DANTE CELEBRATION

PLANNED FOR 27th

**Italian Ambassador, Consul, Professors
at Columbia, N. Y. U. and Other
Colleges Expected To Be Present.**

A great celebration will be held in the Great Hall on Thursday, May 27th, in honor of the 650th anniversary of Dante's birthday. Among the visitors will be the Italian Ambassador, the Consul, the Professors of Italian at Columbia, New York University, Adelphi and other colleges, the President of the Italian Chamber of Commerce, and many other prominent Italians in the country.

A varied program which is expected to be entertaining as well as instructive is in process of formation. Prominent singers from the Metropolitan are being procured for the occasion. Professor Baldwin will play selections from the Italian masters. In all probability Professor Downer will preside. Dr. Ettari will speak on the great Italian poet.

It is expected that the entire Faculty and student body will attend the exercises. An effort will be made to have City officials at the exercises in order to give a municipal character to the celebration, similar to the Dante celebrations held in Boston and elsewhere.

To Use Great Hall for Public School Graduation Exercises

The exercises of the graduating class of Public School 5 will be held in the Great Hall on the evening of June 28th. The following evening P. S. 186 will use the Hall for the same purpose.

Y. M. C. A. EXCURSION

HUGE SUCCESS

**Nearly 1,000 Aboard "Albion" As
Steamer Leaves 129th Street---
Enjoy Fireworks and Illuminations.**

The annual excursion under the auspices of the College Y. M. C. A. proved to be a greater success than was anticipated. Fully 950 were aboard the "Albion" last Saturday on her trip to Bear Mountain and the unanimous verdict was that the outing could not have been more enjoyable.

The boat left the Battery at 10 A. M. and West 132nd Street at 11 A. M. The greater number of excursionists embarked at the Battery. About 200 were at the Harlem pier waiting impatiently for the delayed steamer.

There was only a sprinkling of elderly people on the boat. Dancing and lunch-eating whiled away the up-river trip. Some ate lunch continually from 9 A. M. to 10 P. M. when the "Albion" docked at the Battery.

At Bear Mountain a few innings of a baseball game were witnessed. Some of the excursionists, however, chose to walk about the country and enjoy the beautiful scenery.

The return trip gave an opportunity to view the illuminated warships and to witness the fire-works display.

A new game developed on board the steamer. It consisted of throwing camp chairs at fish in the river in an effort to stupefy them.

On the whole, an enjoyable day was spent, and it was a sleepy crowd of young folks that reached home Saturday night. Credit for the financial success of the excursion is due Everett Hood, '15, Helmuth Moerchen, '16, Martin D. S. Peterson, '15, and John Boschen, '16.

Kaplan, Grablowsky and Manz Public Speaking Victors

The Semi-Annual Prize Speaking Contest was held in the Great Hall last Friday. The Board of Trustees' prize for an original oration was won by Benjamin Y. Kaplan, the title of whose speech was "The New Charity." Herman A. Grablowsky was given second place, winning the Drummond prize. He spoke on "America, the Haven of Humanity."

Kaplan's talk was marked by its deep thought content. Grablowsky's eloquent delivery made a deep impression on his listeners and he was greatly applauded.

The Roemer prize for the best poetry declamation was awarded to Henry Manz who recited Coppee's "Shipwrecked," in a graphic manner.

The judges were Professors, Mott, Duggan and McGuckin. Professor Baldwin was at the organ.

Italian Club to Give Dramatic Performance

The Circolo Dante Aleghieri will give its play "L' Oro e L' Orpello" this Saturday, May 21st, at the Lexington Avenue Opera House, 145 East 50th Street. A dance will be held after the play. Tickets are fifty cents and may be procured from any member of the club.

Miss Elisa Maran and Miss Carmela Penque of Hunter College will enact the female roles. The contingent from the Circolo are Joseph Cotellessa, Vincent Pansi and Anthony J. Amore. Dr. Arbib Costa has acted as Faculty Coach.

The arrangement committee is made up of F. Battistella, President of the Circolo, P. Santangelo and A. J. Amore.

Among the Faculty who have signified their intention of being present are Professor Downer and Doctors Cosenza, Ettari, Panaroni, Camera and Hartman.

Mayor Mitchel Favors Production of Greek Plays in Stadium

In a recent letter to Granville Barker Mayor Mitchel said in part:

"I am very much interested in the plan for producing Professor Murray's translations of "Iphigenia," and "The Trojan Women" under your directorship in the new stadium of The College of the City of New York which has been erected through the generosity of Mr. Adolph Lewisohn.

"I am especially interested in the opportunity which it is proposed to afford to the students of the College of The City of New York and of the higher grades of the public schools to witness these productions of the great Greek dramas. It augurs well for the future of the stadium of the City's own College that it should be opened under such auspices. I attach so much importance to the success of your plans, not only because of their immediate educational value but as an inspiration to make the new stadium of the City College a center for great productions intended to appeal to large audiences, that, with the approval of Mr. Lewisohn, President Mezes and the Board of Trustees of The College of the City of New York, I am appointing a Citizens' Committee to co-operate with the Board of Trustees and the Faculty of the College in making the proposed productions a success."

College Allowed to Charge For Use of Property

The Mayor and the Governor have both approved the recent act of the Legislature empowering the college authorities to permit and regulate the taking of fees or other payment for the use of the College property under such conditions as will not interfere with its use for educational purposes. Sums which are received in this way are to be turned over to the Controller for a special fund subject to appropriations for the College organizations concerned.

Dr. Lease Praised By "The Nation"

Dr. Lease's new edition of Livy has been highly praised by *The Nation* in its "Educational Number," May 6th, 1915, p. 507. Dr. Lease is to be congratulated upon the exceptional tribute awarded him in the review.

The reviewer begins by a reference to the earlier edition by saying: "Lease's Livy took high rank immediately upon its publication in 1905 as a work of thorough and sympathetic scholarship and a distinct contribution to our knowledge of Livian language and style."

He then passed to the praise of the editor for the emphasis placed upon parallels to the legends in Livy found in the folk-lore of other nations, for the frequent quotations from English literature, history, etc., and concluded with: "The commentary shows everywhere evidence of thorough mastery."

Student Council to Give**Dinner to President Mezes**

At the special meeting of the Student Council last Friday it was decided to give a banquet in honor of President Mezes, in accordance with long-established usage. The dinner will be informal and the student body is invited to attend. Reservations will not be more than a dollar.

A sub-committee, Messrs. Frank and Kadisson, of the Discipline Committee submitted a report to the Student Council on the regulation of Fresh-Soph activities. The opinion expressed in the report is the result of many consultations with representative students of the College. It was accepted by the Council after minor changes had been made.

Dramatic Society to Give Reception**To Dr. and Mrs. Taaffe**

This Saturday evening, the Dramatic Society of the College will give a Reception to Dr. and Mrs. Taaffe.

Of the Faculty, Professors Palmer Ball, Moore, Coffin, Dr. Keppler and others will attend and address the gathering. The alumni representation is expected to be unusually large, and all active members are cordially invited to attend. The Y. M. C. A. Quartette will entertain with some vocal selections. Other musical features are to be given, a collation will be served, —and more than this, Dr. Taaffe may give some readings from one of his pet plays. All in all, a splendid time is guaranteed.

Members of the Society are requested to make subscription for a suitable gift, to be presented to Dr. Taaffe at the Reception, to Peterson, '15, or the other officers of the Society.

Students Oppose Military Training

Approximately 63,000 students in thirty-seven colleges are opposed to the practice of military drill and summer camps for college men, while about 17,000 are in favor of the idea, according to an announcement just made by the Collegiate Anti-Militarism League.

Professor Brownson Discusses Hellenism and Hebraism at Menorah Open Forum

Professor Brownson addressed the Menorah Society last Thursday at the Open Forum Meeting. His topic was "Hellenism and Hebraism."

He traced the development of ethics among the ancient Greeks and the ancient Hebrews, pointing out that the former's system was essentially rational and the latter's emotional.

"Modern Library Development"

At the next regular meeting of the City College Club, on Saturday, May 22nd, 1915, at 8 P. M., Mr. Richard R. Bowker, of the class of 1868, will lecture on "Modern Library Development."

Mr. Bowker is the Author and Editor of the "Publishers' Weekly Book Review," the "Library Journal Information," the "American Library Annual," and the "Trade List Annual."

President Mezes Presides**at Menorah Lecture**

At the last regular Thursday lecture of the Menorah Society, President Mezes acted as chairman.

The speaker of the day was the Rev. Dr. H. Pereira Mendes of the Portuguese Temple whose subject was "Jewish Ideals of Universal Peace." According to the Jewish ideal, Dr. Mendes explained, the spoils do not necessarily belong to the victor—the vanquished nation is not the object of prey for the conquerors; property upon which humanity depends for its food must not be destroyed in time of war; men that have just launched upon new and valuable enterprises such as marriage are not compelled to serve except in case of emergency; and arbitration is looked up to.

"The accumulation of a fund from the profits . . . which fund shall be used to aid, foster, maintain, promote realize or encourage any aim which shall go towards the betterment of College and student activities . . . This corporation is not organized for profit."

—Article of Incorporation of
The Campus Association.

The Anti-Militarism League, of which Karl G. Karsten of Columbia University is President, was formed several months ago to fight the militaristic propaganda among colleges of such organizations as the National Security League and the American Legion, and particularly the agitation for introducing military training for students. In an investigation into the opinion of college students, the League has received letters from thirty-six colleges, representing 80,000 students.

In its inquiry the League says that three questions have been asked: (1)—Whether military drill exists and if the students favor the plan; (2)—Whether summer camps exist and whether the students believe they are beneficial; (3)—Whether lectures on tactical subjects

form part of the college curriculum and with what sentiment they are received.

It is reported that efforts have been made in each college to make a canvass of the students whenever practicable, and in other cases to judge the majority opinion by questioning representative men. The results are therefore fairly conclusive.

Of the colleges questioned, twenty-two show that a majority oppose the introduction of military drill, while only fourteen favor it. In other words, practically 60 per cent of the colleges register a decided opposition to military drill for students. In the twenty-two colleges opposing drill are 63,000 students; in the fourteen colleges favoring drill are only 16,700. It seems to be a fair inference that these figures represent the proportionate opinion of college men on the subject.

Another vital point in connection with the above statistics is that the presence of military drill in a college increases the military spirit. This refutes the argument of militant advocates of "preparedness" that drill does not increase the martial sentiment. Of the nine colleges which already have military drill, seven are in favor of its continuance. Of the twenty-seven which have no form of drill, twenty-two are opposed to its introduction.

The same tendency is revealed in the facts concerning summer camps. Out of the thirty-six colleges from which replies have been received to date, six show a majority favor summer camps for college men. Three of these six have at present compulsory or voluntary military drill during the school year.

In the case of tactical lectures the result is similar. Six colleges report that such lectures already form a part of the curriculum. Four of these six report a sentiment in favor of their

continuance. Of the thirty which do not have tactical lectures only four announce an opinion in favor of their introduction.

The President of the League says that while the figures cannot be relied upon absolutely, because of the haste in which the canvass was made, the cumulative evidence establishes the overwhelming sentiment of the college men of the United States against militarism.

"The military student," says Mr. Karsten, "is more aggressive and more likely to publish his views than the pacific student. Except for this fact I believe our investigation would have shown a still stronger opinion against militarism in colleges than the present proportion of four to one. The general sentiment seems to be to wait until the issue of the war in Europe has been settled and the world has a chance to see where it stands. Few of the young men questioned were ready to have the United States left defenceless. They merely went on record as believing that the existing status of the army and navy was sufficient for the present. They are opposed to any agitation now for heavier expenditures in armament.

"The attitude of the students seems to follow, to a great extent, that of the American press. There is a general belief that the end of the war will determine whether the United States shall join with Europe in a general limitation of armaments, or whether our nation will be compelled to follow in the beaten path that has so often proved the fallacy of the use of rifles and cannons as peace-makers.

"One of the most significant facts revealed by the letters is that no jingoistic sentiment exists in the students questioned. There is nothing of a desire to build up an army prepared to conquer foreign territory. The possible fate of the Philippines arouses no

particular anxiety. The demand for a greater America is barely present.

"Above all things that the answers have shown," is Mr. Karsten's further statement, "is the fact that the home of the chauvinist is not in the college and university. One must rather look for it in the secret chambers of 'dollar diplomacy' and in the executive offices of the manufacturers of shrapnel and 14-inch guns."

Notice

Members of the Class of June, '15—
Gentlemen: I herewith desire to extend a cordial invitation to you to step into my office so that I can have an intimate talk with you, individually, relative to your plans after graduation. I have in mind especially those of you who are planning business careers for yourselves.

The young men who have specialized in Chemistry and those who took the advanced courses in Physics and the courses in Compton Hall, I desire to see especially. I would also like to see the graduates who have made no particular plans beyond the fact that they have decided to enter the business world.

The purpose is not, of course, to cause you to change your minds or to keep you from pursuing whatever courses you may have mapped out for yourselves. In such cases the Bureau may be able to give you valuable information and help clarify the situation. The primary purpose is to set you on the right road and to try, if possible, to connect you with the proper people. The Bureau has a number of plans, which, it believes, will result in placing a number of graduates in positions in which there is a future.

Will the graduates who read this letter kindly bring it to the attention of the others so that the entire class may know of it? I will appreciate this very much.

Henry K. ...

CORRESPONDENCE

It is not reasonable to suppose that all readers will agree with our editorial comments in their entirety. We would be pleased to receive letters on subjects discussed in our columns, and, in fact, on all matters of collegiate interest. Anonymous contributors will not obtain consideration, nor do the editors guarantee to publish all letters addressed to them. A most liberal policy, however, will be adopted, and readers having comments worthy of expression should take this opportunity to state their views.

The Campus does not necessarily support correspondents' views.

The Bouck White Affair

To the Editor of THE CAMPUS:

Sir: As an interested reader of THE CAMPUS and a devout believer in free speech, I would like to know what happened to the investigation of the Bouck White affair you had undertaken?

And let me here summon the Student Council to the front and hear what they have to say as regards their investigation which exhibited all prospects of success at the start, but now—?

Possibly the College Mercury can enlighten us concerning the recent suppression of free speech at our democratic institution?

Quite a number of students have approved the above inquiries and have asked me to demand an answer.

ATHLETICS

WEEKLY CMAAT WITH VIC.

Our boys lost to N. Y. U. at Ohio Field last Thursday by the score of 10-2. The N. Y. U. aggregation secured six hits off Farrell, but tallied mostly on errors. Besides giving the University men six hits, "Duke" passed four. Our team managed to get four hits and two passes but could only cross the pan for two tallies, the offending parties being our own Captain Nick O'Connell and Smythe who is doing some sensational playing out in Center. Rank and Tucker were the only others to get hits.

No Swim-Off of Triple Tie

It has been definitely decided by the Intercollegiate Swimming Association not to swim off the triple tie in the Intercollegiate championships between Columbia, Yale and Pennsylvania this year. It had been practically arranged to hold another series of contests to decide this tie, but at last week's meeting of the I. S. A. the delegates were almost unanimous in the decision. There has already been one. On a motion made by Miller of Princeton, and seconded by H. M. Osgood of Pennsylvania the following resolution pertaining to this decision was adopted:

"The Intercollegiate Swimming Association deems it inadvisable to suspend the Constitution in order to swim off the tie that exists between Yale, Columbia and Pennsylvania for the Intercollegiate championship, owing to the approach of the examinations and the difficulty of making the necessary arrangements. It is therefore decided that in the event of another tie as existed this year that the college scoring the greatest number of points in the individual championships shall be declared the winner."

Championships plaques will be awarded the three colleges which tied for first place in this season's title competition.

J. W. Allison was elected President for the ensuing year, succeeding Mr. Marcy of the University of Pennsylvania. J. J. Schulman of the City College of New York was chosen vice-president, and the duties of secretary and treasurer were intrusted to O. Osgood, of Pennsylvania.

Columbia Sophs Sead Up**Calculus in A Balloon**

Columbia University sophomores, 250 strong, all dressed in pajamas, celebrated last night on the quadrangle, "The Annual Sophomore Triumph," or the end of the calculus, by sending their books up in the basket of a big balloon. The balloon was cheered as long as it could be seen.

The students drained several kegs of beer and then paraded lockstep down Broadway to One Hundred and Third Street, shooting off fire-works and carrying red lights.

From One Hundred and Third Street they marched up to One Hundred and Thirteenth Street, then over to Riverside Drive and up to Grant's Tomb. Mounting the steps they gave three cheers for "Grant, Wilson, the navy and football."

Again the line of march was formed and the students paraded to Barnard College, and for half an hour serenaded the girls in Brooks Hall.
