**THE CAMPUS**

A WEEKLY JOURNAL

THE COLLEGE OF THE CITY OF NEW YORK

What Do You  
Know About  
That \$100?

VOL. XVIII. NO. 3

FEBRUARY 24, 1916

PRICE TWO CENTS

**PROFESSOR TISDALL'S  
LIBRARY AND BUST  
FOR THE COLLEGE**

Gift of 1,000 Volumes and Bust  
Soon to Be Formally  
Presented

Almost the entire private library of the late Professor of Greek, consisting of approximately a thousand volumes of historical, linguistic and classical interest, has been donated to the College by Mrs. Fitz Gerald Tisdall, and distributed among the Greek, Latin, History and English Departments.

Mrs. Tisdall told a CAMPUS reporter lately that Prof. Tisdall had not expressly stated in his will that a donation was to be made, but he had often made known a wish to her that the College should benefit by a rare collection which he had formed while connected with the College.

The accessions to the History Department Library including this donation number about two hundred volumes, of which the majority are standard historical works. The same number, treating of the English and American literatures, are given to the English Department, which makes a total of 2,400 in its collection. The Greek and Latin Departments receive more than five hundred books. Each one contains Prof. Tisdall's private book-plate.

A plaster of paris bust of Prof. Tisdall is included in the donation to the College. It was given long ago to the Greek instructor in appreciation of his loving services, by his students at Cooper Union, where he first taught. An incident is brought up illustrating the characteristic good sense and nobility of Prof. Tisdall. It is related by those familiar with him at the time that an expensive bronze cast was first suggested by the donors; but on the recommendation of its intended recipient who happened to learn of their choice of materials, a plaster of paris cast was given in its stead. The formal presentation of the gift will soon take place.

**Biological Association  
Comes To City College**

The seventy-third meeting of the Society for Experimental Biology and Medicine was held at the College last Thursday afternoon and evening. The club was the guest of the Natural History Department, and after the meeting, dinner was served in the Faculty Lunch Room. The society is one of the foremost scientific associations in the country and meets periodically at the various colleges. It is hoped that it will make the College one of its cycle of meeting-places.

Among the papers read, "Oxygen Consumption in Regenerating Tissue," by Dr. George G. Scott, of the Department of Natural History, evoked much discussion. Charles E. A. Winslow, former member of the Department, was a speaker. Many other prominent biologists were present.

**Welcome to February '16**

At the Washington Birthday celebration held in the City College Club Rooms, 302 Madison Avenue, on Saturday, the class of February, 1916, was welcomed into the ranks of the alumni. After the monthly lecture, by Edwin T. Jennings, '73, on "The Abolition of Poverty," and the usual discussion, came a collation to which our boys just out did full justice. Daniel G. Krinowsky spoke for the class on the desirability of a City College Social House.

**NOTED ENGLISHMAN  
ON REPRESENTATION**

John H. Humphreys Speaks  
Before Civic Club

"In the last presidential election, the Progressive candidate received over 4,000,000 votes, from which fact we may infer that over 4,000,000 citizens were denied representation in the president's chair."

Such was the statement of Mr. John H. Humphreys in his lecture last Thursday on "Proportional Representation" before the Civic Club. He showed that by a new system of voting, the voter has the privilege of stating his choice for a second candidate. By this method the minority may succeed in having their representative elected, as the superfluous votes of the favorite candidate are transferred to the candidate who has the most "second choice" votes.

The excess votes are eliminated and the opinions of the voters are reproduced in their true proportions. Moreover, the voters are given a wider freedom in the choice of representatives, and parties are ensured representation by their ablest and most trusted members.

Mr. Humphreys is general secretary of the British Proportional Representation Society of which Earl Grey is the President. He is the author of "Proportional Representation, A Study in Methods of Elections" and was instrumental in securing Proportional Representation for the senate of South Africa. He is now on his way to England, having just returned from Tasmania and Australia.

**FELIX S. PHILLIPS**

At a special meeting of the Executive Committee of the Class of February 1920 of the College of the City of New York, held immediately upon learning the sad tidings of the death of their classmate, the following resolutions were unanimously adopted:

WHEREAS, an all-wise Providence has taken from us in the blossom of his youth, Felix S. Phillips, one of our most valued comrades, and

WHEREAS, the short life of Felix S. Phillips was one that could well be emulated by all of us, both in its sterling character and studious nature, BE IT RESOLVED, that in the death of Felix S. Phillips, the Class of February, 1920, of the College of the City of New York, has lost one, who, in his short period as a student at the College, had proved himself to be both an honor and a credit to his Class, and a model of integrity and uprightness to his fellows.

BE IT FURTHER RESOLVED, that we tender to the family of the deceased our heartfelt condolence, and that we express the hope that our all-merciful Father grant them strength to bear this burden with resignation, and that He comfort and solace them in this dark hour of sorrow.

BE IT FURTHER RESOLVED, that a delegation of his classmates attend in a body the funeral services of the deceased, that these resolutions be published in THE CAMPUS; that a suitable memorial be inscribed in the alcove of the Class of 1920, and that a copy of these resolutions be sent to the family of the deceased, as a feeble token of our esteem.

(Signed)  
GEORGE M. HYMAN, President  
LAWRENCE GELB, V. President  
JAMES ROSEN, Secretary  
SIDNEY GOODFRIEND, Treas.

Phi Beta Kappa Elections To-night  
"Gamma," the City College Chapter of Phi Beta Kappa, will convene for the election of officers and new members to-night.

**INSTITUTES \$100  
PRIZE CONTEST**

Menorah Enabled Through  
Generosity of Alumnus to  
Offer Prize

Through the munificence of the Hon. Abram I. Elkus, an Alumnus of the College, the Menorah Society is now enabled to offer a competitive prize of a hundred dollars.

The granting of a prize has always been one of the goals of the Society and its long-awaited ideal is now on the verge of realization.

All students are eligible to compete in the contest, the nature and condition of which will be given out within a short time.

The Trustees have accepted with thanks the offer of the Society to institute an annual contest similar to others maintained by trust funds.

**LOCAL PEACE CONTEST  
ON MARCH 17th**

Date Set for Preliminary Trials  
Ten Orators Announce  
Entries

In response to the announcement of trials for the oration contest for the Intercollegiate Peace Association Prize, Prof. Palmer has already heard from ten orators who intend to compete. Besides these, many more are expected to enter the contest. It has therefore been found advisable to hold preliminary trials to decide upon the speakers for Friday evening, March 17th when the local contest will be held in the Great Hall. In view of this, all men who desire to participate are required to be fully prepared and see Prof. Palmer on or before Monday, March 13th.

**Student Council Elections  
Declared Illegal**

Last Friday, after a quiet meeting, the Student Council, or what there was of it, adjourned at 3.30, but not after it had made official decrees in the matter of the Student Council election muddle of last week.

After the Committee's report it was decided that the elections in the classes of June '16, February '17, and February '19 were legal. Illegality was declared in the protested elections of the classes of June '17, February '18, June '18, June '19 and February '20. In some cases the committee failed to record the nominations and there were many errors on the printed ballots.

These elections will be held to-day at twelve o'clock. Those men whose election was confirmed by the council are:

June '16, Norman Salt and Franklin Waldheim.

February '17, Milton Schatman and Anthony Armore.

February '19, Benjamin H. Nathan.

Trials for the Roemer Prize competition for the best poetry declamation will be held to-day and tomorrow in Room 221 at 3.45 P. M. This contest is open to students who have completed course 4 in Public Speaking. The finals are to be held in conjunction with the oration contest on Prize Speaking Night, May 14th.

Dr. Feinberg of the Chemistry Department will address the Biological Society at 4 P. M. this afternoon, in Room 319, on "Pure Food and the Drug Act in Operation." Gramet will also speak on "The Substance in Inheritance."

**C. C. N. Y. VARSITY FIVE DE-  
FEATED ON UPSTATE TRIP**

Beaten by Rochester and Clarkson Tech, Our  
Men Fail to Repeat Victory over  
St. Lawrence Team

**TICH'S ABSENCE HURTS OUR BOYS**

The recent trip taken by the Varsity Basketball team didn't pan out as well as it should have. Instead of trimming—as was expected—the Rochester, Clarkson Tech. and St. Lawrence Fives, we were hopelessly defeated—defeated by teams who, on our own court, would either have been beaten by our boys, or would have had some tough proposition getting away with the game.

Tich our star forward, did not play in any of the three games owing to an injury received in the N. Y. U. game, which injury has developed into a case of water on the knee; as a result of this Dr. Storey refused to allow Tich to play.

**CONGRESSMAN BEFORE  
MENORAH TODAY**

Hon. Walter M. Chandler Here  
from Washington, Speaks on  
"Jew in Public Service"

The Hon. Walter M. Chandler, Representative in Congress from New York will address the Menorah Society to-day in the History Lecture Room, as the first of a series of prominent speakers who have been engaged to address the Club during the course of the term. His subject will be "The Jew in Public Life."

Representative Chandler has journeyed from Washington expressly for the purpose of lecturing before the City College students.

Yesterday, Prof. Earle F. Palmer lead the Open Forum. The topic was "The Jew in English Literature."

**30 Cases on Waiting Lists  
of Clinics**

That the education clinics maintained by the Department of Education under the supervision of Prof. Samuel B. Heckman, are used extensively and are of great value is shown by the great appreciation of the institution by the teachers of the city, and by the great number of applications for investigation of cases received.

At the present time, due to the increased use of all three clinics, there are over thirty cases on the waiting list. However, Dr. Heckman hopes to get the list down to a reasonable number and continue work as usual.

**Calendar for the Week**

(Inserts for publication must be received by Friday)

Thursday, February 24—12 M. Student Council Re-elections. Cercle Jusserand, 209. Deutscher Verein, 308. Prof. Hartmann lectures. 3.45 P. M. Roemer Prize. Trials, 221. 4 P. M. Bio, Dr. Feinberg lectures.

Friday, February 25—1 P. M., Clinton Club, 14. 2:45 P. M., Student Council Meets. 3:45 P. M., Continuation of Roemer Prize. Trials.

Saturday, February 26—8 P. M., BASKETBALL, WASHINGTON AND LEE VS. VARSITY, Gymnasium.

Sunday, February 27—PROFESSOR SARTON lectures in the Doremus Lecture Theater on "The History of Science."

The team left town in a rather discouraged frame of mind. There were just two—count them—members of the College Faculty or Student Body to give the team a send off. Prof. Holton represented the Faculty and the writer took the place of some 1904 stewards, some of whom were watching Penn drown us and some of whom were not.

The team lost its first game of the trip to the University of Rochester Five by a score of 30-16. Is. Ornstein—who, due to the absence of Coach Palmer, had complete charge of the team—decided not to start Julian Bronstein, so the two Freshies played forward.

The team played a good game, considering the disadvantages to which our boys were put. Rochester both outweighed and outplayed our team. In spite of this, the up-staters had to work to win.

Lefty starred for our team, scoring eight of our sixteen points, by two field goals and four fouls. Lipsky scored four points, on two field goals. Joe Drake and Projansky a field goal each.

Henderson and Hale starred for the home team, for whom the former scored six field goals, and the latter tallied eight points on field goals and fouls.

The Rochester court is much smaller than our court and our boys, unaccustomed to so small a field, had some job finding the baskets.

The Line-Up  
C. C. N. Y.—16 .. Rochester—30  
Lipsky—L. F. Harper  
Projansky—R. F. Henderson  
Drake—C. Whitney  
Lefkowitz—R. G. Rowley  
Holman—L. G. Hale  
Field Goals—Henderson 6; Hale 3; Harper 3; Rowley and Remington Lipsky 2; Lefty 2 Projansky and Drake m m m m m  
Goals on Fouls—Lefty 4; Hale 2.  
Substitutions—Remington for Henderson; Adsit for Harper; Willis for Hale; Bronstein for Projansky; Schwartzman for Holman; Simons for Lefty.  
cause.

Our Varsity Basketball Five went down to defeat, last Tuesday evening, at the hands of the St. Lawrence Five, with a score of 25 to 15.

In our contest with the Canton boys on our court, January 15th, last, the Varsity team had a pretty easy time of it with the up-staters. However, handicapped by the loss of the services of Tich, Daah, and McGill, the home-team, notwithstanding its game fight was defeated pretty badly.

St. Lawrence showed great form in all branches of the game. They worked pretty fast when it came to

**ENGLISH A FOUR YEAR REQUIREMENT**

City College men are handicapped in one respect—the majority are of foreign-born parents. One of the greatest advances in our curriculum was the establishment of a four-year requirement in Public Speaking. The various improvements that it has wrought are of inestimable benefit. But the success of this department has been far below what it might and should be. And there is but one reason for this deficiency—the lack of a sufficient English requirement. The vocabulary to supply words and the facility to use them—the foundation upon which the Public Speaking courses build—is lacking.

The present English requirements presuppose a knowledge and training which the average Freshman has not received. Course One is a course admirable in all ways, except that it is not an English course. It is a course in the History and Appreciation of English Literature. The old Course Two, in a desperate attempt to remove in six months a deficiency which four years of high school training had failed to wipe out, became too general to be of any value. And an upper class man is discouraged by his conceit from electing Course Three, a really practical course, when he reads in the register that the course is "primarily for Sophomores."

The present English Two is a step in the right direction. It is a course in spelling, punctuation and composition. It lays particular stress on letter-writing, especially the business letter. But it has not sufficient time to accomplish its aim. It can hold the student for but two terms and then loses him for the rest of his college course. And it is useless to deny that those who are especially weak in a subject are the first to avoid it.

Make English, that is, practical English, a four-year requirement. Devote at least two hours a week to a practical training along the lines of the present English Two. And the results will justify the change.

**LOYALTY**

There is a class of fellows in City College who would improve the College by their absence. They're worse than a certain grasping real estate operator whose recent pessimistic outbursts regarding the College made him notorious. They spend their time sitting in the alcoves criticizing the College, its instructors, its teams, its coaches, in fact, everything about it. If you ask them to go out for a team, they'll tell you that you have to be a friend of the coach to make it. Ask them what they think of a team's playing and their answer would make your blood boil. There is one possible cure: Let them attend a basketball game and see our men, although outplaying a team whose smallest man was a head over Drake, lose by sheer lack of weight. Or let them watch Babor and Kerekes, in a water-polo game, fight their way through a team of men twice as big and heavy as themselves. And if this does not cure them, let them leave the College.

Last Thursday marked the appearance of COLLEGE MERCURY—the first this term. The issue was an admirable one in many ways. The pleasing color scheme of the cover, the contrast in the different styles of type used, and the colored paper showed technical skill. As for the material itself, suffice to say that it was worthy of a magazine which numbered on its staff at different times, such men as Mott, Guiterman and Viereck.

**Third Joint Meeting at College**

The third of a series of joint meetings of the Menorah societies of the city colleges was held in the Doremus Lecture Theatre Sunday night. Justice Irving Lehman of the Supreme Court addressed the gathering. The first joint meeting was held at Hunter College, and the second at Columbia.

**Talk on German Mythology To-Day**

Professor Hartmann will lecture before the Deutscher Verein at 12 to-day on "German Mythology" in the German Library Room. All are invited to attend an interesting talk on a topic which the lecturer can handle well.

**FACULTY NOTES**

Professor Guthrie has been elected President of the International Association for Judicial Settlement for the State Division, of which Mr. William H. Taft is honorary president and John Hays Hammond is acting president. Its purpose is to provide for a new judicial mode of settlement in the Hague Tribunal. He debated with C. L. Bridges, of Chicago, under the auspices of the Brooklyn Institute of Arts and Sciences on February 14th.

Professor Snider spoke on judicial settlement at the W. H. Methodist Church last Sunday.

"The Pure Food Law in Operation" was the subject of Dr. Feinberg's talk before the New York Chemistry Teachers' Club Food Symposium Meeting last Saturday night at the College of Physicians and Surgeons, after a dinner at Reisenwaber's.

The club, the president of which is Dr. Estabrooke, is very active and intends soon to take a trip through an Aniline Dye Plant as one in a series of trips to various chemical factories.

Dr. W. W. Browne, of the Department of Natural History, spoke before the Emersonian Society at the University Settlement recently on "Practical Applications of Bacteriology."

Dr. William Bradley Otis, of the English Department, lectured at one of the city lecture centers on "Modern Poetry" last Sunday evening. Next Saturday evening, Dr. Otis will speak on "The Wonderland of Books" at the University Settlement.

At the close of the war, Professor Emeritus McGuckin, of the History Department, may travel extensively in Europe, where he has occasionally made historical studies, especially in Italy, and in the leisure afforded by his retirement is likely to delve deeply into research work.

Professor A. J. Goldfarb, of the Natural History Department, read a paper on "Chemical and Physical Changes in Eggs and the Significance of These Changes in Experimental Grafting," before the Chemical Section of the Academy of Sciences on February 7th. He has been elected a director of the National Educators' Conservation Society.

Dr. Norris A. Brisco, Professor of Political Economy and Sociology at the University of Iowa, has broadened the scope of work in the School of Commerce of which he is the head by introducing new courses for the training of business men and for preparation for secretarial work.

Dr. Brisco was formerly instructor in Economics at the College.

Professor Baskerville lectured on February 10th, before the Franklin Institute, Philadelphia, on the "Refining of Animal and Vegetable Oils." This lecture included the scientific and technical results of a four years' investigation of the subject and described a new process of great practical value for refining these oils.

Brandon Tynan, brother of Dr. Joseph Tynan, of the English Department, is the author and principal actor of a new play, "The Melody of Youth," which was presented on Wednesday, February 16th, at the Fulton. Dr. Tynan and Professor A. L. du Pont Coleman attended.

Dr. Mosher Writes Text-Book The Macmillan Company Press is at present engaged in the preparation of a new book on public speaking by Dr. Joseph A. Mosher of our college. The book, which is called "Essentials of Effective Gesture," will be used as a text in Course 2 of the Public Speaking Department.

Prof. G. Loves Dickinson, English educator and publicist, who arrived in New York recently for a lecture tour of the Colleges of the country in the interests of international reconstruction after the war, delivered the first of a series of forty lectures at the College last week. The lecturer intends to end his tour in the Spring.

He elaborated on a plan which he has long advocated for the Great Powers to conclude a treaty at the close of the present conflict to enforce international peace and provide for the arbitration of differences.

**Gargyle Gargles**

We are planning a column, in the near and sweet bimeby, to be run exclusively by members of the Faculty. We invite all who do weekly homage to this Cynosure of Cachination to suggest instructors that they would like to see represented here. Our choice is the choice of the Class of 1916, namely, Professors Cohen and Guthrie. Other nominations are now in order.

**Within Our Midst**

Oh, listen ye happy ones,  
List ye forlorn,  
To a tale that will ye with joy:  
How the Dean, in a burst of kindness  
and grace,  
Decided at length to reform.  
At the last se'nnightly meeting  
Of the Committee on Course and  
Standing,  
Composed of  
Mr. C. L. Brownson,  
Professor Brownson,  
Dean Carlton L. Brownson,  
He ripped and spake as follows:  
He said, "O, Zeu Basilen, it grieves me  
To think of my ruthless inclemency  
In the matter of credits and so forth.  
Scores have I driven from College,  
Been deaf to the pleadings of more.  
I've got the rep. of a nemesis,  
Whose favorite answer is 'No!'  
But, honest to goodness, what boots it  
To be so cruel of heart?  
I'll let every student in College  
Take twenty credits a term;  
And he who cuts more than thirty  
times  
Shall be marked a B in that course.  
I'll take six months to consider  
Before I debar any man:  
At last, their sufferings have touched  
A tender spot in my breast."

It was noon on that beautiful day  
When the Dean awoke from his slumber.

We wonder whether the "Monster Freshman Mass Meeting" had anything to do with the lecture of "The Experimental Production of Monsters" later in the day. It was an experiment, a production and monstrous.

"Editors may come and editors may go—but the News Editor remains News Editor forever!"

Have you persuaded Austin and Kaplan to grant you 10 1/2 credits yet? You know, they themselves were asking for that just last term.

The office-boy wants to know where the Joint Committee meets and whether the name is applicable to the fact.

**Why Editors Go Mad**

H. Nap. Bonlypart Herzle has applied for the Assistant Editorship.

Haven't you noticed that everybody is reading the back page of The Campus these days?

What No. 1 of the new volume is complete without an editorial of welcome to the incoming "neophytes?" We've been here for quite a while and have observed that just as sure as fate, a stirring, blood-curdling Brisbane double-columner appears every first issue.

**Lines to Malicious Scribes**

Curses, Harry Mayer!  
Curses, T. A. T.!  
Curses, Will O'Brien!  
Curses on you three!

Harv. by the way, refers to us as "the new guy on THE CAMPUS, T. A. T. calls us "the Last of the Latins" and epines that we are writing for a "lowbrow clientele."

Well, with the former we have no quarrel, for he is only an irresponsible child. But with the latter—

It'll be tit for T. A. T.  
LUCIAN.

**HANDSOME VOLUMES  
DONATED TO THE  
GERMAN LIBRARY**

**Increased Demand For Books  
Causes Changes in  
Regulations**

An unexpected gift of 50 handsome volumes brings the collection in the German Library, in Room 308, up to almost 2,500 volumes which have been obtained in the course of a few years from many sources.

The recent accession, from a friend of Professor Kost, is a 48-volume series on universal history published by the historian Oncken and two volumes on the United States, by Ratzel, in the preface of which is expressed the author's gratitude to Professor Werner for much information in the preparation of the work.

The chief single donations have come from Mr. Adolph Lewisohn, who gave a thousand dollars for the library fund which has since been expended. Professor Emeritus Werner has contributed volumes from his private library from time to time. Other teachers in the department have also aided by their contributions.

The changes in the regulations are as follows:

Library open for consulting and borrowing books, increase in open hours due to a greater demand: Mondays, 10-11 A. M.; Tuesdays, 11 A. M.-4 P. M.; Thursdays, 9 A. M.-4 P. M.; and Fridays, 1-1.45 P. M.

The period during which books may be kept out has been decreased to three weeks.

Books may not be renewed before they have been back on the shelves for at least a day.

**Organize Scientific  
Course in Socialism**

**Members of Faculty Will Conduct the Course—Topics Announced**

A scientific course in the fundamentals of Socialism has been arranged under the auspices of the Department of Philosophy. The course will embrace twelve lectures distributed throughout the semester. These are the topics for discussion:

1. Present Conditions.
2. The Economic Interpretation of History.
3. The Evolution of Capitalism.
4. The Disintegration of Capitalism and Socializing Tendencies.
5. The Wage-Working Class.
6. Surplus Value.
7. Disintegration of Income.
8. Class Struggle.
- 9 and 10. Immediate Demands of Socialism.
11. The Expropriation of the Capitalists.
12. The Socialist Commonwealth.

Professors Overstreet, Woolston and Schapiro and Dr. Grendon will conduct the course. The first meeting will be held on February 18th, in Room 12, at 1 P. M. Enrollment is open to all students. Those desiring to join the course will see Solomon Lasky or drop a paper containing name, class and address, into locker 325.

**Mathematicians Outline  
Plans for the Term**

Discussion on the possibility of increased activity of the Mathematical Society was held at the recent reorganization session, and as a result, many new features were brought to light for the current year. Professor Reynolds, Louis I. Dublin, 01, Chief Statistician of the Metropolitan Life Insurance Co., and William C. Breckenridge, of Teachers' College, Columbia, will lecture during the term. Those interested in the subject of mathematics are welcome to enter the Society.

Professor Baldwin is fast perfecting the Glee Club and Orchestra. The Glee Club will meet in the Great Hall in sections, Mondays, at 1.45; Thursdays, at 12.45, and Fridays, at 1.45. Memberships are still open, only an elementary voice test being required for admission.

### Varsity Loses to Penn Natators

#### Water Polo Six Scores on Philadelphians

Pennsylvania handed us the expected defeat in the dual swimming meet last Friday—score, 42 to 11. This tally, however, does not indicate how closely the meet was contested—especially the 50-yard swim and the Fancy Dive. In the 50, Bosworth, Shryock and Simonton swam stroke for stroke all the way, neither of them gaining an inch. At the finish, it seems, Simonton got his hand over the rope first, not more than three inches in front of Bosworth. Shryock, captain of Penn's team, was a close third.

The Dive was the prettiest event of the evening (so the fair sex claimed), and it was all the prettier because our contestant, Liebner, took first place. He showed up better last Friday than at any other time since his arrival at the College six months ago. Evans and Coons, both of Penn followed respectively in this event.

The best that our captain, Bill Jones, could do in the plunge was to take third place, traveling 65 feet. Lehman, who recently established the record of 78 feet, 6 inches, plunged 76 feet. Scholz, his teammate, took second with a plunge of 68 feet.

800-foot Relay.—Won by Penn, with Simonton, Watts, Masten and Shryock. For C. C. N. Y., Howay, Baehr, Schenberg and Bosworth. Time—2:48 3-5.

Fancy Dive.—Won by Liebner, C. C. N. Y., 101.27 points; Second: Evans, Penn., 98.22 points; Third: Coons, 95.04 points.

50-yard Swim.—Won by Simonton, Penn.; Second: Bosworth, C. C. N. Y.; Third: Shryock, Penn. Time—27 seconds, flat.

220-yard Swim.—Won by Russell, Penn.; Second: Keiser, Penn.; Third: Howay, C. C. N. Y. Time—2:49.

Plunge for Distance.—Won by Lehman, Penn., 76 feet; Second: Scholz, Penn., 68 feet; Third: Jones, C. C. N. Y., 65 feet.

100-yard Swim.—Won by Watts, Penn.; Second: Masten, Penn.; Third: Bosworth, C. C. N. Y. Time—1:02 3-5.

The surprise of the evening was the showing made by our light water-polo team against Penn's. Outweighed by at least thirty-five pounds to a man, our men held their heavy opponents off, time and again. If any team in the College deserves praise and support, it is the polo team—not because it is a crackjack—but because the men on it are the grittiest in the College. Watch them play against a husky team like Penn's and you will immediately see what I mean. Such fellows as Babor, captain; Kerekes, Auerbach, Schroeder and the others, certainly have "sand" to stand the drubbing they receive from their giant opponents.

Babor's guarding at goal was superb—and everything else implied by this word. Penn couldn't get through him on a bet, except by sending a phalanx against him. This was their usual mode of attacking and submerging our husky "Swede." As for taking the ball down towards the opponent's goal, there is no better player than Kerekes. It made no difference to him—apparently—how many times the Penn men ducked him. He came up, determined, and was at it again. Auerbach scored our only point on a free throw. This is the second time he has scored for us this season, his first success being against Princeton. Johnny Schroeder, the lightest polo player on the team, is right there with the rush. The other players are not, what you may term bashful, either, when they get started.

A little more support and encouragement on the part of the students will bring our gritty water-poloists to the fore. Do your share, they are doing more than theirs!

#### LINE-UP

### BIG TRACK SQUAD AT STEADY PRACTICE

#### Vriens Is Unanimously Elected Captain of Track Team

Jerry Vriens was unanimously elected captain of the largest and most-promising track team that the college has ever held. Last Thursday Mac put a number of new recruits through their paces and told them a few things about running. Time trials were held and the results were very gratifying. Jerry came within one second of the 880 record made by Dolan in 1909. Jerry's time was 2.13. Only three fifths of a second separated Wettals from Teddy Greenbaum's record of 26 seconds for the 220. Weberpals and Skelding ran Jerry Vriens a good race in the 880. With these three and Landis we should be very strong in this event.

Lots of other promising material reported. We were glad to see that Johnny Lehman, our all-round track performer is out for work again. Among others who have reported are MacDonald, Friedman, Altschorn, Jones and Murray.

With all this good material we should develop a crack team this year. Meets have been arranged with Stevens and R. P. I. in our Stadium. The team deserves the support of the entire student body. Mac is working hard and if the men will do their part we ought to clean up.

#### Spring Season Tickets Out

Tickets of admission to baseball games, track meets and indoor meets are on sale to A. A. members at fifty cents each. These tickets secure admission to at least six baseball games, the Stevens meet and other events to be held in the Stadium. Get your tickets as soon as possible. The A. A. is counting on you to help it through a successful Spring season.

Members of the class of 1920 can secure A. A. membership and Spring season tickets both for seventy-five cents.

#### The Editor of THE CAMPUS, Sir:

I have been requested by the Executive Board to announce that since Harvard has canceled the swimming meet with us, those A. A. members who have purchased tickets for the extra events may receive an extra ticket to either of the remaining basketball games, or, if they prefer, have twenty-five cents refunded to them.

Kindly publish this announcement.

Very truly yours,  
LOUIS S. SCHWARTZ,  
Sec'y C. C. N. Y. A. A.

(Continued from page one)

passing, and they have the art of shooting down pat on their own court. Our own team, at various times, had the Canton team dazed by their passing, but they were fairly weak on caging goals.

The first half was nip and tuck clean through. That fact is evidenced by the score at the end of the first half, 8-7, with the up-staters in the lead.

In the second half, our boys started passing all around the home team, and it looked, for a time, as tho we might pull the fat out of the fire. But St. Lawrence started to take advantage of our Varsity's weakness physically, and simply tore holes through our defensive plays.

They rolled up goal after goal to the huge delight of the spectators. The best we could do was to score eight measly points to St. Lawrence's seventeen, making the final score 25 to 15, with the latter on the long end of the score.

Lipsky, who was—up to the N. Y. U. game—one of the speedy Freshman forwards, played a stellar game; his shooting would have done credit to an experienced Varsity player. Lefty played his usual steady game at guard.

Is. Ornstein made use of every he had. Indeed, he needed all the men he could use, inasmuch as the hard-hitting Potsdam team, known to hitting Potsdam team, known to loped the stuffings out of our team the night before, trimming them by a score of 31-21.

The last time we played Clarkson Tech., those members of the team who landed home alive swore that Clarkson plays the roughest game of any College team they met.

### FRESHMEN WIN

#### Nineteen Quintet Outplays the Irving School Five

#### FRESHMAN LEAGUE PROBABLE

On February 16th, the Freshman team easily defeated the Irving School at Tarrytown by the score of 44-14. The team showed a marked improvement over the form displayed in the game against the N. Y. U. freshmen, both in shooting and passing.

The home team drew first blood, but the Freshmen soon overcame them with their formations and fast passing. Schmidt scored on some difficult distance shots while Rovner caged some pretty backgoals. Lebovsky showed up well and justified the opinion formed of him in the N. Y. U. Freshmen game. Captain Schoen and Kurtzman played their usual games in the guard positions. This is the third team Coach Hansen has had to whip into shape this season, and he deserves praise for his continued success.

#### The line-up:

C. C. N. Y. '19 (44) Irving H. School (14)  
Lebovsky ..... R. F. .... Millspaugh  
Rovner ..... L. F. .... Bovinizer  
Schmidt ..... C. .... Conover  
Siegel ..... R. G. .... Sutherland  
Schoen ..... L. G. .... Hernandez  
Substitutes—Kurtzman for Lebovsky, Biegeleisen for Rovner, Kurtzman for Siegel; Posson for Conover. Saltsbury for sutherland, Van Duzen for Hernandez.

Field-goals—Millspaugh, Bovinizer (4); Lebovsky (5); Rovner (5); Schmidt (3); Kurtzman, Kurtzman.

Foul—Lebovsky (3 out of 5); Biegeleisen (2 out of 9); Kurtzman (1 out of 9).

Coach Hansen certainly was enthusiastic over the showing made by his boys at Tarrytown. "Our Freshmen Team is the greatest we've ever had. I have never seen shooting equal to the performance of our boys in the game against Irving School. Schmidt, our big center, played a wonderful game, garnering eight goals."

"We were given a royal reception by our opponents who showed us a bully time. They took us sleighing and did everything to make us feel at home. We hope to reciprocate next year by inviting the Irving School team down here."

#### Freshman Team Invited In New Basketball League

Our basketball manager has been invited by the Yale management to aid in the formation of a Freshman basketball league. Among the colleges interested in furthering the new project are Yale, Columbia, N. Y. U., Penn and Wesleyan. Our team would stand a very good chance for the championship of such a league if we decided to enter it.

#### Form Radio Club

A "City College Radio Club" was formed last week. The object of the new society is to enable all those at the College interested in radio telegraphy and telephony to meet for the discussion of problems in "wireless" and to enable them to practice sending and receiving messages with buzzers and with actual radio apparatus.

The society is open to all students in the College or Townsend Harris Hall who meet the necessary requirements. Once every two weeks a meeting is held at 2.45 on Thursday in Room 102 of the Main Building. At these meetings there will be presented for discussion short papers by members of the club, and the members will co-operate with each other in the way of arranging to carry on communication by radio between their homes. Alternate weeks, at 2.45 on Thursday, a meeting will be held in the Radio Laboratory of the College, Room 8, Main Building.

Prof. Goldsmith has kindly volunteered to give the club members assistance in their work and has placed a satisfactory amount of space and apparatus at their disposal for tests and experiment.

It is expected that all the earnest "radio fans" at the College will have interesting and instructive times at the meetings. Four of the founders of the club, namely Edward Dickey, Carl Dreher, Joseph D. Fried and Herbert Kayser are also members of The Institute of Radio Engineers, the great international society in the "wireless" field.

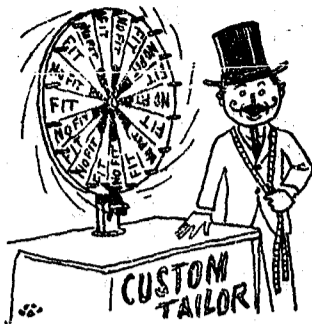

### Relay Team Finishes Fourth

#### Columbia Relay Team Wins Medley Race

We entered a mile relay and a medley relay team in the Horace Mann Games, held on Monday, February 21st, at the 22nd Regiment. Our mile team was pitted against Princeton in a special match race, but failed to defeat the Tigers—in fact, the latter quite handily "put one over on us." Skelding, Weberpals, Wettels and Vriens competed for us, while Eddy, Wallace Richardson and Moore came home with the proverbial bacon for Princeton. Murray, who was scheduled to run in this event, was ill and therefore could not compete. Fischer was also on the original mile relay team, but due to the shifting of this event from the twenty-fifth to the first, he arrived at the Armory too late. Weberpals and Wettels were compelled to take the places of these two men.

The Princeton team ran the distance in very good time, 3:38. Our men were some distance behind, but taking our adversers into consideration, we didn't do 'arf bad, don't y'know? Better luck, the next time! Columbia took first and third in the Medley Relay for the College Championship of New York (so the programs read), while Fordham came second and City College fourth, followed by Manhattan College. With a little more training and polishing up, there is every indication that our track team will do excellent work.

Big Bill Jones, our crack plunger, is the newly chosen captain of the swimming squad. Bill is strong for this "gliding o'er the deep" stuff as is shown by his wonderful performance in the Annapolis and Princeton meets. He broke Annapolis' record in their pool, plunging sixty feet in twenty-nine seconds.

Why Chance it?

With us you see the fit before you order.

A few minutes to try on your size and you're our friend for life.

Don't hesitate because you're stout—fat men's suits are as much of our specialty as "poems" for long fellows.

NEW YORK CITY

#### INTERCLASS RELAY TO-DAY

Inter-Class, five-man relay will be held to-day, at noon, in the Gym. Each man will run 220 yards.

Here's a chance for class athletic managers to see what material they have for the Interclass Track Meet.

Vic Smith, Vice-President of the A. A., will meet the Board of Class Athletic Managers to-morrow at 1 o'clock in the A. A. Room. He has some very important business to discuss with the board and urges the prompt attendance of all the Class Managers.

### The Brisk Smoke—"Bull" Durham

When you see an alert-looking young man in a lively argument roll a "Bull" Durham cigarette—it's the natural thing. He likes to punctuate a crisp sentence with a puff of "Bull" Durham. His mind responds to the freshness that's in the taste of it, and his senses are quickened by its unique aroma. A cigarette of "Bull" Durham just fits in with keen thinking and forceful action.

GENUINE

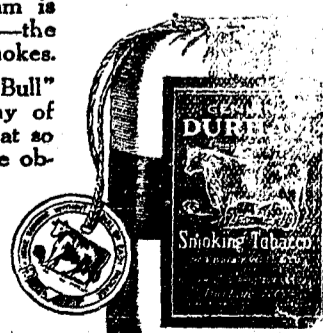

### "BULL" DURHAM SMOKING TOBACCO

Made of "bright" Virginia-North Carolina leaf, "Bull" Durham is rich, fragrant, mellow-sweet—the mildest, most enjoyable of smokes.

"Roll your own" with "Bull" Durham and join the army of smokers who have found that so good a cigarette cannot be obtained in any other way.

FREE An illustrated booklet, showing correct way to "Roll Your Own" Cigarettes, and a packet of cigarette papers, will both be mailed free to any address in U. S. on request. Address "Bull" Durham, Durham, N. C.

THE AMERICAN TOBACCO CO.

**ENGLISH A FOUR YEAR REQUIREMENT**

City College men are handicapped in one respect—the majority are of foreign-born parents. One of the greatest advances in our curriculum was the establishment of a four-year requirement in Public Speaking. The various improvements that it has wrought are of inestimable benefit. But the success of this department has been far below what it might and should be. And there is but one reason for this deficiency—the lack of a sufficient English requirement. The vocabulary to supply words and the facility to use them—the foundation upon which the Public Speaking courses build—is lacking.

The present English requirements presuppose a knowledge and training which the average Freshman has not received. Course One is a course admirable in all ways, except that it is not an English course. It is a course in the History and Appreciation of English Literature. The old Course Two, in a desperate attempt to remove in six months a deficiency which four years of high school training had failed to wipe out, became too general to be of any value. And an upper class man is discouraged by his conceit from electing Course Three, a really practical course, when he reads in the register that the course is "primarily for Sophomores."

The present English Two is a step in the right direction. It is a course in spelling, punctuation and composition. It lays particular stress on letter-writing, especially the business letter. But it has not sufficient time to accomplish its aim. It can hold the student for but two terms and then loses him for the rest of his college course. And it is useless to deny that those who are especially weak in a subject are the first to avoid it.

Make English, that is, practical English, a four-year requirement. Devote at least two hours a week to a practical training along the lines of the present English Two. And the results will justify the change.

**LOYALTY**

There is a class of fellows in City College who would improve the College by their absence. They're worse than a certain grasping real estate operator whose recent pessimistic outbursts regarding the College made him notorious. They spend their time sitting in the alcoves criticizing the College, its instructors, its teams, its coaches, in fact, everything about it. If you ask them to go out for a team, they'll tell you that you have to be a friend of the coach to make it. Ask them what they think of a team's playing and their answer would make your blood boil. There is one possible cure: Let them attend a basketball game and see our men, although out-playing a team whose smallest man was a head over Drake, lose by sheer lack of weight. Or let them watch Babor and Kerekes, in a water-polo game, fight their way through a team of men twice as big and heavy as themselves. And if this does not cure them, let them leave the College.

Last Thursday marked the appearance of COLLEGE MERCURY—the first this term. The issue was an admirable one in many ways. The pleasing color scheme of the cover, the contrast in the different styles of type used, and the colored paper showed technical skill. As for the material itself, suffice to say that it was worthy of a magazine which numbered on its staff at different times, such men as Mott, Guiterman and Viereck.

**Third Joint Meeting at College**

The third of a series of joint meetings of the Menorah societies of the city colleges was held in the Doremus Lecture Theatre Sunday night. Justice Irving Lehman of the Supreme Court addressed the gathering. The first joint meeting was held at Hunter College, and the second at Columbia.

**Talk on German Mythology To-Day**

Professor Harimann will lecture before the Deutscher Verein at 12 to-day on "German Mythology" in the German Library Room. All are invited to attend an interesting talk on a topic which the lecturer can handle well.

**FACULTY NOTES**

Professor Guthrie has been elected President of the International Association for Judicial Settlement for the State Division, of which Mr. William H. Taft is honorary president and John Hays Hammond is acting president. Its purpose is to provide for a new judicial mode of settlement in the Hague Tribunal. He debated with C. L. Bridges, of Chicago, under the auspices of the Brooklyn Institute of Arts and Sciences on February 14th.

Professor Snider spoke on judicial settlement at the W. H. Methodist Church last Sunday.

"The Pure Food Law in Operation" was the subject of Dr. Feinberg's talk before the New York Chemistry Teachers' Club Food Symposium Meeting last Saturday night at the College of Physicians and Surgeons, after a dinner at Rolsen-weber's.

The club, the president of which is Dr. Estabrooke, is very active and intends soon to take a trip through an Aniline Dye Plant as one in a series of trips to various chemical factories.

Dr. W. W. Brownie, of the Department of Natural History, spoke before the Emersonian Society at the University Settlement recently on "Practical Applications of Bacteriology."

Dr. William Bradley Otis, of the English Department, lectured at one of the city lectures centers on "Modern Poetry" last Sunday evening. Next Saturday evening, Dr. Otis will speak on "The Wonderland of Books" at the University Settlement.

At the close of the war, Professor Emeritus McGuckin, of the History Department, may travel extensively in Europe, where he has occasionally made historical studies, especially in Italy, and in the leisure afforded by his retirement is likely to delve deeply into research work.

Professor A. J. Goldfarb, of the Natural History Department, read a paper on "Chemical and Physical Changes in Eggs and the Significance of These Changes in Experimental Grafting," before the Chemical Section of the Academy of Sciences on February 7th. He has been elected a director of the National Educators' Conservation Society.

Dr. Norris A. Brisco, Professor of Political Economy and Sociology at the University of Iowa, has broadened the scope of work in the School of Commerce of which he is the head by introducing new courses for the training of business men and for preparation for secretarial work. Dr. Brisco was formerly instructor in Economics at the College.

Professor Baskerville lectured on February 10th, before the Franklin Institute, Philadelphia, on the "Refining of Animal and Vegetable Oils." This lecture included the scientific and technical results of a four years' investigation of the subject and described a new process of great practical value for refining these oils.

Brandon Tynan, brother of Dr. Joseph Tynan, of the English Department, is the author and principal actor of a new play, "The Melody of Youth," which was presented on Wednesday, February 16th, at the Fulton. Dr. Tynan and Professor A. I. du Pont Coleman attended.

Dr. Mosher Writes Text-Book The Macmillan Company Press is at present engaged in the preparation of a new book on public speaking by Dr. Joseph A. Mosher of our college. The book, which is called "Essentials of Effective Gesture," will be used as a text in Course 2 of the Public Speaking Department.

Prof. G. Lowes Dickinson, English educator and publicist, who arrived in New York recently for a lecture tour of the Colleges of the country in the interests of international reconstruction after the war, delivered the first of a series of forty lectures at the College last week. The lecturer intends to end his tour in the Spring.

He elaborated on a plan which he has long advocated for the Great Powers to conclude a treaty at the close of the present conflict to enforce international peace and provide for the arbitration of differences.

**Gargyle Gargles**

We are planning a column, in the near and sweet bimby, to be run exclusively by members of the Faculty. We invite all who do weekly homage to this Cynosure of Cachination to suggest instructors that they would like to see represented here. Our choice is the choice of the Class of 1916, namely, Professors Cohen and Guthrie. Other nominations are now in order.

**Within Our Midst**

Oh, listen ye happy ones,  
List ye forlorn,  
To a tale that will ye with joy:  
How the Dean, in a burst of kindness  
and grace,  
Decided at length to reform.  
At the last se'ennightly meeting  
Of the Committee on Course and  
Standing,  
Composed of  
Mr. C. L. Brownson,  
Professor Brownson,  
Dean Carlton L. Brownson,  
He ripped and spake as follows:  
He said, "O, Zeu Baslen, it grieves me  
To think of my ruthless inclemency  
In the matter of credits and so forth.  
Scores have I driven from College,  
Been deaf to the pleadings of more.  
I've got the rep. of a nemesis,  
Whose favorite answer is 'No'  
But, honest to goodness, what boots it  
To be so cruel of heart?  
I'll let every student in College  
Take twenty credits a term;  
And he who cuts more than thirty  
times  
Shall be marked a B in that course.  
I'll take six months to consider  
Before I debar any man:  
At last, their sufferings have touched  
A tender spot in my breast."

It was noon on that beautiful day  
When the Dean awoke from his slumber.

We wonder whether the "Monster Freshman Mass Meeting" had anything to do with the lecture of "The Experimental Production of Monsters" later in the day. It was an experiment, a production and monstrous.

"Editors may come and editors may go—but the News Editor remains News Editor forever!"

Have you persuaded Austin and Kaplan to grant you 1 1/2 credits yet? You know, they themselves were asking for that just last term.

The office-boy wants to know where the Joint Committee meets and whether the name is applicable to the fact.

**Why Editors Go Mad**

H. Nap. Bonlypart Herzle has applied for the Assistant Editorship.

Haven't you noticed that everybody is reading the back page of The Campus these days?

What No. 1 of the new volume is complete without an editorial of welcome to the incoming "neophytes?" We've been here for quite a while and have observed that just as sure as fate, a stirring, blood-curdling Brisbane double-columner appears every first issue.

**Lines to Malicious Scribes**

Curses, Harry Mayer!  
Curses, T. A. T.!  
Curses, Will O'Brien!  
Curses on you three!

Harry, by the way, refers to us as "the new guy on THE CAMPUS. T. A. T. calls us "the Last of the Latins" and opines that we are writing for a "lowbrow clientele."

Well, with the former we have no quarrel, for he is only an irresponsible child. But with the latter—

It'll be tit for T. A. T.  
LUCIAN.

**HANDSOME VOLUMES  
DONATED TO THE  
GERMAN LIBRARY**

**Increased Demand For Books  
Causes Changes in  
Regulations**

An unexpected gift of 50 handsome volumes brings the collection in the German Library, in Room 308, up to almost 2,500 volumes which have been obtained in the course of a few years from many sources.

The recent accession, from a friend of Professor Kosal, is a 48-volume series on universal history published by the historian Oncken and two volumes on the United States, by Ratzel, in the preface of which is expressed the author's gratitude to Professor Werner for much information in the preparation of the work.

The chief single donations have come from Mr. Adolph Lewisohn, who gave a thousand dollars for the library fund which has since been expended. Professor Emeritus Werner has contributed volumes from his private library from time to time. Other teachers in the department have also aided by their contributions.

The changes in the regulations are as follows:

Library open for consulting and borrowing books, increase in open hours due to a greater demand: Mondays, 10-11 A. M.; Tuesdays, 11 A. M.-4 P. M.; Thursdays, 9 A. M.-4 P. M.; and Fridays, 1-1.45 P. M.

The period during which books may be kept out has been decreased to three weeks.

Books may not be renewed before they have been back on the shelves for at least a day.

**Organize Scientific  
Course in Socialism**

**Members of Faculty Will Conduct the Course—Topics Announced**

A scientific course in the fundamentals of Socialism has been arranged under the auspices of the Department of Philosophy. The course will embrace twelve lectures distributed throughout the semester. These are the topics for discussion:

1. Present Conditions.
2. The Economic Interpretation of History.
3. The Evolution of Capitalism.
4. The Disintegration of Capitalism and Socializing Tendencies.
5. The Wage-Working Class.
6. Surplus Value.
7. Disintegration of Income.
8. Class Struggle.
- 9 and 10. Immediate Demands of Socialism.
11. The Expropriation of the Capitalists.
12. The Socialist Commonwealth.

Professors Overstreet, Woolston and Schapiro and Dr. Grendon will conduct the course. The first meeting will be held on February 18th, in Room 12, at 1 P. M. Enrollment is open to all students. Those desiring to join the course will see Solomon Lasky or drop a paper containing name, class and address, into locker 325.

**Mathematicians Outline  
Plans for the Term**

Discussion on the possibility of increased activity of the Mathematical Society was held at the recent reorganization session, and as a result, many new features were brought to light for the current year.

Professor Reynolds, Louis I. Dublin, 01, Chief Statistician of the Metropolitan Life Insurance Co., and William C. Breckenridge, of Teachers' College, Columbia, will lecture during the term. Those interested in the subject of mathematics are welcome to enter the Society.

Professor Baldwin is fast perfecting the Glee Club and Orchestra. The Glee Club will meet in the Great Hall in sections, Mondays, at 1.45; Thursdays, at 12.45, and Fridays, at 1.45. Memberships are still open, only an elementary voice test being required for admission.

**Varsity Loses to Penn Natators**

**Water Polo Six Scores on Philadelphians**

Pennsylvania handed us the expected defeat in the dual swimming meet last Friday—score, 42 to 11. This tally, however, does not indicate how closely the meet was contested—especially the 50-yard swim and the Fancy Dive. In the 50, Bosworth, Shryock and Simonton swam stroke for stroke all the way, neither of them gaining an inch. At the finish, it seems, Simonton got his hand over the rope first, not more than three inches in front of Bosworth. Shryock, captain of Penn's team, was a close third.

The Dive was the prettiest event of the evening (so the fair sex claimed), and it was all the prettier because our contestant, Liebner, took first place. He showed up better last Friday than at any other time since his arrival at the College six months ago. Evans and Coons, both of Penn followed respectively in this event.

The best that our captain, Bill Jones, could do in the plunge was to take third place, traveling 65 feet. Lehman, who recently established the record of 78 feet, 6 inches, plunged 76 feet. Scholz, his teammate, took second with a plunge of 68 feet.

**800-foot Relay.**—Won by Penn, with Simonton, Watts, Masten and Shryock. For C. C. N. Y., Howay, Baehr, Schenberg and Bosworth. Time—2:48 3-5.

**Fancy Dive.**—Won by Liebner, C. C. N. Y., 101.27 points; Second: Evans, Penn., 98.22 points; Third: Coons, 95.04 points.

**50-yard Swim.**—Won by Simonton, Penn; Second: Bosworth, C. C. N. Y.; Third: Shryock, Penn. Time—27 seconds, flat.

**220-yard Swim.**—Won by Russell, Penn; Second: Keiser, Penn; Third: Howay, C. C. N. Y. Time—2:49.

**Plunge for Distance.**—Won by Lehman, Penn, 76 feet; Second: Scholz, Penn, 68 feet; Third: Jones, C. C. N. Y., 65 feet.

**100-yard Swim.**—Won by Watts, Penn; Second: Masten, Penn; Third: Bosworth, C. C. N. Y. Time—1:42 3-5.

The surprise of the evening was the showing made by our light water-polo team against Penn's. Outweighed by at least thirty-five pounds to a man, our men held their heavy opponents off, time and again. If any team in the College deserves praise and support, it is the polo team—not because it is a crackjack—but because the men on it are the grittiest in the College. Watch them play against a husky team like Penn's and you will immediately see what I mean. Such fellows as Babor, captain; Kerekes, Auerbach, Schroeder and the others, certainly have "sand" to stand the drubbing they receive from their giant opponents.

Babor's guarding at goal was superb—and everything else implied by this word. Penn couldn't get through him on a bet, except by sending a phalanx against him. This was their usual mode of attacking and submerging our husky "Swede." As for taking the ball down towards the opponent's goal, there is no better player than Kerekes. It made no difference to him—apparently—how many times the Penn men ducked him. He came up, determined, and was at it again. Auerbach scored our only point on a free throw. This is the second time he has scored for us this season, his first success being against Princeton. Johnny Schroeder, the lightest polo player on the team, is right there with the rush. The other players are not, what you may term bashful, either, when they get started.

A little more support and encouragement on the part of the students will bring our gritty water-poloists to the fore. Do your share, they are doing more than theirs!

**LINE-UP**  
Penn (35) C. C. N. Y. (1)  
Collins ..... F. .... Kerekes  
Walsh ..... F. .... Schroeder  
Swan ..... G. .... Auerbach  
Snow ..... G. .... Kramer  
Heraty ..... Goal ..... Babor  
Russell ..... F. .... Howay  
Touch Goals.—Collins (2), Shryock (3), Russell (2). Free Goals.—Auerbach (1). Substitutes.—Shryock for Walsh; Mannheim for Schroeder; Bosworth for Kramer; Kramer for Howay; Schenberg for Mannheim; Jicka for Babor.

**BIG TRACK SQUAD AT STEADY PRACTICE**

**Vriens Is Unanimously Elected Captain of Track Team**

Jerry Vriens was unanimously elected captain of the largest and most-promising track team that the college has ever held. Last Thursday Mac put a number of new recruits through their paces and told them a few things about running. Time trials were held and the results were very gratifying. Jerry came within one second of the 880 record made by Dolan in 1909. Jerry's time was 2.13. Only three fifths of a second separated Wettals from Teddy Greenbaum's record of 26 seconds for the 220. Weberpals and Skelding ran Jerry Vriens a good race in the 880. With these three and Landis we should be very strong in this event.

Lots of other promising material reported. We were glad to see that Johnny Lehman, our all-round track performer is out for work again. Among others who have reported are MacDonald, Friedman, Alt-schorn, Jones and Murray.

With all this good material we should develop a crack team this year. Meets have been arranged with Stevens and R. P. I. in our Stadium. The team deserves the support of the entire student body. Mac is working hard and if the men will do their part we ought to clean up.

**Spring Season Tickets Out**

Tickets of admission to baseball games, track meets and indoor meets are on sale to A. A. members at fifty cents each. These tickets secure admission to at least six baseball games, the Stevens meet and other events to be held in the Stadium. Get your tickets as soon as possible. The A. A. is counting on you to help it through a successful Spring season.

Members of the class of 1920 can secure A. A. membership and Spring season tickets both for seventy-five cents.

The Editor of THE CAMPUS, Sir:

I have been requested by the Executive Board to announce that since Harvard has cancelled the swimming meet with us, those A. A. members who have purchased tickets for the extra events may receive an extra ticket to either of the remaining basketball games, or, if they prefer, have twenty-five cents refunded to them.

Kindly publish this announcement.

Very truly yours,  
LOUIS S. SCHWARTZ,  
Sec'y C. C. N. Y. A. A.

(Continued from page one)

passing, and they have the art of shooting down pat on their own court. Our own team, at various times, had the Canton team dazed by their passing, but they were fairly weak on caging goals.

The first half was nip and tuck clean through. That fact is evidenced by the score at the end of the first half, 8—7, with the up-staters in the lead.

In the second half, our boys started passing all around the home team, and it looked, for a time, as tho we might pull the fat out of the fire. But St. Lawrence started to take advantage of our Varsity's weakness physically, and simply tore holes through our defensive plays.

They rolled up goal after goal to the huge delight of the spectators. The best we could do was to score eight measly points to St. Lawrence's seventeen, making the final score 25 to 15, with the latter on the long end of the score.

Lipsky, who was up to the N. Y. U. game—one of the speedy Freshman forwards, played a stellar game; his shooting would have done credit to an experienced Varsity player. Lefty played his usual steady game at guard.

Is. Ornstein made use of every he had. Indeed, he needed all the men he could use, inasmuch as the hard-hitting Potsdam team, known to hitting Potsdam team, known to loped the stuffings out of our team the night before, trimming them by a score of 31—21.

The last time we played Clarkson Tech., those members of the team who landed home alive swore that Clarkson plays the roughest game of any College team they met.

**FRESHMEN WIN**

**Nineteen Quintet Outplays the Irving School Five**

**FRESHMAN LEAGUE PROBABLE**

On February 16th, the Freshman team easily defeated the Irving School at Tarrytown by the score of 44—14. The team showed a marked improvement over the form displayed in the game against the N. Y. U. freshmen, both in shooting and passing.

The home team drew first blood, but the Freshmen soon overcame them with their formations and fast passing. Schmidt scored on some difficult distance shots while Rovner caged some pretty backgoals. Lebovsky showed up well and justified the opinion formed of him in the N. Y. U. Freshmen game. Captain Schoen and Kurtzman played their usual games in the guard positions. This is the third team Coach Hansen has had to whip into shape this season, and he deserves praise for his continued success.

The line-up:  
C. C. N. Y. '19 (44) Irving H. School (14)  
Lebovsky ..... R. F. .... Millsbaugh  
Rovner ..... L. F. .... Bovinizer  
Schmidt ..... C. .... Conover  
Siegel ..... R. G. .... Sutherland  
Schoen ..... L. G. .... Hernandez  
Substitutes—Kurtzman for Lebovsky, Biegeleisen for Rovner, Kurtzman for Siegel; Posson for Conover, Salisbury for Sutherland, Van Duzen for Hernandez.

Field-goals—Millsbaugh, Bovinizer (4); Lebovsky (5); Rovner (5); Schmidt (8), Kurtzman, Kurtzman.

Foul—Lebovsky (3 out of 5); Bieds (2 out of 9); (2 for 1) out of 9).

Coach Hansen certainly was enthusiastic over the showing made by his boys at Tarrytown. "Our Freshmen Team is the greatest we've ever had. I have never seen shooting equal to the performance of our boys in the game against Irving School. Schmidt, our big center, played a wonderful game, garnering eight goals."

"We were given a royal reception by our opponents who showed us a bully time. They took us sleighing and did everything to make us feel at home. We hope to reciprocate next year by inviting the Irving School team down here."

**Freshman Team Invited In New Basketball League**

Our basketball manager has been invited by the Yale management to aid in the formation of a Freshman basketball League. Among the colleges interested in furthering the new project are Yale, Columbia, N. Y. U., Penn and Wesleyan. Our team would stand a very good chance for the championship of such a league if we decided to enter it.

**Form Radio Club**

A "City College Radio Club" was formed last week. The object of the new society is to enable all those at the College interested in radio telegraphy and telephony to meet for the discussion of problems in "wireless" and to enable them to practice sending and receiving messages with buzzers and with actual radio apparatus.

The society is open to all students in the College or Townsend Harris Hall who meet the necessary requirements. Once every two weeks a meeting is held at 2:45 on Thursday in Room 102 of the Main Building. At these meetings there will be presented for discussion short papers by members of the club, and the members will co-operate with each other in the way of arranging to carry on communication by radio between their homes. Alternate weeks, at 2:45 on Thursday, a meeting will be held in the Radio Laboratory of the College, Room 8, Main Building.

Prof. Goldsmith has kindly volunteered to give the club members assistance in their work and has placed a satisfactory amount of space and apparatus at their disposal for tests and experiment.

It is expected that all the earnest "radio fans" at the College will have interesting and instructive times at the meetings. Four of the founders of the club, namely Edward Dickey, Carl Dreher, Joseph D. Fried and Herbert Kayser are also members of The Institute of Radio Engineers, the great international society in the "wireless" field.

**Relay Team Finishes Fourth**

**Columbia Relay Team Wins Medley Race**

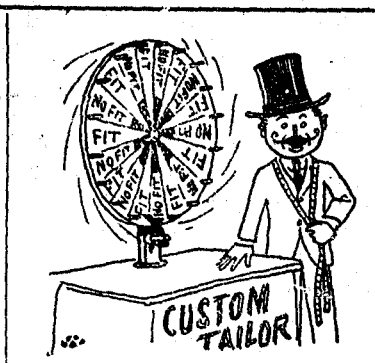

We entered a mile relay and a medley relay team in the Horace Mann Games, held on Monday, February 21st, at the 22nd Regiment. Our mile team was pitted against Princeton in a special match race, but failed to defeat the Tigers—in fact, the latter quite handily "put one over on us." Skelding, Weberpals, Wettels and Vriens competed for us, while Eddy, Wallace Richardson and Moore came home with the proverbial bacon for Princeton.

Murray, who was scheduled to run in this event, was ill and therefore could not compete. Fischer was also on the original mile relay team, but due to the shifting of this event from the twenty-fifth to the first, he arrived at the Armory too late. Weberpals and Wettels were compelled to take the places of these two men.

The Princeton team ran the distance in very good time, 3:38. Our men were some distance behind, but taking our adversers into consideration, we didn't do 'arf bad, don't y'know? Better luck, the next time! Columbia took first and third in the Medley Relay for the College Championship of New York (so the programs read), while Fordham came second and City College fourth, followed by Manhattan College.

With a little more training and polishing up, there is every indication that our track team will do excellent work.

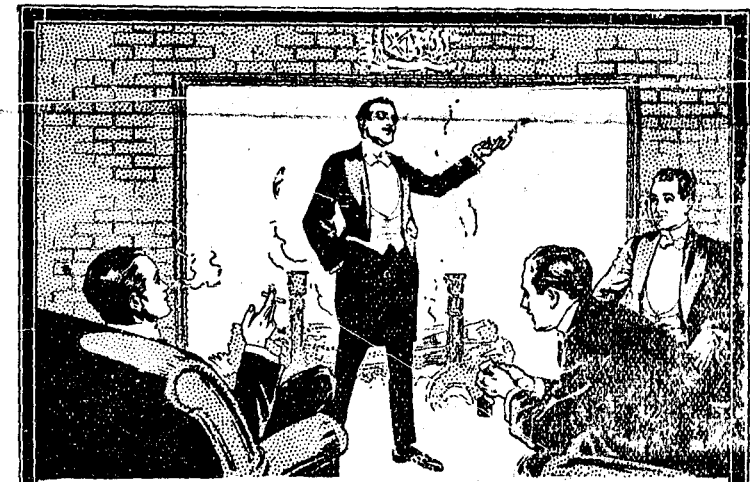

Big Bill Jones, our crack plunger, is the newly chosen captain of the swimming squad. Bill is strong for this "gilding o'er the deep" stuff as is shown by his wonderful performance in the Annapolis and Princeton meets. He broke Annapolis' record in their pool, plunging sixty feet in twenty-nine seconds.

**Why Chance it?**  
With us you see the fit before you order.  
A few minutes to try on your size and you're our friend for life.  
Don't hesitate because you're stout—fat men's suits are as much of our specialty as "poems" for long fellows.

Mail Orders Filled  
**ROGERS PEET COMPANY**  
Broadway at 13th St. "The Four Corners" Fifth Ave. at 41st St.  
Broadway at Warren  
NEW YORK CITY

**INTERCLASS RELAY TO-DAY**  
Inter-Class, five-man relay will be held to-day, at noon, in the Gym. Each man will run 220 yards.  
Here's a chance for class athletic managers to see what material they have for the Interclass Track Meet.  
Vic Smith, Vice-President of the A. A., will meet the Board of Class Athletic Managers to-morrow at 1 o'clock in the A. A. Room. He has some very important business to discuss with the board and urges the prompt attendance of all the Class Managers.

**The Brisk Smoke—"Bull" Durham**

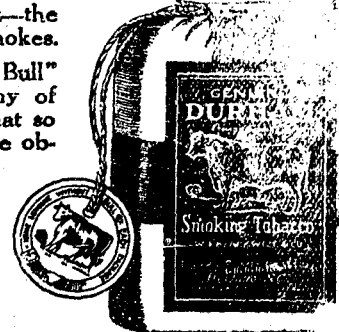

When you see an alert-looking young man in a lively argument roll a "Bull" Durham cigarette—it's the natural thing. He likes to punctuate a crisp sentence with a puff of "Bull" Durham. His mind responds to the freshness that's in the taste of it, and his senses are quickened by its unique aroma. A cigarette of "Bull" Durham just fits in with keen thinking and forceful action.

**GENUINE "BULL" DURHAM SMOKING TOBACCO**

Made of "bright" Virginia-North Carolina leaf, "Bull" Durham is rich, fragrant, mellow-sweet—the mildest, most enjoyable of smokes.

"Roll your own" with "Bull" Durham and join the army of smokers who have found that so good a cigarette cannot be obtained in any other way.

**FREE** An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed free, to any address in U. S. on request. Address "Bull" Durham, Durham, N. C.

THE AMERICAN TOBACCO CO.

### Admirable Health Publication Issued

Published by Schevitz, '17, and Dr. Browne—Issued Monthly

Under the direction of the Student Council Committee on Hygiene and Sanitation in co-operation with the Natural History Department and the Board of Health the O. C. N. Y. Chronicle was distributed among the students last week. Julius Schevitz '17, is the student most active on the publication and Dr. W. W. Browne, of the Department of Natural History, was influential in inducing the Board of Health to publish the monthly periodical.

Hereafter, part of the paper will be devoted to news of the college and the remainder to health bulletins. The paper will be distributed free of charge.

### Studies Municipal Courses as Model

In order to study the conditions in the Municipal Building and to base the work of an organization of a similar branch in the University of Wisconsin in which he is director of the newly established Dep. of Efficiency and Education, Dr. Allen M. Ruggles recently visited the Evening Session and the Division of Vocational Courses.

Dr. Ruggles expressed himself as being pleased with this as an excellent model and derived many helpful suggestions and plans from it. He intends to forward to the University a plan of the cooperation which may be used in an extension of his work.

Much significance is attached to the fact that a representative of the University of Wisconsin—known widely as one of the leading western state universities in which a close linking with the citizens in the Civil Service is a prominent feature, is modeling an extension on the new City College branch. Surprising as it may seem, the work of our own College for government employees is on a much a larger scale than that in Wisconsin.

Professor Robinson, director, is now engaged in perfecting a plan with the Civil Service Commission by which our work will receive more credit by the Commission. As director in the Wisconsin Civil Service as well as head of the Education Department, Mr. Ruggles accomplishes by cooperation what will be effected at City College by a strong organization.

### ARTICLE ON PROF. MCGUCKIN IN "POST"

Prof. Schapiro Called Associate in Department an Ideal Teacher

"Wm. George McGuckin, Teacher of History," is the subject of Professor J. Salwyn Schapiro's interesting article in last Saturday's New York Evening Post.

After a sketch of his life, an account of the Emeritus Professor's work for the College is given. Dr. Schapiro then enters into a discussion of the ideal history teacher, an exemplification of which is found in the person of Dr. McGuckin.

According to the article, Professor Schapiro's conception of the ideal history instructor embodies a man who is very widely read in other fields, especially in literature and art. Professor McGuckin is held up as a scholar who is conversant in all fields as well as a specialist in world history.

Professor McGuckin, as announced, has been retired at his own request, and after many years of service in the department now enjoys the honor of being Emeritus Professor of History.

### English Department Library Growing

The attention of students is called to the fact that the English Department Library, located in Room 119, is open to all for circulation and reading all day. 1,050 volumes are on the circulation shelves. 350 books having been donated recently.

Through the medium of Dr. Compton, of the English Department, books from all publishers may be bought at reduced rates. Theatre discount tickets may also be obtained.

### FEBRUARY GRADUATES' LIST

The following members of the class of February, 1916, have been voted degrees by the Board of Trustees, the diplomas in all cases to be conferred in June, 1916:

- BACHELOR OF ARTS**  
 Abrahams, Morton; Albrecht, Arthur E.; Brown, Lester M.; Epstein, David; Fried, Maurice A.; Graham, Jacob; Greene, Matthew; Grossman, Max; Cutowitz, Solomon; Halpern, Isaac B.; Harrer, John A.; Hauser, Edwin T.; Henck, Robert; Hirschberg, A. Abraham; Hoffman, Samuel; Hopkins, Carleton R.; Isaacs, Hyman; Jacobson, Jacob A.; Kaplan, Benjamin D.; Klein, Nelson; Kosloff, Alexander H.; Kosloff, Meyer L.; Levine, Samuel Z.; Marcus, Siegfert T.; McGill, James V.; Metz, Solomon; Moskowitz, Morris A.; Muldofsky, Sam; Samuels, Louis Henry; Scarlata, Joseph, Jr.; Schneider, Abraham A.; Schwartz, Louis G.; Schwartz, Otto; Shapiro, Philip; Siegel, Isaac; Silverstein, Morris; Singer, Nathan; Smith, Francis M.; Stark, Irving Washington; Tabor, Otto V.; Van de Vort, Stuart L.; Wodraska, Jacob J.; Wolfe, Bertram D.; Wolk, Irving M.; Wright, Harold James; Yarmolinsky, Abram.

### BACHELOR OF SCIENCE

- Aaronson, Henry A.; Adler, Howard; Battistella, Francesco; Clacelo, Paul; Cohen, Jacob; Cohen, Jacob E.; Cohen, Samuel; Dill, Gilbert T.; Douglas, Jesse; Elder, Peter Zenith; Finkelstein, Martin; Goold, James; Gross, Paul; Hankin, Henry; Isaacson, Victor Isidor; Jaffe, Benjamin; Kassenbrock, Christopher G.; Krinowsky, Daniel; Kuenster, Armen; Landy, Abraham; Lelkin, Royal; Levy, Abraham A.; Levy, Max; Logie, Quentin R.; McAusland, Robert J., Jr.; Melster, Morris; Nelson, George Augustus, Jr.; Niederhoffer, Martin; Oesterreicher, Oslas; Plessner, Benjamin H.; Popkin, Maxwell; Rosenstein, David; Samuelson, Sidney Edgar; Schwartz, Ernest E.; Shauer, Melville A.; Silver, Samuel; Strumpf, David L.; Studley, William H. S.; Wechsler, Ralph; Wells, Charles; Wikoff, Alan Gould; Zimmerman, Julius.

### CARLETON C. BROWNSON

February 18, 1916

### CLASS ELECTIONS CONTINUE

#### JUNE, '17

A. Morris, President; J. Shroeder, Vice-President; H. Davidow, Secretary; H. Fischer, Marshall; D. Goldberg, Post-Historian; S. Greenfield, Athletic Manager, and S. Friedman, Treasurer.

#### JUNE, '15

Rudolph Pelonis, President; Iron Rattner, Vice-President; Morris Markowitz, Secretary; Michael Isaacs, Treasurer; Franz A. Wille, Athletic Manager; Thomas Costallano, Marshall; David J. Aaron, Post-Historian.

#### FEBRUARY, '19

J. Deutsch, President; A. Kantor, Vice-President; H. Davidson, Secretary; E. Friedman, Treasurer; J. Manley, Athletic Manager; A. Fried, Post-Historian.

#### FEBRUARY, '20

George M. Hyman, President; Lawrence Gelb, Vice-President; James Rosen, Recording Secretary; Sidney Goodfriend, Financial Secretary; David Recht, Marshall; Julius Oltarsh, Athletic Manager, and Louis Somer.

### "Movies and the Drama"

At the Cercle Jussereau to-day, Kaplan will speak on "Moving Pictures and the Drama" and there will be a general discussion on "Neutrality in the War." Those interested in the French language are invited to join.

Two meetings have already been held, on Thursdays, in Room 209. Friedman has been selected President, Elias Goldberger, Vice-President and Armand Grunzweig, Secretary.

Colonel Goethals (of Panama Canal fame), one of our Alumni, has signified his intention to be present at the Alumni Dinner to be held at the Hotel Savoy on March 4th. From present indications, it seems that this will be one of the most successful Dinners the Alumni ever had. Read next week's CAMPUS for further details.

The date for the Y. M. C. A. Social Service Dinner to be held in the Student Concourse at which Thomas Mott Osborne, ex-Warden of Sing Sing, and Everett P. Wheeler, '56, President of the City College Club, will speak, has been changed to Monday, March 6th.

The big annual excursion will take place on May 27th. The "Albany" of the Hudson Day line has been hired. Full details will be published in a subsequent issue.

### EVENING SESSION

With this issue THE CAMPUS makes its bow to the students of the Evening Session.

It has been the good fortune of THE CAMPUS to become the greatest unifying force in the College. Recently, the Alumni of the College chose THE CAMPUS as their official organ. The recognition of the night students that THE CAMPUS is also their official paper will go a long way in uniting, in spirit at least, the various College activities which tend to spread out in different directions. The College is no more a compact unit in one building as it was originally, more than sixty years ago. The most imaginative of the original trustees did not dream that the College would extend its work from the Municipal Building in the extreme south of the City to Washington Heights and even further north.

That the Evening Session students need some medium to acquaint them with the doings of the College in general and with the activities of the night school organizations in particular can not be denied. How many students know what their Council is doing. True, many a man would be interested in its proceedings or those of any other activity, but time will not permit him to visit the various meetings. A paper which will present in a concise and interesting way the work of these organizations can solve the problem and at the same time awaken a spirit of brotherhood and sociability among the students.

THE CAMPUS will devote each week at least one column to Evening Session news. The co-operation, and nothing but the sincerest co-operation of the Faculty students and officers of the various organizations must be obtained to make a success of this venture. Let the students of the Night College feel that although officially they are affiliated with the Evening Session, yet in spirit they are the sons of our city's college—the College of the City of New York.

### OUR SMOKER SATURDAY

The Smoker this year promises to be one of the greatest treats the Student Council has offered. The Arrangement Committee is working hard to secure a good program of professional and amateur talent. They have a surprise in store and refuse to make public the names of some well-known entertainers and leave it to those who come, to judge the results of their efforts. There will be smokes, drinks, and songs galore. Some of the professors will be on hand, and Professor Robinson will address the assembly.

The Smoker will be held in the Townsend Harris Auditorium this Saturday night, February 26th. Tickets are 50 cents, and may be obtained from the Arrangement Committee or in the office.

### STUDENT COUNCIL MEETS

The Student Council met Monday night and the final arrangements for the Smoker were made. A detailed report will be printed in THE CAMPUS in next week's issue.

The Evening Session registration this term beats all records. The office force is working overtime trying to accommodate all who want to take courses. As soon as the registration lists are complete they will be published.

### WANTED!

The Evening Session correspondent would like to hear from several young men interested in literary work to assist him with his activities on THE CAMPUS. Come up to THE CAMPUS office, Room 410, between 8 and 9, or leave a note in Professor Robinson's office.

Professor Baskerville will lecture before the chemical students of the Night College on February 29th, on "How a Chemical Research is Developed."

## Live Every Day

so that you can look your fellowman straight in the eye and tell him you're smoking your share of Tuxedo right along—which accounts for the bully feeling of snap, spunk and sparkle that is the envy of all beholders.

The Perfect Tobacco for Pipe and Cigarette

Your share of "Tux" is a whole lot. No matter how often you yearn for the pipe you can load it with Tuxedo and smoke it without foreboding or regret. For the original "Tuxedo Process" takes out every bit of bite and every particle of parch.

No, you can't get that same delicious flavor and solid, deep-down satisfaction out of any other tobacco. Try one tin and you'll see why there are a million new "Tux" smokers every year.
