Council Elects Discipline Comm.

REICHERT AND LICHTMAN ELECTED TO DISCIPLINE COMMITTEE; KIEDROWSKI AND N. COHEN MAKE STUDENT AFFAIRS COMMITTEE

The Discipline Committee elections held by the Student Council last Friday resulted in the election of "Vic" Reichert and "Teddy" Lichtman. After a close contest Henry Kiedrowski and Norman Cohen were elected to the committee on student affairs. There was great interest in the elections on account of the large number of nominees.

The reports of committees were started by Lehrman, who announced the victory of the varsity debating team over Westminster. The expenses of the trip to Pennsylvania amounted to \$100.02. With great generosity, the debating team offered to make good for all the expenses over the \$100 given them by the Student Council. Debating will become a widespread activity soon, for inter-class debates are being organized, as well as a debate between the '22 Class of Columbia and the College.

According to "Taffy" Dime Day proved to be very successful. The amount collected was \$129.10, of which \$100 was given to Professor Palmer for the debating team.

"Li" Auster reported for the Lunch Room Committee. He was followed by Divinsky, who described the good work of the Employment Bureau, mentioning Professor Woolston's good work, after Professor Breithart had been suddenly called to the aid of the nation. Hereafter, the Student Aid Fund is to be used for the maintenance of the Employment Bureau.

George Hyman moved to have a committee appointed to confer with representatives of the Athletic Association in regard to choosing a cheerleader.

The Student Council is to take charge of the Finley Hike. Through the efforts of I. A. Rosenzweig, the New York World will give forty prizes for those men who are successful in the hike. Further particulars will be announced later.

The '19 Class was given permission to publish the "Mike" and the '18 class was given ten dollars toward their Senior Book.

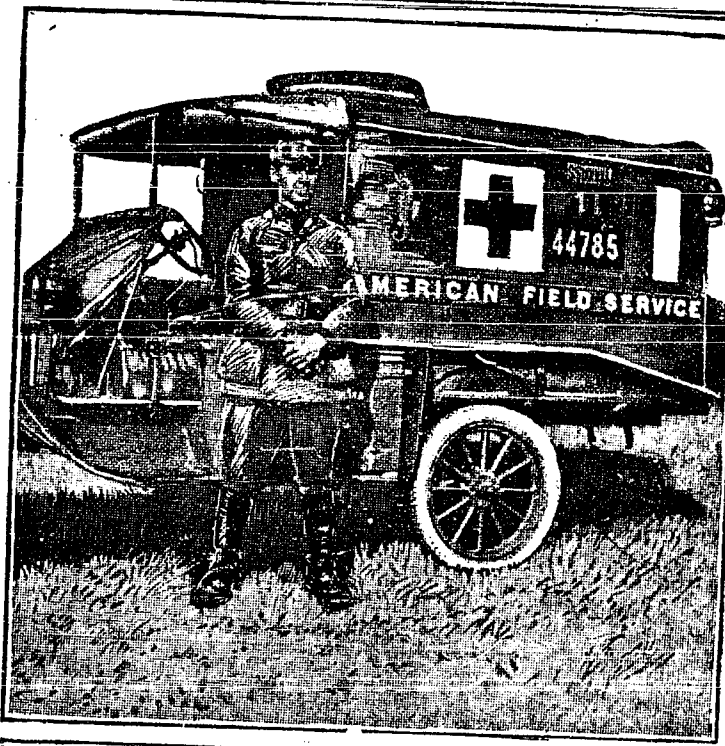

The meeting closed with a very good suggestion, which will be made to the faculty-student committee on student affairs. This was that the ball in the tower should be rung again to notify the students who are on the campus when the hour is up. It is a clever idea, indeed, if the people who live in the surrounding apartment houses do not complain that it disturbs them from their sleep.

NOTICE TO THE STAFF.

All men who are on the staff or trying out for the Campus staff are hereby notified that the editor will meet them tomorrow at 1 p. m. sharp in the Campus office. Failure to attend will receive the customary treatment.

ORATION CONTEST TRIALS TO BE HELD APRIL 25

The trials for the original oration contest will be held on Friday, April 25, at 3 p. m., in Room 122. The time limit for each speaker will be ten minutes. Only those stu-

THE COLLEGE OF THE CITY OF NEW YORK AMBULANCE

Donated by the Alumni of the College to the Metropolitan Unit. Serving in France as Section Sanitaire Americaine 32, it was cited before the division for efficient and gallant work. Malcolm B. Schloss, '16, its driver was decorated with the Croix de Guerre for distinguished bravery in performing his duty under continuous bombardment.

Sons of Alumni Form Club

WILL FOSTER TRADITIONS AND LOYALTY TO COLLEGE—MEETS THIS FRIDAY.

Sons of former C. C. N. Y. students are organizing into an "Alma Mater Club" to foster City College traditions and bring closer together the students and alumni of the College. The organization meeting will take place this Friday at 1 p. m., in Room 29. All men at the college whose fathers were students at C. C. N. Y., are requested to see George M. Hyman, '20, founder of the club, or drop a note in locker 483. All such students are expected to be present at the organization meeting Friday.

The purpose of the club is to band together sons of alumni, who naturally are permeated with the ideals and traditions of the College, and so form a nucleus of men who have the true C. C. N. Y. spirit and love for Alma Mater. An effort is to be made to induce City College Alumni to send their sons to the College of the City of New York in preference to Columbia, N. Y. U., or other institutions. In this way the love for Alma Mater on the part of the alumnus will be increased because of his interest in his son and a wholesome pride and attachment for the College will be felt by the son, when he competes for the prize his father won or studies under one of his father's old professors. It is felt that this spirit of loyalty is not as strong at C. C. N. Y. as at some other colleges and it is to bring forth the many time-honored traditions of the College and strengthen this love for Alma Mater that the "Alma Mater Club" has been formed.

Students who have completed courses in Public Speaking 3 and 4, and who have not previously won a prize in the original contest, are eligible to compete at the trials.

SENIOR BOOK UNDER WAY

The senior book of the College, June, 1918, is now under way, and goes to press within a week. The senior book will be quite similar to the Microcosm of the old days, and is dedicated to Professor Brownson.

The editor of the book is A. M. Schultz, and the staff consists of N. Schwartzberg, J. Kates, J. Berkowitz, M. Abelson and J. Platt. The price is \$1.25 and the book will contain the history and the organizations of the College. It is liberally backed by the senior class and promises to be a success.

JUNIOR HOP THIS SATURDAY NIGHT IN GYM.

The Junior Class will hold the biggest affair of its College career this Saturday night in the Gym. Many tickets have been sold and an unusually large gathering is expected. Tickets can yet be procured, however, for one dollar, upon application.

Jazz music of the first order and punch with a stick have been secured.

DOLLARS FOR LIBERTY LOAN TO BE BROUGHT TO 225

Professor Robinson has announced that all those men who have signed the cards, and he hopes that all have done so, should bring their dollars to Room 226. One of the young ladies there will check up all money which comes in. No receipts will be given, but instead a list of names will be posted of those whose money is received.

This method will save time and act perhaps, if any is needed, as an incentive for quick payment.

Entire College Pledges Aid In Third Liberty Loan Drive

MASS MEETING HELD IN GREAT HALL—DEAN BROWNSON, CAPTAIN KING, D. S. O., S. STANWOOD MENCKEN AND "MARTY" MEYER SPEAK.

WHEELER TO ADDRESS Y. M. C. A. TODAY

Everett Wheeler, the well-known lawyer and Alumnus, will address the Y. M. C. A. today at 1 p. m. in the Y. M. C. A. room in the tower on "Christian Life". Everyone is cordially invited to attend.

The attendance at the War Service study hour is very encouraging, but there is still room for improvement.

Deputations are being sent out to the various churches. William has charge of the singing while Charles Kiedrowski is chairman of the speakers.

The next deputation will be held on April 21.

The Excursion is to be held in the latter part of May.

Capt. King Takes Over Battalion

200 NEW MEN REPORT — MAJOR GREER COMMENDS MEN ON WORK

Over two hundred men answered the call of both College and Country and reported to the 22nd Regiment Armory last Thursday evening.

This was the response to the announcement from the Dean's office making it compulsory for every man over 19 years of age, who had not yet completed four terms in the College, to enroll in the C. C. N. Y. Battalion.

The men evinced great interest in the work done by the companies already formed. The boys manifested an eagerness to learn quickly the rudiments of military science and tactics so as to be ready for action when their time comes. Professors Brownson and Saurel were present to lend their aid in adjusting any irregularities that might arise.

The enrollment having been finished, a battalion review was held in honor of Captain King, newly appointed Professor of Military Science and Tactics, who, from now on, will supervise and direct the training of the C. C. N. Y. boys.

Subsequent to the review, Major Greer, who actively aided Major Lyons in the organization of the Battalion, delivered a short but eloquent address. The seriousness with which the students undertook their task, the enthusiasm they instilled into their work, their zest, their efficiency, their discipline, evoked unstinted praise from Major Greer.

After the review, Major Lyons announced the re-organization of each company. This has been accomplished by a competitive examination, both written and oral, theoretical and practical.

The Dean has since repeatedly announced that summary punishment will be meted out to all those failing to attend drills. Loss of credit for work done during the semester and a dishonorable discharge from the College will be the penalty of those delinquent.

The student body of the College again pledged itself last Thursday, at a monster assembly, to support the Government in the Third Liberty Loan, "that democracy might live and triumph throughout the world." Hundreds of enthusiastic and patriotic students, eager to do their bit, "for their country and for their College," filled the Great Hall, and a few minutes after twelve Acting President Brownson opened the meeting.

"We can't have too many meetings to talk over war matters at this critical period in the life of our country, for I am sorry to say the number of feeble friends is not small; and so this meeting is not inopportune."

Professor Brownson made an earnest appeal to arouse the students to do not only all they can, but more than they can. "Perhaps this seems illogical," the Dean vehemently declared, "but let me cite you a little story of a friend of mine up at Yale. He was a Hercules in strength but a boy in heart, in fact he was only 18 years old. We were room-mates and I will never forget what he told me, the night before a great race against Harvard. 'I'm going to pull myself out the first two miles, and the last two I'll rely on my sand. This is the spirit I would like to see in every young man in this College.'

CAPT. KING INTRODUCED
Professor Brownson then introduced Capt. King, our new Professor of Military Science and Tactics, who briefly related his experiences on the Western front. Capt. King was wounded in an attack at Vimy Ridge.

"One of the first questions that is fired at me," he said, "is, What do you think of the present situation? The situation, I admit, is critical, but if the Germans couldn't break through in 1914, when the French forces were far inferior to what they are now, and the English army was practically negligible, what possible chance can they have now, when military experts declare that the Allied forces are slightly superior to the Germans? The Germans are successful at present because any attack under the present conditions is sure to succeed, for a time at least.

"We are now fighting on the same ground that was fought on in 1917. Last year the front was about fifty miles in length, but it has now extended to over one hundred miles. The fighting is terrific. You who have never seen the effects of shell fire can only realize that earthquakes and fire cannot be compared to it. If there is such a thing as Hell, this is it."

TELLS OF TRENCH RAID

Capt. King then related his experience during his first attack on the front. "The purpose of the attack," he explained, "was to capture a city about which our lines were gradually lightening. Each company went through repeated rehearsals of what their share in the attack would be. My company was to capture a portion of enemy trenches which ran alongside a railroad. The attack was set for 2 a. m. About 1 o'clock we were sent out to find a dump from which we were to obtain barbed wire and wooden stakes. The night was very

(Continued on Page 5)

THE CAMPUS
A Weekly Journal of News and Comment

Published weekly, on Wednesday, during the College year, from the third week in September until the fourth week in May, excepting the fourth week in December, the second, third and fourth week in January, the first week in February, and the third week in April, By THE CAMPUS ASSOCIATION, incorporated, at the College of the City of New York, 139th Street and St. Nicholas Terrace.

Entered as second class matter March 14, 1916, at the post office at New York, N. Y., under the Act of March 3, 1879.

College Office, Room 410, Main Building

The accumulation of a fund from the profits . . . which fund shall be used to aid, foster, maintain, promote, realize or encourage any aim which shall go towards the betterment of College and student activities.

Three cents the copy. The subscription rate is one dollar a year by mail. Advertising rates may be had on application. Forms close Friday of the week preceding publication.

Wayne Corcoran, Beardsley Wilkinson. BUSINESS MANAGER: Ferdinand Kertes. ASSISTANTS: Albert G. Schwelzer, Stanley B. Tunick, John B. Nathan, Benjamin Babitsky.

THE CAMPUS

We are not accustomed to toot our horn. Yet we feel that a little tooting is in order. Last week's Campus and to-day's Campus are eight page issues. Think of it! The students of the College of the City of New York have one of the largest weekly newspapers published in the United States.

Think of it—an eight page newspaper for three cents. A position on the Campus Staff is indeed an honor. The biggest and best college weekly is calling for men. We need all kinds of men. There is news to be gotten, sports to be covered, ads to be collected, and a circulation to be boosted.

THE TOWER BELL

As we sit and think back to the time when we were freshmen, we cannot help noticing the changes which have come to pass in our College. Among other things, the bell in the tower has ceased to pour forth its warning B-flat tones at the beginning of every hour.

The former practice of ringing the bell was stopped, it is said, because it interfered with the sleep of our neighbors on Amsterdam Avenue, who, it appears, like to sleep all day. However, it may be a good point to observe that the bell of the Sacred Heart Convent just south of the College rings every fifteen minutes throughout the day and night.

THE FACULTY ATHLETIC MANAGER

In the last issue of THE CAMPUS we promised to give some constructive suggestions relative to the development of a working policy for the Executive Board of the Athletic Association, under the management and supervision of a Faculty Manager of Athletics.

We advocate the appointment of a Faculty Manager by the Faculty Athletic Council. According to the by-laws of the Board of Trustees, the Athletic Council has the final word on all affairs of the Association.

The duties of the Faculty Manager would be to directly supervise and manage the affairs of the Executive Board, the Treasury Department, the Property Department and the various Coaches.

The Faculty Manager would attend all regular and special meetings of the Executive Board. He would insist upon the Board meeting regularly each week, as required by its constitution.

The Treasury Department would be completely re-organized and definitely established on a business basis. The selling of student membership tickets would be properly systematized.

unsatisfactory features in practice for some time would be eliminated. Tickets would not be indiscriminately passed around to irresponsible agents. No tickets would be sold on the installment plan.

Under a Faculty Manager the Property Department would be looked after more carefully. The Property Man would act as a distributing agent, turning over the supplies, when appropriated, to the various team managers.

There would be a Board of Varsity Managers created to be directly responsible to the Executive Board of the Athletic Association. All the assistants and junior assistants would report to this Board of Managers.

The Faculty Manager would hold definite specified office hours, at which time he would confer with the varsity managers concerning the affairs of their departments. No correspondence leading to the scheduling of any games would be regarded as binding unless approved by him and so stamped.

The class treasurers would be invited to meet the A. A. Treasurer and plans for the betterment of all adopted. This would tend toward centralizing the money departments of the College, thereby creating a greater efficiency in these most important departments.

Under such a system as we have attempted to describe, the Athletic Association would be under the complete guidance of one responsible, capable head—the Faculty Manager.

EVERY AMERICAN'S DUTY

To work, economize, and lend money to the Government is the duty of every American.

Hundreds of thousands of our men have been called to arms and taken away from the productive forces of the country.

In the face of this lessened productive force and production a great and unusual drain upon our resources is made by our Army and Navy and our Allies.

Work and speed-up production to make up for the lessened production; economize in consumption to lessen as much as possible the drain upon our resources; lend your money to your Government to prosecute this war successfully and make our soldiers powerful, effective and victorious.

Every American can do an individual service to his country by working, saving, and buying Liberty Bonds.

Professor Horne's Daughter Marries

BRIDE WELL KNOWN TO STUDENTS OF COLLEGE

In the Chapel of the Intercession, at 155th Street and Broadway, Miss Enid Warren Horne, daughter of Professor Horne of the English Department, was married to Lieutenant Ernest Lisle Henefin, U. S. N., of Austin, Minn. The wedding ceremony and festivities were accompanied by traditional naval features.

The bride is well known by some of the students of the College, and during the past few seasons has attended many of the College social functions.

A niece of Commander Frederick Horne, U. S. N., the bride traces her descent directly from John Horne, a founder of the Massachusetts Bay Colony, and from General Joseph Warren of Revolutionary fame.

DAVID ROSENSTIEN, '16, SPECIAL CAMPUS WASHINGTON CORRESPONDENT

Mr. David Rosenstien, '16, who is connected with the War Trade Board in Washington, by special arrangement, is to become THE CAMPUS correspondent in Washington.

Mr. Rosenstien was formerly special feature writer for THE CAMPUS in 1916 and wrote a series of biographies of prominent alumni which met with great applause.

DR. FRIEDLAND LECTURES

Dr. Louis S. Ferdinand, of the English Department, gave a lecture on "Roman Rolland" at the Young Women's Hebrew Association, 50 West 110th Street, last Thursday evening.

Professor Guthrie recently delivered a lecture in Westport, Conn., on "Winning the Great War."

Letter Box

Editor of The Campus: With the first thrill that followed the brilliant address of Rabbi Wise, many students hastened to enroll in the Independent Group of the War Study Classes.

This may be due to a misunderstanding. There are three separate classes a week. These are open to all. Professor Allen meets the first every Tuesday at 1:45 p. m. in Room 125.

Our purposes are clear. We do not want you to give material aid. We simply desire that you go "over the top" spiritually. No casualties will result.

Very sincerely yours, VICTOR REICHERT, Chairman of Independent Group.

Editor of The Campus: I do not wish to appear in the role of a Puritan or a preacher of the Gospel, yet I have a little sermon for you.

Several students with a little more time on their hands than they can use profitably have gotten into the pernicious habit of gambling in the alcoves.

Now, I do not want to go off on the ethics of gambling. My point is that the College, and particularly the Concourse, is no place for gambling.

I think that gambling should and must be stopped in the College. It is a matter worthy of the immediate attention of the Student Council and the Discipline Committee.

Sincerely yours, J. T. K.

EMPLOYMENT BUREAU

The response to the request in the last issue of the "Campus" that students please report their earnings has been gratifying.

It cannot be too strongly emphasized that watching the bulletin boards pays. For instance, last week there were several good-paying positions posted and they were taken almost immediately.

The Bureau would like to know how many students are interested in hotel work during the summer vacation. It is therefore requested that those who have had some experience as waiters, bell boys, hotel clerks, camp leaders, etc., please notify the Bureau immediately so that some idea may be gained of the number willing to work during the summer.

Students are asked to please cooperate with the Bureau at all times. If they know of any opportunities of employment, either part or full time, they should communicate with the manager of the Bureau immediately.

Yours truly, BENJAMIN ROSENTHAL, Manager

SONG

When the snow comes down in April,
And the wind is biting cold;
When I shiver in the whirlwind,
Since my winter coat is sold.

Chorus.

I dream about the trenches,
And the army life so fine;
I'd leave the school-house benches,
Oh, a soldier's life for mine!

When I've studied all the lesson,
Except a line or two,
And the old professor calls me
At the end, I feel so blue.

Chorus.

I dream about, etc.

When I call upon my girlie,
To take her to a show,
And she whispers very sweetly,
"I've got another beau."

Chorus.

I dream about, etc.—

AD INFINITUM.

We received these:

Dear Gargler:

Last week I wrote you a letter and in your answer all you did was to gargle out a lot of misinformation. Perhaps that is all that your colyum is intended for. I hope not. You see the trouble is that I don't see Jay Gee Dee—she lives out in the wilds of Brooklyn—and it is impossible to communicate with her because of a mysterious censor—at least there seems to be one. I, therefore, don't know what to do.

So this time, dear Gargler, please gargle out the right kind of info. and thus relieve the troubled soul of

Your Admirer,

MISCHA GOYEM.

Here is your answer dear Mischa, and from Phip, too, so it must be good.

Dear Gargler:

I read in your colym that Mischa Goyem is too bashful to take his girl to a dance; also that he wants her to go to the dance and has the price of a ticket. In reply I would state that if Mischa will give me the address of the girl and the price of the ticket, I will see to it that she gets safely to the dance.

Dear Gargler:

Don't you think it about time that the Mercury ask the aid of the Campus staff to help them put out a real issue? If it's a matter of false pride, I would advise the Campus staff to voluntarily offer to save an old magazine like Mercury from falling into ruins.

MOIKE.

Dear Moike:

We refuse to think. We have thought so much about the Mercury it has affected us seriously. We can see only one objection to your plan, the Mercury Staff.

Dear Gargler:

I have often been confronted by the ticklish question of how to pick up a girl. Why do not the College authorities adopt such a course for its students? I would name it thusly: "A Course in the Gentle Art of Picking up Girls." Should the Dean think

wisely of my suggestion and institute this course, I guarantee over-crowded sections. I will be the first to sign up for it and I'm sure many others will follow in my tracks.

What say you?

GALLI ZYANER.

Dear Galli:

We have such a course. Its initials are M. S. Don't show this answer. We shall explain later to you alone. Try and see us today.

Read This Carefully.

Dear Gargler:

I think that every student who cannot go to fight "over there" should at least do some war work over here. Don't you? I am starting a fund to rebuild dog kennels in Belgium, and having had much experience with dogs at City College (as for instance those who buy Camp!) I think I am competent to take charge of such a noble movement. Think of the poor, homeless dogs gazing mournfully at their kennels destroyed by the ruthless dachshund. Up to date I have received \$37 in contributions. Let our motto be, "Ten Cents Will Save a Dog's Kennel."

PHIP.

Dear Phip:

This idea makes you from now on our colleague.

Since Harry has been given a vacation he has joined the Suicide Club and wears half shoes in the snow. Good-bye, Harry!

Now, Hercules was a man of fire,
A man of sinews and of bone;
We are somewhat like Hercules,
We have the sinews and the fire,
But most of all the bone.

THE SONG OF THE FARM CADET.

Oh, Country, 'tis from thee
I get my liberty,
And no exam.
I'll get my A's and B's,
While hoeing rows of peas,
And chasing Bossies' fleas;
— Praise Uncle Sam.

DIARY OF I MOISHA MAC LANE

Yesterday I went to a burlesque show named "The Prodigal and the Fatted Calf." It's a shame how the managers exploit the poor (?) chorus girls. From the clothes they wore, they seemed to be making a bare living. I will go and try to see whether all reports are true.

THEM GIRLS IN THE SUBWAY TRAIN.

They look to the left, and they look to the right,
Them girls in the subway train;
They're looking for hubbles, and there's gonna be strife,
For they'd rather be married than old maids for life,
Them girls in the subway train.

Dear Gargler:

Here's a little foolishment for your colyum entitled:

Magnanimity.

The English prof. jest ast me to Write some nice free verse for you Now while my reglar rates is large Why youse kin use this FREE of charge.

HY.

Did you ever hear our Sporting Editor order his staff about? We are going to make up the Campus deficit of last term by charging admission. It's worth it.

FABIAN AND PHIP.

PROF. GUTHRIE'S ARTICLE PUBLISHED

Professor Guthrie has recently had three articles published in current magazines. They include an article in the "Economic World," on "The Significance of Nationalism and an essay in the World's Court Magazine on "Treaties and Their Validity." The National Municipal League has published a pamphlet of Professor Guthrie's, entitled "The Consolidation of the City and County of Denver."

Campus Review

ABBE METEORITE COLLECTION DESCRIBED BY PROFESSOR SICKLES.

After the established success of these predictions our Government initiated the Weather Bureau in 1870, and called him to be its scientific head, a position which he retained until his death in 1916.

His modest nature sought no rewards, yet the University of Glasgow, at the request of Lord Kelvin, honored him with her LL.D., the Royal Meteorological Society of England awarded him her most distinguished gold medal, and our own National Academy of Sciences gave him the Hartley gold medal "for great service for human welfare," in recognition of his establishment of the Weather Bureau of the United States.

As a tribute to him, and in recognition of the achievements of one of the foremost sons of the college, this collection of meteorites has been assembled and presented by one of her alumni as a signal addition to knowledge, in the hope that it may widen for the student, the ever broadening view of life. Accompanying it was a fund of five thousand dollars, the interest of which was to be wholly at the disposal of the Professor of Geology for any purpose which he considered helpful to his department.

The pamphlet gives a brief study of the appearance of meteorites, their origin, classification, composition, structure, phenomena of fall velocity, the number of falls and weight of the fragmentary bodies.

A detailed description of the specimens in the collection, their history, distinguishing characteristics, etc.

The first weather predictions in the world, based on simultaneous tri-daily reports from all parts of the country were made by him during six months, at the astronomical observatory of Cincinnati, Ohio, of which he was then director.

Over the Top

Emanuel Behrman, June, '18, who enlisted in the 71st Regiment, has arrived safely in France.

Private Joseph Abelson, Feb., '18, is at the Base Hospital No. 3, in France.

Alexander Alp, '21, is now with the 105th U. S. Infantry.

Bertram Raff, '20, is going "over there" as a corporal in the Ordnance Corps.

Alexander Munves, '18, is now at Cornell University, with the Aviation Section of the Signal Corps.

Jesse Richman, '19, is now at Pensacola, Fla., with the Naval Aviation Corps, and will soon be commissioned as an Ensign in the U. S. N.

Alexander Bearmen, '18, is with the 305th U. S. Infantry, and is reported to be in France.

Isador Schoppenn, '18, is stationed in T. H. H. with the Signal Corps.

Julius Starbeck, who was employed in the office of the Curator for about eight years, and who was a student in the Evening Session for the last two years, is also situated in T. H. H. with the Signal Corps.

CAMPUS DOPE ON COLLEGE SPORTS

SPORTING COMMENT

BY "IRV"

AL TISCHINSKY AND George Schmidt gained prominent positions on the All-Eastern Collegiate Basketball Team recently picked by the New York Evening Sun. To quote the author, "We cannot conceive of any all-collegiate lineup that could eliminate Tischinsky, the City College star forward. . . . A consensus of selections makes the list of topnotchers as follows: Forward—Tischinsky . . . Center—George Schmidt . . ."

IT IS INTERESTING to note that neither Columbia nor N. Y. U., our would-be rivals in basketball, had any representation on this all-important selection; nor had an other Metropolitan College for that matter.

WE WISH TO rectify a typographical error that appeared in the last issue of THE CAMPUS. The Soccer Team was awarded 'varsity insignias, while the Cross-country Team received their 'varsity numerals.

IT IS WITH great pleasure that we take up our pen in praise of the 'varsity team managers. They are going about their respective managerial duties with a wisdom, dignity and dispatch well befitting their important posts.

HELP WANTED! Manager Goodfriend has asked ye scribe to decide where and to whom to credit the goal that Jerry Schwartz, '20, shot during the second half of the '22-'20 basketball game. As the ball was shot into the '22 basket, we do not know how to advise Sid. Perhaps Schwartz will clear up the situation by declaring his team. How did you mean it, Jerry? Were you with or against '20?

MAC FISHER, last years' veteran; Willie Rosenberg, the National Junior hop, step and jump champ, and Johnny Wells, the half-mile star, are coming along very nicely for the 440 relay.

STANLEY MARKS, Artie Fischel, Mac Rosofsky and Charlie Beck are fighting it out for fourth man on the quarter-mile relay. All four men are cinder-path veterans, and the chosen man will have to extend himself to his utmost.

WILLIE ROSENBERG is entered in the hop, step and jump contest at Franklin Field. Here's hoping he comes back with a brand new gold watch.

WORKING UNDER THE handicap of an unusually small appropriation, and of bad weather, the Tennis Department has done its share in preparing a surprise for the Collegiate Tennis world. The department has arranged a cracker-jack schedule, and championship tennis will be seen on our home courts.

PAST TENNIS TEAMS of the College have not received the support they deserved from the students. Last year's team went through a series of six matches without sustaining a defeat. The games were very poorly attended, even though there was no admission fee. We sincerely hope the students will take a greater interest this coming season.

OL' JUPE PLUVIUS robbed the Freshmen ball team of two more victories, when the Commerce and Manhattan Fresh games were called off on his account.

IT IS ABOUT TIME that the Athletic Association Board organized a Board of Managers to discuss the athletic affairs of the College with the idea of developing a closer co-operation and co-ordination with each other, and with the duties and responsibilities of their respective departments. This Board ought to consist of the various varsity team managers—Basketball, Soccer, Baseball, Swimming, Track, Tennis and Handball. The matter discussed at these meetings would be brought to the attention of the Assistant Managers, Junior Assistants and Class Managers by the representatives of the various sports. In this way each department would feel a responsibility, not only for the development of a 'varsity schedule, but also for the stirring up of the necessary interest among the undergraduates in sports in general.

WE MAINTAIN THAT all Assistant Managers, Junior Assistants and Class Managers ought to be obliged to go to their 'Varsity Manager for advice and counsel on matters relative to the athletic affairs of their respective departments. In this way all problems arising in all departments of College Sports would be thrashed out at the Managers' Meeting and wise, clear and concise policies would be promulgated and adopted.

INTER-CLASS SWIMMING TODAY

Final arrangements have been drawn up by the swimming management for the inter-class meet to take place tomorrow at noon.

Coach MacKenzie will be on hand with the hope of uncovering new material for next year's varsity and freshman teams.

There will be special events for varsity men. The events are: Fifty yard swim, 100 yard swim, 220 yard swim, four-man relay, each man swimming two lengths; fancy dive and water polo contest.

MATH CLUB TO MEET

The Mathematics Club will hold its next meeting today at 1 p. m. in Room 123. An address on "Determinants" will be delivered by Mr. J. Feuchtwanger. Open discussion will follow.

Tennis Schedule Revised

Owing to cancellation and postponements, the tennis management has been forced to make a complete change in the schedule for the coming season.

The team will play its first game at Columbia tomorrow.

The revised schedule follows:

April 18—Columbia at Columbia.

April 20—Stevens Tech at Stevens.

April 24—Lehigh at C. C. N. Y.

April 27—N. Y. U. at N. Y. U.

May 4—Fordham at C. C. N. Y.

May 11, a. m.—Amherst at C. C. N. Y.

May 11, p. m.—Stevens at C. C. N. Y.

May 14—Manhattan at C. C. N. Y.

May 16—Fordham at Fordham

FINLEY HIKE TO TAKE PLACE SOON

The Student Council at its last meeting appointed I. A. Rosenzweig to supervise the management of the Finley Hike, an annual affair held under the direction of the Student Council, in honor of John H. Finley, founder of the Council.

The great success of last year's hike warrants the entry of practically all of last year's competitors and a host of Freshmen and others who did not avail themselves of the great opportunity which they missed last year.

Through the kindness of the Evening World, 40 prizes will be distributed and the chairman of the committee expects to secure more awards.

'21 Wins Another

The '19 quintet lowered their colors to the '21 team in their scheduled inter-class tilt last Thursday afternoon. The Juniors started off with a rush, and it looked as if '21 was doomed to defeat, but a shooting streak enabled '21 to pull ahead of '19 before the whistle ending the first half blew.

With the score of 9 to 8 against them, the Juniors entered the fray in the second half with fire in their eyes, but were helpless against the determined '21 representatives.

Moorhead starred for '21 with 4 field goals to his credit, while Pakula did the honors for '19 with 3 field goals and 5 foul goals. The lineup: '21 (20).

Budner R. F. Fishbein Pakula L. F. Langer Manly C. Drucker Morris R. G. Cohen Rosenberg L. G. De Rose

Substitutes—1921: Moorhead, Tomberg, Bunin and Trinin. 1919—Grasheim, Kaiden, Asher and Tow.

Field Goals: 1921—Moorhead 4. Drucker 2, Cohen, De Rose 2. 1919—Pakula 3.

Foul Goals: 1921—Cohen 2. 1919—Pakula 5.

Referee—Fiegl. Scorer and Time-keeper Taft.

Frosh Quintet Wins

The '22 basketball combination gained another victory in the inter-class tournament last Thursday afternoon, when they beat the '20 team by the score of 18 to 10.

The '20 men have a strong team and fought very hard, but were unsuccessful before the Freshies' onslaught.

The first half ended 9 to 6 in favor of '22, but with fast playing and excellent teamwork, the freshmen managed to garner 10 additional points to Twenty's 4.

A bonhead play was uncovered by Jerry Schwartz '20 in the second half of the game, when he shot a goal in the '22 basket.

Kornbluth and Ween starred for '22 while Katz played the stellar role for '20. The lineup: '22 (18)

Kornbluth R. F. Katz Solonitsky L. F. Schwartz Ween C. Harsany Sherman R. G. Lillienbloom Dorf L. G. Rosenzweig

Substitutes: 1922—Goldman and Silver. 1920—Blank and Haskell.

Field Goals: 1922—Ween 3, Kornbluth 3, Sherman, Dorf, Schwartz. 1920—Katz 2, Schwartz, Rosenzweig, Haskell.

Referee—Geo. Schmidt. Scorer and timer, Sid Goodfriend.

WAR SERVICE COMMITTEE TO MEET TODAY

At 1 o'clock today the War Service Committee will hold an important meeting in Room 319. Matters of vital importance will be discussed.

Varsity Game To-day

On account of inclement weather the varsity was unable to play Cathedral College last Saturday.

The College baseball team will meet the Manhattan College nine in the Stadium this afternoon. A lively game is assured.

Garvey, our star hurler, who was ineligible for the St. John's game, will be on the mound, while Matthews will do the receiving. The team will also be strengthened by Sacks and "Taffy." Everyone should turn out and root for the team.

HAND BALL TOURNAMENT

The interclass singles handball tournament advanced to the third round last week when Mullen defeated Silber in the last match of that bracket.

Up-to-date fifteen matches have been successfully staged.

The summaries: Winners of the first round: Freedman, Robinowitz, Kaplan, Mullen, Lamm, Freizer, Abelson, Feinberg, Silber and Kweit.

Winners of the second round: Robinowitz, Freedman, Kweit, Freizer and Mullen.

Winners of this round are in a Round Robin contest.

In the doubles hand ball tournament run under the same management, the following teams have survived.

Winners of first round: Mullen and Beck, Kweit and Lillenthal, Freedman and Rab, Blum and Lamm.

For the second round, each team will play every other team three games.

INSIGNIA COMMITTEE PROTESTS RULING

The Insignia Committee, through its representative, I. A. Rosenzweig, filed an appeal with the Faculty Athletic Committee in regard to the decision of the A. A. Board in regard

Our standards are as high as ever!
No way we know to raise them higher!
All wool!
Fast color!
Making, the best.
Spring suits! Spring overcoats.
Everything College men wear, including uniforms of our own manufacture.

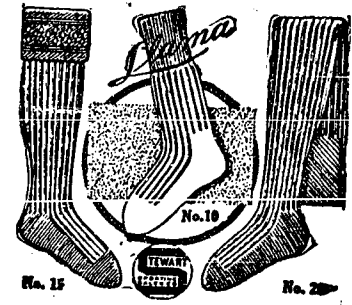

ROGERS PEET COMPANY
Broadway at 13th St. "The Four Corners" Broadway at Warren
Broadway at 34th St. Fifth Ave. at 41st St.
NEW YORK CITY

to awarding the cross-country team varsity numerals. The committee feels that unless the cross-country men are awarded the minor insignia the team will soon disappear from the active sports of the College roll.

Reuben Bramin, the famous Hebrew author, is scheduled to speak in Hebrew at the next meeting of the Agudath Ivrit.

Washington Alumni Hold Reunion

The Washington branch of the Associate Alumni of the College held its annual reunion in Washington last Saturday night. Over fifty alumni, including many prominent in military and civil rank of the Government, were present, including Bernard M. Baruch, '89, chairman of the War Trade Board; General George W. Goethals, '89, head of the Purchasing Division; Brig-Gen. Richards in charge of army sanitation; Assistant Secretary of War Rosenson, Major Felix Frankfurter, '02, and Maj-Gen. Pollitzer, '79.

Lavender books donated by the Student Council were souvenirs of the evening. David Rosenstein, '16, was chairman of the arrangement's committee.

AGUDATH IVRITH HOLDS FORUM

Dr. Nahum Slousch, Professor of La Sarbonne, spoke before the Hebrew classes of the Zionist Society on Tuesday, April 9. He spoke in Hebrew on the Renaissance of the Hebrew Literature before an unusually large audience.

CLIO HOLDS INTERESTING MEETING

On Friday evening, March 22, there took place in the German Library one of the most interesting meetings which the Cliona Literary Society has held this semester. The forty-three members who were present constituted a jovial gathering, as graduates greeted members, and as members greeted the trembling new members who were to be initiated that night.

Milton Scheier, one of the graduate members, gave a very edifying as well as interesting lecture on Hypnotism. Mr. Scheier, who makes use of hypnotism in the treatment of neurotic diseases, held the intensely interested audience in perfect control for over an hour.

After his lecture Mr. Scheier desired to make a practical demonstration when the janitor came in to announce that it was time to retire. The members urged Mr. Scheier to hypnotize the janitor, but that worthy person beat a hasty retreat, yelling, "You can't try that on me!" At the invitation of a member, everybody went to the house of the Phi Epsilon Pi Fraternity on 139th Street, near Broadway, where he hypnotized a member, making him do all sorts of tricks, which immensely pleased the mystified audience.

Peace Banquet April 28th

The Peace Banquet to be held at the Hollywood on April 28 presents an unusual opportunity for the students to bury their traditional animosities, to submerge forever the deep-rooted and keen rivalry reminiscent of the Flag Rush and other bitterly contested battles.

The program arranged by the Peace Banquet Committee which is doing its utmost to make this gala affair the greatest success of the season, is splendid. A rich repast, souvenirs, a galaxy of stellar entertainers and performers—all these things are assured to those present.

Tickets can be obtained from any member of the committee for the comparatively small sum of two dollars.

ITALIAN CLUB TO HOLD DANCE

On Saturday evening, April 20, the Circolo Dante Alighieri will hold a dance for the members and their friends in the Webb Room. Chairman Santangolo has left nothing undone to make this affair a grand success. The club meets every Friday afternoon at 4 o'clock in Room 2. At the last meeting Frank Serrì addressed the club on the war.

Patriotic Meeting in Great Hall

(Continued from Page 1)

dark, and before long we were lost. But not for long, for men wandering about the darkness in 'No Man's Land,' for that is where we were all the time, soon came across the Colonel of the regiment. Another company seemed to be lost and the Colonel did not feel very nice about it. Presently, as the zero point of the attack was approaching, a terrific noise as of all Hell broke loose was heard. I found myself a hole in the ground in which I buried myself as effectively as possible. But then vague and disconcerting thoughts came into my mind. I remembered that it was dangerous to lie down, as one might be struck by shrapnel. And to stand up was to become the most certain target of a deadly machine-gun fire. I imagine my feelings. But I chose to take a chance on the shrapnel."

Capt. King vividly narrated how he finally extricated himself from this embarrassing situation, and the ultimate success of the attack on the German trench.

Professor Brownson introduced the next speaker, the Hon. S. Stanwood Mencken, who urged the students to go into the military training with a vim and vigor and enthusiasm such as the American soldiers who first

went over, showed. Declaring that besides upbuilding the physique, and sharpening the mind and character, Mr. Mencken proved that military training also established the true basis of democracy—understanding one another.

"Marty" Meyer, '18, chairman of the War Service Committee, made a fiery appeal to the students to purchase Liberty Bonds, or if unable to do this, to aid in numerous other ways. Meyer explained the purpose of the War Service Bureau. "The program of this committee is extensive," he said, "perhaps it is too pretentious and we may not be able to do all for which we have planned. Nevertheless, there is a nobility in contact with noble ideals, and though we fall short of our ideal, we shall profit by the very act of recognizing and straining towards it."

"The first opportunity for us to break a lance in the service of our country is immediately before us—the Third Liberty Loan; and it is to contribute our share to make this a success—no, not merely a success, for it is already that—but to see the amount at which we aim doubled or trebled, to the greater glory of our patriotism and unit of spirit, that we must bend our every effort."

The plan of the committee as explained by Meyer is to raise a sum of money representative of the student body—the amount raised in this manner to be invested in Liberty Bonds of the Third Loan, which will constitute a Liberty Schola. aid Fund. The interest from this fund will endow a graduate fellowship which will be awarded annually to a student of the graduating class by the officers of the administration of the College. In fact it is "a student enterprise for the national welfare and the College good."

Meyer struck the keynote of the assembly when he eloquently declared in an outburst of patriotic enthusiasm: "It is not a question of your money or your service, our demand is higher even than the national one—we must have your money and your service. Get behind the War Committee to the last man. Make your slogan that of the War Committee—For My Country and My College!"

FOOD CENSUS BUREAU CALLS FOR VOLUNTEERS

Food will win the war! The Food Census Committee is in dire need of volunteers to help it in its work. You may not be able to fight "over there," or even speak with the "Four Minute Men," but you can help greatly by giving some of your time to this important work.

If you can possibly spare an hour or so after 3 o'clock on any day, fill out the form printed below so that you can help and feel that you are doing something to aid the great cause. Just fill out the coupon, drop it in The Campus box in the Dean's office at once and we will put you in touch with the committee.

I hereby offer my services to the United States Food Census Bureau to assist them in any way in that I may be able on the following afternoons:

Gillette Safety Razor

Have You Seen the New Gillette Specially Designed for the Fighting Man?

THESE models were designed by members of the Gillette Organization who have seen service with the Colors and know what the soldier is up against. Hundreds of officers and men are buying them—the U. S. Service Set in metal case, and the new Khaki-covered sets for Uncle Sam's soldiers and officers. The Gillette is the one razor for the man who is doing things—the one razor with world-wide use and reputation.

When a man wants new Blades he can get them at any Post Exchange or Y. M. C. A. Hut—here in America or Overseas.

Our Paris Office carries stocks—is constantly supplying the American Expeditionary Forces. Gillette Safety Razors and Blades on sale everywhere in France, England, Italy and the Eastern battle fronts.

No One Has More to Contend With in His Shaving than The Fighting Man

AND nobody knows better the bracing effects of a clean shave.

His shaving water may be cold, it may be hard, his skin wind-chapped or tender from sunburn. Yet, on every Allied Front, and on every Allied battleship, he keeps himself clean-shaved—and he uses the Gillette Safety Razor.

The Gillette has solved and simplified every shaving problem put up to it by the boys in khaki or navy blue.

It has done service all over the map—from the deserts of Palestine to the icy spindrift of the North Sea—from Flanders to the remotest island in the East Indies—and has proved itself the real razor for service.

Complete, compact for the pack or the pocket—no strops or hones to clutter up the kit. Blades always sharp, always ready—and No Stropping—No Honing.

EVENING SESSION NEWS AND EDITORIALS

THE CAMPUS Evening Session Editorial Page

AN EVENING SESSION CAMPUS.

THE CAMPUS is now one of the largest college newspapers in the United States. It is the only college weekly which sells for a price as low as three cents. The staff feels proud, indeed, of these two facts.

Now we come to the students of the Evening Session. We feel that they want a newspaper. We believe, in fact, that they need a newspaper. To start a new paper is a hard job and means a big expense. So we come to the Evening Session Students and offer them space in the Campus. With one paper for the Day and Evening Sessions, the bond of union between the two, now weak, if existing at all, will be strengthened, indeed. The Day Student will read what his friends at night are doing; the Evening Student will read what his friends in the Day Session are doing; a bond of union will surely spring up and everyone of us will be forced to feel that he or she is a part of a great, grand Alma Mater composed, not of the Day Session or the Evening Session, but of the Day Session and the Evening Session.

Whether or not The Campus can continue to supply the needs of the Evening Session or not depends now upon the students of the session. The news and editorials in this week's issue have been written almost entirely by the regular Day Session Editors. Obviously this cannot continue. Students in the Day Session, no matter how willing they may be to do the work, are not the men for the jobs. The matter is entirely one for Evening Session Students. The Day Session man cannot write from the point of view required. To serve properly the interests and purposes of the night men, the whole thing must be placed in their hands with their work subject only to the approval of the Editor in Chief of The Campus and the rules and regulations of The Campus Association.

We hereby invite every member of the Evening Session who is at all interested in helping along the production of The Campus for the Evening Session, as well as the Day Session, to meet the Editor next Monday evening at 10:13 P. M., in Room 221. We want to get a complete staff, reporters, business men, circulation men and editors. No experience is required. All you need is the will and the determination to work. We will teach you the rest.

Remember, it is up to the Evening Session Students. They must write. They must get ads. They must sell The Campus. The increased size of the paper has entailed enormous expense. If we are to keep our present size and be able to give the Evening Session space we must get the support of the student body. The paper must pay. If it does not; if the students do not help us, we will be forced to give up. But we feel confident that the students will help us. We know it. Room 221 will be crowded next Monday night with a body of men and women eager to serve their fellow students, and their Alma Mater by seeing that the students of the Evening Session are provided with a newspaper.

ALBERT G. STAHL, Jr.

THE GYMNASIUM.

It is an unsolved mystery to us why the students of the Evening Session neglect the splendid opportunities for physical development and mental rest offered in the College Gymnasium and Swimming Pool.

We want to impress upon the students the fact that all work that they may do will be purely recreational. There are no prescribed courses. There is nothing to study—nothing at all to bother about. All the student does is register on his first appearance. After that he may come and go as he pleases. The Gym will be open every Monday, Tuesday, Wednesday and Thursday evenings. Mr. Foster, who is in charge of the Gym, is willing at all times to instruct any and all students desiring instruction. On Saturday the Gym is open from 10 A. M. to 5 P. M. Those students who work half a day on Saturday are therefore able to make use of the Gym on Saturday afternoons. "A word to the wise is sufficient."

The Swimming Pool, one of the finest in the East, may be used by the Evening Session, provided enough students make use of it. Now is the time to register. A lack of registrants will mean the loss of the pool for use at night, a circumstance which will indeed be deeply regretted, especially now that the warm weather is coming. Mr. MacKenzie is ready, too, to teach the students how to swim. No prescribed work will be forced on the men, however. Everything will be purely voluntary. What more could be asked? Come down and try the pool once and we guarantee that you will come again!

Remember, that the operation of the Gym at night costs money. There is no fee attached to making use of the building. All that the Hygiene Department wants is for a sufficient number of students to make use of the Gym. If they do not the Gym will be closed. The City cannot afford to waste money for the sake of only a handful of men. So, line up, fellows! Use the Gym! Register now!

Some of the girls have asked us why they cannot use the Gym? We are unable to answer their question directly. What we can do, however, is to outline a method of procedure which will open the Gym for them, if that is at all possible. Let some one of the more active young ladies circulate a petition addressed to the Hygiene Department, stating the desires of the persons concerned. We feel confident that if a sufficient number of signatures is obtained, Dr. Storey will try and help the young ladies.

A. G. S.

Big Patriotic Mass Meeting To-night

WAR SERVICE COMMITTEE TO BE EXPLAINED TO STUDENT BODY IN GREAT HALL AT 9 P. M.

Tonight at 9 in the Great Hall the Evening Session will start its war service work with a rousing assembly. Members of the Faculty and student body will speak and the plan of the work will be outlined. Every Evening Session student is expected to appear and every student will be assigned some definite work. Professor Baldwin will be at the organ and lend his usual charm and enthusiasm to the meeting. Professor Robinson, director of the Evening Session, will address the student body and make the purpose of the War Service Committee clear. In addition Professor Chase will sing and also lead the student body in college songs.

Book Nights to be April 22 and 23

STUDENTS ARE URGED TO GIVE BOOKS TO MEN IN SERVICE

April 22nd and 23rd will be "Book Nights" for the Evening Session. No doubt the reader has been told and has realized the pleasure a book or a magazine gives to a soldier or a sailor. That book that lies unused on the shelf, never touched nor read, could make a company happy. The students of the Day Session have answered the call. The girls at Hunter gave three times as many books as the total enrollment number. Colleges all over the country have responded generously to the call—"Send Books."

Remember the nights—April 22nd and 23rd and bring your books.

EVENING EMPLOYMENT BUREAU OPEN

The students of the Evening Session who are in need of employment can now avail themselves of some splendid openings offered by the Employment Committee of the Evening Session Student Council. Room 226 is the office of the committee. Mr. Markowitz, the chairman, has done some really good work in securing a number of positions for both men and women students. He urges all interested to see him at once.

Student Council Holds Meeting

WAR SERVICE COMMITTEE CHAIRMEN ELECTED AND ACTIVE WORK STARTED

The Student Council of the Evening Session has shown that it can do some fast work when it comes to a pinch. Professor Linehan laid before the student body the plan of the College to do its share in helping the Government in war work. He outlined the work of the seven committees whose duties have already been mentioned in last week's Campus. As usual, there was at first a tendency shown to delay, but Dr. Linehan urged immediate action. The response was highly gratifying. Every man and woman present, eager to

serve Uncle Sam in any capacity, however humble and modest, came forward and demanded that the question of committees be settled at once.

This action resulted in the election of the following committee chairmen: Chairman of the General Committee, Mr. Markowitz; secretary, Miss Seelig. Chairman of the Publicity Committee, Mr. Blackman; secretary, Mr. Reichert. Chairman of the Liberty Bond Committee, Mr. Freeman; secretary, Mr. Lake. Chairman of the Social Service Committee, Mr. Schwartz; secretary, Mr. Gluckstein. Chairman of the Soldiers' Comfort Committee, Miss Steuter; secretary, Mr. Farrel. Chairman of the Farming Committee, Mr. Shalvey; secretary, Mr. Brown; secretary, Mr. Soos.

All students interested in any branch of this work will see either the chairman or secretary of the respective committee for further information. The general headquarters are in Room 226.

Evening Session Dinner Arranged

ANNUAL BANQUET TO TAKE PLACE MAY 11TH AT THE PARK AVENUE HOTEL

The Annual Dinner of the Evening Session, the classic of the year's social functions, will be held on May 11th at the Park Avenue Hotel promptly at 7:30.

The purpose of this grand affair is to assemble the students, to bring them in closer connection with each other, and also to show to the guests, the City Officials, the extreme gratitude and appreciation of the student body for the generous appropriations that have been made for the enlargement of the Evening Session.

The students who attended last year's dinner cannot fail to remember its striking success. This year's affair will be a still more ambitious undertaking.

Tickets are now on sale and can be secured from Student Councilors.

Loan Drive Begins In Evening Session

TO OUTDO DAY MEN.

The Liberty Loan Drive of the Evening Session started very auspiciously last Monday night. The call for the support of the Government was, as has been every other such appeal, taken up with enthusiasm by both students and faculty. It is expected that this division of the College will outdo itself in the present call upon its patriotism. The response was instantaneous, and the drive gave promise of becoming the greatest thing of its kind in the history of the College.

Harold E. Butterick, assistant to Professor Robinson, Director of the Evening Session, has been appointed superintendent in charge of all student Liberty Loan activities in the city. He is therefore supervising our own campaign, a fact which makes certain, if there were any doubt before, that the number and amount of bonds sold will reach an unparalleled amount.

Mr. Butterick is intimately connected with the College, being in full charge of the Brooklyn branch of the Evening Session. His appointment to such an important post in the Government's loan campaign demonstrates once again that City College has not, and will not, fall the U. S. in its hour of need.

Our Colymn

THEY TWO.

They sat on the steps at daybreak,
Regardless of the hour,
And heeded not the warnings
That proclaimed the coming shower.

They saw the clouds' dusky vanguard
As it lurked in the heavens above,
That threatened like falls to come
falling
And spoil their object of love.

And far in the sombre distance
Of that dull September morn,
Came a mighty clap of thunder
That shook the silent dawn.

But the heavy black clouds above them
And the blast that rent the air,
Stirred them not from their musings
Nor made them cease to stare.

'Twas not of the past, but the present
That they thought as they sat alone,
In the dawn of a cold gray morning,
Outside on the chilly stone.

And staring with eyes that were wistful—
A wistfulness born of greed—
They stared at the thing before them
And snarling, showed their teeth.

But a cloudburst caught them snapping
And sent them scampering home,
Thus ended the noisome barking
Of two dogs over a bone.

LUCIUS.

Stenographers and Typewriters Wanted

THE GOVERNMENT ISSUES URGENT CALL FOR WORKERS. MEN AND WOMEN WANTED AT ONCE.

THE CAMPUS has received an urgent appeal from the United States Civil Service Commission for stenographers. The call for help of this class in Washington is practically without limit. Owing to the general demand, the Commission is having considerable difficulty in recruiting a sufficient number of qualified persons for these positions, and is conducting a nation-wide campaign to obtain applicants.

It is perhaps unnecessary to say that an efficient civil service is as important as the armed forces in the prosecution of the war. The government is calling for thousands of stenographers and typewriters. All who pass the examinations for the departments and offices at Washington, D. C., are assured of certification for appointment. Those who have not the required training are encouraged to undergo instruction at once.

Examinations are held every Tuesday in 450 of the principal cities of the United States and applications may be filed with the Commission at Washington, D. C., at any time.

The entrance salary ranges from \$1,000 to \$1,200 a year. Advancement of capable employees to higher salaries is reasonably rapid.

Applicants must have reached their eighteenth birthday on the date of examination. The positions are open to both men and women.

For full information in regard to the scope and character of the examination and for application blanks address the U. S. Civil Service Commission, Washington, D. C., or the Secretary of the U. S. Civil Service Board of Examiners at New York.

Menorah Aids In Community Drive

RABBI JACOB COHEN WILL SPEAK AT 1 P. M. TODAY ON "YOUNG MAN IN JEWISH COMMUNITY."

Rabbi Jacob Cohen, active in the Jewish communal life of the city, will address the Menorah Society on "The Place of the Young Man in the Jewish Community" this Wednesday at 1 p. m., in Room 126.

This talk is preliminary to a drive by Menorah members, who have organized themselves into a flying squadron under the leadership of George M. Hyman, '20, captain for C. C. N. Y., to secure a large part of the hundred thousand members of the New York Kehillah (Jewish community). Membership in the Kehillah which co-ordinates all the activities of the Jewish community of New York, gives one the privilege of voting for delegates to the annual convention, upon the payment of one dollar, for which the member receives the Jewish Communal Register, in which is compiled vital information on all Jewish activities in the city (including census of Jewish students, the Menorah movement, Jewish fraternities, etc.) and the various bulletins on education, etc., published by the Kehillah from time to time.

The drive lasts from April 20 to May 1, and all those who wish to become members of the flying squadron may do so by seeing Hyman in the Menorah alcove.

Mr. I. Edwin Goldwasser, executive director of the Federation for the support of Jewish Philanthropic Societies in New York City, will address the Menorah members attending the lectures given in conjunction with the school for Jewish Communal Work, at the Central Jewish Institute, 125 East 85th Street, on "Opportunities in Recreation." Prof. E. M. Kaplan will speak April 28 on "Opportunities in the Field of Religion."

LIBRARY OBTAINS NEW BOOKS

The Campus prints below a list of new books recently obtained by the College Library:

- Stewart—Nietzsche and Ideals of Modern Germany.
- Dickinson—European Anarchy.
- Rogers—America's Case Against Germany.
- Toynbee—German Terror in Belgium.
- Archer — Gems (?) of German Thought.
- Chitwood—Immediate Causes of the Great War.
- Fife—German Empire Between Two Wars.
- Levine—The Russian Revolution.
- Ross—Nationality in Modern History.
- Blakeslee — Japan and Japanese-American Relations.
- Hornbeck — Contemporary Politics in the Far East.

Hornung '20 and Kates Win in Poster Contest

The artistic prestige which City College has attained has been increased by the double victory secured by our students in Poster Contests held last fall.

In the contest conducted by the Board of Health, Clarence Hornung, June, '20, upheld the fair name of the College by capturing first prize with the slogan, "Give the Baby Milk." The Board of Health authorities have thought it so appealing that they have printed and circulated copies through all the Milk Depots and Dairy Stores.

The Food Conservation Board have deemed Jerome S. Kates, '18, worthy of the lion's share in their open contest. "Eat More Fish" was the winning slogan. Both contests were productive of keen competition, vast field of men having entered.

Brophy Receives History Prize

The History Department, in conjunction with the Colonial Dames of the State of New York, held a meeting on Wednesday, in the lecture room of the Department to present the medal and money prize awarded by the historical society in essay competition to John M. Brophy, of the upper senior class. Announcement was also made that Jacob Landman was awarded honorable mention in the contest.

Professor Mead opened the meeting, turning the meeting over to Madame Fairfax, president of the Colonial Dames, who addressed the meeting, and then introduced Mrs. Childs, chairman of the committee in charge of the competition. The silver medal and the fifty dollar prize was then awarded to the winner.

Professor Schuyler, who took charge of the contest, then spoke of the enthusiasm showed by the students, and requested Dean Brownson, in the absence of President Mezes, to express the appreciation of the College for the establishment by the Colonial Dames of the annual essay competition.

The presentation of the prize was somewhat hastened by the fact that Brophy expected to be recalled on short notice to the Naval Reserve Training Station at Newport.

"Teddy" Gellert (Greenbaum) '17, one of the most popular men in College last year, recently embarked upon the sea of matrimony. Here's luck, Teddy!

Juniors and Seniors

desirous of turning their spare time to financial account will do well to communicate with L. D. Co., Room 912, 116 Nassau St., City.

Rastall's Classes Hear Sales Talk

R. S. BUTLER SPEAKS AT CITY COLLEGE CLUB TONIGHT—THE FIRST OF TALKS BY BUSINESS MEN.

Dr. Rastall's classes in Business Management (Political Science 9) will hear Mr. R. S. Butler, head of the Research Division of the United States Rubber Company, on "Sales Management," at an informal smoker at the City College Club, 41st Street and Madison Avenue, this evening.

This lecture is the first of a series of talks which the Business Management Classes will hear from prominent business men, experts in their respective fields. E. A. Dodd, director of the Retail Research Bureau; Paul H. Mystrom, sales expert of the International Magazine Company, and R. H. Taylor, the well-known efficiency expert in the steel industry, will speak during the term.

Last Friday the class took a trip of inspection through the plant of the American Lithograph Company, 19th Street and Fourth Avenue, where the lithographic process and plant layout were explained to them. The plant of the National Biscuit Company and the Grand Central Terminal have also been visited this term. These special lectures, field trips and plant management studies have made Dr. Rastall's courses very popular.

EVENTUALLY—WHY NOT NOW?

"Everything is bound to come out sooner or later—Mercury, Tuesday."

Testing the Woolens for Saks Clothes

W. S. S.
WE SHALL SUCCEED
IF YOU
Invest in War Savings Stamps
25c Starts You

These are days of much uncertainty in the color world, but there never was any uncertainty at Saks. Before ever a piece of cloth is considered fit for service in our selections it must remain exposed to all the elements of the weather for at least two weeks.

If after this test it shows any signs of disloyalty to its original colors it cannot enter our stocks under any conditions. And this is only one of a hundred ways we test everything that goes into Saks clothes for men.

Ask to see Style No. 244 at \$35
—a single-breasted suit with patch pockets, fitted at the waist, with more genuine value to every inch than can be said of any other ready-for-service suit at the price.

Saks Clothes are Saks Made
