PRICE THREE CENTS

Sophs and Freshies 50-50 on Field Day

SOPHS WIN BASEBALL; FRESHIES **CROSS-COUNTRY**

Those of the students, and there were a goodly number, who chose to spend their Columbus Day holiday in circles. the Stadium, were well rewarded for their attendance. The field was given

over to the freshmen and sophomores for their annual field day. Starting with a baseball game be-tween the two classes in the morning, a cross country run at noon and a soccer game in the afternoon, the day was well filled. Competition was keen except in the cross country run, when the sophs could only muster four men to represent them.

The baseball game was as thrilling

an exhibition as we have had the pleasure of witnessing in some time. The game went eleven innings before the '20 class succeeded in proving the '20 class succeeded in province their superiority, the final issue being

Due to the high wind, the fielding of the teams was a trifle erratic at times but there were enough stellar plays to keep the interest of the spec-tators at a high pitch throughout the whole game.

The sophs started the first inning with a rush and scored four runs before their opponents could settle til the eighth, when with timely hit-ting they succeeded in pushing two men across the plate. In the meantime the 21 team had not been idle and in the fourth inning, coupled with some good batting on their part on some poor fielding on the part of their op-ponents, they scored two runs. In the next inning they scored four times and the sophomores' rooters in the stands looked glum. Another run was tallied in the seventh by the freshmen, but the sophs were not to be de nied and stayed an eighth inning batting rally that netted them two runs They held their opponents scoreless in the ninth and when their half of the inning came they were determined to do or die. They showed the true fighting spirit and succeeded in pushing across the tying run, and the score was 7—7. The tenth inning saw no change, although the first year men filled the bases with two men out. Rothstein, the soph pitcher, was equal to the occasion, however, and succeeded in making the batter fan three times at the rather breezy breeze that was sweeping the field. In the eleventh the freshmen went out in order and then, urged on with the tears and prayers of their supporters, the '20 team trotted in from the field to take their turn at bat.

Albert, the first-man to face Feigen, laid down a pretty bunt and beat the throw to first. Frehill, the next man, drove a sharp hit at Feigen, who in his anxiety to make the play, threw far over the head of his first baseman and Albert came all the way home. This gave the game to the sophomores by the score of 8 to 7 and also gave them three points towards the A. A. banner.

City.

Although no definite subjects have buffers several in order to suggest the kind of theme to which they would give preference. The six specifically mentioned follow:

1. Economic and Social Effects of gave them three points towards the Civil War.

2. Commercial Treaties and the local to sophomore by the score of 8 to 7 and also gave them three points towards the civil war.

2. Commercial Treaties and the local to the field the ball neatly under the bar, lifted the ball neatly under the bar, sailors on the platform and the numer-buff Feinberg, the soph goal minder, just nabbed it in time. In his attempt to return the leather to the field the audience, he eloquently urged gentor to return the leather to the field the ball into the latter to the field the ball neatly under the bar, sailors on the platform and the numer-buff feither to return the leather to the field the ball neatly under the bar, sailors on the platform and the numer-buff form, and speaking on behalf of the sailors on the platform and the numer-buff feither to return the leather to the field the ball neatly under the bar, allowed a free kick. Bonaparte form, and speaking on behalf of the sailors on the platform and the numer-buff feither to return the leather to the field the ball neatly under the bar, allowed a free kick. Bonaparte form, and speaking on behalf of the sailors on the platform and the numer-buff for the bar, allowed a free kick. Bonaparte form, and speaking on behalf of the sailors on the platform and the numer-buff for the bar, allowed a free kick. Bonaparte form, and speaking on behalf of the bar, allowed a free kick. Bonaparte for the bar, allowed a free kick. Bonaparte for the bar, allowed a free kick. Bonaparte for the bar,

which resulted in an easy victory for the freshmen. Twelve men faced the starter's pistor and at the word leaped forward. The course they were to cover was approximately three miles and with a strong wind at their back the runners were expected to negotiate the distance in fast time. The start was made in front of the college and four sophomores and eight fresh

Taking the lead at the start Dube whole way and finished up on the Stadium track with a fine burst of He led the second man, Bisgier, also a freshman, by 200 yards in the fast time of 16 minutes and 4 seconds. The first soph representative

Brooklyn Branch May Be Opened Free to All Women

TRUSTEES TO DECIDE ISSUE OF FREE HIGHER EDUCATION FOR WOMEN IN CITY COLLEGE—MIX-UP IN REGISTRATION—100 BROOK-LYN WOMEN PROTEST AGAINST PAYMENT OF FEES-DIPLOMAS TO BE GRANTED TO MATRICULATED STUDENTS.

DR. FREDERICK B. ROBINSON EXPLAINS ALL TROUBLE AWAY IN CAMPUS STATEMENT

Denying as unauthentic the reports in the metropolitan newspapers, that due to the protest of the Hunter Colductor the Protest of the Hunter Colductor the Hunter Colducto lege authorities against the plan of offering free evening courses to women in the Brooklyn Branch of the College of the City of New York, the trustees saw fit to charge fees for female students, Dr. Fred. B. Robinson, director of the evening session, gives the following facts for publication in THE

"When the plan was first inaugurated to admit female students to all courses in the Brooklyn Branch of the College, it was with the intention of charging them nominal fees for the of charging them nominal fees for the of charging them nominal fees for the courses. This circumstance of charging fees did not arise, as reported in the newspapers, from any pressure on that this postponement was due to the part of the Hunter College authorities that the College was forbidden to up the trains from the west causing give free courses to women. ing fees did not arise, as reported in

Branch, it is announced that courses and appliances and accountancy, of the regular curricula leading to the Moreover, telephone connections had liberal degrees are 'offered free of instructional charge' to qualified, matriculated students. Since the College of the City of New York does not regularly admit female students to its courses, the latter cannot be considered as qualified to be fully matriculated, and therefore, cannot enter the courses upon the same terms as male students

"We had hoped to bring this consideration of fees for female students before the attention of the board of trustees at a meeting planned for last September. But unfortunately it was postponed to October 15, when the board will decide upon the matter and we hope that their discussion will be favorable to free higher education for

More than one hundred Brooklyh women have applied for admission to the Brooklyn Branch of the College in accordance with the invitation of the trustees that all applicants should present high school diplomas to qualify them for admission. These women, however, misinterpreted the information given in the bulletin and were made under the misapprehension that they ration. would be admitted to the course without fees. They were informed upon false. Germany has advanced by enorregistration, that they could not be mous strides. To dispet this notion admitted free, and would have to pay it is essential to disper this notion a fee according to the course they with the facts; no man of culture and wished to enter. be \$15 per term for the course, and they would be required to pay one fifth at registration. Furthermore, fifth at registration. Furthermore, they learned that the men were to be admitted free to all of the courses.

Many of the women who applied for admission to the Brooklyn Branch of the College are teachers in the public schools, and they have not yet given up all hope of enjoying the advantages of the higher education of the education of the higher educat up all hope of enjoying the advantages of the higher education offered by the College upon the same terms as male students. They expect to bring all students. They expect to bring all forces to bear at the meeting of the board of trustees next Monday.

The College has made remarkable progress in the past year in extending its field of activities in the division of vocational subjects and civic adminis-tration, under the directorship of Dr. Robinson. At present, courses are being given in four different institutions throughout the city. The College proper, the Brooklyn Branch, the Mu-nicipal Building and the School of

STATISTICS OF FARMERS TO BE ROMANCE LANGUAGE PROFS. PUB-LISH EXCELLENT SPANISH READER.

> With the demand in almost all high schools and colleges for a Spanish reader which would serve students with a simple means of studying the language and a work of some outside interest, comes "A Trip to Latin Amer-ica," by Professors Francois and Fuentes of the Romance Language Department.

> The outstanding feature of this first year Spanish reader, which is published by Henry Hoit & Co., is the contribution of great simplicity with interest of material.

Latin America is so much in the public eye at present that even the beginner is interested in the desen tions of the various countries and their people. The first lessons deal America as a whole, and then with Latin America, taking each country separately. Special emphasis is try separately. Special emphasis is laid not only on the leading industries and products of the country, as to-bacco growing in Porto Rico, and coffee and rubber in Brazil, but also on the great patriots whose names suggest at once the national progress of their fatherlands. Thus, while learning the Spanish language, the beginner enriches his mind with much

periences of the trip are given, at times in the form of description, sometimes in the form of description, some-times in letter form, and sometimes in dialogue. This not only gives variety but also offers opportunity for more extended grammatical drill by using the different tenses and persons of the verb.

Professors Fraincois and Fuentes have been highly congratulated on this work, which is being taken up in almost all high schools of the city, returned from South Carolina where Flashberg's work as a cadet is com- and which will be studied at City Colhe was working for the Rockefeller mended by the authorities. Sophs and Freshies 50-50 on Field Day

SOPHS WIN BASEBALL: FRESHIES **CROSS-COUNTRY**

Those of the students, and there were a goodly number, who chose to spend their Columbus Day holiday in circles. the Stadium, were well rewarded for their attendance. The field was given over to the freshmen and sophomores for their annual field day.

Starting with a baseball game be-tween the two classes in the morning, a cross country run at noon and a soccer game in the afternoon, the day was well filled. Competion was keen except in the cross country run, when the sophs could only muster

four men to represent them.

The baseball game was as thrilling an exhibition as we have had the pleasure of witnessing in some time. The game went eleven innings before the '20 class succeeded in proving their superiority, the final issue being

8 to 7.

Due to the high wind, the fielding of the teams was a trifle erratic at times but there were enough stellar plays to keep the interest of the spec tators at a high pitch throughout the

whole game. with a rush and scored four runs be their connonents could settle They failed to tally again until the cighth, when with timely hit-ting they succeeded in pushing two men across the plate. In the meantime \$2,000 IN PRIZES TO BE AWARDED men across the plate. In the meantime the '21 team had not been idle and in the fourth inning, coupled with some good batting on their part on some poor fielding on the part of their opponents, they scored two runs. In the next inning they scored four times and the sophomores' rooters in the stands looked glum. Another run was tallied in the seventh by the freshmen, but the sophs were not to be denied and stayed an eighth inning batting rally that netted them two runs. They held their opponents scoreless in the ninth and when their half of in the ninth and when their haif of the inning came they were determined to do or die. They showed the true fighting spirit and succeeded in push-ing across the tying run, and the score was 7—7. The tenth inning saw no change, although the first year men filled the bases with two men out. Rothstein the sonh nitcher was accord Rothstein, the soph pitcher, was equal to the occasion, however, and succeed-

their turn at bat. Albert, the first-man to face Feigen, laid down a pretty bunt and beat the throw to first. Frehill, the next man, drove a sharp hit at Feigen, who in his anxiety to make the play, threw far over the head of his first baseman and Albert came all the way home. This gave the game to the sophomores by the score of 8 to 7 and also

ed in making the batter fan three times at the rather breezy breeze that

was sweeping the field. In the eleventh

the freshmen went out in order and then, urged on with the tears and

prayers of their supporters, the '20 team trotted in from the field to take

starter's pistor and at the word leaped forward. The course they were to cover was approximately three miles, and with a strong wind at their back the runners were expected to negotiate the distance in fast time. The start was made in front of the college and four sophomores and eight fresh

Taking the lead at the start Duho Dicker, the freshman, kept in front the whole way and finished up on the Stadium track with a fine burst of speed. He led the second man, Bisgier, also a freshman, by 200 yards in the fast time of 16 minutes and 4 seconds. The first soph representative

SPORTING COMMENT '20 and '21 Share Honors Field Day

(To P. A. B. of the class of 1918 on his departure last Friday for the Aviation Training Station at Ithaca, N. Y.)

> So long, old pal, I shall not say good-bye, I know you're only going for a while; I know I'll see your face again, that's why I want to see you leaving with a smile. know that soon again while we are walking, I'll listen to the wondrous tales you'll tell; And often in the hours that we are talking I'll hear you say again that "War is hell."

When battle's roar has dimmed and you come home I'll greet you, kiddo, with a warm "hello," So let me wish, Phil, now before you roam, God's care upon you, my good friend and fellow. Come home again? You bet, old pal. So long, but not good-bye, I'll wait for you and pray for you-

You've been a friend, that's why. With adaptations by "A. B. G."

The average City College student takes too little physical exercise and indulges too much in mental activity. We have reached this conclusion as a result of personal observation and a perusal of each man's individual health chart. These charts repose in the offices of the Hygiene Department of the College and bring to light some very interesting information. Of course, it is not our purpose to discuss here, the physical defects of any one man, but we will content ourselves in stating a few characteristic faults of the average student body.

Figures show that poor eyes and flat chests are possessed by an amaz ing percentage of our men. You fellows know this, however, without being told. Now, having read thus far, ask yourself, "Am I as well developed physically as I might be?" and if you are satisfied, well and good. The chances are that you will not be satisfied with yourself, and if you are not satisfied it is also well and good, for at least some process of thought will have begun in your mind. Now ask yourself another question, "If, by hard grinding' all of my spare moments I shall be able to get an 'a' in every course I am taking, and a Phi Beta Kappa key when I graduate, what good is all of this, really going to me?" You cannot but help thinking that,

after all, when you pass from these college walls into the world beyond.

The mere fact of your having been an "A" student or a "B" student is not going to help you so very much, especially if your physical condition has been impaired in the gaining of these "A's" and "B's" you will soon below the sound of these "A's" and "B's" you will soon below the sound of these "A's" and "B's" you will soon below the sound of these "A's" and "B's" you will soon below the sound of these "A's" and "B's" you will soon below the sound of the sound of the sound of the sound of these "A's" and "B's" you will soon below the sound of these "A's" and "B's" you will soon below the sound of the not going to help you so very much, especially it your physical condition has been impaired in the gaining of these "A's" and "B's" you will soon forget all about these marks of yours gained by four years of hard mental labor, and you will find that your body, built up and strengthened by four years of light physical training is the thing that is going to stand by you as long as you live. You will need this body to withstand the tax that you are.

Suit the lowiy fresh gained another 2 points by winning at a score of 1 to 0. The goal was accidently kicked because of poor team work on the part of '20.

Looking over the day's events and another 2 points by winning at a score of 1 to 0. The goal was accidently kicked because of poor team work on the part of '20.

Looking over the day's events and another 2 points by winning at a score of 1 to 0. The goal was accidently kicked because of poor team work on the part of '20.

Looking over the day's events and another 2 points by winning at a score of 1 to 0. The goal was accidently kicked because of poor team work on the part of the game was the fielding and batting of the game was the fieldi labor, and you will find that your body, built up and strengthened by four of '20. years of light physical training is the thing that is going to stand by you as long as you live. You will need this body to withstand the tax that you are going to place upon it.

Now, don't get the opinion that we would have you leave off studying time in college. altogether and take straightway to the Stadium or the gymnasium, for we do not. What we do mean is for you to devote a little more time to your physical self and not quite as much time to your mental self. Romember, that in after years you will have little or no opportunity for physical exercise. The time to take this physical exercise is now, while you are in college and have the opportunity and the time. Build up a physical bank account. Like the interest on your bank account, a state of health or unhealth accumulates very slowly. Health begins to pay its dividends when a man reaches the age of 35. If it happens that there is no health to pay dividends, of course you will not receive any, and this is the time for which John Black, M. D., has been waiting, and straightway he begins to reap his dividends from you in the form of doctor bills.

By this time, we hope that you are beginning to take seriously what account. Like the interest on your bank account, a state of health or un-

By this time, we hope that you are beginning to take seriously what you are reading. Read further. You men with the flat chests may add inches to those same chests by a month of systematic, long-distance running or walking, all the time breathing deeply. You don't have to run fast. Just keep jogging for five or six miles at a seven-minute a mile pace. Do this three or four days a week and take long walks on the days that you don't run. You will be more than surprised at the result. At the end of a month you will be able to throw out your chest and you'll have to ask your tailor to move the buttons of your coat over an inch or two.

Now for the men with the poor eyes. Well, now that you have them you will have to keep them. We can offer you a lot of good relief however if you do what we tell you. Two or three afternoons a week retire outside the walls of the city and the confines of the lecture hall, to the suburbs. Here you will have something to look at other than brick buildings and text books; allow your eyes to roam over the great expanses of land and water that will greet them. Notice how rested they will feel. At the same time, allow your mind to wander and you will be charmed by the soothing feeling of relief that will creep over you. So try this rather simple remedy some afternoon either by your lonesome, or better with some agreeable companion.

Anent the recent World's Series baseball games. The teams have met, the series o'er, And now we settle back once more To contemplate our prospects for next year. We thought, perhaps, we had a chance, But now when backward turns our glance

rooter or a crestfallen follower of our Giants, for it was written while the outcome of the series was still in doubt.

The last speaker at the Liberty Loan Assembly, held last Thursday in the Great Hall, had finished speaking and we were filing slowly towards the exits. Through our mind kept running over and over again with other

"Buy, buy a Liberty Bond Bye-bye the Kaiser."

A version of the above, improvised to fit the exigency in which the A. A finds itself at present would be:

"Buy, buy an A. A. ticket Or bye-bye our basketball schedule."

Honors Field Day

MAC PROPOSES GREAT IDEA FOR ANNUAL CARNIVAL

An unusually exciting and interesting baseball game marked the opening of the field day events between the victorious sophs and the lowly fresh. It was an eleven-inning game replete with errors, "bonehead" plays, star fielding and appropriate in the property of the propert star fielding and remarkable pitching. Twenty rolled up another victory, however, to the tune of 8 to 7 to the deep chagrin of '21. For full details of the game see page 3, the sporting editor's exclusive column.

No one enjoyed the game more than did our faithful Mac. One thing, however, put a damper on his enthusiasm, the great rarity of rooters for either team

The following statement from Mac will interest every one in the student

"This is a great time and should be made a gala day in the college. In-stead of having just Sophomore-Freshman activities all classes should compete.

October 12 is an ideal date, both

weather and time, for a great athletic carnival in the college."

Here Mac stopped for breath and the spirit of inspiration beamed in his lustrous even and here were a stopped for breath and the spirit of inspiration beamed in his ustrous eyes and he continued:

"The Alumni can be invited and the day be fittingly ended with a great

come up to expectations. Dicker of '21 should be congratulated on his time of 16 minutes, 4 seconds. Similar laurels should go to Rosenblum of '20 who finished in 17 minutes and 6 4-5

LYN WHILE BEING HAZED-CLASS OFFICIALS BEING GRADUATED

MANAGER LIFTON WILL REPRE-SENT C. C. N. Y. AT CONFER-ENCE-WILL BOOK MANY GAMES

The Inter - collegiate Basketball League will meet next week to draw up the final arrangements for the coming season. City College is not a member of this league, but ally manage to play most of the teams that comprise the league. that comprise the league. A representative of the College, however, will attend this meeting, and Manager Lifton entertains high hopes of booking all of the members of the league for dates in our gymnasium. December first will be the date of our opening game.

game,
Practice in the gymnasium under
the watchful eye of Coach Deering
has already begun, and there is plenty
of material on hand to choose from.
Holman, Tich, Projansky. Schmidt,
Schwartman, Lifton, and Somers are
working hard with several newcomers
pushing them. The team will be real
heavy this year and this should bring

heavy this year and this should bring additional strength.

The Freshman squad looks very promising and should be successful in winning most of their games. Nat Holman has offered to take charge of the team and is putting the young-sters through their paces.

1920 LINES UP ITS STARS FOR STAND AGAINST FRESHMEN-HOPEFUL OF VICTORY

Everything is a-humming in the Soph camp for the approaching Fresh-Soph activities. Flushed with their day be fittingly ended with a previous victories. Flushed with their previous victories, they are determined to keep up the good work. Strolowitz, of the Varsity team, has come up to expectations. Dicker of been working like a beaver getting the men out to practice for to-day's the men out to practice for to-day's meef.
Of the more or less famous stars

who will participate are Perlstein, Hirsch, Levy and Friedman in the I looking over the day's events Mac's idea, as given above, appeals More strongly than evert. Let us all the shot put; Steingarten, McKay, and Sugerman in the high jump; Callahan in the pole vault, and Haskell and Taflowitch in the low-murdles.

In the basketball game on the 18th Selzer Thomas.

will be represented by a quintet selected from these players: Beir, Fliegel, Moskowit, Siegel, Rahinsky, a former member of the Cornell track As a result of a hazing party last team, Feinberg, Raskin, Friedman, Schwartz and Nelson are also likely to make the team if past performances are taken into consideration.

smoker.

We'll print any bits of gossip, scandal, humor, wit, nonsense, etc., provided only that it at least attempts to be funny, not like our own stuff.

teams' gathered on the side lines learned many things about soccer that they never knew before, and Coach Holman, of the Soccer Team, took occasion to point out to his charges some of the fine points of the game the work of both teams was very steady and worthy of commendation. The pitching of Sam Matty should make a strong lide for the Varsity toam next spring.

The lineup for this game the work of both teams was very steady and worthy of commendation. The pitching of Sam Matty should make a strong lide for the Varsity toam next spring.

The lineup for this game was:

And, now when we were planning to write something concerning the Athletic Association, we are accosted by Harry Liften, our hard-working Varsity basketball manager. Harry is irrepressible when it comes to talking about the coming season and its prospects. Having listened to him for five minutes even the most pessimistic "stude" in college would have to agree with him. Says Manager Lifton in part, "Everything looks very bright and we expect the team to rank among the best in the country. Our home schedule, while not completed (when it is completed I'll announce it through your columns), will call for from 12 to 14 games. Our representatives are expected to make two trips during the season, one down to Maryland to even up the score with Navy which institution was one of the three to son, and later we are scheduled for a trip up state. The season will start about the first of December. Tell those fellows who are The above can be fitted into the mouth of either a disappointed Sox forever asking me what college we are going to play, that, as soon as I know myself, I shall tell them."

And, now, let us give you a little sidelight on something else that the was Rosenblum, who crossed the line basketball manager told us. We will have some very fine games on our in third place. schedule, but unless you men come out and buy your A. A. tickets, some of the teams are are now on our schedule will have to be scratched off. You know the expenses of a basketball season are very heavy, and, as we have no other way to get money except through the sale of A. A. tickets, the question of whether or not we shall have a first-class schedule depends upon the support that the student body lends the A. A.

If, by chance, your neighbor has not bought his membership ticket, make yourself responsible for his getting one, and keep after him until he gets it. In this way you will not only be helping your college basketball team, gets it. In this way you will not only be helping your college basketball team, but you will also be helping your friend to obtain reduced rates for all games. 11—Pasvolsky, 1921 11—Scianna, 1920 ____

SENIORS DEFEAT SOPHOMORES IN OPENING GAME OF INTER-CLASS TOURNAMENT

The Seniors opened the Inter-class Baseball Tournament Oct. 8th by administering a sound drubbing to the '20 class. After the first inning when Brown, of the Sophomore team sent the ball over the center-fielder's head for a circuit trip, the '20 team was

Black Shannon _ Haskell ³elunis ...c. Kamensky Horowitz

Rosenzweig Thomas .c. f... Umpire S. Matthews, '19.

The second game of the Tournament was played on Wednesday between the teams representing the 1919 and the 1921 classes. This game was one of the finest exhibitions of the national pastime ever given on our Stadium, and it was unfortunate there were not more spectators. until the minions of Beyer street jall suddenly put an end to it. It was not until two hours later that they were in the College were treated to a rare finally bailed out by their parents.

These hazing parties which occur clandestinely have caused Dicker, the president of the freshman class, and the other officers to be constantly guarded and protected against sudden attempts to pledge them for the entertainment of the sophomore smoker.

STADIOM

On last Thursday the students of the trated to a rare game of soccer which was played in the eighth inning put a close to further hostilities, the score at this time being one to one. A great opportunity to win, the game was offered to the Juniors in the seventh inning when they filled the bases with two over Seas Soccer Team in real old-fashioned Gaelic football game. Members of our freshman and varsity teams gathered on the side lines larned many things about soccer that they never knew before, and Coach

sure strokes, a vivid picture of how Germany forced the dreadful catas-trophe. Perhaps never before had his hearers heard the truth driven home so forcefully, so strikingly, in all its revolting details—Germany's infamous methods of warfare, the bombing of towns, the killing of innocent women and children—all the inhuman tortures that have irretrievably estranged the Central Powers from the civilized world. The audience sat breathless, astounded, as the awful story came forth with rare elequence from the lips of the speaker. Never before has the faculty and the student body been so stirred, except perhaps when, on France day, last semester, Mme. Chalous, attired as "France," sang the "Marsellaise." The captain made a plea for mon as well as bonds.

"I was in a German fort," he said, "when war broke out. And within twenty-four hours of the issuance of the war proclamation I saw 1,700,000 to be the war proclamation of the war proclamation of the war proclamation. trained men mobilized on the frontier, not mobilized according to the American conception of mobilization, but gathered in keeping with the principles of the Prussian military machine according to the American conception of mobilization, but chine, every man fully equipped and ready for battle. That machine is a cool, calculated march to murder!

"Germany now has 5,000,000 men on the western front—5,000,000 men for the soldiers of democracy to crush before peace comes in sight. Gentles, which was promoted by Professor Mead and Doctor Keep was worked on all last term, and has turned out to be quite a success.

Dean Speaks at Menorah Open-Forum

WAR DUTIES OF COLLEGE MEN, SUBJECT OF PROF. BROWN-SON'S TALK

"I know many sincere men who do not believe in this war, many men of undisputed intelligence who, in an honest effort to arrive at the truth, were misled into forming the conclusion that the Allies are not justified in this war. I know that their hearts are right; but that their heads are wrong."

by Prof. Livingston R. Schuyler. Five Wednesdays beginning November 21st.

Public School 46, 156th Street and St. Nicholas Avenue, Manhattan, "America, the Land Where Rights and Duties Meet," by Prof. Williad B. Guthrie. Six Mondays, beginning October 38th. wrong."
Thus spoke Dean Brownson last

Wednesday at the Menorah Open Forum in an address on the "War Dutles of College Men." In appealing to college men to seek the truth, and, having found it, to bend their every effort, individually and collectively, to bring the war to a successful conclusion, the Dean said:

"Every college man owes it to himself, his college and his country, to do his part in this great war. Throughout the nation college men, in some capacity or other, are answering to their country's call. They are casting aside all thoughts of the future, all their hones dreams espirations in the aside all thoughts of the future, all their hopes, dreams, aspirations in the great hour of need. They are making a sacrifice, but not in vain. After it is all over they will resume the broken threads of their former lines bigger, better, stronger men, deeper in their insight, broader in their outlook.

"Remember that to do your part in this war does not mean the abandonment of all your plans for the future. It means only postponement. It means a year or two of your lives given in the noblest cause in history,

given in the noblest cause in history, and then a return to normal life, better able to realize your ambitions. Break the continuity of your present life and do your part!"

ANNUAL FRESHMAN DINNER OF Y. M. C. A. ELECTORS HELD

The Annual Freshmen Dinner of the Y. M. C. A. will be held on October 22, 1917 in the college buildings. Freshmen may obtain their tickets from Mr. J. Schroeder, '17, any lunch period in room 16-A. Upper class men may obtain theirs from any Y. M. C. A. member. The speakers will be announced later on the bulletin board. A good time as well as eats are assured.

At a recent meeting the following officers were elected: Arthur Schroeder, '16, president; Donald Roberts, '19, recorder; Dudley Austin, '27, treasurer. The committee chairmen for the following year are: A Hogemaner, '20, social; W. Thomas, Jr., '18, defutatation and Bible study; F. Sommer, '19, membership: H. Wolff, '18, indus-'19, membership; H. Wolff, '18, industrial; and F. Bosh, Jr., '18, publicity

The Y. M. C. A. of this college is going to do its "bit" to aid the American Army-Navy Y. M. C. A. in the collection of its \$35,000,000 war fund by asking for contributions from the students. The campaign week is from the 11th to the 18th.
