By M. LAMBERT KNIGHT

There will be no boycott of classes today.

The proposed student strike in favor of free tuition was cancelled Friday evening after Hunter Plan Association (HPA) and Interfraternity Council (IFC) refused to sanction the move.

The original strike motion was passed Wednesday by Student Council with the provision that "sufficient support among the students and faculty must be found." HPA's Managing Board, by unanimous consent, and IFC's Steering Committee, by a vote of 3-3, declined to give such support.

Boycott plans are still in effect at Hunter College's Bronx campus, and at Bronx Community College. Student Government President John Zippert has urged students to attend tonight's demonstrations there as a "symbolic boycott." Both schools had agreed to strike only with the assurance that the strike would be carried out at the other colleges of the City University.

Internal dissention among Student Government leaders, was blamed by some for the failure. "With SG so divided, how could the boycott possibly succeed?" Alan Fleischman, HPA President, said, in explaining the Managing Board's decision. "We need a united program, not petty posturing. HPA will be only too glad to sit down with SG and IFC and plan a course of action, but it must be united action."

The pro-boycott factions were led by Zippert, and the anti-boycott faction by Councilman Carl Weitzman, who had originally voted for the boycott, and SG Treasurer Marty Kauffman.

IFC President Jack Waldeman, speaking for the IFC Steering Committee, felt the "consequences would have been too great. The means did not meet the ends."

As far as the free tuition mandate is concerned, it's an ept post facto situation now. Both groups were addressed by SG leaders arguing conflicting views on the boycott.

Anti-boycott advertisements had been placed in the student newspapers by Councilmen opposed to the strike.

Overriding Governor Rockefeller's veto would be a monumental task, and one which would require real dedication by the students of this College. There obviously is no such dedication. SG cannot do the job by itself, and we see no point in its trying.

Perhaps the students of this College don't want free tuition. Perhaps they don't need it. They certainly don't deserve it.

Rockefeller Vetoes Free Tuition Mandate;
Wagner: Action 'A Disservice To New York'

The Free Tuition Mandate was vetoed Friday by Governor Rockefeller. He asserted that the Mandate would be a violation of the principle of "home rule" and would be detrimental to qualified students of disadvantaged backgrounds.

The Democratic Party, which has supported the Mandate in the legislature, lacks the two-thirds majority needed to override the veto.

Mayor Robert F. Wagner, speaking in Florida, called the veto a "disservice to the City University and to the people of the City of New York."

The only effect of the bill, the Governor continued, would be to deny the BHE "its power to decide, in the future, whether to seek associate degrees at the charge tuition at the City University and, if so, to determine the amount of such tuition."

Rockefeller said that in asserting the right of the Legislature to fix tuition at zero, proponents of the bill "could hardly deny the Legislature the prerogative to mandate tuition at some other level in some other year."

"They would also have taken a dangerous step," he said, "toward allowing the State Legislature to assert a similar prerogative not only over tuition, but also over education policies in general, such as curriculum, admissions and faculty rights."

The Governor pointed out that the BHE's free-tuition policy had been limited to matriculated undergraduate students. Those four-year college students and those students seeking associate degrees at the City College's Bronx campus and at Bronx Community College, said the Governor, should contain such a fee. The referendum, he said, was "an act of vandalism."

Kaufman Says He's Running;
Aims For Efficient Presidency

By JOHNNY MILLER

Student Government. Treasurer Martin Kaufman announced his candidacy for President yesterday.

Kaufman stated that the key issue confronting SG is "very simple, but very complicated." He asserted that the candidate can run SG most efficiently. Other important issues, he feels, are student participation in decision-making at the College, and the implementation of an effective Social Functions Agency.

Commenting on this year's anti-tuition campaign, Kaufman stated that over-centralization and lack of participation on Election Day had been the chief faults. "Some people hardly knew we were there," he asserted, emphasizing the need for getting out the vote on Election Day.

The candidate hopes to see much work done in the area of education affairs, for this is SG's "most useful sphere, where any candidate can make a difference." The candidate expects the Senate to reassert its central role in SG, and he hopes to see a reassertion of the Senate's control over SG affairs.

"I hope the student body will reaffirm its commitment to my platform and vote for the candidate I designate," he said. Early gradualism is a "trumped-up issue," he argued, "dugred up for lack of others."

Commenting on SG President John Zippert's tenure, Kaufman stated, "Zippert has tried very hard, but his accomplishments haven't matched his potentialities. His personal methodology, a tendency towards over-centralization, has created frictions... If enough people are alienated, they won't go along with you."

PROVINCIAL STAFF: Dan Corder, Harvey Kipper, 226. The play will be called "The Apateic" (OP 3/5/65) is guilty of gross over-simplification.

Simplicity.

For example, many sincerely interested students will not join a club, especially an angry or restive group, because they believe the presence of hate has increased.

This is not a small thing. One thing that can be done is to make the students in jail feel that they have a head start and every week of major is that much harder to put up a respectable fight.

President

John Zippert may be the best Student Government president this college has ever had.

Observation Post would like to see John Zippert as president next term. We implore him to run. After looking over the experience and achievements of every possible candidate for the post, we are prepared to endorse Zippert as our choice, as he has clearly performed.

**Zippert For President**

**Blood**

Be warm-blooded. The College Blood Bank, which is registering would-be donors all this week in Knitlange and at Finley Center booth, needs your help.

The Blood Bank supplies all students and their immediate families, as well as faculty and alumni, with free blood in any emergency. In order to continue this policy, a record number of donations are needed.

No red-blooded student should refuse simply out of fear of a needle. You owe it to your family and friends to give blood this term.

**Folk Singers**

We were delighted to congratulate the Finley Center Planning Board once again on its fine series of folk singing concerts. We are a little disappointed that noted blues singer Dave Van Ronk had been invited to lecture, sans guitar, on "scat singing." But we like to hear folksingers sing, not lecture. But this was a minor flaw, one we are sure will not be repeated.

By KEN GELLER

The College's fencing team, beset by injuries and inexperience, managed a sixth place finish in the Intercollegiate Fencing Association Championshps held Friday and Saturday at Columbia University.

The nimrods' main enemy in the foil competition held on Friday, was inexperience. Coach Edward Lucia had to go with Junior George Wiener and Sophomores Egon Sinou, Frank Reimer, and Steve Bernard. The foil squad finished in seventh place, with fifteen points.

Unfortunately, the team was not able to show off its strong back. The saber team couldn't close his hand normally during the matches and consequently could only manage one win. The saber team placed fourth, with twenty-one points.

The sabre squad had been undefeated in the competition until Beaver fencer Joseph Giovannelli collided with Jeffrey Young of Penn State at the end of their bout. Giovannelli was given first aid and rushed to St. Luke's Hospital, where he was reported to have a bruised facial serve.

Although no complications arose over the weekend, Giovannelli is expected to remain in the hospital for several more days. The saber team concluded its competition without Coach Lucia, who rushed to the hospital with his injured fencer.

Coach Lucia described the College's 58 points as a "terrific performance" for a team predicted to be a definite underdog.

As Columbia, the team champion, finished with only 71 points, one could not doubt Coach Lucia's belief that the team might have won first place without any injuries.

Unbelievably, the team compiled 15 points. Bob Bogart was the largest point getter for the Lavender. He took third in the broad jump with a leap of 21 feet 7 inches and fifth in the high jump, going over the bar at five feet ten inches.

Joe O'Connell took third in the mile yard run, Don Schlesinger took third in the 60-yard dash, Peter Ziembicki took first in the 1,000-yard run, and the 800-yard relay team took fourth place, breaking the College's record with a time of 1:38.2, to account for the other Beaver scoring.

The College's track team ended its indoor season by tying Montclair State for fifth place in the Collegiate Track Conference championships last Saturday at Quigley Fitzgerald Gym.

The Beavers compiled 15 points. Bob Bogart was the largest point getter for the Lavender. He took third in the broad jump with a leap of 21 feet 7 inches and fifth in the high jump, going over the bar at five feet ten inches.

Joe O'Connell took third in the mile yard run, Don Schlesinger took third in the 60-yard dash, Peter Ziembicki took first in the 1,000-yard run, and the 800-yard relay team took fourth place, breaking the College's record with a time of 1:38.2, to account for the other Beaver scoring.

The College's rifle team continued its winning ways by coasting to an easy victory over the University of Scranton's 1336. Stan Fogel with a 283, Fred Broida with a 280, and Jerry Creasy with a 278. The high scorer for the University of Scranton shot a 273.
