Prom-on-the-Green...
The Senior Prom will be held at the Tavern-on-the-Green, not at Hotel Statler as originally planned. Confusion over the Statler is excused. The Prom will cost a couple dollars can be rented for $4. Fittings will be taken in Room 223 early this Thursday. The Prom will take place on December 20th at 8 PM.

Hopsters Defeat Hunter; Subs Star in 67-58 Win
Two reserves, with almost no varsity experience, kindled spectacular resurgence Saturday night, that carried the college's basketball team to a 67-58 victory over Hunter.

Holman Lends Support
Nat Holman, the Lavender coach, with about four minutes left in the first half and gently helped the 6'-4 junior to the court in his warm-up jacket. Then the coach pointed to the court and motioned him to dribble with the ball. "Shelly, there's around 10 and a hoop—i want you to do that."

Whatever Holman said, Bender has taken the advice to a capacity crowd, which filled the Wingate Gym for the Beavers' first home game, roared to life Saturday evening.

President Buell G. Gallagher's Resemblance to Abraham Lincoln
President Buell G. Gallagher, addressing a meeting of the College student body last week, he demonstrated skillful bell-handling, but his marksmanship was poor.

Saturday night Marcot not only sparked the Beavers with sharp passing and adroit dribbling, but scored 16 vital points. It was Marcot's drive and two one-handers early in the final stanza that sent the College ahead 41-37. Thereafter, the Beaver were never headed.

The College seemed to play two different half-games. The second half was marked particularly by the Lavender poise and confidence and the Hunter inconsistency under pressure. The two teams reversed positions in the first half.

Lewis Spurs Victory
Even Hector Lewis, usually reliable, was contained in the early stages of the contest. However, when Marcot started scoring and feeding, Lewis found the range. He scored 16 of his 16 points in the second half, and his late sport made the Beavers' first victory in two straight games.

Prexy's Resemblance to Abe Lincoln Uncovers Dormant Dramatic Abilities
President Buell G. Gallagher's resemblance to Abraham Lincoln has uncovered a sort flair for the dramatic.

Unable to obtain the services of a professional actor, the Orchard has chosen the President to read scenes from Copland's "A Portrait of Lincoln," in conjunction with the Orchestra's all-American Concert. The program will be given December 7th.

Despite President Gallagher's lack of previous professional experience, he found his acting ability stood him in good stead. Aided by his similarity to the "Great Emancipator," President Gallagher performed to Thursday's rehearsal with gusto. The President's voice was heard distinctly above the orchestra.

One note of dissent, however, was heard, voiced by bewhiskered Senior Martin Erdmacher. "President Gallagher's presentation of this material would have been more effective were he to grow a beard for the occasion," he said.

Lincoln's whole viewpoint towards slavery is expressed in Copland's work when he quotes him as saying: "As I would not be a slave, so I would not be a master."

By PETER L. STEINBERG

A plan to provide a great increase in state aid to the Municipal Colleges will be recommended by the State Education Department. This was revealed last Thursday at a meeting of the Association of Colleges and Universities of New York in Albany.

Dr. Kille suggested a state aid plan which would provide $22,500,000, divided equally among the Municipal Colleges.

It is expected that the Education Department's state aid program will be brought before the December 18 and 19 meeting of the State Board of Regents. The additional funds would thus have to be requested by the Regents, at the next session of the state legislature.

Dr. Kille outlined an aid plan which would entail an approximate state outlay of $18,000,000.

At present the state allotment is not a special aid to the various teacher-education programs of the Municipal Colleges. The proposed plan would abolish this aid.

A state aid plan "would not be very useful," according to Dean Harold H. Abelson (Education), unless it provided for special aid to the teacher-education fifth year program of study and to other supplementary facilities. "We would want to have these safeguarded," he stated yesterday.

In the absence of present aid allocations, Dr. Kille said, the state would "take over" the operating cost of the municipal colleges as well as one-half of capital construction.

According to Dr. Kille, this formula estimated that the state's share for estimated capital expenditures would be $5,000,000.

President Buell G. Gallagher declared yesterday that "We are glad the State Education Department supports the principle of state aid to the Municipal Colleges." He added, however, that Dr. Kille's is but one of "many alternatives now under discussion."

Gustave G. Rosenberg reported the Board of Higher Education as "enormously gratified" at the Education Department's decision.

The proposed plan would open the College to out-of-town students. Dr. Kille said, however, that the Municipal Colleges could charge the home communities of these students at least a share of the cost of their education.

State Ed Dept't Proposes Aid Plan for City Colleges
This plan would not be a master's degree plan, "but I would be doing the thing that is most logical," he said.

The plan would be "enormously gratified" at the Education Department's decision.

According to Dr. Kille, this plan would not be a master's degree plan, "but I would be doing the thing that is most logical," he said.

Harris Auditorium Echoes With Drama as Rehearsals Break Stillness

By RENEE COHEN

On the second floor of the austere Townsend Harris Hall is a generally quiet and cabinet room. However, this week, this still room has been subjected to a mad night of activity.

The editorial is printed. The results are disastrous for Professor Tommy Turner who was cited as a "corrosive teacher." Barnes claims that Turner has read two letters, to his English class, one by Lincoln and one by Vannetti, a radical who was convicted of murder on the basis of circumstantial evidence. The truth is that Turner only stated an intent to read the Vannetti letter.

Security Threatened

The administration is quickly at Turner's throat. His intellectual honesty, job, and marriage are at stake. His marriage had been inextricably interwoven with the approach of winter, our athletic season is off to a fast start. The beginning of the swimming, basketball and wrestling season have more than filled the void left by the close of the soccer season.

We hope that the season will be successful both from the standpoint of victories and from the standpoint of student enthusiasm.
Blood... Blood donations will continue uninterrupted Thursday morning during the eleventh hour fire alarm.

Dean Leslie W. Engler (Administration) said that students giving blood will not have to participate in the test.

The Bloodmobile will be set up in Student Union Lounge from 4 to 6:15 P.M.

Opportunity in Selling for Local Students

A fresh publishing firm, specializing in distributions in this area, is seeking several local college students, qualified in sales and promotion to sell and distribute a new line of recording forms to wholesale and retail businesses, clothing stores, hardware stores, garden centers, etc. This is an opportunity to work with a progressive company that has a sense and necessity product to provide the American small businessman man.

This offer should appeal to every college students that cannot work regular hours due to their unique lives. Students in Clark and Fremont Counties interested in these contacts are made, you receive the same commission as reorder business.

Musclemen...

Thursday's intra-murals will feature a new sport, weight-lifting. An Olympic Rule meet will be held in Room 104 Wingate. Officials for the contest will be members of the College's Weight-Lifting Club.

Mermen Lose Second Game

The College's swimming team suffered its second loss of the season Monday when they were beaten by Columbia 28-27.

The top-sided score however did not stop three of the Beavers from twinning in fine performances. Joel White, Mike Bayuk and Nick West finished first in the only three events the Lavender was able to win.

White finished first in the 220 yard Free-Style and came in a close second in the 440 yard Free-Style. Mike Bayuk, the sophomore who excelled in the Manhattan match, finished first in the 200 yard breast stroke and second in the 200 yard butterfly stroke.

However, the top individual performance of the meet was given by the College's diver, Nick West. He beat two fine Columbia divers handily.

Fencing Alumni Return Home To Beat Varsity Team 16-11

By ARTIE ALEXANDER

A talented array of alumni returned to their old haunts Saturday to compete in the annual Varsity-Alumni meet. As was expected, they beat the varsity 16 to 11.

Among the visitors was Albert Axelrod, who placed 8th in the world foil championship matches this past summer. James Strauch, Former National Epee Champion and Olympic Contender, Ashby Seaman who was Intercollegiate foil champion in 1957 while a member of the City College fencing team, Dr. Hugh Salzberg, Professor of Chemistry at the College, and two former captains, Al Kaplan and Joel Wolfe.

Prof. Ed Lucia, coach of the Lavender squad makes it a point to schedule the meet at the start of each season. He believes it improves team morale by bringing together the newcomers with old standouts, and it enables him to study the capabilities of the squad.

This year, the match was especially enlightening. Coach Lucia was encouraged with the showings of Andrew Kemeny, Harold Mayer and Russell Focci in the foil, and Robert McVernon in the epee.

The biggest surprise of the meet was provided by Bernard Goldfren who defeated Strauch in his foil varsity test.

The College's swimming team suffered its second loss of the season record, but placed second in the IFA sabre championship and 4th overall.

THEY SAID IT COULDN'T BE DONE BUT HERE IT IS!

Puff by Puff
Today's L&M Gives You-

Less Tars & More Taste

Don't settle for one without the other. Change to L&M and get 'em both.

Such an improved filter and more taste! Yes, today's L&M combines these two essentials of modern smoking enjoyment — less tars and more taste in one great cigarette. L&M's patented filtering process enables today's L&M to give you, puff by puff, less tars in the smoke than ever before. And L&M gives you more taste, better taste than any other cigarette.
