

# OBSERVATION POST

## Prom-on-the-Green . . .

The Senior Prom will be held at the Tavern-on-the-Green, not the Hotel Statler as originally planned. Confusion over the Statler reservation necessitated the change. The price is still \$20 a couple. Tuxedos can be rented for \$6. Fittings will be taken in Room 223 Finley this Thursday. The Prom will take place on December 20 at 9 P.M.

## Hoopsters Defeat Hunter; Subs Star in 67-58 Win

Two reserves, with almost no varsity experience, kindled a spectacular resurgence Saturday night, that carried the college's basketball team to a 67-58 victory over Hunter.

A capacity crowd, which filled the Wingate Gym for the Beavers' first home game, roared in approval of the crucial roles played by Guy Marcot and Shelly Bender.

**Holman Lends Support**  
Nat Holman, the Lavender coach, talked over to Bender with about four minutes left in the first half and gently helped the 6-4 junior with his warm-up jacket. Then the coach pointed to the court and his apparently floundering athletes, as if to say, "Shelly there's around all and a hoop—I want you to show these guys how to play ball."

Whatever Holman said, Bender must have taken the advice to heart. He scored two quick baskets—one a beautiful backhanded shot—and, despite his noticeable inexperience and awkwardness, added purpose and direction to the sloppy and disorganized Lavender attack.

When Bender made his debut, the College trailed 36-28; when he left at half-time, Hunter held a one-point edge, 36-35. During this four-minute period, Bender hit twice, Marty Groveman, the high scorer for the Beavers, rifled a jumper from the key, and Hector Lewis converted a foul shot. Perhaps, as important as the team's offensive volley at this point was

its impenetrable defense, which blanked the Haws.

While Bender was eventually benched shortly after the start of the second half, Marcot was on hand to take up the slack. In his first varsity contest against Columbia last week, he demonstrated skillful ball-handling, but his marksmanship was poor.

Saturday night Marcot not only sparked the Beavers with sharp passing and adroit dribbling, but scored 16 vital points. It was Marcot's drive and two one-handers early in the final stanza that sent the College ahead 41-37. Thereafter the Beaver were never headed.

The College seemed to play two different ball-games. The second half was marked particularly by the Lavender poise and confidence and the Hunter inconsistency under pressure. The two teams reversed positions in the first half.

**Lewis Spurs Victory**  
Even Hector Lewis, usually reliable, was contained in the early stages of the contest. However, when Marcot started scoring and feeding, Lewis found the range. He scored 13 of his 16 points in the second half, and his late spurt made the Beavers' first victory in two starts possible.

## State Ed Dep't to Propose Aid Plan for City Colleges

By PETER L. STEINBERG

A plan to provide a great increase in state aid to the Municipal Colleges will be recommended by the State Education Department.

This was revealed last week by Dr. Frank R. Kille, New York's Associate Commissioner of Higher Education. Speaking before a meeting of the Association of Colleges and Universities of New York in Albany, Dr. Kille suggested a possible state aid plan which would more than double the present aid to the Municipal Colleges.

It is expected that the Education Department's state aid proposals will be brought before the December 18 and 19 meeting of the State Board of Regents. The additional funds would then have to be requested, by the Regents, at the next session of the state legislature.

Dr. Kille outlined an aid plan which would entail an approximate state outlay of \$18,000,000.

At present the state allots \$8,500,000 in special aid to the various teacher-education programs of the Municipal Colleges. The proposed plan would abolish this aid.

A state aid plan "would not be very useful," according to Dean Harold H. Abelson (Education), unless it provided for special aid to the teacher-education fifth year program of study and to other supplementary facilities. "One would want to have these safeguarded," he stated yesterday.

In the place of present state allotments, Dr. Kille said, the state would "contribute one-third of the operating cost of the municipal colleges as well as one-half of capital construction."

According to Dr. Kille, this for-

mula would net the four colleges about \$13,000,000 for annual operating expenses. In addition, an official of the Board of Higher Ed-

these students at least a share of the cost of their education.

Out of town students now attend the School of Education as a requisite for state aid. This "has worked out relatively well" according to Dean Abelson. He said that due to a lack of dormitories at the College the great majority of "out-of-towners" attending have come from "areas within commuter distance of the City."

Dr. Kille proposed that, as a method of maintaining a firm relationship between the Municipal Colleges and the state, there be "state representatives on the Board of Higher Education in proportion to the state funds allocated."

Although Dr. Kille said that he thought the plan was "a good one," he said that "Conferences held during the coming month may change it."

Dean Harold H. Abelson  
Desires Safeguards

education estimated that the state's share for estimated capital expenditures would be \$5,000,000.

President Buell G. Gallagher declared yesterday that "We are glad the State Education Department supports the principle of state aid to the Municipal Colleges." He added, however, that Dr. Kille's is but one of "many alternatives now under discussion."

Gustave G. Rosenberg reported the Board of Higher Education as "enormously gratified" at the Education Department's decision.

The proposed plan would open the College to out-of-town students. Dr. Kille said, however, that the Municipal Colleges could charge the home communities of

## Coat Robberies Cited in Lounge

Two undergraduates were left out in the cold yesterday when their coats suddenly disappeared from the coat rack in the Finley Center Dance Lounge.

They suspected a robber was in their midst and reported the matter to Dean James S. Peace (Student Life). Following the procedure established by the Dean, the students filed a theft report and notified the detective division of the Thirtieth Precinct. Then they went home sans coats.

In the meantime Dean Peace alerted the Burns Guards as to where the robberies were happening. "The authorities are especially wary of strangers on or around the campus," the Dean said. "If an unauthorized person is found in any of the buildings, the Burns Guards escort him off campus. At times, however, we press charges against these people."

The Dean went on to relate an incident where a suspicious-looking character was milling around some parked cars.

## Squares . . .

The Class of 1961 is sponsoring a square dance this Saturday night in the Grand Ballroom of the Finley Center. All students from the College are invited to attend. Stag admission will be one dollar. It will, however, cost a couple \$1.75. Tickets are now being sold around the campus.

## Prexy's Resemblance to Abe Lincoln Uncovers Dormant Dramatic Abilities

President Buell G. Gallagher's resemblance to Abraham Lincoln has uncovered a latent flair for the dramatic.

Unable to obtain the services of Raymond Massey, the College Orchestra chose the President to read Aaron Copland's "A Portrait of Lincoln," in conjunction with the Orchestra's all-American Concert. The program will be given December 13 and 14.

Despite President Gallagher's lack of previous professional experience, his acting ability stood him in good stead. Aided by his similarity to the "Great Emancipator," the President performed at Thursday's rehearsal with gusto. The audience was receptive.

One note of dissension, however, was heard, voiced by bewhiskered Senior Martin Erdsneker. "President Gallagher's presentation of

President Buell G. Gallagher  
Assists College Orchestra

this material would have been more effective were he to grow a beard for the occasion," he said. Lincoln's whole viewpoint towards slavery is expressed in Copland's work when he quotes him as saying: 'As I would not be a slave, so I would not be a master.'

## HP Will Hold Orphan Fete

House Plan's third annual orphans' Christmas party will be held Saturday morning, December 20 in the Finley Grand Ballroom. More than one hundred underprivileged children, from the College vicinity, will be honored at this fete.

Each house will "adopt" a group of orphans, who range in age from five to nine years of age. These children will write letters to Santa Claus, requesting gifts. The House Plan members will seek to fulfill these requests.

All other organizations wishing to contribute gifts for the children are requested to contact Sylvia Mueller in the House Plan office, Room 326 Finley.

## See and Run

Student Government elections may face even greater difficulties than usual this semester. Student Council Representatives, instead of serving to unite the entire College, will now represent the separate constituencies of the School of Education, the School of Engineering, and the School of Liberal Arts and Science.

While this system was in the talking stage, we criticized it severely. It seemed to us that it would widen the rift already separating the three schools of the College. However, now that the system has become a reality, we can only wish for the best. We hope it will be as effective as its advocates profess.

Even more important than the system, however, are the individuals working under it. No system of elections is adequate without enthusiastic candidates, without students sufficiently interested to vote.

Once more, we urge that students from all three schools run for election. We urge students not running to vote for the candidate they feel will do the best job. Only if students participate in Student Government can they enjoy the freedoms they have.

We suggest that students who are curious as to the workings of SG attend a Council meeting. Just drop into Room 121 Finley any Wednesday after 4 PM. You might become enthusiastic enough to want to run for election yourself.

## Implementation

The first positive steps toward allocating aid to the municipal colleges were taken last week by the state.

A definite plan was suggested by a state education official and although it is only one of many plans under consideration it proves that concrete action is being taken to provide aid for the colleges.

For months we have been stating the arguments for state aid. We have finally passed that stage. The state has recognized the necessity of allocating funds to the municipal colleges so that they may continue to provide the educational opportunities they have in the past.

Enough has been said and written about state aid; all that is left now is the implementation of a workable plan.

## Good Start

With the approach of winter, our athletic season is off to a full swing. The beginning of the swimming, basketball and wrestling seasons have more than filled the vacuum left by the close of the soccer season.

We hope that the season will be successful, both from the standpoint of victories and from the standpoint of student enthusiasm.

# Harris Auditorium Echoes With Dramatic Rehearsals Break Stillness

By RENEE COHEN

On the second floor of the austere Townsend Harris Hall is a generally quiet and calm auditorium. For the past few weeks, this still room has been subjected to a mad night metamorphosis.

The stage, naked in the daytime, plays host at night to an old, dilapidated, sagging purple couch, "sundry fake props," and teen-age students conversing in a mature "forty-year-old" manner.

The room resounds with anxious shrieks of "Quiet on stage! Places everyone!" and the unwelcome order to "Take it over, from the part where . . ."

Dramsoc is entirely responsible for this wild change. They invade the auditorium each night to rehearse for their forthcoming production of Thurber's "The Male Animal."

The play, as described by Jane Pollock, director of the production, deals basically with the question of academic freedom. As in all other Thurber plays, humor, and more-over love are skillfully interwoven with the seemingly serious subject.

### Youthful Egghead

Michael Barnes, a young college intellectual, submits an editorial to a literary magazine in which he tags the Board of Trustees of Mid-Western University as fascists. He complains that the students are subjected to an unfortunate scholastic situation. "The faculty is subservient to the trustees," the editorial cries.

### SPECIAL

STUDENT PARKING  
50c A DAY

Big Mac's Service Center  
653 St. Nicholas Ave.

The editorial is printed. The results are disastrous for Professor Tommy Turner who was cited as a "courageous teacher." Barnes claims that Turner has read two letters to his English class, one by Lincoln and one by Vanzetti, a radical who was convicted of murder on the basis of circumstantial evidence. The truth is that Turner only stated an intent to read the Vanzetti letter.

### Security Threatened

The administration is quickly at Turner's throat. His intellectual honesty, job, and marriage are at stake. His marriage had been in-

secure and was loosened further when Whirling Joe Ferguson, the football star to whom Mrs. Turner had once been unofficially engaged, returns to the college town for the big football weekend.

### Efficient Director

Director Jane Pollock is a lower freshman with some summer stock experience to her credit. The cast considers her directing "efficient." Miss Pollock explained that she usually takes notes on the actors' mistakes, which she gives them at the end of the rehearsal. However, she admits she resorts occasionally to the "repetition technique."

### Opportunity in Selling for Local Students

A Utah publishing firm, expanding distribution in this area, is seeking several local college students, qualified in sales and promotion to sell and distribute a new line of accounting forms to wholesale and retail businesses, stationary stores, banks, etc.

This is an opportunity to work with a progressive company that has a unique and necessary product to provide the American small business man.

This offer should appeal to busy college students that cannot work regular hours, since you may arrange your own sales schedule. Students in Utah and Idaho have averaged \$3.00 per hour for their efforts. Moreover, once your original contacts are made, you receive the same commission on reorder business.

Apply to: **T. LELAND SHREEVE CO.**  
2538 Van Buren Avenue  
Ogden, Utah

## Beaverettes to Open Season Against Wagner This Evening

Disappointed by the postponement of their opening game against the Alumnae last Tuesday, the Lavender lady basketballers await eagerly the choose-up that will launch the '58-59 season this evening against the Wagner women, in the enemy camp.

The first home game will not be played until next term, on February 3, when the girls will host Molloy—one of their most improved opponents. After Molloy, the team will be entertained by top-flight Hunter and NYU.

#### Former Star Returns

Mary Dominique, last year's star of the Women's team, is expected to pick up where she left off last year, pouring 25 points a game through the hoop and dominating both boards for the College.

Unlike their male counterparts, however, the girl cagers are not

hindered by lack of either experience or depth.

#### Will Resume Positions

Miss Dominique, Betty Castro, Eleanor Krohne, Elaine Feinberg, and Vida Gintoff, all starters last year, will probably resume at the same positions as last year.

With an eighteen player squad, it is now possible, for the first time since she's been coach, for Laura Ham to field three completely different teams on the court in one game.

In further contrast to the Men's team, the female mentor is hopeful of an undefeated season for her girls, while Nat Holman, her opposite number, would probably be satisfied with a winning season.

### Nimrods . . .

The Beaver Riflers gained their fifth victory in six decisions last Friday as they downed Manhattan 1,426 to 1,348 at Lewisohn Stadium.

The Nimrods were paced by their top scorer, Bob Helgans, who fired a 291. Rounding out the scoring were Walt Venberg with 286, Don Nunns 285, Ed Mahecha 284, and Bernie Renois 280.

## Seven Spots To Be Filled By SG Vote

Student Council will elect seven members to fill its depleted ranks tomorrow in Room 121 Finley.

These will be the first vacancies filled since Council passed a by-law changing the method of filling vacancies. Formerly vacancies from the various classes had been filled by the respective class councils.

Now Council elects students to fill its own vacancies.

There are at present seven vacancies on Council. The seven representatives resigned for various reasons. These included questions of health, physical disability, and scholastic difficulties.

Four representatives from the Class of 1959 and three representatives from the Class of 1960 must be elected. Their duration on Council will only extend to the end of the semester.

The formal Student Government elections are set for December 17, 18, and 19. However, petitions for office must be in by tomorrow at 6 PM. Petitions will be accepted only in the SG office, Room 332 Finley.

In addition, there are two seats on the Student Faculty Committee on Student Activities to be filled.

The SG ballot will contain one referendum. The referendum deals with raising the student activities fee from two to three dollars.

Those students from the junior and senior class wishing to be elected to Student Council tomorrow, must appear at the Student Council meeting.

### Swim . . .

(Continued from Page 4)

These unfortunately, were the only bright spots in a very disappointing match. The fact that this was the second match in three days for the Mermen was quite visible in their swimming.

"We'll win our share of games." Bayuk said "wait 'till we face teams on our level like Hunter and Brooklyn Poly." Coach Jack Rider seemed to be of the same opinion. "Our next game is with Brooklyn Poly and we should do well," he said.

# Musclemen...

Thursday's Intra-murals will feature a new sport, weight-lifting. An Olympic Rules meet will be held in Room 104 Wingate. Officials for the contest will be members of the College's Weight-Lifting Club.

# Mermen Lose Second Game

The College's swimming team suffered its second loss of the season Friday when they were beaten by Columbia 58-27.

The lop-sided score however did not stop three of the Beavers from twining in fine performances. Joel White, Mike Bayuk and Nick West finished first in the only three events the Lavender was able to win.

White finished first in the 220 yard Free-Style and came in a close second in the 440 yard Free-Style. Mike Bayuk, the sophomore who excelled in the Manhattan match, finished first in the 200 yard breast stroke and second in the 200 yard butterfly stroke.

However, the top individual performance of the meet was given by the College's diver, Nick West. He beat two fine Columbia divers handily.

(Continued on Page 3)

# Fencing Alumni Return Home To Beat Varsity Team 16-11

By ARTIE ALEXANDER

A talented array of alumni returned to their old haunts Saturday to compete in the annual Varsity-Alumni meet. As was expected, they beat the varsity 16 to 11.

Among the visitors was Albert Axelrod, who placed 5th in the world foil championship matches this past summer, James Strauch, Former National Epee Champion and Olympic Contender, Aubrey Seeman who was Intercollegiate foil champion in 1957 while a member of the City College fencing team, Dr. Hugh Salzberg, Professor of Chemistry at the College, and two former captains, Al Kaplan and Joel Wolfe.

Prof. Ed Lucia, coach of the Lavender squad makes it a point to schedule the meet at the start of each season. He believes it improves team morale by bringing together the newcomers with old standouts, and it enables him to study the capabilities of the squad.

This year, the match was especially enlightening. Coach Lucia was encouraged with the showings of Andrew Kemeny, Harold Mayer and Russell Fiore in the sabre, Captain Alonzo Johnson and Reginald Spooner in the foil, and Robert Melworn in the epee.

### Performance Surprising

The biggest surprise of the meet was provided by Bernard Goldfein

who defeated Strauch in his first varsity test.

The match, however, pointed out

Coach Ed Lucia  
Improves Morale

the team's major weakness, its lack of depth.

Last season the team had a 3-5 season record, but placed second in the IFA sabre championships and 4th overall.

## THEY SAID IT COULDN'T BE DONE BUT HERE IT IS!

"Couldn't be done." That's what they told Mr. Bell back in 1876. But where would three million college students be without the telephone... especially on a Saturday night? Today you can make a date, or talk to your folks, from practically anywhere... even from your own car.

PUFF BY PUFF
