College of Commerce

An act has been passed by both houses of the New York State legislature, empowering the City of New York to act in conjunction with the Board of Trustees of the college and the Chambers of Commerce for the purpose of founding a free College of Commerce. This bill is now before Mayor Mitchell for approval. If the mayor signs the bill, the Chamber of Commerce and the Board of Trustees will be able to develop plans for uniting the proposed school with the City College, thus bringing both under the same jurisdiction.

Debate with Fordham

A challenge for debate issued to C. C. N. Y. by Fordham University has been accepted by Professor Palmer. The arrangements call for two debates, one this spring and one in the fall. In case each college wins one debate, a third will be held in the winter. This year's debates will be the forerunners of an annual series of debates with Fordham.

The rules of the debate provide for three men on each team, each man to speak twelve minutes in his presentation and five minutes for rebuttal. The negative side will refute first, so that the affirmative side may be the last to speak.

The spring debate will be held on Friday night, May 15th, in the Great Hall. Fordham will choose the subject and C. C. N. Y. will select the sides. In the fall the debate will be held at Fordham, and the order of selecting subject and sides will be reversed. There will be three judges, one chosen by Fordham, one by C. C. N. Y., and the third to be named by the first two.

As soon as the subject has been submitted by Fordham, it will be posted on the Public Speaking Department Bulletin Board, so that all those who wish to try-out may prepare. The try-outs will be held during the Easter vacation—on Wednesday, April 15th. Any student registered in the college may try-out. He will be permitted to speak on either side of the subject for ten minutes, and may also, during that time, refute anything that has been said by a previous speaker. After the trials are over and the team has been chosen, Professor Palmer will submit the side, that C. C. N. Y. will defend, to Fordham.

Stadium Petition Passed

The Board of Estimate has recommended that \$50,000 be appropriated by the city for the improvement of the grounds of the Stadium, for lockers and showers, and for the construction of a fence around the field. This action was taken as a result of the student body petition submitted by the Student Council to the Board of Estimate. Their recommendation is now being considered by the Board of Alderman.

Prize Speaking Trials

Professor Palmer of the Public Speaking Department has decided on Tuesday, April 21 as the day for the Prize Speaking Trials. All Upper Seniors and Upper Juniors are eligible to try out providing they rate high in the department. All orations must be original and about seven minutes in length. The six men chosen on April 21st will speak on Prize Speaking night, May 8th.

Civic Convention

The Intercollegiate Civic League will hold its annual convention on April 2nd and 3rd. Delegates from every college and university of note in the country will assemble at Columbia on the first day and then they will travel to Washington where they will be received by President Wilson and Secretary Bryan. Before returning home, the delegates will be the guests of Justice Hughes at luncheon. Greenberg, Goodman, Harap, Benjamin and Regard will represent the college at the convention.

Adelphian Debate

At the Soph try-outs held on Thursday, Mr. Courtney chose as a tentative team, Grablowsky, Caro, Waldheim, Benjamin, Harrer and J. Greenberg.

The response to the call for Freshman try-outs was so great that it took Mr. Mosher two days to pick the Freshman Debating team, which consists of Drachman, Friedman and Schuster, with Shapiro as alternate.

Within the next few days, the Freshmen will pick the subject and it will then rest with the Sophs to choose the side.

The debate, to be held on April 24th in T. H. H., promises to attract a great deal of interest as both classes desire the banner for the further decorations of their alcoves.

Freshman "Mike Protest"

The Freshmen have withdrawn their protest against the "Mike." The Freshman Class and the "Mike" Board have arrived at an agreement whereby the Board will insert the picture of the "Fresh Feed" without any charge provided that the Class of 1917 takes at least fifty subscriptions for the new issue.

Tickets Issued by Political Science Department.

Tickets for Ex-President Taft's lectures on *American Social Conditions* delivered every two weeks at the Aeolian Hall may be secured from Professor Guthrie of the Political Science Department.

Get Interested in Your City.

A box has been placed in the lower concourse by the Department of Political Science for the purpose of receiving from students suggestions for improving municipal conditions of all kinds. Good suggestions will be given due consideration. The department is working in conjunction with the Bureau of Municipal Research.

Soph Dance

The Soph Dance Committee has reached a final decision. The dance will be held on Friday, May 15th in the Gym. and will be informal. Tickets will be \$.50.

Two fellowships in Mathematics are offered by the Rice Institute. Applicants may apply to the Dean, Houston, Texas.

The 1916 Mass-Meeting.

The class of 1916 held a mass-meeting last Wednesday at 1 o'clock in Room 306. Moerchen, President of the upper class acted as chairman. Jones, the athletic manager, urged the men not to forget about their duties to their class.

ATHLETICS.

The Indoor Meet.

Last Friday night C. C. N. Y. held one of its most successful meets. Its chief success is due to the fact that it brought out some unknowns who have real track ability. Lehman, Heyman, Skelding and Weinstein are the chief novices who performed creditably. Several old records were broken. A feature of the meet was the pole vault which was captured by Drake, who, by the way, is proving to be the college's best all-around athlete.

The individual star of the meet was Teddy Greenbaum who ran anchor man on his class relay and who won the two-twenty yard dash, thereby smashing one record and being chiefly instrumental in smashing another. Moonan ran him a close second for individual honors by capturing the four-fourty and running on the same relay. Scarlata deserves special commendation for his performance.

The meet drew out as many as two hundred entries. Everything scheduled for the evening took place. The summaries are as follows:

150 Yard Novice—1st J. Lehman '18; 2nd N. O'Connell '15; 3rd J. E. Solomon '16; 4th McDonald '17. Time 18.3 sec.

1916 Wins Twice.

Last Thursday afternoon, 1916 smothered last year's champions in their scheduled game in the inter-class basketball series. It was an up-corker of a game from start to finish, being one of the fastest ever played in any inter-class series. The score was 12-8. Spinner and Rivlin played well for 1916 and Aaronson and Schatzberg starred for 1915.

Not content with '15's scalp 1916 captured the "nanny" of 1917 by overwhelming them by a score of 21-8. The game was easy for the Sophs. Archer and McGill were the best players for 1916, O'Connell also playing well. Nuhlman and Stern played well for 1917.

Baseball at N. Y. U. To-day.

Another attempt to start the baseball season will be made this afternoon when we go up to N. Y. U. and try to duplicate what we did to them last year. This is the third game on our schedule. The game with Brooklyn College a week ago Saturday was postponed because of the poor condition of the field after the thaw and heavy rains. Last Saturday we were to have played Columbia on South Field but it rained. What will happen to-day? If old Jupe Plavin doesn't let up on us soon, we'll have to either play indoors or postpone the baseball season until Fall.

FACULTY NEWS.

Last Sunday afternoon Professor Overstreet spoke before the Women's Political Union on "The Argument from Obligations."

Professor Duggan spoke to the "Woman's Press Club" at the Waldorf Astoria last Saturday afternoon.

Professor Guthrie to Speak to Clio.

"The Administration's Mexican Policy" will be the subject of an address by Professor Guthrie before the Clionia Literary Society on April 3rd.

Professor Goldfarb lectured recently at the Fifth Avenue Baptist Church on "The Present Day Viewpoint of the Theory of Selection.

Dr. Brisco of the Political Science Department has written two books now being published by the Mac Millan Publishing Co. The first book on Labor Efficiency is complete and will appear during the summer months. The second is to be a college text-book on Salesmanship. Dr. Brisco has been working very hard on this subject, and as a result of his labors this will be the first book on Salesmanship to be used as a text-book.

The College Dance

ALTHOUGH the plans for a college dance fell through last year, the Student Council has this year successfully carried out arrangements for such an affair, which will be held in the gymnasium Wednesday Evening, April 29th. This dance will be the first of a series of annual college dances held under

the auspices of the Student Council and will be distinctive, inasmuch as the faculty, alumni and students have co-operated in preparation for the occasion.

Tickets, which are \$1.50, will be on sale in the college next week. The profits of the dance will be devoted to the Social House Funds. After a year of campaigning, these funds are still very low, so that all who attend the dance will be contributing directly to the sum which, at some future time, will be used in building a C. C. N. Y. Social House. Students should get their tickets as soon as possible and can ease the labors of the committee by urging all other students and alumni they meet to attend the dance.

Letter from the Dean.

To the Editor of the *CAMPUS*:—

Sir:

I should be greatly obliged if you would print the following announcement in regard to re-examinations.

All re-examinations in all subjects will be held on Monday, April 20th, at 9 A. M. Students of the Freshman classes will be examined in the Gymnasium, and students of the Sophomore, Junior, and Senior classes in the Doremus Lecture Theatre. The examinations will begin promptly at 9 o'clock, and students who are late may be denied admission to the examination rooms.

The time allowed will vary with the different subjects, the maximum allowance being $2\frac{1}{2}$ hrs. for any single examination and 5 hours for any two examinations. Those who have examinations in two subjects will receive the papers in both subjects at 9 o'clock and will be required to finish both before leaving the examination room.

The student who does not pass in any subject will be rated Failed in that subject and will be required to repeat it during the term beginning in September, 1914. If the failure thus incurred is in a subject which is prerequisite to one which the student is pursuing during the present term, he may be required to drop the advanced subject. In this matter different Departments will follow different policies, but the student who is interested may learn at the Dean's Office what the practice of any Department is to be.

On the other hand, a student who is carrying a deficiency in a subject which is prerequisite to one which he is pursuing during the present term, may, in the discretion of the Department concerned, be given credit without re-examination for the prerequisite subject if his work in the advanced subject seems to the Department to justify such action. But no student will be excused from the re-examination under this provision unless written authorization for such excuse is received by the Dean's Office from the Head of the Department concerned on or before April 9th.

Students deficient in Art or in Public Speaking will report for re-examination at the appointed time (9 A. M.

on April 20th), but not at the place or places above mentioned; instead, those deficient in Art will report at Room 416, Main Building, and those deficient in Public Speaking at Room 226, Main Building. If, however, a student deficient in Art or Public Speaking is also deficient in some other subject, he must in all cases take the examination in such other subject *first*, i. e., at 9 o'clock in the general examination room of his class, and report immediately after finishing it for his examination in Art or Public Speaking.

There will be no college exercises for any College class on the day appointed for re-examinations. For the Academic classes (including Upper A) recitations will be held as usual, and any College student who is taking an Academic subject will be required to attend recitation in such subject unless he has a re-examination.

Lecture on Socialism

Mrs. Rose Pastor Stokes lectured last Friday on "What the Socialists Want and Why They Want It", taking as her working definition of Socialism the "movement to make land and the social machinery upon which we are dependent for life owned and administered by all the people," she outlined some of the elementary principals of socialism and tried to eradicate from the minds of the students the erroneous impressions which, she believed, they had required. After her lecture, Mrs. Stokes answered many questions and objections offered by members of the audience.

The lecture was held under the auspices of the C. C. N. Y. chapter of the Intercollegiate Socialist Society. Professors Overstreet, Cohen, Turner and Parmele have been elected honorary members of the society. Membership is open to all who are interested in the vital economic problems of the day.

Those who desire to compete for the Gabriel R. Mason prize in philosophy must be members of the Philosophical Society by April 9th.

Dr. Wade Speaks to the Education Club

Last Thursday afternoon Dr. Joseph H. Wade, '83 Superintendent of Schools, District No. 1 delivered a lecture on "Foreign Classes in Evening Schools" to the Education Club. He said that young men and women college graduates are wanted to teach English to foreigners. In his opinion a knowledge of a few European languages is desirable. He urged those who want to follow the occupation of teaching foreigners to enter into their work with enthusiasm. Dr. Wade praised the fine scholastic training that is given in our college.

Clinton Club

The Clinton Club has decided to hold a smoker at the college on May 1st. Tickets are now on sale for \$.25. This is the second term of the club's existence and the club is well on its feet. It has entered a team in the High School Club Basketball tournament and is running off the smoker with the purpose of bringing together all former Clintonites in the college.

Circolo Dante Aligheri.

The Italian Society held a meeting last Thursday. The organization of a T. H. H. branch was discussed and active measures were taken in that direction. The term elections resulted as follows:

President	Chas. Cristiano, '14
Vice-President	F. Battistello, '14
Secretary	I. Castelli, '17
Treasurer	William O'Brien, '17

Engineering Society.

"Power of Niagara" is the title of a paper which Gottfried, '17 will present before the Engineering Society tomorrow in Room 102. Dates will be decided upon for trips, lectures, papers and the coming smoker.

Cercle Jusserand.

Instead of giving a French Play, the Cercle Jusserand will hold a "Fumage" some time during May.

Lovelorn Column—By Amor.

Dear Amor:—

I am a poor, but honest college student, in love with a young lady of eighteen. If I take her to theatre, to supper, and bring her home in a taxi, do you think I ought to kiss her.

Worried.

Not at all. You've done enough for her.

Out for a Dip.

"Mother, may I go out to swim?"

"Yes, my darling daughter;

Take a dip of the tango sort,

But don't go near the water."

B. O. W.

A Death Blow.

Dear Mr. Editor:—

You ask me what I think of the Ulster affair? Well, after a few more days of spring sunshine, I think it will be put away in moth-balls, with the other ulsters.

Contrib.

I was having my shoes shined, I was.

"And is your father a bootblack, too," I asked the boy

"No Sir, he's a farmer," said he.

"Oh" I said, reaching for my note-book. "He makes hay, while the sun shines."

Special Delivery.

Only an infant pippin,

Hanging on a limb;

Only a typical small boy,

Who breaks it with a vim;

Only a doctor's carriage

Standing by the door.

But why go into details?

The services start at four.
