FCSA To Meet Again To Discuss Lists Issue

The General Faculty Committee on Student Activities (GFCSA) will meet again tomorrow evening, in another attempt to resolve the issue of compulsory membership lists at the college. "We are going to be very firm, said G. B. T., who is in charge of the GFCSA. We have been waiting for a final resolution of the problem by the administration."

The committee will discuss the issue again at its next meeting, and if there is no progress, it will take further action. The GFCSA has already passed a resolution in favor of the establishing of an FM station. The committee will discuss this issue again at its next meeting.

City Considers $16 Million BHE Request

A Board of Higher Education appropriation request for $1,305,908 for the construction of a new administration building, and $250,000 for the purchase of equipment, will be voted on at the General Faculty meeting tonight. The BHE request was made last Friday by the Student Body, and is currently before GFSCA for consideration.

Dean Leslie W. Engler, chairman of the BHE request, is meeting with the committee to discuss the request. The committee is expected to vote on the request tonight.

Senior Will Risk $9,000 On TV Quiz Show Tonight

Herbert Stempel, a senior at the college, will be on the TV quiz program "Twenty-One," to be aired tonight. He will try to win $9,000 or keep on winning indefinitely, since the show has no limit.

In deciding to go on, Stempel's chances of winning are 50-50. He says he will be "very receptive" to the idea of the BHE request, and that the question of financial support for the institute is the main concern of the committee.

BHE: On Friday

The Student Council Affairs Committee will meet on Friday to discuss the BHE request. The committee will also discuss the possibility of a grant from the Sidney Hillman Foundation.

Dr. Arthur Taft, Director of the Radio Institute, who has first class operators, will plan an FM station for the institute. The station will be open between 12 and 4 PM, and from 6 PM to 8 PM.

EBE: To Plan Program For College FM Station

The Beaver Broadcasters (WYCC) will begin to organize a program for the educational radio station for the college. WYCC has scheduled a meeting for 12:30 PM in Room 925 Student Center.

An exploratory committee, composed of College officials and members of WYCC, met last week with Dean James S. Peace (Student Life) to discuss the establishment of an FM station, and an Institute of Broadcasting and Directing, will plan the program of the station and begin writing scripts. The station would broadcast music and educational programming as well as publicize the activities at the college.

Under the direction of Kay Kienum, Technical Vice-President, the fifteen graduates of Brooklyn Technical High School who have first class operators licenses and experience in the operation of an FM station, will be organized into the technical staff of WYCC.

Department Support Request

Essential to the creation of the institute and the station, is the support of a College deputation. For this reason Dr. William L. Finkle, chairman of the Speech Department, was approached by Dr. Berger, Janowski said that Prof. Finkle was "very receptive" to the idea, but raised the question of financial support for the institute and the station.

Rep. Cellar To Speak On Friday

The Student Council Affairs Forum will present Emanuel Cellar, Democratic Congressman for New York's eleventh district in Brooklyn, on Friday. Cellar, the second speaker in the series, will speak in the Finley Student Center to discuss the BHE request.

Mr. Cellar, considered one of the most liberal Democrats in the House of Representatives, has been a member of Congress for twenty-four years. During this time he has worked on such legislation as the Federal Register Act, Foreign Trade Zone Act, and the Immigration and Naturalization Act.

The program is scheduled to begin at 12:30 PM in the Student Union Auditorium. The program will include two Tennessee William one-actors, singing and dancing, and a comedy routine by Larry Cohen. Admission is free.
Postnotes...

- "Where's Charlie," starring Ray Bolger, will be shown by the Student Government Films Agency this Friday. The comedy will be shown in Room 440 Finley Student Center, at 12:30 PM.
- "A giant" Stevenson rally will be sponsored tomorrow, Thursday, by Students for Stevenson-Kefauver, and Students for Democratic Action. Mr. Tom Hanlon, a speaker from the New York headquarters, will speak (on "The Democratic Action," in Room 440 Finley Student Center, at 12:30 PM.
- "Where's Charlie," starring Ray Bolger, will be shown by the Student Government Films Agency this Friday. The comedy will be shown in Room 440 Finley Student Center, at 12:30 PM.
- "Discover the difference between "just smoking" and Camels!"

You'll find Camels taste richer, fuller, more deeply satisfying. The exclusive Camel blend of quality tobaccos gives you more than just smoking. You are sure to enjoy Camels, the most popular cigarette today. They've really got it!
The Activities Fair Committee will hold its second meeting tomorrow in Room 437, Finley Student Center at 12:30 PM. Chi Lambda, sponsors of the Fair, will welcome all representatives who did not attend the last meeting together with those representatives who have already signed up. An outline or sketch of the booth that is planned should be submitted.

Poetic Senior Solves Rhyme, Cops Sawbuck

Ten dollars was hidden on Norton's campus last week as promotion stunt by the Society of Automotive Engineers (SAE). The Society, seeking pledges, posted two-line rhyming clues as to the money's whereabouts on its bulletin board daily for more than a week. SAE learned that someone had found the clues when the following couplet was found on the bulletin board: 'To tell the truth, / It's in the second phone booth.'

Harry Heller, a senior Mechanical Engineering student, had already found the $10 in Compton Hall and wanted to turn the tables on the Society with his own little stunt. Heller is not pledging for SAE.

Give to the Cancer Crusade

Young mathematician helps pace engineering advances

Recently General Electric developed a new motor for industrial use. Before the motor could be put into automatic production, one difficulty remained: to design a protective end shield that would confine any possible explosion to the motor itself.

The man who solved the tough mathematical problems involved is R.A. "Pete" Powell — a mathematical analyst whose job is to assist other engineers in math problems which arise in any number of different projects.

Powell's work is varied and important

Because he is not tied down to any one project, Powell seldom has two similar assignments. Taking established engineering and mathematical principles, some of them extremely complicated, Powell applies them to advanced engineering problems. In doing this, Pete is able to make such calculations as the distortion of a small part of a jet engine caused by vibrations, the deflection occurring in a turbine part when it runs at operational speeds, or the forces exerted upon a rotating shaft by lubricants.

27,000 College Graduates at General Electric

When Pete Powell came to General Electric in 1953, he already knew the kind of work he wanted to do. Like each of our 27,000 college-graduate employees, he is being given the chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given freedom to make progress, everybody benefits — the individual, the Company, and the country.

Today is D-Day for the College's undefeated soccer team. The Beavers will invade Lawrence Stadium at 3:30 P.M. for what figures to be their most difficult and decisive battle of victories in their first four years—this season, but all four have been against comparatively weak local opponents. Today's game, the only non-conference contest on the schedule, will be their first test against top-flight opposition.

The Beavers have posted a 2-1 record this season. They dropped their opener to Ithaca, 4-1, but then bounced back and defeated Finger Lakes, 3-2, and Colgate, 4-1. Today's game could be a deciding factor in the selection of the New York State representative in the National Soccer Coaches Association playoffs. A triumph by the Beavers would not ensure their nomination, although it certainly would help; but a defeat would probably end all Laverna dreams.

All Even

The contest will be the third in the series between the two squads. Each school has won one. The Beavers have played four games between these two teams, losing to Army in 1954. Last year they defeated the Cadets, 3-2.

Beaver coach Harry Karlin is confident of another victory. "If we play the way we've been playing all season, we'll win," he said. "The only question is the score." He cautiously pointed out, however, that "Army has been known to spring upsets before.

Karlin will not decide on his starting lineup until game-time. He has intimated that several changes might be made with the Cadets' unusual style of play. Chuck Weller, the star fullback, usually will lack the finesse of his opponents, but are in better shape and usually attempt to run the opposition into the ground. The Beaver front four will probably remain intact. Novak Mazurkovich, who scored ten goals last year, will be at the center forward slot. Co-captain Wolf Wolf (seven goals and an Assisted) will captain in the inside positions. The wings will be short-haired Ralph Taylor and Tom Daugherty. Bobionet, Manfred Loebel, and Danny McKelvey.

Co-captain Robert LeMestre will lead the defense from his right back halfway position. John Parsons, 6-foot 11-inch center back, will probably start at the other half-back slots, with newcomer George Bitritto also slated to see action. Charles Thorne will be in the nets. The Cadets have only four returns from the team that started against City last year. But the Beavers' early-season triumphs. Their success so far has been clearly shown in their steady weekly victories in their first four starts.

Robert LeMestre
Defensive Leader
Puff, an inside right, and Tom Carpenter, center forward, are the top scorers.

Runners Walking on Air—Post Fifth Straight Win

While lacrosse coach Leon A. Hurford, with a 29:24 time, and Mona Long Island Aggies and Ralph Taylor and Tom Daugherty, who were the fastest, 29:24, 29.24, and 29.34, respectively, finished second in the NYU Crossfield—cross-country and track mentor Professor Harry di Giroldo is all smiles these days because of the Lavender runners over the finish line for the fourth straight seasonal time this season. Lou Vlogianitis, Adelphi's number-one man, who was runner-up last year, turned in their most impressive efforts of the year.

Coach Harry deGiroldo praised the entire squad for the Beavers' early-season triumph. He stated: "The main reason for the team's success so far has been that they have been practicing very hard. This is evidenced in their steady weekly improvement. I have been entirely satisfied with their results to date but I will continue to work for improvement in our forthcoming meets."

Tough Opponent

However, deGiroldo was quick to point out that it will require an excellent team performance, when they face the highly-touted Kings Point aggregation this Saturday, if the Beavers are to keep intact their unblemished record.

Yesterday's setback was the fifth for coach Stewart Park's Garden City runners. They have yet to win this season and were previously defeated by St. Johns, Iona, Long Island Aggies and Brooklyn Poly.

Experience Could Make NYU Hoop Quintet a Top Squad in New York Basketball

The outlook is bright for the Violets has last year's squad, which compiled an 11-8 record against tough opposition and won five of its last six games.

The only graduates were two 6-3 forwards, Ed Kramer and Irwin Lowenthal, who shared co-captain honor. The remainder of the starting five is intact.

Bob Brown, at six-foot five, is the tallest Violet regular, and will fill the center slot. A 240-pounder, he is a fine rebounder, and will be a big help to the Heightsmen. He was out most of last year with a broken hand.

The Violets possess one of the finest backcourt combinations in the city in Tom DeLuca and Junior Nidds. The young junior Co-Captain led the Lavender runners over the finish line for the fourth time this season.

Two sophomores, Cal Ramsey and John Bucek, are being counted upon to bolster the squad. Ramsey, second on the standings long-distance runner now that he has pacified his larynx, is all smiles these days because of his efforts of the year.

The Heightsmen will feature a varied offense. They began last year with a 220-pounder, he is a fine runner, and are the key figures for the drives of DeLuca and Nidds.

Tiebreaker Key Man

One forward position will be filled by Art Tiersi. The 6-3 redhead has a deadly one-hand push shot, and is particularly effective in opening up the defense for the drives of DeLuca and Nidds.

One returning lettermen include Roy Halpern, Bill Shelley, Mike Muzio, and Alex Pones. At first start is North last season on the squad.

The Violets have lost only two men from last year's squad, the most of last year with a broken hand.

Co-captain Robert LeMestre, Ralph Taylor and Tom Daugherty, who were the fastest, 29.24, 29.24, and 29.34, respectively, finished second in the NYU Crossfield—cross-country and track mentor Professor Harry di Giroldo is all smiles these days because of the Lavender runners over the finish line for the fourth straight seasonal time this season. Lou Vlogianitis, Adelphi's number-one man, who was runner-up last year, turned in their most impressive efforts of the year.
