Vol IX.

SEPTEMBER 27, 1911

No. 2

Three in One.

THE present week sees the accomplishment of an administrative measure which has not until now been practicable: the consolidation, physically speaking, of the office of the Dean of the Faculty, the Secretary of the Executive Council, and the Registrar. All these officials will hereafter be found in Rooms 121 and 122. This consolidation has been planned in the interests of economical administration and the convenience of the student body.

At the period of transition, when the system of promotion by subject was being introduced, it was found necessary to develop two entirely new and distinct machines—one to deal with matters of scholarship and the other with matters of attendance and discipline. These have now been perfected separately under the conspicuously successful labor and direction of the Dean and Doctor Moody. A point has now been reached, however, where the two separate organizations can be brought together without difficulty or confusion and with mutual advantage. The unification of all the administrative offices is made complete by the transfer of the records and business of the Upper A class from Professor Mead's lecture room to this same office. All matters of scholarship and attendance in the main building will therefore be attended to hereafter by Dean Brownson, Doctor Moody and their assistants in this office, Room 121.

Freshmen are required by the Student Council customs book to wear black skull caps with lavender buttons while on the College grounds.

Department Notes.

Professor McGuckin of the History department is on a six-month leave-of-absence in England.

Mr. John P. Turner has returned from his leave-of-absence at Vanderbilt College, where he was an Assistant Professor of Philosophy.

Mr. McClelland of the English department has resigned, to teach in the University of Pennsylvania. Mr. Salvage also is no longer connected with the College.

Mr. Lamouret has been granted a leave-of-absence from the College for one year, and Professor Francois has returned from his year's residence in Europe.

Louis Mayers, February '10, is now fellow in Political Science at the University of Wisconsin. Mr. Mayers is a member of THE CAMPUS Association, Inc.

Mr. Arthur C. Lumley is on a leave-of-absence for the collegiate year 1911-12, and Mr. Tilmont from September to February.

Mr. Henry E. Hansen has been appointed Assistant Tutor, and Dr. E. Brenner has been appointed Tutor for three months in the Department of Physical Instruction and Hygiene.

The following tutors have been made instructors: Drs. Pierre J. Marique, W. E. Knickerbocker, Georges Lamouret and Francis L. Rougier, in the Romance Language department; Drs. Jacob W. Hartman and George C. O. Haas, in the German department; Dr. Joseph A. Mosher, in the Public Speaking department, and Dr. Austin B. Keep, in the History department. Mr. Lionel B. McKenzie has been made Special Instructor in the Department of Physical Instruction and Hygiene. Our heartiest congratulations are extended to these men.

Mr. Shepard's Successor.

Mr. William F. McCoombs has been chosen to succeed the late Mr. Edward M. Shepard as a member of the Board of Trustees. Mr. McCoombs is a graduate of Princeton University, of the class of 1898, and has been for many years a practising lawyer in New York. The best wishes for success are tendered by the entire College to its new Trustee.

Society and Class Elections.

The Dramatic Society elected the following officers for the coming year:

President, Samuel C. Kohs, '12; Business Manager, Mitchell Cahn, '13; Advertising Manager, John A. Kear, Jr., '13; Property Manager, Henry Wolfson, '14; Sec't., David Boehm. '13.

Dr. Thomas Gaffney Taaffe has consented to coach the cast for the coming year and the signal success he achieved last year promises well for the coming play.

Clijonia elected the following officers for this term:

President, Julius Drachsler; Vice-President, Louis Ruderman; Secretary, Selig Hecht; Treasurer, J. Bach; Editor, Meyer Cohen.

Class of February, 1914: President, Henry Wolfson; Vice-President, Carlyle R. Barnett; Secretary, Meyer S. Rosen; Treasurer, Max Posner; Marshal, Henry Feaster; Athletic Manager, Meyer Rothberg; Assistant "Mike" Editor, Meyer Cohen; Student Councillors, Max Mosher, Harry Willbach.

Class June 1914: President, Philip Germansky; Vice-President, George Gottlieb; Treasurer, Hernando Caicedo; Secretary, Everitt Southwick; Marshal, Jacob Alsofrom; Athletic Manager, Walter H. Kennedy; Student Councillors, William P. Sullivan, Moses P. Epstein; Assistant Business Manager of the 1913 "Mike" Moses P. Epstein.

For Live Students.

One of the chief aims of THE CAMPUS is to be the mouthpiece of the students. To act efficiently in this capacity THE CAMPUS must know what the students have to say. The editors will be pleased to receive communications containing suggestions, views on topics connected with the College, and in fact anything which may help them to fulfill the ambitions of the paper. On Wednesday and Friday afternoons THE CAMPUS office (Room 412) will be open to all students desiring to discuss collegiate matters with the editors.

Library Convention.

The New York Library Association, composed of librarians from cities all over the country, is holding its twenty-first convention in New York city this week. The first official gathering took place last Monday evening at the Park Avenue Hotel, and to-day at 2:30 P. M. the College will be the scene of the third general session. An address by President Finley will be followed by a talk on "Efficiency in College and University Library Work" by Andrew Keogh, reference librarian, Yale University. This talk will no doubt be of importance to the Student Council Library Committee, who might surely profit by hearing Mr. Keogh discuss the modern and most efficient library methods. Mr. W. B. Briggs, librarian of Trinity College, will talk on "Care and Use of Maps," and Dr. Louis N. Wilson, librarian Clark University Library, will speak on "The New England College Librarian's Association. At 4:30 P. M. Professor Baldwin will render an organ recital, after which the buildings will be thrown open for inspection.

The First Summer Session.

While everyone connected with the College was engaged in making the most of vacation time, up in the Natural History lecture room bee-hive several hundreds of bees were earnestly at work. The result of their efforts was a large cake of honey, which was presented to President Finley. In telling of the event, he said: "The first members of our summer school were working and made honey." Professor Duggan, please take notice.

Simmons Honored.

At the annual meeting of the Spanish War Veterans Maurice Simmons, '97, was elected Commander-in-Chief. The office has been held in previous years by Lieutenant-General Miles and General Keifer. High honor is conferred upon Mr. Simmons, who is only thirty-three years old.

All registration cards must be returned to-day, fully signed, to the Dean's office.

ATHLETICS.

Capt. Coughlin Says.

Athletic Editor, THE CAMPUS,

You ask me what the prospects for our 1911-'12 Swimming Team are and upon consideration, I find that the outlook for the coming season is indeed bright. The only loss sustained by the team was that of "Dick" Stern, who graduated. As regards new men, we are fortunate in having secured the services of "Bones" Rogers, the recent T. H. H. star and P. S. A. L. champion at 220 yds. There is also an excellent chance of his team-mate, Davis, registering at the College. Then we would need only "Nutch" Kohn to give us that peerless trio which swept the boards and won three championships for Harris. Our little friend, Eisele, is with us again, although ineligible to represent us until February.

All the members of last year's team have improved during the summer and with the addition of Couhill, until recently captain at Boys' High, Rogers, Cox, an Erasmusian, and possibly Davis, we shall have a really well-balanced team — something we have always lacked. We shall have a good relay and at least one man in each event, who is capable of taking care of it. As far as the rest are concerned, we may be assured that "Gus" Berman, **Champion**, and Frank Fielding, will do their share. As for plungers, we are again graced with a P. S. A. L. champion — Schneider. Frankie Mayer is back and thinks he can, and always *could* beat "the fat boy." Hence rivalry, and consequently good performances on the part of each may be looked for.

The only damper upon the whole situation is the fact that the pool is not yet ready for the boys. However our coach, "Mac," has devised a plan to keep our men in condition and has prescribed cross-country runs for the swimmers — to be taken daily. Among those members of last year's squad who should make a strong bid to enter the select circle are Shipley, Israel, Kemmerer, Steinhoff, Otto, Borden and McClelland.

Yours truly,

GEORGE COUGHLIN.

Our little friend, Eisele, is with us again, although ineligible to represent us until February.

All the members of last year's team have improved during the summer and with the addition of Couhill, until recently captain at Boys' High, Rogers, Cox, an Erasmian, and possibly Davis, we shall have a really well-balanced team — something we have always lacked. We shall have a good relay and at least one man in each event, who is capable of taking care of it. As far as the rest are concerned, we may be assured that "Gus" Berman, **Champion**, and Frank Fielding, will do their share. As for plungers, we are again graced with a P. S. A. L. champion — Schneider. Frankie Mayer is back and thinks he can, and always *could* beat "the fat boy." Hence rivalry, and consequently good performances on the part of each may be looked for.

The only damper upon the whole situation is the fact that the pool is not yet ready for the boys. However our coach, "Mac," has devised a plan to keep our men in condition and has prescribed cross-country runs for the swimmers — to be taken daily. Among those members of last year's squad who should make a strong bid to enter the select circle are Shipley, Israel, Kemmerer, Steinhoff, Otto, Borden and McClelland.

Yours truly,

GEORGE COUGHLIN.

Basketball News.

The basketball schedule is rapidly approaching completion and will probably be published within a week or two. We'll have an opportunity to get back at Brown. Trinity, after an absence of two years is back again. A newcomer, Delaware University, will be represented on our court. A trip to Princeton is also scheduled and we hope to repeat the performance of Rabinovitz's season and twist the Tiger's tail. A smashing team is going to carry our colors for the season, and success is at our beck and call.

A. A. Finances.

<i>Team</i>	<i>Receipts</i>	<i>Expenditures</i>
Swimming	\$136.09	\$300.16
Basketball	691.83	810.80
A. A.	888.79	190.32
Track	72.85	156.52
Baseball	87.45	223.27
Tennis		11.73
Gym		10.30
<hr/>		
Total	\$1,877.01	\$1,703.10
Balance \$173.91.		

Interclass Events.

Basketball, as an intercollegiate event, has been a decided success at our College. It is high time to have an interclass series, not only for the fun of the thing but to bring out material for the "Varsity and Freshman teams. A series will be run off between now and the opening of the "Varsity season. The championship game will be played as a preliminary to the opening "Varsity game. If you want to enter the series, give your name to your class athletic manager and begin training during "voluntary" hours in the gym. Further information will be posted on the bulletin boards.

An Innovation.

Poets this way! — Season tickets will be given to the three students who write the best College songs. These tickets will permit the winners to bring their fair friends free of charge.

'14-'15.

A Dual Track and Field Meet will begin on October 6th. One event will take place every day. The 100 yd. dash will take place on October 6th, at 1.45 P. M. On the 9th the 220 yd., dash comes. Then the 440 the 880 the mile and the two mile runs follow on successive days. The shot puts, and the broad and high jumps will end the meet. All entries close three days before the events come off.

Gone.

The basketball and baseball team have incurred several severe losses recently. Captain Kieran, '12 of baseball fame, has gone to Georgetown University, while Leo Michaels, '13, has entered Columbia University. Of the basketball men, Breslau, '12, Ellner, Pepis and Mackler, of '13, have gone to the State Normal School at Albany. Frank Friedman '13, is gone and Rosenfeld, centre on the 1914 team, left.

COLLEGIATE SCHOOL

8 to 14 West 125th Street

¶ Thorough preparation in all subjects for Regents, College and Cooper Union.

¶ Five recitations a week, or more, are devoted to each subject for which five Regents counts may be earned, or one point in the case of students taking the examinations of the College Entrance Board.

¶ The Collegiate School was inspected and spoken of in the highest terms by Mr. Avery W. Skinner of the Board of Regents.

¶ Only graduates of leading American Universities are on the teaching staff.

Day and Evening Sessions. Fees Moderate.

Dr. William George Siegel, Secretary.

Vol. IX. SEPTEMBER 27, 1911. No. 2

Get Behind the Scenes.

NOW THAT the bustle and confusion of registration and enrolment are over, and every one has settled down to schedule work, a few words about extra-curricular matters will not be amiss. How many students in the senior class have gone through three years of life in this institution with no other interest in it than the curriculum demanded? One year remains to the graduating class to make amends for the time lost. A great deal can be done. A year's membership in a society will work miracles in speech and argumentative powers; a year's work in the gymnasium will prepare the body for the struggle of life. Three years may have been wasted but this is not sufficient excuse for wasting a fourth. In the last two terms spent here the utmost efforts should be put forth to secure the best the College offers. Students should not leave the institution with no other ties binding them to it in later years than the memories of recitation work. It is the interest in other activities connected with the College that gives a broader, better aspect of the world and that links the student inextricably with Alma Mater. What we say to seniors applies with still greater force

to the three lower classes. The student who concerns himself solely with the work called for by the curriculum is harming himself. He is missing the social and athletic advantages which are a part, an integral part, of a college education. The student who makes the four walls of a recitation room the boundaries of his world, is losing a chance to see something of a larger, and more beautiful intellectual sphere. Debates, discussions, lectures and concerts play important rôles in our development.

The various societies are ready for applicants; the athletic teams want new material; classes need officers and committee men. Why should not *you* supply at least one of these wants if not more? Do not be merely a passive spectator of the four year drama being enacted here. Be a "super", if you can't be more; but get behind the scenes.

Hazing.

HAZING is becoming a relic of the past. In several institutions it has been relegated to the scrap heap. But when conducted in such a way that none of the participants is hurt and outsiders are not disturbed, little can be said against it. However, when police intervention becomes necessary, when the name of the college is brought into unwelcome notoriety and when fistic encounters mar the peaceful aspect of the campus, then it is time—and high time, too—to call a halt and to investigate. There is absolutely no reason why hazing cannot be done in a quiet way. A boisterous, public spectacle is farcical; but when hazing degenerates into free-for-all fights conducted every morning on the campus, it is time either to abolish the practice or to punish the self-control-lacking participants.

Journalistic Opportunities.

There are several positions on THE CAMPUS board open to students. Experience is not necessary to secure a place on the paper. High School men are urged to apply, especially those who have had experience on their high school periodicals. Applicants will please communicate with the editor in person at THE CAMPUS office or by a letter placed in the mail box in room 121.

1912 Microcosm Profits.

The tardy arrival of the "Mike" last June will bring down the profits of the book considerably. However, present receipts and due obligations indicate a slight surplus. Many books upon which deposits have been paid are still unclaimed. Students who desire to secure the book and have not paid the balance of the price are urged to do so at once. Several societies have not yet settled accounts with the business manager, and these are asked to do so in the very near future. Within one month a definite report of the annual's finances will be forthcoming. The business manager may be found every day during lunch period in alcove 4.

Whatever That May Mean.

The Natural History department is undergoing the process of fission. Room 320 will henceforth adapt itself to the function of initiation and be used exclusively for Introductory Biology. Room 319 will function as the center of Advanced Zoological research. Physiology will be given in Room 314, and Botany and Bacteriology will be considered in Room 313. The small room next to 313 has been fitted up as a preparation and stock room for the Bacteriological Laboratory.

Harmonious News.

Professor Baldwin's organ recitals will be resumed Sunday, October 1st, and will continue on Wednesdays and Sundays, as heretofore, at 4 o'clock. The program for the first recital is as follows: 1. *Toccata* in F, Bach; 2. *Andante 5th Symphony*, Beethoven; 3. *Seventh Sonata*, Guilman; 4. *Chant Seraphique*, Lemare; 4. *Elfes*, Bonnet; 6. *Berceuse*, Shelley; 7. *Overture, "Tannhauser,"* Wagner.

The first orchestra rehearsal will be held on Friday at 3 o'clock.

The Choral Society will be called together some time this week.

A committee has been appointed to arrange memorial services for Mr. Edward M. Shepard, late Chairman of the Board of Trustees.

Heard in Corridors.

The Menorah Society will hold the first meeting of the term this evening at 8 P. M. in Room 208. Plans for the coming term will be discussed, and all interested are requested to attend.

The C. C. N. Y. Student Zionist Society will recommence its activities on Friday, September 29th, at 3.45 in room 226. An interesting program has been arranged and visitors are cordially invited.

The French Library will be opened next week as a reading room. Books will be distributed for use to instructors, and Seniors and Juniors enrolled in the French Courses, and all other students recommended by their instructors. Dr. Delamarre will be the librarian. The reading hours will be posted on the door.

Drs. Breithut and Feinberg with the assistance of several of the advanced chemistry students will demonstrate at the Pure Food Exhibition to be held at Madison Square Garden from September 23rd to October 4th.

"Neuf Contes Choisis de Daudet", published by Henry Holt & Co., has been edited by Prof. Francois.

Mr. Stevens of the Physics Department has resigned to go to Princeton and Mr. Crawford of the same department has resigned to take charge of the telephone system of the Western Electric Co.

Mr. Weir, of Yale who succeeds Mr. Fred H. Rindge in taking charge of Industrial Work, visited the College last Thursday. An enthusiastic meeting was held during the lunch period and plans for philanthropic work were discussed. Men desiring to enter as volunteers in this field can see Mr. Bartlett in room 411, at any time.

The handbook supply is entirely exhausted. Suggestions for its improvement will be gladly received.

Professor Winslow.

Professor Winslow has been retained as an expert in the suit of the State of New York before the Supreme Court to prevent the State of New Jersey from discharging the sewage of the Passaic Valley into New York Bay.

Freshman Wanted.

The office of Ass't. Property Man is open to members of the '15 class. Nominations must be handed to the Secretary of the A. A.

Baseball and Tennis Managers are wanted from '13. Any members of the A. A. can apply. Ass't. Baseball and Tennis Manager will be selected from '14. All applications must be handed to the Secretary of the A. A. as soon as possible.

Yesterday, the first actual practice of the Basketball Team, took place. For the past week the team had been taking cross-country runs. Capt. Friedman, Propper, Zinovoy, Kaufman, Levitt, Kaplan, Southwick, Saltman and Ricca reported. Coach Palmer has instituted a new system of practice. Long shots and dribbling are now the style. No real scrimmage will take place until next week.

M. D. Alperin '12, and James Havender '15, a brother of the high jumper, reported for the Water Polo Team.

TOWNSEND HARRIS NEWS

BERNARD P. FINEMAN, Correspondent

Soccer.

The call for soccer candidates brought out about forty new men. Most of last year's crew came out also; but the new men have made such a good impression that the veterans will have to extend themselves to retain their positions. Captain Donovan of last year's team was there with all his old-time speed, and Sanders, who was prevented from playing much last year through ineligibility, showed excellent form at half-back. With a little coaching Harris' soccer squad bids fair to become as good a soccer team as the P. S. A. L. has yet had.

"H's" were awarded to the following men of last season's baseball team: Rank, r.f.; Hanley, c.f.; McErlean, s.s.; Betsch, p.; Dunn, c.; Buell, 1b.; Halpin, 2b.; Farrell, p.; Herbert, l.f., and Resnick, 3b.

Some of the A. A. officers elected last term did not return to school, so that the Council had to fill the positions thus left vacant. The officers for this term are George Kallman, president; M. Schecht, vice-president; Bernard P. Fineman, treasurer; John S. Lehman, secretary; Irving R. Kopkins, corresponding secretary.

After coaching the T. H. H. track team for six years, Doctor Cosenza has found it impossible to continue his work. He has trained team after team, and the thanks of the entire school are due him for his excellent work. Meanwhile the squad will be under the charge of Coach MacKenzie.

T. H. H. Athletics.

Henry R. Turchin was elected captain of the track team, and he and Manager McClane have planned an extensive indoor season. Men are wanted for the field events, so get busy, athletes!

The basket-ball situation has suddenly cleared. A number of new baskets have been installed in the gym, and it is now possible for our men to practise there. As there is a wealth of material, the chances are that Harris will have a very successful basket-ball season.

A wrestling team has been formed from the Harris Wrestling Club. It was coached all last term by Mr. Hansen of the Gymnasium department. Manager Yetkin has entered it in the P. S. A. L. Wrestling Tournament and expects a championship team. Murray A. Wachs of the team was at one time national amateur 105-pound wrestler, so that looks pretty much like a win in his class.
