Statements of Candidates for Major Offices

Mike Horowitz
Student Government

The absence of competition in the race for the student government presidency has a positive connotation only if student interest is focused instead on the two vital referenda currently up for consideration.

As your next Student Government President, I stand unequivocally for the two proposals and ask that you support them too. (With respect to the proposed raise in the Student Activities Fee from $2 to $2.50.)

I consider it indispensable to the continued existence of the many campus clubs and organizations and to the continued necessary expansion of our student activities program. Due to the decline in the value of the dollar, $2 is no longer sufficient to support seventy-five club, twelve publications, and a Student Government, in a manner befitting their value to the Colledge.

If you were a pre-med student chances are you are taking part in no extra-curricular activity at school and it is still serious for the fee value. For, if campus organizations add the wherewithal to expand current programs or if Fee Plan could support newly-forming interested groups, then you might be attracted to the student activities program. In any case, attendance at a college which features a varied and successful extra-curricular program brings credit to you as a graduate of that institution.

Let us do ourselves right and support the fee raise.

Harold Gottelfl
Veep Candidate

With the change in the role of the Vice President from the direct control of agency directors to coordination of Council Committees, Student Government needs an executive with insight into the workings of Student Council, and who has the respect and support of the members of Student Government. Also, the Vice President must have the ability to work to gather with the President and have the respect and support of the President in executive affairs.

The coordination of Council committees has been virtually non-existent in recent councils, and this has led to a lack of understanding of all the various efforts. Next semester, Student Council has an opportunity for far more effective legislative action since a major officer has direct responsibility.

I believe I have the support of most of the persons in Student Government.

Paul Kahn
Veep Candidate

I have frequently been at odds with the members of Student Government regarding ideological problems. The responsibilities and duties of the vice-president are not concerned primarily with these problems of ideals but necessarily with the problems of praece.

The present organization is weak, not weak on paper but weak as regards functioning efficiency. It is my hope to make Student Government from a "Paper Tiger" into an efficiently operating unit.

At Goldberg
Treasurer Candidate

At this time when fees are spreading to thin, and every cent has value there is a need for a person both qualified and experienced to decide the disbursement. My record on the fee commission is one which I feel, as do those who have worked with me, that I am capable of handling. The better use of funds to serve small groups is something which cannot be overlooked. The increase in the number of groups on Campus requires a reappraisal of the fee system so that the greatest number of students may be served.

Rene Roth
Secretary Candidate

As Chairman of the Internal Affairs Committee of Student Council this past term I gained considerable experience through working on reports and learned a great deal of the inner workings of Student Government. If elected, I will utilize the experience I have gained in order to make the office of SG Secretary as an effective one as possible.

A COMPLETE CHOICE OF ENGINES

You can order a Delray with Chevy's top Fuel Injection V8 if you like—or get any one of the five V8's or the Blue-Flame Six!

Chevrolet's dollar-stretching DELRAY
YOU JUST CAN'T TIE THIS BUY!

Here's surefire proof Chevrolet always knows how to give you more for your money—from longer, newer, lovelier bodies to a wider range of engines, transmissions and suspension systems. The more you look the more you'll find to like in Delray—THE LOWEST PRICED OF ALL THE LOW-PRICED CHEVROLETs!

Chevy doesn't have any 'smaller' models. The big, beautiful Chevrolet Delray is just as long, just as wide, just as solidly sprung on the same 117-inch wheelbase as the luxurious Bel Air models. Like every other Chevrolet, it has the extra solidity and quality of Body by Fisher. There's nothing on optional equipment, either. You can get anything from Fuel Injection to Level Air ride, any Chevrolet transmission, any Chevrolet engine, just as you choose. Take a long, long look at this one next time you drop in at your Chevrolet showroom and see how many of the prices you demand for your money the sure is it you'll decide on Delray!

*Optional at extra cost.

See your local authorized Chevrolet dealer for quick appraisal—prompt delivery!

Brahm's Requiem

Brahm's German Requiem will be presented as the major work of the Music Department's Spring Concert, Saturday and Sunday, at 8:30 and 3:00, in the Auditorium.

The Requiem will be performed by the College's chorus and orchestra under the direction of Fritzi Jabola (Music).

Tickets at $1.25 must be bought in advance from the Music Office, Room 229, Fisher.
Deans Discuss School Courses

The second half of the Student Government Curriculum Evaluation Program will be held tomorrow from 3 PM until 8 PM.

This part of the program will deal with the curricula of the individual schools of the College. Dean Morton Gottschall (Liberal Arts and Sciences) and Dean William Allan (Technology) will precede the discussions of their respective schools with short talks designed to answer beforehand some of the questions which are asked by most students.

Department chairmen will also be on hand to help clear up problems about the specific departments.

Besides the topic of changing courses and credit values in the various schools, the program will deal with the ways in which students can air their views on the curriculum, and the effect of the instructor's attitude upon the course he teaches.

All interested students and faculty are invited to attend.

Clark, Hendel Attend Institute

Professor Kenneth Clark (Psychology) and Dr. Samuel Hendel (Chmn., Government) will be among the resource people at an All-Day Institute Saturday on "Youth Faces the Nuclear Age."

The Institute will be held in Earl Hall of Columbia University, 117th Street and Broadway. Sponsored by the New York Students Committee for a Sane Nuclear Policy, the purpose of the Institute is to give students a chance to exchange ideas with their fellows from other schools, with open discussion leading to more informed and active citizenship.

Keynote speaker will be Dr. Robert Gilmore, New York Secretary of the American Friends Service Committee, and Chairman of the New York Committee for a Sane Nuclear Policy. Among the sponsors of the committee are Dean Morton Gottschall (Liberal Arts and Sciences), Professor Mark Zemansky (Chmn., Physics), Professor Robert Biersdott (Chmn., Sociology and Anthropology), Professor Mark Brunvick (Chmn., Music), Professor Samuel Middlebrook (English), Professor Donald Blaiddell (Government), and Professor Harry Lustig (Physics).

Registration is at 10 AM.
Suspension...
(Continued from Page 1)

...taken because of the publication of material that is not suitable in a magazine bearing the name and seal of the City College and subsidized by student fee funds."

The spokesman said that the meeting between Dr. Gallagher and the students could not take place until Monday because the President left the country yesterday afternoon, and will not return to the College until Monday. Dr. Gallagher, who is United States chairman of World University Service (WUS), is attending an international conference of WUS in Geneva, Switzerland.

Yesterday morning, the President attended Charter Day ceremonies at the Baruch School.

The four suspended students reportedly were notified of their suspension by members of the DSL while selling copies of the magazine at various booths in the College at approximately 10 A.M. yesterday.

The students and Professor Marvin Magalaner (English), the magazine's faculty advisor, declined comment on the suspensions and the character of the material in the magazine.

Fifteen hundred copies of the magazine went on sale Tuesday. Dean James S. Peace (Student Life) reported that between 900 and 1,000 had been "withdrawn from sale" by his department.
