## "Artie" Taft Elected Student Council Pres.

### DUTIES OF STUDENT COUNCIL- LORS OUTLINED

The opening session of the Student Council this term was called to order last Friday by Arthur Taft, '20, the ranking member now in College of last term's Council.

After the roll call was taken, the Council proceeded to the election of officers. No sooner had nominations for president been opened, than the members practically in unison moved to nominate the acting president. "Artie" Taft was unanimously elected.

A call for nominations for Vice-President brought forth three names. They were Sidney J. Bloom, Aaron Furman and Robert Sugarman, all of the class of 1920. Bloom was elected.

"Chick" Fligin carried off the secretary's position by unanimous vote. Prof. Charles F. Downer was again elected faculty treasurer.

The question of electing two new members to the Discipline Committee to fill the students' quota of four came up, but it was decided to postpone the matter.

Meanwhile the remaining members, Sid Goodfriend and "Bob" Sugarman are doing the best they can in handling the many cases still awaiting action.

A short talk by President Taft on the duties of student councillors concluded the meeting.

The following is a complete list of the regular and ex-officio members constituting the Student Council for this term:

- |              |                                    |
|--------------|------------------------------------|
| February '20 | Bloom, Sugarman.                   |
|              | Rosenzweig, President.             |
| June '20     | Furman, Taft.                      |
|              | Cottin, President.                 |
| February '21 | Hy Cohen, Lehrman.                 |
|              | Krinsky, President.                |
| June '21     | Bruch, Feigin.                     |
|              | Nasanon, President.                |
| February '22 | Inselbuch.                         |
|              | Krause, President.                 |
| June '22     | Zorn.                              |
|              | Wittner, President.                |
| February '23 | Valensi.                           |
|              | Malkin, President.                 |
| June '23     | Tannebaum.                         |
|              | Perlstein, President.              |
|              | Rosenblum, President, A. A.        |
|              | Kertes, Editor "The Campus".       |
|              | Burston, Editor "College Mercury". |
|              | Faragoh, Editor, 1920 "Mike."      |

### SPECIAL MEETING OF STUDENT COUNCIL TODAY

President Taft has called a special meeting of the Student Council to take place to-day at one o'clock sharp in Room 220. Two men are to be elected to the Discipline Committee.

## 100% Membership Expected for "U"

### SUB-COMMITTEES TO ROUND-UP BACKWARD MEN

Although the "U" has long ago surpassed last term's records, the drive for membership is still going on with as much vim and vigor as ever before.

To date, almost 1400 have signed up, half of these having already paid in full. Given time enough, practically all the students will eventually join. To save time and also to enable the fellows to get the most of their membership, the Executive Committee has made the following plans.

Each student councillor and class president have been constituted a committee of one to sell "U" tickets among their classmates. This will permit students to obtain "U" cards at all times during the day.

During the lunch hours, however, fellows are advised to apply at the "U" table in the concourse.

Committees are also being appointed to visit the various societies to see that members or applicants belong to the "U". A by-law of the "Union" constitution prevents a non-union member from participating in any extra-circular activities.

With the main drive going on in the concourse, and with the activities of the various committee, the Executive Committee, is confident that every student will sooner or later be sporting the well-known "U" button.

## Menorah to Launch Big Drive

### PLANS FOR BIG SMOKER ARE DECIDED UPON

At a meeting of the Menorah Executive Council, held Saturday evening, September 28, 1919, at the Central Jewish Institute, 125 East 85th Street, it was officially decided that the Menorah would launch its big drive for membership on Monday, October 20, 1919.

The drive will last one full week and will wind up with the Menorah smoker Sunday evening, October 26, at the Central Jewish Institute.

In accordance with the time-honored custom, the Menorah members in the Freshman class will be the guests of the society at the smoker and will receive their tickets free. Menorah members will get their tickets for 25 cents, while the price for non-Menorah members is 50 cents. Those who have attended previous Menorah smokers will agree that it is indeed an event to look forward to.

The membership drive will be superintended by Sid Unger, assisted by the chairman of the standing committee and representative groups from all the classes. The arrangements for the smoker are in the hands of Herman Finklestein, who successfully piloted last year's affair.

Plans were considered by the Council for the rearrangement and beautification of the Menorah alcove; for the extension of the Menorah library, and

## Y. M. C. A. Successfully Held Big Get-Together Dinner Friday Night

PROMINENT MEMBERS OF THE FACULTY ENTERTAIN WITH INTERESTING STORIES OF THEIR WORK IN EUROPE.—HALL RINGS WITH COLLEGE SONGS AND CHEERS DURING COURSES.—Y. M. C. A. PLANS TO MAKE COLLEGE A SECOND HOME TO THE STUDENTS.

### PLANS OUTLINED FOR COMING TERM

Fifty men gathered to eat, talk and sing last Friday evening in the College Refectory at the term's first Y. M. C. A. "Get-together Dinner." This number included Professors Otis, Baldwin, Stevenson and Whitford, and Messrs. Edwards and McCarthy of the Intercollegiate Y. M. C. A.

## Prof. Hunt Outlines Lecture Course

### INSTRUCTION OPENED TO ALL

As reported in the last issue of THE CAMPUS, the new lecture course on the "Appreciation of Art," given by Prof. Leigh H. Hunt of the Art Department of the College every Wednesday afternoon at 4:15 o'clock, is open to all, both students and outsiders. For the benefit of the latter, who may wish to participate in only a few of these lectures, Prof. Hunt has furnished us with a detailed schedule.

1. Points of Appreciation of Any Work of Art.
2. Birth of Painting in Italy to the High Renaissance.
3. The Masters of the Renaissance Until the Decadent Period.
4. The Discovery of Oil Painting and the Flemish Primitives.
5. Early Flemish, German and Dutch Painters.
6. Spanish Primitives, Velasquez and Murillo.
7. The Great Seventeenth Century Hollanders.
8. Beginning of French Art and the Classical School.
9. French Romantic Painters.
10. Goya, the Solitary Spaniard.
11. French Orientalists and Military Painters.
12. England's Great Portrait Painters.
13. Turner and His Contemporaries.
14. Constable and the Renunciation of the "Brown Tree."
15. Mid-year Examination.
16. Barbizon Men—Men of 1930.
17. Continued.
18. The Pre-Raphaelites.
19. Whistler, "Toute la Lyre."
20. American Primitives Influenced by the "Sir Joshua" Group.
21. Beginning of Landscape in America and the "Hudson River School"
22. Emancipation from Dusseldorf and Munich; America Takes Her Place in Art.
23. Foreign Painters of Today.
24. Impressionists and Pleinairistes.
25. Post-Impressionists and Cubists.
26. Water Color and Pastel.
- 27-28. Engraving on Wood and Steel; Etching and Etchers; Mezzotint, Aquatint, Lithography and Monotype.
29. Sculpture and Sculptors After the Age of Pericles.
30. Final Examination.

After a fine meal, in which college and popular songs alternated with courses, several men who have returned from overseas service addressed the gathering.

Mr. Lewis S. Burchard '77, the Big Brother of the Y. M. C. A. asked as toastmaster. Before introducing the speakers he outlined his plans for the "Y". He wished to make the college a second home and the students a large family. He looked forward to the time of social progress when every man will be able to find his way to the College at night as easily as in the daytime".

Mr. Edwards, Secretary of the Intercollegiate Y. M. C. A. spoke of the need of confidence at the present time. "There are three types of confidence that we should have" he said. These are confidence in ourselves and confidence in our country and confidence in God." Mr. McCarthy cited several interesting incidents from his experiences in this country and France to illustrate the points brought out in Mr. Edwards' talk.

Dr. Otis characteristically opened his address with a story. "I met a doughboy at Navarre and asked him what he had thought when the 1st gun was fired announcing that the armistice had begun. "Thank God that I can now scratch in Peace" he replied." After this opening Dr. Otis told of his work and travels in France in a manner which held firmly the interest of everyone present.

He and several others of our faculty were attached to the Educational Staff of the A. E. F. or "Flying Cooties" as they were called from their odd shoulder badge. The headquarters of this organization was at Boun butt the work consisted largely of teaching in the American Army Camps in Europe. H spoke of his thrill on first seeing Paris and the Eiffel Tower in the early light of dawn, of his nightvigil on a French train that he might see the famous wall city of Carcassonne and of a bullfight in Southern France where a beast named Boche broke loose among the spectators. He had stopped at Chateau Thierry, been in Rheims at the time of General Foch's visit and wandered thru the Death Valley at Verdun where, in a space of two square miles, over a million men had given up their lives.

Among the American soldiers Dr. Otis found the all-important question to be when do we go home?

The men had finished their job and longed to be back in the United States. This explained the great joy of our men on sailing up New York Harbor past the Statue of Liberty.

Dr. Whitford of the Mathematics Dept. spoke of the great work of the Y. M.

**A. C. C. N. Y. SOCIAL HOUSE**

College spirit in C. C. N. Y. is to a large extent centered about numerous clubs, societies and fraternities. The Union is the first attempt to concentrate the support of the entire student body on the big activities which are representative of the whole College, and whose success is necessary for the welfare of all lesser activities. In this process of unification, a Social House must be the next step.

A long-cherished dream of many an undergraduate and young alumnus is a Social House where every student of the College can spend his leisure hours, become intimately acquainted with his fellow students and imbibe the real C. C. N. Y. spirit without that tendency toward narrowness which characterizes the man whose closest friends are selected from a single club or society.

Much thought, a great deal of preliminary planning, and a little work have been spent on this project. The Student Council appointed a Committee to make the Social House a reality. A sum of money was appropriated to help the work. And here is where the matter now rests.

As was the case with the Union idea, the Social House plan is sometimes considered with a degree of skepticism. It remains for the student body and its representatives, the Student Councillors, to prove by word and action that they are very much in earnest about it.

Their support of the Union is one of the tests of their solidarity. Let us have a 100 per cent. membership in the Union. Reports of the Union Executive Committee indicate that we are approaching this goal. Let us all help to attain it.

Upon the success of the Union depends a great deal more than merely the solution of the financial problems of the great student activities which make up the combination. Upon it depends that feeling of unity, brotherhood and co-operation which is absolutely necessary to make the Social House a reality.

Enthusiasts burning with a desire to render signal service to their Alma Mater can find new causes more worthy of their support than the Social House project.

Members of clubs and societies, individual students and others who feel strongly the need of a Social House must seize every possible means to make known their wishes on the subject, and give unmistakable evidence that they intend to support any Committee appointed to represent them in the matter.

The Student Council should take up the work where it was left off—appoint a new Committee to gather up the broken threads of the project and carry it through to a successful end.

To accomplish this purpose with a minimum of time and effort, the Committee should start out with a well-defined plan. The uses to which the House will be put should be broadly outlined and suitable plans drawn up—with expert aid if necessary. Costs should finally be estimated and a campaign for raising the necessary funds vigorously undertaken.

These, briefly, are the conditions pre-requisite for giving material form to the Social House dream. Their fulfillment can be attained by earnest planning, hard work and unflagging perseverance. It is only a question of time when all these conditions will be met.

A beginning should be made at once.

**GARGOYLE GARGLES**

Whenever the President of the United States inspects a new battleship, the ship fires twenty-one guns in his honor. Now, we sincerely hope (and pray!) that the strides of C. C. N. Y.—when inspecting a new columnist—are not in the habit of firing twenty-one bricks in his direction.

It is a well-known fact that there are no well-known facts.

**LOVE AS IT IS.**

He—Dearest, I could die loving you.  
She—Yeh? How much are yer insured fer?

**NOTES.**

Philip de la Nerve (accent on the q) is growing a moustache. Latest reports from ringside indicate that the two hairs have acquired a new baby brother.

Herb Mutemenp appeared on the Campus yesterday in a 1921 model suit. It was slightly too big for him, but he explained that by 1921 HE would fit the suit.

**SAYINGS OF FAMOUS MEN**

Columbus—"I did not cross the Atlantic on the B. R. T., else I might still be on the way."

Washington—"I can never tell a lie—twice."

Franklin—"Early to bed and early to rise makes one yawn at life."

A thorn in the hand hurts more than two on the bush.

About some people—Half the time they don't know what they are talking about and the other half they talk about what they don't know.

FOR MATHEMATICAL GENIUSES  
Sokce—Two men enter a shop and steal ten dollars' worth of merchandise. What is the name of the proprietor?

Why don't some of the many strikers go into the baking business? There, they'll surely get a raise in dough.

Henry VIII must have said of his wives—"Variety is the spice of life."

Did you ever hear of a bald-headed millionhair?

**PHI BETA KAPPA ANNOUNCEMENTS MADE**

The following graduates were elected to the Phi Beta Kappa last term:

September, 1918—David Freedman, Edgar S. Genstein, James L. Snyder, Jr.; Marcus Saul Cohen.

February, 1919—William Lemkin, Arthur Klein, Maxwell Nurnberg, Jacob A. Freedman, Abraham Abrams, Wm. Rosenberg.

June, 1919—Samuel N. Cohen, Geo. Vincent Brady, Paul D. Kaufman, William Reicher, Jr.; Jacob S. Orlansky, Julius H. Willner, John H. Spagnoli, Nathaniel Kurtman, William S. Maiev, Henry Kiedrowski, Laurence Nauman, David Diabken, Albert C. Zahn.

**'15 CLASS PLAN REUNION**

On Friday night, October 17, the Class of '15 will hold meeting at the Hotel McAlpin to elect new officers. The meeting will be in the nature of a reunion since it is the first gathering since the war. Cards have been sent out notifying the alumni of the "big night," but if anyone has been overlooked, he can get full particulars from the Secretary, Ferris Waring, '84, Kingsbridge Road, Bronx, N. Y.

**COLLEGE MERCURY SOLICITS CONTRIBUTORS**

To enterprising literateurs and otherwise, the College "Merc" offers a splendid opportunity for development. The largest number of contributors in the history of "Meredom" contributed to the September number, which appeared last week. However, even this is not enough. All kinds of contributions, literary, artistic and otherwise, are earnestly solicited.

**SOCIAL WORKERS ARE WANTED**

Have you the philanthropic instinct? Would you like to do a service to your community and at the same time receive fitting remuneration? Will you help the little fellow? Prof. Klapper wishes to see you. He is looking for a number of students to take charge of and lead boys' clubs at Settlement Houses. Here is your opportunity to put your social theories to a practical test. Meet Prof. Klapper in Room 16-A at any time.

**PHRENO ARRANGES INTERESTING MEETING**

Phrenocsmia postponed its meeting of September 26 to Friday, October 10. An interesting program has been arranged for the evening on when appear the names of the more famous literary lights of the College. "Will" Siegel, better known as "Stix," of "Gargoyle" fame, will read an essay which pretends to be both humorous and intellectual. Abe Burstein and Bernard Hurwitz, both of the "Merc," have also been billed to divert the literature.

**Y. M. C. A. DANCE TO BE HELD IN THE GYMNASIUM**

The "Y" dance is scheduled for Friday, October 10, at 8.15 p. m., and is to be held in the Gymnasium Building. Mrs. Mezes and the wives of many professors will act as patronesses. Tickets, admitting couple, are being sold at one dollar each.

A cordial invitation is extended to all alumni and undergraduates, to the "Y's" and the otherwise.

**PROFESSOR CHASE REPRODUCES MASTERPIECES**

Having gained nation-wide celebrity through his portraits of great men of the present day, Prof. Chase of the Art Department is now very much in demand. At present on a leave of absence, he is busily engaged in the work of copying some of the great American masterpieces of art.

**Prof. Schapiro's Book Has Wide Publicity**

**COLLEGES THROUGHOUT COUNTRY ADOPT IT**

Prof. Schapiro's book, "Modern and Contemporary European History," has met with such overwhelming approval that the sixth edition was exhausted in one week. Consequently, a seventh edition will appear to supply the tremendous demand.

Colleges throughout the country have introduced the volume in their courses and institutions such as Theological and Scientific schools that never before had History courses, have adopted them in order to use this valuable book.

**FRESHMEN PREPARE FOR WINNING SOCCER GAME**

First Freshman soccer practice held on October 24, showed much promising material. Some thirty odd candidates reported. Many of these were formerly on various high-school soccer teams and the Freshman expect to wade through the Soph. team to the tune of a big score.

Practice is held on Monday and Wednesday. Games will take place on Wednesdays only. The initial tussle is scheduled for Wednesday, October 9, in the Stadium against Morris High School.

**ART DEPT. REPRESENTED AT CITY CLUB EXHIBITION**

Among the other noteworthy and distinguished painters which are to be placed on exhibition at the City Club, a prominent art organization, will also be almost a score of landscapes from the hand of none other than our own Professor Schulman.

This artist has been lately coming to the forefront among our younger painters, and this selection, which promises to contain some of his best work, will no doubt, bring him into even greater prominence. The scenes painted are mostly those of Connecticut and New York. The exhibition opens November 1, and continues until the 15th of the same month. All students should take this opportunity to view the work of one of their own men.

**CIRCOLO DANTE ALIGHIERI ELECTS OFFICERS**

The Circolo Dante Alighieri held its first meeting of the term on October 2 for the purpose of electing new officers. They follow: President, Datri; Vice-President, A. Ditola; Secretary, N. Collesano; Treasurer, A. Sava.

## Bio Club Holds Meeting

PURPOSE AND PLANS WERE DISCUSSED

On Thursday afternoon, October 2, at 4 o'clock, the Bio Club held its first meeting of this term in Room 319.

Prof. Goldfarb, chief speaker of the day, gave the Club an interesting account of the inception and early life of the Club. He told of how, in 1906, Prof. Winslow, then head of the Biology Department, realizing the necessity of providing a means for students interested in Biology to break down the social barriers of ordinary classroom life, organized the Biology Club. He told of the various activities of the Club, of its numerous field trips, of its delightful meetings, and of its unforgettable annual suppers at which good-fellowship reigned supreme and spirits always ran high.

The particularly striking feature of the Biology Club has always been, according to Prof. Goldfarb, the spirit of absolute comradeship, of social oneness, amongst the members. The proof of that feeling lies in the fact that it remains alive even after graduation. It has "all of the goodfellowship of a frat, with none of its class distinction."

The Bio Fund, a collection of money the interest of which is to be used to send a man to some Biological station for advanced study, was announced to have almost reached the \$600 mark.

On Thursday, October 9, the Executive Committee of the Bio Club will meet to make final arrangements for a field trip which is to be taken on Sunday, October 12. The purpose of the trip will be to study animal life in general. Prof. Goldfarb will be there as usual.

Mr. Nurenstein, an old member of the Bio Club, who came back for a visit, urged the Club to revive the old custom of holding annual dinners for Club members and the faculty. His suggestion was well taken and we will soon hear a definite announcement.

The Bio Club meets every other Thursday at 4 o'clock in Room 319. All interested in Biology are urged to join.

The officers are:  
 President—Harry Friedman.  
 Vice-President—Abra. Fenerstein.  
 Secretary—Rachlin.  
 Treasurer—Mendel Jacobi.

## BIO JOTTINGS

Prof. Sickels has just finished rebuilding his country home at West Nyack. His old house, a beautiful dwelling greatly admired by all his colleagues, was destroyed by fire last year.

The Department of Biology announces a new addition to its teaching staff in the person of Mr. John Slawson, a graduate of Columbia University, Class of June, 1919. Mr. Slawson holds the position of Fellow in Biology.

All students taking Biology I, are required to pay a fee of \$1.00 for laboratory expenses. This fee must be paid to Prof. Yokum any time before October 11, 1919. Students are urged to meet this obligation as soon as possible so as to cause the least inconvenience and unpleasantness to all parties concerned.

## Employment Bureau Doing Excellent Work

SPLENDID POSITIONS BOTH PART TIME AND FULL

The Employment Bureau is now open in full blast under the management of Mr. A. L. Rose.

Mr. Rose is the permanent manager of the organization and is planning a campaign of publicity and outside canvassing that, it is hoped, will result in immediate and marked results.

The plan as briefly outlined, consists of mornings spent down-town visiting large commercial houses, stores, factories, theatres and hotels for the purpose of soliciting positions. By this, Mr. Rose aims to come into personal contact with employers, cultivating a wide circle of acquaintances and obtaining openings for students desirous of work. Printed matter will also aid in the drive, to advertise the fact that plenty of talent is available. Other methods will also be introduced from time to time, making the bureau a modern employment agency. Funds are now at hand and there will be no delay in advertising the bureau.

With the aid of the Faculty members who are deeply interested in the work and who are making every effort to assist Mr. Rose, the prospects are brighter than ever before. Students are urged and requested to apply and note the bulletins posted outside of the office.

Every possible means will be brought into play to help the individual. A number of positions has already been filled. Mr. Rose, who is an ex-service man, having been a member of the 306th Infantry, has had considerable experience in placing men.

30 FRESHMEN AND SOPHOMORES ARE NEEDED TO DO AN IMPORTANT PIECE OF WORK FOR THE COLLEGE. WILL YOU HELP? IF YOU WILL, COME UP TO ROOM 411 AT 1 O'CLOCK TODAY.

PROF. SCHULMAN CONTRIBUTES TO ENCYCLOPEDIA AMERICANA

That Prof. Schulman is a master of not only the easel and brush, but also of a critical pen, is evinced by the fact that the Encyclopedia Americana, a gigantic production now in the process of publication, has engaged him to contribute a series of articles dealing with the more technical side of art. Some of these have already appeared in the current volumes, and others are still forthcoming. They are in the main, analytical criticisms and studies on Perspective, Technique of the Great Masters, and the Technique of Painting.

PROFESSORS SERVE ON NATIONAL BUDGET COMMITTEE

Professors Otis and Mead have been asked to serve on the National Budget Committee, the Chairman of which is John T. Pratt. The purpose of this committee is to further the establishment of a national budget for the government.

## A. A. Board Holds Elections

VARIOUS ACTIVITIES PLANNED

At the first regular meeting of the A. A. Board, A. J. Rosenblum of the Class of June '20, and more recently of the A. E. F., was unanimously elected President of the Athletic Association for the ensuing year. He succeeds "Mac" Ross, who was elected President last term, but who has failed to return to College this semester. Leo Leberman, '21, defeated "Nat" Kornsbly, '21, of baseball and basketball fame, for the vice-Presidency. "Sid" Nedelman, '23, was elected assistant property manager.

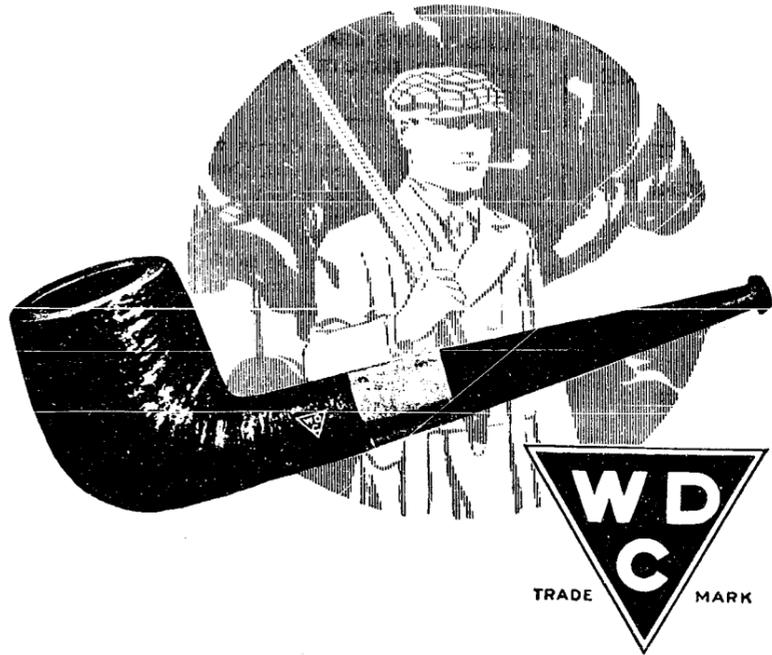

It was unanimously agreed upon by the members of the Board that the captains, managers and assistant managers of the various college athletic teams be invited to attend the meetings for the purpose of making reports about their respective activities.

The students are requested to give the Board their co-operation so as to guarantee a banner year for sports. The A. A. Board meets every Friday at 1 p. m. in Room 20.

## COLLEGE SELLS BOOKS AT REDUCED PRICES

Prof. A. B. Compton, whose name is actively associated with the Students' Aid Fund and the Co-op. Store, has undertaken something new to alleviate financial worries on the part of the students. He has arranged to sell at reduced prices all those books which the College formerly issued and which the students are now required to buy. These texts, which include almost every subject in the curriculum, may be obtained in Room 15-A upon payment of a nominal sum. Sixty per cent. of the payment will be refunded with the return of the book.

**Y. M. C. A. HELD A  
SUCCESSFUL DINNER**

(Continued from page 1)

C. A. in France. In order to insure having enough huts the "Y" had bought out large timber tracts and to secure sufficient chocolate had operated factories. As educational secretary Dr. Whitford had done everything from instructing in chess to selling cigarettes at three halfpenny a pack. He gave a vivid description of the work of mine-laying in the North Sea and the more difficult task of sweeping up the mines which are of the contact type, in time of peace.

The nature of the French people was the subject of Dr. Stevenson's address. Professor Stevenson, who was recently discharged as Major in the United States Army, was sent over with the French High Commission in December, 1917. His work lay in investigating ammonia processes in the manufacture of nitric acid, the base of high explosives. Throughout his stay in France he had lived entirely with the French in the Latin Quarter of Paris and had come to know and appreciate their spirit and customs. Their lives were unbusy and pleasant. The men were pleasure-loving in times of peace but in war—true warriors. The French women were not as pretty as American girls but were very interesting.

During the evening Daniel Brophy '20 President of the Newman Club, spoke in appreciation of Mr. Burchard's work and promised the support of the members of the Newman Club at the "Y" dance to be held this Friday evening. William McCloed '20 gave a resume of his experiences in France. After the singing of a stanza of the National Anthem the dinner was brought to a close.

**JACK DIVINS, '18**

IT IS WITH EXTREME REGRET THAT THE DEATH OF JACK DIVINS, JUNE, '18, IS ANNOUNCED. HE DIED ON SUNDAY EVENING, SEPTEMBER 28, AT 10.45 P. M. IN THE LEBANON HOSPITAL FROM AN ACCUMULATION OF DISEASES WHICH SET IN AS A RESULT OF AN OPERATION. HE WAS TWENTY-ONE YEARS OLD.

JACK DIVINS WAS A LEADING FIGURE IN COLLEGE AFFAIRS. HE ENTERED C. C. N. Y. FROM TOWNSEND HARRIS HALL IN 1914, AND WAS ELECTED PRESIDENT OF THE FRESHMAN CLASS. AS A STUDENT COUNSELLOR HE SERVED ON SEVERAL IMPORTANT COMMITTEES, AND WAS AWARDED THE STUDENT COUNCIL INSIGNIA. HE WAS PRESIDENT OF PHRENOCOSMIA AT ONE TIME, AND WAS TWICE ON THE DEBATING TEAM. DIVINS WAS PRESIDENT OF THE '18 ALUMNI CLUB AND A MEMBER OF THE TAU DELTA PHI FRATERNITY.

**Prof. Cohen Plans  
Big Publication**

OBTAINS YEAR'S LEAVE OF ABSENCE TO DEVOTE TIME TO WRITING.

In the last issue of THE CAMPUS we were informed, in a general way, about Professor Morris Cohen's having been granted a year's leave of absence for literary purposes. We have been fortunate since our last publication to obtain more specific details concerning the scope of Prof. Cohen's proposed work.

His chief work will be one on the "Philosophy of Law." This work will be Prof. Cohen's entirely, and its scope and importance will no doubt be appreciated by our students in philosophy.

Prof. Cohen intends to write articles on American Philosophy for the London Nation and the New Republic, the editing of his translations of the Philosophy of Law by the Italian writer, Vanni, and the Philosophy of Law by the French writer, Tourtelon, will be other important features of his work.

These translations were made for benefit of the American Association of Law Schools. However, Prof. Cohen is not limiting his activities even to this vast amount of literary work. During the next meeting of the American Philosophical Association, Prof. Cohen is going to take part in a discussion, the subject of which will be "The Individual and the Community."

THE "U" IS DESIGNED SOLELY FOR THE FINANCIAL SUPPORT OF THE VARIOUS ACTIVITIES.

MEMBERSHIP COSTS \$2.00. FOR THIS YOU GET

1. MEMBERSHIP IN THE A. A.
  2. MEMBERSHIP IN THE STUDENT COUNCIL.
  3. MEMBERSHIP IN A CLASS ORGANIZATION.
  4. FIFTEEN ISSUES OF "THE CAMPUS."
  5. FIVE ISSUES OF "COLLEGE MERCURY."
  6. A LAVENDER BOOK (NEW EDITION).
  7. RIGHT TO PARTICIPATE IN EXTRA-CURRICULAR ACTIVITIES.
- BRING THESE FACTS BEFORE YOUR FRIENDS WHO HAVE NOT YET JOINED THE "U."

**MEMORAH TO LAUNCH  
BIG DRIVE**

(Continued from page 1)

for the establishment of more intimate relations with the Y. M. C. A. and the Newman Club. It was also decided to extend the scope of Menorah social activity to include several social gatherings besides the smoker in the course of the term.

The Menorah intends to continue its monthly forums this term in Doreanus Lecture Hall. A schedule of speakers is being arranged for the first Thursday of every month and will be published as soon as completed.

The committee as announced definitely at this meeting are:

1. Membership—Sid Unger, Chairman.
  2. Publicity—Louis Sang, Chairman;
  3. Press—A. N. Franzblau, Chairman.
  4. Entertainment—Sol Green, Chairman.
  5. Educational—Isador Signer, Chairman.
  6. Library—Morris Rose, Chairman.
- The next meeting of the Executive Council will be held on Tuesday, October 14, 1919, at 1 o'clock, in the College.

**Class '21 Holds  
Annual Elections**

GREAT DEPLETION IN RANKS OF CLASS

On Wednesday afternoon, October 1, 1919, at 1 o'clock, the classes of February and June, 1921, elected their respective officers for this term.

The elections in the February class were by far the most uninteresting and uncontested which have thus far taken place in the history of the class. To get a fair idea of the extent of the depopulation wrought in the ranks of the February class by the departure of its members for medical and other professional schools, it is but necessary to note that for only three of the seven vacant offices was there more than a single aspirant.

The contested offices were those of Vice-President—for which Daniel Levinson and Samuel Huber strove; Marshall—with Dick Goldstein and Harry Lichtenstein as the combatants, and Student Council, for which Hy Cohen, in true Bryanian fashion, ran for the third time, against Sid Unger.

The men who will pilot the remains of the class through this season's activity are:

- President—Nathan Krinsky.
- Vice-President—Samuel Huber.
- Secretary—Irving Newman.
- Treasurer—Mac Wolfe.
- Athletic Manager—Sam Trinin.
- Marshall—Harry Lichtenstein.
- Student Councilor—Hy Cohen

In the June class the contest was far more spirited. Each office had at least two contestants and several had three. The whole election was characterized by a spirit of keen rivalry on the part of the candidates and a hearty interest in the struggle on the part of the non-aspirants. The number of votes cast almost trebled that of the February class.

With such an enthusiastic beginning there ought to be big doings in the class of June, '21.

The successful contestants are:  
President—Dave Nassanow.  
Vice-President—Harry Seligman.  
Secretary—Hyman Dubin.  
Treasurer—Julius Merkleson.  
Marshall—Harry Feinglass.  
Athletic Manager—John B. Nathan.  
Student Councilors—George Feigin and Alvin Bruch.

**Dr. Butler Spends  
Profitable Vacation**

FINE SPECIMENS OF ROCK WERE COLLECTED

The summer work in the Department of Geology was conducted by Dr. Butler and Mr. Thurm. Although the enrollment was the largest ever, the number of failures was a minimum.

Dr. Butler put the three weeks intervening between the end of the summer session and the beginning of the regular school to good advantage. He spent the time in hiking in the Catskills, leading a robust, outdoor life and studying the general geology of the mountains.

He traveled by boat to Kingston and then hit the trail for the dizzy heights. He carried his own food and clothing, but spent his evenings at various hotels in the mountains. Dr. Butler claims that the comfort of a soft downy bed and a night of sound slumber greatly overbalanced the romance of sleeping outdoors.

Dr. Butler brought home with him a collection of very fine specimens of Catskill Mountain rock. They will be used in the regular geology work at the College.

**Bevo**  
THE BEVERAGE  
The all-year-round soft drink

For college men, business men, professional men, men of sports—baseball, football, golf, tennis, shooting, riding. For everybody, everywhere, the year 'round, Bevo is hale refreshment for wholesome thirst—an invigorating soft drink. Ideal for the athlete or the man in physical or mental training—good to train on and gain on. Healthful and appetizing. It must be ice cold.

**MUSICAL SOCIETIES  
BECOME ACTIVE**

The students who can play musical instruments are urged to try out for the College orchestra that is now forming under the guidance of Prof. Baldwin.

Regular practice hours will be held every Friday between three and five in the Great Hall.

The College Glee Club, which has always been a necessary function of College activities, is now being formed. The students interested in singing are requested to see Prof. Baldwin in the Great Hall either Thursday at 12, or Friday between 1 and 2. Definite arrangements will then be made for weekly rehearsals.

# CAMPUS DOPE ON COLLEGE SPORTS

## SPORTING COMMENT

By "IRV."

**BACK AGAIN!** After a long lay-off, we are once more going to splash the dope. As of former years, we are going to foster the athletic spirit at the College—applauding good plays; attacking abuses. Let's go!

**ARE YOU A "BELONGER?"** When it comes to banding together to accomplish anything, are you there? Are you in the push? Or, do you hang out with yourself? You may think you are sufficient unto yourself, but, if you're a regular fellow you need companionship. You need variety. You want to make a team. You have COLLEGE SPIRIT. Belong! Join the "U." Wadda a say?

**A LAVENDER FOOTBALL TEAM** is out of question. Attempts have been made in the past to organize a band of pigskin warriors. But, it has been conclusively proven that City College cannot be represented on the gridiron—not that we haven't got the material, etc., etc. However, we have a soccer team, and a corking good team at that. The last Varsity team won six games out of seven starts, trimming such teams as Yale, Princeton and others.

**A CRACKERJACK SCHEDULE** has been prepared by Soccer Manager Sid Unger. A couple of good men are needed to fill out the team. Sid invites all big men to come 'round the A. A. room and exhibit their peds. Let's go!

**THE KRACK KICKER** of the Nat Holman soccer outfit seems to be "Serby" Harsany. His versatility may be seen both on the gridiron and in the Class-room. "Hoss" is one of the fastest collegiate soccer players in the Metropolitan district. His powerful support in former years has accounted for many a Lavender victory.

**ARTIE TAFT AT CENTER** is going to annoy quite a few goalkeepers. His educated pedals have chalked-up many a goal for "ole Noo York."

**WADDYU KNOW** about Krinsky? In addition to being a basketballer, he's to be our new soccer goalkeeper. And, besides, he made the All-scholastic 1917 team. Who'd a thunk it?

**FRESHMEN, WHAT'S** the matter with you? A swimming meet was scheduled to take place last Thursday 'twixt your classes. What happened? Only three men showed up. What's wrong?

**FRESHMEN! ALL THE** breaks have been against you. The holidays plus the vile machinations of ole Jupe Pluvius have kept your class in a state of inactivity—a serious condition for any Freshmen Class. However, don't slip up when the opportunity offers itself. You have a mark to establish, a standard to live up to. Don't trip up. The eyes of the College are on you. Show the stuffings you are made of. Don't repeat last week's performance.

**BOTH SOPHS AND FRESH** are confident of winning the Fresh-Soph swimming meet. It is interesting to note that in the past three years of College sports, the Sophs have captured no contests and lost all. Who's going to put the punch over this year? We're with you, Freshmen. Good luck, Sophs. May the better class win.

**FRESHMEN, WHAT WITH THE** many orations and wild harangues flung at you to get into College activities, you need no further urging. You must realize you are in a position to do singular service in the field of sports, filling the shoes of older departed lavenderites. The breach is there, Freshies. Jump into it.

**LAST WEEK A. T. ROSENBLUM** was elected President of the A. A. Very few men fully realized the importance of this event. A President makes or breaks athletics at the College. A good man is needed at the helm to guide the Athletic Board into constructive legislation. Such a man has not been seen at the College since the days of "Ike" Ornstein and Otto Tabor. However, by putting into office a man of Rosenblum's character and capabilities, the student-body showed their wise judgment and foresight. When notified of his election, "Rosey's" first words were: "I am going to put City College and the Lavender on the athletic map."

**A SUGGESTION BEFORE** we make our exit for the week. "Music hath charms even to a College student." Have you noticed that when our teams were fagged and all in, how a song or cheer would imbue them with new spirit and fight? We have some good cheers, but we lack a good inspiring song. "Inta, Inta," we admit, is a good song, still another one or two just as inspiring or even more so, is a thing that is sorely needed. All contributions, words or melodies, will be given a fair trial and published if handed in to the Editor.

**WHILE ON THE SUBJECT** of songs and cheers, how many of you know the songs and cheers of the College? Athletic managers! Get your classes assembled in the alcove during the lunch hour and start a song fest. Wake up! Get going. Learn the songs and cheers.

**BY STARTING THE BALL** rolling now, we'll have strong melodies floating out in the atmosphere; by the time the flag-rush comes around, by the time the soccer team lines up against its opponents, by the time Tom Thorpe starts the Basketball season on its course. Let's all sing out in praise of "ole New York" and the Lavendar we so dearly cherish.

**EVERY YEAR THE FROSH-SOPH** fights grow less and less intense. The days when the police reserves had to be called out to prevent bloodshed are apparently dead and buried. This year's contests have been no exception to the trend. The old-time "slugfests" which formerly decorated the campus are rare—even though the Freshmen Class made such a good start last term.

**LAST THURSDAY** about seventy-five Freshmen tried to stay on the Campus in a body. An equal number of Sophs equally determined to keep them off, met and sent the Freshies, slightly damaged, back to their alcoves. Great Caesar's Ghost! With an entrance class of over one thousand wherefore the result! The Freshmen have no excuse for the poor showing. Where are the good old days of 1915 and 1917?

## Frosh-Soph Clash Throughout Week

### TUG-OF-WAR

The Frosh-Soph Tug-of-War will be held this afternoon in the Stadium at 3.30 o'clock.

Six tugs will decide the meet. The following tugs and the number of points for each are as follows:

Tug	Count
3 men	1 points
5 men	2 points
9 men	3 points
15 men	4 points
25 men	5 points
100 men	6 points

### SWIMMING MEET

The Frosh-Soph classes start their campaigns for the student council athletic banner with the crack of the gun in the traditional swimming meet to be held in the natatorium tomorrow at noon.

Six events have been scheduled to decide the "merman" supremacy between the "green" and "sophisticated" classes.

Both classes will be pushed to the utmost to conquer in a majority of the events.

- 50-yard dash.
  - 100-yard dash.
  - 220-yard dash.
  - Fancy diving.
  - Plunge for distance.
  - 800-foot relay; 4 men.
- Both classes claim to be "trimmed down" to a fine edge and are confident of emerging victorious.

### FROSH-SOPH WEEKLY CALENDAR

- Wednesday, October 8—Tug-of-war.
- Thursday, October 9—Swimming meet.
- Friday, October 10—Push ball.
- Monday, October 13—Baseball game.
- Monday, October 13—X-Country run.
- Monday, October 13—Soccer game.
- Wednesday, October 15—Tennis match.

### PUSH BALL

The Frosh-Soph Push Ball contest, inaugurated in 1917, is scheduled to take place Friday, October 10, in the Stadium.

Both classes have large squads to draw on and a lively contest is assured.

### BASEBALL GAME

The annual baseball game between the Freshmen and Sophomores is scheduled to take place this coming Monday in the Stadium. Great interest centers on this classic for the baseball prospects of this season will be made or shattered on the showing of both classes.

### FRESH SOCCER

The outcome of the Frosh-Soph Soccer game, to take place next Monday, will decide whether the College will be represented on the gridiron by a Freshmen team this season.

Up-to-date the Freshmen have shown little interest in soccer. A bigger squad will have to be mustered if '23 hopes to win the event.

## WHO'S WHO IN SPORTS AND WHY

### CAPT. HARSANY

(SOCCER)

The next few months will witness the soccer team battling on the field of glory. Capt. Harsany, '20, will be seen in the thick of every scrimmage, as in former years, coaching and coaxing the men onward—for another goal.

Captain Harsany started on his soccer career in Townsend Harris Hall. After playing successful ball for three years he was finally awarded the much-desired position of fullback on the All-scholastic team of 1916.

Upon entering College, "Hoss" tried out and played on all the Frosh teams. He was elected captain of his Freshmen soccer team. He was instrumental

in his class' winning of the swimming and basketball tournaments.

Harsany "made" the Varsity soccer team the following two years and played a star game at fullback. During the S. A. T. A. he was on the Post team which beat Columbia.

The track team also claimed "Hoss." He was and still is the Varsity shot-putter; he holds two Finley hike medals.

The brilliant career of this athlete reached its height when he was elected Captain of the Soccer team. Our best wishes to you, "Hoss." The College is in back of you.

## Soccer Prospects Brighter Than Ever

### EIGHT POSITIONS SEEM TO BE CLINCHED

With the addition of six men to the much-advertised "nucleus of Captain Harsany and Taft," soccer prospects are brighter than ever.

The new men who appear to be certainties are Nat Krin, '21, of baseball and basketball fame, who made the all-Scholastic High School soccer team of 1917; S. Rosensweig, '20, who played on a Connecticut shipyard team last fall; Kennedy, '22, who was a star at Harris, and who incidentally stands well above six feet in height, and tips the beam at 190; Fanning, '20, who distinguished himself in the inter-company games during the rule of the S. A. T. C.; Horne, '20, who will add much speed to the team, and Levine, '21, also of S. A. T. C. fame.

With these men in the line up, it remains for the forward line to be developed. Three positions are still without satisfactory aspirants. Captain Harsany believes there is sufficient material in the College and urges all soccer men to report to him any afternoon in the Stadium.

A "scrub" team will be formed, provided enough men respond. This will enable Coach Holman and Captain Harsany to estimate the full value of each candidate.

## Interclass Tourney Starts Tomorrow

### FRESHIES PLAY FOR TEAM

By beginning the annual inter-class basket ball tournament next week instead of later in the year, Assistant Manager Nasanow is now planning an early start in selecting material for the Varsity team. The following schedule is announced:

- October 16, 1921 vs. 1920.
- October 23, 1920 vs. 1922.
- October 30, 1921 vs. 1923.
- November 6, 1923 vs. 1920.
- November 13, 1921 vs. 1922.

The lower Freshmen will play the upper Freshmen tomorrow. Manager Nasanow further announces, for the purpose of getting a team that will finally represent '23 in the tournament.

## Varsity Amphibians Are Intact

### MORE MEN NEEDED

With last year's swimming team almost intact, Manager Bloch or the Varsity team is optimistic about his charges.

For diving, there are Cagney and Haas, both veterans. The former bids fair to be the best diver in intercollegiate tanks this winter. In plunging, "Tubby" Theno is showing up well, but needs a companion. Lehman and Ashworth will take care of the swims, but can not do so alone. Swimmers are most urgently needed and this can not be over emphasized.

For water polo, Garlock, Langer, Housman and Hogenauer, all on last year's team, remain. Here, also, candidates are urgently needed; big, heavy men are preferred.

Manager Bloch promises excitement and exercise to all those deploring the lack of it. All men of any natatorial ability or inclination are requested to report at the pool, and "Manny" will see that they receive the proper attention.

### INSIGNIA COMMITTEE APPOINTED

The insignia committee for this year was appointed by President A. J. Rosenblum last week.

The following men have been selected to serve on this most important committee:

- Captain Fliegel, (basketball) Chairman.
- Captain Harsany, (Soccer) '20.
- "Artie" Taft, '20.
- "Speedy" Ball, '21.
- "Nat" Krinsky, '21.

### ROSENBLUM ELECTED PRESIDENT OF A. A.

At a special meeting of the Athletic Association Board, held September 29, the following officers were elected for the coming year:

- President, A. J. Rosenblum, '20; vice-President, Leo Lehrman, '21; Assistant Property Manager, Sid Nadelman, '23.
- The officers who remain by virtue of the election of last year are: G. Feigen, '21; Secretary, Barney Goldberg, '21; Treasurer, Rex Grossman, '22; Assistant Treasurer, and Ben Schwartzberg, '22; Property Manager.

## Prof. Duggan Obtains Leave of Absence

### PROF. KLAPPER BECOMES HEAD OF EXTENSION COURSES

Prof. Stephen Pierce Duggan, head of the Education Department, has resigned as Director of Extension Teaching to act as director of the Institute for International Education. He has been granted a leave of absence extending to September, 1920. Prof. Klapper, who has been acting as director during Prof. Duggan's absence overseas, is his successor.

It was at the installation of Prof. Duggan in 1908 that the Extension courses were started, primarily designed to assist teachers in advancing themselves in their chosen profession. From an inauspicious beginning the courses were gradually extended to include librarians and social workers.

An idea of the magnitude of this work may be gained when it is learned that over 2,500 enrolled during the first week of the current term. Prof. Klapper states that when enrollment figures are complete probably 4,000, or practically 20 per cent. of the New York teaching force will be found taking extension courses. Courses have been established in centers in the various boroughs to make them more accessible to teachers not residing in Manhattan.

Many new courses of an exceptionally interesting nature have been added to the catalogue. Two of them have been especially designed to prepare teachers for the instruction of defective children. Clinics for the correction of speech defects have been established in their correction. Finally a course which includes the study of the social and cultural background of the peoples of Greater New York has been instituted under Dr. Friendland. This course will be of special interest and helpfulness to social workers in understanding the traditions, habits and psychology of the sixty-five races represented in the Greater City.

### SOCIAL PROBLEMS CLUB HOLDS FIRST MEETING

The Social Problems Club held its first meeting Friday, October 3. President Mannings opened the meeting with a short address, in which he explained the purpose of the organization.

He was followed by the speaker of the day, Prof. Grendon, who spoke on Industrial Democracy. Prof. Gundin pointed out that the idea of Industrial Democracy is taking hold of the employers as well as the workers. This address was heartily received as evidenced by the fact that about twenty students joined the Club at the end of the meeting.

### PROF. GUTHRIE TO ADDRESS CIVICS CLUB

The Civic Club will have its first meeting of the current term tomorrow. Prof. Guthrie, who trailed Senator Borah during the latter's speech-making tour against the League of Nations, will refute the Senator's arguments in a speech on the League of Nations.

### ZIONISTS PLAN DRIVE

The Executive Committee of the Zionist Society recently held a meeting at which plans were formulated for the coming term. Foremost among its plans will be a drive for members beginning October 13.

The drive will be followed up by lectures, at which speakers of prominence will be heard, music circles, and other activities characteristic of the Society.

## Dramatic Society to Remodel Auditorium

### PLANS UNDER DISCUSSION TO CONVERT AUDITORIUM INTO THEATRE

The Dramatic Society is planning to conduct an extensive campaign to raise \$5,000 for the purpose of remodeling and repairing the stage and seats in the auditorium of Townsend Harris Hall so as to convert it into a real little City College theatre.

The work which the Dramatic Society has done during the past year certainly makes it worthy of the fullest measure of success in this undertaking.

The Dramatic Society is organized for the purpose of producing the College Varsity Shows every term under the auspices of the Student Council. Last term the Society produced four one-act plays with remarkable success in the auditorium of T. H. H. Those who witnessed the performance rendered unanimous testimony as to the height of artistic perfection attained. But what is far rarer in productions of this nature, when the gross receipts were tallied and the expense items amounting to over \$300, were paid, there was a surplus of \$70!

In recognition of the service rendered by the society to the College it was decided that the sum of \$100, which comprised the treasury of the old Dramatic Society of three years ago, should be turned over to the present Dramatic Society.

The Society has already engaged the auditorium of the Washington Irving High School for the production of four plays sometime this term. A definite announcement of the date and the price of tickets will appear later. Plans were considered at Thursday's meeting for a Smoker in the Webb room for members and would-be members.

Every effort is being made to unearth some of the embryonic dramatists of this College who are "born to blush unseen and waste their sweetness on the desert air." The society will train those who display a special aptitude toward things dramatic. If the students are interested in dramaturgy or are endowed with any marked histrionic ability and are desirous of rendering a genuine service to the College, communicate at once with Mr. Schultze, the Faculty Director, or with Henry Lipschitz, President of the Society.

Meetings are held every Thursday at noon.

The officers are: President, Henry Lipschitz; Secretary, William Aurudis; Treasurer, Victor Kleinfeld.

### EXPLOSION KILLS FORMER STUDENT

Funeral services for Walter S. Sholl, 25 years old, who was killed in an explosion at the DuPont Powder Company's mills at Wilmington, Del., will be held this Friday evening at 8 o'clock at the home of his mother, 675 Second Avenue, Astoria.

The fatal accident occurred on Wednesday morning. Mr. Sholl was a superintendent for the DuPont Company and was in charge of work of great responsibility. He had been working for the company in Wilmington for two years.

Born in Long Island City, Mr. Sholl was a graduate of Bryant High School and also of the City College. He was formerly a chemist for the Astoria Light and Power Company at Casina Beach, and had many friends here.

Besides his mother, Mr. Sholl leaves a widow and a son and four brothers, Harry and Robert of Long Island City, John, who is in Wilmington, and Clarence, now in Florida.

## Library Obtains New Collection

### BOOKS TO PROVE OF VALUABLE AID TO STUDENTS

Dr. Newton, Librarian of the College, announces that among the many books added to the library shelves during the summer are some which should prove of particular interest to students. Among these may be mentioned books by Barrie, Pierce, Chesterton, Galsworthy, Conrad, Dreiser, Merrick, Oscar Wilde, Thomas Paine, H. G. Wells, and W. B. Yeats.

"A Pilgrim in Palestine," by former President of the College, Finley, and "Nicola of Wall Street," by Professor Felix Grendon of the English Department, are now available for circulation. "The State," by Woodrow Wilson; "History of Zionism," by Sokolow; "Belgium," by Brand Whitlock; and "What Happened to Europe," by Frank Vanderlip, are four greatly discussed books which have found a place on the shelves.

Dr. Newton will in a few days issue a list of new books to be received by the library this term. A list of the books already received is posted on the bulletin board.

Complaints have been made to Dr. Newton that the students who are using the tables and chairs in the corridor to the left of the library entrance are abusing the privilege by scattering paper and lunch over the floor. The privilege of the use of these tables and chairs will be withdrawn unless this practice ends.

### PROF. TURNER RECEIVES NEW APPOINTMENT

The Education Department announces the appointment of Prof. Turner of the Psychology Department as assistant in the Educational Clinic. Prof. Turner will bring his master-knowledge of psychology to aid in the solution of the many problems which may arise at the Clinic.

The Class of '19 has recently donated to the Library of Townsend Harris Hall a landscape painting, also the work of Prof. Schulman.

While the emotional onion makes the whole world weep—

The unemotional sheep supplies the "last cry" in smart clothes for men and boys.

All-wool by our own test!

ROGERS PEET COMPANY

Broadway at 13th St. "Four Convenient Corners" Fifth Ave. at 34th St. Broadway at Warren

### CLASS '23 HOLDS BIG MASS MEETING

"Don't be a credit hunter," was the key-note of a mass meeting on September 30, at which all Freshmen were urged to take part in the activities of the College.

"Chick" Fagin, member of the Fresh-Soph. Committee, Mr. Emmer and Mr. Rosenberg, President A. A., and Assistant Captain of Cross Country team, appealed to the spirit of the fellows to organize and participate in the College life and bring City College up to the standards that prevailed before the war.

Candidates for office also addressed the classmen.

### PROF. EDWARDS LECTURES ON BANKING

Prof. Edwards, who is at present on a leave of absence from the Political Science Department, is doing work for the American Banking Association, teaching banking fundamentals to bank employees. During the day he is giving a banking course in Columbia.

An article about the Canadian labor situation, the facts of which Prof. Edwards gained from personal contact during the summer, appeared in the August Labor Review. The article which was very comprehensive and illustrating, evoked considerable favorable comment.
