SC: Bussing Resolution Passed; Conflict-of-Interest Bill Defeated

Council Rejects Voting Curbs

A resolution to restrict individual Councilmen's voting rights was defeated by a three-to-one margin last night as Student Council declined to bar executive officers of campus organizations from voting on their organization's allocation in Fee Commission or in Student Council.

The resolution, in two parts, was worded:

1. No member of Student Council may vote on any appropriation to an organization of which he is an elected officer of the executive committee of the central body. This shall not deprive him of any other privilege of membership in this body.

2. This shall apply to members of Fee Commission in voting regarding allocations. This shall not apply to SG allocations.

The motions failed to amass the necessary two-thirds majority (19 votes out of 28); the first was defeated 5-15-8, and the second 14-12-2.

Weitzman, immediately after his resolution's defeat, stated that "The motion will be reintroduced next week in more practical form, and a new motion of a different nature will be introduced each week until the time of the next election when it can become a campaign issue." (Continued on Page 2)

Support Asked Of Gallagher

By DON WEINGARTEN

Student Council last night passed a resolution asking President Gallagher to express support of the Board of Education's school pairing plan. The measure, proposed by Howie Simon, as a special order of business (not on the regular agenda) was voted upon after extensive debate before SC. Carl Weitzman and Marty Kaufman opposed its legality under the Student Government Constitution.

The resolution expresses agreement with the Board's plan, although it maintains that "while the school pairing provision of the plan, the most controversial aspect, should not be considered an end in itself because it alone will never achieve integrated communities, it, nevertheless, is a step towards the attainment of the true ideal." BGG Gets Top Billing

In Prokofiev Smash Hit

While with the comment "I still can read," President Buell G. Gallagher put aside all reservations about reading Prokofiev's Peter and the Wolf to Harlem children early next term.

Although hesitant at first, according to Fritz Minkoff, President Gallagher has agreed wholeheartedly to the idea.

A concert for neighborhood children was first conceived by Carol Lieberman, the co-winner of last year's Music Department award. The idea has been enthusiastically greeted by both students and faculty. Dr. Jahoda hopes this enthusiasm will last through extra rehearsals.

Rounding out the concert, which Professor Jahoda feels should be free, although he doesn't know who is going to pay for it, will be Irving Fine's "hilarious" Alice in Wonderland and the Carnival of the Animals by Saint-Saëns.

This is the first time that a program of this type will become a reality. Negotiations for a concert at the Convent Avenue church fell through when it proved technically impossible to accommodate both the Chorus and Orchestra in the building. President Gallagher has, however, had former experi-

Judge Dismisses Loyalty Oath Suit

A federal judge, who stated that "no substantial federal question" had been raised, has dismissed a suit charging the Constitutionality of the anti-Communist Feinberg Law and the state's loyalty oath requirement.

Judge John O. Henderson denied a request by five present or former State University-at-Buffalo faculty members for a three-judge federal court to hear the case.

The five had refused to sign an oath that they were not now nor ever were members of the Communist party.

Henderson said an 1963 U. S. Supreme Court decision that upheld the Feinberg Law "in large part ... laid to rest" the issues in this case.

Service Groups Are Linked

In 6-Club Coordination Meeting

The Community Service Council of Student Government brought together on Tuesday representatives of various student organizations conducting the coordination of their activities. Delegates to the conference represented CORE, NAACP, House Plan Association, the Newman Club, Student Government, and the College's Department of Life.

A study by Dr. Elliot Zupnick (Economics) has shown that an economic boycott of the Union of South Africa "would have a very minor impact on the American economy."

In the study, which was prepared for the International Conference on Economic Sanctions Against South Africa, Zupnick said that the total American investment in South Africa was $605 million as of the end of 1962. Income totaled $50 million.

What's that? You want to be alone?

So, see if I care. Don't join Observation Post. Don't come up to Room 436 Finley and pay us a call! You think maybe we'll force you?

You want us to plead, I suppose?

Okay, there's hard work involved. You don't want to belong to a well group and work with them? So go pinch pennies! WE don't.

What's that? You'll join?

Bless you.

Dave Gordon, another member of the Editorial Board, says the paper was "officially cancelled Monday evening."

According to Steve Somerstein, a staff member on the paper, Minkoff's edition might have been an attempt to undercut the regular Editorial Board of Main Events. Minkoff may face suspension and a possible lawsuit from Boro Printing Company for printing costs. Alumni Booters Can't Kick Habit
When the former members of the College's soccer team return to Lewisohn Stadium next Saturday they'll get a cocktail party along with their soccer game against the current varsity crop.

Also unlike other soccer teams the soccer team has six periods instead of the usual four. The extra two periods were added to give everyone a chance to rack up some points for the varsity.

Several of them are coming from such distant places as Georgia and影业 are bringing their families to show off at the reunion party.

Among the outstanding alumni booters in the past are Bruno Walter, Wolf­

these men were stalwarts for the Beaver hill 'n' dalers.

Coupled with the loss of these three speedsters, the Lavender ranks were also depleted by ac-

ally accidents. With all these set-

backs it would hardly seem likely that Castro is optimistic—but he is.

If Castro will be counting on his six top men to carry the Lau-

nder through its tough schedule in strong form.

In the number one position will be Jim O'Connell. Jim is no strange
to a grueling run such as the five mile course at Van Cortlandt Park. He won the annual 1616 mile AAU

Milk Run in 1961 and 1965. He'll probably finish as the best mara-

thon runner in the Metropolitan area.

Another addition to the Lavender ranks this year is Abe Assa. Assa

is a transfer student from Bronx Community, and Coach Castro will be
depending upon his speed to rack up some points for the Beavers.

Marcel Sierra, Jack Foster, Mike Eisenberg and Pete Sieber round out the Lavender line-up on whom Coach Castro will depend most heavily.

The X-Country Team Is Ready—The Coach Is In Running Form

If the College's cross-country team runs as hard as its coach has been running in the past few weeks, then it is bound to have a good season. Harrier mentor Francisco Castro has been darting up and down Convent Avenue with the hope of cajoling a few freshmen into coming out for the cross-

country team.

Graduation and illness have taken a big toll on the Beaver cross-country squad this year, but Coach Castro doesn't just sit idly over the situation—he is constant-

ly trying to find a remedy.

And while he is searching for new runners, he is hoping that a doctor can come up with a remedy for his star runner John Bourne. Bourne has been sick off and on for some time now, and the only person who can say whether he'll compete or not is his physician.

California. Santa Clara, like the College, dropped football in 1962 after a very bad year.

In 1959 it decided to return to a small-time game. Their books show $4,160 in expenses and $1,780 in income from gate receipts. By 1961 expenses were $7,188, and income $4,917 per season.

The largest item in the 1961 expenses was for new equipment, $4,160 after spending $2,002 in previous year for new equipment. The figure should remain the same for the College.

Following were $500 or more allotments for coaches salaries, equipment maintenance or repair, and lettermen awards and meals and transportation. A sum of $2,200 for direct game expenses of stadium rental, officials and ambulance service was also listed.

The coach's salary is the most controversial of the major items. Under City College rules the coach must be a member of the faculty. This is a blessing because the coach is then paid from faculty salaries. But it becomes a problem because football coaches are usually paid more than faculty-scale wages and getting a top-notch coach might be hard at the College's pay scale.

The season pass brings up the problem of Lewisohn Stadium. The College might look for the north and consider Columbia's Baker Field. It would be easy enough to schedule the College games at speedsters and transportation. A sum of $2,900 for direct game expenses of stadium rental, officials and ambulance service was also listed.
