PROFESSORS SEAGER AND BASKERVILLE TO ADDRESS CIVIC CLUB

**Kern-McGilliguddy Bill to Compensate
Injured Federal Employees, Subject
of Discussion.**

Professor Baskerville and Professor Seager, both members of the American Association for Labor Legislation, will address the Civic Club in the Doremus Lecture Hall, to-morrow, on the Kern-McGilliguddy bill which aims to compensate injured federal employees.

Resolutions will also be read which will be submitted to Congress in favor of the bill.

In reference to the compensation of injured federal employees, The Evening Mail recently published a letter from Professor Baskerville on the case of Isadore Miller, one of his former pupils. While in the performance of his duty, Mr. Miller, assistant chemist at the Picatinny Arsenal, was seriously injured by an exploding shell, losing the sight of an eye, and thereby forfeiting his position with the government. Professor Baskerville protested against the injustice of this in the letter, declaring furthermore, that the victim has no redress.

FORDHAM GIVEN DECISION OVER COLLEGE IN DEBATE.

**Argumentative Factor of College Team's
Work Considered Excellent--Fordham,
With Speeches Memorized, Excels
In Oratory.**

Their oratory scoring, the Fordham University debaters bested the City College team, in a debate on the Philippine question at St. John's College, Fordham University, last Thursday evening.

Despite unfavorable weather, a large delegation was present. The subject of the debate was: Resolved that the U. S. grant to the Philippines independence as it did to Cuba. Note: That the process of carrying out this policy will be a gradual increase of native responsibility in government; to be culminated by independence not later than 1925.

In spontaneous analysis, the City College team was never equalled. The men spoke extempore, and met the issues logically but with no display of flowery rhetoric.

The City College team consisted of Bertram Wolf, James Gould, and Sol Biloon. Fordham's representatives were Paul J. McCauley, Francis X. Dineen, and Walter A. Lynch.

The judges were Anthony Hope, Frederick King, and Judge Davis.

STUDENT COUNCILLORS ELECT OFFICERS

Committee Appointed to Urge Removal of Academic Department—Schachner Defeated For Student Councillor in Second Election of June '15 Class.

During the course of a three hour session last Friday, Daniel G. Krinowsky, Feb. '16, was unanimously elected President of the Student Council for the term. Samuel J. Levine, Feb. '16, was chosen Vice-President, and Norman Salit, June '16, Secretary. Professor Downer was re-elected Faculty Treasurer.

Krinowsky served as Secretary of the Council last term, and has been one of its members for a considerable period; in his Freshman year he was the Financial Secretary of his class. Samuel Levine has been a Student Councillor for three terms; he is on the basketball squad, and is active in his class. Salit served as class Treasurer in his Lower Freshman term, and as President in his Lower Sophomore term.

Schachner was defeated in the election of Student Councillors of the June '15 class. Two elections were held for this office, the first having been protested. Schachner's defeat came as a surprise, as Schachner has served in the Council for seven terms and has been Secretary and Vice-President.

Schachner, however, will still continue in active work in the Council, being unanimously given the privilege of attending executive meetings.

A committee was appointed to consult the Board of Trustees concerning the removal of the Academic department from the College.

Schachner reported the financial condition of the 1915 microcosm. \$150. is owed to the printers; but as soon as all the organizations will pay their debts this bill will be settled.

The Associate Business Manager of the '16 "Mike," stated that all copy would go to press about April 15th, and that the new Microcosm would be ready for sale on May 15th or thereabouts. Professors Robinson and Coleman were elected the faculty advisers to the board.

An Assembly Committee was chosen to conduct farewell exercises to the retired Professor Werner and Professor Herberman.

Mr. Nissim Benham Urges Militarism
"We are weaker than Bulgaria, while our territory and wealth are immeasurably greater," said Mr. Nissim Benhar in a lecture delivered before the Civic Club last Thursday.

"We must prepare," continued the speaker, "and surely not disarm."

He admitted and deplored the fact that every country which has adopted a militaristic policy has drifted towards imperialism or ruin with the worst forms of despotism.

Therefore, he urged, that whatever military training we adopt must be founded and tempered by a democratic spirit. He pointed to the Swiss national militia and the system of military training followed by various educational institutions in this country as indicators of the practicability of such a scheme.

He concluded emphasizing his opinion that militarism without military castes or classes, if such is possible, should be the ideal of this country.

City College Club

Raising Building Fund

For several years an Alumni Club House has been the ambition of many members of the Alumni,—a club house not so pretentious as the Harvard or Yale Club, but yet one that will be a fitting rendez-vous for the hundreds of City College graduates who with passing years still feel a warm affection for their Alma Mater.

Sixteen alumni have already subscribed one hundred dollars each to a fund for this purpose and others have donated smaller sums. Bequests, donations and contributions to this fund will be gladly received.

The Secretary of the City College Club is Dr. Gabriel R. Mason. Communications should be addressed to him at 302 Madison Avenue.

C. C. N. Y. Student Appointed to Naval Academy

Ernest G. Herrmann, a Freshman in the college, has been appointed a naval cadet in the Annapolis Academy.

In the competitive examination held at Morris High School last week in which Herrmann came out with the highest percentage, Lewis W. Herring of Townsend Harris Hall came out third and was accordingly appointed second principal.

College Offers New Evening Courses

Several new courses are being given in the evening session of the College this semester, in chemistry, in ethics and philosophy, in theoretical biology, and in hygiene.

The gymnasium is this term for the first time open in the evenings, and all the required work in this department is being given, as well as an opportunity for voluntary exercise. The evening session now offers all the courses required in the College, and sufficient electives to enable a student to complete his work for a degree.

Registration is possible until the end of next week, though the regular registration period is over.

There are this term eighty-two State scholars enrolled as students in the College.

Single Tax League Offers Prizes

The Collegiate Single Tax League is holding a prize contest closing August 1, 1915.

As an incentive, the Society offers three prizes, the first of \$125., the second of \$50., and the third of \$25. The essays are limited to twenty-five hundred words.

To guide the ignorant landlubber on the single tax sea, they advise him to read Henry George's profound studies on the subject which are contained in his "Progress and Poetry," "Social Problems," and "Land Questions." Also as a "latter-day saint" they recommend P. E. Dove, whose work entitled "The Theory of Human Progress" is accepted as authoritative of the single tax position.

The essays must be handed in by June 1, 1915. The prizes will be awarded on August 1, 1915.

Cornell Students to Receive Military Training

A two-year course of military training will be required of Cornell students after the new hall, which is now being erected by the State on the Cornell campus, is completed.

It is probable that two regiments of 1000 men each will be formed by Lieutenant H. T. Bull, U. S. A., detailed to the University by the Government.

Literary Program at Deutscher Verein

At to-morrow's meeting of the Deutscher Verein at noon in the German Library, Barnason will talk on "The Minnesinger's and Their Influence on German Literature." A poem will be read by Jaehrling, and Adelsberg will talk on Goethe.

The Deutscher Verein held their second meeting last Thursday.

After some discussion it was decided to purchase buttons for the society. These are to be in the shape of an iron cross. The arms will be colored red, white, black and lavender, combining the colors of the German flag with those of the College.

Eichner '15, began the literary portion of the program with a discussion of the Faust of Marlowe, Lessing and Goethe.

Albrecht, '16, discussed the illustrations in several German magazines he had brought.

The members then sang a German student song in the chorus and adjourned.

Fond Farewell at Fifteens' Feast

Feb. '15 celebrated their last exercise at their Senior Banquet held at Murray's on the night of Washington's Birthday.

President Mezes, and Professors Guthrie and Woolston, honorary members of the class, were invited but were unable to attend. Philip Curoe '13 of the Dean's office was the guest of the evening and was presented with a meerschau pipe and a silver match-box for his work as coach of "Gym-Jams."

Souvenirs were little leather books with appropriate class data and Feb. 1915 stamped in gold on the cover.

"Teddy" Goodman was toastmaster and performed his pleasant duties in his usual inimitable fashion.

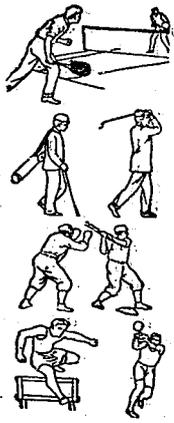

Subjects For Mason Prize Announced

The Mason Prize Contest for the best essay on "The Practical Aspects of Philosophy," "The Pantheism of Emerson," "The Fallacy of Determinism (or of Free Will)," or "The Philosophy of War" closes on May 15th.

Essays must be handed to Professor Overstreet. Each must be accompanied by a sealed envelope containing the writer's name.

ATHLETICS

WEEKLY CHAT WITH VIC.

This Saturday night March 6th, the Varsity will play a team composed of C. C. N. Y. Alumni. This time we shall not attempt to make any predictions as to the outcome not that we don't know who's going to win, for we do, but because we'd rather let you do the fortune-telling stunt. Here's the dope:—On our left, we have the Varsity, which has reached its stride and is playing championship basketball; on our right, an Alumni team composed, most

likely, such a galaxy of stars as "Ev" Southwick, "Darky" Schulberg, "Chick" Saltman and—and—and others whom you all know; now figure it out for yourselves.

There will be no dancing after the game.

If we were a Bromide, we would get off the old gag about, "we told you so." In our last, we mentioned the fact that the Varsity team would beat Franklin and Marshall again, and it did, and right royally too, by the score of 39-31. In spite of the rather large score, our boys led all the way. It was only in the second half that they were menaced, but, pulling themselves together, they put up an exhibition of ballplaying that would do credit to any team. Two minutes before the whistle, Coach Palmer again put in an entire second team and the Southerners despairingly settled down to finish the game. Within those two final minutes the seconds scored three points; a pretty shot by Tanz and a goal from foul by Simons.

To the writer, it seems that the team put up its best brand of playing Saturday night. Every player was up to tip-top form. The passing was excellent and at times, the grandstands literally rose up in a mass and cheered. Of course, Bronstein caged five goals by force of habit, while Drake, who played a dashing game, was also responsible for five. As for Lefkowitz, and Weinfeld, why, they simply

played their heads off. "Lefty" made three field goals and six fouls. Evans was the chief scorer for the visiting team, rolling up twenty-three points with seven field goals and nine fouls.

The line-up:
C. C. N. Y. Franklin & Marshall
McGill.....L. F.....Evans
Bronstein.....R. F.....Lobach
Drake, Smythe...Cen.....Porterfield
Weinfeld.....R. G.....Feagley
Lefkowitz.....L. G.....Berger
Goals—from field: Evans (7), Bronstein, Drake (5), Lefkowitz (3), Lobach, McGill (2), Porterfield, Feagley.

From Foul: Evans (9), Lefkowitz (6), Simons.

Well, well, well, and who'd a-thunk it? The biggest surprise of the evening came when the Freshies triumphed over Stuyvesant with seven points to the good, the score being 22-15. The Dutchmen are the Interscholastic Champs, having beaten both Clinton and Commerce, so we take our hats off to the Freshmen. Although the game was very fast and hotly contested the Freshies were in the lead from the beginning of the game to the very end. As usual, Javer was up to snuff, shooting eleven fouls straight before he missed one. He tallied twelve out of fourteen, all told.

The victory, Saturday night was the sequel to an easy triumph the night before, when the Freshies journeyed out to Lawrence High School, which they had no trouble in trimming to the tune of 33-15.

Now we'll take a long breath and get ready for our next.

Rules To Govern Inter-Class Basketball Tournament for Spring, 1915

Every candidate shall be a registered student at college.

Every candidate shall be affiliated with the class which he wishes to represent.

Every candidate shall possess a green or yellow athletic card.

Every candidate shall be a member of the Athletic Association.

No man who has ever received a uniform of the Varsity or Freshman Varsity teams is eligible to play.

No class squad shall consist of more than ten men.

The name of every player on each squad shall be submitted to the assistant basketball manager at least three days before the opening of the tournament.

None but the names of the players submitted to the assistant manager shall be permitted to play.

A game shall be forfeited when:

- 1.—A team fails to appear on the day scheduled.
- 2.—A team fails to have at least four men on the court ten minutes after the time scheduled for play to begin.
- 3.—A team fails to start the game fifteen minutes after the time scheduled to begin.

A game may be postponed by the mutual consent of the two class athletic managers, provided a suitable excuse is offered to the Board of Class Athletic Managers by the one or both class managers desiring the postponement at least two days before the day scheduled.

A game may be postponed if a class athletic manager petitions the Board of Class Managers at least three days before the day scheduled. It is then within the power of the Board to decide whether the game is to be postponed or not.

In all Board decisions at least five members shall cast votes, exclusive of the managers concerned.

In cases where a game is postponed, a date shall immediately be agreed upon by the two managers concerned, which shall in no way conflict with the scheduled dates.

A game shall be postponed but once.

In case of postponement, the class athletic manager concerned shall give some adequate publicity.

A referee for each game shall be selected. Before a game shall be played, the managers concerned shall agree upon, shall get the consent of, and announce the name of the official chosen

at least two days before the day scheduled for the game.

Three capable and official scorers shall be selected whose duties shall be to keep an accurate and complete score of each game played.

Each scorer shall be assigned to certain games at least three days before the day scheduled for the game.

The assistant manager shall have complete charge of the court during all contests.

The time of halves shall be fifteen minutes.

Inter-collegiate rules only shall govern all contests.

The captains and referee, previous to the opening of the game, shall discuss rules, ground rules, etc., so as to avoid any misunderstanding during the game.

All protests of the game must be submitted to either the chairman of the board of class managers or to the assistant basketball manager at least two days after the game has been played.

An All-Star inter-class team shall be selected at the close of the tournament by a committee consisting of Coaches Palmer and Williamson and M. Lefkowitz of the class of June, 1916. The team selected shall play an exhibition game against the Varsity at a date to be agreed upon at a later date.

*—Article of Incorporation of
 The Campus Association.*

I, the editor of THE CAMPUS, being officially responsible for every article appearing in the periodical, feel obliged to make the following statement anent the article concerning Mr. Herman A. Grablowsky published on January 14th, 1915.

Altho I believe this article to have been true in substance, I admit that the value of its publication or the publication of articles of similar nature, expressed in terms of usefulness or necessity is negligible. In addition I am sorry that the matter and method of the article in question smacked of the qualities that we commonly attribute to yellow journalism. That the article in question, by the method of its presentation, did more harm to Mr. Herman A. Grablowsky than his misdeeds

warranted, is a contention that courts serious consideration and if tenable, demands my personal reparation. The contention is tenable and I take this means of apologizing (with a sincerity which the assurance that these amends are not prescribed by any authority must lend to my apology) for what has been entirely and beyond the slightest doubt my indiscretion in permitting an article which justified the previously mentioned contention to appear in THE CAMPUS.

That a personal motive hostile to Mr. Herman A. Grablowsky prompted the publication of the article in question is absolutely false. A perfect realization of the significance of this assertion and a knowledge of the fact that THE CAMPUS has not knowingly overstepped the bounds of truth—that Mr. Herman A. Grablowsky has done wrong, and that he has been punished for his misdeeds according to the article published in THE CAMPUS of February 17th—are necessary for a correct appreciation of this statement.

(Signed) *George D. Hirsch.*

A prominent real estate dealer is alleged to have suggested to the Mayor's **The Curtailment Conference on City of Finances**, that in order to cut down the city's expenses, City College, Hunter College and some high schools should be abolished.

The curtailment of education because of its expenses, is proposed frequently,—the proposers being individuals who, when financial retrenchment is deemed advisable, attack that which we believe they themselves need the most.

THE CAMPUS

President Churchill, of the Board of Education, characterized the suggestion as absolutely absurd.

"I have heard that some such suggestion was made," he said. "It arises as a result of giving financial men control over what our schools shall spend.

"The public schools must depend largely on the College of the City of New York for teachers. We want to use New York teachers for our public schools instead of bringing them from the outside, and the boy or girl who hasn't a chance to go to some little country town school called 'college' must be given a chance to prepare here.

"The College of the City of New York and Hunter College are too deeply rooted in the soil to be wiped out. If such a thing were remotely possible, the people would rise in arms and demand that the action be stopped. But I am not worried, for such suggestions have been made for the past forty years, and nothing came of them."

Professor Baskerville Before Princeton Chemical Society

Professor Baskerville spoke before the Princeton Chemical Society, Thursday evening, on "Physical Chemistry and Anæsthesia." On Friday he addressed the Connecticut section of the American Chemical Society at Bridgeport upon the same subject.

Gilbert Shulman Resigns

Gilbert Shulman, Business Manager of THE CAMPUS and member of THE CAMPUS board for two and one-half years, resigned from office last Friday. Pressure of outside business is said to have been the cause.

CALENDAR FOR THE WEEK

Wednesday, March 3—
10.15 A.M. First Fire Drill.

Monday, March 8—
1 P.M. "Orthodox Judaism" by Dr. Drachman, Room 218.

Sunday, March 7—
4 P.M. Organ Recital.

Saturday, March 6—
8 P. M. Basketball—C. C. N. Y. vs. M. I. T. and '18 vs. Poly. Prep. in Gymnasium.

Annual Indoor Championship Meet at Madison Square Garden.

Thursday, March 4—
12 M. Social Science Society, Mr. S. Fieldman, "Socialism and Selfishness."

Classical Society, 220, Professor Ball, "Some Phases of Roman Humor."

Civic Club, Doremus Lecture Hall, Professors Seager and Baskerville, "The Kern-McGilliguddy Bill."

Deutscher Verein, German Library, Barnason '16, "The Minnesingers and their Influence on German Literature."

Wednesday, March 10—
11.15 A.M. Fire Drill.

Give me but the Liberty of the Press and I will give the minister a venal House of Peers,—
I will give him a corrupt and servile House of Commons,—
I will give him the full sway of the patronage of office,—
I will give him the whole host of ministerial influence,—
I will give him all the power that place can confer upon him to purchase up submission and overawe resistance, and yet, armed with the Liberty of the Press, I will go forth to meet him undismayed,—
I will attack the mighty fabric he has reared with the mightier engine,—
I will shake down from its height corruption, and bury it amidst the ruins of the abuses it was meant to shelter

—*Sheridan*

CORRESPONDENCE

It is not reasonable to suppose that all readers will agree with our editorial comments in their entirety. We would be pleased to receive letters on subjects discussed in our columns, and, in fact, on all collegiate matters of interest. Anonymous contributors will not obtain consideration, nor do the editors guarantee to publish all letters addressed to them. A most liberal policy, however, has been adopted, and readers having comments worthy of expression should take this opportunity to state their views.

The Campus does not necessarily support correspondents' views.

The Alumni Chapter in Washington

To the Editor of THE CAMPUS:

Sir: A college is famous chiefly in its alumni. The instructing corps, athletic prestige and scholastic attainments of any institution furnish less publicity and are not as instrumental in rendering their alma mater famous, despite the current opinion. It is the alumni who achieve prominence, that shed most lustre and glory upon their colleges. That is why C. C. N. Y. is so well known in Washington.

Of all the C. C. N. Y. Alumni Associations outside New York—and there are many—the Washington, D. C. Branch is perhaps the most flourishing. Any of the recent graduates and in fact those of succeeding classes who contemplate going to Washington to work, should by all means acquaint themselves with me at the U. S. Bureau of Standards, Pierce-Mill Road and Conn. Ave., N. W., now acting on behalf of the alumni chapter there. To find in some distant city a welcoming club of fellow-graduates which can by its broad influence benefit many a brother and be a constant source of good fellowship, has cheered the hearts of not a few of our men who have gone to distant parts in pursuit of their occupations.

And so to a few of our degree-holders who intend to enter the government service at the Capitol and to those who wish to become acquainted with other C. C. N. Y. Alumni in Washington, this opportunity is offered.

Julius Weissberger, '13.

Washington, D. C. Feb. 19th, 1915.

The Menorah Society

To the Editor of THE CAMPUS:

Sir:

May I address the following to the students of the College thru your journal?

Dear Fellow-Students:

You have now begun your course of study at the College with the hope that the liberal education and general training offered by this institution will help you to adjust yourself to your mental, moral and social environment. Soon you will find yourself absorbed in the study of the world's culture, its arts, its sciences and its philosophy. You will hear of the rise and fall of great nations, of mighty monarchies, of vast political systems. You may even go so far as to study the languages and literatures of people once in the vanguard of civilization, but now long extinct. There is one people, however, that you cannot ignore. Sooner or later, if you are at all logical and open-minded, you will ask yourself the question, "Why are the Jews still in existence? Why have they survived while great nations like Babylonia, Persia, Egypt, Greece and Rome have disappeared from the face of the earth?" You may ask, "Is there any meaning in the survival of this ancient people? If so, what is it? What is the history of the Jews? What is their culture, what are their ideals?" These and many more questions are bound to arise in your mind once you start to think.

The Menorah Society is an organization of earnest young men who come together for the purpose of studying and discussing these very problems. It is an academic society, whose aim is "the study and advancement of Jewish culture and ideals—it thus reflects in a particular direction the general purposes of a college." It is not a sectarian organization, nor is it a social one. Not only is no religious test required of any one in the college who desires to enter the society, but no religious tag is placed on anybody once he is a member. Rather, every member is free and on relevant occasions is desired to give the fullest expression of his own religious attitude, whatever it may be, in the open forum of the Menorah.

The first regular meeting will take place on Wednesday evening, February 24th, 1915 at 8 P.M. in Room 209. You are cordially invited to attend.

With Menorah greetings,

Yours sincerely,

George A. Horowitz.
President.

C. C. N. Y., Feb. 18th 1915.

Chemical Society Meets

At the last meeting of the Chemical Society, Dr. Feinberg gave an instructive lecture on "Aldehydes." Three types of reactions in which aldehydes enter, oxidation, addition and condensation were treated. Dr. Feinberg has specialized in this subject and has written extensively on its various phases.

Nathan Rauch '15 read a paper on "The Hydrogenation of Oils," i. e. the process of converting the cheaper animal and vegetable oils into hydrocarbons with hydrogen by means of a catalytic agent. A practical application was cited in the manufacturing of "Crisco."

The appointment of Roy Richard Denslow, Feb. '15, as assistant chemist at the Citro Chemical Co., Maywood, N. J. was announced.

The officers this term are Frederick Koster, *President*; Paul Gross, *Secretary*; and Dr. Breithut, *Consulting Chemist*.

Later in the evening, Professor Friedberg lectured on "Agricultural Chemistry," in the Doremus Lecture Theatre.

Finley Club to Stage "David Garrick"

The Finley Club, an organization mainly composed of Lower Sophomores, is to present "David Garrick," a comedy in three acts, at the Washington Irving High School, Irving Place and 17th Street, on Saturday Evening, March 27th, 1915.

Dr. Finley and Mayor Mitchell are to be the guests of the evening. An organ recital and a dance will follow the performance.

The fund to be derived from the representation will be given to the Public School Shoe Fund Committee, who will distribute the money among the needy children.

Tickets may be purchased in Feb. '18 alcove at twenty-five cents.

Fourteen in Roemer Prize Tryouts

Last Thursday, Goldberg, '17, Manz, '16, and Schiff, '17, were chosen to compete for the Roemer Prize. The contest was held in Room 221 before a gathering of about fifty students.

"The Highwayman" was the subject of Goldberg's declamation. "Shipwrecked" and "The Owl Critic" were rendered by Manz and Schiff, respectively.

Fourteen students participated in the try-outs; of these Frank Shapiro and Lindenbaum were at the heels of the winners.

The finals will be held on May 14th in the Great Hall.

First Fire Drill Today

Three fire drills have been announced by Professor Sickels, the first is to take place today at 10.15 and the two following on successive Wednesdays at 11.15 and 2 respectively. Instructors and students are requested to read very carefully the printed fire drill instructions.

Gymnasium Open for Voluntary Work

The Gymnasium will hereafter be open to regular, enrolled students of the Day, or Evening Session, for voluntary recreation activities, on Tuesday and Wednesday evenings from 8.30 to 10.30 and on Saturday afternoons from 1 to 5.

The gymnasium floor, the handball courts, locker rooms and showers will be available for general use, but the natatorium on Saturdays will be closed. Professor Storey is endeavoring to arrange for the opening of the pool on this day. It is probable, however, that this cannot be effected this term. The use of the gymnasium and pool at other than the regular hours has long been agitated by the students, and it is expected that at the times designated the number of students who will avail themselves of these facilities will be large.

The enrollment of the Evening Session class in the courses offered for the first time at night by the Department of Hygiene is reported to be considerable. Students of the night session are enthusiastic over the prospect of having gymnastics and athletics similar to those of the Day Session.

Track Team Talk

Bill Jones has resigned his position as Acting Manager of the track team; but you can't keep a good man down and Bill will continue to do things until his successor is elected.

Six teams have been tentatively entered in the I. C. A. A. meet at the Garden on Saturday. The best of these teams are the 300 and the 1000 relay.

There will be a one mile match relay between C. C. N. Y. and Fordham in the Manhattan College games.

Swimming Activities

On Friday, the swimming championships will be held at New Haven. Nick O'Connell has entered the fancy diving contest.

On Saturday, the following day, our amphibians will swim the middies at Annapolis.

Bill Jones will compete in the plunge for distance.

(Athletics continued on next page)

BRONZE STATUETTES FOR WINNERS IN INDOOR INTERCOLLEGIATES

Sixteen Colleges to Clash In Competition at Madison Square Garden on March 6th

An unusual trophy has been selected for the prize-winning athletes at the indoor collegiate games to be held at Madison Square Garden on March 6th. It consists of a bronze statuette of the Borghese gladiator, to be given to the members of the teams finishing in first, second and third places of each of the nine events. No distinction in the prize itself is to be made between those awarded to the members of the first three teams in either the relay or field contests. A metal plate affixed to the bottom, will be inscribed with the event, place, and name of winning athletes.

More than one hundred and twenty-five of these statuettes will be on exhibition at the Garden on the night of the

games, and will be distributed previous to the dinner tendered to the athletes which will close the meet. These are the most expensive prizes offered by the association since its formation in 1875. More than \$1,000 has been appropriated for this purpose as a special souvenir of the fortieth anniversary of the foundation of the association and its initial promotion of indoor track and field athletics. Competition for the trophies should be unusually keen, since more than fifty per cent of the affiliated colleges have entered teams.

Colleges and universities from the South and West will send their best athletes to oppose the stars of the Atlantic and N. E. Varsity squads. The N. E. colleges lead with six institutions represented, and New York State is second with four.—C. C. N. Y., Columbia, Fordham, and N. Y. U. being situated in the city.

Christy Mathewson

Famous Baseball Pitcher, says:

"Tuxedo gets to me in a natural, pleasant way. It's what I call good, honest companionable tobacco—the kind to stick to."

Tuxedo Keeps You In Good Trim

Christy Mathewson, lovingly known as "The Old Master," is probably the greatest pitcher baseball has ever known. This wonderful athlete is noted for his clear headed common sense, his quick wits, perfect physical condition, and absolute control over his nerves. His use and endorsement of Tuxedo *prove* that this inspiring and healthful tobacco is helpful to mind and body.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

just sort of oozes its gentle way into your life and suddenly you realize its powers for good—because it puts peace in your mind and a happy taste in your mouth. Tuxedo's flavor is so enticingly mild and delicately fragrant it will not irritate the most sensitive throat.

All the bite and sting have been removed by the famous "Tuxedo Process." This exclusive process of refining the very best Kentucky Burley tobacco has been widely imitated, but without success.
