The Faculty Council of the College of Liberal Arts and Sciences meets today to discuss the College's draft policy.

Last week, in a letter to Faculty Council, President Basel D. Gallagher restated his position that the draft policy of the College should be determined by the faculty.

The President said the question of compilation of class rankings is a matter of "academic policy" that must be determined by the faculty under the explicit condemnation of the Board of Higher Education (BHE) by-laws.

If the body were to adopt jurisdiction over draft policy, it would then determine whether or not the College should compile class standings.

In his letter Dr. Gallagher added he felt the College should allow the Selective Service Draft laws, the College must either allow the Selective Service System to use the facilities of the College or else prohibit all groups from using the facilities.

He explained that since the College was not permitted to disallow peaceful protest activities on campus because, according to his interpretation of the BHE by-laws, the College must either allow the Selective Service System to use the facilities of the College or else prohibit all groups from using the facilities.

Sailed to make concessions," he continued.

Another founding member, Councilman John Van Aalst pointed out that the administration is "not completely to blame for the breakdown in communication. The bureaucrats in Albany, the system itself is largely to blame for the administration's inflexibility," Van Aalst added.

"We need a balance of power," Van Aalst emphasized.

"This is not a 'naked power struggle,'" Van Aalst said.

Another member of the College's School of Education work in consultation with the Urban League, working with the Urban League, working with the Urban League.

The Tutorial Development Program will also train a group of tutors' responsibilities, according to Dr. Yermack, won approval in a vote by the Student Council.

SG Political Party To Charter; Maps University Reform Plan

A new political party, only the second ever to charter at the College, will enter candidates in the SG By-elections this month.

The Campus Democracy Party (CDP) which successfully ran three candidates last month, charted this week.

CDP will run a slate of candidates for SG office, hold opinion polls, invite outside speakers, and carry on an educational program to "awaken the College community to the need for campus democracy," Councilman Ron McGuire released the first of the founders, explained.

"The multiversity is here to stay," explained McGuire. "Dramatic changes in educational procedures are necessary. The classic university can no longer work. Students must have power." CDP will work with SG whenever possible, for it is the "only legal student body" said McGuire.

But there has been a breakdown of communication between SG and the Administration because the Administration has not made a concession," he continued.

Another founding member, Councilman John Van Aalst pointed out that the administration is "not completely to blame for the breakdown in communication. The bureaucrats in Albany, the system itself is largely to blame for the administration's inflexibility," Van Aalst added.

"The motion, introduced by Student Government Treasurer Larry DuBois, was approved in a vote of 11-5-1. Council defeated an amendment, proposed by SG Vice President Cliff or Tisser asking the Council to take the position that the College should compile class standings, and not the College should adopt the Selective Service Draft laws, the College must either allow the Selective Service System to use the facilities of the College or else prohibit all groups from using the facilities.

In a referendum passed three weeks ago, students voted against the compilation and release of the draft test on campus because, according to his interpretation of the BHE by-laws, the College must either allow the Selective Service System to use the facilities of the College or else prohibit all groups from using the facilities.

Center To Re-Open Tomorrow

With A Tutor For Every Child

The College's program for children of the Harlem community will re-open tomorrow.

The Tutorial Development Program, called the Cultural Center, will resume activities at 3 PM in the South Campus Cafeteria.

Seventy volunteers for tutoring have been asked to attend an organizational meeting today with the program's co-ordinating committee, in order to be assigned elementary school students to work with.

Working on a one-to-one basis, the tutors will give remedial reading assistance to third through sixth grade students.

Other plans include discussions of Negro history, music, art and drama.

The Tutorial Development Program will also launch a program of high school dropouts, presently working with the Urban League, to eventually assume the College tutors' responsibilities, according to Erica Rapport, a member of the co-ordinating committee.

Nine coordinators, four students and five parents are presently organizing the two programs. Members of the College's School of Education will work in consultation with the Urban League, according to Dr. Schiffman, a member of the Urban League, is also assisting the Tutorial Program.

A proposal to change the SG by-laws to prohibit such campaigning will be offered next semester, according to Van Aalst.

Endorsements...

Observation Post endorsement interviews for seats in the upcoming SG by-elections will be held in Room 336 Finley, Tuesday, and Wednesday. Prospective candidates are requested to sign up for appointments.

Dena Selden Used Alumni Telephones

never been aware of the opportunity to use the association's facilities.

The issue had been raised earlier this year when SG Executive Vice President Clifford Tisser asked the Alumni Agency to investigate the cooperation of the Alumni Association in the campaign of the three candidates of the Committee on Campus Reason — Jerry Ostrow, Bart Grossman and Donna Selden.

Dr. Seymour Weissman, Executive Vice President of the Alumni Association told the Campus Tuesday that alumni facilities can be used by any student who pays for the cost of telephone calls.

"We allow as many students to use the facilities of the alumni association as we can accommodate," he said.

Michelle Nibaur and Don Davis, the co-chairs of the Elections Agency, recommended that Council validate the results of the election but prohibit the use of telephone canvassing in future elections.

A proposal to change the SG by-laws to prohibit such campaigning will be offered next semester, according to Van Aalst.

Boycott at Hunter Protests Cafeteria

Students at Hunter College in the Bronx this week have been picketing the college cafeteria to protest what they have termed "high prices and low quality."

The students, who began the boycott Tuesday, will continue it two days a week, they asserted, until the administration agrees to negotiate the issue. Boycott days will not be announced in advance.

A sympathy strike among faculty members has cut down use of the cafeteria facilities.

99 Per Cent Effective

The vice president of the City University Executive Council, Dr. Louis Pike, a student at Hunter, estimated that the strike is 99 per cent effective. The administration has refused to comment on or permit discussion of the boycott.

Among the major organizations supporting the boycott are the International Student Club, Interfraternity Council, Central House Plan, the National Student Association, Students for Democratic Society and the W.E.B. Dubois Club.
Chekhov Drama Given Run-Around; In-The-Round Format Saves the Day

By TOM FRIEDMAN

The in-the-round production of Chekhov's "The Three Sisters," which the Repertory Society will present six times beginning tomorrow, was almost axed because of its format. The group had been denied the use of a stage at the Union Club. The Repertory Society sought use of either of Colgate's gymnasiums; instead it was offered a 2-hour rehearsal for 7:30 a.m. a night, according to the group's president, Ray Kostulias.

After several attempts to rehearse in their assigned room, Room 322 Finley — which they share with the College's radio station WCCR — members of the Repertory Society pooled their funds to rent a loft downtown for rehearsals.

The Grand Ballroom was finally chosen, Kostulias said, because it was free and offered adequate space to perform the play.

Several officers of the group lashed out at the situation confronting drama groups at the College. "It is not that the College lacks adequate facilities, but rather that it doesn't have any at all," Kostulias charged.

The College is the only four-year school in the City University that does not have a theater, according to David Zucker, vice president of the Repertory Society.

Zucker also mentioned that the group needed $800 for electrical equipment, and that it had to borrow antique furniture from Prof. Crane Johnson (Speech).

"Despite the innumerable technical difficulties we have encountered, the rehearsals have progressed excellently and everyone is optimistic," Kostulias said.

The performances are under the direction of David Shaber (English), and will go on tomorrow, Saturday, Tuesday, Thursday and next Friday and Saturday at 8:00 PM.

Christian Association Protests Banks' Aid To South Africa

The college chapter of the Christian Association will join with opponents of South Africa's apartheid policies at the Chase Manhattan Plaza tomorrow to protest the involvement of the Chase Manhattan Bank and First National City Bank of New York in South African financial affairs.

Ronald Johnson, president of the Christian Association, said that this is a proper time to join in a crusade against the promotion of "the program of dehumanization by which a minority of whites rules automatically over a majority of black Africans" by the two banks, since Saturday is Human Rights Day.

The association has decided to join the Committee of Conscience Against Apartheid, a group conducting a campaign urging people to withdraw their accounts from the banks. The Friday march will culminate the campaign, Johnson said.

The apartheid resolution was passed overwhelmingly at the last meeting of the Association, and several members of the New Man Club, a non-Christian group at the College, have signed the resolution.

Johnson later tried to solicit support from other campus organizations, including the campus chapter of Americans for Democratic Action and Students for a Democratic Society.

"We would like to show," Johnson continued, "that the most powerful nation in the world is indeed concerned with the condition of the black African in South Africa."

The Repertoire Society of CCNY presents

"The Three Sisters"

By ANTON CHEKOV

Theatre-In-The-Round

Directed by DAVID SHABER

DECEMBER 9, 10, 13, 15, 16, 17

Tickets available - Opp. 152 Finley at $1.00, $1.50.

By STEVE SIMON

"Damn it! We're a subway school," Theodore Getzel, ex-then, said, "and we want the magazine to reflect the position of the students, faculty members and administrators. Later issues of Anduril may be accepted. Architectural designs and mathematical formulas will be included in the magazine. We've heard a lot about student apathy, and we refuse to believe it," he said. "If it does exist, we hope to remedy some of it." Miss Schwager added, "We want the magazine to reflect the most diversified ways of expression," she maintained. "There will be no restrictions — the only criterion is quality."

Getzel invites leaders of student groups "to use the pages of Anduril to express the positions and ideology of their organizations."
Unique North Campus Coffeehouse Offers Escape For Cafeteria Crowd

By JONATHAN PENZNER

Two thousand handbills, pasted to walls on the North Campus, drew a large crowd to the new coffeehouse on Thursday. But in addition to the large crowd on Thursday, the Repertoire Coffee Shop offered an escape from the cafeteria for students at the College. The coffee shop, which features a podiatrist, a speaker system, and a tape machine that Wagnen hopes to supply with spare tapes, Wagnen invited the students to "outtan door themselves" and "express" whatever they wish in whatever form they wish. The podiatrist can be used for singing, poetry reading, or as a center for speaking. There is a juke box and a dance floor in the center of the room. The tapes will be available to any performer who wishes to keep his perform of himself.

The Repertoire Coffee Shop serves food, usually cheap, and non-alcoholic drinks. The juke box offers free coffee, either espresso or regular, until tomorrow.

The back room is dark, the tables lit by small candles and three shadows of light from above. Two flood lights, one green, the other red, bathe the podium in soft shadows. The juke box stands in its own pool of blue light. The front room is more old-time. A pendulum clock, a kerosene lamp, an old cash register and pictures of Old New York add an atmosphere of a past age to the cafe. The sides of the food bar are especially interesting. A collection of miniatures of pieces of mirror and pasted them around the College, and being forced to return to the United States. Mrs. Wagner was not too pleased, for she said, that if they told her prospective husbands they would also have to marry them American, they would be deferred.

Both volunteers stressed the importance of having a special skill before entering the Peace Corps as well as the ability to recognize that they would be working under the government of the country they are in. They ended their talk with a reminder that all volunteers receive $1,800 in readjustment pay when they return to the United States.

Peace Corps Week:

Corps Veterans Bare Facts

The full color slide showed four male Peace Corps volunteers. With this provocative beginning, Joanne Paul and Doris Wagnen of the Peace Corps' own volunteers. The Peace Corps' own volunteers, on their own time. The work is original, well-designed, and imaginative.

In Loco Parentis?

Faculty Council will meet today to decide whether or not it is a faculty or an administrative responsibility to set draft policy for the College, and what that policy should be.

In view of the overwhelming student vote against the compilation of class rankings in last month's referendum, it is hard to imagine Faculty Council deciding to the contrary; indeed, it decides to make the decision, instead of returning the matter to Dr. Gallagher, it will be acting where it does not have legal jurisdiction. It is a disgrace to the College, says Dr. Gallagher, that the issue is still hanging. Gallagher has seen fit to solve the problem of continuing the present policy of compiling class standings. The expressed wishes of the student body. To vote in favor of continuing the policy for the College, and what that policy should be.

The issue is quite simple — if students' ranks are compiled, and are available to each individual on his request, the Selective Service will be able to determine which students are withholding information and which are cooperating. There will be no individual freedom, only coercion. No defender of minority rights has even at­

Onward And Upward

Students at the College have taken a highly principled position on the issue. They have taken a stand on the draft, and in essence, on the war in Vietnam. Students stand on the draft, and in essence, on the war in Vietnam.

An Op Analysis

PUFF—A Profit but a Loss

By N. J. GREEN

"PUFF was a success," said Shir-Shir Appel. True enough, the Student Government-run Psychedelic Underground Film Festival (PUFF) made a profit for Student Government, grossing $800, with expenses only $300.

Yes, 800 students heard the promises "social lighting effects," and "underground film," and thrilled by the exposition of a home-grown Timothy Leary was roused.

But PUFF failed, in the worst way that nothing can fail. An idea was taken, interfered with, perverted and destroyed by the inability of the students responsible to use the word "psychedelic." And in a show.

People who Timothy Leary has been among, the SiG people felt that psychedelics should have to be interpreted in terms of changed things like Religion, Tibetan Lamas, and introspection into Society. Psychedelics can be fun, they shouted, and out to prove it.

Who could argue? Psychedelics can be fun. But not the kind of fun that combines people and society and pictures and films and "hippies think the usual means, and the hippie-laughing, joke-around, dance-till-you're-tired, happy-kids kind of fun they represent and pass on to their friends.

If PUFF could have taken 800 students and asked them the frightliness in themselves, PUFF could have had 800 people look at life and find the newness in the usual everyday. PUFF films could have shown the world and its fixtures through the eyes of others, and could have brought understanding. PUFF could have brought 800 students slowly into the most beautiful high state imaginable. And this is fun.

Perhaps SIG never intended it to be anything more than it was, but could it have been more?

So now it is a week later and the debate is behind, and SIG counts the bills and cheers three times and begins planning for its next endeavor to find what the student body wants.

And Artie and Happy Traum and the Children of Paradise know they had a nice time getting a little more well-known, as they deserve to be. And the various fun organizations on campus tell each other how nice it was to dance like that to such good music, and see such "underground" movies. And a Columbia Pictures executive looks out his window and wonders if they're getting through to those kids.

Life goes on. But an idea died and that's worth crying over, for a while. Until they start again.

"PUFF was a success," she said, "We had fun." Who could ask for more?

COUNTERVER 

By a Staff Correspondent

Engineers may be a funny lot. They are the tools of our society, sought by large corporations to fill the brain-trust coffers. Along with doctors, they are the American mother's custodians, "the introduction continues. "Area problems, similarity, work... geometry and algebra," is enough. "You remember [the problem addressed to engineers only, and to read the introduction to the brain-trust vector version of the academic elite."

So now it is a week later and the debate is behind, and SIG counts the bills and who keep our society technologically sound and smoothly running.

Along with doctors, they are the American mother's custodians, "the introduction continues. "Area problems, similarity, work... geometry and algebra," is enough. "You remember [the problem addressed to engineers only, and to read the introduction to the brain-trust vector version of the academic elite."

Yet the advertised film festival was also amazing revelations: The "Rain in Spain," declares one, "is Clayton's," and then follows an atrociously made film full of inelligible symbols, "You've spent four years (or more) preparing for a job," says another, "How many will you worry more about their future than any other segment of the youth. They're going to determine in large part where the society is going, creating new benefits and new dangers thereon.

VECTOR is a good way to get inside the collective mind of these people, and, therefore, a part of the educational process. Vector is important, good technically and well-written. It should be read.

Elections...

Applications for several vacan-
cies on Student Council, includ-
ing the two Freshman seats, are now available in the Student Govern-
ment office. Room 331 Flaherty. Two seats in the sophomore class and one in the junior class are also being contested. Freshman class officers must also be filled in the mid-December election.

INCOMPETENCE

To the Editor:

Since this is my third year at City College, I would like to protest the poor quality of our newspapers, but I could not refrain from writing you anyway to protest the sorry state of Observation Post's November 9th issue.

To begin with, why didn't anyone proofread your copy before the paper is printed? There were numerous mistakes in the issue in question, especially on the sports pages, where FDU came out as WDU and LIU became, somehow, L1W. In the soccer story, some poor fellow named Andre Papinoudoulou had his name misspelled two different ways, once coming out "Pepopodotus." Abe Asa of Council...

(Continued from Page 1)

week by Council members, Anita Kein and Fergus Bordewich.

In other developments, Sachs announced the cancellation of today's 12 Noon rally that was to precede meetings of the Faculty Council of the College of Liberal Arts. Sachs has demanded another representative, and Sachs will meet tomorrow with the downtown student government.

Council defeated a motion by Educational Affairs Vice President Joe Kern to reconsider the creation of a three-credit course on Vietnam in the curriculum, which was introduced by Councilman-at-large Rick Rhoads last week.

SADDENED

To the Editor:

It has long been apparent to the student body that the editorial policy of Observation Post favors left-wing views. That is the editor's privilege. However, it seems to me that the staff could be so grossly negligent as to publish a letter without any form of investigation into the letter's credibility.

We refer specifically to the letter entitled, "Free Colors," which was published in the November 2nd issue of Observation Post. The letter attacks the City College chapter of Young Americans for Freedom. The author claimed for a fact that, "...cops (the Young Americans for Freedom) political philosophy is founded upon the group sensationalism."

We do not state or infer that we support mass executions, only that we are in sympathy with any freedom loving people, including the Indian woman, who oppose to communism.

We are outraged at the libelous misquotations and slanderous statements made by the author of that letter. To support our claims, we enclose a clipping of the offensive letter with the one paragraph underlined, and a copy of the headline cited, with aforementioned sentence underlined.

Robert Lowts

Women's Fencing Team En Garde! Parriars Look For Winning Touche

By REID ASHINOFF

En garde! Touché! Remise! Repeat! Why are these sounds of the romantic past echoing from Park Gym, athletic retreat of the "fairest" sex of the College? Simple, because for the first time, the College has a women's fencing team.

Now, why would girls want to fence? It seems that many girls taken had taken the co-educational fencing courses offered by the College at first, just to escape the regular gym requirement. However, while learning the sport, the girls were captivated by the challenging mixture of mind and body which goes into fencing. Expo, the girls' fencing club.

This club was established in the fall of 1965 by Mrs. Floyd Cooper (Physical Education). Mrs. Cooper obliged the girls by obtaining club status. As the word spread, more and more girls became interested in fencing. The response was so good that when Mrs. Cooper (who was also in-structed in fencing as a student at the College) returned this fall after a leave of absence. She found herself coach of the newest varsity team.

Light Falls Only

Right now, approximately 15 girls practice during the 12 to 2 PM break on Thursday, and on Friday from 2 to 4 PM. Because of the weight of the sabre and epee, the girls confine their dueling to folks. Last Friday, the girls finally had their equipment issued to them, after a month of waiting.

Captain Nelda Lathan, a junior, is the only girl with high school fencing experience. A majority of the girls, including nine freshmen, are new to fencing. In the sport for the first time this year.

In a typical two hour session, the girls go through a half hour of exercise, followed by a group lesson and then individual instructions. Now that the season is starting, Coach Cooper is

FRIED BROCHURES AT BEAVER STUDENTS SHOP Between 138th and 139th Streets on Amsterdam Ave.

Wrestling...

(Continued from Page 8) oats Ron Taylor and Paul Bierdeman.

It appears that this is going to be a long season for the grapplers; their schedule does not help them in the least bit but the tough competition will be met before Christmas. Coach Saporis predicted that the toughest op- position will come from Kings Point.

Adding up the assets of the team — depth, balance, and spirit — and subtracting liability and inexperience, a season full of Maybe is left. Maybe with a few breaks they'll win a few meets; maybe they'll lose. This season's team is hopeful and determined to better last year's record and bring wrestling back to the College as a winning sport.

CALCULUS

There are still some openings for the intensive review series for the following courses: MATH 1: MATH 2; MATH 3. Each series will develop the entire course, with special emphasis on basic concepts and problem-solving techniques, and will consist of 8-3-hour sessions, commencing Dec. 10, and continuing until Dec. 20.

The initial sessions will deal with the topics presently being considered in class, and each group will be limited to about 7 students.

The College's Basketball team exploded for 12 straight points in the second half to beat Brooklyn College frosh last night in the Kingsmen's Roosevelt Gym.

The game began as had the Beavers’ previous two; the passing and dribbling was bad and the shooting was worse. Brooklyn played deliberately, taking advantage of the Beavers’ mistakes and led 14-9 after 10 minutes.

Richie Knoll then came off the bench to lead a Beavers comeback to within three points, and the two teams traded baskets for the rest of the half.

Brooklyn's Barry Smolove, the game’s high scorer, was unstoppable. He hit from the outside for 10 points in the first half. Little Steve Zim had only five feet, seven inches, drove right through the bigger Beavers to score.

Beaver Sophomore forward Al Padzulick, in from Ottawa again and missed several easy shots, as the Beavers gave up the ball time after time through sloppy play. Bill Zim led the Beavers with 20 points, and Mike Pearl added 12. They had easy burglars inside.

In the second half Brooklyn simplified and continued to roll, and the Kingsmen jumped to a 36-28 lead. With seven minutes to go, Brooklyn led by nine points and it looked as the upset of the young season. But Lavender Sophomore Coach Dave Polansky, in an all-court press and the

John Clifton Leads Stags

Full Court Press

At the start of the second half Brooklyn threw a full court press on the Baby Beavers. Contemplating one man advantage of the Beavers forced them to make mistakes, which Brooklyn capitalized on. The score of the close of the first half, the Beavers led, 33-26.

**Women...**

The College's Women's Basketball team, victory over Long Island University last Saturday in their opening game last Thursday, took on Brooklyn College this evening at 7 p.m. in the Adelphi Gymnasium. Brooklyn is also 1-0 on the season. They are led by forwards Carol Ruskello, a junior, and Peggy Borson, a sophomore, and guard Sue Scheinerman, a freshman, and Marie Brady. Their win was a 25-24 victory over Molloy College on Tuesday.

Lavender offense then rolled off 15 consecutive points, as Richardson orchestrated a defensive backcourt and limited Brooklyn dehydration. The Beavers offered nothing. Brooklyn's Barry Smolove, the game’s high scorer, was unstoppable. He hit from the outside for 10 points in the first half. Little Steve Zim had only five feet, seven inches, drove right through the bigger Beavers to score.

The team showed its greatest strength on the 200-yard backstroke and breaststroke. Tom Rath and Howie Palefsky backed up Clifton, and Bob Velcich and Pat Seidenberg by finishing third. Lavender and Brooklyn will meet again tonight in the Park Gymnasium at 7:00 PM, in the presence of Sue Scheinerman, a freshman, and Marie Brady. Their win was a 25-24 victory over Molloy College on Tuesday.

**Synchronized Swimming...**

The College's Women's Synchronized Swimming Team participated in its first and only intercollegiate swim competition of the year last Saturday, and carried home most of the honors.

Lavender offense then rolled off 15 consecutive points, as Richardson orchestrated a defensive backcourt and limited Brooklyn dehydration. The Beavers offered nothing. Brooklyn's Barry Smolove, the game’s high scorer, was unstoppable. He hit from the outside for 10 points in the first half. Little Steve Zim had only five feet, seven inches, drove right through the bigger Beavers to score.

**Eastern College Athletic Conference Basketball Spectator Code**

The interest of good sportsmanship, the members of the Eastern College Athletic Conference have shown a marked interest in the role of students and other spectators in the conduct of their intercollegiate basketball program:

1. The College, as host, should encourage courtesy toward visiting college's players, coaches and students; and to game officials and other spectators.
