## Y. M. C. A. Dinner To Freshmen Proves To Be A Huge Success

Mr. Churchill, Dean Brownson, Prof. Coleman and "Big-Brother-Burchard, Address Overflowing Crowd. Extra Tables Set.

Friday, October 1, 1920, will go down in "Y. M. C. A. of C. C. N. Y." history as a red letter day for more reasons than one. In the first place, the first "Home-Night" dinner of 1920-21, held at 7 o'clock in the evening, in the Faculty Lunch Room, was a rip roaring success. The meal furnished by Mr. Hammond of the College Lunch Room proved extra fine, the smokes and explosive matches were satisfying even though they were not "Chesterfields," and the good fellows gathered about the table to listen to the wit of master after dinner speakers were the finest that ever gathered around the wine-bowl of old or the aqua dish of the Andersonian period.

It is in such gatherings that undergraduates learn to know each other better. The "Y" slogan, "If College is to be more than a day-school to you, come and meet old friends and new" was more than substantiated. So many were the expectant diners that two overflow tables were set in the hall.

### Baldwin Leads Songs

Songs and cheers, bringing memories of the pre-arid period, helped to instill a satisfied and confident look into the Freshmen who were at first too over-awed to eat at ease. Something there was that urged the waitresses to serve the meals with extra speed. Perhaps they had been given a divine inkling of the treat that was to follow. At any rate, the "cloth was soon off" and the speeches began. And not one of them failed to hold the interest of the guests. To tell the truth, the writer himself was so busy holding his sides from laughter that he absolutely feared to miss a single pearl of wit or jewel of fatherly advice.

Continued on Page 6)

## ACTION TAKEN BY ANTI-MUSTACHISTS

It was supposed to come off last Friday. The exalted members of the "Make-The-College-A-Place-For-Me Society," were solemnly gathered around the torture table in the '21 alcove.

Two points had to be taken care of. His Majesty, King Hairaloff, was to perpetrate the deed. He wielded the diamond-studded shears. The other members held the prisoner securely.

Suddenly, a voice from the depths sighed, "Oh, please! Let me explain! I'll take it off tomorrow." Such a fair one's plea could not be refused by the compassionate collegians.

And still Al. Cohen pointedly and defiantly frowns his mustache at the entire college.

The Vigilance Committee of the "Anti-Fur Bearing Upper Lip Association" has informed the culprit that justice will be done.

AL. COHEN, BEWARE THE  
IDES OF OCTOBER!

## LT.-COL. MCCONNELL NOW HEADS R. O. T. C.

The announcement of the appointment of Lt.-Col. McConnell as Professor of Military Science and Tactics, has been made by Captain Derby Crandall, acting commandant of the R. O. T. C. unit at C. C. N. Y. Pending the arrival of Lt.-Col. McConnell, Captain Crandall is acting in the capacity of Professor of the Department, succeeding Major Castel, who has been transferred to the New Bedford, Mass., High Schools Corps.

Uniforms are being distributed as rapidly as possible, the Department being handicapped by insufficient accommodations. Only new or reclaimed uniforms in perfect condition are being distributed to members of the R. O. T. C.

The Department of Military Science wishes to announce that the advanced courses in the third and fourth years, which are elective, are remunerative, the student receiving \$150 to \$175 annually for his services, the equivalent of a scholarship.

## Sale of "U" Tickets Progresses Rapidly— 800 Members Paid Up

Pledges May Be Redeemed in  
Concourse.

The second week of the "U" campaign has resulted thus far in a tally paid up membership of approximately 800. There are also about 200 tickets outstanding on which deposits of varying amounts have been placed.

These tickets must be redeemed at an early date, as the deposits on them will be forfeited if they are not claimed by the time the campaign closes.

No definite date for the closing of the membership drive has as yet been set, and none will be set until the gains in membership begin to slacken. Tickets are being sold all over the college, and a special table has been placed in the concourse for the convenience of the students. The staff of the "Campus" has taken sole charge of the sale of tickets at this table.

## SOPH SKULL

"The Soph Skull is an honorary fraternity organized by the '16 class. Every year the society meets and elects the prominent sophomores. The number admitted to membership is limited to twenty."

—(From the Lavender Book)

## PROF. BASKERVILLE HONORED BY STAFF

Professor Charles Baskerville, chairman of the Department of Chemistry, was tendered a dinner by his staff on June 4, 1920. The occasion was the celebration of his completion of twenty-nine years of service as a teacher of chemistry. Incidentally, the dinner also marked Professor Baskerville's fiftieth birthday.

## Student Assemblies Set for Thursdays

Dean's Office Announces Seat Assignments—Plans to Enforce Regulations Rigidly.

The obligatory assemblies for the present term will be held on Thursdays at 12 noon, beginning with the first assembly on Thursday, October 7th.

The assemblies will be ended by 12:38, at the latest. The luncheon period and the "free hour" for meetings of the various organizations will be postponed until after the assemblies.

The 5th, 6th, 7th hours on Thursdays will begin at 2, 3, 4 sharp, instead of at 1:45, 2:45, 3:45, etc.

The following regulations regarding attendance at the assemblies are to be noted:

Alphabetical lists of the several classes are posted in the respective class alcoves with seat assignments for assembly for each member of each class. Diagrams of the Great Hall are also posted.

Each student is instructed to consult the posted list of his own class, find out his seat (row and number), and find from the diagram just where his seat is. This should be done carefully and accurately. Mistakes will not be excused, for the reason that there cannot be any excuse for mistakes in so simple a matter.

Students are informed that no excuse whatever will be accepted for absence or lateness at assembly on any day when a student is present at any college exercises. In case a student is absent from all college exercises on an assembly day, he must present to the Recorder's Office (Room 121), on or before Tuesday of the following week, signed statements from all instructors to whom he should have recited on such assembly day, that he was absent on that day. If such statements are not presented by Tuesday of the following week, the assembly stands as recorded, and the case will not thenceforth be reopened.

A student with a record of one unexplained (as above), absence from assembly will, in case he incurs a second absence which remains unexplained, on Tuesday of the week following such second absence, be suspended for two weeks from all college exercises excepting the assemblies of those two weeks. In the event of a third absence he will be dropped from the rolls of the college.

A lateness at assembly will be treated exactly as an absence under the above regulations.

In order to be regarded as present, a student must be in his assigned seat. No exception whatever can be made to this rule.

## SENIOR TORCH AND SCROLL

"The Senior Torch and Scroll is a senior honorary fraternity to which the prominent juniors are eligible for membership. After a few years of inactivity it was temporarily revived by the class of 1918, but awaits the energetic action of a succeeding class to make it a potent factor in undergraduate affairs."

—(From the Lavender Book.)

## KRIN AND GOLDBERG ELECTED BY '21 CLASS

At the '21 class elections, held last Friday, at the lunch hour, Nat Krinsky was elected President of the February class, and Barney Goldberg, President of the June class. In the February class the remaining officers chosen were as follows: A. Lichtenstein, Vice-President; I. Hollander, Secretary; B. Wilkes, Athletic Manager; Henry Miller, Post-Historian. For the office of Treasurer, H. Sunlor and M. Zemansky were tied; for Marshal, A. Klien and A. M. Levien also received an equal number of votes.

The results for the June class were as follows: J. Jonas, Vice-President; Treasurer, H. Baer; Marshal, J. Merkelson; Student Councilors, D. Nasanow and L. Sherman. S. Pokart and L. Rabkin ran even for the office of Secretary.

Re-elections for the disputed offices in both classes will be held some time this week.

## Another Merc Poem To Be Published in College Anthology

"Dreams" By Harry Edelstein, '20,  
Selected for High Honor

"Dreams," a poem by Harry Edelstein, '20, which appeared in the November issue of Mercury, last year, will be published in the next issue of "A College Anthology of Verse," edited by Dr. Schmittkind. Following close upon the notification that Benjamin Levine's poem, "Futility," had also been accepted, the news comes as a double source of pride to City College.

Two poems by City College students had already been published in anthologies of college verse; one by Morris Rabinowitz, and another by Jerome Roman. Isidore Schneider, too, has had a story of his published in a collection of college short stories.

## OFFICERS ELECTED BY JUNIOR CLASS MEN

At the class elections last Wednesday, February '22, chose as its officers for the coming term—Inselbuh, President; Wolff, Vice-President; Vessel, Treasurer, and Locissano, Secretary.

June, '22, elected Levine, President; Hartman, Vice-President; Schaffer, Treasurer; Drescher, Secretary; Zorn and Fagin, Student Councilors.

A dance committee has been appointed and plans are being formulated for the season's big College function, the Junior Hop.

## A CORRECTION

In the article on the Fresh-Soph Pushball Contest in last week's "Campus," a certain portion of the article unfortunately gave the impression that in the scrap which occurred after the contest, the Sophomores were beaten. This impression is false, as the Sophomores had much the better of the tussle. This fact has been brought to the attention of the "Campus" and it publishes this statement as an evidence of its good faith.

## Fresh-Soph Tussle Endangers Activities of Fighting Classes

Dean Warns Officers—Freshman  
Complains of Maltreatment.

Fresh-Soph activities may be suspended again if there occurs a repetition of disorder similar to the Freshman-Sophomore fight on the Gym steps immediately following the Push Ball Contest, of Thursday, September 23.

Another matter that intensified the situation was the treatment meted out by four Sophs to a freshman for disobeying the rules. The freshman had been wearing his hat in prohibited territory, and when ordered to remove it, flatly refused. He then resisted all attempts of the sophomores to secure his name or pledge him. Accounts of what followed vary, but the fact is that the freshman appeared in the Dean's office several days later, together with his father, and charged that he had sustained injuries as a result of his encounter with the sophs. He produced a note signed by his physician to corroborate his statement.

### Dean Warns Officers.

Dean Brownson summoned the officers of '23 and '24 and impressed them until the seriousness of the situation, which had been aggravated by the assault upon the freshman. Although no direct threat was made, the Dean's reference to last year's suspension of Fresh-Soph activities was very significant. The officers were further informed that they will be held responsible for any future disorder, and this caused general instructions to be sent throughout the Soph Class to refrain from pledging or hazing, and to "lie low" for several weeks until the storm blows over.

### Committees Take Action.

As a result of the fight on the Gym steps, a meeting was called of the Students' Affairs Committee of the Faculty, and the Fresh-Soph Committee of the Students Council, at which the officers of '23 and '24 were asked to account for the disorderly behavior which was flagrant disregard of last year's warning. The officers explained that there had been no deliberate breach of the rules and ascribed the fight to the intense enthusiasm of both parties, which rendered the situation uncontrollable. The committees considered the matter and arrived at the following decision:

1. Henceforth, there is to be no fighting in any college environs (including the Campus, Gym steps and alcoves), with the exception of the Stadium, where more latitude will be allowed.

2. Both freshmen and sophomores must obey the decisions of the upper classmen's committee.

## ENGINEER DEGREES GRANTED STUDENTS

The Board of Trustees of the College has authorized granting the degrees of Civil Engineer, Mechanical Engineer, and Electrical Engineer to students satisfactorily completing the curricula prescribed for work in these branches of engineering. The Engineering course is a five year course.

THE CAMPUS  
A WEEKLY JOURNAL OF NEWS AND COMMENT

VOL. 27 OCTOBER 6, 1920 NO. 2

Published weekly, on Wednesday, during the College year, from the third week in September until the fourth week in May, excepting the fourth week in December, the second, third and fourth week in January, the first week in February, and the third week in April, by THE CAMPUS ASSOCIATION, Incorporated, at the College of the City of New York, 139th Street and St. Nicholas Terrace.

Entered as second class matter March 14, 1916, at the post office at New York, N. Y., under the act of March 3, 1879.

COLLEGE OFFICE, ROOM 411, MAIN BLD'G.

"The accumulation of a fund from the profits which fund shall be used to aid, foster, maintain, promote, realize or encourage any aim which shall go towards the betterment of College and student activities. This corporation is not organized for profit."

Five cents to "U" members; ten cents to all others.

The subscription rate is \$2.00 a year by mail. Advertising rates may be had on application. Forms close Thursday of the week preceding publication. Articles, manuscripts, etc., intended for publication must be in THE CAMPUS OFFICE, ROOM 411, before that date.

FULL CREDIT FOR GERMAN

More than two years ago, at a time when clear vision was obscured by indiscriminating war-passions, the authorities of the College of the City of New York curtailed the credit allowed on German Courses.

The action may have aided in the final victory of the Allies. Of this the College may well be proud. But it had another effect—one which those in charge of the administration should have foreseen—but did not foresee. The action entirely disorganized the German department. One of the great mines of literature and philosophy was literally snatched out of reach of the ambitious college student.

Here is no place to bewail. Nor is this the time to censure. But it is important to note excepting for three or four courses, only one of which is elective, the German department now has nothing to offer to the City College student. And the College Authorities still refuse to recognize that it is not German Literature that suffers, but the College.

The CAMPUS pleads for a rehabilitation of the German Courses—such to be preceded by a restoration of the deprived credit. The CAMPUS entreats the authorities to lend aid and encouragement toward a revival of interest in the German language and literature. The CAMPUS importunes them, if only for the sake of those

II. Freshmen must further obey all rules set forth in the Fresh-Soph Booklet, viz.:

- 1. Freshmen shall not congregate on the Campus.
- 2. Freshmen shall wear no head-gear on the College grounds other than black skull caps with lavender buttons.
- 3. Freshmen shall wear black socks only.

4. Freshmen shall wear black or green ties only.

5. Freshmen shall not smoke within the prohibited territory.

6. All preparatory and high school insignia must be discarded while at College.

7. Freshmen must know all the College songs before the third Friday of October.

8. No trouser cuffs shall be worn within the prohibited territory.

young men who will come here seeking a liberal education long after we are departed from these buildings.

There is no justification for dalliance in this matter. The highest intellectual standards enjoin such a reconstruction. International amity and peace demand it. F. E.

OUR WEEKLY ASSEMBLIES.

The announcement from the Dean's Office that our weekly assemblies are to begin again tomorrow, will, no doubt, arouse a wealth of pleasant recollections in the minds of those who spent last term within these halls.

Those cherished half hours smuggled in between busy lectures and dull recitations, where faculty and students assembled, each in his appointed place, to partake in the exercises; where freshmen and sophomores forgot their differences and upper-classmen their dignity and all joined hands to learn their College songs; where our "literati," in tones that echoed and re-echoed through the Hall, read the order of the day—those weekly assemblies are with us again.

Those of us who were privileged to attend them last year rejoice in their coming. To us the word "compulsory," which unfortunately forms part of the official phraseology connected with it, has absolutely no significance. We feel that we would attend even if compulsion were removed entirely, and if any change were to be recommended by us it would be to make the assemblies more frequent.

To our entering freshmen, however, who view the entire thing with great misgivings, Campus can only offer the assurance that they have nothing to fear. Experience has taught that the College still harbors, unfortunately, a few men who must be forced to enter any activity or any College movement. It is for these men that compulsion is necessary, even in the matter of the assemblies. As soon as the College is rid of this type, our assemblies can be made voluntary.

EVENING SESSION ACTIVITIES.

With this week's news comes the pleasing information that the evening session is about to organize a students organization for the promotion of social spirit among the Evening Sessioners.

Campus has always felt that such a movement was necessary and that it would be inaugurated eventually. It was in keeping with this feeling, that Campus decided to extend its policy and its activity to include the Evening Session so that it too might have a medium of expression.

The men and women of the Evening Session have too long remained aloof from the body of the College. And now that they are beginning to draw near, now that they are beginning to be cemented into the great family which forms our College, Campus wishes to express the hope that they may prosper in their new endeavor.

Go to it Evening Sessioners, and Good Luck to you!

In last year's assemblies the custom of having the Seniors follow the faculty out of the Great Hall was begun. Why not extend it this term to the Juniors and Sophomores?

DR. MAC CLINTOCK ADDED TO ECONOMICS DEPT.

The Economics Department has been fortunate in securing the services of Dr. Samuel MacClintock, formerly instructor in Political Science in Chicago University and Armour Institute of Technology, Educational Director of the La Salle Extension University, a former United States consul, and at present an editor of several business publications. Dr. MacClintock will give three courses—Economic Resources, Business Management, and Business Organization.

Dear Ed,

Just want to make the collidge familyr with the fak that I'm bak agin in this man's institewshun of lerning. But be-4 I give vent 2 my x-pert opinyons in regards to prospex in basket-bawl, sucker, cheese, and the rest of the aktivities I want to tell yeu of a little insident as happened 2 (two) me during the summer.

I was eating my brekius as I am want to do in the morning wen I spyed a hedline in the payper "Harding for President." I jumped up in the air like the subway at 128th St. (street). At last the Amerikan peepel had work up to my reel value! At last they had appreshated my vast lerning as set 4-th in this kolym last year! I gave Crampus full credit for my viktory for printing my masterpeeces.

But to run 4 the president of the land of Ponzi and the home of the baseball scandie one must have a platform. The below is my board or plankk.

- 1. Eng. 2a or its equivalent shall be barred from every collidge & university in the U. S.
- 2. C. C. N. Y. shall have a football team.
- 3. Al. Cohn's mussed-hash shall be shaved offed by the Fedral authorities, preserved in alkuhhal, and placed in the Nashunal Musyum. (Now I'm sure I'll be elected.)
- 4. The engineering building shall be completed.
- 5. Hammond shall serve good food in the lutch-rume (Yay 3 times.)
- 6. Chems 1 and 2 shall be elective for art stewdents.
- 7. Public Speeking and Philosophy shall be maid elective for Sighents stewdents.
- 8. All freshmen shall wear long trousers.
- 9. Perfume shall be placed in the H2S generators in the Chem building to relieve the stewdents of there present difficulties.
- 10. Poker playing and crap shooting shall be tolerated in the alkoves.

I bought a knew golfi sute so I cud pose for the moovies. I made preparations for a trip up the old hum town to show me milking the cow, and to cristen the new town pump, to lay a korner stone in the middul of the street, etc., etc. I appointed Steve Brode my compame manager, my dream was short-lived. I found that the Harding as set forth in the payper came from a martial family—his furst name being Warrin. It tuk me 2 weeks to get over my shoe.

Yours till Debs gets elected,  
JED HARDING,  
(The master mind of polytix)

A FINANCIAL OCTOPUS

Where'er you hear the clink of gold,  
Or catch the sight of kale,  
Were'er collections to be done,  
And studes put up a wail.  
Where'er there's cold cash to be made,  
Where money's never rare,  
Wherever lucre's passed around,  
You'll find SAM POKART there.

FRATERNITY COLUMN

By Kwass.

Fraternities exert a great influence on college activity. We are, therefore, endeavoring to bring about a closer union of the various Greeks, a sort of co-operation which will help bring City College to the front. Perhaps this column will arouse greater interest among the fraternities, perhaps it will act as a stepping stone toward greater intimacy and friendship. Let us hope it will. Think this matter over. It is solely up to the chapters. Try it. Do it. It is for Alma Mater.

The Alpha Mu Sigma extends to other fraternities its sincerest wishes for a successful season. Recently it celebrated its first "get-together" of the season, in the form of a smoker. It also announces a dance to be held on the 23rd of October at the Brooklyn Academy of Music and promises a jolly good time to its fraters, and friends, who are present.

The Delta Kappa Epsilon sends greetings to the other fraternities and wishes them a successful year. It announces the return this year of nine men among them Brothers Smith and Devine who returned after a year's leave. Brother Norman has been attracted to the business world, Elgar has left to study engineering at Harvard, while Meighan has left to study law at N. Y. U. A number of men are trying out for swimming and diving. Best of luck to those men, they have the spirit.

The Delta Sigma is initiating three new men this year: Fred Oleson, '24, J. Wurthman, '24, G. Schwartz, '23. The Phi Beta Delta held its first smoker of the season on the 23rd of September, at the house.

The Phi Sigma Kappa announces the following pledges: Garswold, F., '22; Broggi, A., '23; Christman, '24; Pfister, '23.

These men will get their dose of medicine on the 23rd of October. Brothers Hubbard and Bauer are the latest additions. The first smoker of the season was held October 2nd, with great success.

"Y" ANNOUNCES LIST OF NEW ACTIVITIES

The Y. M. C. A. is planning a dance for November 5, to which all the students are invited.

They have also inaugurated a Bible Class, and men who are interested irrespective of faith, should consult the register in the "Y" alcove for the time and place of the lectures.

The officers of the "Y" are Kurt A. Zimmerman, '21, President; Gustave Bischoff, '21, Vice-President; William W. Kunz, '21, Secretary; Burton C. Meeghan, '22, Treasurer.

ZIONISTS TO ALTER ORGANIZATION BASIS

A radical change in the character of the Zionist Society is contemplated. The large, unwieldy membership of former terms will be supplanted by a group of about twenty-five active workers who will do intensive work.

The Society aims to get prominent speakers to address its assemblies. It is planned to hold a dance and other social functions soon.

The Zionist Society was represented at the meeting of the New York Intercollegiate Zionist Council, held on September 29th at the Jewish Students' House.

A LIGHT CONTRIB.

Castles he built in air,  
How could he win the fair  
One! He would do and dare  
Anything. She didn't care.  
So she gave him the air  
That he needed for building his  
castles.

FRESHMEN EXECUTIVES FORMULATE PROGRAM

At a recent meeting of the Freshmen executive council, plans were formulated for a very active term, which will include social affairs such as the Freshman Feed and the '24 Dance.

The officers of the 1924 Class are as follows:

February—President, Joe Fagin; Vice-President, Salz; Secretary, P. Denker; Poet-Historian, M. Berkowitz; Marshal, N. Litowitz; Athletic Manager, J. Nadel.

June—President, I. Segal; Vice-President, A. Aaronson; Secretary, J. Berman; Treasurer, Schneider; Poet-Historian, A. Vogel; Marshal, F. Corbie; Athletic Manager, W. Finkels.

The following committees have been appointed: Alcove—S. Goldman, Chairman; A. Picker, G. Miller, S. Vogel, A. Zelfman. Publicity—I. Vladimer, Chairman; M. Berkowitz, B. Braude, Smith, I. Kirschner. Dance—A. Whyman, Chairman; H. Vogel, A. Some, M. Teitelbaum.

The names of the members of the Butcher Squad and the Feed Committee are being kept secret.

TO HONOR MEMORY OF PROF. FRIEDLANDER IN COLLEGE'S GREAT HALL

A meeting to perpetuate the memory and ideals of the late Professor Israel Friedlander will be held in the Great Hall of the College, on Sunday evening, October 24th. Among the organizations participating is the C. C. N. Y. Zionist Society. A preliminary conference was held at the Central Jewish Institute, on the evening of Thursday, September 30.

PROF. MEAD LECTURES ON CURRENT EVENTS

Beginning this week, Professor Mead will continue his lecture courses on Current Events, on Monday evenings at Morris High School, and on Wednesday evenings in Townsend Harris Hall. He will also give a course in Contemporary American History at the Brooklyn Institute of Arts and Sciences.

Prof. Mead is scheduled for a debate with Mr. David P. Berenberg, of the Paul School of Social Science, on Sunday afternoon, October 24, at Elizabeth, N. J. The question reads as follows:

"Resolved, that Socialism as an economic system, offers a better means for production and distribution than does the present organization of industrial society."

Prof. Mead will uphold the negative.

During the summer, Prof. Mead gave a course in American History, and one in Modern European History at the Normal Institute of Virginia.

A fact:  
Here in the very heart of Wall Street, Fatima leads. And at the Stock Exchanges of Boston and Philadelphia, Fatima is also the largest seller.

Instead of fewer cigarettes how about less Turkish?

SMOKERS are learning that straight Turkish cigarettes, delicious as they are, are so rich that they soon tire the taste. They contain too much Turkish tobacco.

But smokers are learning also that instead of cutting down the number of cigarettes per day, they can cut down on the proportion of Turkish tobacco in each cigarette.

They can do this by switching to part-Turkish or Turkish Blend cigarettes.

However, many men find that ordinary Turkish Blends lack taste—they contain too little Turkish.

And so more and more smokers, as shown by sales-reports like that above are turning to Fatima. For Fatimas are part-Turkish—not all-Turkish like straight Turkish cigarettes. Yet they contain more Turkish than any other Turkish Blend.

**Y. M. C. A. DINNER IS HUGE SUCCESS**  
(Continued from Page 1)

Dean Brownson, introduced by "Big-Brother Burchard," addressing the Freshmen, said, "Gentlemen, I think that nothing I could possibly say could give you more to understand of the traditions of the College than the spirit and good-fellowship that reigns here to-night." Then came that highly cultured good-fellow of good-fellows, Prof. DuPont Coleman. Quoting James, "the Newman Club director" gave these words of advice to the eager yearlings: "Do every day something that you would rather not do to strengthen your will." Space is too limited to begin to tell of the professor's joviality that kept the diners in stitches.

**Hon. T. W. Churchill Speaks**  
"Tob" Churchill, '82, former president of the Board of Education, assumed the leading role at this point and started off with a burst of rapid-fire wit that took away the breath of all and won for him the love and respect of Freshman and sedate Senior. Yet, amidst all his humor, Mr. Churchill interspersed a number of thought-provoking rejoinders that are sure to be of guidance to all who were fortunate enough to listen to that "best of after-dinner speakers."

"Book learning is not education. The snob and cad are not educated. Even if the graduate can talk all the languages of Europe and kisses the heels of the man above him on the ladder, but kicks the man on the rung below, he is not educated." Prolonged cheering greeted Mr. Churchill's promise to help as best he could the task of making Alma Mater the most respected College of the world.

An address of welcome by President Zimmerman, of the "Y," a "City College" speech by Robinson, '19, Mr. Bloodgood's successor, and an invitation to the Newman Club Dance soon to take place in the College gymnasium, followed in rapid succession.

Exactly at the stroke of ten, the diners joined hands in a large circle as a symbol of their good-fellowship and then said goodbye to go home with memories that will never die.

**PROF. SKENE SPEAKS TO ENGINEERING MEN**

At a meeting conducted by the Engineering Society, on Thursday, September 23, the student body was introduced to Professor Frederic Skene, the new head of the civil and mechanical engineering departments of the School of Technology.

In a short address, Professor Skene outlined the plans of the engineering faculty for the development of the School of Technology.

A publicity campaign was planned to acquaint the students with the advantages afforded by an engineering training to men of all professions. It was pointed out that but a small percentage of engineers practice engineering for they find themselves admirably fitted to hold executive positions.

The Engineering Society will conduct a series of lectures given by famous engineers and men prominent in public life which will drive home the importance of engineering as a profession, a business, and a training. Election of officers will be held October 7.

**PROF. GOLDFARB TO ADDRESS BIO CLUB**

The Bio Club will hold a short organization meeting at 12 o'clock tomorrow, Thursday, October 7, in Room 319. Prof. Goldfarb, the club's faculty representative, will speak, and plans for the coming term will be discussed. All men interested in biology are invited to be present.

**EDUCATION CLINIC BROADENING SCOPE OF ITS ACTIVITIES**

The eighth year of the existence of the Educational Clinic may indeed be called an "annus mirabilis." Its record achievement for that college year (1919-20) was 1,116 cases, bringing the total over 5,000.

During the summer numerous instructors from western colleges and a class of teachers from Rutgers College made a study of the organization and work of the clinic.

The clinic conducted an examination of the entire freshman class of the Bay Ridge High School. It also examined a group of 70 girls, sent by the Vocational Guidance Bureau to find out whether or not they had the capacity to continue the work they were pursuing. Furthermore, at the request of the general secretary of the Charity Organization Society, the clinic has been conducting a detailed scientific investigation of one entire block of "carrying" families (families that are supported by the charity organization). The purpose of this unique investigation was to determine whether or not the money of the organization is being expended wisely. The results of this investigation may effect a revolution in the methods of organized charity.

The staff of the clinic consists of Prof. Samuel B. Heckman, director; Egbert M. Turner, B.A., M.A.; Edna Brand, B.A.; Julius Miller, M.D., neurologist; Thomas J. Harris, M.D., nose and throat specialist, and Silas F. Hallock, M.D., eye specialist.

**CHEMICAL SOCIETY HOLDS FIRST MEETING**

**Dr. Wright Lectures on Filtration**

The Chemical Society held its first meeting of the term last Thursday, in Doremus Lecture Theatre. Prof. Moody introduced Dr. Wright who delivered the first interesting discourse on Commercial Filtration. Officers for the coming term were elected and plans were discussed. It is the club's intention to have a special outside speaker talk at every meeting. Twelve new members were elected. All men who have completed Chemistry 3 are urged to join the society, which meets every other Wednesday, in Room 204, in the chemistry building.

The new officers are: Louis (Tubby) Thuor, '21, president; Jerome Samet, '21, vice-president; Louis Sang, '21, secretary and treasurer; and Jerome Jonas, '21, manager.

Mr. Pearce, custodian of the Chemical Library, was elected honorary member of the society.

There will be a meeting today at 5:45. All men interested in Chemistry will find it worth their while to attend.

**20TH CENTURY GRADS AT REUNION DINNER**

The Twentieth Century Graduates Club held its first dinner of the season on Thursday, September 16th, in Hammond Hall. President Raymond C. Thompson and Mr. Burchard alternated as toastmasters, while Mr. Rhodes, of Princeton, contributed some jolly songs. Hy. Fliegel, '20, the brilliant basketball star, presented, on behalf of the undergraduates, a plea for the establishment of football at the College.

The next meeting and dinner of the Club will be held at the College, on October 13th. Notable speakers will be present. Outside talent will contribute an interesting program. In view of the large demand for accommodations, notice is given that seats must be reserved in advance.

**CHEM. DEPARTMENT ANNOUNCES ADDITIONS**

The Department of Chemistry announces the following additions to its staff of instructors: Mr. Wily McGeece Billing, B.S., Alabama Polytechnic Institute, 1916, M.A., Columbia University, 1920; Mr. Alexander Cohen, B.A., College of the City of New York, 1920; Mr. Harry C. Coats; Mr. Alexander C. Glennie, B.A., Columbia University, 1916; Mr. Nathan H. Hecht, Mr. Foster D. Snell, B.S., Colgate University, 1919.

**PHI BETA KAPPA**

"Phi Beta Kappa is an honorary scholastic fraternity. The Gamma Chapter, of New York, was established at the college in 1867. Elections are based on scholarship, membership being awarded upon proposal by the Committee on Admissions to those in the graduating class ranking highest in their studies."  
—(From the Lavender Book)

ANY tobacco—every tobacco—tastes better in a W D C Pipe. Our own specially seasoned and carefully selected French briar makes it so. Add to this the supercraftsmanship of the Demuth workers, and you'll not wonder that we claim pre-eminence in the quality of our pipes. Ask any good dealer.

**MURAD**  
**THE TURKISH CIGARETTE**

Mrs. Fox was bragging one day about the large number of her cubs. "How many cubs do you bring into the world at one time?" she asked the Lioness. "Only ONE," replied the Lioness—"but it's a LION."

**MURADS COST 20 CENTS for a BOX of 10 — BUT THEY'RE MURADS!**

MURADS would be lower priced if we left out all or part of the 100% Turkish tobaccos of the purest and best varieties grown—or if we substituted inferior grades of Turkish tobacco.

But they wouldn't be MURADS—they'd only be Foxes!

**"Judge for Yourself—!"**

Special attention is called to Murad 20s in Tin Boxes
