BEAT PRINCETON!

Seadogs Down Penn in Spirited League Contest at Home

**BEAT OAKER POLO TEAM
33-8—OUTPLAY VISITORS IN
EVERY DEPARTMENT BE-
FORE RECORD CROWD—
MENKES SCORES TWENTY
POINTS.
SWIMMERS LOSE, 47-6**

**SEGAL MAKES RECORD IN
PLUNGE—PENN TAKES ALL
FIRSTS.**

Before a record throng that filled every available nook permitting a good view, the Lavender Water-Polo team drubbed the U. of P. Mine-Sweepers in the first of their Intercollegiate League meetings this season, marking the first victory over the Pennsylvanians through a span of six or seven years. The swimming meet which filled the first half of an enjoyable program went to the Oakers after bitter competition for the team honors. Segal, "Tubby's" partner in the "float act," established a new record with his 69½ foot plunge. The old mark set by former City College performers in our own pool was 65 feet.

Never before in the history of the College has such a large crowd attended any of the swimming affairs. Over three hundred people crowded into the large spectator's platform surrounding the pool, including many of the first visitors attending the "Y" dance in the gym.

For the first time in several years City College has an aggregation of players that may well be termed a "team." Joe Ruddy, American champion polo player and member of the N. Y. A. C. was one of the many interested spectators present. Impressed by the brilliant performance, the great athlete has invited the polo team to practice on Sunday mornings in the beautiful pool at the headquarters of the N. Y. A. C., where he will coach them personally.

The score can hardly indicate the superiority of our poloists over the University men. With a clear cut method of attack that the Penn men were either unable to solve or incapable of stopping, the College forwards repeatedly swept down towards the visitor's goals and six times broke through their opponent's defense for scores. The Blue and Red guards were helpless in face of the ferocious onslaughts of Menkes, Hayter and Mulready.

That there are no individual stars to be acclaimed shows with what teamwork, precision and care the attacks were made. Though Capt. Menkes played a stellar game at center forward and scored most of the Lavender points, these achievements would not have been possible without the concerted action and alertness of the other members of the team. Doudero and Mulready paved the way for tallies by smashing the defense. Phildius and Hayter did likewise with any desperate offensive on the part of the Philadelphians in their many wild attempts to score.

Ornstein at goal showed himself to be a player of the "first water." Sizing up his man coolly, "Rube" rarely missed his tackle and only once did the concerted attack of three Penn men subdue him to the extent that a goal was registered for the visitors. In the second half, seemingly, resenting the tame play of scoring with field goals but intent on showing how far superior the Lavender combination was in the "forward pass" department, the stocky goal-tender leisurely swam towards the Penn goal and made good a well-aimed shot at the board.

Evening Session to Run Dance in Gym

Organization Tickets Sell Rapidly—
Skating Club Gets Reduction.

The publicity given the Student's Organization showed results last Friday evening, December 3rd, when a very large number of S. O. members attended the sixth meeting of the council. Every seat in the room was occupied; if this keeps up, it will necessitate the use of a larger room, or possibly the Great Hall.

Mr. Orloff called the meeting to order promptly at 10:20. A treasury report was given for the first time because of the sale of the organization tickets throughout the College. Ten persons volunteered to sell the few remaining tickets. As soon as they are sold, each class will elect a representative to the Student Council.

Mr. Feldman, reporting for the Entertainment Committee stated that a dance has been reserved for January 29, for the dance. Arrangements for the affair are almost completed. Tickets will be printed and distributed by next week.

Miss King, of the Skating Committee, announced that a reduction of twenty-three cents is allowed to Student Organization members of the Skating Club on the tickets for the Ice Palace, where skating groups will meet on Thursday, Saturday and Sunday nights. Tickets can be had from any member of the Committee, or at the meeting of the Skating Club which is held Wednesday evenings at 10:15 in Room 220. When weather permits outdoor skating, the club will use the College Stadium.

The Chess and Checkers club has been granted permission to use the clubroom of the day session students. Members must bear in mind that they will be held responsible for the condition in which they leave the room after meetings.

The Gym Committee is already planning the formation of squads for the picking and developing up the best men to represent C. C. N. Y. Evening Session in Basketball. A basketball tournament will be the means by which Mr. Daly, the gym coach, will be able to get a line on the material that shows up for practice.

NATORS AND POLO PLAYERS TO ENGAGE COLUMBIA TONIGHT

This evening the second Intercollegiate meet of the season will take place in the College pool when the Columbia teams will oppose our swimming and polo combinations.

Many of its men ineligible, Columbia will present a weakened line-up for its initial competition of the season. Our well-balanced Polo team will prove a stumbling block to whatever aspirations the Blue and White Mine-Sweepers may have for copping the League Championship this season. The first event will begin at 8 P. M.

HANDBALLERS BEGIN REGULAR PRACTICE

The handball team is preparing for a difficult season. Negotiations are going on with some of the best teams in the city and various out-of-town colleges. Capt. Blum, Mins, Millgram, Seltzer and Levenson form the nucleus of this year's team. Their experience on the varsity last term will be an added factor to the team's success. However, more men are needed to make up the final squad. Here is an opportunity for men who want to make the sport popular at the College. Practice is held on Tuesdays and Thursdays from 3-5 o'clock.

Dr. Grenfell's Work in North Described

Dr. Greene, Grenfell's Secretary, Tells
of His Employers' Work in
Labrador

Dr. Greene, the assistant pastor of the Brick Presbyterian Church, on Tuesday noon gave an illustrated lecture on the work of Wilfred G. Grenfell in Labrador.

Newfoundland, before the coming of Dr. Grenfell as a medical missionary, had not one doctor in the entire stretch of its bleak territory. The population of this strip of land, situated on the northeastern coast of Canada, is a mixture of French and English, with a sprinkling of Eskimos. Oldest colony and youngest dominion of the British Empire, Newfoundland is practically devoid of roads and railways, so that travel is mainly by boat.

Dr. Grenfell, who received his M.D. degree from Oxford University, was attracted by the great need of the Labrador. He founded a work which has assumed an international fame. From humble beginnings, there are at present a number of efficient hospitals scattered along the coast. The doctor visits these stations in his hospital ship, the Strathcona. The natives consider the visit of the ship as a great event, for it means medical and dental help, newspapers, clothes, and the comforts of the outside world.

Dr. Greene, the lecturer, was private secretary to Dr. Grenfell for two years.

REAL TRENCH MORTAR AND WHIZZ-BANG HERE

The College will be able to celebrate the Fourth of July in true patriotic fashion, for it now possesses some pieces of artillery.

A three-inch Stokes Trench Mortar and a 37 mm. gun, 1916 model, otherwise known as a Whizz-Bang, have been added to the equipment of the R. O. T. C. unit. These two models, weighing together about 1800 pounds, now used by the U. S. Infantry, are for instruction purposes.

The long expected R. O. T. C. collar insignia have at last arrived and have been distributed. Hereafter, these insignia, which have no lettering on, but consist of a lighted torch with radiating lines as background, will be regularly worn.

Of the sixty-three applicants from various R. O. T. C. units in the colleges throughout the country, fifty-seven were given commissions in the Officers' Reserve Corps.

Y. M. C. A. CROWDS HALL AT GYMNASIUM DANCE

The Y. M. C. A. dance was held in the Gym on Friday, December 3rd.

The "Y" was out in force, reinforced by an equal number of the more necessary sex. The faculty was present in the persons of Dean Brownson and Professors Robinson, Burchard and Otis.

The swimming team of the University of Pennsylvania and our own nators were added to the jolly crowd after the swimming meet was over.

MEN RECEIVE STATE SCHOLARSHIP CHECKS

One hundred and thirty-three students of this College received University State scholarship checks distributed in the Registrar's office.

New Business Ideas Praised By Experts

Mr. Fredericks, Research Expert Tells
Business Club of the "Marriage
of Theory and Practice"

The Business Administration Club was treated to a lecture on "Scholastic Methods in Business," by Mr. Fredericks, a well-known research expert, on Tuesday, December 8.

The speaker said that the theoretical side of business is gradually being linked up with the old practical part. Old prejudices against scientific methods are gradually breaking down.

Theoretical knowledge of business principles saves much wasted energy. The former tradition of working from the bottom up, as in the case of Rockefeller and others of the old school, by mere dint of physical energy, has been supplemented by the modern idea of using the intellect. Carnegie, as an example of this new type, employed a staff of specialists who supplied the details, while he supplied the executive ability.

The good executive refuses to take the responsibility of making a decision without a thorough knowledge of the facts. These he obtains either through a research department of the business or by employing a research bureau. He does not care for the details, but only for results.

Business theories and principles are the same evolutionary stage that medicine formerly experienced. Business is being specialized as medicine has been.

The difficulty of the modern business world lies in the perversion of functions. As a solution of this is the better classification of functions. Too many houses are trying to combine manufacturing, jobbing and retailing. A great improvement in the methods of distribution to keep step with the advance in production is necessary.

CHESS CLUB PLEDGES FULL SUPPORT TO "U"

The Chess Club, following the address made in the Great Hall, at last week's chapel, has taken prompt action by passing the following resolutions:

Whereas, the benefits accruing to Union members and to the College by virtue of such membership are so clear as to be beyond cavil or debate. Be it resolved: I. That all members playing on Varsity Chess Teams, commencing with the Metropolitan Chess Tourney, all members entering competitive tournaments to decide the personnel of such teams, be required to join the Union as a pre-requisite to such playing on such entrance. II. Be it further resolved, that the utmost pressure be brought upon all Chess Club members at large to join and boost the Union.

III. And finally, be it resolved, that all other clubs, associations, societies, or fraternities in the College be urged and exhorted to take similar action as soon as possible.

CLONIA APPOINTS A BANQUET COMMITTEE

Clio at its last meeting appointed a banquet committee to arrange details for a banquet to be held sometime in March of next year. A list of all Clonians from '59 to 1923 has been compiled to facilitate the work of the committee.

Subscriptions will be solicited beginning with next week.

PROF. SHAPIRO GIVES COURSE IN COLUMBIA

Professor Shapiro, will give a course in advanced nineteenth century history next summer at the Columbia University Summer Session.

College Five Faces Princeton Quintet Saturday Night

EXCITING GAME PROMISED—
PRINCETON VICTOR IN
GAMES PLAYED AGAINST
C. C. N. Y.—HAS FOOTBALL
LINE-UP.

BIG CROWD EXPECTED

POLICE TO CARE FOR BIG
JAM—ALL GENERAL ADMIS-
SION TICKETS PRACTICALLY
SOLD—"U" MEMBERS TO BUY
TICKETS NIGHT OF GAME.

Among the ambitions of past and present City College men have been the effort to make Phi Beta Kappa and the hope of viewing a Lavender victory over a Princeton basketball team. To date, the scholastic honor has been wished on many of our intellectual grads, but the Gods that have not as yet granted them that spectacle for which they are patiently waiting year after year.

The advance sale of tickets for the affair this Saturday evening indicates that an enormous crowd will be present to see the clean-cut lads from across the river invade our premises for the scheduled tete-a-tete with our husky basket-slingers. At the present writing, all of the precious pasteboards issued for public sale have been gobbled up in short order and an ever-increasing demand for more of the valuable cards is being received from Alumni and undergrads. Tickets for "U" members are being reserved and can be purchased tomorrow night. Only those possessing the yellow cards or the "U" slips will be allowed through the cordon of police that will take care of the crowd at the gate. Special arrangements have been made to provide for a few visiting Princetonians.

From first hand information re-Poly conflict held in the 13th Regiment regarding the Tiger-Brooklyn ment Armory last Saturday, Princeton has not reached its usual standard of play. Slow, rough and lacking teamwork, the University men barely beat the Brooklyn combination in their annual fray, the latter themselves poor in the fundamentals. One week at the New Jersey institution, however, will most likely see the change of a slow, erratic, sloppy team into a fast, smooth working aggregation. Wittmer, Legendre, Opie and Dickenson, all members of the champion Collegiate Gridiron eleven of the past season, will soon reach their stride in the court game. A few days training for men of such athletic calibre will work wonders and their coming is not to be taken lightly.

The Varsity team, as brought out in the Alumni game, has not as yet focused the basket, while Lamm's foul shooting was glaringly weak. Noticeable, however, was the clean play of the regulars, few penalties being inflicted for infringement of the rules. Delving into last season's record of the Princeton fracas, one notices that our defeat at the hands of the Orange and Black representation was due to a serious disregard of this offense, eventually resulting in the banishment of two of the regulars from the game, with victory but two minutes off.

Three years in succession the Princetonians have won out in heartrending battles with the College five. With the contest almost within reach, the visitors each time, lucky in the breaks of play, managed to stave off defeat. Every year it has been "next year" and a "next year" is here now. With a team as good as any that has represented the Col- (Continued on Page 4)

SEADOGS DOWN PENN IN SPIRITED CONTEST

(Continued from Page 1)

Within 40 seconds after the ball was put into play at the beginning of the fracas, Menkes scored after eluding the wild tackles of the opposing goal keeper. Penn, with the ball in its possession, immediately hit a stonewall defense in the shape of Phildius and Hayter, the latter finally capturing the ball from Wheeler. Quick passing between Hayter and Menkes again resulted in another tally. Before the half ended, Menkes had scored again, bringing the count to 15-0.

The relay event was contested during the brief intermission between halves. Bayborn, lead-off man for the Quaker quartet, opened up a short interval which his teammates stretched into several yards. Selerman, despite his strenuous efforts to regain the lead, glided in a few feet behind Capt. Shields.

Refreshed by their short rest, both teams lined up for the final period and before a half minute had elapsed, Menkes topped the board for five more points. Phildius followed with another. Hayter duplicating with a third. N. Collins counted for Penn when he registered a well-earned score from scrimmage. Wheeler added a field goal. The game ended with the ball in our possession.

The Penn natators copped every first and second place except in plunge. Lehrman nosed out Rambou while Lou Segal tied Burst for the follow-up position among the plungers. With a perfect dive "Lou" floated straight and well-balanced towards the other end of the pool. Those were called before he could reach the seventy-foot mark. "Tubby" with his old trouble of floating in circles, covered about eighty-five feet, but was only credited with 61 feet floating distance.

The summaries:

50 Yard Swim—Won by Armstrong, Penn; Mactyr, Penn, second; Ashworth, C. C. N. Y., third. Time, 2:45 seconds.

Dive—Won by Armstrong, Penn; Weener, Penn, second; Haas, C. C. N. Y., third.

220 Yard Swim—Won by Capt. Shields, Penn; Lehrman, C. C. N. Y.,

COLLEGE FIVE FACES PRINCETON SATURDAY

(Continued from Page 1)

lege in the court game, and with the hope that "old man hard luck" and the "Princeton Jinx" stay home, we look forward to a victory that will place our 1920 quintet in the College Hall of Fame.

The probable line-up:

- C. C. N. Y. Princeton
Krinsky F..... Netts, (Capt.)
Lamm F..... Opie
Murray C..... Dickenson
Raskin G..... Wittmer
Feigen (Capt.) G..... Legrendre
Subs. Princeton—Winfield, Jeffries, Bergen.

C. C. N. Y.—Klauber, Sherman, Goldberg, Berger, Cohen, Anderson, Miller and Hahn.

second; Rambou, Penn., third. Time 2 minutes, 46 seconds.

100 Yard Swim—Won by Shields, Penn; Rambou, Penn, second; Levin, C. C. N. Y., third. Time, 1 minute, 4-5 seconds.

Relay—Won by Penn (Blabou, Rambou, Armstrong, Shields). Time, 2:45.

33—C. C. N. Y. PENN—8

- Ornstein G..... Wheeler
Phildius L.B..... Saturen
Hayter R.B..... Shelley
Mulready R.F..... Murdock
Menkes C.F..... J. P. Collins
Dondero L.F..... Meyers
Goals—Menkes (4), Phildius, Hayter, N. Collins.
Field Goals—Ornstein, Wheeler.
Substitutions: Penn, N. Collins for J. P. Collins.

Time of Halves—8 minutes.

CHEM. SOCIETY FORMED IN EVENING SESSION

Last Wednesday, December 1st, the students of Chemistry in the Evening Session formed a Chemical Society in the Chem. Library.

More than thirty members were present at this organization meeting. Much enthusiasm was displayed on the part of the members, because the value of such a society was fully appreciated.

The members have arranged bi-weekly meetings. The next meeting will be held December 15th; the subject for that night will be "Functions of Color Matcher in the Aniline Dyes Industry."

All those who are interested are cordially invited to attend. The only admission prerequisite is that members of the Chemical Society must be members of the Student's Organization, under whose sanction the club is made possible.

We believe in keeping straight to our course!

All wool fabrics! Fast color dyes. Highest type of tailoring.

Dependable clothing.

The best of everything college men wear Also Sporting Goods and luggage.

ROGERS PEET COMPANY

- Broadway at 13th St. "Four Convenient Corners" Broadway at 34th St. Fifth Ave. at 41st St.

NEW YORK CITY

COST ACCOUNTING TO BE GIVEN NEXT TERM

A course in Cost Accounting will be included in the curriculum for the term beginning February, 1921. Professor DeWitt C. Eggleston will conduct it in the Main Building, on Friday afternoons, from 1:45 to 3:30 P. M., and a fee of eight dollars will be asked. Students having com-

pleted the first term of Accountancy, and who are continuing the second, may elect Cost Accounting as a concurrent study. Students having completed both first and second terms of Accountancy may elect it irrespective of other studies. Students desirous of pursuing this course and also those who intend to earn an MBA. degree, irrespective of present class, will meet in Room 203, on Wednesday at 1:15 P. M. sharp.

"On Time and Right"

THE ROYAL PRINT SHOP, INC. Printers Binders Publishers 215-217 Seventh Avenue, New York City Printers of "THE CAMPUS"

Two elements are required to promote a successful concern. One is a desire on the part of the management to please its patrons. The other is the good will of the clientele.

The Students' Lunch Room desires to serve the best interests of the students and requests their co-operation.
