THE COLLEGE OF THE CITY OF NEW YORK

The German Success.

THE reception to the German ambassador at the College, this Monday, culminated in an evening of excellent speeches, beautiful vocal and instrumental music, and forceful declamation. The Great Hall was crowded not only with faculty, alumni, and students but also with hundreds of the general public. Professor Baldwin started the exercises with a powerful rendition of the overture to *Tannhauser*. After the singing of Shæfer's *Sonntaglied*, came the imposing academic procession of the guests and faculty followed by the students. President Finley presided, and introduced Professor Werner, who welcomed the ambassador in a characteristic speech, which was received with appreciative applause. St. Clair Walsh, '10 delivered an excellent German address of welcome, on behalf of the students, and Arthur Reeves of the Evening Session then declaimed Kerner's poem, *Kaiser Rudolf's Ritt zum Grabe*. This was followed by several touching songs. "Old Folks at Home" proved a favorite.

What Germans and Germany are contributing to America was set forth in a strong address delivered by Gustave Schwab of the Hamburg-American Line. A scene from *Wallenstein* was admirably declaimed by Messrs. Noschkes, Ginsburg and Notarius of the sophomore class, and then our orchestra indicated what we may expect at to-night's concert by its fine rendition of the Oxford Symphony. The German exchange professor, Dr. Runge and Professor William M. Sloane of Columbia delivered speeches, after which, the United Singers gave the Soldier's Farewell. Ambassador Count von Bernstorff concluded the speechmaking. He was greeted with long applause. The *Dankgebet*, sung with much effect, terminated the exercises.

The student declamations, at the special reception of the German Department on Monday afternoon, certainly did credit to the instruction we receive. *Die Zauberlehrling* by Goethe, *Die Auswanderer*, by Freilichrath,

Uhland's *Des Saengers Fluch* and Schiller's *Lied von der Glocke* were all rendered with equal ability and talent by C. L. Gonnet of the upper A and Messrs. Murray, Grant, Bradner and Colletti of the Freshman Class.

The Freshman Banquet.

Since their recent success in the tug-of-war, the over-exuberance of spirit manifested by the Freshmen has been very apparent. They obviously needed to give vent to their surplus enthusiasm, and so they gathered at the Hotel Normandie last Friday night and gave themselves over to the joys of revelry. The pleasures derived from their appetite (and thirst) were supplemented by the entertainment supplied by three involuntary comedians of the Sophomore class. Sanders, Morris and Schimkowitz were the 1912 students sacrificed. All three danced gracefully, and Sanders' musical endeavors on the tambourine were very amusing.

Among the guests present were Messrs. Heskowitz and Samuels of 1911, who acted as the guardian angels of the evening. After the festivities came to a close some of the Freshies, with the Sophs dragging behind, adjourned to breathe in the refreshing air of the "Gay White Way," and incidentally to initiate the handsome steins which were the souvenirs of the occasion.

Students' Union.

A meeting of the Students' Union will be held in the near future, at which the treasurer will collect part of the yearly dues. This will determine the membership of the Union.

It has been proposed that all the societies of the college be taken in as subsidiary organizations of the union. A constitutional amendment may be proposed providing for this.

The Dance.

The Senior dance, held last Friday evening in the Gymnasium Building, proved an unparalleled success. The attendance was particularly large. Beautiful souvenirs were distributed to the guests.

All Out for the Cast.

Preliminary trials for the first annual production of the C. C. N. Y. Dramatic Association will begin on January 3, 1910. The room and hour will be designated later.

Candidates are requested to present any scene from *The Comedy of Errors*. Lines must be memorized and given with appropriate stage business. A candidate may prepare a complete scene by himself, or several candidates may work up a scene together, each man taking a separate part.

The final trial will be held about January 10, 1910. The cast will be made up from a squad of thirty or forty men selected at the preliminary trials.

Students of all classes are eligible as actors. Mr. Freeburg, who is the coach, wishes to be informed by all those wishing to enter the trials, of their desire to do so.

The annual play has not yet been chosen.

An Elizabethan Play Coming.

A committee of the English Department, of which Mr. Keiley is chairman, is making preparations to give a play on the evening of February 3rd. Mr. Tynan has drawn up plans for a stage exactly of the kind used in the 16th century. In this he has been assisted by Mr. Holton. No play has been definitely decided upon, but Massinger's "A New Way to Pay Old Debts" is spoken of. Dr. Taaffe will act as coach.

Echoes of French Day.

So pleased was Ambassador Jusserand with the debating of Messrs. Greenberg, Harrison, Budner and Rapp, that he has sent a gift, in the shape of a French book, to each. Professor Downer has also, very kindly presented to each of the students who participated in the exercises, a volume of the best French poems, as a souvenir of the occasion.

Upon the invitation of Professor Henry Bargy, our French debaters journeyed to Normal College yesterday and repeated their arguments before an audience of admiring young ladies.

To-Night's Concert.

This evening at 8.15 P. M. the College Orchestra and Choral Society will ring out the old college year with many beautiful songs and melodies. The following program will be given under the direction of Professor Baldwin:

- | | |
|---|-------------------|
| 1. Orchestra: <i>Overture to Prometheus,</i> | Beethoven |
| 2. Chorus: <i>By the Sea,</i> | Schubert |
| 3. Orchestra: <i>Oxford Symphony in G,</i> | Haydn |
| 4. Violin Solo: (a) <i>Meditation, Thais,</i> | Massenet |
| (b) <i>Danse Espagnole,</i> | A. W. Kramer |
| Louis Pallay. | |
| 5. Orchestra: <i>Overture to Mireille,</i> | Gounod |
| 6. Cantata: <i>Wisdom,</i> | Samuel A. Baldwin |
| 7. Cornet Solo: <i>Ave Maria,</i> | Marcheroni |
| Albert Becker. | |
| 8. Orchestra: (a) <i>Chanson de Nuit</i> | Elgar |
| (b) <i>Chanson de Matin</i> | |
| 9. Chorus: <i>Three Folk Songs—Irish, German, Scotch.</i> | |
| 10. Orchestra: <i>Triumphal March,</i> | W. A. Tinsley |

This afternoon's organ recital will be the last to be given this term by Professor Baldwin. The new season will begin Sunday, January 30, and the program will be devoted principally to the works of Richard Wagner.

"1911" Microcosm.

The *Microcosm* Board entertain sanguine hopes for the success of next year's publication. The volume will be much larger than ever before. Many new and excellent features will be included in the annual, and its editors predict "a thing of beauty and a joy forever." Subscriptions are now being taken by L. Reich, the Business Manager, who may be found daily in Alcove 8 from 12 to 1.

Word comes from Washington that bug scientists, especially those with diplomas from American colleges, are wanted in the government service as a result of a new field of research opened in the Philippines under the direction of U. S. sanitary experts. All interested apply to the Civil Service Commission, Washington, D. C.

In Honor of Professor Fox.

At the dinner given by the Mechanical Society, to Professor Fox, '84 on December 11th, a large silver loving cup was presented to the Professor as a token of the affection and appreciation of his associates. President Finley attended the banquet and was elected an honorary member. Seventy members were present to do honor to Professor Fox as the founder and first president of the organization. Mr. Bruckner presided.

Webb Night.

Arrangements are being made for a dinner of the Associate Alumni to take place on the evening of Saturday, January 22, in the Hotel Astor. General Alexander S. Webb, our former president, will be the guest of honor. Mr. Lewis Sayre Burchard, '77 is the chairman of the dinner committee.

NOTES.

During the Christmas vacation, President Finley will travel to Denver where he will lecture before the State Teachers' Association of Colorado.

Mr. E. N. Perrin, recently of our English Department, is now at Cambridge. He has presented a number of valuable French books to the library of the "French Colony" at our college.

The Morris High School Club is already an active organization. Several meetings have been held and every Morris alumnus at our college is a member of the society. Professor Legras and Mr. Denby, principal of the high school, are honorary members.

The City College Civic Club was reorganized last Wednesday, when Dr. Sait, a member of the Intercollegiate Civic Association, addressed the students, suggesting to the members several lines of work which could be pursued during the coming year. The adoption of the constitution and election of officers were postponed to the next meeting, which will take place to-day at 1 P. M. All are invited to attend.

ATHLETICS.

Yale, 19; C. C. N. Y., 16.

Freshmen, 21; Manual Training, 10.

Something happened! Before a record-breaking crowd of wildly cheering enthusiasts, in a game whose excellence has seldom been equalled, our boys met defeat at the hands of the sons of Eli. Right from the start things were humming. Yale shot a goal from the foul line, scoring the first point of the evening. Heskowitz followed with a field goal, which Captain Eames of the Blue soon repeated, putting Eli one ahead. Eames again and Holden sent chills down our back with the score of 7 to 2 against us. Here "Shorty" took Mueller's place at center and immediately shot a pretty goal. After some very rough playing Kaufman, who was put in at forward for "Shorty," duplicated the stunt and the first half ended in Yale's favor, 7 to 6. The second half began with things all our own way. "Barney," who had been playing against great odds (during the first half he was carried off the field, "all in,") began with a pretty shot, which Kaufman, fed by Perlman, doubled. Then followed Eames with a luck-shot. Perlman, sick and weak, made a brilliant play, enabling Kaufman to shoot another basket, and left the game, "Rouge" taking his place; and the youngster played a "slick" game, too. Kaufman heroically made his fourth goal and Finessey dropped one in for Yale. Heskowitz here almost jumped into the basket; he didn't fall in though; the ball did. Finessey shot another one, and then Eames raised the excitement to fever heat by shooting a foul and tying the score. The scene was a picture of a mob, howling and delirious. In 30 seconds the whistle blew and the half ended, 16 to 16. A tragedy now took place in the guise of an additional five minutes' play, in which Eames shot a foul and Finessey a goal from the field. And the lavender and black now waves under the blue; score 19 - 16 in Yale's favor. Tough luck!

The preliminary game was fast, and as usual the Freshies romped away with it. Ellner repeated last

week's performance, again accumulating to his credit 13 points (that's the luckiest number and the pluckiest player!) Mester and Mayer also starred. The final score was M. T. H. S.—10; 1913—21.

C. C. N. Y.—Sedransky, Gorshen, r. f.; Goldman, Kaufman, l. f.; Mueller, Goldman, Propper, c.; Heskowitz, r. g.; Perlman, Friedman, l. g.

Yale—Holden, r. f.; Hyde, Drew, l. f.; Finnesey, c.; Murfy, r. g.; Eames, l. g.

Goals from field—Kaufman (4); Eames (3); Finnesey (3); Holden (2); Heskowitz (2); Goldman; Sedransky.

Goals from foul—Eames (3).

Referee—Tom Thorpe. Umpire—Wendleken.

1912—23; 1911—16.

On Saturday, the Sophs beat the Juniors in basketball, score 23 to 16.

1911—Mayer, r. g.; Roberts, Storfer, l. g.; Langman, Bookstaber, c.; Hochman, r. f.; Weiss, l. f.

1912—Ettinger, r. g.; Gottlieb, Sporn, l. g.; Zinovoi, c.; Notarius, r. f.; Noshkis, Kiernan, l. f.

Goals from field—Zinovoi (5), Notarius (3), Weiss (2), Hochman 3, Gottlieb.

Goals from foul—Hochman (6); Zinovoi (5).

1911—0; 1912—0.

The first game of the inter-class Soccer series was played on Tuesday, December 14, on Jasper Field, between the Juniors and the Sophs. The final result, after a fairly interesting fight, was a tied score, neither side scoring. The line-up:

1911.

Propper
Lazarus
Osterman
Goldstein
Gorshen
Bischoff
Kanin
Appel, Hochman
Mueser
Mayer
Draddy

Etler

Final Score: 1911—0; 1912—0. Referee: C. Osterman '13. Time Keeper: Lorenz Reich, Jr. '11.

Gym Team.

On January 7, 1910, there will be triangular gymnastic meet in our Gym. The contestants will be no less famous than the strong teams of Columbia, N. Y. U., and C. C. N. Y. As a preliminary attraction, an appetizer in the form of a basketball game will be offered, between our Freshmen and either the Eastern District H. S. five or the Fordham 1913 team. Music will abound—real music. Tickets will be on sale in a few days, with special reductions, as usual, for A. A. members.

Smashed to Smithereens.

In 1907, Larkin, our former crack runner, ran the 440 in 59 2/5 seconds, breaking all previous C. C. N. Y. records. Now comes Tom Dolan '12, who repeats Larkin's experiment and on Friday last, on our Gym track, mind you, runs the 440 in 59 2/5 seconds again. And that wasn't all. Immediately, an envious brother proceeded to smash the record and Joe Dolan '12 now holds the Track Record for the 440 with a time of 58 3/5 seconds to his credit.

Secret Order of Mugs.

Canute Hansen, Instructor of Physical Science, was elected High Holy and Handsome Mug of the new secret order of Mugs (Make-Up Gym Society.) Walter Williamson, profession ditto, was chosen as Chief Tough Mug. This Order boasts of lofty ideals, the noblest of which are cutting hours; it is so exclusive that Certificates of Eligibility must bear the signature of Professor Moody, who decides the methods of initiation. The Order is divided into the following Chapters: Full Squat Chapter, Independent Order of Thigh Flexers, and others too numerous to mention.

Those who are very anxious to enlist as Mugs, apply secretly to any professional cutter such as
., etc. To be more explicit, the members of last Monday's make-up gym class organized a new fraternal order, elected the above mentioned honorary officers and will no doubt in the near future have a dance or banquet or some such folly.

Professors Sickels and Winslow.

WE are pleased to announce that Dr. Ivin Sickles, who, since the death of the late Professor Stratford, has been the Acting Head of the Natural History Department, has been appointed to the Professorship by the Board of Trustees of the College. Professor Sickles' career has been a progressive one indeed. Graduated from the College in the early seventies, he was successively Tutor, Curator, Instructor, Assistant and Associate Professor at the City College. But the Professor's career has not been confined wholly to this institution. For nearly twenty years he was associated with the New York University Medical College as Instructor and Assistant Professor in Chemistry and Physics, and from 1898 to 1908 Dr. Sickles was Assistant Professor of Chemistry and Physics in the Cornell Medical School.

The Board of Trustees has also appointed as Associate Professor of Geology, Charles Edward Amory Winslow, at present Associate Professor in the Massachusetts Institute of Technology. Professor Winslow is a man of wide repute in science and medical circles. He is the author and joint-author of several important

texts on Bacteriology. He has also carried on extensive investigations on the classification of bacteria and his book on the "Systematic Relationships of the Coccaceæ" has attracted widespread attention among scientists. We are indeed fortunate in procuring the services of Professor Winslow and his association with our Faculty will reflect much honor, we are certain, upon the institution.

Another appointment has been that of Mr. Haskell to the Department of Art.

Holidays Coming.

College exercises will be suspended this Thursday afternoon at 5 P. M. and will be resumed at 8 A. M. on Monday, January 3. In wishing all an enjoyable holiday week, let us recall our President's advice. "Read a good book, take a long walk and make another friend."

More Time for Lunch.

Among the good things that the new year will bring is a longer lunch period. Instead of the fourteen minutes from 12.53 to 1.07 P. M., which is the present lunch period, we will have twenty-nine minutes from 12.53 to 1.22 P. M. The first four recitations will end seven minutes before the hour, and the last four will end fifteen minutes after the hour. Now that more time to eat is assured let us devoutly hope that we shall also have better food to eat.

"February 10."

The numeral lights of the graduating class will be lit with due ceremony to-morrow afternoon at 3 P. M. At the exercises in the Great Hall, to which the faculty and the students of all classes have been invited, speeches will be made by the President of the College and the President of the Class. David Perlman, the poet, will read the class poem. The numeral lights, which were designed and painted in oil by Harrison Ferichs, '10, show exceptionally artistic workmanship. The lights committee, of which S. H. Goldstein is chairman, promises an interesting gathering.

Chemistry Department Notes.

Last Friday evening, before the American Chemical Society, New York Section, there were presented two papers, one entitled "Action of Radium Salts on Rubies," by Professor Baskerville, and the other upon "An Apparatus for Drying Flasks," by Professor Baskerville and Dr. Stevenson. In the special "Progress of the World" section of the *Times* of Sunday, December 12, there appeared also an article by Professor Baskerville upon "The Progress of Chemistry During the Past Fifty Years."

The members of the Chemistry Department tendered Mr. Alexander Bourgougnon a resolution of regret upon his recent retirement from the staff. For many years Mr. Bourgougnon was associated as Professor Doremus' private assistant and later as an instructor in Chemistry.

Professor Baskerville has been appointed on the Chemistry Committee of the State Examination Board.

EVENING SESSION.

NORMAN O. JACK, Editor.

Indoor Athletic Meet.

The Evening Session Committee on Athletics, composed of Campbell, McPherson and Basly, has completed arrangements for an indoor swimming and track meet to be held at the College Gymnasium on Saturday, February 5, 1910. In order to provide adequate opportunity for each student to demonstrate his athletic ability, it has been decided to hold four runs of 60, 220, 440 and 880 yards' length, respectively, a running broad jump, a running high jump, a 16-pound shot-put, an 880 yards' walk, and two swims—one the length of the pool and the other three times its length. The award of a medal to the winner in each event, and, possibly, to the winner and second man, will add the necessary zest to the competition.

Every student at the Evening Session is urged to enter one or more of the events, as we hope to make the meet as great a success as all our other functions.

To Organize Y. M. C. A.

All those interested in the formation of an Evening Session Branch of the Y. M. C. A. are asked to meet in Room 15 at 10 P. M. this (Thursday) evening.

Our Successful Social.

The Smoker Committee deserves to be congratulated upon the happy culmination of their duties on December 10. The program received a big "send off" by a professional singing sketch, after which Professor Guthrie eulogized smoke until we felt that we were conferring a favor upon the community by puffing our pipes. Professor Duggan dispensed mirth in the form of funny stories, and those he omitted were later supplied by Dr. Palmer and Mr. Galwey. This done, an effort was made to sing the college songs. The result was hardly flattering to the students, and we secretly

felt grateful that no intoxicating beverage had been served, lest someone might have misjudged us. The serving of refreshments, and short addresses by Mr. Apaton for the Political Science Club, Mr. Campbell for the Athletic Committee, and Mr. Jack for THE CAMPUS, concluded an evening of merriment, sociability and delight. Messrs. Davidson, Mooney and Morris were the Smoker Committee.

Upper A Graduation.

The upper A class intends to have the most elaborate graduation exercises that have ever been held in the history of Townsend Harris Hall. Besides a French declamation, Greek, Latin and German recitations, several solos and speeches, a standard English play will be staged. No choice of play has yet been made. Dr. Taaffe will coach the actors and conduct the performance. On the evening of commencement day, a banquet will be held by the members of the graduation class.

The Football Outlook.

Although football has been abolished in the high schools, there is little reason to suppose that it will also be done away with in T. H. H.; for the Board of Education has no jurisdiction over our school. The decision, in our case, rests with the college authorities. If we will have a football team, however, our sole opponents will be academies and private schools.

Swimming.

A five day Marathon race was held in the pool last week. Sidney Nussbaum won the distance championship by defeating his nearest rival, Robinson, by sixty lengths. The conditions of the contest were that each swimmer cover as many lengths as possible from 2 to 5 P. M. every day.

Track.

The track team is training daily for the championships. Besides having a fleet 120 lb. relay, we can boast of an excellent and well-balanced mile relay. On these two, and on a few individual sprinters, we have all our hopes.

NOTES.

The T. H. H. Courier is to be the name of a monthly magazine which will soon appear for the first time. The periodical will be published by the Courier Club.

Interesting meetings were held both by the Progressive and Webb Societies last Friday. Mr. Friedlander addressed former and Mr. Tynan the latter club.

Fisher of Townsend Harris easily won the one-hundred yard novice swimming race, in the games held by the N. Y. A. C. There were thirty-five starters. He negotiated the distance in the remarkable time of 1.9 3/5.
