot was too much for him, and gave the Lavender a 5-0 lead at 12:20 of the last quarter.

The Beavers lost their shutout two minutes later, when goalie

Thorne and Mariner Jorge Villabo got tangled up while diving for a loose ball. Villabo, an all-Met forward last year, was awarded a free kick, and booted it in cleanly for the lone King's Point score.

The final tally of the game came at 19:30, when Eric Bienstock filtered through the porous Mariner defense and scored unassisted.

Coach Harry Karlin naturally was pleased with the outcome, and expects the team to get better as the season progresses. "You've got to remember that many of the boys are playing unfamiliar positions," he said, "and they're bound to improve with experience."

The coach refused to single out any individuals for praise, but appeared particularly satisfied with the way defenseman Masanovich has been playing in the center forward slot.

Safe . . .

The College has been awarded its second consecutive safety award by the City of New York. The award, given under the Mayor's Accident Control Program, was awarded to the Department of Buildings and Grounds for attaining a forty-three percent reduction in accidents over the last three years.

Series . . .

As an added service to student body OP will play-by-play details of World Series on the Bulletin board opposite Room 151 Folley Student Center beginning Wednesday.

Harrier Coach Pleased With Time Trials

As a result of Saturday's trials at Van Cortlandt Park cross-country Coach Harry Girolamo is optimistic about harriers chances for the coming season.

"The team shows a good of promise," de Girolamo "and, barring any serious injuries, should do as well as year's squad."

Last fall's team compiled a record of three wins and two losses and placed third in the College Track Conference Championships.

Randy Crosfield and Rick Ford, both with times of under thirty minutes, "did very well for this time of the season," according to de Girolamo, they, along with Dave Gray should form the backbone of team."

Among the newcomers, Daugherty and Len Turner paced the best times and will be counted on to bolster the squad. Ralph Taylor, another promising sophomore, could not compete Saturday because of a leg injury while "puddle hopping" practice last week.

SCHOOL'S OPEN DRIVE CAREFULLY

HAVE A REAL CIGARETTE... have a Camel!

Murray Golub
civil engineer on Conn. Turnpike, says:
"I want a real cigarette — one I can taste. That's why I'm a Camel smoker, and have been ever since college."

Discover the difference between "just smoking" and Camels!

You'll find Camels taste richer, fuller, more deeply satisfying. The exclusive Camel blend of quality tobaccos brings you smooth smoking. You're sure to enjoy Camels, the most popular cigarette today. They've really got it!
