To-Morrow's Dramatic Production.

To imagine one's self back some four or five hundred years, in the days of old Queen "Bess," it will only be necessary to come to the Great Hall to-morrow afternoon at 4 o'clock, drift into a seat, and see and hear. For a noted troupe of student actors—the like of which has not been seen since the sixteenth century—will then appear upon a stage built to be an exact reproduction of the kind at the inns of court and university halls, and will perform Philip Massinger's tale of the "new way" that our old uncles found "to pay old debts."

True to Elizabethan custom, all women's parts will be taken by men, which is a great convenience in our College. Charles Weisbord, '10, will star as Sir Giles Overreach, a cruel extortioner; A. W. Courtney, '10, as Frank Wellborn, a prodigal; A. Brown, '11, as Lord Lovell, and H. Ferichs, '10, as Lady Allworth, a rich widow. S. C. Kohs, '12, I. Fern, '12, L. Mattlowsky, '12, N. Sanders, '12, E. Sanders, '13, V. Clinton, '11, E. Cross, '13, D. Berenberg, '11, M. Benedeck, '13, E. Stitt, '13, W. Borden, '12, S. Abrams, '14, O. Kerpen, '12, F. Dieuaide, '13, and W. Fernschild, '11, will also take parts.

The play has been staged under the direction of Dr. Taafe, of the English Department. The stage setting was designed by Mr. Tynan and constructed by the joinery class under Mr. Holton with the assistance of Mr. Compton.

Professor Baldwin has arranged a musical program from pieces in existence at the time that the play was first given. The overture will be Byrde's *Pavan and Galliard*; the incidental music, the *Ol Morris Dance Tune*; and in the finale several old Elizabethan airs will be reproduced, including the *Hunting Jigg*, the *Carman's Whistle* and *Green Sleeves*.

Two performances will be given—one to-morrow afternoon for the students exclusively, and one on Friday evening for the general public. Tickets may be had, on application, from Mr. Keiley or Mr. Whiteside.

Reviving College Tradition.

Loud was the applause in the Great Hall last Wednesday when President Finley said that it was by common desire that the custom of holding a regular general assembly of faculty and students was to be re-established. The assemblies will be purely voluntary in nature, and their purpose will be to extend our acquaintanceships with one another and "to develop a spirit, a sense of solidarity and unity" among us. To these meetings our President promises to bring the best speakers that are to be found in or out of college. The assemblies will last but thirty minutes, but "it shall be a half hour in which to tie our interests together." There will be, also, regular addresses by members of the student body, and the orchestra will lend charm to the occasion with its beautiful music. Its rendition last week of the overture to *Mireille* was perhaps the best that it has ever given, and the audience appreciated it thoroughly. With an address upon "Loyalty to Loyalty," by G. L. Armsburg, '10, and the singing of *Gaudeamus*, the exercises closed.

At last Friday's meeting the Student Council decided unanimously to constitute itself a committee with the object of securing the student co-operation which is necessary to make the weekly exercises successful. Seats have been assigned to each student, so that everyone may feel a sense of ownership in one spot of our magnificent hall. At 1.15 P. M. to-day an attendance of the entire student body is expected. The doors will close at 1.30 sharp. Seniors are requested to wear caps and gowns and to form a procession into the hall.

History Teachers Convention.

The eighth annual convention of the Association of History Teachers was held last Friday and Saturday in Room 126. Professor Johnston delivered an address of welcome to which Dean Ames of the University of Pennsylvania responded. President Finley addressed the convention on Saturday.

To-Day at 3.30 P. M.

Prof. Herman H. Horne, author of several works on education now in use at our college, will speak in Room 126 this afternoon at 3.30 on "Will and the Man." All are invited to attend.

A Young Linguist.

Monroe Meyer, an upper freshman, has achieved fame by correcting an error that has been continually made by German grammarians. Prof. Thomas of Columbia and other authors, including Eysenbach, state that most monosyllabic neuter nouns belong to the third declension. Meyer has proved this to be false by showing that most monosyllabic neuter nouns belong to the second declension—the proportion being almost two to one. Prof. Thomas, upon being informed, admitted his mistake, and stated that in his next edition the error would be corrected. In recognition of Meyer's good work, Professor Werner presented him with a German book.

Across the Border.

Last Friday evening, Professor Baskerville was honorary lecturer at McGill University, Canada. He chose as his subject "The Rare Earths" in which field our Professor is a recognized authority. On the same evening, there was read before the New York Section of the American Chemical Society a paper entitled, "A Scrubbing Device for the Vacuum System in the Laboratory," also by Professor Baskerville; and Mr. Sporer, before the same body, discussed the matter of a "Rock for Holding Reagents in Bulk."

174

Phrenocosmia's 174th term was initiated with the election of L. Britwitz, '10, to the presidency. The other officers for the present term are: H. Frank, '10, vice-president; A. Salomon, '11, treasurer; S. Margon, '13, secretary; S. Fried, '10, and I. Katz, '10, cabinet. Last Friday evening's program for the evening was a most interesting one. Among the numbers was a spirited declamation by Dr. Hatch. Another excellent program has been planned for this Friday, and visitors will be warmly welcomed. The character committee consists of E. Rosenfeld, '10, I. Katz, '11, Pinchook, '10, Grant, '13, and Stoyer, '11.

Last Friday Clionia celebrated its first meeting in its new quarters—Professor Werner's room—by initiating twelve men into the society. The membership has now reached fifty. The library of the society will soon be brought from its old quarters in the 23rd Street building and lodged in the bookcases of Professor Werner's room

Faculty Notes.

Yesterday was the seventieth birthday of Professor Fitz Gerald Tisdall. The beloved Professor was presented with a beautiful gift by his students in recognition of his many years of distinguished service. We, too, are happy to congratulate Professor Tisdall and we wish him many more years of good health and cheer.

Professor Sim's absence during the past two weeks was necessitated by the very serious illness of Mrs. Sim and daughter. Fortunately they are now out of danger and Professor Sim is back to his duties once more.

Professor Storey spent the week of February 29th in Indianapolis as Secretary of the Joint Program Committee of the following organizations: the Department of Superintendents, the American Physical Education Association, and the American School Hygiene Association of which he was Secretary. Professor Storey was re-elected secretary of the last named organization, and member of the Council of A. P. E. A.

Professor Reynolds and Dr. Coffin have recently been elected fellows of the American Association for the Advancement of Science.

To-morrow evening, Dr. Norris A. Brisco, F. R. H. S., will deliver at New York University School of Finance and Commerce his second lecture on Investments, on "Mining Stock as Investment." The first lecture "Common Stock as Investment" was delivered some time ago.

Dr. Breithut's recent lecture upon "The Chemistry of Cooking" appears in the current number of *The Caterer*, and a reprint of it was issued in *The International Steward's Bulletin*. Dr. Breithut's course of eight lectures on the "Chemistry of Common Things" was so well received that it is being repeated on Friday evenings in the Brooklyn Public Library and on Monday evenings in Lafayette Hall, the Bronx.

Championship Meet To-Day.

Last Friday afternoon the second team of the Chess Club played a draw with the Columbia Freshmen, the score being 2-2. To-day at 2 o'clock the first team will be pitted against the New York University quartet for the intercollegiate championship.

ATHLETICS.

At the Columbia meet on Saturday night last, our relay team took fourth place, being beaten out for third by Mass. Agricultural College in the last half-lap. Wesleyan took first. One consolation: our team made the same time that Columbia made in another race, when it was beaten out for third place by Cornell. Our team came in ahead of Hamilton and Syracuse.

Lacrosse practice is held every afternoon from four to six.

The inter-class track meet scheduled for the vacation week is to be held in the gymnasium. Besides the meet there will be an inter-class basketball game and an inter-class basketball relay. The track events will be as follows: 40 yard dash, handicap; 5 lap run, novice; half-mile run, handicap; mile and a half run, handicap; medley interclass handicap relay, 5 men; high jump, handicap; shot put, handicap. Admission will be ten cents to A. A. members and fifteen cents to others. The entry fee will be five cents for individuals; fifty cents for relay teams. Entries should be given to the class athletic manager. Prizes will be given to holders of first and second places.

Baseball.

At the meeting of the Athletic Association Executive Council on Thursday last, the question of Varsity baseball found its way into the Council's discussions. After long and careful deliberation it was unanimously decided, in view of the fact that the team was guaranteed not to be a financial burden to the A. A., that baseball be regranted its sanction. On representation of Gerber of the '13 Class, the A. A. granted a similar sanction to a Freshman baseball team. Unfortunately, however, a serious setback was received when it was announced that the F. A. C. would not uphold the decision of the A. A. Board in either case. The opinion of the Faculty Athletic Committee was that each of these teams should deposit a sum of money with the Committee's secretary, Mr. Woll; on this sum the team is to draw for the defraying of its expenses. With the end of the deposit goes the end of the team. Nothing final, however, having been determined, we await further developments.

Track Notes.

On Saturday night, April 30th, Philadelphia will be invaded by a C. C. N. Y. relay team which is to compete in the University of Pennsylvania Relay Carnival at Franklin Field. The men to represent us will be chosen by Mr. Mckenzie. The entry is to be paid for by subscription.

By a ruling of the A. A. Executive Board, Varsity track men may compete in inter-class track meets.

The A. A. Executive Board has appointed a committee consisting of the respective class athletic managers, with the vice-president of the Association, as chairman, to manage all inter-class athletic competitions. This committee will henceforth be a regular institution in inter-class athletics.

Outfits of members of the Basketball, Swimming and Gymnasium Teams should be returned at once. No further warnings will be issued. It would be advisable to see Jesse Perlman or Karl Propper and arrange for a mutually convenient time.

"Take a Long Walk."

Two weeks ago there came into being an organization which will be known as the Finley Walking Club. Membership is not to be restricted, so that all those who desire to join the organization are welcome. It is proposed to make extensive week-end walking expeditions. Indeed, the real work of the society will begin shortly. This Sunday the first walk will take place, when the members and their friends will tramp from the sensible end of the Williamsburg Bridge to Coney Island; that is, if weather conditions are propitious. Walkers are to meet at the northeast corner of Delancey Street and the Bowery at 1 P. M. Invitations are extended to all. Following are the officers of the association: Chief Walker, Edward P. Ward, '11 (we wonder if because of the fact that his initials are the same as those of the famous pedestrian Edward Payson Weston); Pacemaker, S. H. Bischof, '11; Chief Straggler, G. Greenberg, '11; Secretary Pro Tem., M. Judelson, '11. President Finley has been elected honorary president of the club.

Lacrosse.

Following is the Lacrosse schedule for the coming season. Except where specified the games will be played at home.

- March 26—Columbia.
- April 6—Stevens at Hoboken.
- April 20—Lehigh at Lehigh.
- April 23—Hoboken at Hoboken.
- May 7—Englewood.
- May 14—Stevens.
- May 21—New York Lacrosse Club.
- May 28—Crescent Lacrosse Club.

Our Gymnasts.

Lehrer on the parallel bars and Schneider with his Indian clubs will represent the College in the Inter-Collegiate Gymnastic Competitions to be held this Friday at Princeton. Manager A. G. Lutzky will attend the meeting of the Inter-Collegiate Association of Amateur Gymnasts of America to be held at the same time and place, when election of officers for the ensuing year will take place.

One of the features of the coming High School reception, will be the repetition of the Upper A Class Play which met with such success at their commencement. In addition to this, there will be a gymnastic exhibition and a ball game between two high schools. No pains are being spared by those in charge to make the affair successful.

Some New York hospital added a new patient to its rolls when Marks, '10 broke his arm in the recent '10-'11 basketball game.

A meeting of the Dramatic Society will be held this Friday afternoon at 3.15 in Room 226.

MARCH 16, 1910.

No. 6

Whereas, . . . Be It Resolved, . . .

NOTE an increasing propensity on the part of the students to draw up and submit petitions to the faculty. Not only are these "documents" often gotten up without sufficient cause, but they are usually defective in language and form. Some of the recent petitions that have come to our notice were shocking. Written on scraps of dirty paper, they showed none of the respect which should be commanded by the honorable body to which they were submitted.

The action taken by the Student Council last Friday with reference to this matter was thus very timely. The council passed a resolution requesting the faculty to receive petitions that are universal in character *only* through the medium of the Student Council. This would not make it necessary for the Student Council to pass upon individual cases, but it would require the assent of the council to all changes proposed by the students which affect any considerable group.

The necessity for requiring the sanction of the council is manifest. Not only will it insure a respectful style in all future communications to the faculty but it will act as a guarantee of the good faith and actual wishes of

the students. It is a matter of common observation that signatures to a petition of any character whatever, may be secured by an energetic sponsor with very little difficulty, and without any consideration of the merits of the case by the individual signers. The Student Council, on the other hand, being composed of the representatives of the students, is in a position to know whether a proposed change is really desired, it can also consider in an unimpassioned way the merits of the case, and finally, it can submit its conclusions in a dignified manner. There need be no appeal from the decision of the Council, for the opinion of the Council is, or should be, the opinion of the student body.

Spring Vacation.

The request of the students, who are to work as census enumerators, that the spring vacation be postponed, in order that their government work might not conflict with their college study was considered by the faculty last week but was not acted upon because the demand was made at too late a time. The spring vacation will begin next Monday and will last for one week. The reason why the student petition was not granted was that many of the faculty and many of the students had already made arrangements to spend the week originally announced and it would have been impossible to change their engagements in the short time that intervened.

Freshmen to Meet.

The President of the College has appointed a number of the faculty to act as advisors to the various sections of the Freshman Class. Dean Brownson is chairman, Professor Moody, vice-chairman and Professor Schuyler secretary of the advisors. There will be a meeting of the Freshman Class and their advisors this afternoon immediately after the college assembly.

Did you witness, last week, the daily commotion on the campus, scores of students running here and there in the wake of a very irritable character with a camera? They were simply having their pictures taken for the current *Microcosm*. In all thirty were made and these will greatly add to the artistic make-up of the annual. The editors announce that for \$1.50 they will give a two hundred page cloth bound volume, and for an additional half dollar, a leather bound masterpiece.

Civic Club.

A group of students interested in civic problems formed an organization on Tuesday, March 8th. It is the intention of the society to arrange for addresses to be delivered by various public officials. A special meeting of the club will be held to-day at 3:15 P. M. at which time, delegates to the Intercollegiate Convention to be held at Columbia on April 5th and 6th, will be elected. The officers of the society are I. R. Lazarus, president; Lorenz Reich, vice-president; Benjamin Kramer, secretary and treasurer.

Among the principal numbers of this afternoon's organ recital will be *Sonata: The 49th Psalm* by Reubke, *Elevation* by Rousseau, and *Allegreto* from Beethoven's Seventh Symphony.

College Courses for College Students Only.

At the meeting of the Faculty last week, the following important amendment to the by-laws of the college was passed:—No student taking ten or more hours of academic credits will be permitted to recite in any course with the Freshman class. This regulation will go into effect in September, 1910.

An anonymous donor has given the A. A. fifty dollars to defray baseball expenses.

W. Adams has been appointed assistant manager of the baseball team.

At the championship meet held in the N. Y. A. C. tank, Kohn of T. H. H. finished third in the 100-yard handicap.

The track team candidates of T. H. H. are in training for the Hamilton and Clinton meets. Hauser, Kallman and Lafran, of the 100-pound class, are doing good work. Captain Weg has entered the 60-yard dash in the Columbia meet.

Townsend Wins!

For the third time Townsend Harris won the swimming championships. But it was no swimover—we only succeeded in defeating Clinton, our nearest competitor, by 7 points. The "red and black" would have been overwhelmed by us, if Oppenheim, who was ineligible because he swam for the City A. C., had donned his one piece suit and cleaved thru the water. But suffice it—Harris won! And thanks are due firstly, to Mayers for his excellent plunging; his form was excellent—and he deserved to win. Miller, our other plunger, was, for some reason or other, out of condition; but he nevertheless managed to take third place. Hemming captured the fifty after a hotly contested race; he beat out Moore of Clinton by a fraction of a second. Benjamin and Rogow, both at the top-notch of form, gave a diving exhibition, performing their turn of tricks with considerable grace. However, we were weak in the relay. This was due to the poor swimming of Eisele and Greer—both of whom, it goes without saying, will present excuses. T. H. H. 23 pts.; Clinton 16 pts.; Commerce 5 pts.; Boys High 1 pt.

SUMMARY.

Fifty yard swim won by Hemming, T. H. H.; Moore of Clinton, second; L. Miller of Commerce, third. Time 30 $\frac{1}{5}$.

Plunge for distance. Won by Mayers, T. H. H. with a plunge of 55 ft. 6 inches; Neus of Commerce, second, 54 ft. 6 in.; Miller, T. H. H., third, 52 ft. 8 in.

One hundred yard swim. Won by Hansetti Clinton; Rogers, T. H. H., second; Greer, T. H. H., third. Time 1.10 $\frac{3}{5}$.

Two hundred yard swim. Won by Rogers, T. H. H.; Richards, Clinton, second; Sutliff, Boys High; third. Time 2.49 $\frac{1}{5}$ (P. S. A. L. record).

Four lengths Relay swim. First, Clinton (Richards, McAuliffe, Moore, Hansetti) second, T. H. H. (Rogers, Eisele, Hemming, Greer); third, Commerce (Lemke, Marshall, Yost, Lane).

In addition there was a two length race for the boys of the Nautical school. This was a very interesting as well as amusing race, for various reasons.
