APRIL 29, 1908.

No. 10.

## Dedication Exercises

THE main features of the dedication exercises have been decided on, and the program, barring disappointments by various speakers, which are always likely to occur, is practically complete. The exercises will commence with a grand academic procession on the campus and the grounds. The procession will be led by the Seventh Regiment band and will be composed of the Trustees and Faculty of the College and guests. Mr. Edward Lauterbach, '64, representing the Associate Alumni, will then present the College with a national flag, after which President McGowan, of the Board of Aldermen, will present a city flag. The dedication of the Great Hall will follow, and will consist of addresses by Mr. Edward M. Shepard, '69, chairman of the Board of Trustees; Mayor McClellan, President Eliot, of Harvard, and possibly addresses by Governor Hughes, Secretary Root and Ambassador Bryce. A luncheon will be served in the gymnasium, after which the dedication of the Chemistry and Mechanical Arts buildings will take place. Students will be at work in these buildings, and, in fact, in various other departments, to show visitors the way in which the classes are carried on.

The students will hold their own exercises in the afternoon. At 2.30 there will be an assembly of students in the Great Hall, at which in addition to one or two musical numbers, there will be a speech, to occupy not more than fifteen minutes, by some alumnus of the College. Then will follow a rather unique ceremony.

four arches or gates of the College will be named and dedicated by four students speakers.

In the evening the Associate Alumni will give a grand banquet to the Trustees, Faculty and the guests, at which a number of speeches will be made by prominent men.

The complete program of the dedication of the Chemistry building is as follows:

"A Pioneer of Chemistry,"

Edgar F. Smith, Ph.D., D.Sc., vice-provost U. of P.  
Unveiling of portrait of Wolcott Gibbs, Ph.D., the  
first professor of chemistry, 1848-1864.

"Some Changes in Chemistry in Fifty Years,"

Ira Remsen, '65, Ph.D., LL.D., Pres. Johns Hopkins University.

Unveiling the portrait of R. Ogden Doremus, LL.D.,  
the second professor of chemistry, 1864-1903.

"The Future in Chemistry,"

Wilder D. Bancroft, Ph.D., professor of physical  
chemistry, Cornell University.

"The College Course and Practical Affairs,"

Hon. H. Nichols, D.Sc., LL.D., Pres. of the Gen-  
eral Chemical Company.

"Chemistry and the Municipality,"

Hon. Herman A. Metz, Comptroller of the City of  
New York.

Formal Opening of the Building,

Hon. Edward M. Shepard, LL.D., chairman of the  
Board of Trustees.

Charles Baskerville, Ph.D., director of the department,  
will preside.

---

The English Club held its spring meeting at Torri's Hotel last Monday evening. Mr. Felix Grendon read a paper on "G. Bernard Shaw."

President Finley is to speak at the inauguration of Mr. George S. Davis as president of the Normal College on Monday, May 4th.

### Important Student Council Meeting

In a protracted session of the Student Council held on April 13th, a good deal of business was transacted. The committee in charge of the distribution of alcoves reported the final and official apportionment to be as follows: Seniors, Alcoves 7 and 8; Upper Juniors, 1; Lower Juniors, 2; Upper Sophomores, 9; Lower Sophomores, 10; Upper Freshman, 3; Lower Freshman, 4; Upper A, 5, and Alcoves 6 and 12 vacant in case there is a lack of room in the other alcoves.

In accordance with the motion passed at the previous meeting that in the opinion of the Council it should have some definite powers in the management of College affairs, the Committee appointed to draw up resolutions embodying this opinion, reported in substance as follows: (1) That the Council should have complete jurisdiction over inter-class affairs, and the establishing and enforcing of all College customs, etc.; (2) that the Student Council should have a voice in the Faculty committee on attendance and discipline, officially known as the Executive Council; (3) that the Student Council should have a vote on the Faculty athletic committee.

After some discussion the Council adopted these almost as read. The committee was instructed to present the resolutions to the president, after framing them in suitable language. This the committee did last Monday morning, but, of course, as we go to press, no answer has as yet been received.

The standing committee on conference with the President was instructed to call to the attention of the President the frequent disappearance of money and valuables from the clothes of students left in the gymnasium lockers, and to the absence of measures for preventing such occurrences.

---

A short time ago Judge Vernon Davis, a graduate of our College, was elected president of the Delta Kappa Epsilon Fraternity of New York. Professor Baskerville was elected a member of the executive committee of the same society.

## Changes in Academic Course

At a recent meeting the Board of Trustees passed favorably upon the new schedule of studies for the Academic Department, which has been drawn up by the Faculty.

The object of the new schedule which goes into effect next term is to augment the present courses of the Academic Department in such a way as to make them conform as nearly as possible with the Regents' College Entrance Requirements and still be able to retain three-year courses which would not over-burden the student too heavily.

The Regents require for a college entrance certificate 70 counts (one count being given for each hour of attendance). The present Arts courses of the Preparatory Department are equivalent to but 63 Regents' counts, and the present Science courses to 65 counts. It therefore became necessary to increase the number of hours of attendance to bring the total for the three-year courses of the Preparatory Department up to the required 70 counts.

The new courses will be:

	Arts			Science		
	C	B	A	C	B	A
English .....	5	4	4-13	5	4	4-13
1st Language .....	5	5	5-15	5	5	5-15
2nd Language .....		5	5-10		5	5-10
3rd Language .....			5-5			
Mathematics .....	5	5	2-12	5	5	5-15
History .....	3	3	2-8	3	3	-6
Drawing .....	5	1	1-7	5	1	1-7
Science .....						4-4
Total .....	23	23	24-70	23	23	24-70

The Unprepared hours will be as follows: English, B, 2; A, 2. 1st Language, A, 1; 2nd Language, A, 1. Drawing, C, 5; B, 1; A, 1. Science, A, 2. Total, C, 5; B, 3; A, 7.

### A. A. Elections Coming

The annual election of the Athletic Association will be held on Friday, May 8th, from 9.30 to 2.30. Ballots will be received in the small room next to the curator's office at the main entrance. Nominations must be handed in to the nomination committee one week before the elections. The committee consists of N. Kleinbaum, chairman; I. Kaplan and C. Norman. Each nomination must be signed by ten fully paid-up members of the A. A.

### Faculty Meeting

The main business of the Faculty meeting last Thursday was the consideration of the night college. It was definitely decided that there shall be a night college, but beyond this bare statement nothing can be said, and there is, in fact, no telling as to when the details regarding course, time of opening, etc., will be completed.

At this meeting, by the way, the assistant professors, who formerly had a voice in the Faculty but no vote, came for the first time into full enfranchisement, and were given the same vote as is enjoyed by the associate professors.

### Biological Society

The Biological Society will hold its next regular meeting on Friday, May 1st. The subject for the evening will be "Animal Behavior," and will be presented as follows: Mr. Kornfeld will talk on "Tropisms;" Mr. Wolfsohn will discuss "Modifiability," and the very interesting topic of "Associated Memory" will be dealt with at length by Mr. Delano.

A week ago Monday the Strollers Club of Lower Junior 5 walked up to Tarrytown. They spent the whole day on the road, and, judging from their accounts, they must have had a great time.

## Lacrosse

---

C. C. N. Y. 0; Columbia, 3

In a fast and furious game, marked by rough playing, our Lacrosse team was defeated last Wednesday by that of Columbia by the score of 3 to 0. The ball was kept most of the time in Columbia's territory, but we could not score. The game opened with the Blues shooting a goal, which it was impossible for Pasternak to stop. The playing then went nip and tuck and our goal was not menaced again in the first half. In the second period of play the Morningside team scored rather an easy goal through Belmont after a few minutes of play, and this was followed by another soon afterwards. The game as a whole showed that our team is weak on the defense and that the men cannot hold the ball very well.

C. C. N. Y. 4; Crescents, 6

On Saturday our Varsity Lacrosse team lined up against the Crescents at Bay Ridge and were defeated by the score of 6 to 4. Our team was handicapped by the absence of several of our Freshman players, who were engaged with the Columbia Freshmen.

The Freshman Lacrosse team also lost, being defeated by the Columbia Freshmen 2 to 0.

---

The Basketball teams, both Varsity and Freshman, have presented Coach Palmer with a beautiful silver loving cup in appreciation of his splendid services during the past season.

N. Kleinbaum, '09, was elected basketball manager for the coming year. There was no assistant manager elected.

All the basketball men receive their letters, including the managers and assistant manager.

C. C. N. Y. I; St. Johns, 3

Last Saturday our Baseball team journeyed to Brooklyn to play St. John's College only to be defeated by the score of 3 to 1. Yates, who is of minor league calibre, struck out fifteen of our men, the latter being unable to connect with his pitching. This alone tells the story, as our men were practically helpless before his puzzling delivery. Lowenthal, on our side, who is generally a steady man, was out of form and threw the sphere somewhat high, walking several men. The feature of the game was the pitching of Yates and the fielding of "Yock." In the third inning the latter, with Dub's assistance, worked off a neat double play. The rest of our team did some good fielding, but were unfortunate at bat. The score by innings:

C. C. N. Y. ....	0	0	1	0	0	0	0	0	0	0—1
St. Johns .....	1	0	0	2	0	0	0	0	0	*—3

Various complaints have been made because College students bring their friends into the gymnasium to use its conveniences on Saturdays and holidays. There are now 1,200 students using the building, and it is manifestly impossible to permit them all to bring their friends to make use of the gymnasium and tank. Unless this practice is stopped it will probably be necessary to close up the building on Saturdays and holidays.

Have you reported for track practice? Squads practice daily at convenient periods. If you have any ability whatever in the running line report to Coach Mackenzie and he will give you a try-out. Wake up, you lazy athletes, and do something!

Our Relay team did not take a place in the games at Philadelphia on Saturday.

Editor of THE CAMPUS:

Can you kindly tell me in The Campus whether a student may show his parents through the College buildings on a Wednesday afternoon after sessions?

Yes.

## Student Council Resolutions

It did not take the new Student Council a very long while after it was elected to come to the conclusion that there was hardly any reason or excuse for the existence or continuance of the Council at all unless it had definite and comprehensive powers which would be recognized and respected by both

the Faculty and the student-body. According the Student Council has drawn up a set of resolutions, the contents of which is upon another page of this issue, and submitted these to the President for consideration.

These resolutions are not made by the Council in a blind effort to secure power, but are the product of a large amount of thought and careful deliberation by the Council. They ask, we believe, only for that which is reasonable and which the students should have.

If these resolutions had been made by any of the Student Councils of past years, or even by last term's Council, we should have been the first to oppose their being granted, for there is absolutely no doubt that our

former Student Councils were far too large for good work and were exceedingly incompetent bodies. There is, however, a vast difference between the present Council and those of former years. The present Council is competent and earnest. Attendance at one of its meetings will suffice to demonstrate this. It is comparatively small, but it represents the student-body more perfectly and equitably than did former Councils. It is composed of the picked men of the institution, and, lastly, it has the respect of the student-body, a thing which no other Student Council that we have had has ever succeeded in gaining.

We think that in the decision upon these resolutions the character of the present Council alone should be taken into consideration and that none of the records which former Councils made should be taken into account. It is the present Council which is to be judged, and it would be a gross injustice to let the past doings of former Councils act as an argument against the present Council.

---

As the time for the Athletic Association election draws near, it is but proper that we should draw the attention of those of our readers who are A. A. members to the fact that those elected to office should be men who are workers and who try for the best interests of our college athletics. Lay aside all personal friendship and nominate and elect those men who earnestly will work for the growth of clean and honest athletics in our institution. When you vote on May 8th be sure that you make a cross before those men's names who you are sure will work honestly and faithfully in their respective offices.

Professor Moody spent several days of last week at Chelsea, because the old Moody Homestead, situated there, was destroyed by fire. Together with the homestead several old and valuable relics were destroyed. The entire family fortunately escaped without injury.

Next Friday evening the Newman Club will hold its election of officers.

### Outdoor Meet

On the first day of vacation, the second annual out-of-doors track meet was held. The weather was fine and so was the meet. The hotly contested events were interesting, both to the participants and spectators, of whom there was a goodly number.

The individual stars of the meet were Bogan, who came first in two events, and Polley, who won a second and three third places.

Commerce won the high school relay by about ten yards, with T. H. H. second and Commercial third. The one unfortunate incident of the afternoon occurred when Titus, who had led during the entire mile run by a good distance, about twenty yards from the finish turned into the straightaway track which runs diagonally across the field. Before he noticed where he was, the other runners had already passed by.

The point trophy was won by the A class. The points scored were: A, 48; B, 35, and C, 17.

A short summary is as follows:

100-yard Handicap—Sueskind, Meier, Polley; 11 1-5 seconds.

440-yard Handicap—Bogan, Ampolsk, Hajeck; 58 seconds.

440-yard Relay (for 110-pound teams)—Commerce, T. H. H., Commercial; 52 seconds.

220-yard Novice—Fleck, Meyer, Hyman; 25 2-5 seconds.

440-yard Run (for C. C. N. Y.)—Coyle, Larkin, Gaffney; 57 seconds.

220-yard Handicap—Bogan, Henry, Polley; 25 seconds.

880-yard Handicap—Demman, Greenberg, Rosenzweig; 2 minutes, 22 seconds.

100-yard Handicap (for 110-pounders)—Applebaum, Hamilton, Hyman; 11 3-5 seconds.

1-mile Handicap—Frankel, Ampolsk, Cafarelli; 54 minutes, 22 seconds.

High Jump—Schmidt, Levy, Posner.

Broad Jump—Wright, Williams, Polley.

Shot-put—Cohen, Polley, Spanier.

### T. H. H., 7; Manual, 7

A tie score was the result of the first league game this season. Despite reports to the contrary, the game will be played over. Although our boys played a brilliant individual game, the team showed itself to be sadly lacking in team work and practice, probably due to the fact that only one pre-league game had been played. The feature of the game, from our point of view, was a home run by Risley. Gerstel and Davis pitched well for us.

## T. H. H. 0; Commerce, 27

The less said about the game the better. It was a slaughter from start to finish, and the blush of genuine shame has not yet (told in a whisper) dismantled itself from our brows. Let us hope that this will be a solemn warning forever after and that the next time we get at Commerce, in any sport, this defeat will be wiped out, as the poet has it, "in a riot of blood."

It seems that our two pitchers, for some (told in verse) unaccountable reason, were ineligible. Mullen, who tried in the first two innings, was so skillful that he managed to hit the bat of almost every Commerce man. Then Wooley, who, by the way, usually covers center field in a commendable manner, was unable "to stem the tide" in the third inning. For the remaining innings, Adams held Commerce down to only thirteen runs.

Well, cheer up and remember that Townsend Harris "never says die." The score by innings:

Commerce .....	2	2	10	2	2	5	1	3	0—27
T. H. H. ....	0	0	0	0	0	0	0	0	0—0

On "gloomy Saturday" the strong Steven's Sophomore team defeated the T. H. H. Lacrosse team by a score of 9-0. Our team was shy one man, but nevertheless played a scrappy game, especially Klein and Schenk. Next Saturday we will meet the Columbia Freshman team and, judging from present indications, we ought to beat them.

A clean sweep was made by the Tennis team against Flushing on April 18th. Flushing forfeited the doubles, having failed to bring enough men. They intended to play their singles men, but this was impossible according to P. S. A. L. ruling. The individual scores were: Sternberg, T. H. H., defeated Collins, Flushing, 6-2 and 6-1; Slatapolsky, T. H. H., defeated Masters, Flushing, 6-4 and 6-3.
