## STUDENT COUNCIL'S PRESIDENT OUTLINES POLICIES OF COUNCIL IN LETTER TO PRESIDENT MEZES

### Co-operative Lunch Room And Book Store Among Reforms Mentioned--- Voluntary Student Assemblies Pro- posed.

The following letter was sent by the President of the Student Council to President Mezes:

Dr. Sidney E. Mezes, President,  
College of the City of New York.

Sir:

We, the members of the Student Council, advocate the following:

I.

#### REGULAR STUDENT ASSEMBLIES Conditions.

- (1) These shall be held on alternate Thursdays during the general off-hour between 12 noon and 1 P. M., wholly governed and supervised by the students.
- (2) By order of the president all other college activities shall be forbidden during the general assembly period.
- (3) Attendance shall be wholly voluntary. A student may go to the assembly or elsewhere, as he pleases.
- (4) But, the programs of these regular student Assemblies should be carefully planned, and should be of such an attractive nature that the entire student body will not hesitate to respond. Active student participation should be the keynote.

At the assemblies we may have:

- (1) Performances of the college orchestra.
- (2) Performances of the college glee club or choral union.
- (3) Playlets by the dramatic society.
- (4) Performances by the Ben Greet or Educational players on special occasions.
- (5) Student singing to be conducted by Prof. Baldwin.
- (6) Organ recitals.

- (7) Declamations by men chosen in Public Speaking classes 3 and 4; recitations to be short.
- (8) Recitals by prominent instrumental and vocal artists, volunteering their services.
- (9) Short addresses (not exceeding ten minutes) by prominent men, educators, social workers, and other professional as well as business men.
- (10) Short addresses by members of the faculty on current college matters.
- (11) Short addresses and announcements by representatives of the various societies, etc.

The program always of a varied nature. Advantages of such a Scheme.

- (1) It will serve to create a new, vital, social spirit in our college.
- (2) The men will be brought in closer touch with one another.
- (3) It will give plenty of opportunity for self-expression and of acquiring the extra good and wholesome things in college life.
- (4) They supply create the demand for even better and higher things.
- (5) It will furnish an incentive for the further growth and development of club activities.

II.

#### CO-OPERATIVE LUNCH ROOM.

To be operated under the supervision of the Student Council. A capable manager (chef) engaged and paid for his services.

All other help, such as waiting, dish washing, etc. to be furnished by students who, too, shall be recompensed according to the amount and quality of the service rendered.

Advantages of the New System.

- (1) The Lunch Room shall be operated for the benefit of the students.
- (2) Good, wholesome food.
- (3) Lunch Room is not to be run for profits.
- (4) Hence, food will be cheaper.
- (5) Needy students can be given an opportunity of earning food and money.

(6) The Council will be brought in more intimate contact with the general student body.

(7) Surplus to go into student council treasury, or to Social House Fund, and so on.

#### Limitations of the Old System.

(1) Little attention given to desires of students. No variety. Cheap cakes make up large part of stock. Meals not substantial.

(2) Desire for profits on part of the management caused exorbitant rates for fruits, milk, coffee, cocoa.

(3) Service inadequate, e. g. crowded quarters, lack of help, and so on.

Why a co-operative lunch room ought to be installed:

(1) There is a healthy demand for one amongst the students.

(2) There are men in the college capable of seeing the matter put on a successful working basis, e. g. men to-day employed by Mr. McConnell.

(3) It has proved successful in the high schools, especially De Witt Clinton High School, Boys' High School, Manual Training High School. The lunch room is managed by the General Students' Organization (G. O.)

(4) Many colleges and universities have operated successful students' lunch rooms, e. g. The Columbia Commons (best example.)

\*Note: For the immediate moment, we can take over the lunch room as it is now organized, in the matter of cooks, service, etc.

### III.

#### CO-OPERATIVE BOOK STORE.

##### Limitations of the Old System.

(1) Here also we find the work done not in a broad spirit of benefit for the college, but for personal profit.

(2) All the needs of the students are not met.

(3) High prices.

(4) Inadequate service.

##### Advantages of the New System.

(1) No profits.

(2) A large and varied stock to satisfy all the needs of the students.

(3) A number of students in need to be employed at such work.

(4) Any surplus funds can be turned into the treasury of the Student Council, and applied to many useful purposes.

(5) Instructors can be aided in getting a uniform system of supplies for the class, e. g. Chemistry note-

books, physics note-books, and so on.

#### Arguments in favor of co-operative Book Store.

(1) Many colleges have them, e. g. New York University, University of California.

(2) The scheme can be readily worked out.

(3) There is a demand for it.

(4) It is not necessary that the present incumbent be discharged. His experience can be employed by the Student Council; he may be made manager of the co-operative book store.

### IV.

#### STUDENT SELF-GOVERNMENT.

(1) Reduction of Board to smaller body.

(2) Insuring continuity of office in the body.

(3) Greater responsibility and power;

recognition of value in the eyes of the student body.

##### Limitations of the present system:

(1) Too clumsy a body for effective work.

(2) Functions not big enough to attract the best men in the college.

(3) The Council has no great power, e. g. Council has no power to enforce its regulations.

(4) Students disinterested in Council's work—hence, lack of college spirit.

##### Advantages of the new system:

(1) Smaller concentrated body means greater responsibility of members.

(2) Council work will become more effective, due to augmentation of powers.

(3) Ability to enforce regulations:

i. By issuing charters to college societies;

ii. By power of disciplining;

iii. By serving as mediator in class disputes, e. g. Freshman-Sophomore regulations.

(4) Will relieve faculty of petty disciplinary matters among the students.

(5) Graver breaches of discipline to be referred to faculty committee.

Respectfully submitted,

President, Student Council, College of the City of New York.

President Mezes has promised to carefully consider every proposal in the message, and he may himself take the initiative in several of the matters thus brought to his attention. Pending his action the Student Council is allowing these propositions to be tabled.

## CIVIC CLUB PLANS LONG PROGRAM OF ACTIVITIES

To Discuss Civic and College Problems—  
College Budget And The City To Be  
Subject Of Study.

The Civic Club is undertaking a program of work this term which will be of practical significance to the College. The work is to be carried out by a system of committees. Each committee, directed by a competent chairman, will have in its charge the working out of a civic problem. When the work of the committee is completed, its findings will be submitted at an open meeting.

Among the problems to be discussed are:

1. Should an elementary college course in civics be given? This will involve a statistical investigation of the Freshman class.
2. The College budget and the City.—An investigation aiming to give City College and New York City the students' point of view.
3. Municipal service and the College.—To what extent is New York City drawing upon our men for municipal service? How may this be extended?
4. College politics,—how can College politics be made efficient? Shall the Civic Club be vested with the power of supervising College elections.

The Club is seeking the membership of men seriously interested in the solution of these problems.

This term's program will include discussion hours lead by members of the faculty, a trip to Albany, the Inter-collegiate Civic League convention in New York and in Washington, a mock congressional meeting, exchange of papers with western clubs and a discussion of important state and national measures.

### Professor Sickles Satisfied With Fire Drill

The first of a series of fire drills was held at the College last Wednesday. The buildings were vacated in one minute. Professor Sickles, in charge of the drill, was satisfied with the results.

In spite of the bitter cold, the students seemed to enjoy the drill as was evidenced by the joyous parading around the campus.

"I was delighted at the orderly and gentlemanly way the boys behaved," said Professor Sickles who is the director of the fire drills. "I thought everything was very, very well done indeed," he added emphatically.

## STATE PEACE ORATION CONTEST IN GREAT HALL FRIDAY

Ten Entries---C. C. N. Y. Represented  
by Mortimer Cohen---N. Y. U., Fordham, Columbia, Manhattan, among  
Contestants---Pres. Mezes to Preside.

The New York State Peace Oration Contest will be held this Friday evening at 8.15 in the Great Hall. President Mezes will preside and Professor Baldwin will be at the organ.

Each of the ten contestants of this State contest has already won a prize of \$25. in a local contest at his own college. The contestants are Karl E. Agan, (Union College, Schenectady) whose subject is "Peace, the Final Goal of All Nations"; Remington Rogers, (Cornell University, Ithaca), "A Plea for Renewed Allegiance to the Cause of International Peace"; Walter A. Lynch, (Fordham) who is a member of the Debating Team which recently defeated City College, "The Paths of Peace"; Patrick J. McEnteyart, (Manhattan), "Peace Thru Education and Democracy"; Daniel S. Schwartz, (N. Y. U.), "Arms of Peace"; Lionel D. Edie, (Colgate University, Hamilton), "The Forge that Make for Peace"; Stephen J. Callender, (Syracuse University), "The United States of the World"; the representative from Columbia has been declared ineligible and the second choice will appear; the C. C. N. Y. contestant, Mortimer Cohen, "The Higher Nationalism."

The winner on Friday will receive \$200. A second prize of \$100. will also be awarded. Elimination contests will be held between the states and groups of states until one national representative is chosen for the Lake Mohonk Conference in May.

The last contest of such a nature in the Great Hall was held in May, 1914, when candidates of the North Atlantic Group contested. Louis Broido of the University of Pittsburg took first place.

### "The Government of the City of New York"—Subject of Drummond Contest

Announcement has been made that the subject for the Drummond Prize Essay is "The Government of the City of New York."

The essay should be a study of the present city charter; special attention also to be paid to the various bureaus and departments in Manhattan. Only upper and lower juniors are eligible. Essays should be entered by June 1st, and should cover fifteen foolscap pages.

## Library Receives New Books

Among the new books just received by the College Library are, "History of Painting," by Crowe and Cavalcasse; "Roman Ideas of Diety," by Wm. Warde Fowler; "Problems of Science," by Enriquez Federigo; "Careson International Law," by James Brown Scott; "The British Empire and the U. S.," by Wm. A. Dunning; "Knowledge, Life and Realities," by George Ladd; "Familiar Quotations," by John Bartlett; "Cases on Constitutional Law," by James P. Hall.

A plan is being considered whereby the circulation room may be open all day for the distribution of books.

Mr. Bliss, Deputy Librarian of the College, stated last week that the department is exerting all possible efforts to put the Library in a position to be of the greatest service to the student body.

## Milk Club Forces McConnell Down

The first meeting of the Milk Club was held on March 2nd, 1915, at 1 P.M.,

The members present expressed in no mild tones, the determination to continue their crusade against the Lunch Room in reference both to service and prices until the student body as a whole shall take definite action. They have arranged a method by which milk may be obtained at five cents per pint in the June '17 alcove.

Application may be made either to Fischer, '17, Lichtenstein, '19, or Dick, '17 for further information.

When interviewed Fischer said he had sold fifty pint bottles of milk and had received orders for at least one hundred more. He is very optimistic, he says, especially so since he has forced his competitor, Mr. McConnell, down to four cents.

## Chamber Music Society Formed

A preliminary organization meeting of another new society in the College, the Musical Society, was held last week in the Great Hall.

The purpose of the Society will be to promote the study of chamber music and vocal expression of a more difficult and advanced nature than that studied at present in the Glee Club. It will not interfere with the work of either the College Orchestra or the Glee Club; rather it is designed to supplement both. Professor Baldwin, who is to act as Director, has some interesting facts for prospective members.

## Princeton Follows With

## Military Courses

Next in line with Cornell, Princeton has decided to offer a voluntary course in military training after Easter, according to a recent Faculty ruling. This is the result of an investigation which covered several months, and it has the vigorous indorsement of President Hibben.

The course will consist of a one hour lecture each week, a series of excursions, and regular practice in rifle shooting over the indoor and outdoor ranges. The work will be under the direction of army officers detailed by the War Department. The Committee which had the matter in charge stated that if two or three hundred undergraduates attended the lectures and only twenty-five or fifty took part in the field work and rifle practice, the course would be considered successful.

## Dr. Pool Lectures On

## "Hillel and Jesus"

Last Wednesday, Dr. David De Sol's Pool gave the second lecture in a course on "Jewish Biography" before a gathering of the Menorah Society. The topic treated was "Hillel and Jesus."

The points of philosophic contact between Hillel, a famous Rabbi in his time and the Galilean were treated in a scholarly manner. Dr. Pool declares that many of the teachings of Jesus, as his attitude toward peace and the "Golden Rule" in a negative version, popularly supposed to be original, had been fundamental concepts of the race for ages.

Some interesting questions were answered after the lecture.

## Hyphenates to Discuss

## German Student Life

At the last meeting of the Deutscher Verein, Barnason, '16, spoke on the Minnesingers. Mr. Adelsberg read poems by Goethe and a story by Caesar Flaischlen.

At tomorrow's meeting of the Verein, Herman Jampel will speak on German students' smokers; John Hraba will talk on German students' songs, and Arthur F. Albrecht will review some of the recent plays of the German Theatre. Bernard Eichner will continue his talks on Faust.

The singing of German songs will close the meeting.

Anyone having a cold in the head and a running nose may apply for work with the U. S. Commission on Ventilation.

Eight Elected to Phi Beta Kappa

Eight members of the class of February, 1915, were admitted to Phi Beta Kappa,—Harry Eisner, Joseph J. Zweifel: Harry Eisner, Joseph J. Zweifel, fel; Aaron Freilich, Joseph Zimmerman, Abraham Schamus, Michael Ringer, Samuel Hirshberg and Alexander Markowitz.

Eisner, Zweifel, Freilich, and Zimmerman were "cum laude" members of their class.

Preno's Officers Elected

At the last meeting of the Preno-cosmian Literary Society, the following officers were elected: Greenberg, '15, President; Weinstein, '16, Vice-President; Waldheim, '16, Secretary; Kaplan, '16, Treasurer.

The coming Phreno-Clio debate was considered, and plans were discussed for selecting the team.

The Society, which meets every Friday evening in Room 209, is open to members of the Junior and Senior classes. Visitors are welcome.

"Socialism and Selfishness"

Sol. Fieldman addressed a meeting held under the auspices of the Inter-collegiate Socialist Society last Thursday. His subject was "Socialism and Selfishness."

Those expecting a philosophic discourse piled high with dry abstractions were disappointed because his talk was clear and entertaining. His main contention was that Socialism made for an unselfish community.

Enroll Students For Military Camp

Professor Clark and Dr. Holton are enrolling students for the United States Military Camp situated in Plattsburg, N. Y. The camping period is from July 5th to August 8th.

Last summer, thirteen City College men were at the Camp. Of the thirteen, four, Lerner, Stern, McDonald, and Rapp are still at college.

Newman Men At C. Y. M. N. Union

Rimbach, Brunner and O'Brien represented the Newman Club at the conference of the Catholic Young Men's National Union last week in the Holy Rosary Lyceum, 119th Street and Lexington Avenue.

Among other things, inter-club tournaments in swimming and baseball were arranged. The Newman Club will probably enter teams in both.

Rimbach is Secretary of the New York City Branch.

Registration at Night College

Registration in the Courses in Physical Instruction and Hygiene in the Night College has stopt because of the heavy enrollment in the sections already formed. Provision, however, can be made for those who have not had opportunity for registration at the scheduled times.

Dr. Waton to Lecture

Harry Waton, Ph. D., the well-known Marxian scholar will lecture before the Socialist Society to-morrow in the History Department lecture hall, on "A Warning and a Prophecy to the Next Generation."

*—Article of Incorporation of  
The Campus Association.*

A Discussion on the  
Liberty of the Col-  
lege Press.

President Elected to Phi Beta Kappa.  
President Mezos was elected a member of Phi Beta Kappa at its last meeting.

Rewards Five Political Economists.

The Hon. E. P. Wheeler, '66, presented copies of his "Daniel Webster" to the five highest Political Science men of the February, '15 class.

Dr. Saxton Writes on "Rate Problems"

Dr. Saxton, of the Department of Mathematics, has an article in the March number of "School Science and Mathematics," on "Rate Problems."

Professor Duggan on Un-employment Committee

Professor Duggan has been appointed to the Mayor's Committee on Unemployment. He delivered an address at P. S. 10 lately on "Habit Formation."

To Invite Prominent Speakers  
to College

Professors Overstreet and Duggan are to act as members of a committee whose purpose will be to invite prominent speakers for weekly assemblies in the Great Hall.

Authority on Debating to Act as Judge

Professor Robinson is to act as a judge at the debate between Swathmore and Trinity on the 21st.: Resolved that the United States should abandon the Monroe Doctrine

Professor Baskerville to Serve  
On Health Commission

Professor Baskerville has accepted the invitation lately to become a member of the Commission on Industrial Hygiene of the Department of Hygiene of the Department of Health of the City.

Professor Guthrie on The Civil War.

Professor Guthrie has started his third course of lectures on American History with a treatment of the Civil War. His lectures are delivered every Thursday evening at 8:15 in the assembly hall of the Washington Irving High School.

Dr. Shapiro Writes on The War.

Dr. J. S. Shapiro has written an article for the *Forum* which will appear in the March number on "The War of the European Cultures." It is a study of the cultural contributions and the national ideals of the English, French and German peoples.

## Professor Storey Lectures.

"Health Instruction in the College of the City of New York" was the topic of an illustrated lecture delivered before the Woman's Club of New Rochelle on March 1st by Professor Storey.

Professor Storey will address the Schoolmasters Association the 13th of the month on "The School and Health."

City College Club to  
Conduct Chess Tournament

The Entertainment Committee of the City College Club has decided to hold a chess tournament for the members. All games will be played in the club rooms, 302 Madison Avenue, on Saturday evenings, the tournament beginning on March 15th.

Entries will be received by the Secretary, Dr. Gabriel R. Mason. The progress of the matches will be announced from time to time.

## CALENDAR FOR THE WEEK

*Wednesday, March 10—*

- 11.15 A.M. Second Fire Drill.
- 1.45 P.M. Menorah Society "Isaiah" by Mr. Mendes.
- 4 P.M. Organ Recital in the Great Hall.

*Thursday, March 11—*

- 12. Boys' High, 204.
- Musical Society, Great Hall.
- Philosophical Society, 307, Prof. Cohen on "Philosophy of the Militaristic State."
- Civics Club, Political Science Lecture Hall.
- Deutcher Verein, German Library.
- Dante Alighieri, 2.
- Social Science Club, 126, Mr. Harry Waton on "A Prophecy and Warning to Coming Generations."
- Biological Society, 315, papers by Greenberg, Ringer and Smith.
- Menorah Society, Dr. Kass.
- Engineering Society, 102, talks by Boston, '15, and Brown, '16.

*Friday, March 12—*

- 8.15 P.M. State Contest in Oratory, Intercollegiate Peace Association, Great Hall.

*Sunday, March 14—*

- 4. P.M. Organ Recital.

*Monday, March 15—*

- Essay Contest on "International Arbitration" closes.

## CORRESPONDENCE

## The Employment Bureau.

To the Editor of THE CAMPUS:  
Sir:

The Employment Bureau of the College has taken on a new lease of life. It has been divorced from the Y. M. C. A., and is now a separate entity, its only connection with the Y. M. C. A. being that both share one room. A secretary has been engaged who is to give his entire time and attention to the Bureau.

There is no doubt but that the Bureau can be made a perceptible factor in the College; it can be made to yield tangible results; in its potentiality for good it is limitless. The Employment Bureaus in some institutions show annual results in excess of one hundred thousand dollars. Of course it must be borne in mind that these institutions in practically all cases are universities giving university courses; the opportunities for employment are therefore more numerous and varied. The Bureaus of colleges show smaller returns. The returns of our Colleges are very much smaller, much more so than the size of the student body warrants. And this despite the fact that we are situated in the largest metropolis in the country, with all its large shops, factories, stores, offices, etc. It is, therefore, clear what the task of the secretary is to be.

The deep interest and willingness to help shown by President Mezes and the Faculty Committee on Employment for Students, consisting of Professors Ilgen (Chairman), McGuckin and Ball, are most encouraging. These are indispensable factors and the secretary is very happy indeed because of them. The little talks with a few members of the Student Council were very interesting and tended to show that the work of the one can be supplemented with that of the other. The Council is willing to extend a helping hand, and there is no doubt but that this will be true of all other college organizations and agencies.

May I, through this medium, extend a general and cordial invitation to the students to come and see me? I include those students who do not find it necessary to apply for positions. Nothing will give me more pleasure than to talk things over with the men. Personal and intimate contact is my aim. I may be able to give them suggestions about their life work that may

be of value; or I may be in a position to give names of people who can give such advice. I should like to see as many of the students as possible and have heart to heart talks with them.

I should very much like to see the students whose fathers or other members of whose families are employers. It may be that several students can be placed in this way.

Henry Katz.

C. C. N. Y., March 5th.

#### The Panama Exposition

The following letter was received by President Mezes.

Sidney E. Mezes, Esq.,  
President of College of the City of  
New York.

Dear Sir:

We ask your personal cooperation in calling the attention of your faculty, graduates and students and personal friends to the Panama Pacific International Exposition. We believe this Exposition will surpass anything of its kind in beauty and in matters of special interest to college men, and we don't want any college man, graduate or undergraduate, to fail to appreciate or fail to visit it, if possible. We can not, in this letter, go fully into the peculiar attractions of this Exposition. They are now being fully and graphically described in many magazines and daily papers. We can only enclose a synopsis, which may be useful in spreading the information which we desire to give the college men in other states. San Francisco is the one place in which all college men should spend their 1915 vacation. Transportation is cheap, accommodations ample and reasonable, and every San Franciscan has his latchstring out, anxious to sustain our reputation for hospitality. Outside the attractions of the Exposition, we are con-ceited enough to think that the marvelous growth of our city since the great fire will be interesting enough in itself to pay for the trip. Our own local Alumni Associations have established joint headquarters at the Exposition, where all college men and their families will be welcome. With due allegiance to our great local universities, we want a fair proportion of our young men to go east to college. We feel that personal contact and acquaintance with the representatives of such colleges will

bring about the desired result, and as these young men cannot come to you to ascertain what you can offer them, we respectfully submit that there is no more efficient way of extending the national character of your university than by sending your faculty, graduates and undergraduates to meet the young student of the Pacific Coast at the Exposition. Your State will undoubtedly have a special day or week assigned to it, your university will undoubtedly be granted a special day, if desired, and if desired, we would be glad to arrange it this letter, or as much of it as you think might be interesting, to be published in your college papers and the daily papers in your vicinity. Do not hesitate to call upon our local organizations for any assistance or information which they may give you, or any of your friends. We have the honor to remain

Yours very truly,

*Wm. H. Crocker,*  
President Yale Alumni Association of San Francisco.

*William Thomas,*  
President Harvard Club of San Francisco.

*Chas. V. Black,*  
President Princeton Alumni Association of San Francisco.  
San Francisco, February 25th.

#### Professor Ball Before Classical Society

A large audience attended Professor Ball's lecture on "Some Phases of Roman Humor" last Thursday, the first of a series to be given by the Herberman Classical Society.

Several photographs and reproductions of caricatures made by the Roman sculptors and artists contributed to the amusement of the audience.

The speaker cited jests, puns and witty remarks from the best known of the Latin writers, among these being the writers of comedy, the biographers and the epigrammatists. Many of the familiar pleasantries of to-day were said to have their origin in ancient Rome. Entertaining anecdotes about Cicero and Augustus afforded considerable laughter.

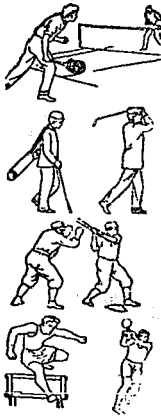

To-morrow there will be a special business meeting of the Society. On the following Thursday, individual papers will be read and discussed.

NEXT WEEK—COL. LYDECKER,  
CHAIRMAN OF THE BOARD  
OF TRUSTEES ON MILITARY  
TRAINING FOR CITY COL-  
LEGE STUDENTS

ATHLETICS

WEEKLY CHAT WITH VIC.

When the din had ceased and the smoke had lifted from the scene of battle the Varsity stood unvanquished, having overcome the Alumni by 38 points to 27. It was a weird sight to see the Alumni of all sizes and shapes, go running around that floor, last Saturday night. It certainly struck our *osus humurus* to see a short fat fellow raise Weinfeld over his shoulder, or at intervals to see players go sliding along the floor in various ungainly at-

those old boys could play. They hadn't forgotten the passing game Coach Palmer had taught them in the days of yore, and if they hadn't been somewhat off in their shooting, we would have feared for the Varsity.

The game was somewhat slow because of the great amount of scoring done by both sides, but this slowness was dispelled by the frequent flashes of brilliant passing exhibited by both teams and by the interest displayed by the old hands. The Alumni were at the game in force and aided (?) their team with valuable advice from the side-lines. On the whole, it was a highly interesting session, and it certainly felt good to see those old boys mingle with the younger ones, exchanging quip for quip and telling them how much better the College was when they were there and—well, you know what they always say.

On the Alumni team were such players as Zinovoy, Kaplan, Kaufman and Perlman, names that are history in the athletic annals of the College. Among the recent alumni playing were Captain Feldman and "Darky" Schulberg. Zinovoy shot four field goals and four fouls for his aggregation of "All-Stars" "Mac" and Drake made five goals each. Bronstein had an off-day; he made only four. "Lefty" shot six fouls and made one field goal.

The line-up:

Varsity	Alumni
McGill, Jaffe....R.F...	Kaplan, Marks
Bronstein.....L.F.....	Perlman
Nudelman	Frank

Drake, Smythe...C...Feldman, Bradner Weinfeld, Tanz....R.G.....Kaufman Lefkowitz, Schwartz L.G..... Zinovay Schaffer for Jaffe

Schulberg for Bradner

Goals—From field—Drake, McGill, (5); Bronstein, Zinovay, (4); Kaplan, (3); Lefkowitz, Jaffe, Kaufman, Frank, Schulberg.

From foul—Lefkowitz, (6); Zinovay, (4); Perlman, (3).

The Freshman team lost to Townsend Harris by the score of 23 to 14. The Freshies were handicapped by the absence of two of the regulars, one of whose places was filled by a Harris player. Captain Grant of Harris put up the best game with four field goals and one foul.

Now that the end of the Varsity season is at hand, Manager Rauch, and the class athletic managers will soon be giving their attention to the Inter-Class Basketball series, which begin very soon.

Interclass basketball has always been an interesting feature of Spring term athletics and deserves the support of all the classes. The games could be made very interesting if the managers would get their men out as often as possible for organized practice.

The Board of Class Managers has drawn up the following schedule for the Inter-Class Basketball Series:—

- Thursday, March 11—16 vs. 15
- Friday, March 12—17 vs. 18
- Thursday, March 18—16 vs. 17
- Friday, March 19—15 vs. 19
- Thursday, March 25—15 vs. 18
- Friday, March 26—17 vs. 19
- Thursday, April 8—16 vs. 18
- Friday, April 9—15 vs. 17
- Tuesday, April 13—18 vs. 19
- Thursday, April 15—16 vs. 19

On Thursdays, games will start at 12:15; on Fridays at 2:00 p.m.

Don't forget, every entrant must have an A. A. ticket, and that reminds me—this is to you Freshmen who haven't your A. A. tickets—the A. A. Board has decided that tickets will remain at 50 cents. If you haven't as yet bought one you have only yourself to blame. When the tickets were first issued they were good for three more basketball games and a swimming meet with Harvard. You were made aware of this through THE CAMPUS. Besides this, you were also that the tickets would be necessary in inter-class competition. Now, to get

be of value; or I may be in a position to give names of people who can give such advice. I should like to see as many of the students as possible and have heart to heart talks with them.

I should very much like to see the students whose fathers or other members of whose families are employers. It may be that several students can be placed in this way.

Henry Katz.

C. C. N. Y., March 5th.

#### The Panama Exposition

The following letter was received by President Mezes.

Sidney E. Mezes, Esq.,

President of College of the City of New York.

Dear Sir:

We ask your personal cooperation in calling the attention of your faculty, graduates and students and personal friends to the Panama Pacific International Exposition. We believe this Exposition will surpass anything of its kind in beauty and in matters of special interest to college men, and we don't want any college man, graduate or undergraduate, to fail to appreciate or fail to visit it, if possible. We can not, in this letter, go fully into the peculiar attractions of this Exposition. They are now being fully and graphically described in many magazines and daily papers. We can only enclose a synopsis, which may be useful in spreading the information which we desire to give the college men in other states. San Francisco is the one place in which all college men should spend their 1915 vacation. Transportation is cheap, accommodations ample and reasonable, and every San Franciscan has his latch-string out, anxious to sustain our reputation for hospitality. Outside the attractions of the Exposition, we are con- ceited enough to think that the marvelous growth of our city since the great fire will be interesting enough in itself to pay for the trip. Our own local Alumni Associations have established joint headquarters at the Exposition, where all college men and their families will be welcome. With due allegiance to our great local universities, we want a fair proportion of our young men to go east to college. We feel that personal contact and acquaintance with the representatives of such colleges will

bring about the desired result, and as these young men cannot come to you to ascertain what you can offer them, we respectfully submit that there is no more efficient way of extending the national character of your university than by sending your faculty, graduates and undergraduates to meet the young student of the Pacific Coast at the Exposition. Your State will undoubtedly have a special day or week assigned to it, your university will undoubtedly be granted a special day, if desired, and if desired, we would be glad to arrange it this letter, or as much of it as you think might be interesting, to be published in your college papers and the daily papers in your vicinity. Do not hesitate to call upon our local organizations for any assistance or information which they may give you, or any of your friends. We have the honor to remain

Yours very truly,

*Wm. H. Crocker,*  
President Yale Alumni Association of San Francisco.

*William Thomas,*  
President Harvard Club of San Francisco.

*Chas. V. Black.*  
President Princeton Alumni Association of San Francisco.  
San Francisco, February 25th.

#### Professor Ball Before Classical Society

A large audience attended Professor Ball's lecture on "Some Phases of Roman Humor" last Thursday, the first of a series to be given by the Herberman Classical Society.

Several photographs and reproductions of caricatures made by the Roman sculptors and artists contributed to the amusement of the audience.

The speaker cited jests, puns and witty remarks from the best known of the Latin writers, among these being the writers of comedy, the biographers and the epigrammatists. Many of the familiar pleasantries of to-day were said to have their origin in ancient Rome. Entertaining anecdotes about Cicero and Augustus afforded considerable laughter.

To-morrow there will be a special business meeting of the Society. On the following Thursday, individual papers will be read and discussed.

LEGE STUDENTS**

## ATHLETICS

## WEEKLY CHAT WITH VIC.

When the din had ceased and the smoke had lifted from the scene of battle the Varsity stood unvanquished, having overcome the Alumni by 38 points to 27. It was a weird sight to see the Alumni of all sizes and shapes, going running around that floor, last Saturday night. It certainly struck our *ous humorus* to see a short fat fellow raise Weinfeld over his shoulder, or at intervals to see players go sliding along the floor in various ungainly at-

However, those old boys could play. They hadn't forgotten the passing game Coach Palmer had taught them in the days of yore, and if they hadn't been somewhat off in their shooting, we would have feared for the Varsity.

The game was somewhat slow because of the great amount of scoring done by both sides, but this slowness was dispelled by the frequent flashes of brilliant passing exhibited by both teams and by the interest displayed by the old grads. The Alumni were at the game in force and aided (?) their team with valuable advice from the side-lines. On the whole, it was a highly interesting session, and it certainly felt good to see those old boys mingle with the younger ones, exchanging quip for quip and telling them how much better the College was when they were there and—well, you know what they always say.

On the Alumni team were such players as Zinovoy, Kaplan, Kaufman and Perlman, names that are history in the athletic annals of the College. Among the recent alumni playing were Captain Feldman and "Darky" Schulberg. Zinovoy shot four field goals and four fouls for his aggregation of "All-Stars" "Mac" and Drake made five goals each. Bronstein had an off-day; he made only four. "Lefty" shot six fouls and made one field goal.

The line-up:

Varsity	Alumni
McGill, Jaffe....R.F.	Kaplan, Marks
Bronstein.....L.F.	Perlman
Nudelman	Frank

Drake, Smythe...C..Feldman, Bradner  
Weinfeld, Tanz...R.G.....Kaufman  
Lefkowitz, Schwartz, L.G..... Zinovoy  
Schaffer for Jaffe

Schulberg for Bradner

Goals—From field—Drake, McGill, (5); Bronstein, Zinovoy, (4); Kaplan, (3); Lefkowitz, Jaffe, Kaufman, Frank, Schulberg.

From foul—Lefkowitz, (6); Zinovoy, (4); Perlman, (3).

The Freshman team lost to Townsend Harris by the score of 23 to 14. The Freshies were handicapped by the absence of two of the regulars, one of whose places was filled by a Harris player. Captain Grant of Harris put up the best game with four field goals and one foul.

Now that the end of the Varsity season is at hand, Manager Rauch, and the class athletic managers will soon be giving their attention to the Inter-Class Basketball series, which begin very soon.

Interclass basketball has always been an interesting feature of Spring term athletics and deserves the support of all the classes. The games could be made very interesting if the managers would get their men out as often as possible for organized practice.

The Board of Class Managers has drawn up the following schedule for the Inter-Class Basketball Series:—

Thursday, March 11—16 vs. 15  
Friday, March 12—17 vs. 18  
Thursday, March 18—16 vs. 17  
Friday, March 19—15 vs. 19  
Thursday, March 25—15 vs. 18  
Friday, March 26—17 vs. 19  
Thursday, April 8—16 vs. 18  
Friday, April 9—15 vs. 17  
Tuesday, April 13—18 vs. 19  
Thursday, April 15—16 vs. 19

On Thursdays, games will start at 12:15; on Fridays at 2:00 p.m.

Don't forget, every entrant must have an A. A. ticket, and that reminds me—this is to you Freshmen who haven't your A. A. tickets—the A. A. Board has decided that tickets will remain at 50 cents. If you haven't as yet bought one you have only yourself to blame. When the tickets were first issued they were good for three more basketball games and a swimming meet with Harvard. You were made aware of this through THE CAMPUS. Besides this, you were also that the tickets would be necessary in inter-class competition. Now, to get

down to the bottom of the thing, if you buy your A. A. ticket now, after the basketball and swimming seasons are over, you are not wasting 50 cents, for the simple reason that within the next month or so, there will be the Inter-Class Basketball Series, the Inter-Class Track Meet, possibly an Inter-Class Swimming Meet.

The Baseball season will commence take a place in one of the meets, you are too, and if you make your class team or entitled to a set of numerals which about equals the amount you paid for your ticket.

Should you win a medal, why that more than evens up the score. So get your ticket now.

#### Varsity Insignia to be Awarded

The insignia committee consisting of Nat Rauch, Chairman, Mack Frieberg, Nick O'Connell and Harry Schaffer will consider all claims for Varsity numerals, if sent in before Friday. The qualifications to be met by a candidate for the numerals are that he shall have been for three successive years on a varsity squad, or one year on a successful team, or he shall have scored eight points in varsity competition.

Owing to the fact that our entries were received too late to be accepted, C. C. N. Y. was not represented in the I. C. A. A. meet at Madison Square Garden last Saturday night.

The Athletic Association has filled out certificates and procured insignias for men who were awarded the same last year. The following men may have their certificates and letters by calling at the A. A. office this afternoon:

Track: Tabor, Frey, Moonan, Greenman, Manne, Weinfeld, Drake.  
Basketball: Shulberg, Southwick, Feldbaum, Drake, Lovely, Brandstater.  
Baseball: Bennett, Meyers, Mathews, Shulberg, Wright, O'Connell.  
Swimming: Berman, Riemer, Hartman.

Hervey, a freshman from Jamaica H. S. has been doing 5 ft. 6 in the high jump. If he keeps at it he ought to be pretty good by the time the Stevens meet comes around.

Boy' High Enter Inter-Club Baseball  
After three hours of heated debate, a majority of the members of the Boys' High Club voted to enter a team in the Inter-High School Club Baseball Tournament.

#### Swimmers Lose to Middles

The swimming team of the College was defeated by the Navy at Annapolis on Saturday by a score of 44 to 18. The C. C. N. Y. points were scored by the relay team consisting of Schauer, Bosworth, Bahr and Gross, and by Babor, 3rd in the 100 yard breast stroke, Vermilya, 2nd in the 40 yard dash, Kilpatrick, 3rd in the 40 yard back stroke and the 220 yard swim, Bosworth, 3rd in the 100 yard swim, and Jones, 2nd in the plunge. The Navy star was Dashiell who broke two local records, cutting three-fifths of a second off the 40 yards and one-fifth off the 100 yards.

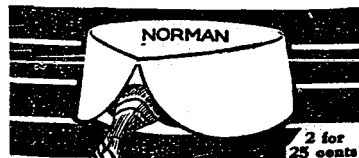

Our representatives in the championships at New Haven last Friday, were unsuccessful. The Freshman relay team competed against Yale and was beaten by about three feet.

#### Personals

Ralph Guinness, '16, was chosen Assistant Track Manager upon the resignation of Bill Jones. Guinness is at present filling the manager's boots, as there has been no Track Manager elected, and if you have ever done any running, see him at once. If you don't, he'll get you anyway. Guinness used to represent the College in Cross-country and the distance runs.

Nick O'Connell has entered the dive in the Invitation Swimming Meet at Rutgers. Good-luck, Nick.

Otto V. Tabor, who was supposed to run in the 150 yd. relay last Saturday night, is laid up with an attack of pleurisy. Here's to his speedy recovery.

# Christy Mathewson

Famous Baseball Pitcher, says:

*"Tuxedo gets to me in a natural, pleasant way. It's what I call good, honest companionable tobacco—the kind to stick to."*

*Christy Mathewson*

## Tuxedo Keeps You In Good Trim

Christy Mathewson, lovingly known as "The Old Master," is probably the greatest pitcher baseball has ever known. This wonderful athlete is noted for his clear headed common sense, his quick wits, perfect physical condition, and absolute control over his nerves. His use and endorsement of Tuxedo *prove* that this inspiring and healthful tobacco is helpful to mind and body.

# Tuxedo

*The Perfect Tobacco for Pipe and Cigarette*

just sort of oozes its gentle way into your life and suddenly you realize its powers for good—because it puts peace in your mind and a happy taste in your mouth. Tuxedo's flavor is so enticingly mild and delicately fragrant it will not irritate the most sensitive throat.

All the bite and sting have been removed by the famous "Tuxedo Process." This exclusive process of refining the very best Kentucky Burley tobacco has been widely imitated, but without success.
