Murray of Boston College, speaking for Massachusetts. His address was entitled "Universal Peace, the Great Ideal." The other speakers were Michael E. Reitzenberg of Syracuse University on "The Logical Trend of Peace" and Jermone H. Joyce, Jr. of Loyola College, Maryland on "Some Beneficial Aspects of Universal Peace." The Mike Debt Wiped Out.

At the Student Council meeting last Friday the news that the debt of the 1914 Microcosm had been paid was received with relief. The treasury of the Council for next term has prospects of being in a flourishing condition.

The Student Council Dinner Committee reported that the Student Council Dinner is to be held on the evening of May 23, in the Faculty Lunch Room. This dinner is for present and former Student Councillors who are now in college and members of the CAMPUS, the *Mike* and the *Mercury*. The tax is one dollar.

A motion was passed that the Council should petition the Board of Trustees to remove the last 3 days from the college calendar, because otherwise the examinations will directly follow recitation days.

A motion was passed to take up the proposition with the Faculty or the Board of Trustees concerning the hiring of a man to check valuables in the Gym.

Goodman '15, made motion to confer with Acting-President Werner concerning the establishment of an employment bureau for graduates. The motion was carried.

Professors and Alumni Support College Dance.

More professors and alumni attended the College Dance last Wednesday evening than students. After elaborate and careful arrangements had been made by the committee, the lack of student support was very discouraging. The dance from a financial point of view was a failure because no profit was made which could be added to the Social House fund. From a social point of view it was the most successful dance ever held, because it brought alumni back to the college and received the co-operation of the faculty. It was the first college dance ever held and has set a precedent, so that the Student Council will conduct one each year.

C. C. N. Y. Alumni Association.

An Alumni Association has been formed of C. C. N. Y. graduates now teaching in the High Schools of this city. Its purpose is to bring these graduates into closer relationship with their Alma Mater and to induce more High School students to come to the College. There are at present 150 C. C. N. ATHLETICS.

The Tables Turned.

Brooklyn College returned our visit last Wednesday, and after a close and exciting session went home with the short end of a 7 to 6 score. A large crowd was there to see us get even with the Brooklynites and they were not disappointed. The third and deciding game will be played soon.

The game was played as follows:

Crowe out, Lease to O'Connell. Harvey singled to centre, stole second and scored on McCaffrey's single. McCaffrey scored on Kelly's triple to deep centre and scored on a fly to Wright. Torrey fanned. 3 runs.

We came back with 3 runs as follows: Matthews and Meyers drew passes. A pass ball put Meyers on second and Matty on third. O'Connell's hit scored both men and he went to second on a throw to the plate. Darkey struck out. Manz singled to left field, scoring O'Connell. Manz got second on Kramer's sacrifice and stole third. Wright fanned. 3 runs.

Nothing happened in the second on either side. In the third we got 2 more tallies. Meyers got a two-bagger and Nick followed with a strike-out. Darkey lined out another double bringing Meyers home. Manz got two on a hit through Byrnes' slowing fielding. Kramer flied out to second and Schulberg stole home. Wright ended the inning by grounding out. 2 runs.

Brooklyn took the lead in the sixth, scoring 3 runs. McCaffrey doubled and got third on Kelly's hit. Beliveau scored McCaffrey. Torrey singled scoring Kelly. Kramer dropped Byrne's fly but forced Torrey out at second, Beliveau scoring. Tobin and Oliver flied out. 3 runs.

We won with 2 runs in the seventh. Meyers and O'Connell were out on hits to pitcher. Schulberg was hit. Manz poled a long double to right centre. Kramer followed with a double past the 1st baseman, scoring Schulberg and Manz. Rank batted for Wright and was hit. Donaldson batted for Lease and Rank was forced out at second. In the next inning Donaldson and Rank relieved Bennett and Meyers. Beliveau christened Don-

ney with a double, but nothing resulted from it. In the ninth Donney retired the side. The score:

Vol. XIV. MAY 6, 1914. No. 11.

To the Editor of the Campus,

Dear Sir:—

May I ask the courtesy of space in your paper for a few remarks on the College Dance. There are two things to be noticed especially. The dance was given for a cause which should be dear to every student—that of increasing the Social House fund. The dance was the most poorly supported by the student body of any yet given at college. President Finley, Professor Werner and the members of the faculty have for years encouraged a more social atmosphere within the college. This dance was supported most generously by them, yet when the students were given an opportunity for showing their social spirit, they were found sadly lacking. The alumni also encouraged the idea of a Social House by their subscriptions and attendance. It was therefore doubly unfortunate that there should have appeared hardly more than twenty-five couples who represented the undergraduates.

However this was our first Annual College Dance. May we remember what took place last Wednesday night and change our spirit by the time of the next dance. With many thanks, I am,

Sincerely yours,

Thomas E. Coulton '14,
Chairman College Dance Comm.

Commissioner Maltbie Speaks to Civic Club.

Dr. Maltbie, a member of the Public Service Commission delivered an address last Thursday afternoon under the auspices of the Civic Club. Commissioner Maltbie came at the invitation of Professor Guthrie. The subject of his lecture was "Public Regulation and Control." He traced the evolution of public regulation of utilities from the old system under the English Common Law and pointed out the workings of our present commission. He contrasted the evils of private control with the benefits derived from public control and said that it would be impossible to go back to the old state of private ownership of public utilities without public regulation and supervision. He urged that if a greater degree of power were given the commission, their work would be much more effective. After the address he answered the questions of the students.

The Civic Club will meet to-morrow at 12 in Room 306. The Panama Canal Tolls Question will be discussed.

Notice to Golfers.

All students who desire to play golf at Van Cortlandt and Pelham Bay Parks this Summer must obtain permits—price one dollar each—from the Commissioner of Parks, Borough of the Bronx.

Application cards for these permits may be obtained from Professor Schuyler of the History Dep't, Room 131.

The preparations for the new course of eighteen holes on the hill at Van Cortlandt are going on rapidly, and it is expected that the new portion will be ready for play some time during the Summer. This new course is a great improvement over the old one, inasmuch as the former congestion will be lessened.

Nathan Fasten '10, who until recently was a fellow at the University of Wisconsin, has been appointed instructor in Zoology at the University of Washington.

The Department of Natural History has received a valuable collection of microscopic slides belonging to the late Professor William Strodford.

Y. M. C. A. News.

At the meeting on Monday April 24, the Y. M. C. A. discussed the Northfield Conference, which will extend from June 18th to the 28th, and it was urged that all attend. The elections resulted as follows:

President	Everett Hood '15
Vice-President	John Boschen '16
Treasurer	J. Busch '17
Secretary	H. Moerchen '16

The meeting was followed by a dinner in the Faculty Lunch Room, where Theodore Martin of Hamilton College addressed the students.

Circolo Dante Aligheri.

An important business meeting of the Italian Society was held on April 30. Plans for the organization of the Junior Dante in T. H. H. were completed, and there was a discussion on the choice of the Annual Play to be given in conjunction with students of Normal College. A letter of sympathy to Professor Ettari, who is gravely ill, was drawn up and a literary program followed. It was decided to hold a meeting to-morrow at which all students who intend to take up Italian next term should be present. Members of the Faculty will address this meeting.

Menorah News

Last Thursday, the Menorah lecturer was Dr. John Shayne, the Canadian Commissioner General of Immigration. He spoke on "Zionism and the College Man," and brought first-hand news from the International Zionist Congress at Vienna, concerning the New University at Jerusalem.

The Menorah has succeeded in obtaining Dr. Stephen Wise to speak on May 21.

Newman Club.

On Thursday May 30, the Newman Club held the first of its Study Hour Classes. Professor Coleman addressed a large number of students and outlined the prospective work.

At the Thursday meeting of the Biological Society, Professor Winslow spoke on "The Auburn Water Case" and Sidney Kramer '14 read a paper on "New Discoveries in Parthogenesis."

Research Club.

At the next meeting of the Research Club which will be held on May 14, Professor Parmelee of the Department of Political Science will read a paper on "The Sociological Significance of Recent Anthropological Discoveries."

Professor Johnson, after visiting Gettysburg, Antietam, Bull Run and places of like note, returned to New York City. He has again left and was expecting, at his departure, to visit California and then Panama.

On Friday night, Professor Palmer will be one of the judges at the Princeton—Yale debate in New Haven, which will be on the question of Immigration and the Literary Test.

Professor Turner of the Department of Philosophy read a paper before the Philosophical Society last Thursday, on Thomas Aquinas' "Views on Evil."

Dr. Redmond of the Public Speaking Department was one of the judges at the N. Y. U.—Union debate last Thursday. The debate was on the Minimum Wage Question, which is the proposition of the C. C. N. Y.—Fordham debate.

Dr. Felix Grendon of the English Department has been appointed co-editor of the New Review.

In the current number of the "Annals of Mathematics" is an article by Dr. E. Whitford of the Department of Mathematics.

In the current issue of "National Municipal Review" appears an article by Dr. Mayers of the Mathematics Department on "The New York School Inquiry."

Mr. Weinberg of the Art Department has been engaged by the New York University to give two Art courses this summer at the Metropolitan Museum of Art. One is on "The History and Appreciation of Modern Art;" the other is on "Sculpture and the Decorative Arts."

On Thursday April 30, Mr. Weinberg addressed the pupils of P. S. 62 on "Italian Paintings in the Museum of Art." This is the first step in carrying out the work which the School Art League stands for—that of arousing a love for Art among the children of Public Schools.

Laughing Gas.

Not Found in Any Pony.

"When Orpheus went down to the Regions below,
Which men are forbidden to see,
He tuned up his lyre, as old histories show,
To set his Eurydice free .

All Hell was astonished a person so wise
Should rashly endanger his life,
And venture so far—but how vast their surprise
When they heard that he came for his wife !

To find out a punishment due to his fault,
Old Pluto long puzzled his brain,
But Hell had not torments sufficient, he thought,
So he gave him his wife back again.

But pity succeeding, soon vanquished his heart,
And pleased with his playing so well,
He took her again in reward of his Art,
Such merit had music in Hell."

Leb.

If it were fashionable to tell the Truth.

Professor Ima Nold Gink the well-known Latin scholar has written ten volumes on "The Difference Between Et and Que." The books will be published at the professor's own expense by the firm of Skinnem & Pluckein. About two sets will be sold and the rest will have to be given away.

Dr. O. Watta Flivver, the renowned economist lectured in the Town Hall of Hickville on "The Whyness of the Wherefore" last Wednesday. Two-thirds of the audience fell asleep and the remaining one-third, which consisted of Selectman Samuel Perkins, stayed awake because he had a bad case of insomnia.

In view of the fact that the Campus has the largest reading circulation of any college paper (that is to say a number of the students buy the Campus and the rest read it over the shoulders of the ones who buy it), the following poem has been inspired.

Snoops.

With apologies to Gelett Burgess.
 Don't be a snoop like John McMutt
 Who never buys a Campus, but
 Reads through and through in manner rude
 The copy of another stude.
 He is a snoop and doesn't know
 Such cheap-skate tricks bring us no dough.
Don't Be A Snoop.

Julian.

The Rarest Thing.

The rarest thing in all the world
 Would be just once to see,
 A poem with some meaning in
 The College Mercury.
