

Varsity Succumbs To Union Attack

MINUS TICH THE TEAM BOWS TO THE GARNET 26-20

Our basketball team journeyed all the way up to the Schenectady last Saturday only to lose to the strong Union team by a score of 26 to 20.

Our boys felt the absence of "Tich" and his usual six or eight baskets but nevertheless they might have won had they not fouled so constantly.

Bolotovsky, who played in Tich's place was visibly nervous and early in the second half had to leave the game on account of four personal fouls. Later Pro also had to leave because of fouls, so that not only did we give Union a chance to score, but we also weakened our attack so much, that after our attack etoish much that after that we did very little scoring.

From the start of the game Union was never headed, although at one time in the second half, we were only two points behind.

After about five minutes of play in the first half Flegal was taken out and Schwartzman, a brother of last year's acting captain, was substituted. While he played a good game, he was unable to stop the fine shooting of the Union team.

"Schmidt" did our best work. He managed to locate the basket five times and was the most aggressive player on the team.

There are really no alibis to offer. Union has a very strong team. We have lost only one game so far this season, that which we captured here on Dec. 22.

The Garnet displayed the fine passing work which our team usually shows, while our boys, tired out by the all-day train trip, were unable to get started. Then in their over-anxiousness to win they were repeatedly caught fouling.

However, our boys feel sure that in a rubber game they could easily defeat the Garnet, so it is possible that we may see them down here once more before the season closes.

The lineup:
C. C. N. Y. (20) Position Union (26)
Projan L. F. Collins
Bolotovsky R. F. Brucker
Schmidt C. Jones
Flegal L. G. J. G. Brucker
Holman R. G. Yanits
Substitutions—C. C. N. Y.—Raskin for Bolotovsky, Sommers for Projan, Schwartzman for Flegal.

Field Goals—C. C. N. Y.—Schmidt 5; Projan, Bolotovsky. For Union, Jones 4, J. Brucker 3, Collins Yanits.

Goals from foul C. C. N. Y., Projan 5, Schmidt 1. Union, Collins 7, Yanits.

Referee—Mr. Aspenwall—Springfield.

Umpire—Mr. Tilden—Schenectady.

COLLEGE FOR WOMEN

After many years of effort women at last have succeeded in breaking down the sex barrier at the College. Women may now enter the summer and evening classes as fully matriculated students.

This innovation was brought about by the efforts of over 100 Brooklyn women who tried to register for the session. It has been a well known fact that over 500 women have been taking courses without the prospect of a degree.

This injustice has now been remedied and the women have shown great enthusiasm and eagerness to enroll. Over 1000 have registered and the serious congestion at Hunter has been effectively overcome.

PICTURES OF COLLEGE TAKEN FOR CHINESE UNIVERSITIES

Several students from Nan Yang and St. Johns Universities of Shang-hai, China, visited the College last week and took moving pictures of the buildings which are to be exhibited at the Chinese Universities.

Lock Question Finally Settled

DR. STOREY REVEALS INTERESTING FACTS

The lock question has been definitely decided and every student taking a course in Gym will have to provide himself with the standard lock. Consideration for those who cannot afford to lay out the money immediately has been made, but no one will be exempt. Dr. Storey revealed some extremely interesting facts in a recent interview.

The facts as related and sincere effort on the part of the authorities to assist the student overcome every opposition and answer all grievances.

The original lockers supplied the Hygiene Building were all equipped with combination locks. It was learned about twelve years ago that these original combination locks were opened very easily by individuals who wanted to get into the students lockers. It was found that one could discover the combination by looking through the interstices of the locker from behind and note the movements of the combination through the small opening in the back of the combination lock. In order to prevent this disclosure of combinations, the College purchased metal plates which were screwed on the back of each of the hundreds of combination padlocks then in use.

It very soon become evident that most of the students purchased padlocks and sealing continued and the number of students dissatisfied because of losses in the locker rooms each term embarrassed the authorities very much. The Department of Hygiene announced every term to every class the importance of securing safe padlocks but the results of this advice were never encouraging.

The Police Department, at our request, sent detectives out to help us solve this problem. This plan was tried several times but did not lead to any reduction in losses.

The advice which we received from the detectives was that our best protection would come through the use of a standard padlock. It was pointed out that there should be no duplications of padlocks placed in the locker rooms.

It was thought that the Student Co-operative Store would be above criticism whatsoever, from the student body if it were to handle any plan of this sort. Therefore, the situation was put before Professor Compton and through him found that the Co-operative Store was ready to serve the student body of the College in this matter.

The Co-operative Store selected a high quality and very reliable padlock which it purchased at a price lower than such a padlock could be purchased from manufacturers ordinarily and agreed to sell that padlock to the students of the College, which, by the way, is in the possession of the student body of the College and not a private enterprise, further agreed to purchase back at one dollar a piece any of these padlocks presented by the original student purchasers provided such padlocks were presented in good condition.

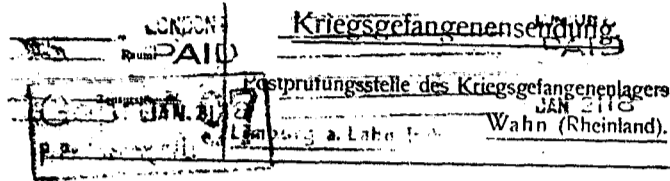

There is an additional advantage in the use of this standard padlock. The office has a machine for the locks which will save considerable expense to many. Before this innovation if a key was lost or left in the locker the lock had to be destroyed to enable a student to get at his belongings. Should keys be lost now with little trouble the Hygiene office will have a locker opened and thus students will save the expense of a new lock.

JEWISH WAR SUFFERERS FUND

The following amount has been collected by the students and faculty of the College of the City of New York.

From the Day Session.....	\$628.51
From the Evening Session.....	201.66
From Townsend Harris Hall.....	81.35
Total to date.....	\$911.50

C. C. N. Y. Student, Now German Prisoner Heard From For Time Since November 30

To be forwarded immediately to ENGLAND.

Emancipated Jew Defined by Kallen

DR. KALLEN OF THE UNIVERSITY OF WISCONSIN OPENS THE FIRST MENORAH BIG MEETING

The opening meeting of the Menorah Society was held last Thursday in the Doremus Lecture Hall. Dr. Horace M. Kallen, Professor of Philosophy at the University of Wisconsin, was the chief speaker. Professor Kallen was born in Silesia in 1887 and came to America in 1887. He studied at Harvard, Princeton, Oxford and Paris. He has been assistant and lecturer in Philosophy at Harvard, instructor in logic at Clark University and since 1911 on the faculty at the University of Wisconsin. At the request of the late William James he edited his unfinished book on "Some Problems of Modern Philosophy". Dr. Kallen is the author of a recently published book on William James and Henri Bergson. Dr. Kallen spoke on "The Status and Aims of Emancipated Jewry" to a large and interested audience.

Professor H. A. Overstreet also spoke. Mr. Henry Hurwitz, Chancellor of Intercollegiate Menorah, introduced the speakers.

The Menorah Society of the College is to be complimented on having opened its term activities with a man like Horace Meyer Kallen to address its members. Dr. Kallen came to C. C. N. Y. at the invitation of the Menorah Society.

A luncheon was tendered the speakers in the Webb Room after the meeting.

W. S. STAMPS ON SALE AT COLLEGE

War Saving and Thrift Stamps are now to be had in the College. They will be sold by Professor Compton and the Co-op. C. C. N. Y. men who are eager to save small sums of money and help the government at the same time, need no longer buy from outsiders.

Professor Compton is desirous of establishing a record for the College and he hopes that C. C. N. Y. will lead the Colleges of the country in the number of War Saving and Thrift Stamps sold.

A. A. TO ELECT

NEW OFFICERS

The Executive Board of the A. A. announced last week that in order to hasten the election of the new managers, they would meet today at one in the A. A. room. The nominations, which must be signed by ten paid members, must be handed to Secretary Davidow of the A. A. before twelve today.

The following officers are up for consideration by the board:

Baseball manager, open to all June '18 and Feb. '19 men; Assistant manager of swimming and basket-ball, open to all '20 men; and Property Manager, open to all '20 men.

Assistant managers, besides acting as assistant managers of the Varsity team will act in the capacity of managers of the respective Freshman teams.

S. C. ELECTION COMMITTEE APPOINTED

The committee which will manage the elections this term has been appointed by the Student Council. This committee consists of Schaffer '18, Goldberg, '19, and Kallen '19 classes of '19, '20 and '22 only. The Student Council election will take place this Friday. Men will be elected for a full year and elections will be held this term by the Feb. classes of '19, '20 and '22 only. Nomination blanks with 15 signatures accompanied by 15 cents must be handed to the men of the above committee as soon as possible.

The Student Council Freshman committee has also been appointed. These are R. Santangelo '18, F. Behrman '18 and J. Henschel '18. The Freshman Class is being organized and elections will take place soon.

FRESHIES HOLD MEETING

The first meeting of the new Freshman class—the class of 1922 — was held last Friday at 1 o'clock, in Room 126. "Irv" Rattner, chairman of the meeting tried to arouse some spirit into the youngsters by presenting to them prominent members of the College, who spoke to them on their duties to the College.

"Taffy" made a spirited appeal and succeeded in disposing of quite a few A. A. tickets. "Sid" Goodfriend enlarged our popular basketball team, and inculcated the new freshies with an enthusiasm to come out for it.

Outside of a small disturbance created by the '21 men who seemed to be more in evidence than the new-comers, the meeting ended without mishap.

Charles Geoghegan Mourned As Dead Now Safe in German Camp

FIRST AMERICAN PRISONER TO BE HEARD FROM SINCE WAR

City College has sent another of her sons to the fore on the firing line of democracy. Charles A. Geoghegan of the '18 class has the distinction of being the first American prisoner in a German prison camp to be heard from since the American forces have been engaged on the western front.

His parents have received a card from him stating that he is well and unharmed.

It was addressed to his mother. It is the first word heard as to his fate since the Germans raided the British line at Cambrai on November 30, taking 6,000 prisoners. Many American engineers, doing pioneer work in first line trenches, were trapped in the raid. They dropped their shovels and fought with whatever came to hand.

After the raiders were thrown back Gen. Pershing reported seventeen Americans "missing." Geoghegan was one of these. His family hoped for a while. Then as week after week went by, with no word of his fate, they began to despair.

Geoghegan (twenty-two years old, was a private in Co. B, 11th Engineers (Railway). He enlisted last May with the first of the City College patriots bound for "over there." At that time he was taking the course in military instruction given at the College and was a private in Co. B, of the C. C. N. Y. Battalion. His elder brother, Harry, was then serving in France with the Canadian forces.

A member of the Newman Club, and active in athletics, Geoghegan was well known on the Campus. He specialized in engineering and his training received at the College stood him in good stead when he entered that branch of the service.

MANY FACULTY PROMOTED

Important and numerous changes have occurred in the Faculty which have taken effect February 1.

Prof. Frederick Diehman of the Art department has retired on a pension. Prof. H. B. Wootton has been appointed to the chairmanship of the board of the Political Science department succeeding Prof. Walter E. Clark, who recently left to become president of the University of Nevada. Dr. Thomas Moore has been appointed associate professor of History and Ventura Fuentes to associate professor of Spanish.

The following men have been made assistant professors:

Donald Whiteside (English); Joseph Mosher (Public Speaking); B. W. Sair (English); C. N. Brown (Greek); E. B. Lease (Latin); George M. Brett (Political Science); J. Redding Kelly (Art) and C. Corcoran (Physics).

The following men have been promoted to instructors:

Waldo Truesdale (Physics); Joseph Wickan (English); Robert Ailes (English); William Keleher (English).

Robert Dressler has been appointed tutor in the Mechanics Arts Department.

Victor Francois, associate professor of Romance Languages has been granted a three months leave of absence.

Dr. Arthur Bruckner has been appointed assistant professor of Mechanical Engineering, and Dr. Alfred Coltsmith, radio engineer and director of the wireless station at the College, has been made an assistant professor of electrical engineering.

THE CAMPUS
A Weekly Journal of News and Comment

VOL. 22 FEBRUARY 13, 1918 No. 1

Published weekly, on Wednesday, during the College year, from the third week in September until the fourth week in May, excepting the fourth week in December, the second, third and fourth week in January, the first week in February, and the third week in April, by THE CAMPUS ASSOCIATION, Incorporated, at the College of the City of New York, 139th Street and St. Nicholas Terrace.

Entered as second class matter March 14, 1916, at the post office at New York, N. Y., under the Act of March 3, 1879.

College Office, Room 410, Main Building

The accumulation of a fund from the profits... which fund shall be used to aid, foster, maintain, promote, realize or encourage any aim which shall go towards the betterment of College and student activities.

Articles of Incorporation of The Campus Association

Three cents the copy.

The subscription rate is one dollar a year by mail. Advertising rates may be had on application. Forms close Friday of the week preceding publication.

EDITOR: Albert G. Stahl, Jr. ASSISTANT EDITOR: George M. Hyman BUSINESS MANAGER: Ferdinand Feites NEWS EDITOR: William J. Norton, Jr. REPORTERS: Fabian Schweitzer, Edward Garlock, Bernard R. Press, Aaron Edelman, Arthur D. Ittice

The first half of the class of 1922 has arrived. In the name of Alma Mater we want to welcome you most cordially.

Freshmen, this is your College! The more you do for it, the greater the benefit you will derive from your four years. Do not limit your College work to just your Latin and Greek or Mathematics and Physics.

Much interest was aroused on registration day over the new course in Military Science. The plan of going to press, but some Science of the course was not absolutely decided by the time interesting facts were ascertained.

The need for this course has been a long felt want in the College. It is to be a broad-minded presentation on the issues of the War. These have been so long confused that the authorities have felt that a clear presentation of them is necessary.

War-Saving Stamps are the answer to a great democracy to the demand for a democratic form of government security. They are War-Savings "baby bonds."

War-Savings "baby bonds." Like Liberty Bonds, they have behind them the entire resources of the Government and people of the United States. They have the additional advantage that they steadily increase in value from the date of purchase until the date of maturity, and this increase is guaranteed by the Government.

Your country needs every penny which every man, woman, and child can save and lend in order to feed, clothe, arm, and equip the soldiers

and sailors of America and to win this righteous war in defense of American honor and the cause of democracy throughout the world.

If we are to win the war, we must win it as a united people. The savings of everyone of us are necessary if we are to hasten the victorious ending of the war. War savers are Life Savers.

A country worth fighting for is a country worth saving for.

To save money is to save life. Buy War-Savings Stamps at the Co-op and strike a blow for your Country.

Next Monday the "Lavender Book" will be placed on sale all over the building. This little hand book satisfies a need that has long been felt in C. C. N. Y. It gives a concise, but complete record of Campus activities and College history with all the Varsity Songs and Cheers; things that every student should know.

OFFICIAL NOTICE

The College of the City of New York, being a public institution maintained by the Municipality, is not included under the closing order of the U. S. Fuel Administration. The College, however, wishes to be included in spirit, and do its part for the cause of fuel saving.

REGISTRATION FIGURES SHOW EFFECT OF WAR

The registration figures for this term are interesting in many ways. The total registration is 1,940, while on the same date last year 2,007 students were enrolled.

The figures for the Freshmen registration, however, are normal. The number this term is 338 as compared with 397 for a year ago.

Gargyle Gargles

THE GARGLES SINGS HIS SWAN SONG

The sweeping hand of grim old Time Has cleared away the boards one more. And here in realms of jest and rhyme Behold!

"The Gargler's Last Encore." The Gargler's stuck That queer old duck. And now he calls me in, I'm told to write Just something light To help him quell the din.

I've got say In this short lay "Good-bye," for I am through, Let's hope this bunk, (It's not so punk), Won't make you feel so blue:

And that is all—Oh, yes, I'm most forget, That all this rot, Was done by B. E. S.

Indeed he was a good old sport, I'd lay a bet he still may be. An' tho' of jest his rhymes fell short— He always lost his toss to me!

LET US SUGGEST TO THOSE WHO RUN OUR LITTLE LUNCHROOM

to keep up with the tide of events and show themselves as progressive as T. P. S. (and by the way, that boy would make some colymbist) and decorate the walls of said lunch-room with something as follows:

ABOUT NECKS Hundreds of Our Patrons Have asked Us to Request You That Care Be Taken Notate Sit, On Coffee or Tea Down Your Neighbor's Neck Quite So Often. These Drinks Are Sometimes Warm!

Doctors Agree That Drinking Water Is a Habit to Be Encouraged. We Recommend Our Milk. Thank You!

(With apologies to Wordsworth's Tintern Abbey). The term has passed; four months and with the length Of two exam weeks, and again I hear The chirp of students in the alcoves' depths. And busy him of lessons hastily Prepared, by those who do prepare at all. The day is come when I again repose 'Neath shadow of the walls in lecture rooms And sleep until the tinkle of the bell Awakes my soul to heed the prof's last word.

College Proud of Work It Has Done During First year of World War

All Resources Devoted To Aiding Fight For Democracy

GENERALS ALUMNI

Engineering Courses Added Enrollment Average High

What the College of the City of New York, now classed as the greatest municipal university in the world, has done as its bit during the first year of America's fight for democracy is something of which all those who are connected with the College are very proud.

A report of what has been done in this respect compiled by the Press Bureau, shows that at the high water mark of its enrollment the College has directed all its intellectual and scientific facilities and its exceptional equipment to the needs of the nation in its crisis.

No one can help but noticing the lack of the knowledge of sacred literature which prevails among us. If we remain healthy after our first attempt, Bible stories paraphrased and stories about Bible heroes will be given here regularly. We start with

ABRAM. (Abraham's maiden name). Oh Abram was a good old man the first of all the Jews,

And Terach was his father—and one day he head some news Which almost made him throw a fit—but he threw his son instead. For Abram to convert his dad chopped off each idol's head.

Now Terach's idols business were, a two-in-one affair, Like some he fattened purses by ability for prayer; When Abram's irreligion put the business on the bum Daddy swore by all his gods, to the king he'd have to come.

The King he was a good old sport and thought himself so wise, That he could argue with a kid of the Abies size. But Able was a clever boy and beat him at his game And made the kingly arguments quite awfully lame.

The good old customs still prevailed on registration day we noticed, and Freshmen were sent to the cellar and to the towers in quest of registration rooms.

Oh Poet to Sweet Hunterite, "When I was so overcome by nature's grandeur, I stood in front of a yawning abyss one day and read an original poem."

S. H. to C. P.

"Was that why it was yawning?"

It is no more than proper that as newly appointed colymbist we outline or line out (p. p.) our policy for the future—Oh yes we have a future! This fact was firmly established by the forced vacation we had. Most especially, were misunderstood and given forced vacations of the sort another "Witness—Shelly, Byron, Oscar Wilde, Dostoyevsky (ouch!)" etc., etc. Digression pardoned, we continue, and for the sake of convenience in verse (?)

So now ye studee both fat and lean, And ye who average "in-between", For lowly Frosh to proud 'eighteen, For ev'ry readers fairest "queen", I'll jingle and make jest to see you smile.

And when you've read this colyum gay, And smiled and laughed the proper way, In some safe spot this sheet then lay And on a gloomy rainy day, You'll pass the hours a-laughing—at my style.

And now I make my little bow, Applaud then as you best know how, For if you don't the Ed. will frown And when he frowns the ax comes down And wrinkled brow will then my face deile.

FABIAN.

Campus Reviews

Mr. Hatch Deplores Luxury of Theatre

This is the first of a series of reviews of current articles and new books written by the members of the Faculty. THE CAMPUS will be glad to print notices of work of this nature as well as of special lectures, addresses, etc., and requests that the Editor be notified in ample time by a note left in THE CAMPUS box in the Dean's office.

That the theater is a necessity, rather than a luxury is the contention of Mr. Robert H. Hatch of the Public Speaking Department in a very comprehensive and prolific article which appears in the February number of the Theatre magazine. Mr. Hatch, tho in no direct way connected with the theatre has in almost encyclopaedic knowledge of the American stage and is in a position to speak with authority on this subject.

One of the important elements in our education, the theatre is something we cannot afford to neglect. That in the present time of nerve-racking stress, the theatre is a necessity to the world is shown by the fact that in spite of the war the theatres in London are all open and the wounded come back from the trenches eager to restore their spirits at the play.

Deploing the sordid commercialism on the part of the managers, Mr. Hatch maintains that the lavish extravagance in stage effects are entirely superfluous and belong to the circus rather than the legitimate stage; and the epidemics of "creek" plays and the sacrifice of truly cultural pieces to those centering around risque situations are doing much to lower the standard of the theatre. The "star" system, too, has brought about some regrettable results, skillful advertising and electric signs doing much to pervert the judgment of the public. G. M. H.

DR. EDWARDS PUBLISHES NEW BOOK

Dr. George W. Edwards has been appointed Federal Director of Reserve Labor, by the U. S. Dept. of Labor and is now on a six months leave of absence. His territory comprises the states of New York, New Jersey and Connecticut.

Dr. Edwards' new book, "New York as an 18th Century Municipality," published by Longman's Green, has received much editorial comment in all the leading metropolitan dailies. The Evening Post devoting as much as a column and half of criticism on it.

COFFIN APPOINTED TO GOV'T AIRPLANE WORKS

Joseph G. Coffin, Ph. G., Associate Professor of Physics was granted a leave of absence from February 1, 1918, immediately after his appointment to a government position in one of the aeroplane construction works. The nature of his work and the exact location of the place where he is to perform has not been made known.

Professor Coffin is well known among physicists for his ability to express his scientific conceptions. Many men of science who have thought of useful business propositions have not been able to attract attention to their projects because of their inability to express themselves. Because of Professor Coffin's efficiency in this respect he has been enrolled by the government among its active thinkers.

Mr. B. A. Wooten formerly Tindell Fellow at Columbia University, has been elected to the department to complete Prof Coffin's work at the College. He was graduated from the Alabama Polytechnic Institute where he received two degrees, B. S. and E. E. He also spent some time there as Assistant Professor of Physic. At Columbia he was engaged in research work in the X-Ray field.

SPANISH CLUB MEETS

The first meeting of "El Circulo Cervantes," will be held Feb. 14, or Thursday, at 1, in Room 201.

President Pasternak wishes to begin the term with a flying start. All who have had one year of Spanish are cordially invited to become members. Speeches, songs, and games are features of every meeting.

CAMPUS DOPE ON COLLEGE SPORTS

Another Basketball Victory for Varsity

AMHERST LOSES WITH SCORE 42-8—PRO DOES FINE FLOOR WORK

Our basketball "tank" mowed its way to victory over Amherst by a score of 42 to 8. The boys weren't the least bit extended and could no doubt have run up a much larger score if they had been forced to work harder. As usual, "Tich" did most of the scoring while "Pro" contributed quite a few goals along with his usual display of fine floorwork.

From the start it was evident that we clearly outclassed the Amherst boys. As a starter, Tich dropped one in from the middle of the court, following it up with a goal from under the basket. Pro then dropped in a foul and quickly followed it with a neat field goal. After this Amherst scored her only field goal of the half. "Schmidty" shortly after dropped one in for us and then everyone took a hand in the scoring. The first half closed with the score at the lopsided mark of 26 to 3.

After ten minutes of the play, in the second half, Joe took all the regulars except Tich out and sent in the second string men, who took care of the game in good style. The fact that the Amherst team had only five shirts and were compelled to take time out at each substitution in order to change their shirts, caused the spectators much amusement.

The lineup:
 C. C. N. Y. (42) Position Amherst (8)
 Projan R. F. Kennedy
 Tichinsky L. F. Davidson
 Schmidt C. Maynard
 Holman R. G. Uchida
 Fillegal L. G. Van Dyke
 Substitutions—La Brun for Uchida, Rislee for La Brun, Feinberg for Projan, Sommers for Schmidt, Lebotky for Holman, Raskin for Fillegal.

Goals from field: C. C. N. Y., Tichinsky 8; Projan 5; Schmidt 3; Holman 3; Sommers, Amherst, Kennedy 2; Maynard. Referee, Tom Thorpe; Col. Umpire, Ed Thorpe, Se La Salle. Time of half 20 minutes.

100 Yard Swim—Won by Mayer, Yale; second, tie between Baehr and Hodas, C. C. N. Y. Time 60 seconds.
 200 Yard Relay—Won by Yale (Archbald, Hincks, Hopkins, Mayer) second C. C. N. Y. (Lehrman, Hodas, Corcoran, Schenberg). Time 1.52.
 Our water polo team then proceeded to lose. The line up was as follows:

C. C. N. Y. (8)	Position	Yale (40)
Baehr	Center	Vorys
Anerback	Forward	Hollowell
Jacobstadt	Forward	Peterson
Grasheim	Back	Hoffman
Parker	Back	Reinhardt
Snda	Goal	Howard

Substitutions—C. C. N. Y., Lehrman for Baehr, Hodas for Jacobstadt, Touch Goals—Yale, Peterson 7, Hollowell 1; C. C. N. Y., Amerbach 1. Foul Goals, C. C. N. Y., Grasheim 3. Score at end of First Half—Yale 20, C. C. N. Y., 1.

CHESS CLUB ATTAINS SECOND POSITION

The Chess club of the College has done some fine work this year. Besides taking second place in the Triangular tournament, they are now tied for third with Columbia in the Metropolitan League.

That the team did not take first place in the Triangular meet was a surprise to many, and still remains a mystery. The team has done remarkably well in the Metropolitan League, considering the fact that the best teams in the city are numbered among its members.

'21 TO ELECT OFFICERS

The '21 classes met in their alcoves Monday for the purpose of nominations for class officers. In the upper class, Jonas and Frank are running for president. Both have been very active in Freshman activities and a close fight is predicted. Tobin, who sponsored the successful Freshman handball tournament last term is running against Heller for the position of Athletic manager.

In the lower class, Feigin's nomination was the only one handed in to the nominations committee. Feigin was an unsuccessful candidate for the lower fresh presidency last term, being defeated by Rube Dicker.

Sporting Comment

When the Dean announced his closing order, we all thought that basketball had been dealt a knock out punch which would make it pretty groggy. But then to assure a complete knock out along came "Tich" with the announcement that he was to leave College.

However things have brightened up a good deal, and in fact begin to look rosy.

Acting manager Goodfriend has had to cancel the Penn game but nevertheless he has secured Colgate for the fifteenth and Rochester will be here the twenty-first.

So far as we can find out "Joe" Deering is not so very worried about the loss of Tich as we might think.

At the time of this writing it looks like a contest between Bolow and Roskin. Both of them would fill the job nicely. Krinsky is out of the game on account of a broken leg, while Warner who has returned to College needs heaps of practice.

By the way, gentlemen, meet Mr. Projan, the formerly well-known Projansky. Pro couldn't resist any longer.

SOCCER TEAM TO BEGIN IN SPRING

As soon as weather permits, our all-star Soccer team will begin Spring practice and get a general idea of the men who are to constitute next year's Soccer team.

When the next season begins the team will be minus the services of Capt. Lehrman, Friedlander, McGrath and Coyne. But to offset the losses of the former-mentioned stars, the team will be greatly aided by the services of Bonaparte and Schoen, who have already made their mark on the Freshman Team the past fall.

The great success of the Soccer team the past season was due greatly to the untiring efforts of Coach Nat Holman, Manager Rosenzweig and Captain Lehrman.

Under the field direction of Roberts, who has been elected next year's captain, there is a very fine outlook for the coming year.

LOSE TO WEST POINT PLEBES BY SCORE OF 33-25

The freshman five suffered its first defeat of the season when it journeyed up to West Point and succumbed to the attack of the Army Plebes. Our subs led at the end of the first half by a score of 12 to 9. In the second half they started off allright, but after Schwartzman was ruled out for fouling, their teamwork fell to shreds and the Plebes forged ahead. Besides Bolow was not up to his usual form in foul shooting and missed many free throws. Consequently when the final whistle blew the score stood 33 to 25 in favor of the army boys.

The lineup—
 C. C. N. Y. (25) Position Army (33)
 Bolotovskiy R. F. McCarty
 Krinsky L. F. Cranston
 Murray C. Heineke
 Schwartzman R. G. Barriek
 Freizer L. G. Wolff

GOALS FROM FIELD—Army established 6; McCarthy 5; Heineke, 3; C. C. N. Y., Krinsky, 3; Freizer 3; Bolotovskiy 2.

SUBSTITUTIONS—Army, Sheehy for Heineke, Heineke for Wolff, Vandergraff for Heineke; C. C. N. Y., Feigan for Schwartzman, Lamm for Feigan.

Referee, Mr. Yates; Umpire, Tom Thorpe; time of half, 20 minutes.

PHRENOCOSMIA ELECTS NEW OFFICERS

The members of Phrenocosmia unanimously elected Jack Divinsky president. The other officers elected were Ben N. Pollok, '19, Vice-President; R. Pelunis '18, Secretary; Theodore Baumeister '18, Treasurer; Victor E. Reichert '19, Editor.

President Divinsky expressed his determination to make his administration, together with the whole-hearted support of the members, a banner one in the annals of Phrenocosmia. He is going to get to work early so that the next meeting shall take place February 8, 1918, in room 209, at 8:30 P. M. Red blooded Juniors and Seniors are cordially solicited to join.

Varsity After Hard Tussle Succumbs To Yale

SCORE 42-11

Last Friday night our swimmers journeyed up to New Haven only to meet defeat by the score of 42 to 11. The Blue merman were led in their scoring by Capt Mayer, who won the 69, the 100 and also swam in the relay. In the 50, Fritz Baehr pushed him so hard that he did the remarkable time of 25 2/5 seconds. "Fritz" himself did the fine time of 26.5.

In the 220, Alexander of Yale, in trying to save himself from a false start, dislocated his shoulder by striking it on the diving board. In the 100, Hodas and our Captata touched the end of the tank together for the only second which we gathered in the swims.

In the plunge, Thuor, influenced by the Hawaiian music, floated in a small circle, but nevertheless managed to gather in second place.

Davidson, Junior Metropolitan champion, and Benjamin, a former Yale star, gone on an exhibition driving contest.

Owing to the absence of two regulars, our water polo team went down to defeat 40 to 0. Capt. Peterson, of Yale, scored 35 of the Blue's 40 points.

Grasheim and Amerback starred for our U boats. "Goldfish" Lehrman showed good form in the polo game and ought to prove a valuable addition to the team.

The Summary:
 60 Yard Swim—Won by Mayer, Yale, second; Baehr, C. C. N. Y. third. Time 25 2/5 seconds.

Fancy Dive—Won by Benjamin, Yale 96.7 points; McHenry, Yale 79.5 points, second; Jacobstadt, C. C. N. Y. 54.7 points third.

220 Yard Swim—Won by Hincks, Yale; Wagner, Yale, second; Lehrman, C. C. N. Y. third. Time 2.43.

Plunge for Distance—Won by Loeb, Yale, 66 feet; Thuor, C. C. N. Y., 54 feet, second; Pennys, C. C. N. Y. third 51 feet.

Offer
 Remarkable
 values to-day
 in a Sale of
 Men's Soft
 Hats and
 Derbies at
 \$1.95

The cost of everything employed in the making of men's hats increased so much of late that the lowest wholesale price to-day of a good hat is two dollars, which fact emphasizes the importance of this special sale at \$1.95. Included are

500 Derbies in Tan and Black

considered "seconds" by the manufacturer because they are a trifle light in weight. All new styles.

1,500 Smart Soft Hats

in the most desired shapes and colors, including many with that rough hairy finish so much in demand, Angora Velours, and a good selection in regular finish.

Broadway Saks & Company at 34th St.

College Proud of Work in War

(Continued from Page 2)
day college now contain 170 stars, in the city to introduce military training.

In civil affairs related to the conduct of the war, the evening session of the college, under the supervision of Director Frederick B. Robinson, gave special attention to courses which would make both male and female students immediately available for national service in technical branches. Following the practical aspect of installing a complete engineering curriculum in the regular college leading to the degree of Bachelor of Science in civil, mechanical, electrical, or chemical engineering, the evening session has inaugurated graded accountancy courses, military surveying, topography and mapmaking, automobile mechanics, telegraphy and telephony. Throughout the year the employment bureau of the college, which has been running at an increased rate as a result of war activity, has supplied men to industries and business, substantiating losses by the war draft.

Even before Secretary of War Baker defined his attitude on continuing athletics on a normal scale during the war, City College determined last year not to drop athletics, and the result since that time have amply justified Dr. Thomas A. Storoy's course.

To into the average in enlistments from the student body, although it appears small, is nevertheless large when it is considered that the average age of the undergraduates is far below 21 years. Few come from families of financial independence. Not only are many self-supporting but they care for others, either partially or wholly dependent upon them for support. Besides the regular enlistment last Summer, over 200 men volunteered as soldiers of the soil and spent their vacation aiding the farmers to produce food. On Feb. 15, after a student assembly had voted for military training and had pledged its loyalty to the government a course of military work was introduced. Three companies of the Home Defense League, including both faculty and students, were also organized. Two hundred evening session men also drilled.

Mobilization of the physical and intellectual resources of the alumni, Faculty, and students was accomplished under the direction of Professor Paul Saurel. Information concerning the range of usefulness of over 5,000 men was gathered and classified under sixty-five different headings and professions. An example of the war work of members of the Faculty and alumni is offered by the fact that Professor Charles Baskerville head of the Department of Chemistry the strongest department in the college, is Chairman of the National Research Council's committee to promote and keep abreast of all scientific research work. All the professional departments of the institution are represented on the nation's scientific commissions and all are doing Government work.

The College has constantly supplied men for work incensus taking registration, and other aspects of military usefulness.

The declaration of war, caused a Summer session long in prospect, to be put into operation. Subjects with a war bearing were emphasized.

As a part of the work of the Division of Vacation Subjects and Civic Administration French was taught last term to the National Guardsmen of the city by volunteers from the City College Faculty and the Alliance Francaise, of which Professor Charles A. Downer, head of the Department of Romance languages at the college, is President.

(Continued in our next Issue)

DR. DU BOIS SPEAKS TODAY AT S. P. C.

Dr. W. B. DuBois will address the Social Problems Club to-day. Dr. Du Bois' editor of "The Crisis", president of the "Society for the Advancement of Colored People" is a leading authority on Race Problems. The subject of his address will be "The Problem of Problems". The entire student body is cordially invited to attend this elcture.

The recent elections in the Social Problems Club has given the following results:

- President _____ H. Bielvess
- Vice-President _____ P. Wall
- Sec'y _____ W. Weinstein
- Pub. M'gr. _____ D. Tamor
- Librarian _____ D. Jakira
- Ex. Comm _____ E. Cohen
- _____ E. Traenor

1919 Prom Splendid Affair

JUNIORS HOLD ANNUAL EVENT AT HOTEL NETHERLAND—FACULTY FROLIC

Enthusiasm and Good Cheer Rampant

Almost thirty couples were present at the Junior Promenade of the class of 1919 held at Hotel Netherland on January twenty-sixth. Professors Brownson, Turner, and Otis, and their wives were the guests of honor.

The annual Junior event, the most important social function of the College year, was a distinct social success, though financially the juniors did not fare so well. The atmosphere which gave the function the aspect of a house party came in form of commendation by the faculty.

The boys had their 'best' there, and were tagged out, of course, in formal regiment.

The music came in for a great deal of applause, and was given repeated encores. Mac Engler, 1920, supplied a quintet of Jazz experts.

At times, the syncopating, palpitating rag sent the dancers whirling about at a mad clip.

The promenade was led by Charles Dieckelsen, president of the Feb. 19 class, under the direction of Rudy Pelanis and Julius Cohen, 1918. President Abraham Kalden of the June class was kept away by an accident and sent a telegram of regrets.

The dean requested some colleg-

songs, but the committee found great difficulty in dislodging the boys from their comfortable positions in the rest rooms. The rest rooms were popular a" evening.

Refreshments were served all evening, though some present expressed the opinion that the punch had a little too much punch in it. There was galore of everything.

The Faculty was in exuberant spirits all evening, and felt very enthusiastic about the affair, mingling freely with the boys and their partners. Professor Otis was popular with the young ladies and danced frequently, while Professor Turner demonstrated the psychology of the Terpsichorean Art.

The crowd broke up reluctantly at two A. M. going the limit of their privilege. The law prescribed that a shutdown take place at one, but the committee managed to get in the additional hour, and at last the dreamy stard of the Missouri Waltz sent the

dancers floating out upon the rhythmic tide in the grand finale.

Hurbert Chairman of Room Comm

Mr. Hubert of the Mathematics Department has been appointed by acting Dean Saurel, chairman of the Committee on Room Assignments to succeed Mr. Curoe, who is now a member of the faculty of Hunter College.

Professor Thompson of the History Department is chairman of the Committee on Outside Speakers. All societies meeting in the College should submit the names of speakers other than those connected with the College to Professor Thompson for approval and see Mr. Hubert as to the date. George M. Hyman '20 is chairman of the Student Council Committee on Assemblies.

The Character of the German Government and the German People

It is not easy to speak without passion on a subject so fraught with present horror and future menace as is the "Puror Germanicus" now desolating the world...

Our nation's President struck the keynote of such an understanding when he asked us to discriminate between the German government and the German people...

With these points in view, it is manifest that there really are two distinct portions of the German nation, ruling aristocracy, and an almost voiceless people...

In the second place, the German government has really made excellent laws for the advantage of its working classes, old age pensions and the like...

With this distinction clear, we can return to our first question. What is the present mental attitude of the German Government and the German people?

their military scientists a General Bernhardt who urged them to world-war. Ye we knew that there were also extremists writing in our own language...

Even when the war began, we were loath to surrender our ancient liking for the thrifty, orderly, laborious, kind-hearted, though not over-brilliant German nation...

Such an attitude continued to be fair, though perhaps not over-keen, during the first few months of the great conflict. But the man who will hold it after three years of revelation piled on revelation as to the new German attitude...

Is that the only reason why the German people are at war? Not at all, that is only the more honorable side of it. A far grimmer truth underlies this cheated loyalty...

Remember that through civil war or foreign invasion, the German people were constantly trampled under foot, through all the Middle Ages and until a century ago, by Franks, by Norsemen, by the Spaniards under Charles the Fifth, the Swedes under Gustavus Adolphus, the French under Louis XIV and Napoleon...

This is not put on! It's fact! Not a style in shoes that the average college man wants that he can't supply...

BIG ALUMNI REUNION

Instead of our usual Alumni dinner this Spring, the committee in charge has decided to have a simpler affair, so as to avoid the idea of banqueting in war times. Thus we will have a "reunion" instead. A meal will be served but one of very simple character, and more opportunity will thus be given for friendly chat. There will be speakers however, and some distinguished guests, so the time will be set as usual at about 7 P. M. The place will probably be the Ansonia, the price \$1.50. The date set is April 6th.

One more important item! The committee is making every effort not only to have you there, dear brother alumnus, you who always show your loyalty by attending; but also to have you bring with you that other partly estranged brother who does not usually attend. We want to find those quiet, hard-working chaps and give them a taste of lighter living. We want to find the solitary chaps and show them the wealth of our communal spirit; the dull chaps and inspire them; the pessimistic ones and optimize them. Even the hard chap can join us at a dollar and a half. So won't you hunt up some one of these unfortunates, or two or three of them, and push, drive, drag, coax until you get them there with you on April 6th.

Newman Club in Wartime Dance

SERVICE FLAG BEARS SILENT TESTIMONY TO MEN AT THE FRONT

About a hundred and twenty-five couples were present at the Newman Club Dance last Monday evening in the gymnasium.

The faculty were represented by Dr. Coleman, honorary president of the club, Dr. Elias, Dr. Otis and Mr. Fitzpatrick. All four of the gentlemen danced almost all the dances.

The affair was a sort of a big reunion of Newman Club members past, present and future. The service flag of the Club, with its 35 stars, hung at one end of the hall, a silent reminder of what the Club had done for its country and why thirty-five members were missing from the dance.

Among those present was full-fledged regulation sized cane accompanied by Mr. John M. Brophy.

NEW BOOKS ADDED TO LIBRARY

As was the custom during the past term, the CAMPUS will print each week a list of the new books of particular interest to the students which have been recently added to the College library.

Professor Newton, of the Latin Department, has charge of the library and supervises the purchasing of all new books. Freshman particularly are urged to avail themselves of the facilities afforded by the library.

The following is the first list for this term:

- Cahan: The Rise of David Levin-sky.
- Upton Sinclair: King Coal—a powerful novel of American labor.
- Maxim Gorkey: My Childhood, in the World.
- These are the first two books of an autobiography by this popular Russian author.
- The Works of Oscar Wilde.
- A few of Turgutjev's novels.
- Havolock Ellis: Essays in War Time.
- Jastrow: The War and The Bagdad railway.
- S. S. McClure: Obstacles to Peace.
- Hammer: William II, a biography of the Kaiser.
- Conan Doyle: A History of the Great War, 1914-15, in two volumes.
- Westergaard: The Danish West Indies, a history of the islands recently purchased by the U. S.
- Gilbert Murray: Faith, War and Policy.

CERCLE JUSSERAND TO MEET TUESDAY

Le Cercle Jusserand will hold its first meeting this term on Friday, February 15, at 1 P. M. in room 209. Elections of officers will be held, and the first theatre party will be arranged.

All members and students interested are urged to be present at this meeting. Freshmen active in the French clubs of their respective high schools are especially invited to come.

New Courses in Languages Offered

A course in "the languages of our allies" will be offered by the College of the City of New York next semester in the department of vocational subjects at the main building, the Commerce building and the Brooklyn branch.

This work has been instituted to meet the demand for instruction in the modern languages which would be practical and useful, not theoretical and literary. Its purpose is to meet the demands of foreign trade after the war primarily, but it is of value also to those who will be in military service abroad.

The languages to be taken up are French, Russian, Italian and Spanish. They will be taught by the direct method. French will be given in co-operation with the "Alliance Française de New York." The language will be taken up from the elements in the early courses and will extend to the literature in the advanced. A course in commercial French will be given in the Commerce building, which will be intensive. This requires a knowledge of the elements. Russian will be taught at the main building and the Commerce building and Spanish at all the branches.

Our College was the first institution to have organized instruction for soldiers in French. Prof. Charles A. Downer has written a French-English manual for the National Security League and with the sanction of the War Department.
