First Step Taken
By English Comm.

A meeting today of all upperclassmen majoring in English will constitute the first step in an attempt to inform prospective English majors of their curriculum requirements for Graduate School.

The meeting to be held in Room 305 Mott at 12:30 PM, under the auspices of the English Department, will center its attention around the problems of general course concentration and selection which current English majors encountered as lowerclassmen. Students attending the meeting will be invited to relate those difficulties which they, as freshmen and sophomores, found in obtaining to freestanding courses and related courses they should have taken.

The most pertinent questions will form the basis of a future meeting with lowerclassmen as to the curriculum problems and uncertainty of freshmen and sophomores will be dealt with.

Today's meeting, however, will also cover a second topic—that of elective course content in the English Department. Students will be able to voice their opinions about present courses and express ideas about them. All suggestions will be taken under careful consideration by the Student-Faculty Committee on English Major's Problems (SFCEMP) and be used in planning future courses.

Recently, the student ad hoc committee was made an official committee by the English Department. When Prof. Edmund Volpe (Chmn. English), appointed two faculty members to the body. Prof. Morton stated, "It looks very hopeful from the point of view of both English majors and English professors that there will be a program worked out during the course of this year which will consider the problems of English majors."
New Focal Point For Campus?  
Student Center Rises On Paper

By P. WARFIELD

Designs for a campus commons to supplement the Finley Student Center were presented to President Gallagher and members of the Architecture Department last Wednesday.

Dr. Gallagher had suggested the idea to Professor Sanford Yang (Architecture), as a class exercise, stressing that there was no implication that such a commons would actually be built. They agreed upon a "program" calling for student and faculty cafeterias, clubrooms, and lounges, to be located on the entire block now partially occupied by Klapper Hall.

Another important meeting was presented to President Gallagher and members of the Architecture Department last Wednesday.

According to Professor Yang, the student and faculty facilities are envisioned by Enoch Lipson. The structures would be connected by bridges at appropriate floors, thus forming an archway to the campus.

Enoch Lipson's plans provide a central court dominated by two separate structures.

Emphasizing that the problem was an exercise with no implications for the future, President Gallagher said the designs were "very helpful and encouraging," and that they would be "studied and kept." The models will be on display in Harris 625 starting in January.

THE PLEDGE CLASS OF ZBT

Fraternity wishes to congratulate the
Pledge Class of HEP Sorority
on their stemming upset in our touch football game.
The seething discord which has been raging across the Berkeley campus of the University of California for the past several weeks sprang suddenly to life last September 14th with a letter by the Dean of Students at Berkeley. The brief missive removed the right of the students to use a strip of brick-foot strip as the only campus area outside the campus wall. As it still has not been established the views of Edward W. Strong, Chancellor Strong for their part in the protest, the demonstrations completely filled the four floors of the Administration Building, Sproul Hall, Eight students were suspended by Chancellor Strong for their part in the protest. On noon on the following day, Jack Weinberg, a local CORE representative, was arrested by University police during the course of this civil disobedience, because he refused to identify himself, but was later released without being charged. Weinberg is not a student at the college.

For almost a month, the Berkeley campus was the scene of one student demonstration after another. By far the greatest percent-\(\frac{3}{5}\) of the students were arrested, he said, because, once organized by: independent student groups and anti-FSM groups, the administration refused to budge.

On November 20th, the University Regents overthrew the decision, and reopened the strip to student political activity. They cautioned, however, that students who had violated the law in the past would protest the desire to face disciplinary action by the school.

After 12 PM on Wednesday, December fourth, nearly 1,000 students jammed into Sproul Hall for a second sit-in protest. The immediate issue was the demand that the view of the sit-in be authorized by University authorities to grant four students arrested for their part in a near riot which occurred October 1st. The four were: Mario Duran, leader of FSM, Art Goldberg, his chief lieutenant, Jackie Goldberg, Art’s sister, and Brian Turner. The demonstrations completely filled the four floors of the Administration Building, and, with singer Joan Baez leading them, began to sing folk songs and talk to each other.

Teachers Exhibit Their Art

The display by the College’s Art Department, which includes some of the nation’s foremost artists, involves a wide field of techniques and mediums. The works are of not only watercolor, but also water and color to sculpture in marble, wood, and bronze. The designs range from “far out” abstractions to the fine line of wood cutting.

One of the exhibits is a display of works in silver, pewter, brass, and copper by Mr. Coopland’s jewelry is beautifully designed and his silverware, platters, and vases show ex- ceptial craftsmanship.

Also of attraction are pieces by Stephen Coombes and Professor Simon Liesin. Their respective works, “Phantom Riders,” a pastel drawing, and the gouache on sourchboard “The Lonely Oak” demonstrate a great deal of feeling for the subjects and form handsome designs. More than sixty of Mr. Coombes’ works have received prizes or are on permanent exhibition throughout Europe and the United States, including the British Museum, the Metropolitan Museum of Art, and the Library of Congress. Internationally known as a painter and designer, Mr. Liesin is a corresponding member of the Royal Society of Arts in London.

An oil, “Composition, Black and White,” by Charles Alston is one of the exhibit’s most striking offerings. Evoking the tone of minty Japanese brush painting, the work is, at the same time, an abstraction of black attacks on a white background. Mr. Alston’s works are on display in the Metropolitan Museum of Art, the Whitney Museum, and in other collections.

The technique and tone of Stuyvesant Van Yoe’s “Pueblo Night” is reminiscent of the style of Vincent Van Gogh. The oil and polymer work displays a fine texture and color scheme. “Gouache” an oil by Collen Brown, an artist with an esthetic interest in Japanese brush painting, is based on a visit to the West Indies island of Martinique. The sculptures from a German studio are abstracts which, in turn, surrounded by a frame, made by the artist himself, which restates the tone of the painted work. Mrs. Wagner has just completed a series of sculptures for World Flight, a children’s book on the Negro in America.

Other displays particularly worthy of note are the sculptures made by Rachel Chatterton-Bray, Louise Rothchild, Charles Salerno, and William J. Spinka. Department Chairman Robert A. V. Anderson is represented by a showcase of bas reliefs and medals in bronze and gold. The brochures which, in turn, surrounded by a frame, made by the artist himself, restates the tone of the painted work. Mrs. Wagner has just completed a series of sculptures for World Flight, a children’s book on the Negro in America.

**LETTERS**

**Beyond The Gates**

Motivated by a “lack of controversy on relevant issues,” on the political left, students at Queen College have formed a new club, “Students for a New Left.”

The club is a chapter of the National Organization, Students for a Democratic Society. The club’s founder expressed hope that while “most of the people in it will be Socialists,” the club will try to become “a mixture of all ideologies of the left.”

Among projects in the offing is a subscription drive to support WBAI-FM, a listener-sponsored radio station, organization of workers and students who dreamed up this ridiculous advertisement would think it funny. I was under the impression that by the time adolescentusc ents had reached college age, theories of the political Left were in the forefront of their emotional sexual jokes. I am also surprised that the educated editors of a college newspaper would allow such an advertisement to be published.

Sincerely,

Marilyn Cohen '68

**Free Speech At Berkeley**

The faculty of Berkeley is to be congratulated for the step it has taken in overwhelming support of the aims of the Free Speech Movement at the University of California. Despite this support, however, student victory will not be assured until the Administration of the University accepts the proposals of the Academic Senate.

But it is not only in the interests of free speech that we welcome the faculty proposals and urge their acceptance by the Regents of the University of California. The issues behind the struggle of the Berkeley students are much more basic than that of the right to organize on a twenty-six foot strip outside the gates of Berkeley. What is at issue is the whole concept and purpose of education in an institution of higher learning.

If being told what ideas one can or cannot explore, what causes one can or cannot support, what actions one can or cannot take, is expected to churn out automatons who will not question the status quo or dare to act on the strength of their convictions, we have no doubts that the desired result will occur.

But if the future is to be any better than the present, and if students are to take an active part in the transformation, they must be allowed to explore all ideas in an atmosphere free from control by the establishment. They must be permitted to challenge any and all facets of their environment with which they are dissatisfied. If this challenge involves action that must be permitted to act to change these conditions. This is the only way that a college education can become meaningful.

**The SG Line**

The overwhelming defeat of a motion by Council last night to cut “Campus” allocation for not following the Student Government line is a victory for the freedom of campus institutions.

The Constitution and the courts have long defended the right of an editor to publish his paper as he sees fit. That Campus did not choose to highlight this fall’s Anti-Tuition Drive is a legitimate expression of its editorial opinion.

CRISIS...
Despite the widely accepted opinion that the students here are useless good for nothing when they spend their lives protesting and picketing, there are some graduates who have made good use of the education.

They are teaching people how to wash dishes, play softball, raise chickens and are teaching them a language they don’t even know themselves. In the process, they are being bitten by bugs, living without sleep, are being spied upon and all they hear in gratitude is “OK” and “bye-bye.”

They are all members of the Peace Corps. Right now 38 graduates of the College are serving while eleven have completed their two years of service.

They have served from Nepal to Nigeria; from Colombia to the Cameroun.

Sheldon Golden, who is now in India, said that he “got great pleasure from the fact that he taught the girl across the street and without sleep, are being spied upon and all they hear in gratitude is “OK” and “bye-bye.”

One wonders if they have yet been taught about “sleep” in Nyasaland.

Enid Goel in Nigeria is appreciative of the fact that she was stationed in a large city (Ibadan). Coming from New York, she is used to metropolitan life. It is delightful, however, if the rush hour is that bad in Ibadan.

A Thaiikand volunteer, Robert Gurevich, relishes that “there is no privacy and that the heat and insects don’t make life too pleasant either.” He is proud, though, that “the natives can say OK and bye -bye.” Maybe that’s worth the mosquitos bites.

In the Dominican Republic, Hal Mayerson has started a softball league and a chicken project. They raised $200 to outfit the league, but that sounds like chicken feed.

Back Home, Iris Nagler of Nyasaland, relates that “there is no fishing for words.” Martin had bet­weener in the process of teaching English, found that “I had forgotten many English words, sometimes I have to go fishing for words.” Martin had better come home soon, he is teaching English. Maybe they should start a Peace Corps for the Peace Corps volunteers who come home.

—Chipkin

DOUBTING THOMAS?

HOPEFUL AGNOSTIC?

Christianity has more to offer than hope, it has positive proof in the form of a MIRACLE which was foretold, described and is intensively personal. Ask the Religious Leaders or send me a card marked ESP-17. My reply is “a MIRACLE which was foretold, described and is intensively personal”.

The Blood Bank Council would like to take this opportunity to thank each and every one of the 257 blood donors, and every one of the students and faculty whose cooperation meant so much to the success of the blood drive.

COME FROM COLLEGE IN CORPS

- Club Notes

All clubs will meet at 12:30 PM today unless otherwise noted.

AEROSPACETTEC

Will meet in Room 106 Friday at 12 Noon to discuss the future of the Peace Corps and the Vietnam War. A departure must be made. Hurry! More details next meeting. Stan S. Decker, 106 E. 11th St.

AEROSPACE

Will meet in Room 106 Friday at 12 Noon to discuss the future of the Peace Corps and the Vietnam War. A departure must be made. Hurry! More details next meeting. Stan S. Decker, 106 E. 11th St.

ASCE

Will hold a discussion of a course on the Peace Corps' appointment at 12:45 PM. All members are invited. Alf are welcome.

ASCE

Will hold a discussion of a course on the Peace Corps' appointment at 12:45 PM. All members are invited. Alf are welcome.

AUDITORS

Will meet in Room 210 Friday at 12 Noon. Student Council duties at the end of classes. All members are invited.

CLASS OF '64

Will meet in Room 106 Friday at 12 Noon. Student Council duties at the end of classes. All members are invited.

CLASS OF '65

Will meet at 12 Noon on Friday in Room 210. Student Council duties at the end of classes. All members are invited.

CLUB AMERICANO

Will meet in Room 210 Friday at 12 Noon. Student Council duties at the end of classes. All members are invited.

CLUB BIBLIOTECARIO

Will meet in Room 106 Friday at 12 Noon. Student Council duties at the end of classes. All members are invited.

CLUB DOMINICANO

Will meet in Room 106 Friday at 12 Noon. Student Council duties at the end of classes. All members are invited.

ECONOMIC SOCIETY

Will hold a meeting at 3 PM in Room 106 to discuss the Peace Corps and the Vietnam War. A departure must be made. Hurry! More details next meeting. Stan S. Decker, 106 E. 11th St.

ENGHSH SOCIETY

Will meet in Room 210 Friday at 12 Noon. Student Council duties at the end of classes. All members are invited.

FRENCH CLUB

Will meet informally about “Paradoxes” in Room 110 on Thursday at 12 Noon. Alf are welcome.

GERMAN CLUB

Will meet in Room 212 Friday at 4 PM. Student Council duties at the end of classes. All members are invited.

ITALIAN CLUB

Will meet at 12 Noon on Friday in Room 212. Student Council duties at the end of classes. All members are invited.

JUDGES

Will meet at 12 Noon on Friday in Room 212. Student Council duties at the end of classes. All members are invited.

MATHETICS SOCIETY

Will meet at 12 Noon on Friday in Room 212. Student Council duties at the end of classes. All members are invited.

MATHEMATICS SOCIETY

Will meet at 12 Noon on Friday in Room 212. Student Council duties at the end of classes. All members are invited.

college. A committee was appointed to examine the question.

SG President John Zipper, the College's delegate to the Council, was" hopping mad" that he was not notified of the meeting, and that the College remained unrepresented at the Council's first meeting this term. They asked me up Monday and said that we might have a meeting Saturday. That was the last I heard of it.

CUNY also passed resolutions supporting the students of the University of California at Berkeley in their struggle with the administration. Letters were sent to Governor Pat Brown, the Administration of Berkeley, and the student government at Berkeley. A committee to study the possibility of an Award Dinner was approved unanimously.

Congratulations to the student government of Brooklyn College were extended and invited to take part in the free tuition struggle.

The Brooklyn administration had been participating in the campaign.

In another action, CUNY advocated that campus newspapers be allowed to accept beer advertisements.

Zipper said he would have voted for the non-elimination except for Awards Dinner. "They would be better off doing something worth awarding first," he said.

CUNY Hoop Tourney Revised; New Trophy To Be Awarded

By H. LEOPOLD DUCK

The College's basketball team may be rewarded at the end of its current season with a king-sized subway token, the symbol of having triumphed over the quintets of the other three City University schools—Brooklyn, Queens and Hunter.

The annual municipal basketball championship is being revived this season after seven years of dormancy. The College's Alumni-Varsity Team, to Known as "The Road to H," will be played in the form of playing the final home games of the season. The token will be awarded after the Beavers swiped the trophy for the third consecutive time.

Now, in place of the trophy, its victory symbol is to be awarded. The token will be chosen by students of the four colleges from entries submitted by the student body. One of the proposals will be submitted to enhance the spirit of the "subway rivalry" characteristic of the sport.

This season the teams will meet each other according to their schedule and play their last game of the four. Next season will see the innovation of a three day coin day competition, with the winners chosen according to their own standings in the tournament. Teams will be played on the individual home courts while the final game will be played on the court of Queens' College new field house, Fitzgerald Gym.

The token will add to the list of sports in which there are municipal tournaments. These include boxing, cross country, and indoor and outdoor track. The 1965 basketball season will also see the inauguration of a trophy in that sport.

high school to college in their own thinking. He believes this is "partly because some haven't had the opportunity to live or stay away from New York and are too willing to accept New York patterns of life as typical of which is not." He advocates more extensive travel as a means of avoiding the dangerous of provincialism.

Dr. Meisel, himself, is a native New Yorker. After graduation from Boys High School, he served in the Navy during World War II as a radioman gunner in a patrol bomber.

In 1946 he entered the Brooklyn College School where he was President of the Student Council and a member of the varsity basketball team. He was also listed in Who's Who in American Colleges and Universities and represented the Brooklyn College in the annual Justice Department's Fourth Annual National Conference on Citizenship.

In 1950 and '51 he did postgraduate work under a Lavanburg Fellowship at NYU's Graduate School of Public Service and was a Fellow at Baruch's School of Student Life while attending Columbia Teachers College Department of Student Personnel Administration.

From September, 1963, through August, 1965, Dr. Meisel served as Assistant to the Dean of Students at Baruch. He earned his Master's degree in February, 1953, and his doctorate in 1952 at Columbia. His dissertation was entitled Personnel Problems Related to Racial Integration in Higher Education.

Dr. Meisel was appointed Assistant Dean of Students at Howard in 1961 after four years as Associate Director of Admissions and as an Associate Director of Administration for Student Personnel Problems related to Integration in Higher Education.

Cagers Yield To Lions

By JERRY HOENIG and HARVEY WEINBERG

Everyone in Columbia's University Gymnasium last night had the Lion's steamrolling the College's basketball team. The Beaver cagers and their fans who turned out to see their heroes wage a valiant battle and then finally drop a heart-breaking 86-82 decision.

Beaver junior, Alan Zuckerman, was the finest star on the court for both teams. The 5 foot, 10 inch Zuckerman poured in 21 points in the first half and 31 for the game. Many of Zuck's field goals were scored on driving, twisting layups that left the Columbia defenders hanging in mid air.

Alan Zuckerman Scores 31 Points

But it was team effort that brought the Lavender back from crushing defeat time and time again.

With 8:35 left in the game Columbia was sitting on what they thought was a comfortable 73-53 lead. Then Mike Pearl, who had been playing a great, hustling game scored on drive. Pat Vallance scored the only three points he scored all night and they were big ones. After hitting a layup, Vallance was fouled and his conversion had the Lavender down by 7.

The Beavers awaved away the Lion bugs for six and a half minutes and then Pearl got as close as they were to come. A gem of a steal by Mike Pearl put the Lavender behind 64-60.

The Beavers battled like demons and had three more shots but did not reach the 82 point mark until after the game was over. Columbia had 86 by then.

The Lavender took the opening tap, scored the first basket, and after the initial seven minutes and 35 seconds of play looked as if they were going to win away with the game.

At the 12:10 mark of the first half, the Beavers were trailing by 17 points, 37-20. Ray Campos hit his final two baskets to complete the only field goal in addition to two converted free throws.

The Beavers then scored six straight points as Zuckerman and Mike Pearl scored on foul shots, co-captain Ray Campos sank a jumper from the top of the key, and Dave Newmark scored two points.

After that scoring spree, Columbia managed to push its lead up to 41-27 with 2:15 to go in the first half.

Those two minutes and fifty seconds saw the Lavender close the half for the second time and leave the court for the half-time intermission with an optimistic thought that the final half would go home with only a six point lead, but the Lion's Neil Farber sank a 29 foot jumper just as the buzzer sounded, to make the score 45-37.

The beginning of the second half gave the Beavers hope. By 18:29 the Lavender whittled away another 4 points, reducing the margin to 40, but for the next ten minutes after that it looked as if it were the final half all over again. But then the Lavender turned a rundown into an exciting climax.

Coach Dave Polansky Comes Close

Coach Dave Polansky comes close.

Lafayette College, of Easton, Pennsylvania, has always had a fairly strong swimming team, according to Beaver captain Alan Frishman. "We may not be swimming against them again this year," he said.

The Lavender went through a losing season last year, but were promising new material up from the freshman team this season. Coach Rider hopes to improve his team's record. He is working his team hard to build them up for the tough meets that are coming up such as Columbia, Manhattan Col­lege, and St. John's. Perhaps he will see the Lavender spirit will ride on the crest of Beaver vic­tories.

Beavers Dunked By Lafayette; Look Toorday against Both.

By MARK BENED

The Beaver men suffered a case of soggy spirits yester­day, as the College's swimming team dropped a match to Lafayette College, 57-29.

Lafayette was muscuiary Larry Levy, recently up from the freshman team, who coped first place in the 100-yard free style event, turning in a time of 54.6, and second place in the 50-yard free style in 26.4. His time for the 100-yard free style grasped the College's record by four tenths of a second. His time for the 50-yard free style in 26.4.

Other Lafayette triumphs includ­ed the 200 and 500-yard free style races in which Steve Pearce took second place. Team Co-Captain Dan Mahler scored second place in the 200-yard breast stroke event.

Lafayette won the relay competition the Beavers took 3:34.0 to top Lafayette in the 400-yard free style relay. Winning for the Lavender in the event were Steve Gluck, Howie Mazaico, Larry Levy, and Alan Frishman.

Beaver Alan Frishman, team Co-Captain, placed third in the 200-yard breast stroke, finishing with 2:57.75. Mike Pearl, who tied for second place in the 200-yard breast stroke, then cut the time to 2:54.55.

Lavender Coach Jack Rider is looking forward to the meet with LIU in Brooklyn. He was "pretty satisfied" with his team's performance since everyone did "fairly well."

Lafayette College, of Easton, Pennsylvania, has always had a fairly strong swimming team, according to Beaver captain Alan Frishman. "We may not be swimming against them again this year," he said.

The Lavender went through a losing season last year, but were promising new material up from the freshman team this season. Coach Rider hopes to improve his team's record. Co-Captain Beth Sheffin and Batyah Janowski, head the merry band, who next open their regular season against Brook.

Gymnast Charles Stein Performs On Parallel Bars

In February, the College's Gymnastics Club was organized in response to a student petition. The first meeting on February 15 was attended by 150 avid enthusiasts.

Though a visitor may be somewhat ap­pointed to this year's schedule, but it is mere­less seeing six players on the court instead of free and seeing each player allowed only three dribbles, its soon real­ized that competition is fierce and the goal is victory. The male counterparts could probably learn something from watching the girls play a basketball game. Sportmanship is still that's it's still basketball. The team, where sixteen girls were assembled wearing anything from Bermuda shorts and sweatshirts to gym uniforms, the activity did not resemble dancing.

This was the Women's Basketball Team playing basketball and playing with LIU in Brooklyn. He was "pretty satisfied" with his team's performance since everyone did "fairly well."

Lafayette College, of Easton, Pennsylvania, has always had a fairly strong swimming team, according to Beaver captain Alan Frishman. "We may not be swimming against them again this year," he said.

The Lavender went through a losing season last year, but were promising new material up from the freshman team this season. Coach Rider hopes to improve his team's record. He is working his team hard to build them up for the tough meets that are coming up such as Columbia, Manhattan Col­lege, and St. John's. Perhaps he will see the Lavender spirit will ride on the crest of Beaver vic­tories.

Co-Captains Beth Sheffin and Batyah Janowski, head the merry band, who next open their regular season against Brook.

Lady Cagers Prepared

The sign outside the Park Gym on South Campus reads "Modern Dance Club—New Members Welcome." Inside, the field is covered and the students of 1963 Olympic gymnasts, with Mendelssohn becoming assistant coach.

In gymnastics there are six events which are used in international competition—free-exercise, side-horse, vaulting, parallel bars, horizontal bar, and floor. These are the events that are scored in actual competition.

The games, the gymnasts have competed in three meets with a record of 1-2. The Beavers opened their season with a win over SUNY and lost to both Queens and Kings Point.

The meets that they have scheduled for the immediate future are against Yale on January 23, Montclair State on Feb learn something from watching the girls play a basketball game. Sportmanship is still that's it's still basketball. The team, where sixteen girls were assembled wearing anything from Bermuda shorts and sweatshirts to gym uniforms, the activity did not resemble dancing.
