## GREEK PLAY TO OPEN STADIUM

Granville Barker and Company to Give "The Trojan Women" at the Dedication---Mayor Names Committee---Hopes Open-Air Classic Drama May Become a Feature of the City's Summer Life.

The plan to present Greek tragedies in the outdoor theatres of the country under the direction of Granville Barker which had its inception at a recent dinner given at Sherry's in honor of the English producer, is to be extended to embrace the new stadium of the College. On May 29th "The Trojan Women" of Euripides will be acted by the company Mr. Barker is assembling as a feature of the dedicatory exercises of the structure.

The plan for the opening of the stadium with a performance of a Greek tragedy was first suggested by George McAneny, President of the Board of Aldermen. Adolph Lewisohn, who gave the stadium to the College, was enthusiastic about the suggestion, as were President Mezes and the Board of Trustees, Arnold W. Brunner, the architect of the stadium, and Dr. John H. Finley, State Superintendent of Education, under whose administration as President of the College the gift was made by Mr. Lewisohn. It has been one of Dr. Finley's dreams that the performance of a Greek tragedy might dedicate the structure.

Mayor Mitchel also has taken a deep interest in the project and has corresponded with Mr. Barker at length about it. Mr. Mitchel attaches so much importance to performances in the amphitheatre that will appeal to large audiences and be of educational value that he has appointed a citizens' committee to co-operate with Mr. Barker in making the venture a success.

On the committee are:

Bernard M. Baruch, Chancellor Brown of New York University, Arnold W. Brunner, Mrs. Adolph Lewisohn, Samuel Lewisohn, President

Nicholas Murray Butler of Columbia, President Thomas W. Churchill of the Board of Education, Walter Damroch, Dr. and Mrs. John H. Pinley, Justice Samuel Greenbaum, President of the Educational Alliance, Arthur Curtis James, Otto H. Kahn, Thomas W. Lamont, Charles E. Lydecker, Clarence H. Mackay, Miss Lillian D. Wald, Felix M. Warburg, George W. Wickersham, Frederick G. Howe, Percy Mackaye, Paul D. Cravath, Walter Lippman, Bertram G. Goodhue, Donn Barber, J. Carrol Beckwith, Mrs. August Belmont, John D. Crimmins, Robert W. de Forest, Cleveland Dodge, John Drew, Elbert H. Gary, Norman Hapgood, Mrs. E. H. Harriman, George Harvey, William Dean Howells, Brander Matthews, Morgan J. O'Brien, Isaac N. Seligman, James Speyer, William D. Straight, Oscar Straus, William K. Vanderbilt, Frank A. Vanderlip, Miss Anne Morgan, A. Barton Hepburn, Dr. Samuel McCune Lindsay, Clayton Hamilton, V. Everitt Macy, and Lee Kohns.

In his letter to those selected for the committee Mayor Mitchel gives the impression that he believes the City College stadium may be made an important feature of the city's education and recreation, and that outdoor performances of classical plays and spectacles may be regular features of New York Summer diversion.

At the dinner at which the suggestion of the outdoor performances was made President Nicholas Murray Butler of Columbia was named to appoint a committee to perfect the plan. The committee named by President Butler follows: Professor Lewis F. Mott, City College; Professor George Pierce Baker, Harvard; Professor William Lyon

## PRESIDENT MEZES SPEAKS TO STUDENT COUNCIL ASSEMBLY

Phelps, Yale; Professor James E. Egbert, Columbia; Professor Frank Frost Abbott, Princeton; Professor Felix E. Schelling, University of Pennsylvania; Dean Emeritus Francis H. Stoddard, New York University.

At a recent conference the committee approved Mr. Barker's plans for the production of Euripides's "The Trojan Women," considered the greatest war drama ever written, and his "Iphigenia in Tauris." The translations of Professor Gilbert Murray, Regius Professor of Greek at Oxford, will be used. In England Mr. Barker and Lillah McCarthy have presented seven translations of Greek Classics by Professor Murray, though, on account of climatic conditions and the scarcity of outdoor theatres, most of them were acted indoors.

Keen interest has been aroused in the college world by the announcement of the performances and requests have been received from most of the universities equipped with suitable amphitheatres. Harvard has asked for two performances in the stadium in May; the Yale University Dramatic Association has requested one for May 15; in June Columbia, City College, and New York University will be patrons of at least two performances in the new stadium; Princeton wants a presentation on June 11 in its stadium as an event of commencement week, and the University of Pennsylvania has requested two performances next month.

Mr. Barker has already made considerable progress with his preparations. He has engaged the strongest company obtainable, including a chorus. The music for the chorus is being composed by Professor David Smith of Yale. Norman Wilkinson, one of the artists associated with the producer, has designed a portable stage closely resembling the stage or palace of the ancient Greek theatre. This will be taken down and moved from stadium to stadium.

Mr. Barker is convinced that the Greek tragedies properly produced will make a strong and inspiring appeal to all serious-minded people. He regards it as a great mistake to infer that only students of the classics can appreciate them, since they were written for the enormous audiences that assembled in the great ancient amphitheatres, and their appeal should be no narrower today than then. It is part of his plan that special arrangements be made for students of colleges and universities and that children of the public schools be admitted free.

**\$90.40 Collected on Dime Day It Is Announced---Musical Program Delights Audience --- Invitations To Speakers Must Be Approved By Committee**

The president of the Student Council opened the first Council assembly of the term last Thursday at 12 o'clock. Rettenberg of the '18 class played a selection from Liszt on the piano which merited and received great applause.

The College Glee Club sang college medlies and "The Bull Dog on the Bank." In the latter song all joined in on the chorus.

Mr. Krinowsky thanked President Mezes for his co-operation with the Student Council. He also announced that 904 students out of 1559 paid their council dues last Wednesday. \$90.40 was collected. This sum and that which is in the treasury are to be used for the co-operative book store and lunch room.

President Mezes made a short address in which he spoke of the value of assemblies of this nature. He said that he did not know how far the students were able to govern themselves but that he was interested in their efforts. The President advised that the students at all times exercise control in managing themselves.

The President said that no invitations were to be issued to anyone to speak at the College unless approved by the Faculty Committee on Assemblies. He wanted it to be understood that all programs might not be approved.

The exercises of Thursday, he said, were a fitting beginning for student assemblies.

### English Club Meets

The members of the English Department, assembled as the English Club, with Professor Coleman in the chair, dined in the Tower Room Thursday evening.

Some of the committees assigned to the several courses made provisional or supplementary reports as to proposed changes. A tentative list of additional elective courses was presented. Professor Mott discussed Raleigh's treatise on "Style."

The next meeting of the Department was called for Thursday at noon.

**THE CAMPUS**

**SENIORS FOR DISCIPLINE  
COMMITTEE ELECTED**

**David Frank and Alexander Kadison  
Elected From Upper Seniors—Sydney  
Samuelson and Daniel Krinowsky  
Chosen From Lower Senior Class.**

At a special session of the Student Council last Friday afternoon the student members of the new Committee on Discipline and Punishment, which is to consist of four Seniors and three of the Faculty, were elected. The men chosen for the position are: David Frank and Alexander Kadison, both of the Upper Senior class, and Sidney Edgar Samuelson and Daniel Krinowsky, of the Lower Senior Class.

The nomination committee, Levine, Frank, and Hoffman, elected by the Council at its last regular meeting, had canvassed the Senior Classes informally to ascertain the current opinion. Out of forty nominations, which they had received, five students were selected by the Committee from each class. The candidates proposed from the Upper Senior Class were: Frank, Kadison, Freiberg, Meyrowitz, and Schachner. The five men of the Lower Class were: Krinowsky, Goold, Shauer, Wolf, and Samuelson. Candidates other than those of the Committee were permissible.

The election of the Seniors for the Committee took place in two parts: two men were first chosen from the Upper Class to serve for one term, and then two from the Lower Class to hold office until February, 1916. After an earnest discussion as to the intrinsic qualities of the proposed candidates, the first ballot elected David Frank to the position with sixteen votes. The results of the first ballot:

Frank	16
Schachner	8
Kadison	6
Freiberg	6
Meyrowitz	4

The second ballot between Freiberg, Kadison, and Schachner showed the latter in the lead with nine votes. Kadison had six, and Freiberg was eliminated with five votes.

The third and final ballot gave Kadison the position, the nine Schachner votes remaining firm, while the supporters of Freiberg went clear over to Kadison leaving him eleven votes.

The second portion of the election was now in order. Tabor and Kasenbrach were nominated. Only two ballots were needed to determine the result. The first ballot was cast as follows:

Samuelson	10
Krinowsky	6

Kasenbrach	6
Wolf	4
Tabor	4
Shauer	3
Goold	1

The next balloting slipped the job into Krinowsky's hands by one vote. Kasenbrach had eight votes. The four men elected have exhibited considerable activity in their college careers. David Frank has served in the Council as a regular member for several terms, has been President of his Class in his Junior year, and was Business Editor of *The Mercury*. He is now the Upper Senior President. Kadison has been in the Council and was awarded the Clafin Medal for Greek, and the Ward medal for Logic. Samuelson has been in the Council for several terms, was chairman of the Junior Prom. Committee, and is Editor of *The Mercury*. Krinowsky is now the Student Council President, which sufficiently warrants his election.

The Faculty members of the Committee were appointed by President Mezes on Monday. They are Dean Brownson, chairman, Professors Overstreet and Moody.

**Evening Session Dance Well Attended**

Last Saturday evening the Annual Dance of the Evening Session was held in Gymnasium Hall. A large attendance of Faculty, students, and alumni featured at this year's dance.

The patronesses were Mrs. Mezes, Mrs. Duggan, Mrs. Robinson, Mrs. Storey, Mrs. Kost, Mrs. Compton, Mrs. Whiteside, Mrs. Otis, and Mrs. Costa.

**Prize-Speaking Try-Outs Friday**

Trials for the selection of six men to represent the Junior Classes on Prize Speaking Night, will be held on Friday, April 23rd at 3 P. M. in Room 221. Prof. Palmer expects a large number of entries.

## LONG DISTANCE WIRELESS AT THE COLLEGE

**Completed System Makes Possible Direct  
Communication to Points 6,000 Miles  
Distant**

Stretching high over the buildings of the College there has just been installed a wide fan of wires to be used for receiving and transmitting radio telephone messages. These very substantial wires, which are over 150 feet in the air and 600 feet long, seem like mere threads from the street. Under the lawn of the Main Building, there has also been buried a great quantity of heavy copper strip in the shape of a fan, this copper being used to secure the close connection to the earth, or "ground," which is so essential for long distance transmission.

The new aerial wires and ground have been presented to the College by Mr. Cano Dunn, of the Class of '89 and another friend of the College. Mr. Dunn, who is one of the most prominent electrical engineers in the United States, is himself a radio enthusiast of considerable attainments. The design and installation of the new apparatus has been done by Dr. Alfred Goldsmith, who has charge of the work in Radio Engineering given at the College. The men in this course are given full training in the engineering side of wireless, and then go into commercial or government service after graduation.

The probable range of reception on the new equipment is about 6,000 miles. It brings such widely separated points as Honolulu in Hawaii and Nauen in Germany in direct touch with the College. An interesting fact in this connection is that the time taken for the message to leap across the ocean from Germany to New York is less than a fortieth of a second.

A considerable amount of new apparatus for long distance is also to be installed shortly for use in transmitting wireless telegraph and wireless telephone messages. The range of transmission for the telegrams will be about 1,500 miles, and for the telephone messages about 600 miles.

When interviewed at the Radio Laboratory of the College, Dr. Goldsmith called attention to the phenomenal increase in the use of wireless in the last few years and the increased range and certainty of communication. "If we had been told that it was possible to send messages nearly a quarter of the way around the earth without the use of wires ten years ago," he said,

"even the most sanguine of us in the radio field would have entertained serious doubts. But this is the commonplace of to-day, and probably the radio telephone over equally long distance is not far distant. We may look for trans-oceanic radio telephony probably within the next few years. Military uses have contributed largely to the improvements in wireless. It is now possible for the headquarters of the army and navy of any country to keep in touch with the most distant parts of their forces or fleet by wireless. The messages are now sent in secret code, and in such a way that interference with them is hardly possible."

## STADIUM TO BE DEDICATED MAY 29th

**Field Not To Be Completed Until After  
That Time, Says Architect-Brunner**

According to a reliable authority, the Lewisohn Stadium is to be dedicated on May 29th.

Since the first spade-full of earth was dug by Dr. Finley two years ago, the work has been steadily progressing, and in May, one of the most magnificent stadiums in the country will be dedicated to the College. Altho the field will not be ready for immediate use, nevertheless Mr. Brunner, the architect, is of the impression that the structure proper will be completed by that time.

**Seven Enrolled For Military Camp**

Students at least 5 feet, 4 inches in height and between the ages of 18 and 30 are eligible for the military camp, which will be held at Plattsburg Barracks, N. Y., from July 5th to August 8th, inclusive. The applicant must be of good moral character; fair standing in class, and free from organic disease or any disability which will render the camp life dangerous to him.

The course will comprise drills, camping, signaling, field cooking, first aid to the injured, care of troops, talks on military subjects, a few days' march, and rifle practice.

The expenses will not exceed \$35.00. This sum will include clothes, board, lodging, and transportation. The Government furnishes tents, rifles, cots, etc.

The afternoons and evenings are left free for recreation.

Last year thirteen C. C. N. Y. men attended; this year an enrollment of at least twenty is expected. The men already enrolled are: McDonald, Lerner, Stern, Rupp, Bracken, Epstein and Joffe.

For further information apply to Prof. Clark, (Room 312), Mr. Holton, (Mech.-Arts Bldg.), or the first four students on the above list, who were at the camp last year. The bulletins and pictures in the concourse describe the camp fully.

**Debate of "Phreno-Clio" Changed**

The date of the "Phreno-Clio" Debate has been changed to April 30th. This annual affair will be held in T. H. H. "Phreno" will be represented by Weinstein, Schachner, Waldheim and Gitelson (alternate).

**Prof. Guthrie Speaks****Eloquently on Lincoln**

In the Washington Irving High School on Thursday evening, April 15th, Prof. Guthrie paid, it was declared, a great tribute to the memory of Lincoln, the "First American." In a voice shaking with emotion and uttering sentiments flowing with poetry, he spoke of Lincoln as the man "with the heart of a woman and the courage of a lion" from the time he first left Springfield, until his death.

Then Prof. Guthrie began his lecture "Steps in the Growth of the Commonwealth of New York," showing the growth of New York from the period of the Dutch through that of the English, from the English through the period of the Revolution and to the present day.

He will speak on "The Revival of Democracy" on Thursday evening, April 22nd.

**Newman Dance On 30th.**

The Newman Club's biggest social event of the year, the Dance, will be held in Carlton Hall, West 127th St., on April 30th. Of the Faculty, Professors Coleman, Fox, Drs. Linethan, Taaffe, Tynan and others will attend. Keller's Orchestra will furnish the music.

Walt J. Gallagher has charge of the tickets admitting two, which are \$2.00.

At the last meeting of the Newman Club, the following officers were selected to serve next year:

President	.....	McGill
Vice-President	.....	Mooney
Secretary	.....	Bracken
Treasurer	.....	J. Gehan
Historian	.....	D'Andrea

They will be installed at the annual smoker in June.

**"Bully" Minstrel Show****Given by Y. M. C. A. Men**

The Y. M. C. A. of the College will hold its annual excursion up the Hudson to Bear Mountain on May 15th. Wadleigh, Hunter, Columbia, and other city colleges will send large delegations.

The steamer "Albion" is to be hired for the occasion and will leave the Battery at 9 A. M. and the foot of West 132d Street at 9:30, journeying to Bear Mountain, about 45 miles up the river. Here the Varsity Baseball Team will play Brooklyn College. An opportunity for boating enthusiasts is offered at the nearby Highland Lake.

Tickets are fifty cents and may be secured from Moerchen, '16, or other Y. M. C. A. members.

Our Y. M. C. A. made a second venture in the Minstrel Show line this year on April 10th in the T. H. H. Auditorium. Boschen was interlocutor and McDonald scored a big hit in his impersonation of "Billy" Sunday. The other colored comedians gave good support.

On Thursday evening, April 8th, of the same week, a rehearsal given at Seamen's Institute, South St., was very favorably received.

The Y. M. C. A. wants men who live in Brooklyn to teach English to foreigners in the afternoon or evening. There is no remuneration for services.

Men interested should apply to Lawrence, Schroeder, Hanson or any of the officers of the Y. M. C. A.

**Mr. Robinson to Speak at City College Club**

At the next regular meeting of the City College Club, Saturday, April 24th, 1915, at 8 P. M., Mr. Robinson will speak on "Real Estate Legislation."

*"The accumulation of a fund from the profits . . . which fund shall be used to aid, foster, maintain, promote realize or encourage any aim which shall go towards the betterment of College and student activities . . . This corporation is not organized for profit."*

—Article of Incorporation of The Campus Association.

"I will stand as a friend of the City College in any attempts to reduce the budget appropriation," said Mr. McAneny, President of the Board of Aldermen at the annual banquet of the Associated Alumni of the College on April 10th, at which President Mezes was the guest of honor. "If economy is to be practiced on the city's part, the College of the City of New York and Hunter are the last places at which to start it."

The students of the College may well thank Mr. McAneny for his kind words. In the present critical situation of municipal finances, he becomes a friend indeed.

**Dr. Klapper Writes**

**"The Teaching of English"**

The Appletons announce the appearance this Spring of a book by Prof. Prof. Klapper of the Educational Department on *The Teaching of English*.

Prof. Woolston of the Political Science Department is to give courses in Sociology and Philanthropy at the University of Chicago during the Summer.

**Prof. Baskerville Lecture in New Orleans**

Professor Baskerville was a guest of Tulane University La., over the Spring Vacation and delivered several lectures before the American Chemical Society in New Orleans.

**Mr. Chase Illustrates Serial**

Mr. Chase of the Art Department has made eight book illustrations for "Pollyanna," a story now running serially in the *Christian Herald*, and which will appear in book form this Spring.

**Dr. Saxton on Heuristic Method**

Dr. Saxton, of the Department of Mathematics, read a paper on April 17th before the "Association of Teachers of Mathematics of the Middle States and Maryland," on the subject, "Heuristic method; its applications and limitations in Secondary Mathematics." The meeting was held at Hunter College.

**Last Lecture on "Altman**

**Collection" Saturday**

The last lecture of the course offered by Dr. Louis Weinberg of the Art Department on the "Altman Collection," will be given this Saturday at 4 in Classroom A of the Metropolitan Museum of Art. It will, as usual, be illustrated.

The enthusiasm of large delegations of C. C. N. Y. students at every lecture in the series and the general interest exhibited, has been remarkably lively.

**CALENDAR FOR THE WEEK**

**Entire Week—**

1:45 P. M. "Zionism," Menorah Lecture.

**Wednesday, April 28—**

3 P. M. C. C. N. Y. vs. MANHATTAN, in Baseball, Van Ness Oval.

## CORRESPONDENCE

To the Editor of THE CAMPUS:

Sir: Pull any word out of the dictionary, make a few hypnotic passes at it, waving it over your head, run through the streets with it and howl out its syllables in a terrified tone—lo, and behold, everybody will cringe before it and worship it.

In high school it used to be "school spirit" whether some one wanted to get a free pass to a game or a monopoly of supplying the baseball team with mitts, in your ears was always dunned that awful phrase, "school spirit." Dosed sufficiently with the interminable harangues based on that phrase, the poor victims would stagger worse than anyone loaded with a hoghead of Kentucky Rye. After a few years, however, it began to lose its effect because no one you met understood the word in the same way as anyone else. Only as soon as you wanted to crush the other fellow into submission, all you had to do was to accuse him of lack of "school spirit," and if he was not experienced he collapsed like a punctured balloon.

By the time you graduated the word had no effect on you—at least it seemed so, because the usual scare-headlines about "school spirit" never appeared in the college periodicals, when . . .

When along came Mr. Zagat. Reminding himself of his good old knickerbocker Ivaphoe days, he took out the ancient fétich and served up a part of it, putting it down on the menu card as "supporting the losing team." He probably expected the mere phraseology to convince us.

It doesn't.

Now why should we support a losing team? Does the team exist for the college or does the college exist for the coddling and petting of the losing team? Total lack of support in the first place, is impossible for there are always friends of the players who are interested in the individual men themselves; but for the rest, why expect them to hang on to a lifeless, colorless team? Any such expectation only leads them to disregard even the winning teams. Besides in as large an institution as C. C. N. Y. there is always talent for a respectable number of winning teams, and to potter about with a hopeless team instead of expanding in other directions where our talent will go further, is the height of absurdity.

Even a losing team gets practice, so that its members are benefited anyway; and the prestige of the college would

certainly be raised more by a few more winning teams than by heartier rooting for losing teams.

So we close with this injunction to Mr. Zagat: beware of that meaningless phrase!

Robert O. Loebel,  
C. C. N. Y., April 9th.

To the Editor of THE CAMPUS:

Sir: I would like to remind the student body, that the Clio-Phreno, debate, which is held semi-annually, is one of the oldest traditions of the College. The present debate will be the eighty-eighth thus far held, and the students are urgently asked to attend and make this affair the success which such an old custom deserves to be. Admission is free, and a most enjoyable evening will be assured to all.

Jacob Greenberg,  
Pres. Phrenocosmia Literary Society.  
C. C. N. Y. April 16th.

To the Editor of THE CAMPUS:

Sir: Allow me to utilize the valuable space in your journal in order to correct the erroneous impression that prevails in the College in regard to the C. C. N. Y. Chapter of the "Inter-collegiate Socialist Society."

To my great surprise, I have not as yet seen one student who did not think this organization was merely a product or a sort of branch of the Socialist party. Where they get this idea, I absolutely fail to see.

The aim of the I. S. S. is to promote an intelligent interest in the doctrine or philosophy of Socialism among the college men. The Society has no connection whatsoever with the Socialist Party or any other political party. We see society gradually adopting the principles of Socialism; we hear many great economists declare that Socialism is bound to be the next system of society in the civilized world and we ask ourselves, "What is that Socialism the whole world is talking about?" Is it not, therefore, important and almost necessary for every sensible college man to know the answer to that question?

It is for this reason that we have formed this organization—namely, to study this philosophy. Our aim is solely educational and instructive. I trust those men will hereafter look upon the I. S. S. from a different point of view, and appreciate the work that is being done with a better understanding of its motives.

Solomon Lasky,  
Sec'y of the I. S. S.  
C. C. N. Y., March 26th.

## PENNSYLVANIA'S RELAY RACES TO BRING TOGETHER A RECORD LIST OF COLLEGES

All Intercollegiate Champions of the East and West Will Be on Hand on April 23 and 24

Pennsylvania's Relay Races, to be held on April 23d and 24th, will bring together this year the largest number of schools and colleges that have ever entered any meet in the history of interscholastic and intercollegiate sport. Over 325 teams have entered to date, of which more than 80 are college teams. This means that the coming Relay Carnival will be bigger and better than ever. In one respect this meet outranks all other meets held in the United States annually. It is the most representative meet that is held. Colleges representing practically all the different sections of the United States have sent in their entries. The University of Southern California will represent the Pacific slope. The Middle West will be represented by practically all of their large colleges, including Chicago, Michigan, Wisconsin, Illinois, Kansas and many others. The East will of course be very generously represented as usual, as all of the big colleges and many of the minor colleges, have entered. Because of the representative character of the meet the special events and the relay races are justly regarded by the general public as the real Intercollegiate Championships of America.

The features of this year's meet will be the college championships as usual. These events have filled better than ever before. A very high standard of performance is sure to be seen in each of the championship events as there are in each event at least three colleges expecting to make a new record for the distance. The special feature of the meet will be found in the pentathlon event, which will be held on Friday, and a new special event, the medley relays for that day. For the first time a college all 'round championship will be held. The pentathlon event consists of five contests and the athlete making the best score in the five contests will win out and he will have the honor of becoming the all 'round college athlete of the year. For the first time a 440 yard relay race; a 56 pound weight for distance, and a hop, step and jump will be found on a big college program. In addition, Friday will see two new relay championships inaugurated. Both of these are medley relays. In the first the men will run the following distances: The first man 440; the second man 880; the third man three-quarters of a mile and the last man a mile. In the other medley cham-

pionship the first two men will each run 220 yards; the third man 440 yards, and the last man 660 yards. These special events and the pentathlon should form a most interesting addition to the Relay Carnival.

As usual, the entries for the special events are very noteworthy. All of the Eastern college champions are entered and many of the Western champions. Kelly and Drew of Southern California, holders of the World's Record in the 120 yards hurdle and 100 yards dash, respectively, are entered. Richards of Cornell, the Olympic High Jump Champion; Oler of Yale, the Intercollegiate High Jump Champion; Beatty of Columbia, the Intercollegiate Shot Put Champion and record holder; Nordell of Dartmouth, the Intercollegiate Broad Jump Champion; Milton of Cornell and Camp of Harvard, who are joint holders of the Intercollegiate Championship in the pole vault; Braun, the Intercollegiate High Hurdle Champion; Cronley of Virginia, the best hurdler in the South; Ferguson of Pennsylvania, the Intercollegiate Low Hurdle Champion; James of Northwestern University, the Western High Jump Champion; and Knight and Barancik of Chicago, the Western Intercollegiate Sprint Champions, are but a few of the men who will be found in the special events. In the relay races many other champion athletes will compete. For instance, in the one mile relay race will be found Lippincott of Pennsylvania, the World's Record Holder for the 220 yards dash, and Meredith, the Olympic Champion and half mile Record Holder. Harvard will have three men in Wilcox, Teschner and Bingham, all of whom have beaten 49 seconds for the quarter. Chicago will be represented in this race by the greatest quarter miler of the Middle West, Desmond, who has done 48-2-5 seconds. The Cornell Four Mile Team will have Speiden, the one mile Intercollegiate Champion, and Hoffmire, the two mile Intercollegiate Champion, as stars. Never before in the history of sport have so many really first-class college athletes been found in any set of games. Though the present World's Records are extremely difficult to break, some of them are bound to go on April 23d and 24th, if the weather is propitious.

In addition to the special events and the college championships, there will be a large number of college and school class races. In fact, the largest number of schools and colleges that have ever been seen on Franklin Field, will compete in these group events, many of which are really sectional championships. Those desiring to see the greatest athletic meet of the year should set apart April 23d and 24th and be on hand at Franklin Field.

ATHLETICS

WEEKLY CHAT WITH VIC.

Horace Greeley said "go west." The old scout was wrong this time. Our Baseball Team went far east (to Brooklyn) and came home with a victory. In short, our stickmen slaughtered Brooklyn College to the tune of 21-7, twelve of our runs being made in the ninth inning.

All was quiet along the East River, till Nick O'Connell started the rough-house in 4th session with a long drive for a single. In short order our boys crossed the pan with two runs to

the good. In the 6th climax, Nick started off again with a double. Cottrell fanned. Tommy Smythe singled, scoring Nick. Smythe stole second. Manz walked. With two on base, Tucker doubled, scoring Smythe, Manz on third. Waters singled, scoring Manz, Tucker on third. Waters stole second. Right fielder Riggs looked too long at Cairns' fly and dropped it, scoring Tucker, Waters going to third. On Kramer's single, Waters and Cairns crossed the plate. By this time, the fellows were pretty tired and they left off run-making for a while. The score now stood 8-2, the Brooklynites having made two runs previously.

In the eighth we secured one run, while the fellows across the river made four.

With the score 9-7 at the beginning of the ninth, our boys proceeded to put the game on ice. Before Felix popped up to short, our white-hopes had chalked up eight runs. By the time another man was out, we had netted four more. The home team did not score that inning.

The line-up:

	C. C. N. Y.					
	A. B.	R.	H.	P. O.	A. E.

Summary. Triple—Briggs, Smythe. Doubles—O'Connell, 3; J. Torry, 2; McCaffrey, A. Torry, Kramer, Lease, Cottrell, 2; Tucker, 2. Struck out—by Cairns, 6; by Tracy, 3; McCaffrey, 2. First Base on Error—C. C. N. Y., 5; Brooklyn, 5. Stolen Bases—Smythe, 4; Kramer, O'Connell, Cottrell, Waters, Belliveau, McCabe, McCaffrey, A. Torry. Left on Bases—C. C. N. Y., 4; Brooklyn, 4. Passed-Balls—O'Connell, A. Torry. Umpire—Wright, C. C. N. Y., and Bristol. Time of Game 2 hours.

Out in Brooklyn, when our batsmen had taken kind to their pitcher's delivery, the suburbanites had to use their second-baseman to throw the ball over the pan.

Captain O'Connell certainly had his work cut out for him on Saturday—three triples and a single. Nick is slamming the pellet all over the lot now-a-days and it's a treat to watch him grab the spheroid out of the air and off the ground around the first sack.

The keystone position was held down in fine style by Cottrell, a new man from Erasmus. Cottrell got three hits, scoring twice, two put-outs and two assists.

Talk about playing—you want to watch little Kramer spear the ball at short. Felix has been playing his usual fine game. On Saturday he started the game with a long two-bagger and thereupon proceeded to steal third. Which reminds me—in the Stevens game, after he had made third, Felix started for home, down with the pitcher's arm. The catcher was so flabbergasted that he dropped the ball and Felix easily scored. Some nerve, say we!

Nothing gets by Tommy Smythe out in center. Tommy gathers 'em in every time. Besides he's been doing some hard hitting of late. On Saturday, he took part in the swat-fest with a three bagger which could easily have been a home run, but Tucker, who was

coaching, kept him at third. Later he was robbed of another homer by a wonderful catch of Briggs out in center.

We would like to give the other players a write-up too, Cairns for pitching, Lease for his great catch out in right, et cetera. We want to get through, so we'll have to postpone the bouquet throwing.

Twenty hits and twenty-one runs is what we call class. Here's hoping for more of the same.

V. S.

**Clinton Club Forms B. B. Team**

The De Witt Clinton Club of the College is evidently planning to make this term one of the best in the club's annals. Another sociable is being considered, arrangements are being made for a theatre party and the baseball enthusiasts, having formed a strong team, are issuing challenges to all high school clubs of the college.

The club meets Thursdays at 1 in Room 209. Those interested in the formation of a schedule with the Clintonians are invited to the meeting.

**Phi Sigs Win First Inter-Frat**

**Basketball Game**

The first game of the inter-fraternity basketball tournament was played in the Gym last Thursday afternoon between teams representing the Phi Sigma Kappa and Delta Alpha fraternities. The first half resulted in a tie score, 4-4. In the second half the Phi Sigs made 7 more goals making the final score 18 to 4.

Baseball To-day—C. C. N. Y. vs. St. John's at Brooklyn.

**High School Clubs to**

**Arrange Baseball Schedule**

Representatives of the High School Alumni clubs will meet in Room 204 on Thursday at 12 to arrange an inter-club baseball schedule.

Manager Ornstein will meet in the A. A. room in the Gym to-day, at 1 o'clock, candidates for positions as junior assistants to the basketball managers.

**Fordham, 25; City College, 1.**

Showing a complete reversal in form from the work displayed the week before the Fordham baseball team fell on the nine of City College at Fordham Field last week and vanquished them in a seven-inning swatfest by the score of 25 to 1. The score:

## John Philip Sousa

The March King, says:

*"Tuxedo gives an absolutely satisfying smoke, fragrant, mild and pleasant."*

*John Philip Sousa*

## Tuxedo in the Day's March

All the vim, energy and enthusiasm you get out of a Sousa march you get out of the steady use of Tuxedo. Tuxedo is as cheering and inspiring as the "Stars and Stripes Forever," because Tuxedo is always refreshing, beneficial and wholesome. To be pipe-happy is on a par with being mind-happy. Then you can get the punch into life! And it's certainly worth while. The short-line to pipe peace is via

# Tuxedo

*The Perfect Tobacco for Pipe and Cigarette*

Made by the famous "Tuxedo Process," Tuxedo is the one tobacco in the world that will not bite your tongue, no matter how much you smoke of it.

The extra-choice Kentucky Burley leaf from which Tuxedo is made is acknowledged by experts to be the world's premier smoking-tobacco leaf. This is why Tuxedo is so mild and mellow, so pleasantly aromatic, so delicious in flavor.
