OCTOBER 28, 1907.

No. 5.

## Echoes of the Fowler Incident.

The people of this city who are supporting this College should know, as Comptroller Metz has said, whether the charge made in a letter of Chief Examiner Fowler's, of the State Civil Service Commission, to which publicity has been given, has foundation. The charge is retracted by Mr. Fowler, so far as the present standards of the College are concerned. It is refuted by the fact that the College amply meets the requirements of the State Board of Regents, and that its graduates are admitted to the post-graduate courses of the foremost universities of this country. Mr. Shepard's statement, as chairman of the Board of Trustees, gives information as to the standards in the earlier decades.

JOHN H. FINLEY.

STATE OF NEW YORK.

STATE CIVIL SERVICE COMMISSION.

Albany, Oct. 9, 1907.

Hon. Edward M. Shepard,  
128 Broadway,  
New York City.

Dear Sir:—Replying to yours of the 4th inst., I have to say that perhaps my letter to Mr. McVey was unfortunately worded regarding the standing of the College of the City of New York, as it was not intended to enter into any controversy regarding the standard of the institution. As I am informed, the College at the time Mr. McVey attended it (about 1873) admitted to its regular course graduates of the N. Y. public schools and graduated them after four years with the degree of A.B. If I am wrong in this information, the statement made was

without foundation, but as this was not the only ground for the rejection of Mr. McVey's application no injustice was done.

Yours very respectfully,

CHAS. S. FOWLER,  
Chief Examiner.

16th October, 1907.

Charles S. Fowler, Esq.,  
Chief Examiner State Civil Service Commission,  
Albany, New York.

Dear Sir:—I have your note of the 9th inst. You mistake the point of my inquiry. I said nothing, and meant to say nothing, on the question whether any injustice were done Mr. McVey. Indeed I did not mention his name in my letter. The question was whether you were justified in an official letter to impute inferiority to the standing of the College of the City of New York. I am glad to learn that you did not mean to deal with the present standard of that institution, but only with its standard about 1873 at the time when Mr. McVey attended it. This being so, I venture respectfully to request that you write me a letter explicitly making that statement and without referring to Mr. McVey. I am informed, but how correctly I don't know, that Mr. McVey did not attend the College proper, but only its introductory class (or preparatory department).

But pardon me if I point out that you are also in error as to the College about 1873. You say that your information is that "at the time it admitted to its regular course graduates of the N. Y. public schools and graduated them after four years with the degree of A.B." Such was not the fact at that time or at any other time. The graduates of the public schools were then admitted to the preparatory or "sub-freshman" department of the College, from which they entered the freshman class of the College. It is true that at that time the preparatory course of the College was one year instead of three, as it now is. It is equally true that the course in mathematics, English and otherwise in the grammar schools of New York, from which the students graduates into the preparatory or sub-freshman department of the College, was so high and the work done in that department so

thorough that, at that time, *in the net*, the lesser amount of work done in Latin and Greek was made up. It would seem a little dangerous to impute a lower standard to a College whose alumni of that very time or before and graduated on that very basis include among educators Ira Remsen, president of Johns Hopkins University; among scientific men, Cleveland Abbe; among physicians, Dr. Robert Abbe; among men of arts and letters, J. Bach McMaster, the historian, and Russell Sturgis, the writer on sculpture and architecture; among clergymen and theologians, the Rev. Joseph Anderson, the Rev. Dr. Samuel M. Jackson, the Rev. Dr. Charles P. Fagnani; among jurists, Judges of the Supreme Court of New York Scott, Davis, Leventritt, Clinch, Greenbaum.

I am sure you wish to be strictly correct in your official statements. Since, though without your fault, this particular statement of yours has received wide publicity, I am confident that it will be your wish to write the explicit letter which I suggest with permission to me to give it proper publicity.

Yours truly,

EDWARD M. SHEPARD.

STATE OF NEW YORK.  
STATE CIVIL SERVICE COMMISSION.

Albany, Oct. 18, 1907.

Hon. Edward M. Shepard,

128 Broadway,

New York City.

Dear Sir:—In reply to yours of the 16th inst., you are respectfully informed that a recent letter from this office declining to receive the application of a candidate for the reason, among others, that his course of study in the College of the City of New York did not meet the requirements of the examination, related, of course, to the time when the candidate attended the college, which was about 1873.

Yours very respectfully,

CHAS. S. FOWLER,

Chief Examiner.

### Athletics.

Jasper Field is a very busy place these days. What with the 'Varsity and "Prep" elevens, the soccer brigade and the lacrosse candidates the oval is pretty well crowded.

The elevens are still improving and the shifting of Gluck to end and Baum to quarter seems to have benefited the 'varsity. We still have hopes of making a good showing against Trinity.

Lacrosse is being boomed enthusiastically by its devotees. About 30 candidates are out every afternoon for the 'Varsity and Freshman teams, and under the efficient coaching of Mr. Holten great things may be expected.

The basketball candidates are hard at work daily in the gym. The team keenly feels the loss of McCready, a star of last years' team, who we regret to say is ill with typhoid fever. Fortunately Mac is recovering now, but under no circumstances will he be able to play this year.

The loss of Donald McCready is keenly felt by the basketball squad, but Acting Captain Perlman still hopes to duplicate the success of last year's five. He has some fine material on hand and with the able assistance of Coach Palmer C. C. N. Y. can be relied on to make a good showing.

It is not too early to announce that Columbia will be with us at our gym on November 30 at 8.15, and all the students are needed to give the Morningside men a hot reception.

Captain Stander is still plugging along with his large squad of cross-country runners. The boys seem to take to the work immensely, and every runner is vehement in declaring Coach Mac's new system a howling success.

Although the hand-ball courts have only been opened a short time, windows have been broken during the course of play. Before more panes are broken, it would seem well to protect the glass by placing wire screens over it. The cost of the protection would be nothing at all compared to the amount of money saved by the precaution.

Entries are coming in in large numbers for the dual Soph-Fresh meet at McComb's Dam Park November 1. The meet will go a long way toward showing the strength of C. C. N. Y.'s track team this year. The outlook so far is encouraging. We still have the old reliables, Capt. Stander, Mullen and Larkin. Juna-Tours and Brizzotti are also very promising and there seems to be a wealth of material in the cross-country squads and Freshman classes.

Coach Hayes and Capt. Dooley gave their charges some strenuous work last Wednesday when the T. H. H. eleven hooked up with the 'Varsity in scrimmage practice.

The Preps were given the ball in mid-field and worked a couple of forward passes to good advantage. After trying line bucking and fake kicks with alternate successes and failures the ball was given to the 'Varsity. The 'Varsity only tried forward passes and worked two beauties for about 25 yards. No attempt was made to pierce the line, as the Preps were too light.

In the course of the practice, Thompson ran into Hoodes and all but knocked him out. "Tommy's" strenuous work also laid out Lewinson temporarily.

The practice was beneficial to both sides and will be kept up regularly.

After a long delay the Freshmen and Sophomore classes are about to participate in the time honored custom of holding a rush. It behooves every student of both classes to come out and engage in combat both for their own satisfaction and for the entertainment of the upper classmen.

---

The Choral Society met on Wednesday and elected its officers. Prof. Baldwin, its director, was elected president; Mr. Grattan, secretary; Mr. Winter, librarian; and the following executive committee: Ravich, Katz, Blumenthal, Weinreb and Schindles. The Society is at present preparing two songs, "Oft in the Stilly Night" and "Song of the Triton." Rehearsals are held every Wednesday afternoon at 2.30 to 3.30.

### Meeting of the Alumni.

On Saturday evening, October 19, the assembly hall of T. H. H. presented a very animated picture. Thither had come Alumni of the College, old and young, to attend the business meeting of the Associate Alumni of C. C. N. Y.

Many matters of interest to undergraduates were acted upon. The Great Hall in the Main building and the unveiling of Mr. Blashfield's mural painting will be formally dedicated on May 11 next.

The committee to investigate into the advisability of consolidating Normal with our institution threw a damper on some of our expectant brethren. Inasmuch as the committee decided that the two colleges be left just as they are, we will be forced to continue our worship of Normal from a distance.

The committee also recommended an evening session and a summer session for C. C. N. Y.

The matter of separating T. H. H. from the College proper was also recommended.

The Alumni then proceeded to elect its officers. All of last year's officers were re-elected and Supervisor of Lectures Dr. Leipziger was elected third vice-president.

The meeting adjourned at a late hour.

---

The Student Council met last Wednesday and elected the following officers: Mr. John H. Sickles, president; Mr. Walter Krumwiede, vice-president; Mr. Louis Ogust, secretary and treasurer.

---

\*At the recent business meeting of the Associate Alumni the question was again raised as to whether C. C. N. Y. should establish night courses. In this connection it is interesting, as well as important, to note that tonight marks the inauguration of the new evening technical courses at Columbia. Although the registration for them has been fairly heavy, it is extremely doubtful whether these evening courses can attain any considerable efficiency. They are distinctly an experiment, and the result will be watched with considerable interest by all C. C. N. Y. men.

### ✕ Radical Changes Proposed.

At the present time the control of the educational institutions of New York City is vested in three separate bodies. The control of all the elementary schools and high schools is vested in the Board of Education, that of the Normal College and its preparatory department is vested in a board of trustees, and that of C. C. N. Y. and T. H. H. in another board of trustees. In a pamphlet just issued by the City College Club regarding "the relations of the high schools, preparatory schools and colleges of the city of New York," this division of authority is characterized as illogical and unharmonious. The true line of division, says the pamphlet, should be between schools for elementary education on the one hand and schools for secondary and collegiate education on the other. It therefore recommends first that the authority of the Board of Education be hereafter limited to the elementary schools; and, secondly, that a second board of education or board of trustees be created to have charge of both C. C. N. Y. and Normal College (with their preparatory departments) and also of all the high schools of the city, so that there would be one board in charge of elementary education and another in charge of secondary and collegiate education.

The pamphlet further recommends under this new board of trustees, in some or all of the city high schools the present four-year course be replaced by a three-year course similar to that pursued in T. H. H. (though differing somewhat for the girls' high schools) and having for its main purpose preparation for entrance into C. C. N. Y. or Normal. In support of this recommendation it argues (though it seems to us that the facts it presents do not always bear out its contentions) that the T. H. H. course does as much in three years as the high school course does in four; that with the increasing size of the city there is urgent need for more than one preparatory school for each of the city colleges; that at the present time the high schools furnish very few students, if any, to the city colleges; and that a three-year course in the high schools would enable far more students to graduate than does the present four-year course.

## ✧ February Class Medals.

THE omission of the class of February, 1910, from the honorable mention list, as noted in our issue of last week, is in itself insignificant, but it suggests indirectly a rather important question—the question as to what part the February classes are to play in the competition for the Junior and Senior medals.

There are several medals awarded in the Freshman and Sophomore years also; and the same question has already been raised, but not decided with respect to them. The problem with which the trustees of the several Freshman and Sophomore medals (who are usually the professors in the respective subjects) were confronted last February and again last June was variously decided by them. In the competition for the Sophomore English Composition medal and Sophomore Public Speaking medal, both upper and lower Sophomores competed on the same basis, as they were on fairly equal terms in those subjects. On the other hand, in the award of the Freshman Greek medal, the class of February, '10, was entirely barred from the competition. Obviously then no final or definitive solution of this perplexing question has yet been reached. The urgent necessity for such a solution is apparent when we consider that next spring there will be an upper and lower Junior class and some fifteen Junior medals to be awarded.

To our mind the only practical solution is for the trustees of each medal to award every year, instead of the one medal provided for by the founder, two medals of half value, making a separate and distinct award for each half year.

This plan may be open to legal objection, in that the original grants of the medals provide only for annual medals, but it will certainly best carry out the purpose for which these medals were established, and will more than any other plan secure full justice to the much abused February classes.

---

### ◀ Visiting Lecturers.

We are glad to be able to announce this week another series of lectures by men of distinction from other colleges or from the outside world, but we are sorry at not being able to announce a similar course for every department in the college. Anything that goes to make easier or more interesting our travels over the beaten and often monotonous path of class-room recitation is valuable, and should be eagerly seized upon. These supplementary lectures are too good a thing to be restricted to any single department or to two or three departments.

There is, however, no position more painful than that of the instructor or student who, having secured the services of some distinguished lecturer, is obliged, on his arrival, to introduce him to an audience of from ten to fifteen men. Such things have happened though, and in our very midst. However, we are sure that there are enough men in the College interested in other subjects besides education, chemistry and economics (to which the lectures have hitherto been confined) to provide an audience for whose size the professor will not have to blush.

---

Les Etudiants de Francais, a French club composed of C. C. N. Y. men, and meeting at the University Settlement on Sundays, announces a performance in French of "Le Medecin Malgre-lui," for February 25, 1908, to which all are invited. A debate in French will be held on November 3. Students can obtain further information by interviewing Mr. Finkelstein, L. F. 8.

## T. H. H. News.

That Townsend Harris deserved to win on Saturday cannot be denied. They were outplayed by Fordham, it is true, but the man who was responsible for both of Fordham Prep's touchdowns, we learn on good authority, is a 'varsity man. Purcell, the man in question, never even stopped to change his costume, but immediately after the "prep" game he joined the Fordham 'varsity squad. He did not play against F. & M., for he is a substitute, and his services were not necessary. The status of two other so-called Fordham "prep" men is also very much in doubt. It is just such tactics as those adopted by the Bronx aggregation that will ruin amateur football if persistently followed.

Candidates for the T. H. H. basketball team are hard at work practicing daily in the gym under the watchful eye of Dr. Mead.

The squad is gradually being rounded into shape, and it seems probable that T. H. H. will once more win the championship cup.

According to the schedule just issued by the P. S. A. L. the inter-high school championships will start on January 4, 1908.

Before the end of the season you will hear a great deal from the T. H. H. soccer team. Every day the boys come out for practice, and judging by the enthusiasm with which they go through their work and also the able coaching of Mr. Fitzpatrick, of the Twenty-third street teaching staff, who, by the way, has taken charge of the team, T. H. H. will have an exceedingly good soccer team.

There is no telling when the call for the Townsend Harris track team will be posted up. The reason, pure and simple, why the men have not been called out is that there are no available facilities in the gym for handling the team. It is a pity lockers cannot be secured and that the team cannot use the track, for the weeks are flitting by rapidly and we are losing extremely valuable time.

The Townsend Harris Chess and Checker Club, perhaps the most active and wide-awake society in T. H. H., besides holding an open checker tournament, has just entered the Greater New York Inter-High School Chess League. The team which will probably represent the club in its tournament play will consist of Messrs. Stanton, Gluck, Lange, Jurka and Frankel.

Great praise is due to those instructors of T. H. H. and the College who have given and who are still giving so much of their time to the supervising of athletic affairs, and the directing and coaching of the various teams of T. H. H. These gentlemen have had every bit as much to do with the gaining of a place for T. H. H. in athletics among the great high schools of the city as the players on the teams, for in taking our athletics under their supervision they gained for T. H. H. a recognized standing, which never could have been obtained as long as the whole control of athletics remained in student hands.

## COLLEGE DAYS

It is at this period of life that you should consider the continuous strain on the eye during study.

Unless the eyes are properly cared for and relieved of this strain it means the wearing of glasses throughout the rest of your life.

When the type looks blurred, or you have to squint to see clearly, or if you are troubled with headaches, then is the time to consult an oculist or optician to get the desired relief.

**LENOX OPTICAL CO.,**

*Please mention THE CAMPUS.*

With government investigation into the "methods" of our great corporations going merrily on and the end not yet in sight, the lecture to be delivered this Thursday (at 2.30 in Room 306) is extremely timely. It will be given by Prof. J. H. Jenks, of Cornell, on the subject of "Trusts," on which Prof. Jenks is perhaps the highest authority in the land.

This lecture is but the first of a series of about twelve lectures which Dr. Clark has arranged to be given by men of prominence in the outside world on subjects connected with political economy and government. For the lectures on government Dr. Clark has secured the services of Comptroller Metz, Assemblyman Tomkins, ex-State Senator Elsberg and others of like distinction. As soon as the dates and subjects of the lectures are definitely settled they will be announced in *THE CAMPUS*.

The Class of February, 1911, held its elections on October 19, and the result was as follows: Herman Levy, president; Victor Mayer, vice-president; I. Abrams, secretary; Arthur Robson, treasurer; C. A. Weill, athletic manager; J. B. Lipschutz, historian; and G. Donaldson, marshal.

# WEEK END SUPPLEMENT

# THE CAMPUS

---

OCTOBER 28, 1907.

---

The main features of Pheno's meeting last Friday night were a debate on the subject: "Resolved that the college fraternity be abolished" and an excellent criticism by Mr. Margon, '07. Five new men were proposed for membership and the meeting as a whole was very successful.

Two new members were admitted to Clio last Friday night, Messrs. Lazarus and Kaltman, '09. The literary program was on the usual order, the debate however, being on the hitherto unheard-of subject, "Resolved that capital punishment be abolished."

At the first meeting of the joint Soph. Play Committee held last Friday, a delicate situation arose in the matter of the election of a chairman. The committee was composed of five men from the Upper and five from the Lower Soph. One candidate for the chairmanship was an Upper Soph. and the other was a Lower Soph. A deadlock resulted. A compromise was finally reached, however, by which it was agreed that the chairman of the committee should be an Upper Soph. but that the Upper Soph. portion of the committee should be diminished from five to four men. Lester A. Schwartz, Vice-Pres. of Feb. '10, was then chosen chairman of the committee and Winfred C. Allen, June '10, Sec.-Treas.

By an unexplainable error of the Printer the name of the president of the class of Feb. 1911 is given in our main issue as Herman Levy. It should be Herman Henry.

The first meeting of the C. C. N. Y. Tennis Club was held last Friday. The following officers were elected for the coming year: A. J. Rosenberg, '09, Pres.; K. Odes, '08, Vice-Pres.; L. Cannold, '08, Sec.; A. Robison, '09, Treas. and A. Schaffer, '08, Manager. The initiation fee was lowered to 25 cents and the next meeting set for a week from Friday.

The Adelphian Literary Society held its first evening meeting of the term last Friday. In spite of the fact that some of the members had not been notified of the change in time of meeting, the attendance was very good. The main feature of the program was an open discussion on Pres. Roosevelt's policy with respect to criminal corporations.

### C. C. N. Y. 5

### UNION 35

C. C. N. Y. showed unexpected strength against Union on Saturday. Although beaten by a heavier team, the boys scored and that's some consolation. Union scored 5 times by straight football and once through a forward pass. Our touchdown came in the first half on a long forward pass, following a fumble.

All the boys did good work after their poor showing at Muhlenberg.

### T. H. H. 2

### COMMERCIAL 12

Well, we lost again! This time Commercial beat us. But we have one consolation; and that is that we scored. What with a wooden Indian for an umpire, a referee who couldn't see, and a better team against us, we were lucky even to score.

Both of the Brooklyn team's touchdowns were the result of line plunges. Harris' line being woefully weak. We scored because Commercial fumbled and fell on the ball behind the goal post. Both halves ended with the ball on Commercial's 10 yd. line.

Outside of the work of the backfield, the game was very uninteresting. Lewinson played a star game, but the backs couldn't do all the work.

**But wait till we beat Morris on Nov. 5th  
at Ontario Field**

## 1911 WINS MEET

Well, the Freshies drew first blood. They won the first dual meet rather easily, 53-37, the high jump still to be decided. '11 is conceded at least 8 points in that event so the score will probably be about 61-38.

A big crowd witnessed the meet which was run off very smoothly.

### The summaries :

100 yd. dash, Hewitt, Correy, Fergus

220 yd. dash, McNichol, Belmont, Laumer

220 hurdle, Hewitt, Fergus, Murphy

440 yd. run, Alleva, Levy, Kramer

880 yd. run, Norman, Brisotti, Geld

1 mile, Norman, Laube, Gaudy

2 mile, Kapp, Alleva, Norman

Running broad jump: Lattimer, Belmont, Adelstein

Standing Broad jump: Taw, Gluck, Juna

Shot put, 16 pounds, Juna, Pasternak, Taw

---

Students late for any recitation are to be excluded from the room and recorded as absent. No late excuses are issued. Students having good reason for lateness may present them within three days to the Secretary of the Executive Council as excuse for the absence thus incurred.

---

If sufficient number of men will report each week for practice in the jumps and weights, Capt. Stander will provide excellent coaches for them, Larry Fuerbach and Jerry Mahoney, N. Y. A. C.

---

**Don't Forget Morris To-morrow**  
**at Ontario Field**

## FRESH-SOPH RUSH

Next Wednesday, at Jasper Field, at 3 o'clock, the Fresh and Sophs will battle in their annual flag-rush. Every man of both classes should come out.

The Soph class will guard their flag which will be placed on a pole in the center of the field. The Sophs cannot touch the flag and the Freshmen will have 15 minutes in which to capture it. If the Freshmen, lose they will have to obey the following rules:

- I. No smoking on the Campus.
- II. No Freshman can wear fancy or colored socks, black being the proper color.
- III. Freshmen cannot take girls to any athletic meet unless accompanied by an upper classman. Exception, indoor games.
- IV. Freshmen will be required to carry visiting teams' valises.

Other rules to be decided by the Junior Class Pres. before the rush.

---

Don't Forget, Wednesday at 3 o'clock  
at Jasper Field
