Carlino Charges City Lagging in Financial Support for CU

New York City has been "lagging behind" in support to the City University, Joseph Carlino, speaker of the State Assembly, charged Tuesday. He added that the New York University, headed by a delegation from the City University, Speaker Carlino remarked, "we think we’ve been giving a pretty good measure of state funds to the City University."

State Aid Dubbed "Irregular"

According to a memorandum prepared for State Senator John Murchel (Rep., S.I.) and quoted by Mr. Carlino, 1963-64 has seen a 26.5% increase in state aid to the CU over 1958-59. This figure is opposed to a 17.3% raise in the City’s share of the operating budget.

100 Year Wait

The speaker added that the State was "lagging behind" in the giving of aid to the CU, "for 100 years going to try and increase aid in certain categories," he asserted.

Predicted Failure

Commenting on Mr. Carlino’s allegation, President Gallagher said yesterday, "The State was ‘lagging behind’ in giving any aid. Who was ‘lagging behind’ in giving any aid? That we ‘are very pleased with the increase in both State and City support.’"

Mr. Carlino also predicted the failure of the attempt to discharge the free tuition mandate.

Marxist Seminars Begin Next Week

Marxist philosophy and a Marxist view of American Negro history will be discussed by Marxist scholars in extra-curricular classes at the College starting next week.

Herbert Aptheker and Howard Sokam will teach the bi-weekly classes which will be conducted in separate rooms.

Mr. Sokam, who was dismissed from the Brooklyn College staff in the 50’s for holding a Marxist philosophy, will conduct the first hour and a half of each of the five shows seminars. He will discuss Marxist philosophy and existentialism.

The second part of each seminar will be devoted to Negro history and will be taught by Dr. Aptheker, a specialist in the field.

The programs are being sponsored by the Marxist Discussion Club, the Student Committee on Progressive Education, which is the student section of the New York University for Marxist Studies. Dr. Aptheker is the director of this school.

A motion urging students to attend a meeting on the city-wide boycott of public schools was passed by Council last night 58-1.

The bill, which was introduced as a substitute motion for one which supported CGP support of a March 16 sympathy boycott at the College, also provides for copies to be sent to the presidents of all campus organizations.

In another action, President Bob Rosenberg announced the possibility of entering a registered Republican to oppose Assemblyman Fred Preller in that party’s primary. The Queens Republican is chairman of the Ways and Means Committee in which the free-tuition mandate is now bottled up.

Danny Katin, SG Vice President, noted that “one of the purposes of this would be sheer nuisance value.” He explained that while Mr. Preller would have to spend about $1000 hiring campaign workers, “we can get them for nothing.”

Collected Housing Debate Tourney; 50 Schools Plan Participation

Teams from fifty eastern United States and Canadian colleges and universities will participate in the 9th Annual City College Invitational Debate Tournament to be held here to-morrow and Saturday.

This will be the biggest tournament ever run by the College. In the varsity division, there will be some 43 teams from 36 schools. Each team will debate both the affirmative and negative aspects of the resolution.

All teams will debating the topic, “Resolved: That the Federal government should guarantee an opportunity for higher education for all qualified high school graduates.”

Among the top competitors at the tournament will be units from the U.S. Naval and Military Academies, John Hopkins, McGill, and Seton Hall, a previous winner. Last year’s victor, St. John’s, is not entering.

After the second, fourth and fifth rounds, the teams will be matched against teams with similar records. This device is adopted to be sure that the eventual winner of the meet will have met the strongest teams.

The performances in the folk music and dance series will be performed tonight in Lewisohn Lounge.

Folk Music, Dance Program Begins Tonight In Lewisohn

Jann’s Pacific dances will be the initial performance in a folk music and dance series tonight in Lewisohn Lounge.

The folk program, arranged entirely by Mrs. Henrietta Yurchen, both the graduate and under-graduate courses in folk music, is her self-well-known in the field of folk music.

Mr. Edmund Sarfatty

Envisions Extensive Program

She moderates a weekly radio program, "Adventures in Folk Music," which is broadcast over WNYC in New York and also is the folk editor of The American Record Guide, and Musical America, and regularly writes articles for Sing Out.

Her latest endeavor, a collection of songs and games from South America and Spain, will be published this fall by Putnam’s Sons.

Galamison to Talk On A Panel Here

The Reverend Milton A. Galamison, leader of the February 5 school boycott, will be featured in a symposium on “School Integration and the March 16 Boycott” in the Grand Ballroom March 12.

Relationship Between Schools and Colleges

It is expected that the Reverend will argue the relationship between de jure segregation on the college level and discrimination in the New York City public school system. He has previously noted that “public school segregation breeds segregation in the colleges” and has urged college students to support the proposed boycott through participation in “freedom schools” and aid in organizing drives.

Included among the speakers will be Herb Calender, Coordinator for the Bronx Chapter of the Congress of Racial Equality (CORE), and a spokesman for the Pacific Rican community.

The symposium is being held under the sponsorship of the evening session Student Committee for a Sympathy Boycott, SG Public Affairs, SG Student Peace Union, and the Marxist Discussion Club.

MOC spokesman Eric Eisenberg suggested that the speakers would also consider the relationship between the March 16 boycott and the anti-poverty struggles. — Sherman
A Beginning

Seventy-one Republicans voted Tuesday to support Governor Nelson Rockefeller’s policy of nibbling away at City University’s 117 year tradition of free tuition. Seventy-one Republicans voted against restoration of the more than one hundred year tradition of free-tuition at the State University. Approximately ten more lacked the courage to perform the simple act of expressing their views, and marked themselves “abstain” by refusing to answer the roll-call. And all of this in the name of “party discipline.”

Many of these “people’s representatives” expressed their scorn and contempt for student efforts to convince them of the necessity of free public higher education. We were even told from the floor of the State Assembly that we might as well not have come, that the bill was not going to be forced out of committee.

To the brazen and/or pinhole non-representatives, we have this to say: gentlemen, we didn’t really expect to win this round. We went to Albany to see how many of you would have the guts to break party discipline to vote as your constituents feel, gentlemen, we didn’t really expect to win this round. We went to Albany to see how many of you would have the guts to break party discipline to vote as your constituents feel, gentlemen, we didn’t really expect to win this round. We went to Albany to see how many of you would have the guts to break party discipline to vote as your constituents feel. We were even told from the floor of the State Assembly that we might as well not have come, that the bill was not going to be forced out of committee. The cheers of the students present may have meant to him. The guest speaker will be Mr. Donald A. Parks, who will speak on “Oil Exploration in North Africa.”

The cheers of the students present may have meant to him. The guest speaker will be Mr. Donald A. Parks, who will speak on “Oil Exploration in North Africa.”

One Republican

One Republican Assemblyman had the courage to vote the way he, not the Party, felt on the free-tuition issue. He was Alfred Lerner from Queens. The round of applause he received from the Democrats was perhaps of little moment to him, as the Republicans have more than a little more. But his real reward was probably the knowledge that he had kept his personal integrity intact. We salute him for this.

We hope that we will be able to repay him with more than satisfaction. If his vote is not enough, let us not be unaware of plans, but if he is opposed in a Republican primary, we would support him, and we hope that Student Government would do the same.

We need men of Assemblyman Lerner’s integrity in the legislature, and in supporting him, we are sure we would not only be helping the free-tuition fight, but helping the cause of good government in general.
Students at Seton Hall University in New Jersey, are in an uproar as a result of an administration directive suspending The Setonian, their weekly undergraduate newspaper. The suspension one week ago, set off demonstrations which erupted into the nearby town of South Orange. The police and firemen, with low pressure hoses, were needed to drive the students back on to the campus.

The University’s President, the Rev. John J. Dougherty, ordered the paper closed, charging that the staff had “abused freedom of expression.” Other officials at the Catholic University had reportedly taken exception to the paper’s satirical attacks on administration regulations. They also considered some of the editorials offensive.

Administration efforts to reorganize The Setonian under a new staff, have apparently foundered because the staff “see how things are done in other parts of the country.” The Institute will offer the same courses in Chemistry leading to a Ph.D. Classes are: Advanced Inorganic, and Organic Chemistry; Physical Chemistry; Statistical Mechanics; Quantum Mechanics.

In the Bronx it’s P.L.T.

Matmen To Compete In Met's; Hopes Ride On Miller, R. Taylor

Highlight of Saturday's Metropolitan Intercollegiate Wrestling Championships will center around the matches between the College's wrestling Coach, Jack Stein (231) and Larry Silver (heavyweight), and Joe Sapora.

Sapora has an excellent chance to win it all," the Coach said. "For years he was referring to 147 pound Mark Miller.

Miller has had an outstanding year. He was undefeated until his last match when he lost to NYU's Tom Bochen. It was Bochen who last year spoiled Miller's chance to become Met champ. In fact the Beavers' top man might be one of the hottest in the area.

Last year during the regular season, the two met fought to a draw. A week later Bochen won in the Mets on riding time. He defeated his partner in the Lava Champs final match of this year's campaign.

Both Sapora is optimistic. Mark is a little bit better. He should beat him [Bochen] this time.

The coach is also optimistic in other areas. Ronnie Taylor will be challenged and Sapora said he wouldn't be surprised to see the split star win.

Rounding out the Beaver lineup for Saturday's matches at the Brooklyn Y will be Herb Zolot (123), Paul Bredow (12), Al Laydecker (167), Al Fein (177).

SPORTS SHORTS

Four members of the College's soccer team were elected to the All-State team last week.

The honored players are fullback Tom Siegorn, center halfback Mike Forward Cliff Soos, and goalie Walter Kopczuk. These are the same three players who had gained All-America honors last season. Siegorn, who had been elected to the first team while Peace, Soos, and Kopczuk made the second team.

Kopczuk, the Beaver's star goalie, also received an honorable mention in the All-American ratings.

Both Siegorn and Peace are seniors and have finished their College careers while Soos and Kopczuk both are only sophomores.

The College's rifle team is hoping that it can imitate last year's whopping 5-0 record of St. John's tomorrow as they travel to the United States Naval Academy in Annapolis for a crucial match.

Last year, the Beaver nimrods eeked out a thrilling 1421-1420 victory over the Navy in the Ail-American ratings.

This year, the College is 14-1 in Metropolitan Intercollegiate Rifle League competition and a win over the Redmen would go a long way in capturing the number one slot in the loop.

St. John's, the Beaver's only two dual meets left. On March 13 they will face St. Francis, and Newark Engineering and on March 20 they will close out the season, home against Pace and Cooper Union.

To the hard luck was added some disappointing performances by key men. Both Ira Smolov and Bill Levine were inconsistent. Levine is an excellent ball handler and field general. With him in the lineup we had a .500 record. Including the How- ders performance last season, his money to the trophy fund. With a little bit of luck they might be awarded as long as a member of next year's varsity. High point to that fact is that he will be back to the basketball wars next winter.

The Lavender has hopes now on the improved play of Alex Zuckerman and Dave Schaefer, Zuckerman had a fine year and Schaefer showed a great deal of potential.

Filling Golden's spot will be Bob and game and jump well. Against the Beavers this year he gave an inkling of his capabilities as he pulled some fine rebounds from the al- ways tough Albie Grant.

The Lavender backcourt should be well stocked. Leading the Beavers is Alex Blatt. The witty Blatt was much more than just 'good opposite man. His rebounding and scor- ing will be missed by next year's lineup.

Then Mike Schaffer was killed. The Beaver nimrods eeked out a thrilling 1421-1420 victory over the tough Redmen would go a

...And The One That Might

Sports writers covering the College's basketball team next year will do with the aid of one of their richest treasures in recent years. This reservoir of knowledge goes by the name of Alex Blatt. The witty Blatt was much more than just 'good opposite man. His rebounding and scoring will be missed by next year's lineup.

Also absent from next year's team will be Steve Golden.

This 6 foot 6 inch pivot man had four of those victories, the Beavers won four while dropping six. One of those four victories was the greatest of the season. On February 1, the Lavender beat Wagner 68-61.

Fencers Travel To Annapolis; Plan To Get The Navy's Goat

Tomorrow at 11 AM, the College's fencing team will board a bus that will take them to the United States Naval Academy in Annapolis to compete in the NCAA Championships.

The Lavender hopes will also include some top talent to next year's varsity. High point to that fact is that he will be back to the basketball wars next winter.

If the Beaver nimrods can move up and jump well, Against the Beavers this year he gave an inkling of his capabilities as he pulled some fine rebounds from the always tough Albie Grant.

The Lavender backcourt should be well stocked. Leading the Beavers is Alex Blatt. The witty Blatt was much more than just 'good opposite man. His rebounding and scoring will be missed by next year's lineup.

Then Mike Schaffer was killed. The Beaver nimrods eeked out a thrilling 1421-1420 victory over the tough Redmen would go a long way in capturing the number one slot in the loop.

St. John's, the Beaver's only two dual meets left. On March 13 they will face St. Francis, and Newark Engineering and on March 20 they will close out the season, home against Pace and Cooper Union.

Mike Schaffer Memorial Set For Frosh Cagers

The College's basketball team has voted to award a Mike Schaffer Memorial trophy to the outstanding freshman player of the year.

The trophy will be paid for by the money to the trophy fund. With a little bit of luck they might be awarded as long as a member of next year's varsity. High point to that fact is that he will be back to the basketball wars next winter.

The Lavender has hopes now on the improved play of Alex Zuckerman and Dave Schaefer, Zuckerman had a fine year and Schaefer showed a great deal of potential.
