VOTE TO ELIMINATE SEVEN PRESIDENTS

Student Council Decides to Remove Class Presidents, Except President of Upper Senior Class from Council--Bouck White Affair Arouses Indignation--Secretary Salit Recipient of Important Communication from A. A. President.

Two important amendments were passed at the last meeting of the Student Council. The first amendment, in its final form, provided for the elimination from the Council of all class presidents with the exception of the head of the Upper Senior Class, and changed the number of regularly elected councillors. If the amendment is passed by the classes, two councillors will hereafter be elected from each Junior and Senior Class; while each Freshman and Sophomore Class will contribute one councillor. This will reduce the Council to seventeen men, and it will provide representation for the Freshmen.

The second amendment reads: "The term of a student councillor shall hereafter be one year. All February classes shall elect their representatives to the Council in February, while all June classes shall do so in September."

Both the amendments were proposed by Wittner, '18, and were strongly upheld by the President.

Bouck White Affair Discussed

The Bouck White "affair" was discussed and a committee was appointed to draw up a resolution protesting against what is alleged to be a gross violation of the freedom of speech in the College. The ostensible reason given for the alleged debarment of Bouck White, namely, some "red-tape" in connection with the granting of a lecture room, was dismissed by a few councillors as a flimsy and transparent subterfuge.

"Mike" Shows Profit

The 1915 Microcosm finally has a balance on the right side of the ledger. Its profit so far amounts to about \$50. The work of liquidation has been greatly hampered by the delinquency of the following college organizations: The Cercle Jusserand, the Varsity Club, and the Class Secretaries Association. The debts of outside creditors bring the sum total of assets to about \$50.

POWERFUL RADIO AP- PARATUS FOR COLLEGE

Gift of Alumnus--Has Range of 1,500 Miles--Dr. Goldsmith Superintends Installation.

The work in radio engineering at the College has just been aided by an important acquisition. Through the generosity of Gene Dunn, '89, and another friend of the College, entirely new antennae and ground for the reception and transmission of wireless telegraph or telephone messages has been installed.

The aerial wire system, which is stretched high over the buildings of the College, is one of the largest and most elaborate in this city or its vicinity. Under the lawn adjacent to the radio laboratory has been buried the large fan of heavy copper strips used to furnish the necessary connection to the earth.

It is expected that the receiving range of this station, with other new equipment which has been recently acquired, will be more than a quarter of the earth's circumference, bringing such widely separated points as Honolulu and Nauen (near Berlin) into communication with the College. The transmitting range for telegraphy is expected to be well over 1,500 miles, and for radio telephony over 600.

Dr. Goldsmith of the Department of Physics, instructor of Physics 17, a course in Radio-Communication, is supervising the installation of the apparatus.

"The measurements and calculations of distances in connection with this work have proved to be interesting and difficult problems," said Mr. McLoughlin, C. E., of the Physics Department last Friday.

At the beginning of the meeting Secretary Salit arose and after a portentous cough made the following statement, displaying a bulky, official envelope: "A gentleman has just presented me with this communication, which purports to be from Nathan Hale Lerner, president of the A. A. and which bears the inscription 'not to be opened until the Student Council meeting.'"

Continued on Page 2 bottom.

DISCIPLINE IN HANDS OF STUDENTS

Four Seniors and Three Members of Faculty To Judge Student Hereafter—Student Members to be Elected at Special Session of Council This Week.

The Faculty Committee on Discipline and Punishment, consisting of Professors Allen, Moody, Mott, Brownson, and Overstreet, in their report to the Faculty, recommended the appointment of a committee of four Seniors and three of the Faculty to take practically complete charge of all matters of student punishment.

The Student Council, in its meeting last Friday afternoon, elected a Nomination Committee to select Seniors as candidates for the position. The election will take place in a special session of the Council. The members of the Committee are Frank, Levine, and Hoffman.

The President of the Student Council, Krinowsky, asserts that the granting of this privilege is a landmark in the history of the Council. He said, "It must inevitably follow that the Council will be given the power to bestow charters and to revoke them."

The report of the Faculty Committee on Discipline and Punishment is appended:

The Committee respectfully recommends:

I. That action upon cases of discipline be given over by the Faculty to a Committee, with power, except that it may inflict the penalty of expulsion only with the approval of the President.

II. That such committee be a joint committee of seven: three members of the Faculty, to be appointed by the President, and four members of the Senior class, to be chosen by the Student Council in accordance with the following plan, viz., two Lower Seniors to be chosen at the beginning of each term, to hold office for one year; except that in the original formation of the committee two Upper Seniors and two Lower Seniors to be chosen, to serve for one term and one year respectively.

III. That such committee be instructed to take steps toward the establishment of the honor system.

IV. That disciplinary penalties in the form of suspension from work for part of a term, repeating work already satisfactorily performed, or otherwise losing credits be replaced by some form of "probation," including strict oversight of the student by the Dean, requirement of better quality rather than larger quantity of work, and loss

of privileges in "outside" college activities.

V. That the Dean be given charge of the discipline which is chiefly advisory or preventative; and that he be relieved as soon as possible of his clerical duties, by the transfer of them to a Recorder.

VI. That the present system of Freshman advisers be reorganized and made to include the co-operation of voluntary student advisers.

College Assembly To-Morrow

On April 15th will be held the first regular College Assembly under the auspices of the Student Council. The entire Faculty and Student body are expected to be present. All college activities exclusive of the assembly will be suspended during the hour. Attendance, however, will be entirely voluntary.

President Mezes has expressed his willingness to speak. As this is really his first address to the undergraduates since his introduction by Col. Lydecker, a large attendance is assured.

Professor Baldwin has consented to assist. The College Glee Club will sing several old but lively college songs. Plans for future assemblies will be outlined.

The assembly will not consume more than thirty minutes.

Dimes To Be Collected To-Day

During the second hour to-day each class will be visited by a Student Council Collector who will receive the semi-annual Council tax of ten cents. Samuel Levine, Vice-President of the Student Council, is in charge of the arrangements.

There are twenty-seven collectors and fifty-four classes to visit. Thus each man will visit two classes. The collectors will not be marked absent from their classes.

The money collected from the students will be used for the support of College activities. The project for a Student Lunch Room and Book Store will be furthered, and other plans for the betterment of student conditions in the College will be undertaken.

He therewith opened the enormous envelope, and drew forth its contents. The amazed Secretary then discovered that the momentous communication from Nathan Hale was a mass of scribbled scrap-paper, and that he had been the victim of a hoax. An outburst of mirth greeted the apparition of the weighty contents.

\$100,000 To Harvard From

President Mezes' Class
Harvard's class of 1890, of which President Mezes is a member, is preparing to celebrate its twenty-fifth anniversary. On Commencement Day the class will present the university with an unrestricted gift of \$100,000.

Other prominent members of the class are Norman Hapgood, editor of Harper's Weekly; George Rublee of the Federal Trade Commission; Augustus N. Hand, Federal Judge for the Southern New York District; Robert Herrick, the novelist and University of Chicago professor; Philip Littell, editor of the New Republic; William E. B. Du Bois, the negro leader and editor of the Crisis; Clinton T. Brainerd, publisher of the Washington Herald; Joseph Vila of the New York Sun; Homer Folks of the New York Charities Organization Society; Edwin V. Morgan, United States Minister to Brazil; H. V. Brown, Vice-President of the Du Pont Powder Company; Thomas W. Slocum, New York merchant; Edward L. Atkinson, President of the Brooklyn Polytechnic Institute.

Civics Club Delegation Journey to Washington and Meet President.

On Thursday, April 8th, five members of the Civic Club attended the 9th annual convention of the Intercollegiate Civic division of the National Municipal League held at Columbia University. Representatives from twenty-seven colleges, some as far west as North Dakota and as far south as Georgia and Texas, attended.

After a luncheon, President Butler and Professor Guthrie addressed the gathering. The delegates then adjourned to Carl Hall where a business meeting was held. Benjamin Warden and Harup took a prominent part in the discussion.

The business meeting was followed at 7.30 by a dinner at the City Club, after which the members journeyed to Washington where they met President Wilson and the Argentine Ambassador. They were invited to have tea at the house of Justice Hughes.

Deputy Health Commissioner

Speaks To-morrow
Dr. Haven Emerson, Deputy Commissioner of Health of New York City, will speak on "What the Public Can Do to Assist the Health Department in Its Work," in the Lecture Room of the Department of Natural History, on Thursday, April 15th, at 12 o'clock.

Dr. Emerson holds a position in the Department of Health second to that of Dr. Goldwater. His keen grasp and knowledge of the health of New York City should guarantee him a good audience.

City College Class of 1890 Has Dinner

The City College Class of 1890 held its twenty-fifth anniversary dinner last night at the Hotel Savoy. William Wood is the President of the class. The guests invited were the members of the faculty, who were teachers of the class in its undergraduate days.

"Clio" and "Phreno" to Debate in June
Cliona and Phrenocsmia will debate for the Kelly Prize on the Friday before graduation day.

The Clio team has just been picked and consists of James Gould, captain; Sidney E. Samuelson, and Bertram D. Wolfe; Abraham Schneider, alternate.

The subject for debate is "Resolved, That the United States maintain the Munroe Doctrine."

Theatre Party for Deutscher Verein

The Deutscher Verein and the students of German 11 will attend the production of Goethe's "Egmond" by the Deutsches Theatre Stock Company at the Metropolitan Opera House on Tuesday evening, April 20th.

Tickets may be obtained on application to Robert A. Halpern, '16.

Senior Hop, April 23rd

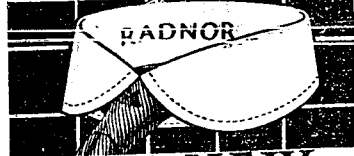

The Senior Hop of the Class of June, 1915, will be held in the Gymnasium on Friday evening, April 23rd. The committee extends a cordial invitation to the men of all classes to be present and enjoy this occasion. The dance will be informal and the subscription is seventy-five cents per couple.

Reexams "Harder"

Fully 25 per cent. of the students of the College took re-examinations Wednesday. They filled Doremus Hall and the Gymnasium Hall completely.

The general opinion was that the re-examinations were harder than the regular examinations given last February.

Re exams "Harder"

Fully 25 per cent. of the students of the College took re-examinations Wednesday. They filled Doremus Hall and the Gymnasium Hall completely.

The general opinion was that the re-examinations were harder than the regular examinations given last February.

Finley Club Gives Successful

Performance of "David Garrick"

"David Garrick," a comedy in three acts, was presented by the Finley Club Saturday, March 27th in Washington Irving High School. This organization is composed mainly of City College students. Among the invited guests were Commissioner Finley and Drs. Goldsmith, Hartman, and Otis. Mr. Philip James rendered several selections on the organ.

Dr. Finley spoke of the good work done by the boys and girls of the lower East Side. The object of the evening's entertainment—to supply shoes for some needy children—pleased the Commissioner greatly.

"The great consolation in my work in Albany is that my windows face toward the East Side of New York," he said.

He thanked the members for the honor and pleasure afforded him and hoped to be with them again on similar occasions.

He was vigorously applauded by the 1500 spectators.

No less generous were the spectators in their applause for the histrionic aspirants. "Yip" Hochberg as "Squire Chivy" was easily the chief fun-maker of the evening; and he was ably assisted by "Jack" Babbin and Allan Fair who at the end of the second act received bouquets from their admiring friends.

Berg, '18, then introduced Dr. Grady, Principal of P. S. 64, who in a few well-chosen words introduced Dr. Finley.

After the play the crowd went down to the gymnasium where they skipped thru the latest steps as laid down by Vernon Castle. Dr. Otis was an interested spectator of the dancing.

The receipts of the evening amounted to \$400. Of this, \$150 was profit.

Students' Gambels May

Result in Expulsion

A baby, big for his age, wearing a pretty white frock, socks and booties, inhaling a milk bottle, walked into the chapel of Rutgers College one morning last week. The infantile apparition rather surprised President Demarest who was about to offer a prayer. The Dean and members of the Faculty, in pious mood, seemed shocked. "Serpent and Coffin," a freshman secret society was about to initiate a half-dozen candidates and were putting them thru some stunts. The baby was not alone—what baby should be? With it were William E. Packard, who looked like a dancing girl long out of an en-

gagement and very seedy; "Budge," otherwise Alfred T. Garrett, one of the huskiest of Rutgers' eleven, clad in a gorgeous blue gown and a hat that fell over his eyes; Allen F. Conger, 6 ft. 2, a negress blacker than midnight, ejaculating "Lawd a massy, missus;" and Norman K. Eypper, with everything a plumber carries except money. At the sight the undergraduates rolled over each other in glee.

"Leave these sacred precincts!" thundered the President, "how dare you desecrate them?" The six strode out, the negress taking particular care of the more or less tender baby, and then went to a German class-room where they were promptly ejected. Followed by an increasing croud, they went to the New Brunswick Opera House and added greatly to the entertainment.

The students prophesy the best the festive six can hope for is a long suspension. If the Faculty remembers their own frolic days, the sextette may not be kicked out.

Dr. Silverman Speaks of

Discoveries in Glass Industry

Dr. Silverman, of the University of Pittsburgh, gave an illustrated lecture on "Glass" in the Doremus Lecture Theatre on Thursday, March 25th. The first part of his lecture was a technical exposition of the manufacture of glass. The second and far more interesting part was devoted to the glass industry. The lecture exhibited a large collection of specimens.

"What Constitutes An Educated Man"

The "Get-Together Club" of Hartford, Connecticut, will be addressed on April 19th by Professor Duggan on "What Constitutes an Educated Man."

Professor Baskerville to Represent College

Professor Baskerville will represent the College at the inauguration of Edward K. Graham, the new President of the University of North Carolina, which will take place on April 21st at Chapel Hills.

Reviews 2729 Page German**Latin Grammar**

Dr. Lease of the Latin Department has contributed to the current number of *American Philosophy* (pp. 81 F.) "A Review of Kuhn's Ausführliche Lateinische Grammatik." This work, according to the introductory note to the review, consists of three volumes with a total of 2729 pages.

Prof. Heckman Contributes To**Teachers' Journal**

Prof. Heckman contributed an article in the March issue of *The Journal of the New York State Teachers' Association*.

His subject was "How the College May Co-operate With the Elementary Schools in Dealing With the Exceptional Child."

Hunter To Honor President Mezes

The Faculty Club of Hunter College will tender a reception to President and Mrs. Mezes on April 17th.

Just before the holidays the Clinton Club held a reunion and smoker in the Faculty Lunch Room. All present report a "jolly good time."

Dr. Snyder of the History Department addressed the merrymakers.

Dr. Friedland To Lecture**on G. Bernard Shaw**

Dr. Louis S. Friedland is to lecture on *Russian Literature: its Philosophical Aspects*, before the New York University Philosophical Society, April 13th. On April 20th he will speak at the Educational Alliance on *Literature and Life*, and on April 24th at the University Settlement on *G. Bernard Shaw*.

Dr. Estabrooke Gives Public**Course in Chemistry**

Dr. William L. Estabrooke of the Chemistry Department will conclude his course on *Inorganic Chemistry* given at Public School 59 with lectures on "Carbon Dioxide," "Atmosphere," and "Combustion and Flame." The dates of the lectures are April 12th, 19th, and 29th, respectively. Public School 59 is situated at 228 East 57th Street.

"American Diplomacy"

On Thursday, April 8th, Professor Guthrie spoke in the Washington Irving High School on "American Diplomacy." He touched on all the diplomatic tangles of the last one hundred and twenty-five years and showed how the United States had threaded its way thru them to a satisfactory conclusion, employing the most honorable methods only.

His next lecture, "Steps in the Growth of the Commonwealth of New York," will be delivered on April 15th.

"The accumulation of a fund from the profits . . . which fund shall be used to aid, foster, maintain, promote realize or encourage any aim which shall go towards the betterment of College and student activities . . . This corporation is not organized for profit."
—Article of Incorporation of
The Campus Association.

Efforts at many colleges to stir up a dangerous militarist spirit, and in some cases to introduce a system of military training, seemed to a number of college men to offer a serious enough proposition to warrant the calling of a meeting in New York several weeks ago to consider the situation. At this meeting there were present representatives from Harvard, Princeton, Yale, Columbia, Cornell, Pennsylvania, and New York University.

The result of this meeting was the formation of the "Collegiate Anti-Militarism League," which aims to set before college men in all the colleges of the country the need of direct and forceful agitation against militarist tendencies and propaganda.

The college is not the place to institute military training, but quite apart from that question we must also consider what will be the tragic results of furthering the militaristic spirit at this time. Before us lies an opportunity such as has never before been presented to a nation. Shall we allow great increases in our army and navy; shall we pass bills appropri-

THE CAMPUS

ating to the uses of war still more of that Federal Revenue of which 72 per cent. is at the present time being spent on the Army and Navy; shall we start even to train our college men to fight, and then go to the warring nations of Europe, offer ourselves as mediator in the struggle, propose as one of the conditions of peace some sort of disarmament agreement—and expect them to receive these good offices otherwise than with sneers?

The newly-founded organization is planning an active campaign against militarist agitators, whether half-informed laymen or professional army men. It appeals for support in every college and asks those men interested to communicate with the Secretary, John Temple Graves, Jr., Princeton, N. J. The other officers are Karl G. Karsten, Columbia, President; Arthur Fisher, Harvard, Vice-President; and A. L. Trachtenberg, Yale, Treasurer.

"Campus" To Investigate

Bouck White Affair
In response to the numerous inquiries and complaints, THE CAMPUS is undertaking an independent investigation of the Bouck White affair. It is alleged that he was denied permission to speak at the College.

"Campus" Praised by Student Council

At the last meeting of the Student Council, THE CAMPUS was highly lauded for its fearless representation and protection of student interests and opinions.

Mayor Approves Bill For Vocational Courses in the College

After a public hearing in the City Hall lately, Mayor Mitchell announced that he would approve of the bills providing for the offering of vocational courses and a course of lectures on city administration in the College.

Mr. McGuire is Peeved

"Seventy-five per cent. of the students of the College of the City of New York are sent there by parents who would pay for their education elsewhere if no free college education was open to them," said Lawrence McGuire, President of the New York Board of Real Estate Operators, to the Hudson County Board in Jersey City yesterday. "I characterize those people as community grafters."

"It is a community function to supply young men and women with a high school education," said Mr. McGuire, "but when we go beyond that we render a service which could be classed as discrimination."

CORRESPONDENCE

Student's Opinions Wanted

To the Editor of THE CAMPUS:

Sir: An agitation for compulsory military service for college men has been started by the National Security League. Various papers, such as the *New York Times*, *Puck*, and others, have advocated this idea and have attracted some attention by their proposals.

It is our belief that such a movement is unnecessary and in the highest degree vicious. Tho its advocates may declare that they are opposed to militarism, yet, wittingly or not, they are really fostering its spread. And of all times, to-day would seem to be the least opportune for such a development in America—to-day when other countries are most anxious for our friendship. The least that can be said is that college men should be left free to study a better way out of international difficulties, than the old and so drastically unsatisfactory one of high armaments, and military castes.

The proposal strikes all college men very close to home. The Collegiate Anti-Militarism League feels that there is a greater field for college men than preparation for war. Opportunities for social service are on every side, and their benefits far greater than those of military service, both nationally and internationally. Why should college men, of all the possible recruits, be drafted into an inadequate system of security. Should not they, of all the nation, be allowed to study more civilized methods.

We desire to get students' opinions on this subject as we wish to publish a symposium of student opinion on the subject of military camps, drills, and lectures. Hitherto high military "experts", Congressmen, and some college presidents, have given voice to their opinions on the matter, but the convictions of the American student, whose interests are most concerned, have not yet been heard. We would attempt to articulate his desires, but to achieve an accuracy in our results, we must rely upon your kind co-operation.

K. G. Karsten,

President Collegiate Anti-Militaristic League.

Sub-Station 84. New York, April 1st.

To the Editor of THE CAMPUS:

Sir: The New York University Commerce Chapter of the Intercollegiate Socialist Society extends its cordial thanks to you for the publicity which you gave to the Guthrie-Lee debate.

Student Council Tax and Amendments To the Editor of THE CAMPUS:

Sir: Two terms ago, the Student Council, in order to defray its expenses, instituted a tax of ten cents under the appellation of "Dime Day." Largely thru this, the Student Council has since realized its aim to unite all students in a Student Organization. With this in view, the tax was made permanent. The slogan "Dime Day" now passes into oblivion and the purpose of the Council becomes apparent in the new name, "Student Organization Dues." Tickets were printed last term and the same method of collecting the dues as in the individual classes obtained. But the applicability of the method was attacked by some recalcitrant critics. We therefore have recurrence again to the old method of collecting the dues during Recitation. The tickets, also, will be made out in the classes. April 14th is the date set. This is no collection, no tax, but Student Organization dues, paid by all members of the College with the evident intent of making Student self-government possible, by furnishing the Student Council with ample funds to enable it to realize its dreams of a Social House, Book Store, and Co-operative Lurich Room.

Incidentally, let me add that in harmony with the pronounced movement for Student Rule and Efficiency, two amendments were introduced in the Student Council to reorganize its membership. It was reduced last term by reducing the number by one from each class. This leaves the Freshmen class without any representation, and the ex-officio members still remain.

The first amendment would have the councillors elected by the February classes in February for a whole year, and by the June classes in September for the whole year, so as to have at least half of the membership experienced.

The second redistributes representatives as follows: two from every Junior and Senior class, one from every Freshman and Sophomore class, excluding all ex-officio members with the exception of the President of the A. A.

Sidney M. Wittmer.

President, Feb., '18.

C. C. N. Y., March 26th

It also takes this occasion to thank Professor William Guthrie for his generous assistance in making the meeting the success it was.

Bernard R. Rachmel,
President.

New York, April 1st.

Doors Closed to Bouck White?

To the Editor of THE CAMPUS:

Sir: Your journal has always been the truthful reflector of the attitude and sentiments of the student body, and therefore I deem it proper to submit the following matter to your notice.

The C. C. N. Y. Chapter of the Intercollegiate Socialist Society has had the use of a room, (usually room 126 or 306), on Thursdays at 12 M., for at least two years. Their application for the use of a room had never been refused before last Thursday, April 8th. The I. S. S. had invited Rev. Bouck White to speak on that day. Rev. White had consented. Everybody wanted to hear him. Room 126 was open for use at the time. *Why wasn't the use of the room granted?*

I have been told that some committee has to pass upon the advisability of allowing Rev. White to speak. Has this committee passed on the advisability of holding any previous meeting? I think not. I believe it is high time that the students themselves take a hand in the matter.

Alexander Brook,

C. C. N. Y., April 12th.

The salaries of college teachers with rank of professor range in this country from \$450 to \$7,500 a year.

The Milk Campaign

To the Editor of THE CAMPUS:

Sir: Will you kindly publish the following statistics of the financial side of the movement against the excessive prices, poor quality of food, and poor service of the Lunch Room. We secured pint bottles of Borden's milk at 55 cents per dozen. The expenditure column includes, besides the cost of milk, that of straws and phone calls when the demand for milk greatly exceeded the supply.

A. H. Dick, H. S. Fischer, M. E. Susseles, L. Singer.
C. C. N. Y., March 23rd.

T. H. H.

To the Editor of THE CAMPUS:

Sir: There has been some discussion recently as to whether Townsend Harris Hall should be moved to some other location and in its place the College of Commerce be inaugurated. Certainly the students of Townsend Harris add nothing to the dignity of their surroundings. To see them romp about the campus, madly chasing a rubber ball, one would imagine that a kindergarten class had been let loose. And now, some one will remind us that we were once children ourselves and did the very things that these lads are doing. That, however, is no reason why the college students should be sat on the same plane as the Harris students. Let us remember that to the outside world the Lower C student in Townsend Harris is a City College man and that his actions are viewed with this point in mind. Little wonder, then, that a business man once asked a Senior in the College what college he was going to after he graduated. Such a state of affairs should not exist. It is up to us as City College students to try to remedy this condition.

Andrew Livingston.

C. C. N. Y., March 17th.

Tennis Team Promises Well

The tennis team has started in training, and will meet Columbia on the 16th of this month. The team stands a very good chance of cleaning up this year as the team is the best in years. The first three positions are practically assured. They will be held down by Capt. Joffre, Isaacs and Drake. There's a scrap for fourth place among the twelve other candidates and the winner will have to go some.

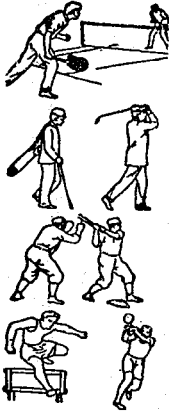

Checker Tournament This Week

A checker tournament is being held in the Freshman Alocve this week.

The four highest players will form a team to compete against the various high schools of the city.

ATHLETICS

WEEKLY CHAT WITH VIC.

Friday night, Mar. 26th, 1918 started off with a spurt to capture the Annual Inter-Class Meet but 'er wind gave out and at the finish it was a toss-up as to who had won. Due to a lack of official announcement, we do not know who came out at the big end of the score but the winner is just about one-half point ahead of the second best team. The races were pretty well contested. Only one record was broken—the pole-vault by Donaldson, '18 who cleared

the bar at 9 foot 6 inches—just one foot better than the record hung up by Joe Drake last year. Hervey, '19, fell one inch short of tying the long-standing high-jump record of 5 feet 6 inches.

The following are the results of the events:

100 yard Dash—(1) Weinstein, '17, and Lehman, '18, (3) Horowitz, '17. Time: 12—3.

220 yard—(1) Margolis, '17, (2) Murray, '19, (3) Shulman, '16 and Soos, '17. Time: 27—2

440 yard—(1) Moonan, '17, (2) Vriens, '18, (3) Friedman, '17, (4) ? Jones, '18. Time: 53—1

880 yard Handicay—(1) Schattman, (30 yards), (2) Farola, (15 yards), (3) Skelding, (scratch), (4) Rabinowitz, '18, (20 yards). Time: 2'—18".

Mile Handicap—(1) Schwartz, '17, (scratch), (2) Tucker, '18, (3) Baehr, '19, (4) Siegel, '18. Time: 5'—32"—3.

300 yard Novice—(1) Halpern, '16, (2) Brillstein, '18, (3) Mannheimer, '17, (4) Meltzer, '18. Time: 43".

600 yard Novice—(1) Roller, '18, (2) Mabel, '17, (3) Morris, '18, (4) Lehrman, '18. Time: 1'—3"—2.

Running High Handicap—(1) Hervey, '19, (scratch), (2) Hallberg, '18, (3 inches), (3) Kassaroff, '17, (2 inches), (4) Schawelson, '17, (6 inches). Height of winning jump: 5 ft., 5 in.

Running Broad Handicap—(1) B. Cohen, '18, (8 inches), O'Connell, '15, (scratch), Barrett, '18, (scratch), Hoff, '18, (6 inches). Distance: 18 ft., 1½ inches.

Shot Put Handicap—(1) Rudnick, '8, (2) Napoleolo, '17, (scratch), (3) Schwartz, '17, (4) ———, '19. Distance ———.

Pole Vault—(1) Donaldson, '18, (2) Drake, '16, (3) O'Connell, '15. Height of winning jump: 9 feet, 6 inches—new record.

2-Mile Run—(1) Scarlata, '16, (scratch), (2) S. Cohen, '18, (60 yds.), (3) Kilpatrick, '15, (200 yds.), (4) Weinberg, '17, (150 yds.) Time: 11'—3".

Zowie! That 440 was a peach! It was the event of the evening and Jim Moonan had to travel some to beat Vriens. Jim felt that he did better time than when he broke the record last year, but on account of the inaccurate clocking, he was robbed of the glory.

Look to your laurels, ye sprinters. Murray, '19, is a comer and he proved it at the meet. Murray tripped at the start, but he gathered up his loins and sure 'nuff he came in first in his heat.

Which reminds me that we ought to see our conquering heroes sporting gold watches pretty soon. The Penn Relays are not very far off.

Of course, Joe Scarlata beat the bunch to it. Why when he uncorked that spurt of his, the others had as much chance as a barrel of beer at a German picnic.

What do you think of our versatile swimmers, Killpatrick and Baehr. They both placed in the distance runs, "Killy" taking third in the 2-mile Handicap and Baehr third in the 1-mile Handicap. Looks as if our mile track relay ought to clean up at the Swimming Champs next year.

We suttinly have a find in Donaldson and Hervey. Don ought to be doing about 10 feet, 5 outdoors. Hervey is only a Freshie which promises well for the future.

And as for the Stevens Meet—pish, tut, and piffle. It's a foregone conclusion. We're too good.

We are,—

By gum!

We are!

V. S.

Seniors Beat Sophs in Inter-Class Series

The Seniors kept up their winning streak by beating the Sophs in an Inter-Class Basketball game last Friday afternoon. The Seniors had a job of it all the way till the score stood 9-9. Thereupon they ran away with it, piling up 9 points and going strong when the whistle blew. The final score was 18-12. This victory gives '15 the lead in the race.

The standing of the teams in the Inter-Class Basketball Series at present is as follows:

Class	Won	Lost	Pct.
'15	3	1	.775
'16	2	1	.667
'18	2	1	.667
'19	1	1	.500
'17	0	4	.000

Only two games remain to be played, '18 vs. '19 on Tuesday, and '16 vs. '19 on Friday afternoon. Should '19 lose both games there will be a triple tie between '15, '16, and '19. Should '19 win both there will be a tie between '15 and '19. Should '19 lose one, there will be a tie between '15 and the team that beats '19. Such a mix-up has never before occurred and the following games are going to be highly interesting.

On April 17th the first Inter-High School Club Basketball game will be played between the Morris High team and that of the Boys' High Club on the Parade ground of Prospect Park, Brooklyn.

The members of the Boys' High Club have elected the following men to represent them in the Inter-Club Baseball Tournament:

Rosenberg, P., McGill, C., Starback, 1st, Morris, 2nd, Lightcap, 3rd, Greenfield, C. F., Bronstein, S. S., Swolensky, R. F., Connolly, L. F., and Weinerman, sub.

On April 9th a team was entered to run against Manhattan College in the St. John's meet in the 13th Regiment Armory in Brooklyn. They returned with another victory.

C. C. N. Y. Losses Opening**Baseball Game**

We can furnish several good alibis to explain why we were badly beaten by Columbia's aggregation of "Stars From Other Colleges" in the game on South Field a week ago last Monday, but it must be admitted that our team as a whole has not yet attained that much talked of "midseason form." The Columbia batters got to Farrell for ten hits and six passes, which, with the timely aid of our basemen and outfielders, they scored thirteen runs. Our two hits were made by Waters and Smythe in the 6th and 7th innings but they didn't materialize. The game was called in the seventh inning on account of the frigidty of the weather. Score 13-0.

We are told that Stevens has a good team this year, but our boys, with the experience gained in the Townsend Harris game last Friday and the Brooklyn game yesterday, ought to give a good account of themselves at Hoboken on Saturday.

The Baseball Schedule is as follows:
April 10th. Stevens at Stevens.

" 21st. St. John's at St. John's.

" 24th. Practice game with 7th

Regiment at Jasper Oval.

April 28th. Manhattan at Manhattan.

May 1st. Seton Hall at Seton Hall.

" 8th. St. John's at Jasper Oval.

" 13th. N. Y. U. at Ohio Field.

" 15th. Brooklyn College at Bear Mountain.

Managers Elected

At the last meeting of the A. A. Board, Ornstein, '16, and Corrigan, '17, were elected Basketball Manager and Assistant, respectively. Schulman, '16, and Horowitz, '17 were elected to the Swimming Managerships.
