THE COLLEGE OF THE CITY OF NEW YORK

Vol. V.

OCTOBER 20, 1909.

No. 4

To-Day at 1 P. M.

PORTRAIT of our late lamented Professor William Stratford will be presented to the College by the Athletic Association in the Great Hall at 1 P. M. to-day. Dr. Storey will deliver the presentation address, and President Finley will accept the gift for the College. Young Miss Storey has kindly consented to unveil the picture.

Following this, there is to be a general mass meeting of the A. A. similar to the one that was so successful at the beginning of last year. Several speakers will outline to the students the program of the Association for this year. There will be presented, also, for consideration, several very important amendments to the Athletic Association Constitution. Be sure to attend the meeting.

## Reception of the Freshman Class.

This Saturday evening, the Class of 1913 will be formally received into the student body of the College. The reception is being arranged by President Finley and by a committee of the Student Council, of which Charles Brisk, '10, is chairman. At the exercises in the Great Hall, President Finley will preside, and speeches of welcome will be delivered by the President of the Student Council and several representative upper classmen. The presidents of the Freshman Class will respond. President and Mrs. Finley will then receive the Freshmen in the Faculty Room upstairs.

THE COLLEGE OF THE CITY OF NEW YORK

Vol. V.

OCTOBER 20, 1909.

No. 4

To-Day at 1 P. M.

PORTRAIT of our late lamented Professor William Stratford will be presented to the College by the Athletic Association in the Great Hall at 1 P. M. to-day. Dr. Storey will deliver the presentation address, and President Finley will accept the gift for the College. Young Miss Storey has kindly consented to unveil the picture.

Following this, there is to be a general mass meeting of the A. A. similar to the one that was so successful at the beginning of last year. Several speakers will outline to the students the program of the Association for this year. There will be presented, also, for consideration, several very important amendments to the Athletic Association Constitution. Be sure to attend the meeting.

## Reception of the Freshman Class.

This Saturday evening, the Class of 1913 will be formally received into the student body of the College. The reception is being arranged by President Finley and by a committee of the Student Council, of which Charles Brisk, '10, is chairman. At the exercises in the Great Hall, President Finley will preside, and speeches of welcome will be delivered by the President of the Student Council and several representative upper classmen. The presidents of the Freshman Class will respond. President and Mrs. Finley will then receive the Freshmen in the Faculty Room upstairs.

## Student Council Meeting.

At the meeting of the Student Council, held last Friday afternoon, the following officers were elected:— President, Louis Mayers, '10; Vice-President, Charles Brisk, '10; and Secretary and Treasurer, B. Blumenfeld, '11.

The affairs of last year's *Microcosm* were discussed, and as a means of wiping out the indebtedness of the annual, it was decided to have a committee appointed whose duty it shall be to assist the editors in selling the copies of the *Microcosm* that still remain on their hands. Those students who have not secured copies should do so at once.

With respect to this year's *Microcosm* board, the Council elected Ira Kaplan and Charles Brisk, the two senior advisors to the editors. The power of the editor-in-chief was increased by giving him three votes on the board, while the other editors have only one.

The president of the A. A. and the four presidents of the Senior and Junior Classes were constituted a committee in full charge of the year's Soph-Fresh contests, including the flag rush, which will be soon run off.

## Barbarity?

The annual guerrilla warfare between the mutually antipathetic Sophs and Freshies has commenced in dead earnest. On Friday night a week ago while all was still and peaceful, a band of bloodthirsty upper classmen swooped down upon three poor, innocent, isolated "babes of 1913." The unfortunate captives were immediately bedecked in the most grotesque of garbs and let "loose" on Forty-second Street. It was not many minutes before a motley concourse of actresses, taxi-drivers, foreign sailors and marines, messenger boys and commuters collected. But the burlesque was short-lived, it being the whim of a dyspeptic policeman not to permit an unannounced carnival to blockade the traffic of Broadway. The shouting, yelling rabble was dispersed. The guileless trio were taken into custody but later discharged. On Monday night, the Eve of Columbus Day, the Sophomores made another capture. The revenge of the Freshmen is expected daily.

### An Honor to the College.

At the inauguration of Dr. Ernest F. Nichols as President of Dartmouth, last week, the honorary degree of Doctor of Laws was conferred upon President Finley. We may feel all the more proud of this distinction when we note the distinguished university presidents who were honored in a like manner at the same occasion. President-Emeritus Eliot, ex-President Angell, and the Presidents of Harvard, Yale, Princeton, Columbia, Brown, Vermont, Wisconsin and Cornell received with our President the degree of LL.D. Bowdoin was the only college, besides our own, whose president was included in this list of university presidents.

### Practical Sociology.

In connection with the course on charities and on municipal affairs, which is being given by Dr. Woolston, a trip to Blackwell's Island was made by the students, under his leadership, last Tuesday. The Home for the Infirm and the Metropolitan Hospital were visited. This trip and many more which will take place at future times are made possible by the hearty co-operation of Commissioner Hebbard, of the Department of Public Charities.

### Industrial Problems.

The college student of to-day may be the labor employer of to-morrow, or he may be otherwise intimately in touch with great sociological problems. A concerted effort is therefore being made this year, to bring to the students of Columbia, New York University, and The City College information about the conditions of our laboring and immigrant classes, and the needs and opportunities for social service in these fields, and to enlist as many students as possible in such service.

There are three phases of this work. 1. Lectures by some of the largest labor employers and some of the best informed men on industrial and immigrant conditions that can be secured. 2. Supplementary reading and with those men especially interested, group classes for further study and discussion. 3. Enlisting men for definite work towards bettering existing conditions in accordance with the methods that experience has proven most effective.

### Of Musical Interest.

Professor Baldwin initiated his course in "Musical Progress" last Thursday afternoon with a most interesting lecture on "Music in the Ancient World." The subjects covered were Primitive Music, Music in Early Cultured Nations, and the Era of Plain Melody. Tomorrow afternoon, at 3 o'clock, Prof. Baldwin will give his second lecture, entitled "Beginnings of the Art of Composition."

Boellman's Gothic Suite; Scherzo, by Bossi; and Largo from the "New World" Symphony, one of Dvorak's most popular compositions, will constitute the principal numbers of this afternoon's recital.

This Friday afternoon at 3.15 P. M. Dr. Friedlaender, of the University of Berlin, will deliver an illustrated lecture on the "German Folk Song," in the Great Hall. All are welcome to the lecture, which will be given in German.

### Items of Interest.

A course of lectures on "The Religions of the World" is being given at the Mount Morris Baptist Church, Fifth Avenue, near 127th Street. The public is invited to hear the addresses, which will be delivered every Sunday morning at 10 A. M. by a specialist on the subject. We are pleased to note among the lecturers, one of our own Faculty, Dean Brownson. This Sunday morning Professor F. Hirth, of Columbia, will speak on "Confucius and the Chinese."

The subject of the General Tremain prizes for the best essays on the Civil War has been restricted for this year to "The Results of the Civil War."

The Junior Prom will take place in the near future. Arrangements are in charge of a committee consisting of S. L. Samuels, chairman; A. Robson, S. Gorshen, M. Acker and A. Spiehler.

A "1912" club is being organized. All Sophomores who are interested should see A. Fabis.

# ATHLETICS.

## Track Meet.

And then once again. The A. A. placed itself on record as favoring track meets. A few lines from "Mac's" pen in the last issue of the CAMPUS sounded the note which ended in final arrangements for the first of the interclass track meets on Friday, October 22, 1909. The entry fee for each event is ten cents; the entry fee for the relay is fifty cents per class. Of course, no distinctions are made here between the February and June classes. Only the year as a whole is taken into consideration.

Following are the events on the official program: 100 yard dash, 220 yard dash, 440 yard novice, 880 yard run, one mile run, shot put, high jump, broad jump, and the relay. In the track events, first place will entitle its holder to a silver medal; second place will get a bronze medal; and third place will give the class whose representative has made the place, one point towards the inter-class permanent championship trophy. In the field events, first place will bring a silver medal; second place will count two points, and third place one point, towards the class championship. Thus, the competition is made doubly attractive: it gives at once to the contestant the chance of winning an individual prize and the privilege of competing for the glory of his class. It must be borne in mind, however, that every competitor must have an A. A. membership card and Dr. Storey's "yellow card," the official medical certificate. If you have not yet filed your entry, do so at once. Entry blanks may be had on application in Room 105 of the Gym Building. Come out and run; come out and root.

---

Last Thursday we had with us the only honorary member of our A. A. The honored one is Lionel B. McKenzie, Jr.

---

Kotok, '09, manager of last year's Lacrosse team, was presented with a medal by the A. A. in recognition of his services in conducting last season's inter-class Lacrosse series.

### The Cross Country Run.

It looks as if the Athletic Association meant business. After the A. A. had placed itself on record as in favor of cross-country competitions and before we had time to catch our breath, the first cross-country prize competition was held. Columbus must have been glad he discovered America on the 12th, when he saw, from his grand stand up above, the three thousand three hundred yards covered in nine minutes and fifty-four seconds. That was the fine time made by J. Dolan, '12. And the fleet footed one was hard pressed by Reichard, '12 and T. Dolan, '12. The three successful contestants will receive very appropriate medals. To say the run was a success would be putting it too mildly to suit the occasion. Suffice it to say, however, that these contests will not be of infrequent occurrence; and that the success of each will outdo that of its predecessor.

### Good Things.

Some students have been asking to learn the advantages offered by the A. A. membership. In the first place, then, you are given the privilege, and this is not "loose talk," of supporting C. C. N. Y. athletics. In the second place you are given a voice in the choice of A. A. officers, and in the more important questions for consideration. In the third place, you are given the privilege to anticipate in inter-collegiate and inter-class athletics and other contests. Lastly, you are entitled to a very liberal discount, often amounting to 33½%, on all athletic goods bought of A. G. Spaulding & Brothers. Isn't not enough? Cough up, fellows, and join immediately.

Property Manager Perlman's office hours are as follows: Monday 4-4:30. Tuesday 3:30-4:30; Wednesday 2-4; Thursday 3:30-4:30; Friday 10-11; and by special appointment.

Mr. Rosenblatt, a graduate of 1906, has offered a banner to the class who wins the next inter-class Lacrosse series. Mr. Rosenblatt is a member of the New York Lacrosse Club and has coached our aspirants in that field ever since he graduated.

### Basketball.

With the election of Sumner L. Samuels, '11, to the assistant managership of the C. C. N. Y. Basketball Team, under Rabinowitz, we begin to look forward to a season which will outdo the success of last year in this our most important sport. True enough, we have lost several good players; but had you witnessed last Friday's practice with me, you would have closed up forever any void in your confidence. Victory will be ours. The varsity schedule lacks two dates to completion; and the Freshman schedule is well under way.

Coach Palmer met the athletic managers of the various classes and made some arrangements for the inter-class series which it is their purpose to begin very shortly. The competition is to be a "round-robin" affair, all games to be played in the gymnasium on Saturday afternoons. The final contest will be played off as a preliminary to one of the last two games of the College Basketball season. The winning class will be presented with a suitable trophy from the A. A. Referees will be selected from members of the varsity team. They have been conciliated now that they have been assured that the inter-class games will not interfere with their practice.

Players on the varsity or freshman teams will not be permitted to participate in the inter-class series; and all class competitors must be A. A. members and must be approved by Dr. Storey. The lavender (?) card and the yellow card.

---

### Elections.

The A. A. Executive Board elected Karl Propper '13 to the position of Ass't Property Manager. Sumner L. Samuels, '11, was elected Assistant Basketball Manager; Lutzky, '10, was elected Gym Team Manager; Milton Acker, '11, was elected Assistant Lacrosse Manager; and Zion, '10, was chosen to conduct the coming inter-class baseball series, in favor of which the A. A. has come out explicitly. Acker was appointed acting manager of the Lacrosse team. The other managership and assistant managerships are still open. The A. A. board objects to electing its own members to managerships, but it will be obliged to do so if no better response is made to the call for candidates. File your applications at once, and show your interest.

---

### A. A. Constitution.

To-day, at the mass meeting in the Great Hall, I. Kaplan '10 will submit an amendment to the Constitution of the Athletic Association providing for the abolition of the initiation fee of twenty-five cents for lower freshmen. This amendment will be acted on at the next meeting of the A. A. which will be announced shortly.

No. 4

## The Professor Stratford Memorial.

IN the days when organized athletics at our college was in a much poorer condition than at present, in the days when our teams had no gymnasium, no practice fields and very scanty support, our late Professor Stratford stood out as the one constant, unselfish and self-sacrificing friend of athletics. He it was who supported the teams, paid their traveling expenses, furnished them with their equipment when no funds were available. He it was who procured Ontario Field for our use. In securing our present Gymnasium Building, he was largely instrumental. The gift of his portrait to the College by the Athletic Association is thus eminently fitting and proper, and we trust that the portrait and the exercises this afternoon will serve to perpetuate the memory of Professor Stratford as a true friend of the College and its athletics.

### A Social Duty.

As social beings, intensely concerned with the welfare of their fellow-men, Sophomores deserve to stand in the front rank of college civilization. Their interest in the moral welfare of their younger brothers, the Freshmen, is indeed so warm that they exert strenuous efforts to make sure the obedience of certain rules of conduct which, in their wisdom, they see fit to impose upon the Freshies. But no sooner do Sophomores become Juniors than their sense of social duty seems to die out completely—which is a very discouraging indication of the future welfare of the race. It is all the more discouraging when we consider that existing conditions demand that upper classmen be also engaged in social reform—not in enforcing silly rules about wearing caps and colored sox it is true, but in correcting certain inconsiderate actions on the part of a few of our undergraduate body that betoken a lack of courtesy and a lack of the refinements of society.

A shocking case of such delinquency has just come to our attention. It appears that a group of students—let us hope they were Freshmen—were standing about the campus when one of our most highly respected professors chanced to pass by. To the shame of all of us, he said that not one of the group saw fit to return the courtesy of the professor—not one raised his hat. Without multiplying instances, suffice it to say that such examples of seeming disrespect, really due to ignorance and poor training, are all too common. Every student should make it his duty to enter immediate and vigorous protest against any instance of uncourteous behavior that may come to his notice. Be a reformer, now that reform is popular, and remember that actions such as that referred to, reflect upon the good name and standing of our College.

### Jobs for College Students.

Sixty-five thousand enumerators will be needed for the compilation of the 1910 Census. It is reported that Director Durand, of the Census Bureau, will be assisted largely by college students, for whom he will do his utmost to obtain leaves of absence. The remuneration will be \$3 a day.

### Class Elections.

The Class of February 1910's second ballot resulted in the election of Joseph Jablonower, President; I. L. Cohen, Vice-President; and Joseph A. Landy, Treasurer.

J. Greenberg and M. Zinman were, on second balloting, elected Vice-President and Secretary respectively of the Class of June 1910.

The officers of the Class of February 1911, are: President, Hyman Heskowitz; Vice-President, Benjamin Kramer; Secretary, Julius Kuschner; Treasurer, Arthur Robson; Historian, Isidor Lichtblau; Athletic Manager, Morris Passloff; Marshal, John McBride; Student Council Representatives, Philip Bookstaber, Abraham Feldman and Edward Unger.

The following officers will look after the affairs of the Class of February 1913:—L. Mutterperl, President; B. Wallack, Vice-President; L. Schlesinger, Secretary; L. Goldman, Treasurer; N. Peppis, Athletic Manager; H. Newman, Historian; L. Nagelberg, Marshal; M. Cahn, Representative in the Student Council.

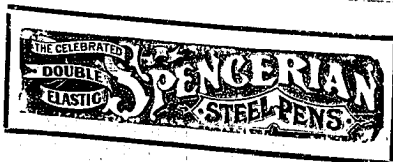

### Topics in Brief.

Professor Thompson is preparing a monograph upon "The Effect of Industrialism upon Political and Social Ideas in the South" for the Annals of the American Academy of Political and Social Science.

Mr. L. W. Crawford of the English Department, has resigned to accept the chair of English at Sweetbriar College for women at Sweetbriar, Virginia.

This evening, Mr. Henry J. Hadfield will render a recital at our College. Mr. Hadfield is a well-known Shakespearian actor, and has been secured by President Finley to give a dramatic representation for the Senior Society. All Seniors are invited.

Thirteen entries were received for the chess tournament which will decide the college championship. The process of elimination began on Monday and will continue every day after 3 P. M.

### Mechanical Society Lecture.

An illustrated lecture on "The Invention of the Steamboat" will be delivered by Professor Fox on Friday, October 22, at 8 P. M., in the Physics Lecture Room. The lecture is given under the auspices of the Mechanical Society and all, including ladies, are invited to attend.

### Football.

1912 seems to be the only class whose men are out regularly for football practice. The CAMPUS will attempt to arrange a game between the Sophomores and the H. H. team. That should prove an interesting match. Developments will be reported later.

### Organizations.

The Newman Club will meet this Friday at 8 P. M. in Room 2, Main Building. After business has been disposed of, Dr. Coleman will address the gathering on "The Massacre of St. Bartholomew's Day."

Last Friday afternoon the Zionist Society met for the first time this term and elected the following officers:— President, M. Rosenthal; Vice-President, A. Nowack; Secretaries, A. M. Dushkin and I. Berkson; Treasurer, W. Abramson; Editor, J. Reider. All interested are requested to attend the meetings, which are held on Friday afternoons in Room 226.

### Y. M. C. A.

The following temporary committees have been appointed by President Allen:—

Membership Committee:—E. A. Gowdy, chairman; W. E. Jay, A. W. Kramer, H. S. Warren, J. F. Norton, M. C. Simons, O. H. Wood.

Social Committee:—A. P. Merryman, chairman; T. A. Lefkovics, M. C. Simons, E. A. Gowdy, G. B. De Luca.

### Our Campus Beautiful.

The work of grading and sodding the campus areas is still far from completion. By next May, however, we may expect everything to be in order. Approximately three thousand shrubs of various kinds and a hundred or more trees will be planted. Among the latter, elm and maple will predominate. Ivy vines, which are at present being nursed, will overgrow the walls of each building.

# T. H. H. NEWS.

Stuyvesant, 23—T. H. H., 5.

| Hyman.                |          |                     |
| Holloway, Pollock,    | L. H. B. | Cioletti, Mitchell. |
| McNally, Cannes.      | R. H. B. | McNamara.           |
| Adams,                | F. B.    | Beegly.             |

Referee, E. Thorpe; Umpire, Mr. Johnstone, Y. M. C. A.

T. H. H. started the fun with a pretty kick-off. Cohen broke the even tenor of the game with a catch of Stuyvesant's attempted forward pass, and a fifty yard run which landed the ball one yard from Harris's goal. A second's play, and McNally was pushed over the line. The first half ended with the score in Townsends favor, 5 to 0. In the second half Coach Redmund gave each man about three minutes of play, putting in no less than fourteen additional men. Stuyvesant kicked off. T. H. H. lost the ball and the blue and red held on to it till the end. Beegly made three successive touchdowns; and McGuire made a sensational 60 yard run to the goal, which, in addition to three successful goal kicks from place, gave Stuyvesant 23 points. Some good playing by Harris in the last minute of play ended the contest; score 23-5. The game, however, is recorded as a practice game.

Have purchased for the Autumn and Winter Season of 1909 a display of Woolens, including all the latest designs and colorings. An inspection is earnestly invited and your trade solicited with the assurance of perfect fit, style, fabric and workmanship and complete satisfaction at moderate prices.

Suits from \$15.00 to \$45.00  
Trousers from \$5.00 up.

**EDWARD VAAS** 1438 Broadway, N. Y.

### Track.

Dr. Cosenza has succeeded in bringing together quite a number of fellows who are interested in the track. They may be seen any afternoon sitting down Convent Avenue in anti-Comstock attire. More men than ever are out for it, and the ranks are swelling daily. The outlook is bright, especially since the team will be coached by Mr. Shutt, a former Cornell captain and great athlete. Our wing-footed ones will be champions this year.

### The Progressive and the Pierian.

The few meetings of the Progressive Literary Society held this term indicate that the club's success last year will continue. Applicants for membership will be considered in Room O11 on Friday afternoons at 3 o'clock.

A new organization, known as the Pierian Literary Society, has been formed. It has for its object the study of standard English literature. If you are interested give your name to one of the following:—Donohue, Lewin, Liebowitz, Mason, Myers.
