NYCLU To Represent Sitton

By NORMAN KAHN

The New York Civil Liberties Union (NYCLU) has agreed to represent Dr. Robert L. Sitton, a professor at Brooklyn College, in a suit testing the constitutionality of Brooklyn College's loyalty oath and the Feinberg Committee's requirement that it be taken.

The NYCLU, in a statement issued on April 19, 1965, also denounced Dr. Harry Gideonse, President of Brooklyn College for "this effort to smear student groups at the College with the Communist label."

The statement continued, "It ill behooves the President of a major college to offer in response to thoughtful students the mandates for academic freedom a sophomoric recitation of allegations of Communist influence."

NYCLU is an affiliate of the American Civil Liberties Union. It will present its case to court in the near future.

A representative of the NYCLU, Arny Neil, expressed hope for a favorable verdict because of a recent judicial decision in Washington abolishing the loyalty oath there.

If successful the suit will result in the reinstatement of Dr. Sitton and compensation for losses suffered.

The NYCLU will take the case to Federal Court if it loses in the state court.

NYCLU'S CHARTER.
The New York Civil Liberties Union (NYCLU) is an affiliate of the American Civil Liberties Union. The NYCLU will take the case to Federal Court if it loses in the state court. NYCLU committed as being prepared in any future.

Rusk Wonders At 'Gullibility'

By ARTHUR VOLBERT

Kosher sandwiches made their first appearance Monday at the Finley Snack Bar. Balogna and salami sold for sixty cents while corned beef, roast beef, tongue and chopped liver may be purchased for eighty cents. These sandwiches are taken from five to fifteen cents higher than those for similar sandwiches at Student Council's Diamond Avenue near North Campus.

President Johnson is reported to believe that the critics are men without access to necessary information. He also complains that criticism while concrete proposals are scarce among critics.

SC Nixes Punishment, Gets Apology For Vigil

By M. LAMBERT KNIGHT

Student Council decided to take any action against the W. E. B. DuBois Club for its participation in an outlawed Anti-Vietnam movement. They also accepted a letter of apology from the Steering Committee for University that issue a demonstration by the Democratic Society, Paul Potter, said at the culmination of the movement in the United States that would involve itself in social reforms in all aspects of our great society.

The group pledged itself to cooperate with the General Faculty Committee on Student Activities' rules of demonstration.

Chairman Joel Glassman called the Council meeting a "kangaroo court" attempting to凌视 the leaders of the demonstration.

Council agreed to send a letter to the officers of the DuBois Club asking them to explain what they were doing in the demonstration, asking the organization to be upheld by democratic procedures.

Ex SG President John Zippert Joel Cooper was inaugurated as President after the formal resignation of John Zippert. He pledged to "do my best to uphold the Student Government Consti­ tution and to faithfully operate the office of President" in an oath administered by Community Affairs Vice-President Mike Tick­ ton upon a copy of Robert's Rules of Order.

The Commission presented its twenty-two thousand dollar budget recommend for the fall term. Included is $247 for Hillel, $1,190 for the Interfraternity Council, $740 to Student Govern­ ment, and, $3,150 to student publications. A special allocation of five hundred dollars was recom­ mended for the Spring '64 Managing Board of Campus for debts incurred in the production of its final issue of that term. Cary Krumholtz resigned from the Senate sources report that un­ der Secretary of State Rusk's speech. Since then an anti-Administration speech in the Senate was can­ celed and almost every dissenting Congressional speech, except those by confirmed critics, has brought an administration official to talk with the wavering senator.

Senator Wayne Morse of Oregon, who commented on Secretary Rusk's speech "shocking."

VOYAGE TO THE BOTTOM OF THE BARREL

As everyone knows, thirteen-twelfths of the earth's surface is water. Thus we can see how important it is to know and understand our oceans. Toward this end American colleges last year embarked on a program to increase enrollment in oceanography.

But more oceanographers are still needed, and so today this column, normally a vehicle for slapdash journalism, will instead devote itself to a brief course in oceanography. In view of the solemnity of the subject matter, my sponsors, the Personna Stainless Steel Razor Blade Co., make me Personna Stainless Steel Razor Blades which give you more luxury shaves than Deep-Deep or any other brand you can name. I can assure you, before you buy a pack of whatever brand you think is better—my sponsors, I say, the Personna Stainless Steel Razor Blades will today, because of the solemnity of this column, forego their usual commercial message.

We begin our study of oceans with that ever-popular favorite, the Pacific. Largest of all oceans, the Pacific was discovered by Balboa, a Spanish explorer of great vision, who gave you an idea of Balboa's vision, he first saw the Pacific while standing on a peak in Darien, which is in Connecticut.

The Pacific is not only the largest ocean, but the deepest. The Pacific is not only the largest ocean, but the deepest. The

Minidouro Trench, off the Philippine Islands, measures more than 3,000 fathoms in depth. (It should be pointed out here that ocean depth is measured in fathoms—lengths of six feet.)

The Pacific is not only the largest ocean, but the deepest. The

But I digress. Let us, as the poet Masefield says, go down to the sea again. The sea, incidentally, has ever been a favorite subject for poets and composers. Who does not know and love the many sweet old songs that have enriched our folk music—songs like "Sailing Through Kama" and "I'll Stamp Your Deck If You'll Stamp Mine" and "The Artistic Respiration Polka."

My own favorite sea chanty goes like this: (I'm sure you all know it. Why don't you sing along as you read?)

**SONG: \"Dobie Gillis; \"**

O, carry me to the deep blue sea,
Where I can live with honor,
And every place I'll shave my face
With Stainless Steel Personna.

Sing hi, sing ha, sing maid-de-mer,
Sing hey and nonny-nonny,
Sing la, sing lo, sing o-lacc-aay,
Sing la, sing lo, sing o-lacc-aay.

(O, dear, dear, dear! O, dear, dear, dear!)

*By the author of "Rally Round the Flag, Boys!*, "Dobie Gillis," etc.

As everyone knows, thirteen-twelfths of the earth's surface is water. Thus we can see how important it is to know and understand our oceans. Toward this end American colleges last year embarked on a program to increase enrollment in oceanography. I am pleased to report that results were nothing short of spectacular. In one single semester the number of students majoring in oceanography rose by 100%—from one student to four.

But more oceanographers are still needed, and so today this column, normally a vehicle for slapdash journalism, will instead devote itself to a brief course in oceanography. In view of the solemnity of the subject matter, my sponsors, the Personna Stainless Steel Razor Blade Co., make me Personna Stainless Steel Razor Blades which give you more luxury shaves than Deep-Deep or any other brand you can name. Zing into spring! in a new Chevrolet

If you've been sitting tight waiting for just your kind of car, with just your kind of power, at just your kind of price—wait no longer!

Chevrolet. It's a bigger, more beautiful car this year. Which is why that handsome silhouette could be mistaken for a cost-cutting a thousand—even two thousand—dollars more.

Chevelle. This one's got lively looks, spirited power, a softer ride—and remarkable room atop a highly maneuverable wheelbase. No wonder it's today's favorite mid-size car.

Corvair. Ask any '65 Corvair owner how it feels to drive a car with such easy steering, tenacious traction and responsive rear-engine power. And be ready to do lots of listening.

Zing into spring in a new Chevrolet, Chevelle, Corvair, Chevy II or Corvette.

Acceptances Mailed to 3,900

Acceptance notices were sent out by the College to 3,900 graduating high school seniors last week. According to Registrar Robert Taylor, no less than last September's 2,700 nor more than an estimated 2,900 students will enter here as freshmen next term. Due to a five per cent decrease in the number of high school graduates this year, the entrance requirement was lowered from a composite academic average and College Board score of 170 to 166. To compute the student's standing, both his high school average and College Board scores are translated on a percentage table with each element given equal weight.

Diamondmen Defeat Fairleigh, 4-1; Lacrosse Team Bows To Stevens

By JERRY HOENIG

A combination of excellent pitching and timely slugging brought the College's baseball team to victory over Fairleigh Dickinson yesterday afternoon at the boomer's home field.

The Beavers did not waste any time putting on the scoreboard. With Dave Hayes on first base, after hitting a single, the third batter, Steve Beccaletti, then went on to score. With a deep sacrifice fly by Tony Wright to force in the Beavers' third run, things looked different. The Heavers finally broke their dry spell when Lloyd Smith scored with a double in the sixth. The Beavers' fourth run came in the bottom of the sixth. Steve Beccaletti led off with a single, then went on to load the bases, and Smith walked. Tony Wright was hit by a pitch to force in the Beavers' fourth run.

When the fifth inning opened, things looked different. The Heavers' day. Stevens scored four times before the Lavender were able to tally. The first two of those goals were scored by Stan Paresi; he later went on to score four more times. The Beavers finally broke their dry spell when Lloyd Smith scored with a single in the second quarter. However, Paresi scored again four minutes later to give Stevens their four goal lead again at 4-1. The end of the half saw Stevens holding the same four point edge but by the score of 7-3.

When the second half opened up, things looked different. The Lavender scored three goals before Stevens was able to score one, and the Beavers narrowed their gap and were only trailing by one.

For the first time of the day the Beavers looked as if they were going to make a game of it, but Stevens pulled away again and for good.

By GERALD JAY

The College's lacrosse team took a rough beating yesterday afternoon, 14-7, at the hands of Stevens Tech in Lewiston Stadiu-

From the very beginning, it looked as if it was just out the Beavers' day. Stevens scored four times before the Lavender were able to tally. The first two of those goals were scored by Stan Paresi; he later went on to score four more times.

The Beavers finally broke their dry spell when Lloyd Smith scored with a single in the second quarter. However, Paresi scored again four minutes later to give Stevens their four goal lead again at 4-1. The end of the half saw Stevens holding the same four point edge but by the score of 7-3.

When the second quarter opened up, things looked different. The Lavender scored three goals before Stevens was able to score one, and the Beavers narrowed their gap and were only trailing by one.

For the first time of the day the Beavers looked as if they were going to make a game of it, but Stevens pulled away again and for good.

FRIDAY APRIL 30 - 7:30 PM

HUNTER COLLEGE, BRONX

CAN YOU bring a fresh approach to creatively adapt to the day-to-day challenges of a developing society?

YOUR education is needed to help immigrants adjust

YOUR skills are needed to grow cotton

YOUR background is needed to influence an evolving society.

Are you ready to be a part of this challenge? Join others who are sharing their education, training, and ability for a year of service - living and working in Israel.

SHERUT LA’AM — the program for American and Canadian volunteers between 18 and 25 is attracting those who are challenged by the concept of the Peace Corps.

You can be placed in one of the following categories:

1. The Kibbutz - an imaginative social experiment in communal living, agriculture and industry. You will live and work as a participant in a pioneering settlement.
2. Israel Workshops of the Zionist Youth Group, who are members of youth organizations who wish to serve in this project.
3. Undergraduate Graduate Placement Program - If you are a college undergraduate or graduate without specific technical skills, you can apply your knowledge in positions related to your academic field.
4. Skilled Graduate Placement - If you are a College graduate, graduate student or have specialized training, you can practice your skills in the areas for which you are specifically qualified.

Your cost is $550.00. This includes round-trip transportation and all living and travel expenses for the year.

Departure is either at the end of June, the beginning of September, or the end of January, depending upon your needs and abilities.
